HEAVY FIRE, WATER AND SMOKE DAMAGE

Gallagher's Bazaar Stock Was Ruined Early Sunday Evening Fire. Damage Upwards \$15,000.

In Early Sunday Evening Fire. Damare Upwards \$15,000. Fire, snoke and water Sunday evening diamaged S. Sollagher's bazaar and grocey stock and the Klein build-the Gallagher store is located, up-wards of \$15,000 according to hasty ustimates made Monday morning. The Gallagher store is located, up-wards of \$15,000 according to hasty the Gallagher store is located, up-wards of \$15,000 according to hasty the Gallagher store is located, up-wards of \$15,000 according to hasty the instant a boy appears and while up stimates made Monday morning. The Gallagher store is located, up-their horses to keep them off. Thus far we have seen no ungentlementy conduct by the boys, but when the damage to the building will probably be another \$1,000, at least, covered by insurance. The fire started on the second floor of the Klein building in rooms used by Mr. Gallagher for the storage of sur-plus stock, and was first noticed by Fred Oesterle about nine o'clock Sun-day evening. The fire department responded promptly to the alarm, but the rear half of the second floor was all ablaze and it was necessary to use The fire started on the second floor of the Klein building in rooms used by Mr. Gallagher for the storage of sur-plus stock, and was first noticed by Fred Oesterle about nine o'clock Sun-day evening. The fire department responded promptly to the alarm, but the rear half of the second floor was all ablaze and it was necessary to use considerable water to quell the flames, resulting in the flooding of the store proper on the floor below. The damage to the building includes the burning of the rear half of the roof so hadiy that it will have to be re-built, also all of the wood work and Miss Erma Isham, daughter of Mr. and Mrs. Ben Isham of this place, and Mr. Frank Braatz of Ann Arbor, who

is employed in the plant of the Lewis Spring & Axle Co. here, were quietly spring & Axie Co. nere, were quietly married Saturday afternoon in Ann Arbor, Rev. Stellhorn officiating. Mr. and Mrs. Braatz will make their home in Chelsea for the present. also all of th wood work an in the rear half of the second

Just how the fire started is still un explained. Mr. Gallagher was in th store Sunday morning to attend to the heater and cume up again in the eve-ning for the same purpose, but had forgotten his keys, as the result of changing his clothes and so did not go into the store. If he had entered probably he would have smelled the smoke of the then smouldering fire as it was only a short time afterwards that the alarm was turned in. Adjoining buildings also suffered some from smoke and water, particu-larly the Knights of Pythias hall on the second floor of the McKune build-ing, adjoining the Klein block. store Sunday morning to attend to th

SURPRISED NEWLYWEDS. A sleighload of ahoat twenty young people from Chelsea and vicinity, with a field battery of old tin pans, bells and other musical (?) imple-ments, want to the home of Mr. and Mrs. Clare Walz and gave them a surprise. Refreshments were served and at a lato hour the guests departed, leav-ing behind a humber of pretty and useful gifts, and wishing the bride and groom a long and happy life.

THE CHELSEA TRIBUNE

groom a long and happy life.

duent than ustan, and that the ten ten cases the health service is treating exald be traced to natural causes. The majority of the women at the university are enjoying their usual good health. Naturally, they were amazed when the account of their ahnormal condition appeared in the newspapers. Contrary to the start-ling statements to the effect that more onig boards than Bibles could be found in the rooms of sorority houses, two Bibles to each room and no onijn board at all were produced in one of the houses. A few girls acknowledge possession of the boards, but they con-sider them playthings and not spirit-ual mediums. The "specialists," in whose care the neurotic women were said to be placed, are missing, along with the faculty member who was sup-posed to have given the press the in-formation about the magic board men-uce. None of the sorority houses are able to produce even one gid who "is a wreck of her former solt." All of them testify to full dinner tables. The Ann Arboy dcalers who were quoted as saying that the demand for the hoards exceeded their supply, can-not be found, though a therough astret was made for them. Managers of State street book stores and novelty shops sny that they have sold only a few boards, and that most of those sold were bought by citizens and not by students. REPORT DIST. NO. 2, LIMA

Box 216, Chelsea, 3943 line of the Southern Michigan Light and Power Co. SALINE—Much excitement was caused at a late hour Monday night when the burglar alarm on the Sav-ings Bank building sent forth its peals of warning. Several of our citizens responded promptly, only to find the hank safe from harm. It seems that when the system was installed a small door was put over the vault in order to reach the attic, and as the boards were none to well seasoned, the cons-tant heat from below had shrunk the boards fully half an inch. As a re-sult it brought the electric wires, which were attached to the door, in contact and the batteries were set in motion, causing the gong to ring.— LAUNDRY-The Varsity laundry of Ann Arbor has opened a Chelses agency. So Subtle!

So Subtle! "Not all the poets," observed a fre-quentor of cosmopolitan society "have the gift of ultroing quick, light-winged, migical nothings in society. "I knew of use poet, greatly in yogue in Paris some years ago, who was not exactly, a flucht dispensar of epigram. He was invited to the house of a great haly of the Faubourg SL Germatin, and as some as be encirced in hecame the center of a circle of ad-mitrers, who waited vuinity for some reandaid silent, ill at ease, red in the face, and uneasy of feet. "'thene, my dear poet', the hostess inally legged, say something to us?" "'Hare, on observed-duchess,' he faitersd, desperately. 'that-this-year's pawn likets are pink?"

Equally Diaphaneus. "Well, awa?" ejacutatei Mrs. Waw-boo, In the midsi of her preusal of the county paper. "It says here that an ordinary sear; bubble is only one five-millionth of au inch thick. That's prefty thin, isn't it?" "Th-youp!" refiled honesi Farmer Wawhon, "About as thin, I should say, as young Gaile Gawk's excuse that he wants to thik hoseswap with me, when he comes over to set up along-side of lictule Jane."-Knusis Offy Star.

the management of the

McCormick, — Deering, — International, —

OU know these trade names. Your father and grandfather knew three of them. They knew in their time, and you know today that these names stand for the highest quality farm machinery in the world. McCormick built the first practical reaper. Deering sold the first twine hinder and a good-twine pioneer, and William Parlin was one of the first plow pioneers. The fines of harvesting machines and plows steel p started by these farm machine builders have been growing and

developing ever since. Other machines have been invented and developing ever since. Other matchines and every new machine and implement has had built into it the years of manufacturing developed by the same manufacturers, and every new machine and implement has had built into it the years of manufacturing experience and farm knowledge accumulated by McCormick, Deer-ing, Parlin and their successors. Now all these machines and implements have been merged into one line—the International Harvester. The reputation of every machine and implement in this line is the same

We Sell the International Line

What does this mean to you as a farmer? It means, first of all that you can buy any farm machine or implement you may need, right here in this town, without taking chances on experiments "Ight here in this town, without taking changes on experiments or implements that might be termed "orphaned" one or two years after you buy them because of the manufacturer going out of business. You can always get repairs for any machine or imple-ment in the International line because the Harvester Company will never go out of business. You are assured of reliable ma-chines because every machine in the Harvester line is tried out and tested under actual farm conditions, before being offered for sale to the farmer. The Experimental Department of the Harvester Company is the most thorough and active institution of its kind.

It means, second, that you can get repairs and repair service

on all of these machines through one concern-us. You don't have to go to the bother and inconvenience of trying to get repairs and service from half a dozen or more different companies. You won't be taking chances on expensive delays waiting for repairs during the busy seasons because we are going to carry a big stock of repairs on hand and any repairs that we might not have we can get for you in a hurry by a 'phone call to the International Harvester branch house.

Tack this advertisement up in your machine shed so that whenever you need repairs for any of your International machines you will know where to go. Also, you will know where to go when you are in the market for new machines or implements of real quality and the highest operating efficiency.
