## ENVIED US THAT CHICKEN!

Mat Blosser of the Manchester Enterprise, probably the dean of Michigan newspapermen by reason of his many years in the editorial chair, envied us our Christmas chicken. In spite of Mat's long experience in the newspaper game, he evidently never was presented with a real, honest-to-goodness dressed Christmas chicken—one of the finest that they grow—and he sat up and took notice just as soon as he read about ours in last week's Tribune, and here's what he said in his Enterprise:

"Ford Axtell of the Chelsea Tribune is crowing instead of ringing Christmas bells. Some subscriber sent him a fine dressed chicken for his Christmas dinner and he is sure happy. Will he eat it? You bet he will; do you think he would sell it and buy a codfish? Ford, we envy you, even if it is wicked."

## Get In Line For Prosperity

To persuade one who has learned from experience the broad usefulness of the pay-by-check method to revert to the pocket-to-payee plan, would be as difficult as to persuade him to go backward once he has tasted the joy of getting ahead.

In business, household and personal finances, the check-book method is the logical way to "keep track" of income and outgo.

## WOMEN'S VICTORY NOW IN SIGHT

FIGHT FOR EQUAL VOTING RIGHTS TO BE DECIDED SOON.

### STATE LEGISLATURES MEET

Few More Ratifications Necessary to Legalize Equal Franchise Clause to Constitution.

Washington—The American woman's long fight for equal suffrage enters upon its final stage this week, when the annual sessions of state legislatures convene. Suffrage leaders have every hope of ratification by a sufficient number of states to insure full participation by 28,000,000 women voters in the presidential and congressional elections next November.

To achieve their goal of full voting rights in the selection of the next president of the United States, the suffrage leaders admittedly have a difficult task ahead of them, but with the pledges of both national political parties for sincere co-operation to complete ratification by 36 states, the women feel that only unexpected obstacles can defeat them.

Twenty-two states have ratified the nineteenth amendment. In the order of their ratification they are: Wisconsin, Michigan, Kansas, Ohio, New York, Illinois, Pennsylvania, Massachusetts, Texas, Iowa, Missouri, Arkansas, Montana, Nebraska, Minnesota, North Dakota, South Dakota and Colorado.

The legislatures of four states, where the suffrage leaders are hopeful of ratification, meet in regular session this week. Kentucky, New Jersey, Rhode Island and Maryland. Governor Olcott, of Oregon, has called the legislature of that state to meet in special session January 12 for ratification of the suffrage amendment, and there is no doubt as to the outcome there.

Nine states with Republican governors have legislatures pledged to ratify the amendment if called in special session and the Republican national committee is on record with a promise to urge such action. These states are Arizona, Connecticut, Delaware, Idaho, Indiana, New Mexico, Vermont, Washington and Wyoming. Of these states, Arizona, Idaho, Indiana, Washington and Wyoming already have granted full or presidential suffrage to women by state action. Three states with Democratic governors have legislatures pledged to ratify if called. They are Nevada, Oklahoma and West Virginia.

To minimize what appear to be the odds against them, the women point to the fact that seven states having full suffrage have not ratified. These states are Arizona, Idaho, Nevada, Oklahoma, Oregon, Washington and Wyoming. Suffrage sentiment in those states is so strong, it is stated, that special sessions in all of them are probable.

### JOHN D. GIVES \$100,000,000

Oil Magnate Donates Vast Sum for Benefit of Mankind.

New York—John D. Rockefeller gave to mankind a Christmas present of \$100,000,000—half to the general education board to raise the salaries of college professors and half to the Rockefeller foundation to aid in its work in combatting disease, improvement of medical education, public health administration and scientific research. It is estimated Mr. Rockefeller's public gifts now approximate \$450,000,000.

While leaving to the General Education board the task of selecting the colleges which shall receive awards from their teaching staffs and the amount each is to receive, Mr. Rockefeller urged that the principal as well as the income be used as promptly and largely as may be wise.

The trustees of the Rockefeller foundation also are authorized to utilize both the principal and income of their gift, in connection with which Mr. Rockefeller added that if the board "should see fit to use any part of this new gift in promoting medical education in Canada, such action would meet with my cordial approval."

Centerville—Clarence Baker and Clarence Comodol, two boys who broke out of jail last fall after severely beating Sheriff Goodrich, were sentenced to the Michigan reformatory at Ionia. They were arrested for stealing an automobile. Baker is 19 years old and Comodol 15.

Universal Training. Washington—Legislation which would amount to a virtual reorganization of the Army with protection from outside attack as a primary purpose and with compulsory military training for boys from 18 to 21 years old as a leading feature has been agreed tentatively in the Senate Military Sub-Committee. Senator Wadsworth, New York, chairman, said the legislation would be put in final form for presentation to the full committee when the Senate reconvenes.

### PRICES TO STAY UP.

Detroit—William E. Wilkinson, secretary of the Detroit Retail Dealers' association, returning from a conference between retailers and managers of the entire country and department of justice officials in New York, is convinced that there is no immediate hope of lower prices for general merchandise.

The conference was called by the National Retail Dry Goods association to give the government officials an opportunity to gain the viewpoint of the retail trade of the country on the present high cost of living.

### CLARK SUCCEEDS FRANZ C. KUHN

Bad Axe Man Fills Supreme Court Vacancy—Is Youngest Member.

Lansing—George C. Clark of Bad Axe was appointed by Governor Sleeper to succeed Franz C. Kuhn as justice of the Michigan Supreme Court whose resignation took effect January 1.

### STRONG NOTE SENT TO MEXICO

State Department Insists that Better Protection Be Given Americans.

Washington—The state department has made strong representations to the Mexican government insisting that banditry in Mexico and attacks on Americans be put down.

The state department announced that the American embassy in Mexico City has been ordered to renew its request that the bandits who captured Frederick Hugo, and an American at Muzquiz, be punished and to insist that steps be taken to stop similar incidents.

The state department is advised that Hugo was released under an agreement to pay a ransom of \$1,500 to the bandits within 12 days.

The Villistas who raided Muzquiz, the state department informed, stole 1,000 pesos, 148 horses and large supplies of food from ranches owned by Americans.

Despite the fact that the Villistas numbered only about 400 the state department is informed that Carranzista forces numbering 750 and which were but a comparative few miles from Muzquiz failed to respond to calls for assistance and did not go to the town until the Villistas had left.

Five trains on the railroad between San Luis Potosi and Tampico have been attacked by bandits and their crews and passengers robbed and assaulted during the past five weeks, according to reports to the state department. Thirty-eight passengers, guards and trainmen are reported to have been killed in the raids.

### RAIL CONTROL STOPS MARCH 1

Roads and Express Business Reverts to Owners in 2 Months.

Washington—President Wilson has announced he would return the railroads to private ownership March 1. The railroad express companies would be returned at the same time.

Secretary Tumulty issued the following statement with the announcement:

"The president was advised that the railroads and express companies are not organized to make it possible for them to receive and manage their properties if actually turned over to them on December 31, and if this were done it would raise financial and legal complications of a serious character."

"The railroad and express companies should be given ample opportunity to adequately prepare for the resumption of their business under the control and management of their own stockholders, directors and officers. Therefore, the transfer of possession back to the railroad companies will become effective at 12:01 a. m. March 1, 1920."

### Kalamazoo Firm Changed

Washington—Alleging unfair methods of competition, the federal trade commission issued a formal complaint against the Upjohn company, of Kalamazoo, Mich., dealers in pharmaceutical supplies. It is charged that the company's agreements with dealers to maintain prices and its refusal to sell to dealers who will not maintain prices has the effect of enlarging the sale of its products to the prejudice of competitors.

### ARE RULED BY SUPERSTITION

Almost Every Act of a Roumanian, From the Cradle to the Grave, is Thus Guided.

Roumanian is one of the favorite homes of superstition, where superstitions accompany life literally from the cradle to the grave. Before a child is christened it must undergo the important ceremony of its first bath, given in a huge wooden bowl, which also serves as its cradle, at the home of its godmother. If it is a boy there must be poured into the bath a symbolic mixture of corn, wine and honey; if a girl the bath must contain feathers from the wings of a dove and petals of a rose to serve as a prayer to the Three Spinnings, believed to be weaving the child's destiny, that her footsteps through life may be as soft as a dove and her face as fair as a flower. A boot, a loaf of bread and a rod are offered a boy. If he chooses the hook he will be a scholar; if the bread, he will be a thrifty, practical, successful man of affairs; if the rod, which is laid on his back, he will be a ne'er do well, is the belief.

When a man dies there must be placed in his coffin a comb, a bit of soap and a coin to pay the fee due Charon, to ferry him over the River Styx.

### SECRETARY GOT HIS CIGARS

Good Work to Credit of Knights of Columbus Commissioner in the British Isles.

Edward A. Ryan, Knights of Columbus secretary, who returned from England recently, tells of receiving two boxes of cigars, sent by Sergt. C. M. Summers of Auburn, Ind., with no address other than a snapshot of Mr. Ryan in a group of soldiers. The cigars and snapshot were sent to Edgar Sharp, Knights of Columbus commissioner in the British Isles, and the soldier asked Mr. Sharp to give the cigars to the man in the picture around whose photograph he had drawn a line. Mr. Sharp recognized Mr. Ryan and sent the cigars to him. The picture was taken when Mr. Ryan was helping the soldiers see London. Summers wrote that he desired "to give the cigars to the K. of C. man who had taken him sightseeing around England when he was clean broke."

**ANNUAL Clearance and White Sales**  
 DURING THE MONTH OF JANUARY  
 Notwithstanding the conditions of the market, and the increased wholesale prices which at times are higher than our present retail price, we are having our annual clearance and white sales. We are selling all wearing apparel at big discounts, which place high grade garments within the reach of all. In the white sales we are selling some at a discount—others which should be raised in price to quite an extent we are keeping at the old price FOR THIS MONTH ONLY.

**Year End Sale**

We are the largest exclusive Ladies' Garment House between Detroit and Chicago. Seventeen years of square dealing has built up for us an ever increasing circle of loyal customers.

Our methods are such that you can buy of us with absolute certainty of satisfaction. Twice a year we dispose of all garments on hand that we may begin the next season with an entirely new and fresh stock. These twice-a-year sales are very popular as they enable women to replenish their Wardrobes at a minimum of expense. This year the rising cost of materials and labor, and the enormous demand from Europe and South America are advancing prices by leaps and bounds for the next season. Despite all this our offerings in this sale will be productive of greater savings to our customers than ever before. You'll profit by buying not only for now, but for next year also.
