PHONOGRAPHS

Would you be satisfied with a fiddle that played only one tune? Then why be satisfied with a Phonograph that plays only one type of record. The Sonora plays all makes of records. This Phonograph will bring to your home all the world's greatest singers, musicians, orchestras and bands. Come in and let us show you. Get your Records here. Also Sheet Music.

Saving Coal Saves Money

There's a wealth of proof to show that your home may be thoroughly comfortable at a third or a half less fuel than you have been using. The Caloric Pipeless Furnace is a remarkable fuel conservator. Many say it saves half. Here is just one sample letter taken at random out of thousands which the manufacturers receive from pleased Caloric owners:

"I am heating very comfortably seven rooms and not using any more fuel than I did with a double heater, heating only two rooms.—S. P. SHERMAN."

CALORIC

The Original Patented Pipeless Furnace

Over fifty thousand homes, many of them in this state, have found this furnace the economical, common-sense method of keeping comfortable. They bought on a guarantee of real fuel saving and perfect satisfaction, and the Caloric made good. One register delivers all the heat from the fuel directly into your living rooms and drives out the cold air, insuring an abundance of warm, moist warmth right where you want it. The Caloric is just right for the storage of perishable products.

The Caloric can be installed in a day. It is a triumph of engineering skill that embodies many patented features which have made it the leader and which are not found in imitations. Come in and see this wonderful furnace. We will tell you frankly whether it is adapted to your home. If we say it is, we will give you our personal guarantee that it will make good or we will take it out. Come in and talk it over.

DEMOLITION OF SERVICE FLAG

The Congregationalists Hold Interesting Service.

The Washtenaw County Community Service sent out notices Friday the week of September 14 as official demobilization week. Accordingly, the Congregational church held a patriotic service in connection with the demobilization of their service flag on last Sunday evening. As an introduction to the service the congregation joined in singing a group of patriotic and religious songs. A duet, "Flag of the Free," was rendered by Miss Florence Spring and Mrs. J. E. Weber. The old service flag with twenty-seven stars was taken down by Paul C. Maroney representing the army and Warren Coe the navy, who also carried it to the rear of the church and placed it on a table. A new flag with the numerals "46" covered by a gold band on the field of white, representing the number of men who have been honorably discharged from the service, and one blue service star for Ensign Carl C. Chandler, who is still with the navy, was then displayed. Rev. P. W. Dierberger made a brief address expressing gratitude for the fact that none of "Our Boys" were called upon to make the supreme sacrifice. The principal address of the evening was made by Sergt. Clayton Heschewerdt, who spoke vigorously on "What I Think of Uncle Sam."

Will Make Map.

A topographical map of a section of the state containing about 700 square miles is being made by the U. S. Geological Survey in co-operation with the state of Michigan, according to J. H. Jennings, geographer of survey. The section now being mapped lies between latitude 42 degrees, 15 minutes and 42 degrees, 30 minutes; in longitude 84 degrees, 45 minutes, comprising a strip of territory about 17 miles wide and 40 miles long. Eaton Rapids is on the south line. Albion is in the southwest corner and Chelsea is near the southeast corner.

This map, it is claimed, and we hope is being made with great care; is based on accurate triangulation and precise leveling and when completed should portray this section of the earth's surface. All roads, railroads, houses, streams, lakes, woodlands, swamps, etc., should be shown, as well as the shape of the hills and valleys by means of "contour lines" 10 feet apart vertically. This map should be of great aid in any work of public improvement such as good road investigation, soil survey, drainage investigation, location of canals, railroads, trolley lines, etc. It should form an accurate base for all investigations by any department of the federal government which will hereafter need a map. When completed and published it may be obtained from the U. S. Geological Survey, Washington, D. C., but it will not be completed probably before two or three years.

Roosevelt Memorial Association.

One hundred men and women of Michigan, representing practically every county in the state, the officers of the state organization, and the members of the executive committee, will attend a meeting of the Roosevelt Memorial Association at the Detroit Athletic Club, Thursday, Sept. 25. The purpose of the meeting is to make plans for Michigan's participation in the nation-wide campaign to provide suitable memorials to the late Theodore Roosevelt. The intensive campaign will commence on Oct. 20, and culminate on Roosevelt's birthday, Oct. 27.

The movement, started by friends and admirers of Col. Roosevelt several weeks ago, is headed by Col. William Boyce Thompson of New York. Gov. James M. Cox of Ohio, Judge Alton B. Parker, James R. Garfield, Gifford Pinchot, Mrs. Medill McCormick, Mrs. Raymond Robbins and other prominent men and women throughout the country are identified with it. It is proposed to erect a fitting monument in Washington and to establish a national memorial park at Oyster Bay, Long Island, which it is hoped, will include Sagamore Hill, the Roosevelt home, to be preserved like Mount Vernon and the home of Abraham Lincoln, at Springfield.

Paul H. King, of Detroit, named chairman for Michigan by the National association, issued the call for the Detroit meeting. Franklin Edwards, of New York, regional director for this district, and other speakers of national reputation will make addresses. Col. Charles B. Warren, of Detroit, will preside.

The campaign is to be entirely nonpartisan and every man and woman and child in Michigan will be given an opportunity to help to perpetuate the memory of Col. Roosevelt as an outstanding example of splendid American citizenship.

Rally Day, Congregational church, next Sunday. Come!

MICHIGAN NEWSPAPER MEN WILL CONVEY OCTOBER 17-18

University of Michigan to Entertain Them at Conference.

Newspaper editors of Michigan will meet in convention at Ann Arbor, under the auspices of the University of Michigan and in conjunction with the American Association of Teachers of Journalism October 17-18.

The convention will be the first of its kind in this state and will afford teachers of journalism and editors the opportunity for an intelligent interchange of opinion respecting newspaper practice and the needs of the press. Addresses will be given by prominent journalists and educators from various parts of the country, and newspaper problems will be discussed from the floor.

Visiting newspaper men will be guests of the university at a banquet Friday evening, October 17, of the *Albion Association at the Michigan-M. A. C. football game Saturday* and of the School of Music at the Geraldine Farrar concert Saturday.

Professor J. R. Brumme, of the rhetoric department, is chairman of the local committee.

M. E. Appointments.

The following appointments affecting Methodist Episcopal churches in this vicinity were announced by the bishop at the close of the conference at Owosso, Monday:

Chelsea—H. R. Beatty.
Ann Arbor First, A. W. Stalker.
Broadway, H. A. Sheldon (supply).
Dexter, W. E. Brown.
Grass Lake, W. E. Dudgeon.
Manchester, W. J. Johnson.
Saline, Charles Bayless.
Tecumseh, C. M. Thompson.
Clinton, F. M. Purdy.
Ypsilanti, George Olmsted.
Stockbridge, George Hill.
Unadilla, D. S. Harris.
Menith, W. J. Hasmore.
Milan, A. Balgoyan.

Jurors for October Term of Court.

The following is the list of circuit court jurors for the October term of court. Mrs. W. B. Hatch of Ypsilanti, is the first woman to be drawn on the jury. R. D. Walker is the member from Sylvan.

James Block and Frank Whitman, second district; Ypsilanti; Charles D. Campbell, Ypsilanti township; Samuel Schultz, John F. Miller, George C. Parker, Elias Sadler, Frederick Bauer, Edward B. Gibson, Louis U. Kruspe, Ann Arbor City; John Frederick, Ann Arbor township; O. E. Vedder, Augusta; Verne Socks, Bridgewater; Henry Thurston, Dexter; Arthur Bureh, Freedom; Chauncey Coy, Lima; Jacob Bruckner, Lodi; James Young, Lyndon; Julius Galloway, Manchester; Henry Paul, sr., Northfield; John Harwood, Pittsfield; Henry Deane, Salem; Henry Cornish, Saline; Lewis Alther, Sharon; R. D. Walker, Sylvan; J. H. Shane, York; Michael Lamb, Webster; Mrs. W. R. Hatch, Ypsilanti, first district; Eugene Staehle, Superior.

Only eight criminal cases are on the docket. The total of 169 cases includes 60 issues of fact, and 33 summary cases. Thirty-five law and 30 summary cases in which nothing has been done for over a year also appear on the list. Unless some action is taken on these later cases at the opening day of court they will be dismissed.

The criminal cases include one charge of "great bodily harm less than murder," one of attempted jail breaking, two violations of the prohibition law, and four larceny cases. Court will convene October 6, and jurors must be present October 7.

Naturalization Day October 1.

Naturalization day will be held in this county Wednesday, October 1, according to information received on Tuesday by County Clerk Smith. Eighteen "friendly aliens," 35 "alien enemies" and six soldiers are listed to appear before the federal examiner at the court house on that date. The first class will appear at the morning session which will begin at 10 o'clock.

Friday of this week and Tuesday of next, County Clerk Smith will conduct a class for applicants for naturalization. It is believed that many of those desiring to become United States citizens will be benefited by work of this nature, and all who desire to attend the classes may do so. They will be held in the office of the county clerk in the court house on evenings of the days mentioned.

Cavanaugh Lake Grange.

The next regular meeting of Cavanaugh Lake Grange will be held in the basement of the church on Tuesday evening, September 30. The following program will be given: Opening song; roll call, something new we have tried this year, reading, Mabel Notten; is punishment necessary in the training of children, led by Mrs. Herbert Harvey; reading, Ralph Kalmbach; "Can we afford to stay in the old rut, or keep pace with the times," led by R. M. Hoppe; closing song.

HOG CHOLERA FOUND IN THIS COUNTY

Suspected Cases Should be Reported to the County Farm Agent.

Hog cholera has been diagnosed by the state veterinarian on ten different farms west and northwest of Saline. The county agricultural agent, Mr. Osler has secured the assistance of the state veterinarian, Dr. Newton, and they are making a careful survey of the infected area and are making recommendations to farmers in order that the spread of the disease may be checked. Already several hundred dollars worth of hogs have been lost by the farmers in that area.

Vaccination is the only known preventative. The county agent and Dr. Newton are urging farmers in the infected district to vaccinate if they want to be free of the disease. The local veterinarians are having all they can do to take care of the requests for vaccination.

Any farmer that has or knows of hogs "off feed" in the neighborhood are urged to report the same to the County Agricultural Agent, Court House, Ann Arbor, so that proper measures can be taken to prevent the spreading of the disease.

It is against the law to market hogs from herds having animals sick with the cholera.

Alban-Orden Marriage.

Miss Martha Marie Alban, daughter of Mr. and Mrs. George L. Alban of Clinton, and Mr. Vance L. Orden of Chelsea, were united in marriage at the home of the bride, Friday afternoon, September 19, 1919. Rev. P. W. Dierberger of Chelsea officiating, in the presence of a number of immediate relatives. Following luncheon, Mr. and Mrs. Orden left for an automobile tour through southern Michigan and Indiana. They will be at home in Mrs. Elizabeth Runciman's residence on Jefferson street, Chelsea, after October 15. Mr. Orden was commercial teacher in the Chelsea high school several years ago, and is now employed as auditor of the Michigan Portland Cement Co.

To Have More Teachers.

As a measure to overcome the shortage of teachers, Superintendent of Public Instruction has arranged with the state normal colleges to conduct special intensive six week courses to prepare teachers to qualify.

These courses will be opened when the schools are opened, which will be late this month. Mr. Johnson points out to school boards that by cutting down the Christmas and the spring vacations to one week each they can have eight months school during the ensuing year and complete the course some time in June.

The state superintendent believes that if 100 persons will take the work and make satisfactory grades that the number will be sufficient to make up the shortage.

He advises those who want to teach this winter to write the presidents of the various normals.

M. A. C. Short Courses For Farm Boys

Special short courses in agriculture, planned especially for Michigan farm boys and girls, will be given by the Michigan Agricultural College during the coming winter. The first of these courses, that in general agriculture, opens on October 27, while others will start as late as March 1, at which time the second track and tractor school will begin.

More interest is being taken in the winter course than ever before, according to Ashley M. Herring, director. Many young men who are unable to take the four year course at the college will take advantage of the special work in preparing for scientific agricultural pursuits. Increased interest in all farming is partly responsible for the large number of inquiries that are coming in to the director's office.

Nearly every phase of agriculture is covered in one or the other of the short courses, which include work in general agriculture, cow testing and barn management, creamery management, horticulture, poultry, gardening, bee-keeping, and truck and tractor work. The courses are open to all Michigan boys and girls over 16 years of age.

Catalogues and full information regarding the work may be had by writing to the Director of Winter Courses, M. A. C., East Lansing.

Tecumseh Walter Norris writes his parents, Mr. and Mrs. James Norris, that he will remain in Europe indefinitely, having received a splendid position as superintendent of the medical supplies in certain stations of the American Red Cross. He is to have his wife go to him as soon as he can arrange it. Since entering the service he has had charge of medical supplies, but now that portion of the service has been turned over to the government to Red Cross. Tecumseh Herald.

BREVITIES

Jackson Jackson police force has a Winegardner, James, of that name, has joined the force.

Jackson The Apex Rubber Co. has decided to build a third plant, and will locate it in this city, where they will build a \$750,000 plant, and employ upward of 1,200 men. It is expected to have the plant running by July 1, 1920.

Apsilanti Charles Farley and wife are being sought by the police for leaving their child with a friend at Farmington, and telling him they intended to come to Apsilanti on a short visit. They have not been seen here and officers believe they have abandoned the child.

Phuckney While hunting at the Reeves millpond Tuesday evening Mr. H. J. Norton and Stanley Mays saw a large bird flying over them. In the dusk, they thought it was an owl, and Mr. Mays fired, bringing the bird down. On examination the bird was found to be an eagle measuring five and one-half feet from tip to tip. Puckney Dispatch.

Hillsdale Three swindlers who applied some fake "radium" as an eye treatment to Mrs. John Robbins were jailed in their attempt to get away with a \$500 Liberty bond which she gave them, by her failure to sign it. When they returned with the bond for her signature, neighbors had informed her that the treatment was a fake.

Monroe Cory Malon, aged 30, a negro, residing in Detroit, was jailed here, charged with importing 22 half pints of liquor in a harness concealed under his clothing. The desk sergeant recorded her weight at 200 pounds, but after the sheriff's wife searched her, he had to change it to 160 pounds.

Howell While duck hunting with her husband in a marsh near Island Lake, Mrs. Woodward Lawson was accidentally shot and killed, the authorities state, by Mr. Lawson. It is said that Mrs. Lawson directed her husband's attention to a duck, but stood in the immediate line of vision, receiving the charge in the back of the head. Lawson made a statement to Sheriff Miller of Howell and was released, and took his wife's body to their home in Detroit.

Forma Rosa rye raised in Jackson county is being shipped to all parts of the United States for seed, the price being \$2.50 to \$2.75 per bushel. A good story on the advantages of growing pedigreed grain appeared in a leading farm magazine, mentioning Carl Horton, west of Parma, as being one of the first to raise Rosa rye. Mr. Horton has received many letters inquiring for seed, has sold his entire crop and is turning the other letters over to his neighbors.

Adrian Eastern Star villa, the home for dependent Masonic and Eastern Star orphans, was dedicated here Wednesday afternoon. Many prominent members of both orders from all parts of the state were present to take part in the ceremony. The presentation of the home of the Grand Chapter O. E. S. was made by Mrs. Minnie E. Keyer, P. G. M., of Lansing, president of the board of trustees. Mrs. Eva J. Snow, Ludington, worth grand matron, accepted the home in the name of the grand chapter.

Ann Arbor Following the course of the cyclone which visited this section of the county two years ago, but with less violence, Saturday's storm wrought havoc in the northeastern portion of the county. According to County Clerk Edwin Smith, who visited in the vicinity of Warden Sunday, large numbers of windows had been broken by the hail which is said to have been as large as walnuts. Corn was flattened to the ground and in many cases the ears were torn from the stalk. Several silos were blown down and in at least two instances roofs were torn from houses. Telephone wires in the north portion of the county were put out of commission. Judge Emory Leland stated that the hail storm in the vicinity of Whitmore Lake lasted longer than any previous storm he could remember, and that during its 20 minutes duration the size of the stones did not vary, remaining approximately the size of hickory nuts. LALLEY LIGHT and POWER

Owners Tell How Lalley Saves for Them

When we tell you that Lalley Electric Light and Power will save you money and time and labor, we merely repeat what Lalley owners say.

They have written hundreds of letters to the Lalley factory, which leave no doubt as to Lalley savings.

The Lalley saves in a dozen ways—by pumping water, by running farm machinery, by washing and ironing and sweeping, churning and separating cream, and so on.

If you use it for nothing but its wonderful electric light—you save.

The fact of Lalley savings simply can't be dodged.

Neither can the fact that you lose money every day and every week you put off your purchase.

It is entirely in your own interest that we are urging you to buy your Lalley now.

You will learn that for yourself later on.

We want you to save all you possibly can with your Lalley plant; and your own impulse should be in the same direction.

Come in and see us today, or telephone us to come to you if you can't get away.

Michigan News Tersely Told

Birmingham—Berle, Weaver, 17, died at the city hospital here from the wound he received when a rifle in the hands of a friend was accidentally discharged.

Coldwater—Mrs. A. J. Jones paid the county \$356.79 in delinquent taxes on the farm of her father, which she after his death. He had refused to pay the taxes since 1914.

Petoskey—Enmet, Cheboygan, Charlevoix and Antrim counties are suffering a severe shortage of teachers. Efforts are being made to hold special teachers' examinations.

Mancelona—A southbound C. R. and 1 passenger train was held up several hours on account of a burning carload of lumber at Leetsville. The fire caused the main tracks to spread.

Hilldale—James Norton, 73, who has been blind for seven years, fell from an upstairs window at the home of his daughter, Mrs. Margaret Kelley, in Litchfield, and died soon afterwards.

Detroit—Thursday and Friday, October 30 and 31, are the dates for the annual State Teachers' Institute, to be held in Detroit. It is expected that there will be fully 5,000 teachers in attendance.

Coldwater—High school seniors have been put on a college basis, reporting at school only for classes and general assembly exercises, as the high school is so large there is no room for them.

West Branch—The D. Fleming farm in Kalamazoo Township, noted for the fine trace of pine tree and one of the few strips of lumber land in Oceana County, has been sold to Solomon & Hayes, lumbermen of Oscoda.

Coldwater—A million-dollar loss faces American beekeepers. B. W. Kindig, state bee inspector, told the Branch County Bee Association here. Countless bees will starve to death this winter because of the sugar shortage, he says.

Lansing—Lee H. Pryor, assistant attorney-general in charge of liquor prosecutions for the state food and drug department, is dead here after a lengthy illness. He was 41 years old, a resident of Hastings and a former prosecuting attorney of Barry county.

Saginaw—Peter Griner, 68 years years old, one of the best known rail road men in Michigan, died from injuries received when his engine went through a burned trestle near here, killing two others. Mr. Griner began his railroad career 45 years ago, on the old Flint and Holly road.

Three Rivers—Oliver Ledbetter received the full discharge from a shot gun in his right leg below the knee while hunting ducks. The guns had been left in the boat while he and a companion, Emmett Rainsford, were ashore. When they pushed the boat back in the stream one of the guns fell to the bottom.

Jackson—Announcement has been made that the Ajax Rubber company, which already has plants at Trenton, N. J., and Racine, Wis., had decided to locate a third plant in Jackson to be in operation by July 1, 1920. It will employ 1,500 workmen and will have a daily output of 1,500 automobile tire casings. Work on the buildings will start this fall, the cost being estimated at \$750,000.

Pontiac—Robbers tried to steal 50 gallons of gasoline from a tank in the concrete tower at Roseland Park cemetery, near Royal Oak. They succeeded only in blowing up the tank and wrecking the water pumping station of the cemetery. Fire destroyed most of the debris but a wash tub and a bicycle lamp found indicated that the thieves tried to draw off the gasoline while using the lighted lamp. The loss is set at \$500.

Homer—When a Lake Shore freight east bound, reached Homer at the same time a west bound through freight did, quick action on the part of M. H. Harrell, night telegraph operator at the Michigan Central Station, in opening a switch and derailing the west-bound train, was all that prevented a head-on smash. A mixup in orders is believed responsible. Nobody was hurt, but a quantity of freight was damaged.

St. Clements—St. Peter's parish is honoring the young men of the congregation who answer the call to the colors, by erecting an 18 foot granite shaft between the church and the parish house. The monument is 9 by 11 feet at the base. Names of 176 men from the parish who took part in the war will be inscribed on a bronze tablet. Four men from the parish died in the service. The monument is to cost approximately \$3,500. There will be a formal dedicatory service some time in November.

Detroit—Plans for utilizing D & C steamships for the temporary relief of the housing and hotel problems of the city can not materialize before the middle of November according to A. A. Schantz, general manager. But at that time, Mr. Schantz says, he will be able to furnish eight vessels with accommodations for about 3,500 persons, who may be housed on the lake passenger boats until March. Complete hotel facilities will be furnished on the boats. If the plan goes through, the ships cannot be made available until navigation closes.

Lapeer—Emma D. R. has owned 1 by Cecil Shepard, has laid 325 eggs in the last 365 days, according to its owner.

Scottville—The farmers at Carr have banded together to market their wheat this fall. An elevator at Branch has been rented for that purpose.

Holland—With a membership of 225 the Holland Post of the American Legion is said to be the largest in Michigan, in proportion to population.

Aubion—Mr. and Mrs. Townsend S. Hadden observed their sixtieth wedding anniversary. They lived on the same farm for half a century but are now residents of the city.

Mancelona—The township board has decided a special election Oct. 5 to decide whether or not to buy Palmer Grove, south of the village, for a playground and park.

Bellaire—The Antrim County Fair Association and the board of supervisors of Antrim County will entertain the soldiers of the World War during the fair, Oct. 1 and 2.

Manistee—Because several sisters were transferred to other missions in the state, Mercy Sanitarium has no competent operator for its X-ray machine. Physicians are managing to conduct their cases until an instructor arrives.

Bay City—Adam Schepper, alderman, was one of the owners of a dozen automobiles taken to the police station for disregard of the parking ordinance. All were fined \$1. Farmers have been using the "No Parking" signs as hitching posts.

Kalamazoo—Fifteen hundred employees of the Bryant Paper mill, the largest in Kalamazoo, went on strike following the refusal of the men and women to accept the company's offer of a half-holiday every second week instead of every week.

East Tawas—Frederic F. French, president of the East Tawas village board for 25 years and former prosecuting attorney of Isosco County, who suffered a stroke of apoplexy, died without regaining consciousness. He was formerly a banker and dry goods merchant.

Kalamazoo—Ralph Jabusch, 19-year-old automobile bandit of Detroit, was sentenced to from five to 15 years in Marquette prison. Jabusch was arrested after he had assaulted L. S. Stewart of Battle Creek, as the latter was towing into Augusta a machine in which Jabusch with two men and two women, had been riding.

St. Clements—With oil being found in several parts of Macomb county, Detroit men have optioned about 1,000 acres of land west of Selkridge field. Test wells will start soon. The land is in the vicinity of the ground purchased by the Dodge Brothers, where it is reported the company will establish an automobile factory.

Lapeer—More than \$6,000 worth of suits and overcoats were taken from the Bowen clothing store here, by motor truck bandits in an early morning raid. The robbers, evidently men, members of the same gang which burglarized the Brown City Co-operative Co., and other stores in this vicinity, used trucks to haul away their loot.

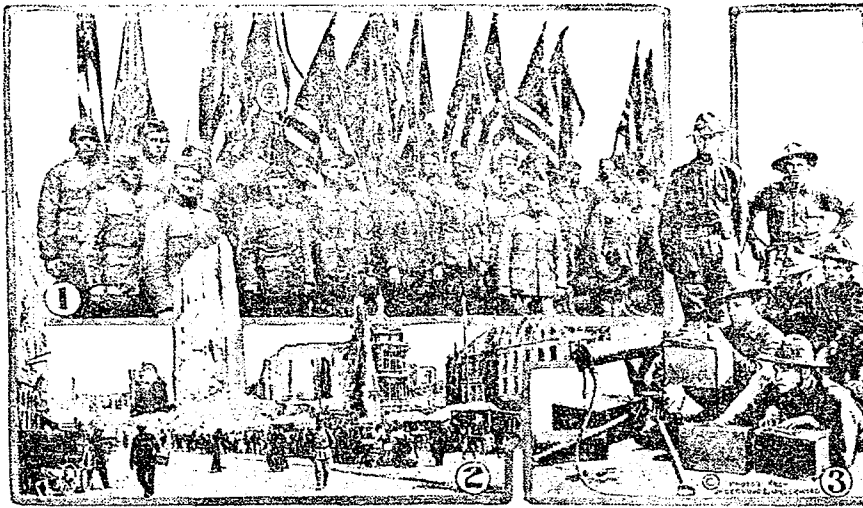

Detroit—An organization unique in high schools, is the Student Council at Northeastern High School. The council is composed of 12 students who meet each week under the supervision of a faculty member. The purpose of the council is to consider rules and regulations of the school, to ascertain whether they are beneficial to the students in general. Both faculty and students co-operate with the Student Council.

Saginaw—The Werner Pflaender Co., manufacturers of baking and other machinery, has been sold by the enemy alien property custodian to Donald A. Davis, representing New York banking interests, for approximately \$300,000. The company was German owned and was engaged in Allied war work until the signing of the armistice. Warner was a colonel in the German army. The plant here will be continued and developed.

Detroit—Return of 5,000,000 eggs seized by federal agents August 21 at the plant of the Detroit Refrigerating company to the H. L. Brown company, of Chicago, which claimed them, was authorized by Judge John M. Killita, of Toledo, presiding in federal court in the absence of Judge Tuttle. The company has agreed to proceed with sales and make detailed reports, according to United States District Attorney John E. Kinnane.

Caro—After enjoying the privileges of physical connection between the two telephone companies and their exchanges here for several months, the convenience has been discontinued owing to the unfriendly relations between the local exchanges. The action is contrary to the orders of the Public Utilities Commission. Business concerns and individuals are planning to take their case to Lansing since the difference arose last spring telephone service through both exchanges has been poor.

Detroit—Beef and pork ought to be at least eight cents a pound lower in price than last May, according to a representative of one of the "Big Five" Chicago packing houses, who testified in the food and jury investigation being held by Justice Heston and Chief Assistant Prosecutor Allan P. Cox. He asserted that quality for quality, beef had dropped eight cents a pound wholesale. Pork averaged the same reduction to the retailers, and he prophesied that the prices would not go up this fall.

1—Colors of the famous First division that was led in parade by General Pershing in New York. 2—First public market opened in the square of Arras, France, amid the ruins. 3—State troops with machine gun in action against mobs during a race riot in Knoxville, Tenn.

NEWS REVIEW OF CURRENT EVENTS

Peace Treaty Reported to the Senate for Ratification With Alterations.

MINORITY REPORT ALSO MADE

President Wilson's Harsh Words Against Opponents Call Forth Replies—Treaty With Austria Is Signed—Fatal Strike Riots in Hammond and Boston.

By EDWARD W. PICKARD.

Whether or not it was to the cause of the treaty any supporters, President Wilson's tour already has had one important result. It has induced the senate committee on foreign relations to release its grip on the pact and report it to the senate for action. No light over the treaty is now transferred to the floor of the upper house. How long final action there will be delayed no man can tell.

The majority report of the committee, representing the views of Chairman Lodge and the other radical opponents of the treaty and League of Nations—the latter especially—recommends the ratification of the treaty with four important reservations, as set forth in these columns a week ago, and also it recommends the amendments then mentioned. These amendments and reservations alike, says the report, "are governed by a single purpose, and that is to guard American rights and American sovereignty, the invasion of which would stimulate breaches of faith, encourage conflicts, and generate wars."

That the adoption of amendments would necessitate the reassembling of the peace conference is denied in the report, since the conference probably will be in session for six months more, and it is also asserted that the German delegates could easily be brought back to Paris, and that, as Germany is not a member of the league, she need not be consulted about changes in the covenant.

Saginaw—The Werner Pflaender Co., manufacturers of baking and other machinery, has been sold by the enemy alien property custodian to Donald A. Davis, representing New York banking interests, for approximately \$300,000. The company was German owned and was engaged in Allied war work until the signing of the armistice. Warner was a colonel in the German army. The plant here will be continued and developed.

Detroit—Return of 5,000,000 eggs seized by federal agents August 21 at the plant of the Detroit Refrigerating company to the H. L. Brown company, of Chicago, which claimed them, was authorized by Judge John M. Killita, of Toledo, presiding in federal court in the absence of Judge Tuttle. The company has agreed to proceed with sales and make detailed reports, according to United States District Attorney John E. Kinnane.

Caro—After enjoying the privileges of physical connection between the two telephone companies and their exchanges here for several months, the convenience has been discontinued owing to the unfriendly relations between the local exchanges. The action is contrary to the orders of the Public Utilities Commission. Business concerns and individuals are planning to take their case to Lansing since the difference arose last spring telephone service through both exchanges has been poor.

them could by any possibility be dictated to Germany. To adopt any one of them, therefore, is equivalent to rejecting the treaty.

The report sets forth some of the concessions from Germany which, it says, America would sacrifice. Most of these are acceptances by Germany of action already taken by the United States and which the most ardent advocate of the treaty would not suggest that the United States would reconsider even if Germany withheld its assent. The really important point brought out in this connection was that unless we are a party to the treaty we will have no membership on the reparations commission, which for years to come will have enormous control over the trade and commerce of Germany with other nations.

President Wilson, moving steadily toward the Pacific coast, is striking telling blows in behalf of the treaty and is meeting with enthusiastic receptions everywhere. His admirers, however, cannot fail to regret that he is descending to rather undignified abuse of those who oppose his policies, and that he resorts to specious argument in opposing to special interests, as when he told the farmers of North Dakota that if the treaty were not ratified Europe would not buy their wheat.

Mr. Wilson's harsh words against his opponents called forth instant response from Senator Kenyon in the senate and from Senators Borah, Johnson and Mc Cormick, who opened the speaking tour of the reservationists in Chicago. The president had called the senators who demand reservations in the treaty "contemptible quitters," and Kenyon heatedly declared the "most contemptible quitters in the history of the world were those who assembled with high ideals at the Paris conference and permitted Japan to take over Shantung."

Johnson also took this as his text and to the noisy delight of a huge Chicago audience undertook to show that it was President Wilson who was the quitter, in that he had gone across the sea with high ideals of open covenants, freedom of the seas, removal of economic barriers, reduction of armaments and self-determination for all peoples, and had come home with just what was handed to him.

Senator Norris of Nebraska took a whack at the president in a speech in the senate, bitterly attacking the expenditures of the peace delegation. He said Mr. Wilson "spent money in Paris like a drunken sailor," called attention to the payment of \$100,000 to Bernard Baruch as a special adviser, and added: "Besides engaging an expensive retinue of 1,500 people as advisers whose advice he did not take, the president had a glass roof put over the George Washington and took musicians from the Hotel Biltmore in New York to play for him while he was going over to Europe."

Dr. Karl Renner, on behalf of Austria, signed the peace treaty with that new party country, but the signatures of Romania and Czechoslovakia were withheld for the present. Romania objects to the clauses guaranteeing equal civil rights to Jews and other religious and racial minorities, and the Serbians were waiting for the formation of a new cabinet at Belgrade. There was no indication of hard feelings between the allied representatives and Doctor Renner at the ceremony, and the latter accepted the treaty with the hope that before long Austria would be given easier terms, and perhaps the right of self-determination and permission to unite with the German republic.

Germany, in reply to the peace conference's objection to the article in the new German constitution providing for the re-creation of the Reichsrath, said the article would remain ineffective. The conference answered that this was not enough, that the article must be expunged, but this second warning was not expressed so forcibly as had been intended, owing to the objection of Mr. Pick. However, Germany cannot but yield. The government in Berlin evidently expects a new Starbuckis uprising in the near future, for the Kesk guards have been making secret preparations, and guns have been placed at bridges and other strategic points. This "revolution" had

been scheduled for October but probably the date has been advanced.

The latest news from Russia, which, however, comes from bolshevik sources, is that 12,000 of Admiral Kolchak's men have been captured by the reds and the surrender of the remainder of his southern army is expected. In northern Russia the situation of the anti-bolsheviks is desperate. The Americans have left and the British are rapidly completing their evacuation of the Archangel region. A delegation from the municipal and zemstvo organizations of that district has reached London and made a pathetic appeal against the withdrawal of allied help.

The Roumanians, at last reports, had not yet withdrawn their troops from Hungary and their actions and language continue to be defiant of the allies. They claim to be acting as a barrier to the waves of bolshevism that threaten to flow over Hungary from the east. The Serbians, it is reported, are growing very bitter against Roumania and are talking war and moving up their artillery to the frontier. An interesting story comes from Vienna of the arrest in Prague of the leaders in a monarchist plot that is believed to include Austria and Hungary and with which the Archduke Joseph party is said to be allied. It is rumored the intention was to put former Emperor Charles back on the throne.

General Pershing's return to the United States was the occasion of a tremendous demonstration in New York. Lasting over three days and culminating in an impressive parade of the First division, "first to enter the war and last to leave," led by the gallant commander in chief, when Pershing landed at Hoboken he was presented by Secretary Baker with his commission as general, and on Thursday, September 18, he will be received by both houses of congress in joint session and will be told formally how much the country appreciates his distinguished services in accomplishing a great task with all credit to the American nation.

The industrial sky was pretty dark last week, and indeed storms broke at several points. In Hammond, Ind., the striking employees of the Pressed Steel Car works engaged in rioting and three of them were killed by the state troops and police. Then the members of the police force of Boston, who had joined a labor union in defiance of regulations went on strike, and immediately the disorderly elements of the city began pillaging stores, attacking women and indulging in other riotous demonstrations. The local police were unequal to the emergency and the mayor called for the assistance of the state militia. Several regiments were mobilized and went into action against the mobs, seven persons being killed in the fights. All other labor unions in the city threatened to go on strike in sympathy with the police. The firemen also said they would quit if the policemen asked it.

As Chairman Gary of the United States Steel corporation disapproved was odorous in his refusal to meet with the advisory committee of the steel workers, despite the efforts of President Wilson and others, the committee called a strike of all union employees of the corporation for Monday, September 22. The strike order will go into effect unless concessions satisfactory to the unions shall be made before that time by the corporation or President Wilson shall succeed in persuading the workers to postpone it. Through Secretary Trimble, the president urged on Samuel Gompers the wisdom of putting off the strike until after the industrial conference that is to meet in Washington early next month. Mr. Gompers was in Dorchester, Mass., where he was called by the death of his father, and at the time of writing it was not known what would be his attitude in the matter.

There was joy in Chicago over the ending of the long tie-up in the building industry. The carpenters, whose refusal to work for less than \$1 an hour caused the trouble, agreed to return to their jobs for the fall, on an hour offered by the contractors, until next May, when there will be a readjustment. The settlement permitted the resumption of building projects involving many millions of dollars.

GIGANTIC STEEL STRIKE STARTED

WORKERS IN TWO CLEVELAND SHOPS ARE FIRST TO WALK OUT.

EFFECT OF TIE-UP NATION WIDE

Both Sides Determined to Hold Out—Strikers Blame E. H. Gary—Riots in Pennsylvania.

Cleveland, O.—The national steel strike was launched here Sunday at midnight when two big mills ceased operations.

All indications pointed to a strike of very large proportions.

Both Sides Determined.

Pittsburgh—The nation-wide strike in the steel industry finds both sides in the contest apparently prepared for the battle.

William Z. Foster, secretary of the national committee for organizing iron and steel workers, late Sunday sent a telegram to Governor Sprout protesting "unwarranted attacks" by the state police on the strength of the clashes between members of the constabulary and iron and steel workers and sympathizers at North Clairton and McKeesport.

It was expected that several hundred thousand men would head the order to strike, although the estimates of the employers and union organizers varied.

National leaders of labor unions involved have long prepared for the strike in the event they could not make a settlement. They say they are prepared for a bitter battle and would not have gone into it if they were not sure they could sustain the struggle.

Large sums of money will be required to finance the strike. Confidence has been expressed that money will not be lacking.

Strikers Blame Gary.

Pittsburgh—Labor leaders, after a series of conferences last week, sent a letter to President Wilson stating that the strike of steel workers, set for September 22, had to be called principally because of the uncompromising attitude of E. H. Gary, chairman of the U. S. Steel Corporation.

The demands of the men are: Right to collective bargaining. Re-instatement of men discharged for union activities.

An eight-hour day. One day's rest in seven. Abolition of the 24-hour shift. Increase in wages sufficient to guarantee American standard of living. Standard scales of wages in all trades and classifications of workers. Double rate of pay for all overtime, holiday and Sunday work. Abolition of company unions. Abolition of physical examination of applicants for employment.

MINERS ASK U. S. OWNERSHIP

Demand That Government Take Over and Operate All Mines.

Cleveland, O.—The convention of the United Mine Workers of America has developed its plan for the nationalization of coal mines, which includes purchase by the federal government of all private mines at their actual value as determined by federal appraisers and operation by the federal government with equal miner representation on the bodies administering the industry and fixing wages and conditions of employment.

Nationalization of coal mines in Canada also is proposed. The miners offer right of way to nationalization of railroads, provided the railroad brotherhood pledge themselves to continue the fight with equal vigor for the nationalization of mines.

Action was taken by unanimous voting vote.

DUCK HUNTER SHOTS WIFE

Hurried Shot At Fowl Fatal—Woman Instantly Killed.

Detroit—Aiming to bring down a last duck to equal the game his hunting partner, Woodward Lawson, 32 years old, accidentally shot and instantly killed his wife, in a marsh off Island Lake Sunday morning.

Mrs. Lawson had just espied a duck, and was pointing her finger at it, when her husband, taking hurried aim, shot in the direction of the game. His wife, who was in the immediate path of the shot, received the full discharge in the back of her head.

Mrs. Lawson was 30 years old. She leaves an eight-year-old daughter.

Macomb Quiz Reveals Profitteering.

Macomb Prosecuting Attorney Johnston says investigations of profiteering by Macomb County food dealers, conducted by Forest Quick, of the fair price committee, shows that a number of the dealers are using short measures. As to food prices, the investigation shows that dealers are not making excess profits, according to Johnston. On meat sales, it is said price gouging in the county has been rampant, and that the meat profiteers have been reported.

JOHNSON QUITS WILSON'S TRAIL

Returns to Washington to Lead Anti-League Fight in Senate.

SPEAKS TWICE IN MINNESOTA

Cuts Tour at Duluth and Starts for Capital Regardless of Telegrams From Lodge and Knox to Continue Trip.

Duluth, Minn., Sept. 26.—Senator Hiram Johnson announced at the conclusion of his speech here that he would not complete his speaking engagements in the West, but would return to Washington to lead the fight in the senate for the adoption of his amendment to the League of Nations covenant relative to the voting power of the United States and England. He made the decision regardless of telegrams from Senator Lodge and Senator Knox urging him to continue to the coast and assuring him they would champion his amendment.

Duluth, Minn., Sept. 26.—As Senator Hiram Johnson's speaking campaign against unreserved ratification of the League of Nations covenant approaches its termination, it becomes evident that the Californian has definitely sounded the sentiment of the middle West on the subject of ratification.

In his two addresses in Minnesota—in the morning at St. Paul before the state legislature sitting in joint session and at night here before an audience that packed the local armory—the attitude of those who heard him was positive, and apparently representative of that of the people of the state. And the members of the Minnesota house and senate and the men and women who made up his audience at Duluth, again and again answered his attacks upon the league and the peace treaty by getting on their feet and shrieking approval of his arguments.

The senator believes that the situation as he seems to have found it in Minnesota is similar to that in every other state he has visited. He is convinced, he says, that the people here are against full acceptance of the covenant and against it by large majority, although they were openly for the league two months ago.

Change of Attitude.

"This change of attitude," he said here, "has been brought about not by me or by my oratory but just because the real truth about the league is at last becoming a matter of common understanding."

A reflection of the shift of opinion in this state was seen during the general assembly address. Several months ago the Minnesota state legislature passed a resolution endorsing the league and pledging support to the president's program for unreserved acceptance of the document. During the speech all but several members of the assembly jumped to their feet upon four occasions and shouted and stamped their feet as Mr. Johnson called for allegiance to his anti-league doctrine, which he proclaimed as "just America."

In the morning he spoke to the representatives of the people of the state. In the evening he addressed the people directly. Like the morning address, the night speech was received with intense enthusiasm. The armory, which normally seats 4,000 persons, contained a crowd estimated at 5,000.

"We are the only solvent, going national concern," he said, "and yet we have formed a partnership with bankrupt nations. And these bankrupts, after our late experience in meddling and muddling in European and Asiatic politics, have come secretly to detect us and to despise us."

Could Compose Better League.

Several times in his speeches, he has said he would have composed a League of Nations covenant that would not be an affront to America and would represent the people of the world, rather than the rulers. Along this line he suggested that a "war referendum" would be an ideal element in such a proposed document, provided that every signatory agreed to it.

"Give the women of the world, who bear the greatest burdens of a war, opportunity to decide whether they will send their sons and husbands against the sons and husbands of others," he suggested, "but this present league does not consider the people of the world nor the mothers and husbands of the soldiers of the generation, nor the next. This league goes further from the people, rather than closer to them; it is a league of rulers, sitting in secret, formulating war plans in order to maintain their territorial grabs and to reach out for further gains."

A Use for Kings.

In Britain the storekeepers observe a curious custom of putting a tiny porcelain slipper in their cakes. A few American soldiers in Rennes bought one of these cakes, and while eating it one of the Americans bit the slipper.

"What does this mean?" he asked of the young undersoldier.

"Monseur, you are the king."

"The king? What does the king do?"

"Oh, monseur, the king pays for the cake."—Boston Post.

Ford

THE UNIVERSAL CAR

The Ford One Ton Truck is serving business just as faithfully and economically as does the Ford Touring Car serve all the people faithfully and economically. The Ford Truck is a necessity to the grocer both in delivering goods and in bringing goods from the stations, docks and from the country. It is an ideal motor car because there isn't a want of the farmer or business man that it doesn't supply in the way of quick transportation at a minimum expense. Come in, examine the Truck, and let us talk over the subject.

LOCAL NOTES

A. N. Morton is confined to his home on Jefferson street by illness.

J. H. Boyd is having a residence built on his farm on the Manchester road.

Rev. P. W. Dierberger was called to Seward, Neb., Tuesday night by the sudden death of his father.

Honoring Miss Winifred Stapish, a miscellaneous shower was given Saturday afternoon by Miss Florence Holt.

J. J. Steen, who has been in the employ of the Chelsea Steel Ball Co. for the last two years, is in the hospital at Ann Arbor, and his condition is considered critical.

The Chelsea Steel Ball Co. has the foundation for the addition to the plant completed, and the steel structural work is on the ground and the workmen are putting it in position.

There will be a meeting of the American Legion at Firemen's hall tonight. Every ex-service man in this vicinity is urged to attend. The Post at this place now has a membership of eighty-eight.

The members of Herbert J. McKane Post, American Legion, are making arrangements to give a series of dancing parties in Macabbee hall, every other Saturday evening during the winter months.

Mr. and Mrs. W. H. Hammond were surprised Monday evening when a number of their friends from Ann Arbor called to spend the evening, the occasion being Mr. Hammond's sixty-fifth birthday. They brought lunch with them, and remained until just time to catch the last car for their homes.

An automobile driven by Miss Nica Roode, who was accompanied by the Misses Gertrude Eppler, Gladys Schenk and Phyllis Wedemeyer, was overturned at the junction of Main and Orchard streets last Thursday evening. No one was seriously injured and but small damage was done to the auto, which was the property of Adam Eppler.

The Teachers' Institute for Washtenaw county has been called by Supt. T. E. Johnson for October 15 and 16 and will be held in Ypsilanti. The conductor of the Institute is President Charles McKenny, of the Ypsilanti State Normal College, and the instructors, O. T. Carson and P. C. Packer.

John Horvett, who a few weeks ago slashed the face of Michael Risko, was brought here from Ohio, where he fled after the affray, was taken before Justice Howard Brooks, Friday, and bound over to the circuit court, October term. At the time of the fight both men were employed on the night shift at the cement plant.

Prosecuting Attorney Jacob Fahrner has notified the dealers in firearms that no revolver can be sold without a written permit for the purchase. A stiff penalty is provided for violation of the law regarding the sale of firearms. Permits for the purchase of revolvers can be secured from the chiefs of police in Ann Arbor and Ypsilanti by residents of these cities, while residents from other parts of the county must secure a permit from the sheriff.

The peculiar cloud formations preceding the storm of Saturday afternoon, caused many of our citizens to speculate on how long it would take them to reach the cellar. The clouds were moving in all directions and it sure did look tough for the cyclone insurance companies, but the whole business staid in the air and no damage was done. Around Waterloo it is reported that a number of trees were blown down. Sunday we experienced one of the heaviest rainstorms of years.

All of the most successful auction sales last season in this locality were advertised sales. Besides getting out the usual bills the proprietors used liberal advertising space and got corresponding results. An auction used to be just a neighborhood affair, but now buyers come from much longer distances, with very little trouble. But they need to be told about the sale and all the details. Everybody knows what a difference a few buyers will make, and there are never too many. The better your advertising is done the better the results. The Standard is ready to help you get results.

A gathering of the family of Mr. and Mrs. Fred Kantlehner was held at the home on South Main street, Sunday, in honor of the seventy-seventh birthday anniversary of Mr. Kantlehner. The following children and their families were present: Mr. and Mrs. G. F. Brosnamb, Mr. and Mrs. C. E. Kantlehner and daughter, Mr. and Mrs. George Kantlehner, of Detroit, Mrs. Minnie Glenn and children of Highland Park, Mr. and Mrs. William Kantlehner of Lansing, Rudolph Kantlehner of Jackson, Mr. and Mrs. John Kantlehner and son, and Mrs. W. F. Kantlehner and daughter of Chelsea.

SCHOOL NOTES.

This is examination week. Miss Roode's arm is well on the way to recovery.

The sophomore class organized with Mr. Martin as their adviser, and the following officers: President, Herbert Huchl; vice president, Irene Sager; secretary, Nellie Fahrner; treasurer, Emily Weinmann.

The eighth grade organized last week with the following officers: President, Helen Goetz; vice president, Harold Brooks; secretary, Florence Abdon; treasurer, Russell Shepherd. They elected Mrs. Dancer as their class adviser.

The pupils are now reading books for reports. The library is rather limited, so the pupils find it hard to get classic reading. If any patron has classics in their homes and would loan same to careful pupils, it would be greatly appreciated by the English department. "The Last Days of Pompeii" and "Quo Vadis" are especially wanted. If patrons find this possible and satisfactory, please send word to Miss Roode.

Autumn arrived on schedule time Sunday, and the equinoctial storm came with it.

Mrs. D. C. McLaren is entertaining the Cytherians this afternoon, at her home on East Middle street.

Mrs. G. P. Staffan entertained the Five Hundred Club last Thursday evening, at her home on Park street.

W. H. Benton has purchased a residence at 1011 West Ganson street, Jackson, and will move there in about two weeks. They state that they will be pleased to have their Chelsea friends call on them after they are settled in their new home.

Howard Canfield has purchased the residence property on Congdon street which was recently acquired by Wm. Cassidy.

F. L. Riggs and son, Vernard, of Detroit, spent the week-end with Mr. and Mrs. H. J. Heininger, Mr. and Mrs. Jas. Richards and Mrs. Lydia Seeger.

Mrs. Catherine Sullivan, who has been spending some time at the home of her brother, Jas. Shanahan, of Lyndon, returned to her home here Saturday.

Wesley Smith, who has been in the Michigan Central train dispatcher's office at Detroit for the past month, has returned to his position as operator here.

Arthur Young captured one first, two second and one third prize at the Washtenaw county fair last week for New Zealand rabbits. He also received a special for the best exhibit.

Two foreign laborers at the cement plant went to Toledo last Tuesday and while there each of them purchased five gallons of whiskey for which they paid \$20.00 per gallon. On their return they were captured by officials in Ann Arbor. They were fined \$50.00 each and costs, and their whiskey was confiscated. Both men returned to their work at the plant Friday.

Mrs. Clark Fraer, who was injured in an automobile wreck on the Michigan Central crossing near the home of Fred Notten, west of Chelsea, on Monday of last week, died at the home of Mr. and Mrs. Notten, Friday morning, September 20, aged 46 years. The remains were taken to her home near Napoleon, from which place the funeral was held Sunday. Her brother, Leonard Watkins, who was injured in the wreck, is now recovering rapidly.

With a steady stream of new students arriving by every train and an unusually large number of old students returning, the question on the lips of every member of the University of Michigan faculty is, "Where are we going to put them all?" Landladies are flooded with calls for rooms for both men and women and some of the students forehauded enough to rent rooms at a reasonable price last June are returning to find that their landlady has been offered two or three dollars more for those rooms and that they must pay more or vacate to somebody who is willing to pay. Never in the history of the university has there been such a rush of students so early in the season.

ANNOUNCEMENTS.

B. V. R. C. will meet with Miss Kathryn Hooker, Monday evening, September 29.

Regular meeting of Olive Chapter, No. 140, Royal Arch Masons, 7:30 p. m., Friday, October 3.

Lafayette Grange will meet Thursday, October 2, at the home of Mr. and Mrs. Wm. Pritchard. The same program will be followed that was outlined for the September meeting. Election of delegates to the county convention.

Ypsilanti Charles Farley and wife are being sought by the police for leaving their child with a friend at Farmington, and telling him they intended to come to Ypsilanti on a short visit. They have not been seen here and officers believe they have abandoned the child.

YOU WILL MARVEL AT THE BEAUTY OF OUR NEW FALL AND WINTER SUITS AND COATS WHEN YOU COME IN AND SEE THEM.

COME IN. IT WILL BE A PLEASURE TO SHOW THEM TO YOU.

YOU WILL ALSO MARVEL WHEN WE TELL YOU THE LOW PRICE ON OUR HIGH QUALITY GARMENTS. AND RIGHT THEN AND THERE YOU WILL BUY YOUR NEW OUTFIT FROM US AND SEND YOUR FRIENDS TO OUR STORE.

W. P. Schenk & Co.

You Can Economise in Clothes

The high cost of clothes is not the price you pay for them; it's what you get for your money.

If the clothes don't wear, don't give you good service, they're expensive at any price. You can reduce the cost of clothes by being particular about what you get for what you spend.

Get all-wool fabrics and high-class tailoring; nothing else wears so well. Get good style; a good appearance is economy. You'll get all these things here in Hart Schaffner & Marx clothes: complete satisfaction or money back.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

MILLIONS Suffer from Acid-Stomach

Millions of people suffer year after year from ailments arising directly from the part of the body known as the stomach. Health can be traced directly to acid-stomach. There is the reason why one means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, stagnant. Ailments of many kinds spring from such conditions. Biliousness, indigestion, flatulency, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—more serious ailments such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach. It is a sharp lookout for the first symptoms of acid-stomach—indigestion, heartburn, belching, food repeating, that awful bitter blast after eating, and the easy stomach. EATONIC, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach ailments. Thousands say they never dreamed of anything better than EATONIC. It is a sure and make them feel much better in every way. Try EATONIC and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling—well and strong. Get back your physical and mental health. EATONIC is the only stomach remedy that will bring such results. You eat them like a bit of candy. Your stomach has EATONIC—50 cents for a big box. Get a box from him today and if you are not satisfied he will refund your money.

Rheumatism—Pay When Relieved. Postmaster: Send no money. 1211 West 12th St., Minneapolis, Minn.

NEW SOMETHING ABOUT IT

Englishman Nerd Not Have Been Surprised at Acquaintance's Knowledge of "Jim Bludso."

In his book, "Winning Memories," Sir Evelyn Wood relates how he once met a quiet American gentleman in England, and they began to talk of American poetry. Sir Evelyn mentioned the well-known poem "Jim Bludso," which he highly eulogized.

"My enthusiastic praise of the poem excited I thought, an appreciative purr in my companion, but he remarked quietly:

"Jim was a fine fellow."

"I said, 'Or our author made him say?'"

"Oh, but he was!"

"Why, was he real?"

"Yes, I knew him well."

"But don't you think that the poet embellished Jim's act?"

"No, I am sure he did not."

"Well, but how can you be sure?"

"And he replied quickly, 'I wrote it.'"

The gentleman to whom Sir Evelyn was speaking proved to be Col. John Hay, author of the "Pike County Letters," who was then the United States ambassador in London.

Fell Down.

"BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safely relieve Headache, Toothache, Earache, Neuralgia, Colds and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacture of Monacette-Neidester of Salzigheide—Adv.

Forecasting a Funeral.

Black is the greatest blunderer in making excuses we ever know. The other day a lady he did not particularly care for met him and said: "We shall be back from the beach pretty soon, and I'd be glad to have you come and lunch with us. Suppose we make it Thursday, three weeks from today." Wishing to get out of it, Black stammered: "Ah—er—let me see—three weeks from today, you say? Oh, I shall be going to a funeral on that day." Boston Transcript.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper—Adv.

WAR HAD WROUGHT CHANGE

Doughboy Found It Hard to Realize the Difference Two Years of War Had Made.

A new story of the Red Cross bug comes from Harvey D. Gibson, former Red Cross commissioner for Europe and president of the Liberty National bank of New York. He got the story from one of the workers in a hospital but in Dijon. Everybody who has even seen a wounded soldier knows the bag of gauzy ordonnance with the little Red Cross in the corner. In which each boy keeps the bit of shrapnel the doctor dug out of his knee, the last letter from home, the picture of his girl, his toothbrush and all his most cherished possessions. One of the boys in the Dijon hospital had just been presented with his bag, a pink and white one. He accepted it gracefully, then he began to laugh. "Say," he declared, "if someone had told me two years ago that I'd be a-goin' to war with a wrist watch on one wrist and a bracelet!"—he held out his identification disk—"on the other and a crotome bag in my hand! Say, I'd have passed him one!"

In Vain.

He had fairly puzzled the good village folk, but that clever ventriloquist, and now he was going to perform his last and greatest feat.

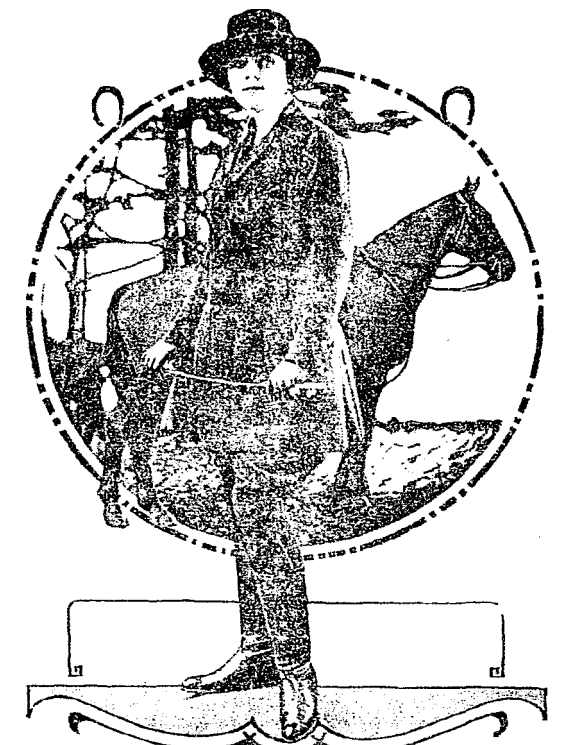

"Ladies and gentlemen," he announced, with a grand bow, "I will proceed to sing that famous ballad, 'Goodbye,' in my lady's voice, which will appear to proceed from the empty air above your heads."

The minutes passed. Looks of strain and agony, doubt and anger chased one another across the performer's face; but there was no song.

Then a voice suddenly broke the silence.

"That's no good, guv'nor," it said. "Fell 'idin' no lost the gramophone needle."—Answers.

Youthful Riding Habit for Fall

Of all seasons of the year autumn is the most alluring to the woman or girl who rides horseback; cool, bright days, without the heat of summer, or the chill of winter, a world arrayed in gorgeous colors and air that stimulates and enlivens, make it a joyous time for horse and rider.

Some of the riding habits for fall seem to interpret the season in their colors and texture. The browns and browns of oak leaves are translated into warm, rough fabrics that give a sense of comfort for frosty mornings.

A youthful model in a riding habit for fall is shown in the picture above. It is made of a heavy, rough-surfaced cloth, tweed apparently, in a brown check. The coat sets snugly with a flaring skirt that is quite full in the back and is shorter than usual. It has flap pockets and fastens with three buttons at the front below narrow covers. The riding breeches that but-

For Those in Mourning

There is considerable difference of opinion among people as to the propriety of wearing mourning apparel. It is a difference that cannot be settled one way or the other so long as mourning does not signify to some people what it does to others. The wearing of mourning is not a matter of fashion, but an expression of sentiment, and therefore each person is privileged to decide for himself whether it is fitting and appropriate or not.

Mourning hats must always be conservative in size and in style, avoiding all extremes. They require the most exact and painstaking workmanship and are made of distinctive materials.

For first mourning crepe, in black or white, is used, and since it is not used for any other kind of apparel it has become the insignia of mourning. It appears in combination with other silk fabrics in garments and in millinery and is shown here in three of the four hats pictured. One of these has a medium wide drooping brim and soft, draped crown of black crepe, with brim facing of white crepe. There is a small embroidered flower motif set on the front of the crown as a trimming.

A combination of crepe and dull finished silk appears in a toque with flexible top—crown of crepe and the sides of the shape covered with bias folds of the silk. A flat, symmetrical bow of ribbon makes a trimming in keeping with the precise, even folds and perfectly fitted brim facing.

Julia Bonnelly

BACK LIKE A BOARD? IT'S YOUR KIDNEYS

There's no use suffering from the awful agony of lame back. Don't wait till it "passes off." It only comes back. Find the cause and stop it. Diseased conditions of kidneys are usually indicated by stiff lame backs and other wrenching pains, which are nature's signals for relief.

Here's the remedy. When you feel the first twinges of pain or experience any of these symptoms, get busy at once. Go to your druggist and get a box of the pure, original GOLD MEDAL MARIEN OIL CAPSULES, imported fresh every month from the laboratories in Marien, Holland. Pleasant and easy to take, they instantly attack the poisonous germs clogging your system and bring quick relief.

For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three sizes. Money back if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box—Adv.

The Stilly Night.

The most consoling thing about going to the movies is seeing so many women in the pictures opening their mouths and not saying a word you can hear.

GREEN'S AUGUST FLOWER

In the good old summer time when fruits of all kinds are getting ripe and tempting, when cucumbers, radishes and vegetables fresh from the garden are too good to resist, when the festive picnic prevails and everybody overcasts and your stomach goes back on you, then is the time for "August Flower," the sovereign remedy for tired, overworked and disordered stomachs, a panacea for indigestion, fermentation of food, sour stomach, giddy headache and constipation. It gently stimulates the liver, cleanses the intestines and alimentary canal, making life worth living. Sold everywhere. Adv.

Wearisome Rivalry.

"You never complain of the weather," "Why complain? The best you can do is to start somebody in an effort to show that he is a more accomplished klicker than you are."

Cuticura for Pimply Faces.

To remove pimples and blackheads smear them with Cuticura Ointment. Wash off in five minutes with Cuticura Soap and hot water. Once clear keep your skin clear by using them for daily toilet purposes. Don't fail to include Cuticura Talcum.—Adv.

Were it not for the things we are going to do life would not be worth living.

SAILORS SWEAR LESS

As Term in Navy Extends Profanity Decreases.

Boys New in the Service Are Most Profane. Noted Chaplain Declares.

Santa Barbara, Cal.—The profanity of the average sailor—if he is profane at all—decreases as his service in the American navy lengthens, according to Capt. E. W. Scott, chaplain of the new Pacific fleet.

"The boys who have just entered the service are usually the most profane," according to Captain Scott, who has been in the naval service 15 years, and who is, besides Capt. M. C. Gleason of the Atlantic fleet, the only fleet chaplain in the American navy.

"The boys try to make the older men already in the navy believe they, too, are old and experienced, and they think the use of profanity the surest way to accomplish the result."

The work of the chaplains in the navy, Captain Scott said, is along a "big brother" line. They deliver talks at the Sunday services aboard ship that might not be recognized by regular church attendants ashore. They speak to the men in the service in what they know are the terms of the men in the service. They try to solve their problems and to direct them to clean thinking, clean speaking and clean living.

They urge them to industry and to take advantage of the advantages offered for promotion.

Until three or four years ago, according to Captain Scott, there were only 24 chaplains in the navy. He was one of them, having some years before left the Yale divinity school for a naval post. In 1914, a ruling provided for a chaplain to every 1,200 men, so the number grew to 180 during the

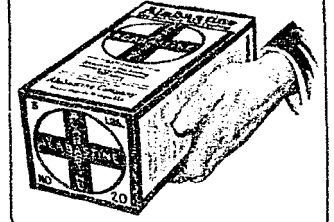

EVERY COACH A SMOKING CAR

English Railroads Make Concessions to the Increasing Use of Tobacco by Women.

London.—So many Englishwomen have become confirmed smokers that in recent months railway employees have hesitated to enforce the rules against smoking in certain carriages, and it has come to be accepted that if the women passengers do not object every compartment becomes a "smoking car."

The Great Eastern railroad, whose general manager is Gen. Henry Thornton, formerly of the Pennsylvania and Long Island systems in America, is the first of the railroads to change the existing order and move for a return to prewar conditions.

The Nationally Accepted Wall Tint

We Hand You the Package That Puts Health and Cheerfulness in Your Home

Smoked, grimy, papered, painted or kalsomined walls are a menace to health and offensive to the discriminating housewife.

Alabastine is so economical, so durable, so sanitary, so easy to mix and apply that it is universally used in securing proper wall conditions.

Alabastine is used in the homes, schools, churches and on all kinds of interior surfaces, whether plaster, wallboard, over painted walls, or even over old wallpaper that is solid on the wall and not printed in aniline colors.

Alabastine is packed in dry powder in full five pound packages, requiring only pure cold water to mix, with directions on each package. You will readily appreciate the economy of Alabastine over other methods, and remember it is used in the finest homes and public buildings everywhere. Be sure you get Alabastine, and if your dealer cannot or will not supply you, write direct for sample card and color designs with name of nearest dealer.

New walls demand Alabastine, old walls appreciate Alabastine.

Alabastine Company
1040 Grandville Ave. Grand Rapids, Mich.

It is folly to tell a man who has the toothache that misery loves company.

Many lasting friendships are due to the distance between them.

DISCOURAGED

Mr. Reuter Was Almost Helpless From Kidney Trouble, But Doan's Made Him Well.

"I was in terrible shape from kidney trouble," says D. Reuter, North St., West Chicago, Ill. "I couldn't sleep because of the awful pains in my back and the steady, dull misery almost drove me frantic. I had to be helped out of bed mornings, the pains across my kidneys were so bad and nobody knows the agony I went through. I couldn't do anything and was almost helpless. I seemed I would never get well. At times everything in front of me grew dark and I couldn't see for general minutes. I perspired profusely and I was thirsty all the time. The urine passed far too often and burned like scalding water. The passages were scanty and I had no control over them."

"For two years I suffered, trying medicine after medicine without relief. I was just about discouraged and didn't think I would ever be able to work again. Hearing about Doan's Kidney Pills I used them and four boxes cured me. My kidneys became normal, my back grew well and strong and all the other troubles disappeared."

Sworn to before me.

war. It is expected the new Pacific fleet when complete will have 20 or 25 chaplains of various religious denominations.

Captain Scott formerly was stationed at San Francisco.

Wow! Eggs 80 Years Old.

Fayette City, Fla.—Eggs believed to be more than eighty years old were discovered by workmen who were making alterations in an old homestead here. The eggs were found in a nest between the rafters on the second floor. It is thought they were laid while the house was being constructed. They were blackened from the dust of years.

Like a Looking Glass.

Toledo, O.—A clerk in an automobile sales place sat at the window all day. He noticed every woman who passed seemed to stare at him. Flirting, thought he, as he patted his cowlick down and stared back. His wife passed. She stared, too. Your window makes a perfect looking-glass, she said when she entered the store.

Fixed His Own Sentence.

Visalia, Cal.—Ernest Stevenson, who was arrested on a charge of driving his automobile while in a state of intoxication, fixed his own penalty when he appeared in Judge Clark's court. "What do you think I ought to do with you?" inquired the court. "I think six months in jail would be about right," replied Stevenson. "Well, then," rejoined the judge, "let that be the penalty." Stevenson was taken to jail.

New Substitute for Oil.

A factory has been started in Sweden for extracting oil from schist, thus adding one more to the number of substitutes already on the market. Large quantities of alum schist are found in the district, yielding brazeite and crude oils.

NEIGHBORING

SHARON.

Mrs. Wm. Trolz is spending some time with her sister in Chicago.

Miss Bertha Wahr, of Jackson, is spending some time with her parents.

John Brustle and sons attended the fair at Ann Arbor last Thursday.

Clayton Gieske has a position in Jackson, and expects to move his family there soon.

Mrs. W. Martin of Manchester visited her cousin, Mrs. Wm. Eschbach, over Sunday.

Mr. and Mrs. Henry Uphaus expect to move to their new home at Sharon Hollow in a short time.

Mrs. Gertrude Jacob and little son, of Manchester, spent a few days of the past week at Casper Jacob's.

Mr. and Mrs. Frank Cole, of Brooklyn, spent Saturday and Sunday at the home of Mr. and Mrs. C. C. Dorr.

The mission service of the Lutheran church will be held here next Sunday. There will be a service at 10 o'clock and another at 2:30.

Aviator Goff did not come to Sharon last Sunday. Mr. Washburne has a contract with him to come Sunday, September 28. The plane will land in Grass Lake at 9:30 and from there will fly over Francisco, Chelsea and Manchester, and then return to the Washburne farm, where passengers will be carried all day. There will be a picnic dinner in the grove near the field.

NORTH LAKE.

Mrs. Fred Bahnmiller, and family, Mrs. S. Wood and son, Mrs. Oren Eaton, Mrs. Wm. Grey, Lewis Feldkamp and Miss Amanda Feldkamp attended the Washtenaw county fair one day last week.

Henry Gilbert and Theodore Mohr-lack were Detroit visitors Sunday.

E. C. Glenn spent part of last week with relatives in Chelsea.

A number of people from here attended the fair at Ann Arbor last week.

Mrs. Mary Gilbert and children returned to their home in Detroit Saturday.

Miss Lauretta Heim, of Chelsea, spent the week-end with Miss Johanna Hankard.

Mrs. Max Kambach has been engaged as teacher for district 4, Lyndon, and began teaching Monday.

Wm. Stoffer, of Dexter, who recently returned from overseas, is spending several days at the home of Mr. and Mrs. Homer Stoffer.

Several people from North Lake were in Unadilla Monday evening, where they attended a farewell party in honor of Rev. H. Howard, who will enter college this fall.

Mrs. P. E. Noah and son Lawrence and daughter Mildred returned home last Thursday afternoon, after spending ten days with relatives at Greenville, Shelby and several other northern cities.

NORTH FRANCISCO.

Rev. H. W. Lenz preached his farewell sermon last Sunday evening.

Several from this vicinity attended the fair at Ann Arbor last week.

Herbert Harvey and family called at the home of Frank Moore on Sunday.

Mr. and Mrs. Clarence Lehman spent Sunday at the home of Henry Lehman.

Mrs. Mollie Hoppe, who has been very ill, is reported as being a little improved.

Mr. and Mrs. Philip Fouser spent Sunday at the home of Mrs. Kate Walz of Francisco.

Mr. and Mrs. Fred Mensing and Mr. and Mrs. Peter Young spent last Thursday evening at the home of Mr. and Mrs. Earl Noten.

WATERLOO.

George Prinz has been quite sick for some time.

Miss Vivian Gorton spent a few days of this week in Detroit.

Miss Lucille Gregory, of Lansing, is clerking at the L. L. Gorton store.

Chris Katz and family spent Sunday at the home of Jacob Reithmiller.

Mrs. E. Rhoads and children spent last week at the home of Ernest Moeckel.

The youngest son of Mr. and Mrs. Samuel Haar passed away at midnight, September 22.

Rev. E. Rhoads has returned from conference, and we all welcome him back for another year.

Mr. and Mrs. Raymond Coulter of Detroit, spent the week-end at the home of Mr. and Mrs. L. L. Gorton.

Mr. and Mrs. Arthur Walz and children attended the funeral of their uncle, George Walz, of Munith, on Sunday.

Rev. E. E. Rhoads will deliver the first number of a series of sermons on "God so loved the world that He gave His only begotten Son that whosoever believed on Him should not perish, but have everlasting life."

Mr. and Mrs. Lewis Reithmiller of Waterloo entertained at dinner Sunday, September 21, in honor of the latter's birthday. Those present were Mr. and Mrs. David Berry of Leoni, Mr. and Mrs. Will Reithmiller of Munith, Mr. and Mrs. James Ferguson of Leoni, and Mr. and Mrs. John Dixon and family of Jackson. Mrs. Reithmiller was remembered with a useful gift. One of the principal features of the dinner was a birthday cake bearing fifty-eight candles.

LIMA NEWS.

Charles Bass and son, of Freedom, have been in this vicinity filling silos.

Emanuel Wacker spent Monday in Lansing, visiting his brother, who is in a hospital.

Mrs. Godfrey Eisenman, sr., of Freedom, is spending some time at the home of her son Emanuel.

Mrs. Fannie Westfall entertained at her home here last Thursday, Mr. and Mrs. Samuel Tucker, of Chelsea.

Misses Bertha and My Honeck and Miss Dorothy Schanz and Frank Honeck are attending St. Mary school in Chelsea.

Mr. and Mrs. Frank Nisbit, of Detroit, spent Sunday at the home of Mrs. Nisbit's parents, Mr. and Mrs. F. A. Glenn.

Mr. and Mrs. M. L. Burkhardt, Mr. and Mrs. Emanuel Eisenman and family, Mr. and Mrs. Emanuel Wacker and family, Mr. and Mrs. John Schanz and family, Mr. and Mrs. Chris Koch and family, and Miss Eunice Fetterly, and Mr. and Mrs. Emanuel Feldkamp, Mr. and

A BIT OF ADVICE

First Don't Delay. Second Don't Experiment.

If you suffer from backache; headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble they are recommended by thousands. Can residents desire more convincing proof than the statement of a citizen of this locality?

H. E. Steinke, painter and paper hanger, 711 W. Jefferson St., Ann Arbor, Mich., says: "I had occasion to use a kidney medicine about two years ago and as I had heard so much about Doan's Kidney Pills I took them. They proved perfectly satisfactory, entirely relieving me. I am glad to recommend Doan's to anyone subject to a weak or lame back or any other trouble from the kidneys. They cured me and I know they are a good, reliable kidney medicine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills the same that Mr. Steinke had. Foster-McMunn Co., Mfgs., Buffalo, N. Y.

Hear Dr. Colburn, Congregational church, Sunday night.

F. KALOGER.

Stransky's Vaporizer

For Ford Cars

Will Save Gasoline!

The Stransky Fuel Vaporizer is new, it is different, it is patented and guaranteed to save 25 per cent to 50 per cent in your gasoline bill.

The fuel question for the automobile owner is a serious one. Do you want to save from 25 to 50 per cent of your fuel cost? Of course you do. The Stransky Fuel Vaporizer will do this for you and I positively guarantee it.

TEN DAYS' FREE TRIAL.

You are to be the judge and jury. If it doesn't do all I claim for it your money will be cheerfully refunded.

If you are afraid to trust me with the \$25.00 you may deposit the money in your bank and tell them to hold it fifteen days. If, after 15 days' trial, you find the vaporizer will not do what I claim for it, return it to me, go to the bank and get your money. This is fair, is it not?

I guarantee my vaporizer to give as much mileage, speed, power and less carbon than any device on the market today, regardless of price.

AUTOMATIC AND SELF-REGULATING.

The Stransky Vaporizer is automatic and self-regulating. It has two independent valves, No. 1 and No. 2. As soon as the motor starts valve No. 1 will raise and admit the required amount of air in proportion to the amount of gasoline used. When the car attains a speed of fifteen miles per hour, valve No. 2 raises and admits the required amount of air in proportion to the gasoline used. Both valves remain open until the car slows down to fifteen miles per hour, when valve No. 2 closes and valve No. 1 remains open until the motor stops. Both of these valves are equipped with a patented atomizer. The air passes through this atomizer with such force that it shatters every particle of gasoline and converts it into vapor.

This patented automatic and self-regulating feature has made the Stransky Vaporizer famous the world over where automobiles are used.

HOW TO SAVE FUEL.

The majority of carburetors on the market today vaporize only 50 to 75 per cent of the fuel. If you vaporize only 50 to 75 per cent of your fuel you are getting only 50 to 75 per cent efficiency—you are wasting 25 to 50 per cent of your fuel. You are not only wasting it but getting a lot of carbon in your motor, as the unvaporized fuel causes your carbon.

My vaporizer is guaranteed to vaporize right close to 100 percent of the gasoline. If my vaporizer vaporizes 25 to 50 per cent more of the fuel you are consequently getting 25 to 50 per cent more mileage, power, speed and no carbon, and a smooth running motor.

The vaporizer is made entirely of brass and steel, weighing only four ounces, and is guaranteed to last a life-time. It can be installed in ten minutes' time, no drilling or tapping necessary. No springs, shutters or diaphragms to wear out.

If you are the owner of an automobile, you have no doubt seen or heard of and possibly tried some of the devices on the market claiming to save all the way from 25 to 50 per cent of your gasoline bill. There is only one way to save gasoline, and that is to vaporize it. There is no power to gasoline unless it is vaporized. You can prove this by filling a cup and touching a match to it; it will only burn as fast as it evaporates.

HOW TO TEST IT.

There are different ways of testing the vaporizer. If you have a high class speedometer and are traveling twenty miles per hour, if you will stop the action of the vaporizer by placing your fingers at the bottom and shutting off the air, your motor will slow down to 10 to 15 miles per hour. As soon as you release your fingers and admit the air it will speed up again to twenty miles per hour without any additional gas. If you haven't a high class speedometer and will stop the action of the vaporizer by closing the valves, every passenger in the car will notice the slacken. It will appear as though the brake had been applied, and as soon as the vaporizer is working, they can all feel the car shoot ahead. You can test it when the car is standing still. Run the engine a few minutes until it becomes warm, then run at medium speed, stop the action of the valves and you will notice the car slow down 25 to 50 per cent. As soon as you open the valves it will speed up 25 to 50 per cent. The reason of this is that when the valves and atomizer are working you will vaporize 25 to 50 per cent more fuel, consequently getting 25 to 50 per cent more speed, mileage and power out of the same fuel.

UNSOLICITED TESTIMONIALS.

The Stransky Vaporizer I got from you is in every way as good as you claimed it to be. W. SMITH, Davison Ave., Highland Park, Mich.

The vaporizer is the best I have ever seen; saves fuel and I go over hills on high, which I could not do before I got your vaporizer. DELL PARKS, Munith, Mich.

I have used the Stransky Vaporizer that I purchased from you a year and a half ago on my mail route. It saves gasoline and gives more power. It has paid for itself many times and has saved wear on the machine. SCHUYLER P. FOSTER, Chelsea, Mich.

The Stransky Vaporizer that I bought of you is as good as represented. Would not consider having it removed from my machine. ADAM EPLER, Chelsea, Mich.

The Stransky Vaporizer that I purchased from you is all right in every way. My car runs better than it ever ran before, and the Vaporizer has more than paid for itself. CHARLES E. CLARK, Lyndon Township.

My Stransky Vaporizer is all that it was represented to be. I would not sell it for ten dollars. I can run over hills on high that I never could before applying it. DR. ROWE, Stockbridge, Mich.

The vaporizer that I purchased from you is satisfactory in every way. WM. FAHRNER, Chelsea, Mich.

My Stransky Vaporizer is better than I had anticipated. I put it on my truck and can go on high in places where I had to go on low before. The ten vaporizers that you sent me have sold without solicitation and I can sell many more. HILTON ROWE, Grass Lake, Mich.

I found the vaporizer to be much better than I had expected and would not part with it for any price if I could not replace it. CHAS. DOWNER, Chelsea, Mich.

I have tried several kinds of vaporizers but yours beats them all. HERBERT MCINTYRE, Waterloo, Mich.

Since I put the Stransky Vaporizer on my car it runs better than ever. I cleaned out the tank and put in one gallon of gasoline and my Ford ran 20 miles on the gallon. I make hills on high 1 for 1, merely had to go up on low. Would not take \$20 for it if I could not get another. My brother put one on his machine, and we each made a trip to Chelsea on the same amount of oil that one machine used formerly. The machines run smoother than silk. GODFREY FITZMAIER, Freedom Township.
