

## HEALTH CLINIC SEPT. 1

Children of Pre-School Age Will Be Examined by University Experts Free of Charge.

September 2d a health day will be held at Red Cross headquarters in the Wilkinson building, Chelsea. There will be a free pre-school age clinic conducted by a specialist from Ann Arbor. All mothers are urged to bring their children, under five years of age, for a thorough physical examination.

At 2:30 o'clock in the afternoon, Miss Parker, executive secretary of the Michigan Anti Tuberculosis association and formerly public health nurse at M. A. C., will give a lecture talk to mothers, or anyone interested, on "Organizations Which Are Ready to Help Mothers in Making Their Children 100% Americans."

Miss Parker has specialized in child welfare work all of her professional life and is well qualified to discuss this subject.

**Sheets, Pillows Cases, Etc., Needed.**  
The Red Cross headquarters is being nicely furnished, but is still in need of sheets, pillow cases, blankets, towels, children's clothing, rags, and a hot water bag. These do not necessarily have to be new.

### WESLEY SMITH PROMOTED.

Wesley C. Smith, for the past 12 years an operator at the Michigan Central station here, has been promoted to train dispatcher and will go

to Detroit soon to become familiar with the duties of that responsible position.

He will be under instruction for several weeks, and will then serve as a reserve dispatcher for a time until a vacancy occurs in the regular tricks.

Mr. Smith is 34 years of age and began his service as a telegrapher 17 years ago in Grass Lake.

### BURLEIGH C. WHITAKER.

The sudden death at three o'clock Sunday morning of Burleigh C. Whitaker of West Sylvan was a great shock to his family and his many friends in Chelsea and vicinity. He had been slightly indisposed for several days as the result of a cold, but no one supposed that his was a fatal illness.

Burleigh Conklin Whitaker was born in Lima township, September 17, 1878, and died at the family home in West Sylvan, August 24, 1919. He was nearly 41 years of age. His parents were Finley B. and Alice J. (Conklin) Whitaker.

He was united in marriage to Miss Caroline Notten, October 6, 1900, and to this union four children were born, one daughter, Eunice, dying in infancy. The widow, two daughters, Misses Almarene and Doris, and one son, Doris, are left to mourn their loss. A half-brother, Glessner Whitaker, also survives him.

The deceased was a Knight Templar, Gleaner, and a Woodman. He was justice of the peace of Sylvan

township and a member of the county road commission.

The funeral will be held from the house Wednesday afternoon at two o'clock, Rev. P. W. Dierberger conducting the service. Interment at Oak Grove cemetery.

### COMMUNITY LIFE AND ITS LATEST DEMAND

Work, Followed By Wholesome Recreation, Is the Best Antidote Against Crime Wave.

A free library, moving picture shows, vaudeville performances, popular educational lectures, lyceums, museums, art exhibits, good roads and good schools all make for a good community life in the opinion of the editor of the Tribune, and we believe all modern and progressive towns will soon assume greater control over the management and the development of its recreational facilities.

We are of the opinion that communities of the future will exert a greater control of the moving picture, that community libraries will become more common, and that safe-guarding the public health will be given careful attention.

The sins against society are usually committed in a man's recreational period. If in your community you provide proper recreational opportunities, so that after work your residents may look forward to a few hours in the open air, or to a pleasant hour in a swimming pool, or to the opportunity to listen to good music or to see good moving pictures in a well arranged and properly ventilated theatre, you will have less of crime and social disorder.

A properly organized and supervised recreational life is a great asset to a community. Men and women will be more useful citizens as a result of it. They will be better workmen. How can a man do a happy day's work when he knows that at the end of the day there is nothing ahead for him? Provide him recreation and amusement that will re-energize and not sap his life and he will not be found idling away his time with improper associates and in evil surroundings.

### BUY YOUR COAL NOW.

Congressman Michener of this district warns people through the press to get coal for next winter as soon as possible. He says: "The anthracite

supply is somewhat below normal. It is predicted that the people of this country will suffer much before spring. Of course the poorer classes will be the ones to feel the pinch most. All those who can should secure their coal at this time. The advice is not given to benefit the coal dealers, but in the interest of the families of the country. I am advised that the trouble does not lie entirely with transportation. The real trouble is with production."

### THE DIXIE GIRLS

"Two of the cleverest entertainers I have ever known," says Frank A. Morgan, president of the Mutual Lyceum. Miss Baldrige is the reader, singer and story teller. Miss Murphy plays the violin, reads and sings, while both of them do clever work together. Hear them on the last day of the program. Chautauqua, Friday, August 29th.

### AEROPLANE THURSDAY.

The Jackson Citizen Patriot expects to deliver its Chelsea papers by aeroplane next Thursday afternoon, and weather permitting the flight, the plane will arrive here at about 3:30 to 4:00 o'clock.

Following the delivery the aviator will perform some fancy stunts above the town, before returning to Jackson.

### CARD OF THANKS.

I desire to thank my neighbors and friends for the many acts of kindness and words of sympathy following my recent sad bereavement.

Roy Taylor.

## THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles. I improved in health so I could do my housework, we now have a child of which I owe to Lydia E. Pinkham's Vegetable Compound."—Mrs. O. S. JOHNSON, R. No. 5, Ellensburg, Wash.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

## Clear Your Skin While You Sleep with Cuticura

All Written by Women.

An Indiana teachers' federation has much to say of the male members' chagrin, a woman for its president. Of course some of them try to show their superiority—particularly one who the other day was arguing that women knew so little about parliamentary drill that they were not fitted for the positions of superior officers.

The young woman listened, smiled and then said: "Well, I'm willing to learn."

Magnanimously the man offered to buy her a book on the subject. They entered a book store, made known their request, and the clerk laid down on the counter before them four books, saying that they were the only books on the subject she had. They began to examine them and to all four were written by women.—Indianapolis News.

## AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live as bright and enjoy the good things of life with as much "zip" as you did when in the springtime of youth. Keep your body in good condition, that's the secret. Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive out the wastes and deadly uric acid accumulations from your system. Take GOLD MEDAL HAMMILL'S OIL Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL HAMMILL'S OIL Capsules are imported direct from the laboratories at Hammill, Holland.

They are a reliable remedy which has been used by the sturdy Dutch for over 250 years, and has helped them to develop into one of the strongest and healthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.—Adv.

Strong Drink In Japan. In contrast to a world going dry, Japan is extending its manufacture of hooch and distilled beverages. To make (a liquor brewed from rice and drunk piping hot) and beer is now to be added the more arduous potation of rum. A \$500,000 company to distill rum from the sugar cane is being formed by active spirits in the community of Nagasaki, headed by T. Nagano, president of the Nagasaki prefectural assembly.

Important to Mothers Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletcher*. In Use for Over 30 Years. Children Cry for Fletcher's Castoria

Sizing Up Father. Little Johnny has a sister of whom he is very proud. His mother the other day heard him talking to the infant and this was what he said:

"It's too bad you can't go anywhere. You can't go to the movies; you can't go to see General Edwards. You haven't seen any big men at all—only uncle and father, and they ain't so very big."

How papa learned of the incident hasn't been disclosed, but it can be imagined that mother, for a while, had a large steel trinket in her eye.

## FOOD PRICES FIXED, INQUIRY REVEALS

TESTIMONY OF WHOLESALER AT LANSING HEARING SHOWS WIDE-SPREAD COMBINE.

### HAND OF BIG PACKERS SEEN

Selling Prices of Meats, Vegetables, Sugar, Canned Goods and All Other Staples Are Dictated.

Lansing.—Prices of practically every staple food commodity are controlled by a corporation or association at some point along the line between the producer and the consumer, and wherever that point may be, the big five packers are likely to be found there or thereabouts.

This is the essence of testimony taken in the state investigation into the high cost of living before Judge Howard West in the Ingham Circuit Court immediately after the lid of secrecy was taken off the court investigation.

Article after article was mentioned as having a fixed and unvarying price among dealers. Sugar, canned salmon, tuna fish, canned meats, canned vegetables, cheese, condensed milk, lard, soap, coffee, canned fruits and so far as the city of Lansing is concerned, butter, eggs and bread were so quoted.

The testimony of Ralph Carrier, president and general manager of the Northrop, Robinson & Carrier Co., which has just sold its wholesale business to the Worden Grocer Co., an alleged subsidiary of Armour & Co., showed that there are few things in which his company deals that can be bought in a market where there is competition in prices.

Mr. Carrier is retiring from business and for this reason perhaps spoke more freely than would have been the case.

The price of sugar throughout Michigan is fixed, Carrier said, by a committee of three members of the Wholesale Grocers' Association. Frank Wiley, Detroit; Arthur Gregory, Grand Rapids, and a Saginaw wholesaler whose name he did not recall. This committee fixes the price to be charged by wholesalers and then each member telephones to the wholesalers in his section of the state. Retailers may vary their prices, but wholesalers always sell at or above the committee's rate.

The prices of canned salmon, tuna fish, canned meats, vegetables and fruits are uniform, Mr. Carrier said. A wholesaler may go to one cannery or jobber after another, but he will always face the same price. Any correspondence complaining of the quality of these products seems ultimately to fall into the hands of Libby, McNeal & Libby, a subsidiary of the Big Five packers.

The price of cheese is fixed, the witness said, by an association in Wisconsin. The prices of condensed milk are uniform, no matter what company one deals with, and if they are increased notices come out from each producer and jobber on the same day.

Independent importers might bring tea into the country, he said, but the coffee market is entirely controlled by the Importers' Association.

Mr. Carrier illustrated his implicit faith in some abiding remnant of competition by testifying that the price of rice has increased from 2 1/4 cents a pound at the beginning of the war to 13 cents at present, but that "it went up and kept on going up, just raised itself, without control."

### COAL FREIGHT RATE PUZZLING

Inquiry Shows It Costs More to Haul Hard Coal Than Bituminous.

Detroit.—One of the disclosures made during the grand jury food investigation in Police Justice Heston's court was that it costs \$1.70 a ton more to bring anthracite coal than bituminous or soft coal from the Pennsylvania coal fields to Detroit. None of the coal dealers questioned was able to explain the difference in freight rates.

Several dealers testified that it cost a \$3.70 freight rate to bring anthracite from Pennsylvania, but that bituminous coal could be brought from the same fields, or even those in Virginia, for \$2.

It was also declared that local dealers lost heavily last winter because of the government handling of coal. They had been required to stock up on Illinois coal because of the surplus in that state. Later the zoning of the coal supply was withdrawn and the various industries bought coal wherever they pleased, leaving the local dealers with large supplies of the Illinois product on hand.

### Daylight Law Repealed Over Veto

Washington.—Repeal of the daylight saving act has been accomplished, the senate voting to sustain the house in passing the repeal measure over President Wilson's veto. The veto was 57 to 19. The repeal of the law which now takes its place among the very few which have been passed over a presidential veto becomes effective after the clocks are turned back to normal in October. A two-thirds vote of both houses was necessary to pass the repeal.

### How The Unscrupulous Meat Dealer Profiteers At Expense of Public.

Washington.—Emmanuel Wasserman, a retail meat dealer in Norfolk, Va., exposed to the Senate Agricultural Committee how profiteering is carried on by a number of meat dealers.

Meat from good steers is better than that from thin steers or cows, Mr. Wasserman said. Meat from corn-fed steers is better than meat from grass-fed steers. An expert meat buyer can tell the difference between meats merely by looking at them, he said. But the novice can not. A profiteer, Mr. Wasserman said, buys the cheaper kind of beef, the cow meat and the thin steer meat, cuts it up, and sells the various cuts, such as sirloin, prime roast and tenderloin, at the same price as the non-profiteering meat dealer sells the cuts from better beef, though the poorer grades do not cost the retailer as much as the better grades.

For example, the non-profiteer buys good carcasses at 23 cents a pound, while the profiteer buys the poorer grades at 16 cents a pound. The non-profiteer adds 25 per cent of the cost price to get a selling price, so his selling price averages 30 cents a pound, giving him a profit of six cents. The profiteer sells for 30 cents, giving him 14 cents profit a pound, or nearly 50 per cent.

### GOVERNMENT CONTROLS SUGAR

Profiteers to Be Prosecuted—Retail Price Set At 11 Cents.

Washington.—Active control of sugar prices was resumed last week by the government through an agreement reached between the department of justice and the food administration that licenses will be revoked by the latter when it is shown dealers have been profiteering.

Sugar should reach the consumer at approximately 11 cents a pound, it was announced, based on the ownership of the entire domestic and Cuban crop by the United States sugar equalization board, which is selling to refiners at 7.25 cents a pound.

Refiners are under contract with the board to sell at nine cents, less 2 per cent discount for cash, wholesalers and jobbers are allowed a maximum of 68 cents on 100 pounds for handling and retailers are permitted a profit of one to one and a half cents per pound, making a fair price 11 cents, except in cases where dealers have purchased at "an unreasonable price" due to mis-understanding in the trade. When this is a fact a reasonable advance over the actual cost will be permitted.

### STEEL WORKERS VOTE WALKOUT

Threaten Nation-Wide Strike Unless Demands Are Granted.

Youngstown, O.—On the success of leaders of 24 labor unions affiliated in the steel industry is obtaining a conference with representatives of the United States Steel corporation this week depends whether there is to be a nation-wide strike of steel workers.

Union leaders who canvassed the strike vote here, say that 98 per cent of the men voted to walk out. Instead of calling a general strike forthwith, a conference committee of six, headed by Samuel Gompers, president of the American Federation of Labor, was instructed to try to arrange the meeting with representatives of the steel corporation in a final attempt to adjust demands made by the unions.

In case of failure to obtain the conference, the committee is under instructions to set a strike date forthwith.

### COUNTY PRICE BOARDS ASKED

Attorney General Suggests That Each Community Name Committee.

Lansing.—Pending the time when the legislature can be convened in extraordinary session for the purpose of enacting laws which will enable the state to regulate prices and determine what constitutes a "fair margin of profit" for both wholesaler and retailer, Attorney General Alex J. Groesbeck has asked the prosecuting attorneys in the various counties to organize local committees for this purpose with the idea of publishing in each community a weekly list setting forth the prices which will enable the dealers to make a fair return on their investment and enlighten the buying public concerning the profiteers.

Attorney General Groesbeck suggests that a committee be named in each county to be composed of representatives of the wholesale and retail interests, a representative of labor, one housewife and one other citizen.

### Rail Owners Want Roads Returned.

Washington.—Railroad management represented by the Association of Railway Executives have presented to congress its plan for "placing the railroad business of the country upon a stable basis." Appearing before the house interstate commerce committee Thomas DeWitt Cuyler, chairman of the association, recommended the return of the railroads to private operation with legislative guarantees of adequate returns to the roads and efficient service to the public.

### Harvest Outlook Bad in Germany.

Berlin.—Bad weather and lack of labor is threatening the harvest in Germany seriously. The grain supply is of low value. It is overripe, because of the labor shortage.

### Plane in Landing, Kills 3, Hurts 7.

Baltimore.—Three children were killed in Patterson park when an airplane of the 55th Aero Squadron at Langley Field, Va., crashed into a fence behind which were several hundred spectators. Seven were injured.

### Britain Interested in U. S. Air Mail.

Cleveland.—America's aerial mail service is attracting the interest of England. John A. Jordan, superintendent of the Cleveland-Chicago division, received a letter from Winston Spencer Churchill, British air minister, asking that he be given all possible data.

### Mexico Departs British Envoy.

Washington.—Britain's last remaining diplomatic representative in the Mexican capital—William Cummings, in charge of the archives of the legation there—has been ordered from the country by mandate of Carranza. The action amounts to the British representative's practical deportation.

### Family Wiped Out in Auto Accident.

Cleveland, O.—Eight persons, seven of them members of the John Trainor family of Cleveland—father, mother, four sons and a daughter—and a woman relative of the Trainors, were instantly killed when a New York Central passenger train struck their automobile at a grade crossing near West Springfield, Pa.

### Grasshoppers No Pest for This Man.

Cadillac—Theodore Helms, a farmer near here, has invented a trap for grasshoppers. He catches the pests, dries them on screens and will use them for winter chicken feed. "As an egg stimulator the oily hopper cannot be beaten," said Helms, who has already enough dried grasshoppers to feed his hens this winter.

### No Cut in Wheat Price Says Wilson.

Washington.—President Wilson told representatives of the national federation of state farm bureaus there was no disposition on the part of the government to reduce the federal guaranteed price of wheat. He said the government was working to reduce the cost of living along the lines indicated in his recent address to congress.

### Bank Robber Escapes in Aeroplane.

Lorain, O.—While police of Memphis, Tenn., were looking for William Treble, missing assistant cashier at the Lorain City Bank, Toledo flew over that city in an aeroplane. It was learned at the bank. Treble's flight was made in full view of the policeman looking for him, officials said. Treble left Lorain after a shortage of \$100,000 was discovered in the bank accounts.

### Firemen Demand 50% Wage Increase.

Cleveland.—Increases in wages averaging 50 per cent and the installation of automatic stokers, coal passers, grate shakers and door openers are provided in a new wage scale and standard rules adopted by 300 representatives of the Brotherhood of Locomotive Firemen and Enginemen here. The demands have been presented to Walker D. Hines, director-general of railroads.

### Connect Phones With Wireless.

San Francisco.—Wireless telephone mechanism that will permit San Franciscans to talk to ships of the Pacific fleet in the harbor through ordinary desk or wall telephones is being set up by the navy department at the Goat Island radio station. To get the connection it will be only necessary to call the radio station and ask for the ship and person desired. Tests have proven that the system will work out perfectly.

### Test North Dakota's Grain Control.

Fargo N. D.—An action involving the power of the state of North Dakota to enforce the state grain act, while the grain business is under the control of the United States Food Administration, has been filed in the United States District Court here. The Embden Elevator Co., resisting the state law and declaring its refusal to take out a license, contends that when the Federal Government took over the grain supervision the state lost all power to dictate.

## BANDIT CHASE OVER; U.S. TROOPS HOME

EXPEDITION SENT INTO MEXICO IN PURSUIT OF OUTLAWS IS WITHDRAWN.

### TRAIL LOST IN HEAVY STORM

Carranza Soldiers Aided in Hunt—Five Bandits Killed By Americans, Nine Captured By Carranzistas.

Marfa, Texas.—The American expedition, sent in pursuit of the bandit gang which captured the two American aviators, Peterson and Davis, and held them for ransom, has been withdrawn after an unsuccessful campaign. Sunday the order was issued to return to American soil.

Contact with Carranza soldiers, also on the trail of the bandits, and a heavy rain which wiped out the fresh trails, resulted in decision to abandon the chase. The Mexican federals were encountered Saturday by a scout patrol and after a conference army officers decided to abandon the pursuit.

The six days below the border resulted in the killing of four bandits by American troops and death by one by machine gun bullets from an aeroplane.

Nine bandits, said to be part of the Renteria band, were captured at Coyame, in a dance hall, by Carranza soldiers.

### MILITIA FIGHTS ARMY BILL

National Guard Officers Charge Measure Would Kill State Troops.

Washington.—The time honored strife between the regular army and the National Guard has been resumed in earnest. The warfare was opened by the militia officers. Their objective is defeat of the army organization bill drafted by and for the so-called "West Point clique."

Opening guns fired by the National Guard officers who led troops in France, after the regular army group was alleged to have done everything possible to "bust" National Guard officers at the "cunning factory" at Blois, centered around the charge that the bill drawn by the war college and the general staff, both of which are dominated by General Peyton C. March, would effectively kill the National Guard for all time.

The National Guard officers, who are organizing to fight the general staff bill sent to congress by Secretary Baker and carrying his approval even though it provides for compulsory military service, charged that the regular army officers have so framed the bill that no National Guard nor reserve corps officers will be able to obtain commissions of higher grade than second lieutenant in the new army.

### SHANTUNG VOTED TO CHINA

Senate Committee Strikes Out Japan's Concession in Treaty.

Washington.—After voting to amend the peace treaty by striking out Japan's title to the German rights in Shantung, the senate foreign relations committee notified President Wilson Saturday that it could not proceed intelligently with its work on amendments until he furnished additional information.

In amending the Shantung provision the committee took the most direct method. Chairman Lodge simply moved to strike out the word "Japan" wherever it occurred in the section relating to the German Shantung rights, and to insert instead the word "China." The effect would be to restore to China all the German holdings in Kia Chau and vicinity.

With the committee's action the fight over the Shantung settlement is transferred to the senate floor.

### 20 INTERNED ALIENS ESCAPE

Make Way Out of Camp By Tunnel—18 Captured Within Few Hours.

Columbus, Ohio.—Twenty interned German sailors escaped from Camp Sherman, Chillicothe, Ohio, Sunday. Eighteen of the fugitives were captured before Monday morning.

The prisoners escaped during the height of one of the most severe electrical storms experienced here in years. Through a secretly constructed tunnel, leading from the cellar of the barracks in which they were quartered, to a company street 30 feet away the men got away.

### Sleeper May Call Special Session

Detroit.—"If the results of the food investigation now in progress justify it, I shall call a special session of the legislature to draft such laws as may be needed to curb profiteering and assure a sufficient supply of food at reasonable prices to the people in the state of Michigan." Governor Albert E. Sleeper made this promise in an address on the high cost of living to a gathering at the Board of Commerce. He blamed the government's post-war policy for existing conditions.

## "BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safely relieve Headache, Toothache, Earache, Neuralgia, Colds and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacture of Monocellulose-diesters of Salicylic acid.—Adv.

### Buy Your Coal Direct From Mine—Big Saving

The high cost of coal is a thing of the past! At least, there are no complaints on this account—since the removal of government restrictions—among those who have learned how to buy coal. The way to buy coal is to get it direct from the mines. This saves several middlemen's profits. It saves hauling expenses. Anyone can now buy at mine prices, whether a carload buyer or one who uses only ten or fifteen tons a year. This has been made possible through a plan evolved by a large and old established concern, THE BERNICE COAL COMPANY, with main offices at 835 So. Dearborn St., Chicago.

This company has thousands of customers in various sections of the United States who receive all of their coal direct from the mines. These customers are pleased not only because of the many dollars they save every year, but also because of the quality of coal they are getting. Many write that they never before had coal that makes so little dust, that burns so well, leaving so few ashes. If you are a coal user—whether you use hard or soft coal, much or little—it will be greatly to your advantage to write the Bernice Coal Co. at once for prices, stating kind and quantity of coal you use. Adv.

### Not Necessarily Amused.

"Why does an audience in a theater invariably laugh when a comedian uses profanity on the stage?"

"American theater-goers are very obliging," answered the cynical man. "They know that's what the comedian expects them to do."—Birmingham Age-Herald.

### Cuticura Soothes Baby Rashes.

That itchy and burn with hot spots of Cuticura Soap followed by gentle anointings of Cuticura Ointment. Nothing better, purer, sweeter, especially if a little of the fragrant Cuticura Talcum is dusted on at the finish. 25c each everywhere.—Adv.

### Australians Fond of Meat.

Australian appetites are quite robust, judging by recent statistics, which show that the average Australian eats every year 264 pounds of meat, which works out at an average of two sheep and one-fifth of a hog for every man, woman and baby in Australia! He eats more than twice as much as the average Englishman, three times as much as the average Frenchman, and four times as much as the average German or Swiss. In addition he consumes about three and three-quarter hundredweights of wheat, two and a half hundredweights of potatoes, and almost one hundredweight of sugar. If he is a Tasmanian he eats a quarter of a ton of potatoes in a year.

## COULD NOT SLEEP

Mr. Schleusner in Misery From Kidney Complaint. Doan's Gave Complete Relief.

"Heavy work brought on my kidney complaint," says Mr. Schleusner, 6108 Suburban Ave., Welton, Mo. "One morning when shoeing a horse I was taken with a sudden pain in my back and fell flat on the floor. If I had been hit with a trip hammer, I couldn't have suffered more. I stayed in the house for five weeks and the pain was wearing the life out of me. At times, I couldn't get a wink of sleep because of the misery and I had to get up every few moments to pass the secretions that were highly colored, of foul odor, filled with sandy sediment and terribly scalding. My bladder felt as though it were aflame. The pain brought stupor and a feeling sensation in my head; the torture of it cannot be described. If I got onto my feet I couldn't walk but felt dizzy and all in a flutter and everything would turn black. My head ached so it seemed as though my eyes were being dragged out. I started using Doan's Kidney Pills and I was soon rid of all the trouble."

Would Have Been Better for Jinks if His Fourth Friend Had Been First He Met.

First Friend—Hello, Jinks, that's a bad cold you have. Soak your feet in boiling water and drink a pint of hot vinegar and treacle. It's a sure cure.

Second Friend (a few moments later)—By Jove, Jinks, you ought to do something for that cold! Take a big dose of quinine—sure thing every time.

Third Friend (ten minutes later)—I say, Jinks, there's no use coughing yourself into the grave like that. Get a bottle of Curelquick—stop it in ten minutes.

Fourth Friend—Got a bad cold, haven't you?

Jinks (after waiting some time)—Well, do you know a sure cure?

Fourth Friend (hoarsely)—No. There's no cure. Got a bad cold myself.—Pearson's Weekly.

## STATE NEWS

**Grayling**—A lighted match held over a barrel of tar at the Lockwood Vulcanizing Shop, caused an explosion and fire, resulting in a loss of \$5,000.

**Holland**—Dr. Frederick J. Schouten, 79 years old, in practice here since 1879, is dead. He served with the French army as physician during the war of 1871.

**Albion**—Following the example of Albion Township, which has voted for the first consolidated school in this part of the state, eight district schools of Ekeford township may unite.

**Grand Rapids**—Clayton O. Robinson, who pleaded guilty to furnishing his home with articles stolen from houses in his neighborhood, was sentenced to serve seven and a half years in Jackson Prison.

**Detroit**—H. Guy Woodward, well known in the theatrical world, dropped dead of heart disease at Lincoln and Warren avenues on his way to give his evening performance at a local theater.

**Cheboygan**—Frank Ryan was injured when an automobile crashed into a buggy in which he was sitting, throwing him to the pavement, and stripping the buggy of all wheels and the horse of harness.

**East Tawas**—An automobile in which Mrs. J. H. Bean was riding with her mother and children rolled down an 18-foot embankment. The only injury was suffered by Mrs. Bean's mother, who suffered a broken arm.

**Big Rapids**—A borrowed automobile Elmer Coe was driving through a fog after a doctor hit a wagon driven by Theodore Schwartz. The automobile was demolished, a wheel taken from the wagon, the horses drenched of harness and neither man injured.

**Detroit**—Stanley Morris was robbed of his coat, hat, shoes and \$25 at Lorne road and Michigan avenue. He appeared before officers in the Vinewood avenue police station clad only in an abbreviated union suit and a pair of socks, and said that two negroes and a white man had disrobed him.

**Muskegon**—Five hundred employees of the G. H. and I railroad, including his wife, saw William Sedma, 34 years old, drown in Lake Michigan. Mr. Sedma became exhausted swimming in the heavy sea and John Brownlee, a fellow employee, battled 10 minutes with the waves, before finally bringing the lifeless body to shore.

**Lansing**—The first appeal to the secretary of state to overrule the denial of an applicant for an automobile driver's license was received by the department from Fred A. Dressell, of South Haven. The chief of police of South Haven refused to approve Dressell's application. In an affidavit accompanying the formal appeal, Dressell states that he has but one arm.

**Ludington**—The food probe in this county is under way, under direction of Prosecuting Attorney Kirk B. Matthews. One of the first steps to arrive at costs was the issuance of subpoenas for Jacob Landis, wealthy Frooton farmer and president of the Mason County Marketing association; Ben Wilson, also wealthy farmer and acting secretary of the Mason County farm bureau, and County Agricultural Agent Cook.

**Port Huron**—With purchase by the city of fishery No. 1 from John M. McKershey, of Detroit, a dispute over lake frontage of several years' standing has been ended. McKershey has claimed beach rights through his ownership of fishery No. 1 and threatened to bar cottage owners from the beach. The city will assess the cost of the fishery right, which is \$42,000, against abutting property owners, who will pay annual installments.

**Kalamazoo**—A jury in municipal court found Mrs. Helen Hayden guilty of assault and battery. The six men recommended that Judge Batson show leniency to the respondent in assessing a fine. The judge taxed simply the court costs amounting to \$11. Thereupon the jurors made up the amount from their own pockets. Mrs. Hayden had attacked a railroad crossing watchman who would not permit her children to play upon the tracks.

**Detroit**—Approximately 14,000 children will be forced to attend half-day sessions in Detroit public schools during the term which opens Sept. 8. Frank Cody, superintendent of schools, announced. Unprecedented congestion which seems certain to affect every building in the city will make it necessary to extend the part-time sessions to all schools and to erect dozens of portable structures for school purposes until some relief is obtained.

**Detroit**—For two days the body of John E. Weighell, secretary and treasurer of the Detroit Screw works, lay on the floor of the garage at his home, 710 Huron avenue. His family believed him detained in Detroit on business, fellow officials thought he had changed his mind about coming to the city from his summer home at Dear Lake near Clarkston, Mich. He was apparently in good health when he left the lake for Detroit. Heart disease is believed to have been the cause of death. Body was discovered by John P. Pollock, a brother-in-law.

**Grand Rapids**—An airplane passenger service in Western Michigan has been started by the Ross Swift Airplane Co.

**Battle Creek**—Lewis Spang was robbed of \$110 in money and jewelry by three negroes whom he asked how to reach Main street.

**MT. Clemens**—Officials have placed Fraser, four miles south of Mt. Clemens, under quarantine because of an outbreak of diphtheria.

**Norway**—The 12-year-old son of Mr. and Mrs. John Wywieb was instantly killed by touching a live wire on a pole which he climbed.

**Port Huron**—A Detroit aviation company has asked Chamber of Commerce to provide a landing field and agrees to give free exhibitions in return.

**Lexington**—At a special election a proposition to float bonds for \$3,000 to build an electric lighting plant for commercial lighting carried by a vote of 98 to 5.

**Big Rapids**—While working on a threshing engine, Clarence Stephan of Grand Township was severely scalded about the face and body when a boiler bolt loosened.

**Battle Creek**—The Grand Trunk shops here won the honors for the lowest accident rate for the six months ending last July, in the shops of the western division.

**Albion**—An employee of a carnival showing here got too near a caged rattlesnake and was bitten. He was in the city hospital where it was believed he would recover.

**Grand Haven**—When a heavy picture screen weighing half a ton gave way in the scene loft here several chorus girls appearing in a musical revue narrowly escaped death.

**Petoskey**—Harrison Angus, Emmet County farmer, was struck and seriously injured by a hay fork which jarred loose from a trailer. The prongs penetrated his body and several ribs were broken.

**Manistee**—The village of Kaleva was stirred for a time by what appeared to be a case of sleeping sickness. After the sleep wore off and the patient was suffering from a prohibition jag.

**Detroit**—Investigators of the department of justice, have marked the hiding places of millions of pounds of butter and millions of eggs in cold storage. Large quantities have already been seized.

**Cheboygan**—The Universal Utilities Co., Detroit, manufacturers of electric washing machines, have arranged to locate a factory in Alpena to start with 50 employees. The company will increase this number to 700.

**Saginaw**—Michigan's 15,000 Shriners are planning a "Michigan Shrine Day," September 26, at Saginaw, and the plans call for a gathering which will eclipse any similar event ever staged in that section of the state.

**MT. Clemens**—Henry Ford is planning a factory here to employ 300 or 400 persons. It is the plan to dam the Clinton River and install electrical generators. The investment contemplated is said to be \$500,000. The plant will build parts.

**Mayville**—Rose Foster, parachute jumper, fell 500 feet, dying instantly, when her belt broke, losing her from her parachute as she cut away from her balloon while giving an exhibition for a celebration here. Hundreds saw the drop. Miss Foster's home was Grand Rapids.

**Albion**—H. Glenn Greening, former chief of police of Albion, had an eye removed at the City Hospital as a result of an accident at the Hayes wheel plant in this city. Greening was removing a die from a machine when a small piece of steel flew into the right eye destroying the sight.

**Detroit**—Giving away a dollar bill to attract a passerby into a jewelry auction store at 84 Woodward avenue cost Bernard Samuels and Dan H. Clark, who tried to get it back, fines of \$50 each. After hearing about the disturbance occasioned by the attempt to have the money returned, Justice Heston found the two guilty of disturbing the peace.

**Kalamazoo**—Five prominent Kalamazoo county women have been selected as part of the jury panel for the September term of the circuit court, and from among them probably will be selected some who will sit during the trial of George S. Hocknell, charged with the murder of Mrs. Bossie Voeth, of Detroit. They are cited to be in attendance on court Monday morning, Sept. 15.

**Detroit**—Pinned beneath the overturned automobile in which they had been riding, Clarence A. Proctor, asphalt expert for the department of public works, and his driver, lay for two hours while scorching battery acids burned their bodies, following an accident near Fowlerville. The men were rescued by a farmer, who, hearing their moans, summoned aid and righted the upset machine.

**Traverse City**—Six trainmen were killed and 15 others injured as the result of a head-on collision between south-bound Traverse City-Grand Rapids passenger train No. 6 and Pere Marquette extra through freight No. 362, one mile north of Heltner, near here. "The crew of freight extra No. 362 forgot," was the statement of Frederick Neubacker, conductor of the freight train. Neubacker is the only surviving member of the freight crew and must face the consequences for the wreck. All of the passengers escaped serious injuries.

## SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out prominently as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

### Best Way to Sleep Well.

The ever genial "Dagonet," who says "there is a good way to lie in bed, and a bad way," will have to be careful or he will reawaken an old medical controversy. "It is better," says "Dagonet," "to lie on your right side than your left. This gives more freedom for the action of the heart."

Now, I've Chavese, in his famous "Advice to a Mother," has laid it down that you will improve both the health and figure of a child if you train him to change about—"on the right side one night, on the left another, and occasionally on his back."

But other doctors have held widely different views.—London Chronicle.

### GREEN'S AUGUST FLOWER

In the good old summer time when fruits of all kinds are getting ripe and tempting, when cucumbers, radishes and vegetables fresh from the garden are too good to resist, when the festive picnic prevails and everybody overruns and your stomach goes back on you, then is the time for "August Flower," the sovereign remedy for tired, overworked and disordered stomachs, a panacea for indigestion, fermentation of food, sour stomach, sick headache and constipation. It gently stimulates the liver, cleanses the intestines and alimentary canal, making life worth living. Sold everywhere. Adv.

### Same Toe.

This youngster is one of the type that constantly is falling over something. He has entire summers of sore toes because he "stumps" them. His mother, wearying of tying up his wounds, said to him on his most recent fall for first aid:

"Son, if you stomp another toe I'm going to punish you."

An hour later she heard the familiar yell. He had gone down in action again.

"Another toe," the mother murmured. She prepared to make her word good. "I told you I'd whip you if you stomped another toe. Come in the house."

"No, mother, you're wrong," the boy whined appealingly. "This is the same toe."

### Japanese Woman's University.

The New University for women has been established in Japan. Among the subjects in the curriculum are moral science, Japanese, English and Chinese language and literature, natural science, mathematics, history, geography, domestic science, music, painting, floral arrangement, physical exercise. Courses in horticulture, medicine, music, and art are contemplated.

### Had Luncheon in Tank.

### "Floral Ruffians."

Primroses, which are now adding to the color of London streets, were taken by Ruskin for his type of "flowers of graceful breeding," and they are invariably represented by poets as floral weaklings. This is strange, for it is all quite contrary to the facts in nature.

Primroses are really floral ruffians, to which they owe their "survival" in the fierce "struggle for existence" among wild flowers. They are hardly Alpine plants, found on mountainous heights throughout Europe and Asia, even on the highest ranges of the Himalayas.

They also seem to be rather poisonous, though alleged by Lord Beaconsfield to make an admirable salad. Except pigs, no animals will eat primroses. They bloom with impunity in a rabbit warren.—London Chronicle.

### Paying Institution.

A recent report to the state department on business conditions in and around the municipality of Bangor, England, stated that the cemetery was the only city institution which made money last year.

These consular reports, by the way, usually are masterpieces of anti-climax. In the most high-flown language they present the compliments of the consul to the "Honorable the Secretary of State" and then, frequently, beg to leave to inclose a clipping on the beanbag blight in Prigonia, or some other thing of equal import.

### Climbers.

"The Notmuch family are great aspirants for social honors, are they not?"

"I should say so. Why, they're such climbers that they have even named their youngest daughter Ivy."—Boston Transcript.

### The Lure of Conquest.

## BELCHING

Caused by Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food repeating, indigestion, bloated, gassy stomach, dyspepsia, heartburn and other stomach troubles. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. (See notes as follows: "Belcher & used EATONIC, I could not eat a bite without belching at right up, sour and bitter. I have not had a bit of trouble since the first table of EATONIC.")

Millions are victims of Acid-Stomach without knowing it. They are weak and ailing, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Citruses of the liver, intestinal congestion, flatulence, catarrh of the stomach—these are only a few of the many ailments often caused by Acid-Stomach.

A sufferer from Catarrh of the Stomach of 17 years' standing writes: "I had catarrh of the stomach for 17 long years and I never found anything to do me any good—just temporary relief—until I used EATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and see how much better you will feel in every way.

At all drug stores—a big box for 50c and your money back if you are not satisfied.

## HAD AN EYE TO THE FUTURE

Former May Not Have Known Much About Music, but He Was a Bear on Economy.

A hard-working farmer in Ohio had sent his son to a good school of music so that he might receive the best instruction from the beginning. It was necessary to buy a violin for him, but he was such a little chap that his teacher thought that a so-called "half violin" would do. The father, whose resources had been badly taxed, was loath to part with the money for the instrument, but finally did so.

The lad made rapid progress, and became so proficient that a half-violin was no longer good enough for him. Again he went to the music store with his father, to whom the salesman showed the entire stock of violins. The parent was apparently disinterested with all of them, and his gaze wandered around the shop seeking for something better. Finally he saw a violinello.

"We'll take that big violin there," said he, as a smile of satisfaction spread over his countenance. "The boy won't outgrow that right away."

### This Cat an Exception.

The wife met her husband at the door on his return from his day's labor.

"Oh, George," she said, "we just had a visit from a black cat."

"That's nice," said hubby. "Black cats are lucky, you know."

"Yes; this one certainly was. He ran away with the steak I was going to cook for you!"

### Object of Suspicion.

"This fellow has an easy air on the witness stand."

"It's an old story to him. He's used to being cross-examined by congressional committees."

### "How so?"

"He was in the purchasing department of the army during the war."—Birmingham Age-Herald.

## Is it Possible to Legislate Life and Brains?

Swift & Company is primarily an organization of men, not a collection of brick, mortar, and machinery.

Packing Plants, their equipment and usefulness are only outward symbols of the intelligence, life-long experience, and right purpose of the men who compose the organization and of those who direct it.

Will not Government direction of the packing industry, now contemplated by Congress, take over the empty husk of physical property and equipment and sacrifice the initiative, experience and devotion of these men, which is the life itself of the industry?

What legislation, what political adroitness could replace such life and brains, once driven out?

The Interstate Commerce Commission and the Michigan Central railroad have a party of men here appraising the property of the company. They have established headquarters near the Chelsea Elevator company's office, where their three private cars are placed.

An annoying error crept into the columns of the Tribune, Friday, in connection with the item regarding the death of Miss Amanda Merker, when it was announced that the funeral occurred on Friday morning, instead of Saturday morning. We had been correctly informed regarding the time the funeral would be held and the error was made in writing the article.

Catarrah Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrah deafness, and that is by a constitutional remedy. Catarrah deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrah, which is an inflamed condition of the mucous surfaces. Hall's catarrah medicine acts thru the blood on the mucous surfaces of the system.

We will give one hundred dollars for any case of catarrah deafness that cannot be cured by Hall's catarrah medicine. Circulars free. All Druggists, 75c.

"A Community Can Prosper Only By The Support of Its People"

## DISTRICT BUYING IS AN INVESTMENT

Did you ever stop to think what establishes the value of the home you live in, the property you possess or the position you fill?

In a sparsely populated district without railways, improved highways, educational or community advantages of any kind, real estate has little or no value.

The settler would have no market for his crops. His children would grow up in ignorance for the lack of schools. There would be no patronage to support the merchant and no work for the mechanic.

On the other hand put into this same district the necessary people to develop its natural resources and we have a progressive community with its varied industries resulting in increased property valuation and good wages for common and skilled labor. The faster the community develops, the greater increase in wages and property values.

### It's Community Team Work That Counts

The community in which you live must produce, either directly or indirectly, everything necessary for your very existence.

The factory could not operate without labor, labor could not exist without the merchant, nor the merchant without the farmer. Interests of the whole people of the district are necessarily mutual.

Every dollar produced in this district and spent elsewhere increases the property valuation and wages of that particular district. In order to obtain the greatest benefits from the dollar that YOU produce in this community, it is imperative that you buy in your district everything that you use or consume, and in this way and in this way only, can you employ the team-work and co-operation which is absolutely necessary for the better development of the whole community.

### Buy In the District and You'll Have More Money to Buy With

If your neighborhood store does not have "just what you want" come to Jackson where merchandise, prices and excellent store service make it a pleasure to shop.
