

EXTENSIONS AND AREAS OF THE U. S.

Figures Compiled by Geological Survey Reveal Surprising Facts.

The gross area of the United States is 2,973,774 square miles. The land area is 2,973,774 square miles and the water area—exclusive of the Great Lakes, the Pacific, and the Gulf of Mexico—is 53,015 square miles.

parallel, the boundary between the United States and Canada, the distance is 1,598 miles. The shortest distance from the Atlantic to the Pacific across the United States is between points near Charleston, S. C., and San Diego, Calif., and is 2,152 miles.

Nearly all maps of the United States show the parallels of latitude as curved lines and are likely to lead the ordinary observer to believe that certain eastern or western States are farther north than some of the central States that are actually in the same latitude.

STATE NEWS

Marquette—Miss Viola Oster, 17, while motoring with her father, Thomas Oster, fell suddenly ill and died in the hospital here.

Kalamazoo—Body of Charles Merrill, a street railway laborer, was found at the end of the Michigan Central railroad bridge over Kalamazoo river.

Detroit—Thirty-seven million dollars' worth of bonds were voted at the election here. The money will be expended for sewers, water mains and a filtration plant.

Holland—Two army aviators flying from Detroit to Chicago, escaped injury when they attempted to make landing near Grandkap and their plane was wrecked.

Pottersville—The body of Miss Clara Mohr, 16 years old, who was drowned in a small lake near Grand Rapids when she fell from a raft, was brought here for burial.

Big Rapids—Knights Templar of Grand Rapids, Traverse City, Ludington, Manistee, Muskegon, Lansing and Big Rapids will participate in a field day here in October.

Grand Rapids—Democratic vote at the primaries in Kent county was so light that two of the candidates will fail to have their names on the ballots at the November elections.

L'Anse—Patrick Brennan, 76, is dead. He was the father of Patrick Brennan, prosecuting attorney of Buraga county and of Leo Brennan, of Lansing, assistant attorney general.

Kalamazoo—Mistaking gasoline for kerosene Mrs. Cecilia Jackson started to fill a lamp with it and the explosion that followed caused the burning of her home and injuries from which she may die.

Marquette—State Senator Vandenberg, appointed by Gov. Sleeper to represent Michigan at the annual convention of the National Tax association in Salt Lake City, left here for the meeting.

Bay City—Two armed men entered the drug store of George Genkel here, held up Genkel and one other, and stole \$55 from the till and escaped in an automobile held waiting for them by a third bandit.

Muskegon—A cloud burst which struck this city filled the streets downtown with water from curb to curb and caused much damage in the basements of stores. Late crops in this region were heavily damaged.

Battle Creek—Because John Mareno, a Chicago Italian, picked up three girls, all under 18, at Flint to take them to their homes and instead brought them to Battle Creek in his automobile, he was fined \$50 or 60 days.

Grand Rapids—City Manager Fred H. Lookie began a wholesale slinking of election boards as a result of the primary, when it took some boards 20 hours to count 600 ballots. His plans include a training school for election officials.

Ann Arbor—in a temporary fit of insanity, Mrs. Charles Kleis, 59 years old, a widow, drowned herself by jumping into a cistern in the rear of her home. Her body was found several hours later by neighbors who noticed her disappearance.

Mt. Clemens—George Dekle, 37 years old, giving his address as Detroit, was captured by a posse after an alleged attempted assault on Mrs. Elizabeth Dion, at Halfway. He pleaded guilty and was remanded to jail on \$1,000 bail to await sentence.

Caro—Sheriff Morris, Duponts Hutchinson and Westfall raided the residence of Mrs. Jacob Maunee here on information that she was running a blind pig. They found an intoxicated Indian and confiscated a gallon of home-made booze. Mrs. Maunee is the widow of a Civil war veteran.

Pontiac—A new action against the increased rates of fare on lines of the Detroit United railway in Oakland county has been opened in circuit court by Prosecutor Glenn C. Gillespie. He has asked of Judge Rockwell a temporary injunction restraining the road from charging increased fares.

Bay City—Hundreds of bushels of apples and pears are going to waste in Bay county because labor can not be employed to harvest them, according to farmers. James E. Snody, president of the North Eastern Michigan Development Bureau says, after investigating, there is not an idle farm in the district.

Lansing—The city council of Lansing has started an investigation into the charge that several aldermen are involved in taking money without authorization from the city treasury. It is alleged that the aldermen, who were supposed to sell food to Lansing residents last summer retained part of the money to care for personal expenses.

Grand Rapids—Wesley A. Dill, 23, son of a retired pastor, who confessed to the embezzlement of \$11,500 from the George E. Ellis bank where he was employed as a clerk, was sentenced by Superior Court Judge M. L. Dugham to a term of from two to five years in the state reformatory at Ionia. The court recommended that Dill, who had returned nearly the entire amount of his defalcations, serve the minimum term. The sentence shattered his plans for a wedding trip to California where he planned to reside.

Marquette—Edward Gleason and his wife were severely cut by a scythe in the hands of a laborer in a row here. Gleason is in the hospital.

Pontiac—Frank M. Lansing, cashier of the Milford State bank, secretary of the Milford Board of Commerce, and active worker in Boy Scout circles, is dead.

Albion—Mrs. Eleanor T. Avann, retired last June by Albion College as assistant professor of Greek, has gone to Maxton, S. C., to accept a similar position.

Eaton Rapids—Miss Dorothy Manning, a nurse in training at the Harriett Chapman hospital, caught her foot in the hospital elevator and it was crushed severely.

Bay City—Thieves backed an automobile up to the barber shop of Lawrence Prior in Manger, loaded up everything in the shop that was not nailed down and drove away.

Adrian—Charles Schermerhorn, of Hudson, was probably fatally injured when the hay fork he was using broke and he fell to the floor, alighting on his head and shoulders.

Battle Creek—Mrs. Arvilla Golt, 71 years old, was sentenced to 20 days in jail by Justice Carl Gray for violating a diphtheria quarantine. She could not pay a fine of \$10 and costs.

Grand Rapids—One hundred hammers, repairmen and installers, employed by the Citizens Telephone Co., went on a strike when the company refused a wage increase of 15 per cent.

Hancock—Fifty gallons of whiskey, 600 gallons of mash, much raisins, currants and other dried fruits and a well equipped still were seized in a raid on the basement of a pop factory here.

Ferndale—The village commission has appointed 10 auxiliary patrolmen, who will protect the village on special occasions subject to call at any time. They will be paid only for the time they serve.

Battle Creek—Police were practically without a clue to aid them in capturing a burglar who held up and robbed Mrs. C. E. Foster in her home. The Fosters are minus \$2,500 worth of jewelry and cash.

Adrian—Many holdups in the resort region in the northern part of the county and on roads entering Adrian, induced a number of applications for leave to carry weapons. No permits were granted.

Eaton Rapids—Local photographers say that the new city water is much better than the old city water for developing films, for the rust spots that came from the use of the city mineral water are done away with.

Grand Rapids—Hirth Krause Co., shoe and leather goods, increased its capitalization from \$490,000 to \$1,600,000 and purchased the Christian-Glove factory at Greenville, which will be operated on a larger scale.

Saginaw—The second annual convention of the Michigan Department of the American Legion closed with the unanimous election of Lieut.-Col. Guy M. Wilson, D. S. C., of Flint, as state commander. Withdrawal of all opposition before the election averted the expected contest on the floor.

Houghton—Copper country sports men are urging a law to close the season on deer and partridge every other year. As far as can be learned this proposal has never been put before the state game and fish commissioner, but discussion has revealed a marked trend of opinion in favor of such action.

Flint—Alexander Johnston, 54, is being held here on a charge of murder following the fatal shooting of his son-in-law, Oscar Woods, during a family quarrel. Police say Johnston has admitted the shooting. Johnston served a term in Ionia for shooting his first wife and last winter, after marrying his present wife, was sent to the Detroit house of correction for beating her.

Flint—Edward Hennes, William Doan and Charles Gilbert, veteran mail carriers at the Flint postoffice, who recently were retired on pensions, have each been presented with 10 shares of General Motor stock by W. C. Durant, president of General Motors corporation. In personal letters to the men, Mr. Durant expressed pleasure at their retirement on half pay after years of faithful service, and said he was sending the stock "to compensate for the extra burdens thrust upon you by reason of the activities of the old town."

POLICE WILL NOT FREE KUEHLING

HUSBAND OF DROWNED DETROIT HEIRESS BEING HELD FOR INVESTIGATION.

DISFIGURED BODY RECOVERED

Missing Divorcee Had Fear of Poisoning, Former Husband's Reported Assertion.

Washington—Roy Harper Kuehling will not be released by the police voluntarily until details regarding the supposed drowning of his wife, Gertrude Viger Osgood Kuehling, Detroit divorcee and heiress, are cleared up.

The body of Mrs. Kuehling, Detroit heiress, was recovered near the Maryland side of the Potomac river about 200 yards below the place on the Virginia side where her husband, Roy Harper Kuehling, told the police she was drowned when the canoe he was paddling capsized.

The body, badly disfigured, apparently from contact with rocks, was discovered by a riverman and taken to the morgue, where it was identified by Howard Osgood, Detroit real estate dealer and divorced husband of Mrs. Kuehling. Identification was made possible by a platinum wedding ring.

Osgood dived from the police tugs into the treacherous eddies of the upper Potomac river in an effort to recover the body. He and Detectives Walsh and Bauer risked their lives in the waters more than two hours. Five tugs were employed earlier by the police in the search for the body.

Since the reported fatality Kuehling has been held by the authorities. His attorney was in conference with Chief Grant following which the official made known his attitude regarding an attempt to obtain the man's release and intimated that if a writ of habeas corpus was obtained bonds of at least \$10,000 would be asked.

Investigation the police say, developed that Mrs. Kuehling wrote to her sister, in Detroit, last July a letter in which she is said to have expressed fear of death from poisoning. This information, they said, was furnished by Osgood, divorced husband of Mrs. Kuehling. Detectives visited Mrs. Kuehling's room and took several bottles of drugs, which were turned over to the district health department to be analyzed.

Washington—Reports that John Reed, who sought to represent the Russian bolshevik government as consul general in the United States, has an American passport was denied officially at the state department.

All of the four identifying papers which Reed carried, it was announced, were forgeries. They include a seaman's identification card issued last year to a James Cromley, who secured a duplicate upon filing affidavit that the original had been stolen in New York. Reed was said to have substituted his own photograph for that of Cromley on the passport.

An emergency passport which Reed holds, made out to "Samuel Arnold, Jr." at Paris, was declared to be a forgery in its entirety, including the signature of Ambassador Wallace as was a letter addressed to Arnold, purporting to be signed by Wallace.

Washington—Appropriations of \$48,200,000 have been made for the American Red Cross's relief program during the fiscal year ending June 1, 1921. The total will comprise nearly two-thirds of the budget of \$71,000,000 for activities abroad, being based on reports to Red Cross tending to show that "central Europe faces another winter of famine, pestilence and ruin."

"Physicians who investigated the situation at the behest of the League of Red Cross societies, have given their unqualified opinion that the coming winter will see a recurrence of typhus on an unprecedented scale," said an official announcement here.

"The Red Cross feels it must continue preventive measures against deadly malarial."

Austrian Nobles Forced to Work. Geneva—Eighty members of the Hapsburg family are in great financial distress, former Empress Zita of Austria said to a visitor in Prangins, where she and the former emperor, Karl, are living. Their incomes have stopped and they have also suffered great loss through the rate of exchange. The exiles have been forced to seek employment in order to live, several archduchesses becoming governesses and maids, while the men have turned to odd jobs.

HUNDREDS LOSE LIVES IN 'QUAKE

20,000 TALIANI MADE HOMELESS BY TWO SHOCKS; THOUSANDS INJURED.

CRATER APPEARS ON MOUNTAIN

Pizzo Uccello, A Mountain 5,845 Feet High, Opened By Shock Of First Earthquake.

Rome.—More than 1,400 persons were killed by earthquake shocks in Northern Italy and thousands were injured, says a Rome dispatch to the Morning Post.

The correspondent estimated the received dead at 327. However, many bodies were still buried under the ruins and the complete death toll could not be accurately judged.

More than 500 injured were under treatment in hospitals at Spezia and 300 were being treated at Lucca. The Epoca, of Rome, says the dead exceed 500 and 20,000 are homeless.

Rome.—A volcanic crater has suddenly opened at the top of Pizzo Uccello, a mountain 5,845 feet high, about nine miles northeast of Spezia.

It is located on what appears to be the northwest corner of the district shaken by the last earthquake, which resulted in the loss of hundreds of lives in the region just north of Florence.

A telegram from Spezia states the crater is emitting smoke and sulphur fumes, and that scientists there attribute the volcanic outbreak to the earthquake.

Bein.—The seismographic station at Jenca suggests as the possible cause of the Italian earthquake a sinking of the earth along the mountains bordering the Gulf of Genoa. Experts there say it indicates a massive carving zone in the earth's crust.

SHOWS NEED FOR LAKE ROUTE

Advance in Railroad Rates Additional Reason For Waterway.

Toronto, Ont.—The announcement of the increase in railway freight rates provides an additional reason for the speedy development of the Great Lakes-St. Lawrence route to the seaboard, according to Major Alex C. Lewis, of the Canadian Deep Waterways and Power association.

The present increase is the third in five years, amounting to about 100 per cent on the rates prevailing in 1916.

In the meantime water rates are decreasing. At present freight can be carried to Great Britain at one-third of the rates prevailing two years ago.

The 40 per cent increase in the cost of transporting goods between eastern and western portions of Canada will have a tremendous effect on economic and commercial conditions in this country and will tend to divert trade to the north and south, between the two sections of the country and those portions of the United States lying closest to them.

LAKE CAPTAINS RE-INSTATED

Licenses Which Were Revoked Are Again Returned.

Marquette—Licenses of Captains Lawrence J. Francis, of Lakewood, O., master of the steamer H. P. McIntosh, and Kenneth McRae, of Conneaut, O., of the steamer Adriatic, accused of "gross negligence and misconduct" in management of their vessels in attempts to rescue 16 members of the crew of the steamer Myron, which foundered off Whitefish Point Nov. 22, 1919, have been restored by Capt. Fred J. Meno, supervising steamboat inspector of the eighth district. Their licenses were revoked April 3 by John H. Hanson and Charles M. Gooding, local inspectors.

GETS COMMISSION AS MAJOR

Chester B. McCormick Resigns From Michigan Securities Commission.

Lansing.—Chester B. McCormick, for the past year head of the law enforcement department of the Michigan securities commission, has resigned to re-enter the military service of the United States as major of the regular army field artillery service. He has received his commission and reported to Camp Custer for duty.

Major McCormick is going back into a game in which he has been active more or less since 1895. His first military service covered a period of two years in the old New York state National Guard, and following his removal to Michigan in 1900, he re-enlisted in the Michigan Guard.

3,369 Cars Stolen in Chicago

Chicago.—Statistics compiled by the head of the automobile squadron of the Chicago police department show that 3,369 cars, valued at \$4,600,000, have been stolen here in the first eight months of the year. Of this number only 928 have been recovered.

Sergeant Doyle, in charge of the department, made a statement in which he laid most of the blame on the federal authorities, who, he says, are too lenient with thieves who steal cars here.

MOTHER WITH BABY SENTENCED TO JAIL; REFUSED ADMISION

Jefferson City, Mo.—Mrs. Margaret Burlington, convicted in a Federal court in Wisconsin of having used the mails to defraud and sentenced to three years' imprisonment, was refused admission to the Missouri State Penitentiary because she has a six-months old baby with her. The Missouri law does not permit incarceration of children in the state prison.

Under the terms of the Federal commitment, Mrs. Burlington was to take the baby to prison with her and keep it for six months, after which the baby was to be in the custody of its father six months. It was to alternate for six months periods between mother and father until the expiration of Mrs. Burlington's sentence.

STATE'S CROPS BEST IN YEARS

Less Acreage But Increase in Value At Least \$35,000,000.

Lansing.—"Notwithstanding the decrease of about 5 per cent in crop acreage in the state this year, present conditions and prices indicate a production that will exceed last year's in value by \$35,000,000 to \$40,000,000, or approximately 9 per cent," says the state crop report.

While it is too early to predict a bumper yield, for any crop, and no crop shows better than 95 per cent condition, seldom has the general level of crops been so high. Only two crops in the leading ones of the state show a condition below the 10-year average and a number are from 6 to 10 per cent better.

Most of the fruits are from 15 to 25 per cent better. The two that are below normal are wheat and hay. Sixteen of the 25 crops show improvement over last month.

The condition of beans is reported to be 90 per cent of normal and a crop of 3,194,000 bushels is predicted. Potatoes are also reported in excellent condition with an outlook for 92 per cent of a normal crop. Hay is also credited with good condition and a larger yield than last year. Commercial fruits are said to be in a flattering condition particularly apples.

TRANSFER MEMORIAL FUNDS

Money Raised in Honor of Roosevelt Now With Incorporated Body.

New York.—The executive committee of the Roosevelt Memorial Association made the formal transfer of the funds and records to the association recently incorporated by a congressional charter. The treasurer reported contributions up to Aug. 30 totaling \$1,626,391.54.

The new officers elected are: William Boyce Thompson, president; William Loeb, Jr., vice-president; Albert W. Higgin, treasurer; Robert L. Barr, assistant treasurer; Hermann Hagedorn, secretary, and Hazel H. Plato, assistant secretary.

Charles E. Hughes, Leonard Wood and Elihu Root were elected honorary presidents, and Henry Cabot Lodge, Hiram W. Johnson and James R. Garfield, first, second and third honorary vice-presidents.

VOLSTEAD OUSTED FROM TICKET

Supreme Court of Minnesota Nullifies Nomination of Representative.

St. Paul.—After the disqualification of the Rev. O. J. Kvale as the Republican nominee for congress in the seventh district, the Minnesota state supreme court also eliminated Representative A. J. Volstead as the nominee by the district court.

This ruling, in the opinion of state officials, will leave the naming of the Republican congressional nominee in the seventh district to the Republican congressional committee there. If the district committee is unable to decide on a nominee, the state Republican committee could act, it was said.

SCHOOL GETS HEATING PLANT

Industrial Home For Girls At Adrian Allowed \$55,000.

Lansing.—The board of state auditors allowed \$55,000 for the reconstruction of the heating system of the State Industrial School for Girls at Adrian, in order that the institution may have heat this winter. The plant, which has never been given general repairs since the institution was built, practically went to pieces last winter, when the home, with more than 300 girls from 10 to 20 years old were without heat at various times for as long as 15 hours, sometimes in near zero weather.

Transport Agrow. In Battle

Washington.—The armored cruiser Pittsburgh went aground in the Baltic Sea three miles off Libau, on the coast of Courland. The report of the transport Frederick, now at work, had been ordered to proceed to the assistance of the Pittsburgh, after transferring to another transport the Navy Olympic team. The cruiser was proceeding to Roval from Danzig, where she had recently been sent at the request of the State Department.

UNUSUAL HAPPENINGS AND OTHER BRIEF NEWS

Took Alarm For Bird House.

Weymouth, Mass.—Joe Gallant, a small boy who hails from the woods of Maine, thought a fire alarm box was a birdhouse. He pulled the lever to see the birds come out. They didn't but the fire department did.

Woman Voter Smokes Cigar.

Levinton, Me.—A woman entered a cigar store and bought a cigar. Lighting the weed before the astonished proprietor, she informed him that she had vowed 20 years ago that if she ever voted she would smoke also.

May Take "Kick" From Extracts.

Chicago.—A method of making flavoring extracts non-alcoholic was proposed to the American Chemical society annual convention by Dr. M. DeGrote of the University of Pittsburgh. He favored substituting glycerine.

Good Beer Going to Pigs.

Dallas, Tex.—Pigs at the Dallas municipal farm should worry over prohibition. Chief of Police Ryan has ordered that no more confiscated beer be poured into the gutters. It is to be fed to the pigs. The chief said it "makes 'em fat and happy."

Michigan Man Killed in Fall.

Wilkesbarre, Pa.—F. R. McEford, 40, of Grand Rapids, Michigan, and Guy Dickman, 25, of Williamsport, Pa., were fatally injured when a hydro airplane, piloted by Dickman, and in which McEford was a passenger, fell 500 feet near this city. Both men died in a local hospital.

Favor Taxing of War Wealth.

Portsmouth, Eng.—Resolutions favoring a tax levy on war wealth and capital and demanding compulsory cultivation of all agricultural lands were adopted by the British Trades Union Congress, in session here. Nationalization of the land could not be secured now, it was agreed.

Olive Thomas Poison Victim.

Paris.—Olive Thomas, American moving picture actress, wife of Jack Pickford, also a movie actor, died at the American hospital at Neuilly. She was taken to the institution several days ago suffering from poisoning, having swallowed bichloride of mercury, it is said, by mistake.

Wrs. LeRoy Buried in New York.

New York.—The body of Mrs. Eugene LeRoy, murder victim, which was shipped here in a trunk from Detroit last June was buried in Potter's Field. The body had been held at a city morgue pending capture of Mrs. LeRoy's slayer. An international search to date has failed to discover him.

Pays \$8 to Be Movie Actress.

New York.—"Maybe I'm no Mary Pickford, but I have the makings of a great moving picture actress," said a scrubwoman to one of the district attorney's staff investigating the so-called "moving picture schools." This investigation has disclosed that persons from scrubwomen to mothers of large families have enrolled in these schools at \$8 a lesson.

New Loan Subscribed in Hour.

New York.—The new \$100,000,000 25-year 8 per cent French government loan was over-subscribed and subscription books were closed in an hour. J. P. Morgan & Co., syndicate managers, announced. The books were formally opened at 10 o'clock and closed at 11, an hour earlier than anticipated when the firm refused applications for any increases in quotas to syndicate members.

Judge Says Women May Chew.

Kansas City, Mo.—A woman asked W. H. Scott, a policeman, how to reach an address. Scott told her, "Thanks," said the woman, and reaching into a pocket of her coat took out a plug of tobacco and bit off a chew. Scott arrested her on a charge of disturbing the peace. In municipal court Judge John M. Kennedy dismissed the case. "If women may vote, why shouldn't they chew?" inquired the judge.

Enemy of French and British.

Constantinople.—Mustapha Kemal Pasha has issued a proclamation stating that the English and French are Islam's eternal enemies and admitting that he has formed an alliance with Germany and the Bolsheviks. Kemal is concentrating his troops at Biledjik, preparatory to a last stand. The capture of Afun Karabissar by the Greeks, it is believed will result in the destruction of the Kemaliet army. French and Italian protests prevented the landing of 20,000 Greek troops at Ineboll.

308 Rum Slips in Day.

Chicago.—Federal authorities, revoked the liquor license of Dr. M. A. Pash, who in turn the champion prescription writer. It developed during the hearing that the physician wrote 308 liquor prescriptions in one day. The record for four days was 110. It was figured that the doctor must have started to work at 7 in the morning and did not stop until midnight. The physician said he had given an examination of three and dispensed half tablets to each patient.

IMPROVED ROADS

NOVEL ROAD-MAKING DEVICE

Southerner Has Patented an Unusual Drag, Which is Said to Be Quite Effective.

For removing inequalities from dirt highways, a southern inventor has devised and patented an unusual road drag, which is declared to be very effective. The forward part of the contrivance includes three transverse beams, fastened together with two lateral timbers. In the first two cross-pieces are set spikes, the points of which protrude from the wood, while the front side of the third beam is faced with metal. The rear portion

The Spiked Forward Part of the Drag Loosens the Road Soil, and the Following Rear Portion Packs it to a Smooth Surface, Thus Finishing the Surface in One Operation.

of the device, which is attached to the front section with chains, consists of two side timbers, nailed to four heavy planks, with their forward edges turned upward and lapped. When the appliance is pulled over a road, the earth is loosened by the spikes, then smoothed and packed by the remainder of the machine, thus finishing the surface in one operation. —Popular Mechanics Magazine.

NUMBER ALL ENGLISH ROADS

Properly Organized and Uniform System of Sign Posting to Be Used in Great Britain.

The national road scheme will be ready by the autumn. The scheme consists of the classification of all main and secondary roads in Great Britain, together with a properly organized and uniform system of sign posting. Roads will bear distinctive numbers, so that the traveler need only ascertain the official number of the road, say, from Norwich to Birmingham, to be able to travel from one town to the other without a map.

The experiments conducted under instructions of the ministry of transport to determine the most suitable material for a uniform road dressing, have been successful, and a standard surface has been practically selected. For the present this surface will be applied only to the arterial, and not to the secondary, roads.

By January 1 the new national road scheme will be in readiness to be put into immediate operation. —Daily Mail London.

LARGER CAPACITY OF ROADS

Must Be Doubled to Meet Augmenting Requirements of Transportation Next Year.

We are confronted with the problem of increasing the capacity of our highways. This must be doubled to meet the augmenting requirements of the next year or two. Engineers are wondering along what line this increase shall be provided. One suggestion is to double the width of the roads and increase first cost and maintenance 100 per cent. The most reasonable one is to provide a road of sufficient strength to carry vehicles of 100 per cent greater capacity for a given width of road, as the first cost of these strengthened roads would be only 70 to 20 per cent greater per mile than that of present inadequate highways, says a writer in an exchange. In view of the fact that 50 per cent increase in hauling capacity gives a reduction of 15 per cent in transportation costs, the latter seems the wisest thing to do.

ATTENTION TO EARTH ROADS

Clean Out Ditches and True Up Crown by Use of Light Grader—Four Horses Needed.

The majority of earth roads have been previously graded and it is necessary to clean out the ditches and true up the crown of the road by the use of the light grader two or three times a season. This work requires four horses.

Haul With Less Cost.

Not only can a greater quantity of products be hauled to market with less horse power on better highways, but there also will be a greater saving of wear and tear on the vehicles which carry the goods.

Encourage Producers.

The national system of transportation and distribution is so essential that every possible facility must be provided to encourage producers of farm commodities and specialties to increase production.

EVIDENTLY NOT AN EXPERT JACK OUT OF HIS ELEMENT

Visiting Minister Asking Blessing at Table Was Completely Outclassed by Little Isabel.

To eight-year-old Isabel ever since she has been able to lip has fallen the honor in her family of saying the blessing at meals. Consequently she was indignant the other night when at supper her father transferred this privilege to a clergyman who was a dinner guest.

Isabel had already clasped her hands and was bowing her head preparatory to starting the prayer when her father took the fatal step: "Mr. Funderkin," he said, "will you say the blessing?"

Isabel shot a baleful look at the guest, but a warning expression of her mother's face silenced the protest. Apparently submitting, Isabel bowed her head and her lips moved swiftly as Mr. Funderkin murmured the blessing. The prayer completed, Isabel lifted her head beaming triumphantly.

"I said the blessing six times while you were saying it once," she told Mr. Funderkin. —New York Evening Sun.

There remain in arm hospitals throughout the country no more than 28,000 soldiers still being cared for wounds received overseas. Red Cross workers give them the same sort of friendly aid—only more of it—that was given during the war. Furthermore, the Red Cross is teaching these idle occupations at which they can later make a living and is kept in touch with their home folks in order that no dependents may suffer for lack of funds.

Mrs. Krach Tells How She Got to Know Rat-Snap. "Have always feared rats. Lately noticed many on my farm. A neighbor said he just got rid of rats with RAT-SNAP. This started me thinking. Tried RAT-SNAP myself. It killed 17 and scared the rest away."

RAT-SNAP comes in threecents, 35c, 65c, \$1.25. Sold and guaranteed by Chelsea Hardware Company. Adv.

G. W. COE, Manager

The Homesteader by Robert J.C. Stead Illustrations by Irwin Myers. A Romance of Canadian Prairies and Foothills. REALISTIC PICTURE, painted in the novelist's best style, of the settlement of the lands of Manitoba and westward. Deals with the life story of a pair of lovers who in the early eighties went into a wilderness and watched it grow into an empire. It then takes up the story of their children, particularly the romance of their charming, strong-willed daughter, who, like her mother, followed the man of her choice to another frontier. Thrilling as a tale of knight errantry, yet redolent of the country, and sweet as a breath from meadow land.
