

PASSING OF A LANDMARK

Old Hotel At Sylvan Center Probably Built In Late '30's.

With the wrecking of the old hotel building at Sylvan Center there passes another landmark of that once prosperous hamlet, for the old hotel probably was built some time in the late '30's and for years after did a thriving business. The old building was of frame construction and was undoubtedly "strictly modern" at the time it was built. According to an old county history published by Chapman & Co. in 1881, the first hotel at Sylvan was kept by William Dunham, but the date of its erection is not mentioned. In later years became the property of the late Orlando Boyd, but the family has no record of the time the building was built.

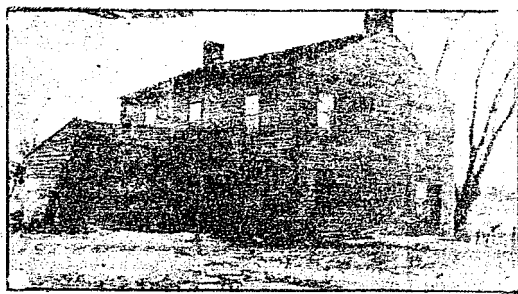

The Boyd estate sold the old Boyd farm to Dr. Lyons of Jackson several years ago and the new owner will use the timber salvaged from the old ho-

tel building in a new fruit and store house which he is having built.

A picture of the old hotel as it appeared some twelve years ago, is published in this issue of the Tribune. Several years ago when some repairs were being made on the building by George Beckwith of this place a counterfeiting outfit was found secreted in the walls of one of the old rooms. Just how it came there and how long ago the "pioneer crooks" secreted their tools in the hotel will always be a mystery. Probably if those old walls could speak there would be revealed many lurid tales of pioneer life as well as many of legitimate pioneer experiences.

CHELSEA-DETROIT PICNIC.

Inclement weather interfered with the attendance and success of the annual Chelsea-Detroit picnic at Palmer Park, Detroit, this year; but those present all report a pleasant time. Officers for the ensuing year are: President, Max Kelly; secretary, Mrs. Russell Jewett.

THE "OLD HOTEL" AT SYLVAN CENTER.

It was built about 1838 and did a thriving business in the old stage coach days. The coming of the railroad diverted traffic from the Old Territorial road and the hotel business gradually declined. With the completion of the "New Territorial" road, Sylvan Center may regain some of its former business importance.

WHOOPING COUGH IS A DEADLY DISEASE

More Than 360 Deaths in Michigan In Six Months From That Complaint Says State Health Department.

Whooping cough caused 394 deaths in Michigan in the first six months of this year, which is almost as many deaths as the average for the entire United States in the same time.

Alarmed at the prevalence of the disease, the Michigan department of health has sent out letters to physicians and health officers throughout the state warning them of the epidemic and asking them in turn to warn their patients and the public generally. About 95 per cent of the deaths from this cause are in children under five years of age.

The disease is difficult to control according to the physicians because people are very careless in this regard, both of their own and other people's children. The health department urges the utmost care be exercised to see that every case is reported by the physician in charge of the case, or in case of no physician being called, that it be reported by the householder, and that the house be placarded as required by law, and the patients isolated and not permitted to come into contact with other children, or to go about the streets or in public places.

"Whooping cough is communicable from the earliest symptoms, during convalescence and even after the characteristic cough has subsided," is a statement made by the state health department, in its warning. "It is infectious, however, during the early stages." The letter ends by saying: "The public must be warned, and all must work together to abate this epidemic which will surely cost the lives of several hundred children unless vigorous action is taken."

FULLER-HOPKINS REUNION.

The annual reunion of the Fuller-Hopkins families was held on Wednesday, August 25th, at the home of Mr. and Mrs. George Fuller of North Lake.

Dinner was followed by a business session, the following being elected: President, George Hopkins of Stockbridge; vice president, Mrs. Ernest Kanop of Ann Arbor; secretary-treasurer, Guy Marshall; historian, Mrs. Edwin Moulton of Addison.

A ball game and other out of door sports followed the business meeting and it was moved and supported to meet again next year at the last Wednesday in August at the home of Mr. and Mrs. George Macdon of near Plainfield.

MILK THIEVES SKEDADDLED.

Two young men stole and drank the contents of a milk bottle from the porch of A. E. Johnson's residence, 303 West Middle street, Sunday afternoon. Henry Heselshwerdt, who lives nearby across the street, noticed the men and telephoned Village Marshal Walz.

Mr. Walz found the men near the home of Herman Breitenwischer, 621 West Middle street, and was escorting them back up town when the two fellows broke and ran. As they passed several small children, keeping the latter between themselves and the officer. Mr. Walz ordered them to stop and as soon as he could do so without endangering the children fired four shots after the milk thieves, who ran like deer and soon reached the cover of a patch of corn.

Many citizens living in the vicinity joined in the ensuing hunt, but the two men made good their escape and it is believed that they will avoid Chelsea in the future.

 Catarrahal Deafness Cannot Be Cured by local application, as they cannot reach the diseased portions of the ear. There is only one way to cure Catarrahal deafness and that is by a constitutional remedy. Catarrahal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh medicine acts through the blood on the mucous surfaces of the system. We will give one hundred dollars for any case of catarrhal deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All druggists, 75c. F. J. Cheney & Co., Toledo, O. Adv.
