

## MONDAY'S ACCIDENT RESULTS FATALLY

Mrs. Clark Fraer Died Last Night  
From Injuries Received Monday  
At Notten Crossing.

Mrs. Clark Fraer of Brooklyn, who was in the automobile struck Monday evening by a Michigan Central-freight train on Notten's crossing, about six miles southwest of Chelsea, died last night at the home of Mr. and Mrs. Fred W. Notten, as the result of her injuries.

Mrs. Fraer was about 46 years of age and was a sister of the late Ira Watkins, who lost his life only a few weeks ago when he was run over by a grain binder on the Martha Reimenschneider farm, just north of the scene of Monday evening's accident.

Leonard Watkins, Mrs. Fraer's brother, who was driving the car Monday evening, was also injured, including several broken ribs, but his injuries are not considered serious.

The automobile, which was badly wrecked, was one belonging to the estate of the late Ira Watkins.

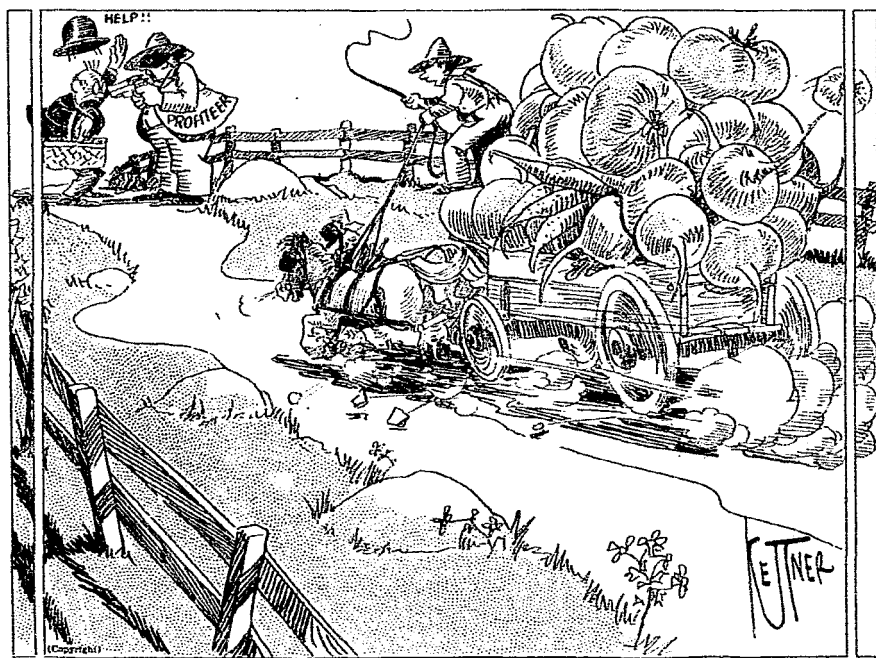

### JOSEPH D. COLTON.

The sudden death of Joseph Delevan Colton, Wednesday afternoon, was a great shock to his family and many friends in this vicinity.

Mr. Colton was a salesman for a Jackson monument firm and had accompanied James Wade to Mt. Olivet cemetery to see about setting a tomb stone for the late Michael Howe. He remarked after arriving at the cemetery that one of his hands seemed cold and started to chafe it, finally sitting down. Mr. Wade became alarmed and summoned a physician, but Mr. Colton rapidly passed into unconsciousness, from which he never rallied. He had been in failing health for some time past, but had recently felt much better.

The deceased was born in Hartford, Conn., March 27, 1855, and was about 64 years of age. He was united in marriage with Mrs. Flora D. Watson of Unadilla, June 30, 1900, since which time they had resided in Chelsea.

## To the Rescue

Mr. Colton was a prominent Mason and served as worshipful master of Olive Lodge No. 156 F. & A. M. for two years.

The funeral will be held from the Congregational church Saturday morning at ten o'clock; Rev. P. W. Dierberger conducting the service. Interment at Unadilla.

### BOYS ENJOY HIKE.

About 20 Chelsea lads accompanied Rev. P. W. Dierberger on a "hike" to Easterle's hill Wednesday afternoon, taking their lunch and enjoying an

out-door supper, which is always a pleasure to a live boy. An organization was effected as follows: Captain, George Atkinson; lieutenant, Paul Axell; sergeant, Dorman Goebel; mascot, "Teddy." Rev. Dierberger is a committee on general arrangements and another "hike" is planned for next Wednesday.

### HOG CHOLERA IS ABOUT

Cases Found in Southern Part County; Vaccination Is Preventive.

During the past week hog cholera has been diagnosed in several places in the south-central part of Washtenaw county. It usually happens that there are outbreaks of this disease at this time of the year. Every person raising hogs should be careful to take all precautions necessary to keep their herd from becoming infected. The only sure way of controlling the disease is by vaccination, and this should be done before the disease has gained a foothold, otherwise losses are sure to be quite large.

Reports received from Lenawee county show an exceptionally large number of cases in that county for this season of the year. All farmers having sick hogs should suspicion cholera and report the same immediately to the County Agricultural Agent, Court House, Ann Arbor, Mich. who will see that proper measures are taken to prevent the spread of the disease. A few dollars used in vaccination has often saved several hundred dollars loss.

### AUTOMOBILE UPSETS.

Four young ladies, Misses Nica Roode, Gertrude Eppler, Phyllis Wedemeyer and Gladys Schenk, narrowly escaped serious injuries last evening when the automobile in which they were riding overturned at Orchard and South Main streets. Miss Roode, one of the new teachers, was driving and supposed Orchard street crossed Main street, but discovered her error too late to slacken speed enough to safely make the turn into Main street at the end of Orchard street. The car skidded against the curbing and overturned.

The car belongs to Adam Eppler and has a winter top, which broke the force of the fall and probably saved the young ladies from more serious injuries.

### HIGH SCHOOL NEWS ITEMS.

Friday evening at eight o'clock a jolly group of young people gathered in the "league" room of the M. E. church; leaguers, school teachers, high school pupils, and friends met in an exciting "field meet." After this pleasure came a delightful lunch, served by the leaguers in honor of the guests. But ask some of the boys about the fun of wiping the dishes.

Sunday evening the teachers and high school pupils were invited to the Congregational church for the service and a social gathering afterward. The sermon was one well worth hearing and seconded by all present. Later, tea was served. A very pleasant social hour was enjoyed. Miss Froelich favored the gathering with a few well selected and well rendered songs, and several little talks followed. It was

indeed an enjoyable time and an opportunity much appreciated by the teachers to get acquainted.

The high school girls have volunteered to furnish music in turn for noon and night dismissal. This is appreciated by all the pupils.

Athletic association dues are now due. Pay up—be loyal—make Chelsea a 100% school on dues.

Excitement seems to be in evidence in the senior class. Is it the class play? Watch and see!

Monday night the freshman class organized and elected the following officers: President, Alvin Vail; vice president, Anna Rogers; secretary, Ella Knapp; treasurer, Harold Davis. The class chose Mrs. Martin for their adviser.

Mrs. Smith was a visitor in the High school Monday.

The members of the high school library staff for this year are: Irena Vail, Marjorie Mapes, Clarabell Roberts, Dorothy Satterthwaite, Dorothy Speer, Ella Finkbeiner and Florence Vogel. These girls have charge of the library in the order they are given during the seven periods of the day. Clarabell Roberts is chairman of the committee.

The high school chorus has an enrollment of about 75, both boys and girls.

Dice of Destiny by Jackson Gregory

"HELD FOR RANSOM." Synopsis—Senor Antonio de la Guerra, a fine old Spaniard living on his ancestral estate on the American side of the Mexican border...

CHAPTER IV—Continued.

He ran through it hastily, skimming the lines, eager for the gist of it. And when he had found it he leaped to his feet, his hands clenched, amazement and anger mingled in his eyes.

CHAPTER V.

The Game Begins. Teresa de la Guerra's face went red and white, and Torre, feeling smiled. She heard in the words only an insult to her beloved papa grande, knowing as she so well knew that of all men the old Spaniard hated his arrogant young kinsman most implacably.

broad, heavy-set Mexican, swarthy, hard-featured, keen-eyed, was waiting. He bowed deeply as they entered. "Senorita," he said briskly, his eyes disregarding Stanway and resting upon the girl's face in a keen regard...

ed her. "As I have said, I knew that it would be useless to talk with him. He knows only that he is being held; he does not know why. I know only," and he resorted to the shrug so much a part of his method of speech, "that rumor has it that you are his heiress, and this paper states that Torre inherits."

Types of Hats for Juveniles

Long and short-napped beavers, felts and wool-fur hats account for the great majority of hats for little girls. They range from velvet tams, conspicuously classy in the best grades, and some trimmed hats for little misses. Nearly all hats for children are quite plain, with a band and sash or ribbon for trimming in most cases...

New Fabrics Make Their Debut

There are a number of new velvet and suede surfaced cloths, each with a novel name of its own, that are being exploited this fall in many garments. Some of them are very much like duvetyns, others resemble chiffon velvet, and others still are to be classed with heavy erect-plee velvet.

didn't try to kiss her when he took her home from the dances. This was so unusual, she said, that the already twice wedded young matron decided "to get that man, if it's the last thing I do on earth."

Money Cast on Waters Found After Many Days

Springfield, Mass.—A wallet containing \$1,200 and valuable papers, the property of Dr. W. H. Hodgson of Stoneham, lost while canoeing two years ago, was sent to Doctor Hodgson by A. A. Dunham of this city, who found the wallet floating in Watersheds pond.

"MUSH NOTES" COST \$25,000

Miss Goldstein of Brooklyn Wrote Them to Another Woman's Husband. Brooklyn, N. Y.—Scores of letters of the kind usually described as "mush notes" read to Justice Gleason and a jury, won for Mrs. Anna Speare a verdict of \$25,000 against Miss Frances Goldstein, a Brooklyn music teacher, for the alienation of her husband's affections.

Home Gardens Pay.

Garden work is health giving, especially for those whose occupations are indoors. To allow land that might grow food to be idle is almost criminal, in this war-impaired world. The products of the garden are simply indispensable to a wholesome diet.

NURSERY-GROWN TREES BEST

Excellent Reasons Why Wild Varieties Are Not Suitable for Growth in Cities. Digging wild trees for home planting is not successful as a rule. In the first place wild trees are likely to grow where they are crowded and are drawn out taller than they should be.

Urges Value of Beechnut.

A writer in the Chicago Daily News makes a plea for the beechnut. A high-grade quality of this nut might easily be made a delicious article of food. The beech tree, well grown, is an object of great beauty. In Europe extensive avenues of them are found, and the fruit carefully conserved.

To Get Rid of Ants.

Powdered borax sprinkled around the infested places will exterminate both red and black ants. Powdered cloves are said to drive them away. Another plan is to grease a plate with lard and set it where these insects abound. They prefer lard to anything else, and will forsake sugar for it.

Life.

Our life is precious to us for the activity that we are capable of, and still more because that activity may be so adjusted as to give us the consciousness of acting in harmony with the divine mind.—Archbishop Thomas.

Billy Stanway resumes command of the situation and things begin to straighten out for the time being.

(TO BE CONTINUED.)

Have Good Light. If you work at night be sure that you have a good light. Arc lights, because of their glaring rays, are exceedingly injurious. A shaded light is the best substitute at night for diffused daylight. The electric bulbs should either have a dome or a dark paper shade. A gas light composed of mantle and bulb produces a good, diffused light and when placed high enough near the ceiling does not injure the eyes.

Tides of the Ocean.

The incoming and the outgoing of the tides is caused by the gravitational influence of the moon. The moon, so to speak, draws or lifts the water from the depths on the same principle that a pump lifts water. And as with a pump, the water rushes in to fill the space left; so the shallow water near shore rushes out to fill the extra space caused by rising of the water, on the principle that water seeks its own level.

Long Sentences.

In "Les Miserables" Victor Hugo had one sentence of a hundred lines, and earlier in the book, in one of the chapters descriptive of Waterloo, there are over 60 lines without a full stop. England's record is held by the foreign enlistment act, one section of which reaches its six hundredth word.
