Frank Bisco Was Fatally Injured  
Saturday Night While Cleaning  
Out Shaft Pit.

Frank Bisco, an Austro-Hungarian about 40 years of age, was fatally injured Saturday night about 11:20 o'clock when he was caught by a revolving shaft and whirled to death at the plant of the Michigan Portland Cement company.

Bisco was engaged in cleaning out the pit in which the shaft of a belt conveyor revolved, in the raw mixing department of the cement plant. He was alone at the time, but it is presumed his clothing became entangled in the shaft and he was drawn to his death. His head was crushed and his feet were also badly injured as the result of being whipped around the shaft.

Bisco leaves a wife and three small children in the old country.

The funeral was held this morning from Staffan's undertaking rooms, conducted by a priest from Detroit.

An inquest was conducted last evening by Justice Brooks at H. D. Withers' office, the jury being George Staffan, James McCarthy, Dr. H. M. Armour, Verne Coombs, Elmer Lindeman and Clarence Bahnmiller. The witnesses examined were Martin Gottschling, Charles Danwitz and Mike Bisco.

The jury finds that Frank Bisco was accidentally killed on the night of November 8, 1919, being caught in the revolving shaft while in an elevator pit in the raw mixing department of the plant of the Michigan Portland Cement Co.

## DOGS KILL SHEEP.

Dogs Friday night ravaged Andrew J. Greening's flock of five registered Black Top sheep, killing four head and tearing and injuring a total of 12 head. Mr. Greening had been building up his flock for the past seven years and naturally is very much perturbed over the loss of a part of it. Lyndon seems to be particularly singled out by sheep killing dogs this fall, losses totalling over \$500 having been previously reported.

## MADE BIG SCORE AGAINST PINCKNEY

Chelsea High Defeated County Liners  
In One Sided Contest Friday;  
Score 32 to 0.

Chelsea high school football team defeated the Pinckney high school team Friday afternoon on Alber field, score 32 to 0. The play by quarters follows:

**First Quarter.**  
Chelsea won the toss and Pinckney kicked to Chelsea. E. Mohrlock carried the ball to Pinckney's 30-yard line and Brooks carried it over. Missed goal. Chelsea then kicked to Pinckney; they lost the ball on their 35-yard line. Brooks went through line for 10 yards and Mohrlock took the ball for another touchdown. Score at end of first quarter; Chelsea 13, Pinckney 0.

**Second Quarter.**  
Chelsea kicked to Pinckney, they returned the ball to their 35-yard line, made forward pass to Chelsea's 15-yard line. Brooks took ball around end for 10 yards, Bacon 12 more and Mohrlock carried the ball to their 15-

yard line. Bacon made 3 yards and Mohrlock made touchdown. Chelsea kicked to Pinckney and they returned ball to their 35-yard line. Chelsea penalized 15 yards. Chelsea then forced Pinckney to kick. Bacon ran the kick back to the 50-yard line. Brooks made a line run for 50 yards and a touchdown. Score end of half; Chelsea 26, Pinckney 0.

**Third Quarter.**  
Chelsea used several subs; Shepherd for Brooks, Kuecher for E. Mohrlock, Beatty for Klingler and Webb for Coe. Chelsea kicked to Pinckney and they returned the ball to their 30-yard line. Mohrlock broke up three of Pinckney's forward passes and forced them to kick. Bacon ran ball back to Chelsea's 40-yard line. After made 6 yards, Brooks made first down. After made 12 yards and Bacon took the ball to their 10-yard line and Brooks went over. Missed goal. Chelsea kicked to Pinckney and quarter ended, score 32 to 0.

**Fourth Quarter.**  
Pinckney made four short passes, which took the ball to Chelsea's 20-yard line. R. Mohrlock intercepted pass and took ball back to Pinckney's 30-yard line. Pinckney then got away with a long pass, only to lose ball on downs. Chelsea then took ball back to the middle of the field only to fumble. Pinckney tried to gain around Chelsea's ends, but failed.

**Final score—Chelsea 32; Pinckney 0.**  
Chelsea will play the Clinton high this Friday in the neighboring town. The local boys beat Clinton here 12 to 0 two weeks ago and expect to run up a larger score Friday.

## MICHIGAN NEEDS A PINGREE.

The Charlotte Republican took a rap at the Michigan State Telephone company, last week, characterizing it as the "boldest hold-up in the state today" and closes by saying "Michigan needs a Pingree." The article has considerable of truth in it, and follows:

"At this present moment the Michigan State Telephone company is asking for an increased rate, which if granted will proportionately increase the revenue of the American Telephone and Telegraph company, which company receives 4 1/2 per cent of its (Michigan State Telephone Co.) total gross earnings in consideration for the use or rental of telephone instruments furnished, etc.

"The proof in a recent legal action brought by the City of Detroit against the Michigan State Telephone and Telegraph Co., at the time of the hearing, owned 97% of the common stock and over 50% of the preferred stock of the Michigan State Telephone Company. The instruments, for which a rental charge of 4 1/2% of the total gross earnings is made, are manufactured by the Western Electric Co., the stock of which is also owned by the American Telephone and Telegraph. Boiled down, the A. T. and T. make the telephones at a profit, sell them to themselves at a profit and declare an additional 4 1/2% rental charge on the item of which is paid by the telephone subscribers. It is the boldest hold-up in this state today.

"During the year 1915 the Michigan State paid to the American Telephone and Telegraph company, from its gross revenue, the sum of \$147,415.98, and a raise in its rates increases the sum to be paid on this reprehensible contract.

"If the public had a list of the A. T. & T., it would immediately get some idea of the interest of big business in our politics. How long must Michigan pay tribute to this monopoly? Michigan needs a Pingree."

## CHELSEA DEFEATS TECUMSEH.

The Chelsea Independents defeated the Tecumseh American Legion football team Sunday on Wilkinson field, score 7 to 0.

The two teams were very evenly matched and neither scored until the last few minutes of play when Chelsea intercepted a forward pass and Steele made a touchdown.

Next Sunday the Independents will play in Manchester.

## ELECTRICITY FOR MANCHESTER.

At a meeting of the council in Manchester, Wednesday night, the village attorney was instructed to prepare a resolution providing for the bonding of the village for \$7,000, same to be used for the construction of a transmission line between Manchester and Clinton, the current to be purchased from the latter town at six cents per kilowatt.

## MRS. JENNIE H. MOORE.

Mrs. Jennie H. Moore died Monday morning, November 10, 1919, at five o'clock, at the home of her son, Chas. E. Moore, 171 N. Michigan.

Mrs. Moore was born in Sylvan township, June 12, 1824, her parents being Ira and Lucy Weeden, and practically her entire life had been spent in Chelsea and vicinity. She was united in marriage to Edward V. Moore on New Year's day, 1879, and for a year following lived in Grandville, then returning to Chelsea, which has since been her home.

She is survived by two sons, George W. and Charles E. Moore, both of Chelsea, a daughter, Mrs. Martha Living ton of Connecticut; an uncle, George Weeden, of Wisconsin; and by several cousins and nieces.

The funeral will be held from her late home, 171 N. Michigan, Wednesday afternoon at two o'clock. Rev. Beatty conducting the service. Interment at Oak Grove cemetery.

## MOBILIZED FOR DISASTER CALLS

Red Cross Machinery of Organization Ready for Any Demand for Service.

## 60 BASE HOSPITALS READY

Chapters Provide Emergency Relief Committees and Establish Supply Centers to Answer Appeals.

Preparedness for disaster relief on a scale never before possible is being undertaken by the American Red Cross as one of the important features of its new peace program, in support of which a nationwide Third Roll Call will be conducted from Nov. 2 to 11 to obtain 20,000,000 members and \$15,000,000.

**Plan Survey of Supplies.**  
Since 1900 disasters of peace have cost many thousands of lives and have brought personal injury or property loss to 1,500,000 persons, destroying property valued at \$1,000,000,000. During 1917 eighty disasters were reported to the American Red Cross, 62 tornadoes, 5 floods, 4 great fires, two earthquakes, two serious mine disasters, two munition plant explosions and the tragic calamity which befell Halifax.

Under the direction of the Red Cross the entire resources of all communities will be mobilized for instant use when needed. Chapters everywhere will create committees to make surveys, locating emergency food supplies, drugs, hospital supplies, cots, mattresses, blankets, clothing, armor, schools and other buildings for housing refugees and will canvass physicians, nurses, social workers and others prepared to respond instantly to calls for their services in disasters.

**National Resources Available.**  
The thirteen divisional organizations will establish disaster relief supply centers and take charge of operations when assistance is needed. In cases of major disasters where the resources of the division in which it occurs are overtaxed, the entire strength of the Red Cross in the country may be mobilized through national headquarters.

Fifty base hospitals organized by the American Red Cross and turned over to the government for use with the military forces will be ready for immediate service.

## KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1896 the govern-

ment of the Netherlands granted a special charter authorizing its sale. The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

### UTRECHT'S PLACE IN HISTORY

Dutch Town, in Which Kaiser May Dwell, Saw Beginning of His Line's Rise to Power.

Reports say that the ex-kaiser has purchased a house near the historic town of Utrecht, Holland, and that he wishes to end his days there. It was in Utrecht, 206 years ago, that the house of Hohenzollern was first established in a royal rank.

It was in the emperor's coronation in 1713 that the ex-emperor's ancestor, Frederick of Brandenburg, received acknowledgment from the leading European powers of his title of king of Prussia. This peace put an end to the long war of the Spanish succession, which many claim was begun over the fear that the ruling houses of France and Spain would become one, and upset the European balance of power. The ex-kaiser is part English, and it was England, with her continental allies of lesser strength, that virtually established the kingdom of Prussia.

The same peace also made the duke of Savoy the king of Italy, but today the king of Italy rules over all of Italy except Savoy, which belongs to France. England has retained practically everything it secured at that peace conference, including Gibraltar and Minorca, secured from Spain; Nova Scotia, New Brunswick and the Hudson Bay territory from France, as well as valuable trading privileges in Africa and South America, from both France and Spain.

**Rather Mixed.**  
"Jones has a nice job on his hands."  
"What is it?"  
"To put his son on his feet."

### His Fear.

A gentleman of hitherto seemingly substantial intellect attended a burlesque show, and in the midst of the performance began first to mutter, then chatter, and presently to scream aloud in agonized tones. After he had been removed and a physician had ministered to him the sufferer explained: "I feared I was losing my mind or my eyesight, or both. I sat through fully half of the show, and did not see a trio composed of an impossible Jew adorned with a manny beard and a spoon-shaped derby, an ostensible Irishman clad in pink neck whiskers and a young gent arrayed in the uniform of a naval officer."—Kansas City Star.

### The Probable Period.

"How much longer," growled a guest, "are those old codgers over there in the corner going to continue to wrangle?"

"About an hour, probably," replied the landlord of the Petunia tavern. "They are discussing the League of Nations, and they've only got just as far as arguing yet. They have to cuss and yell and call names before they get it settled for today and start off madder than wet hens."—Kansas City Star.

Alma—It is reported that John N. Willys, of Toledo, head of the Willys-Overland company, through purchase of stock, has acquired control of the Republic Motor Truck company. Confirmation of the report is said to have been given by C. G. Rhodes, secretary and treasurer of the Republic company.

Bay City—Harry Brandeneau, of Bay City, who was shot and seriously wounded by Game Warden Charles Daniel in Gonyea's saloon at Rockwood, died at the emergency hospital at Ford City. The Bay City man was one of the principals in a battle which grew out of an attempt of the warden to arrest Peter Gonyeau for violation of the game laws.

Detroit—Wounds received at the hands of a prisoner he was holding for Patrolman Frank Hickman, July 23, were made the basis of a claim for \$1,000, filed with the city clerk Monday by Zamorel Dekan. According to the petition Dekan held the prisoner while the policeman called the patrol wagon. The prisoner cut Dekan several times with a knife and escaped.

Muskegon—It is stated on good authority that several men are buying up refund coupons issued by the Muskegon Traction & Lighting Co. at the price of four for a cent, and are taking the chance that the fare will be reduced by the Michigan public utilities commission to six cents, or even lower. These coupons call for a refund of the difference in price fixed by the commission from seven cents, the fare now paid, to whatever sum is set as an adequate fare.

Three Rivers—Arson and conspiracy cases against Arthur Potter, Three Rivers, and S. Summerfield and Bert Arden, Detroit, resulting from the fire at Arthur Potter mill and elevator a year ago, will be heard at the present term of court. Potter is accused of arson and conspiracy and the Detroit men, who are insurance adjusters, face charges of conspiracy in connection with the settlement of the insurance claims on the building. The loss, at first represented as \$40,000, was later placed at \$13,000.

Grand Rapids—The Grand Rapids Citizens' league has announced that it will petition for submission to a popular vote in November, 1920, of a constitutional amendment permitting counties with a population of more than 150,000 to adopt the county commission form of government. The commission, the league suggests, would consist of five, seven or nine members, elected by the entire county. This body would do all the work of the supervisors, assess property and appoint and fix the salaries of competent departments.

## "CALIFORNIA FIG SYRUP" IS CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Old Cannon Ball Found in River. A cannon ball of the type made for big guns of the days before explosive shells was used in warfare was brought up from the bottom of the Mississippi river, below the high dam at St. Paul recently and is to be turned over to the Minnesota Historical society.

When a United States engineering department dredge hauled up a dipper of rock the cannon ball was found in it. How it got into the river could not be learned, for guns of that type were never put to actual test at the fort and the ammunition always was carefully guarded.

Guns that used that type of ball are now used for decorative purposes only, some of them having been given to the Minnesota Soldiers' Home and others placed on the grounds of the state capital.

Keeping to the Truth.  
"I engaged the rooms for my holiday," he said, "because the landlady wrote me that they overlooked a superb garden of 200 acres richly adorned with statuary, where I was at liberty to promenade."  
"Well?" his friend inquired.  
"It was a cemetery," he said bitterly.—London Tit-Bits.

About 40 friends and neighbors of H. O. Knickerbocher surprised him, Thursday evening, at his home, the event being planned in honor of his birthday. A pleasant social time was enjoyed and refreshments were served.

Stories of exceptional corn yields are now in order and A. B. Spencer, superintendent of the Methodist Old People's home comes forward with the following: He has just finished husking 10 bushels of good quality rice pop-corn which was raised on a patch only a tenth of an acre in size. Some yield, we'd say.

Our idea of a good punishment for I. W. W. and red agitators is to march them to the top of one of those Lyndon hills which are so liberally covered with sand burrs, strip them and then roll them down a good steep grade. They'd be so busy picking burrs that they would have no time to bother the rest of the world for a generation.

The state highway department will let the contract for the grading of the Territorial road, from Freer road in Lima township westward across Sylvan township to the Jackson county line, on Monday, November 17th. It is expected that actual construction work will start soon after the letting of the contract as the grading must be completed in the spring.

An unknown automobilist struck a buggy in which Mrs. Sam Stadel and daughter were driving into town, Saturday evening, at South Main street and the Territorial road. The rear wheel of the buggy was smashed, but fortunately neither Mrs. Stadel or her daughter were injured. The speeding machine did not stop and turned south on the Manchester road and east at the Vermont cemetery. If the party is caught he should have his drivers license cancelled as a penalty, as well as settling for the damage to the Stadel buggy.

## WIND WILL OPERATE DYNAMO

French Inventor Satisfied That He Has Found Satisfactory Solution of a Problem.

After studying the theory of wind-operated wheels for many years, M. Fayard de Mille, a French scientist, has designed a wind motor which he claims will operate a dynamo regularly and surely.

According to scientific laws the larger the wheel the more slowly it will turn,

Air-Driven Motor.

and the less efficiently it will work. M. de Mille has overcome this difficulty by placing six small propellers suitably spaced, on a single shaft, instead of one large propeller having the same area as the six together.

The advantages of this motor with six propellers are that it is more economical, stronger, more easily governed and more regular in function. M. Fayard de Mille's motor has six propellers 1.00 meters (a little more than 3 feet) in diameter. In a wind of from 5 to 10 meters a second, with a six-pole dynamo, this produces an effective current of from 5 to 20-horsepower.

One such motor on top of a house would produce enough electricity for most domestic purposes.

## Only a Cold.

Are you ill? Is often answered "Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's cough remedy. Remember that the sooner you get rid of your cold the less danger, and this remedy will help you throw it off.

## ASKS \$25,000 DAMAGES.

Mrs. Frank C. Hoffman of Jackson, formerly Mrs. Hattie Trouten and well known in Chelsea, has started suit against Jackson city for \$25,000 as the result of injuries received September 7th.

Hattie S. Trouten, 244 West Wesley street, served notice on the city commission Monday evening that she would seek \$25,000 damages for injuries received September 7th when she stepped through a board into a hole at Perrine and East Pearl streets. Mrs. Trouten is a widow, keeps roomers and boarders, and says she has earned \$75 a month as a nurse. She says there were no warning red lights at the place where she fell and sustained, according to her physician, permanent injuries to her kidneys. The prospective damage suit was referred to the city attorney.

## PREPAREDNESS IN MASON.

In view of so many robberies in the smaller towns lately, Mason business-men have decided to prepare to give would-be-vegmen a warm reception. The two banks have purchased six Winchester pump shotguns. These guns loaded with buckshot, are to be placed in glass front cases in several of the stores, and six merchants deputized by Sheriff Silsby to use them, in case of necessity. Sheriff Silsby himself will hold the keys to the boxes, and will train the men in the proper use of the guns. Should actual need arise, the men are instructed to smash the cases and use the guns—provided the handits don't "get the drop" first.
