FORMER CHELSEA MAN KILLED IN AUTOMOBILE ACCIDENT

Five persons were injured, one fatally and four seriously, at 3:30 last Thursday afternoon when Dr. Morley S. Vaughn drove his Chevrolet closed automobile into the front trucks of a D. J. & C. Ry. interurban car at the west crossing in the outskirts of Grass Lake. According to Dr. Vaughn, his vision was obscured by rain on the windshield and he did not see the approaching car until too close to stop. The sedan was caught by the front truck and dragged for a distance of 15 or 20 feet where it struck a telephone pole, breaking it off squarely, and completing the wreck of the motor car.

The occupants of the machine were all injured about the head from splinters from the windows of the car, all but Dr. Vaughn being rendered unconscious or dazed.

The members of the party in the automobile were Dr. and Mrs. Vaughn, Mr. and Mrs. George Eisele and Mrs. Fred C. Weber, all of Jackson.

Mr. and Mrs. Eisele were former residents of Chelsea.

Mr. Eisele died Saturday evening as a result of his injuries. The death of Mr. Eisele, it is feared, may have a depressing effect on Mrs. Eisele, who is still at Mercy hospital suffering from the injuries received.

The crossing where the accident occurred is declared by Grass Lake residents to be a very dangerous one, despite the recent placing of a small warning signal on the west side of the road. The railroad is screened from view to the east of the highway by an embankment.

George Eisele was born in Hatten, Alsace, April 22, 1884. His parents came to Chelsea when he was a small boy and this village has been the family home since that time. He was united in marriage with Miss Alice Rutherford about seven years ago.

He is survived by his wife, three children, his mother, two sisters, Mrs. Marie Hoffman of Chelsea, and Miss Anna Eisele of Cleveland, Ohio; four brothers, Augustus Eisele of California, Henry Eisele of Mansfield, Ohio, Martin Eisele of Lyndon, and Albert Eisele of Sylvan.

The funeral was held Tuesday morning from St. John's church at Jackson, Rev. Father Wall officiating.

MARRIED PEOPLE CAN'T LIVE SAME WHEN SEPARATED

Ann Arbor Times News: "The trouble with divorce cases is that people think they can separate and maintain two separate establishments and still live about as they did before," said Hon. George W. Sample, in announcing his decision to fix alimony at \$10 a week plus attorney fees of \$50, pending trial of the divorce case instituted against Wesley Smith, a telegraph operator employed by the Michigan Central railway at Chelsea. The case came up for a preliminary hearing in the circuit court Monday morning.

The plaintiff had asked, through her attorneys, that alimony be fixed at \$15 a week, plus \$50 attorney's fees.

Smith testified that their home was mortgaged for \$1,300 and that he owed debts of about \$200. He thought \$10 a month would be enough to support his wife and daughter, and felt that this would be all he could spare if he were to pay his debts and keep up the interest on the mortgage.

In announcing his opinion, Judge Sample said that the wife and daughter should be allowed to occupy the house, and should be given \$10 a week. If this should not prove sufficient, then the court would order more. He also allowed the attorney's fee of \$50, which he ordered paid on or before the day of hearing.

Uniformity

Uniformity is the secret of success of any good product.

It's the reason Willard Batteries with Threaded Rubber Insulation are making such a wonderful record of long life without repairs.

Ordinary materials used for insulation between battery plates are taken just as they come from nature and can't be made uniform by any process.

But Threaded Rubber Insulation is built up by a scientific manufacture. Every piece of it is like every other and almost invariably Threaded Rubber lasts as long as battery plates.

No wonder many of these batteries have given three and four years of uninterrupted good service.

A CHELSEA INTERVIEW.

Mr. Hyzer Tells His Experience.

The following brief account of an interview with a Chelsea man seven years ago, and its sequel, will be read with keen interest by every citizen: Chas. Hyzer, Madison st., Chelsea, says: "Several years ago while living in Ypsilanti, I was a sufferer from kidney trouble and backache. Sharp shooting pains through my kidneys made work a burden. If I stooped I could hardly straighten again. Finally a friend who had used Doan's Kidney Pills with good results told me to try them and after using them I soon received relief. Three boxes cured me. I am glad to say Doan's are a fine remedy."

Mr. Hyzer gave the above statement March 1, 1913, and on April 27, 1920, he added: "I am glad to again recommend Doan's Kidney Pills and confirm my statement which I gave in 1913, regarding the merits of this remedy. The cure they made for me at that time has remained permanent."

The Price of a Suit Without Working for It

WHAT a grand and glorious feeling—to get something you want very much without working for it. Take your spring suit, for example. You can buy a smart-looking, well-tailored suit for \$60.00, and if you set \$95.00 to work for you now, you can have this suit each year—without turning a hand.

Dividends from Preferred Stock of the Consumers Power Company Yield 7.37% Interest on Your Investment

You need only invest \$95.00 to draw the income on \$100.00—nearly 7½ percent on your money, and the income free from personal tax in Michigan—and on a preferred stock in a public utility corporation of known standing and modern management.

This offer is made to customers of Consumers Power Company because the Company wants those who actually use its product to share in the profits.

There is no reason why part of the money you pay for lights should not be returned to you in dividends.

Bear in mind that this is a preferred stock. All dividends on it must be paid in full before dividends may be paid on the common stock.

You can buy in easy installments. \$10 per share at the time of purchase, and the balance monthly, and you draw 7% on your money thus paid in until you own the stock, when you receive an income of 7.37%.

Four interest days a year—January 1st, April 1st, July 1st, and October 1st—will bring you dividend checks by mail. Whether your salary stops or not these checks will keep coming in.

Terms of Offering

Plan No. 1 (Cash payment.) Under this plan we offer the 7% Cumulative Preferred Stock of Consumers Power Company at \$95 per share and accrued dividends to date of payment for stock.

—OR—

Plan No. 2 (Time payment.) Under this plan we offer the 7% Cumulative Preferred Stock of Consumers Power Company at \$95 per share on a time payment plan; \$10 per share payable at the time of purchase; \$10 per share each month for seven months and \$15 for the final payment. We agree to pay interest at the rate of 7% per annum on the monthly installments paid to us, this interest to be credited to the purchaser on the books of the Company. Dividends from the last dividend date prior to the final payment will be charged to the purchaser and an adjustment made. No more than 25 shares may be purchased by any person under this time offering.

Purchasers under this plan have the option of withdrawing all partial payments at any time prior to the date of final payment for the stock, on 10 days' notice, and in the event of such withdrawal the Company agrees to pay 3% interest on the amounts paid in up to date of notice of withdrawal.

For further information ask any of our employees—or fill in the coupon.

Fordson

TRADE MARK

A Fordson Tractor on the farm means more prosperity for the farmer. It doesn't make any difference how you spell that prosperity—whether it is in increased production; whether it is in the saving that comes from a machine over a horse or a mule; whether it comes in a release from the drudgery and all-day and all-night labor on the farm for both man and wife—because the Fordson answers all those problems to the satisfaction of the farmer.

It can't be otherwise. These are the days of progress, and power on the farm is the necessity. It is only a question of what kind of power the farmer is going to have, but no farmer with the facts now before him can question the monetary advantage of machine power over horse and mule-power. The Tractor is the farmer's necessity just as much as the sun is the necessity for growing crops.

All that is necessary for a farmer is to know his Fordson Tractor as familiarly as he understands handling a team of horses. He wants to use the same amount of reason and common sense. In the Fordson Tractor is the concentrated power of eighteen horses, and as flexible as the movement of your arm—much more flexible than horse control—and beyond all comparison much more economical both in service and in keep. Then it will do so many things that horses and mules cannot do, and it doesn't eat when idle.

We don't believe there is any question in the mind of any farmer as to the necessity for a tractor, but he may have some doubts as to what make of tractor, so that is the reason we are putting this advertisement in this paper to draw his attention to the Fordson tractor. This is why we put the above arguments before him, and why we now invite him to come in to our place of business and view the Fordson tractor. Let us show him what it has done. Let us prove to him its superiority over any other tractor. It means more to him than it does to us. When we sell a tractor, we make a small profit, but when he buys a tractor he buys a power that is working for him every day in the year; that is, if he buys a Fordson—we can't speak for the other kinds. Come in!

TESTIMONIAL

We have done the following work with our tractor since we bought it late last fall: Plowed 161 acres, dragged 300 acres, ground 100 bushels of feed, sawed 60 cords of wood and pulled 30 stumps.

We could not have got our corn in this year without it. We are very well satisfied and consider it the only tractor for our work.

The tractor used about 15 gallons of kerosene and 3-4 gallons of oil for every eleven hours work. Our total repairs has been \$4.95.

We think so well of our tractor that we are thinking some of buying another Fordson so we can work more ground. Signed, A. V. HATT & SONS.

With this space next Thursday for another testimonial.

MARSHALL NEILAN PRESENTS

"The River's End"

BY

JAMES OLIVER CURWOOD

The production of motion pictures is undergoing a great change for the better. The leading stars and directors are going into business for themselves instead of working for wages paid by New York financiers who care little for the finer artistic phases of photography.

In "The River's End" we offer the first photoplay from the studio of Marshall Neilan, formerly one of the highest salaried directors in the world. For his first offering Mr. Neilan has secured James Oliver Curwood's great story of the Canadian Northwest, "The River's End," considered by many the author's most popular work. Quite naturally, Marshall Neilan has spared nothing in cost of cast and production to make his first produced and directed effort as fine as possible.

You may therefore expect a real treat in this great big story of God's Country.

LOCAL HAPPENINGS.

Samuel Bohnet has purchased a Ford touring car.

Born, on Saturday, October 2, 1920, to Mr. and Mrs. Theron Foster, a son. Many of the farmers have commenced to husk their corn, and report an unusually large yield.

J. H. Boyd presented the Standard with a quart of strawberries the first of the week. They were excellent. Mrs. Emma Belser and Mr. and Mrs. F. E. Belser have moved to their residence, corner South and Garfield streets.

Mrs. Stanton Klink, who has been ill for some time, was taken to St. Joseph's sanatorium at Ann Arbor Monday.

Mrs. Nellie Kanouse Warner of Los Angeles, Calif., was the guest of honor at a party given at Maccabee hall Friday evening by Columbian Hive, L. O. T. M.

The Lewis Spring & Axle Co. closed their plant for two weeks, Saturday. Many of the men have gone to work on the good roads, the cement plant, and on farms.

Mr. and Mrs. Geo. Barth moved to their new home on Washington street Tuesday. They have occupied the VanTyne residence on South Main street for the past year.

Fifty members of Chelsea Lodge, Knights of Pythias, were guests of Progress Lodge, Jackson, Monday evening, making the trip on a special car on the D. J. & C. Railway. They were royally entertained.

Judge Sample announced Monday that he had received so many requests for excuses from jurors who are engaged in agriculture that he had decided not to call the circuit court jury until November 3.

There are a number of fox squirrels making their homes in Chelsea. They are protected both by the state law and a village ordinance, but this did not stop a man from shooting one of the little fellows Tuesday forenoon on East Middle street.

The production of "The Wishing Ring" at the Sylvan theatre Friday and Saturday evenings, under the auspices of the Eastern Star, was a success in every way, and proved to be one of the best entertainments ever presented in Chelsea.

The young ladies and gentlemen who assisted in the presentation of "The Wishing Ring" under the auspices of the Eastern Star Friday and Saturday evenings, were guests of the order at a dancing party in Maccabee hall Wednesday evening.

Farmers of Washtenaw county have ordered 11,000 pounds of alfalfa seed for spring sowing, through the Farm Bureau. As it takes ten pounds of seed for an acre of land, this means that the alfalfa acreage in the county will be increased by about 1,100 acres.

A reception for the teachers of the Chelsea public school will be given at the Congregational church Thursday evening of this week. The Clerical Chapter will serve a supper at 6:30 in the church dining room, and at 7:30 there will be a program and an opportunity to greet all the teachers.

Rev. P. W. Dierberger announced to his congregation last Sunday morning that he had declined a call to a church in Muncie, Ind., of which he was minister previous to going to China. He says that Chelsea is good enough, and his many friends here will be pleased to learn of this decision on his part.

David Bristol was born in Freedom and died in Pontiac, Wednesday, September 23, 1920. He is survived by two brothers and three sisters. The funeral was held from the home of his sister, Mrs. Fred Hinderer, Saturday afternoon, Rev. E. Thiene officiating. Interment at Zion church cemetery, at Rogers Corners.

Dr. Faye Palmer and Wesley Smith left Wednesday noon on an overland trip to Lodi, Calif. They are driving through for Perry C. Palmer a Ford ton truck on which is loaded a Ford touring car. The back of the front seat of the touring car has been changed so that it can be tipped back making a comfortable bed. They will travel over the Santa Fe trail.

Mr. and Mrs. Jacob Weller, Mr. and Mrs. Dan Hertler and family, Mrs. Katherine Hertler and children, Mrs. Katherine Hertler and daughter Helen, Alfred Hertler, Mr. and Mrs. E. H. Cook and daughter Hazel, Mrs. Theodore Feldkamp and daughter Estel, Mr. and Mrs. W. E. Dietiker and son, all of Saline, were callers at the home of Rev. and Mrs. P. W. Dierberger Sunday afternoon.

The marriage of Miss Erna Gage, daughter of Mr. and Mrs. Geo. W. Gage, and Mr. Elmer R. Mayer, son of Mr. and Mrs. Joseph Mayer, was solemnized in Manchester, Tuesday noon, October 5, 1920, Rev. A. Schoen performing the ceremony. The couple were attended by Mr. and Mrs. Lewis Hselschwerdt. Mr. and Mrs. Mayer left on an automobile trip for a two weeks' visit with relatives and friends in northern Michigan. Upon their return they will make their home in a portion of the residence of Mr. and Mrs. M. Brooks on West Middle street.

Misses Ada Little, Doris Houk and Flora Houk, of Detroit, spent last week at the home of Mr. and Mrs. Jacob Houk, parents of the Misses Houk. Mr. and Mrs. Houk entertained a number of near relatives on Sunday in honor of their daughter Doris, whose marriage to William Caruthers, of Illinois, occurred Saturday, October 2. It was also a farewell party to the bride's twin sister, Miss Flora, and Miss Ada Little, who left Monday for Columbia, South Carolina, on an extended visit to the latter's home. Mr. and Mrs. Caruthers will make their home in Detroit.

Relations With Japan Becoming Badly Strained Though There Is No Danger of War.

TOKYO LEARNS U. S. STAND

Disclosures of Crookedness in Organized Baseball Arouse Indignation and Grief—Poles and Baron Wrangel Still Driving the Reds—Moscov Eager for Peace.

By EDWARD W. PICKARD.
Despite the undoubted fact that the governments of the United States and Japan are earnestly striving to arrive at an amicable settlement of their differences, the relations between the two nations are becoming more strained daily. This does not mean that hostilities will ensue—such an eventuality is almost out of the question—but the situation is giving undesirable opportunity to the alarmists and the fingers of both countries and is really worrying the statesmen and those directly interested in international commerce.

The administration at Washington has sent to Tokyo a communication stating just how far it is willing to go to meet the desires of the Japanese, and this proposition was taken under consideration by the Japanese cabinet. At neither capital was any information given out as to the contents of the American note, but it was reported in Washington that one of the fundamental considerations insisted upon by the administration is that Japan shall give a new guarantee against immigration. In the form of an amendment either to the existing treaty or to the "gentlemen's agreement" under which since 1907 Japan has undertaken to prevent the emigration of laborers to America.

If Japan agreed to accept any such amendment, it probably would be to the gentlemen's agreement, for the Japanese people would scarcely stand for a formal treaty by which they, almost alone, would be set apart as undesirable immigrants into America. If Japan cannot bring about a definite settlement of the trouble at this time, she desires at least to reach an understanding that will quiet the talk of Japanese domination in California and induce the people of that state to reject, at the coming election, the proposed new alien land law which is the cause of most of Japan's protests. The adoption of that law was prevented last year by the administration, but whether this could be done again is problematical.

We have thought in America that the Japanese people were considerably wrought up over this question, but according to Marquis Okuma, former premier, they are not sufficiently aroused. It is now announced in Tokyo that Okuma is going to devote himself to awakening the Japanese people against "the unlawful attitude of California Americans," and that he will call a meeting of 100 leading statesmen and other prominent citizens to exchange views on the subject. The marquis says his fellow countrymen are becoming weak and cowardly, like the Chinese, are indifferent to grave questions affecting the nation's interests, and that a strong, unified national opinion must defend the interests of the Japanese in California. He predicts that unless something is done to check the Californians, there will arise a similar state of affairs in Canada, Australia, New Zealand and other British dominions.

That the Japanese already are retaliating in such ways as are open to them is indicated by correspondence between Secretary of Commerce Alexander and Chairman Benson of the shipping board. Mr. Benson called to the attention of Mr. Alexander instances of Japanese procedure at Kobe amounting to discrimination against American shipments to the Far East. In reply Secretary Alexan-

der wrote: "The nature of the discrimination is in almost every case so subtle, notwithstanding its effectiveness, that it is almost impossible to take formal action. The best solution of the matter seems to be direct transportation of American goods in American ships wherever possible."

The proposed California law, if it held by its proponents, would deny to the Japanese in this country no rights or privileges not denied to Americans in Japan by Japanese law. It may be as well to give here the following summary of the chief features of the proposed law. It says: That aliens, ineligible to citizenship in the United States, companies, corporations and associations, the majority of whose stock is owned by such aliens, are authorized to own and convey land only as provided by treaty and not otherwise.

That such persons, companies, corporations and associations shall not be apportioned guardians for estates consisting wholly or in part of realty, but that the public administrator or other "competent person" shall act for the minor heirs of such estates. That ownership or leases, acquired in violation of the law, shall become and remain the property of the state of California. That evasions of the law governing conveyance of property shall be punishable by fine, not exceeding \$5,000 nor more than two years in jail or both.

Governor Stephens says of it: "The bill does not and will not, because the state legally cannot, prevent Japanese control of our soil nor can it stop further immigration. The full solution of this question cannot be had short of an exclusion act passed by congress." Hot indignation and genuine grief have been aroused all over the land by the revelations of crookedness in organized baseball in the grand jury investigation in Chicago. That here and there might be found one or two players who would sell out would not be surprising, but that eight members on one club should be guilty of such shameful if not criminal conduct would be unbelievable were it not attested by the confessions of some of the accused. These men not only sold their honor and the respect and admiration of the American people, but they sold out for petty sums and to cheap gamblers, who "double-crossed" them, and now they have nothing left but bitter reflections and the remnants of their bribes.

The grand jury voted true bills against eight men, seven of whom are still members of the Chicago White Sox club, the eighth having been suspended last spring. They are accused of "conspiracy to do an unlawful act." State's Attorney Hoyle was doubtful whether any crime as legally defined had been committed within the jurisdiction of the courts of Cook county, but the attorney for Charles Comiskey, the broken-hearted owner of the White Sox, says there are at least two counts on which each of the players named in the true bills may be prosecuted. He says the public paid admissions to see honest baseball played, and the conspiracy to throw the games thereby cheated the public. Also he asserts the men conspired to injure the property of Comiskey, consisting of contracts worth more than \$200,000 and the drawing power of the team and other good will estimated at \$300,000.

It is believed that if the state does not take definite action against the players the government will prosecute those who received bribes for their failure to schedule the same on their income tax reports. Official word to this effect has been received in Chicago from the internal revenue department in Washington. The White Sox, which were only half a game behind the Cleveland team in the race for the American league pennant, were of course badly wrecked when the seven players were suspended, and the chances were small indeed that they could win the honor of playing for the world's championship against Brooklyn, which already has captured first place in the National league.

Cheers for the League of Nations council on the ground that it had stopped or averted hostilities involv-

ing four nations may have been premature or over-enthusiastic. Lithuania and Poland, which were actually fighting, have not ceased yet, though they probably will before long. As for the dispute between Sweden and Finland over the Aland islands, the former nation protests that there never was any danger of hostilities, as she always settles international disputes peacefully. Swedish officials said the quarrel with Finland would be amicably ended, though they added that Sweden never would give up the Aland islands.

Both the Poles and General Wrangel continued their successful warfare on the Russian soviet forces. The former at last reports had captured the important cities of Lida and Pinsk, and were steadily advancing north-eastward toward Vilna, whose fall was expected soon. Lida is the place where Trotsky was said recently to have established the headquarters of a new Bolshevik army of 90,000 for a fall campaign against the Poles. The Ukrainians, who are operating on that front, have recovered Kamenez-Podolsk from the Bolsheviks and are said to be planning a drive to form a junction with Wrangel's forces and to sever the soviet line of communication between Kiev and Odessa. Wrangel, who is now well to the north of Alexandrovsk, is being aided by Makno, the independent Ukrainian leader, and is taking large numbers of prisoners.

The soviet government has had more than enough war with Poland, and at the Riga conference is seemingly making every effort to arrange an armistice that shall lead to peace. According to a dispatch from Warsaw, Adolph Joffe, head of the Russian delegation, received instructions from Moscow, to accept all the conditions laid down by Poland, however hard they may be, except those compelling Russia to partly or wholly disband her Red army. So far the chief matter in dispute has been the line of demarcation between Poland, White Russia and Ukraine.

There has been no cessation of the guerrilla warfare in Ireland. Nearly every day one or more members of the British police or army are murdered by Sinn Feiners, and in almost every instance reprisal is swift and bloody. Towns and villages are raided and the homes of well-known Sinn Feiners are burned, and often they are taken out and shot to death. The British government, though it has started an inquiry into the killings, seems rather helpless in the matter. Mayor MacSwiney of Cork is still alive, and a London paper says it has learned he is being given food in concentrated form.

Though the effort to communize the industrial plants of Italy is admittedly a failure, the disturbances there are increasing. The workers and owners in the metal plants are approaching some measure of agreement, with the aid of the government, but the employees in other lines and the peasants in Sicily and other districts are yielding to the efforts of radical trouble-makers. Seizure of lands by armed peasants, beginning in Sicily, spread to the north during the week and threatened to become nation-wide.

The best development of the week was the way in which prices in the United States began to decline. In most cases manufacturers and dealers who offered the reductions tried to make it clear that they were based on expectations of future conditions, in order to free themselves from the suspicion of having profiteered at the former prices. Economists called attention to two things: First, that safety demanded that prices decline gradually instead of tumbling; second, that the people must not let the lower prices lead them into another orgy of buying, lest the result be another rise.

America met with defeat in the airplane race for the James Gordon Bennett trophy in France. One of her entries was thrown out by an accident and the two others did not get far, owing to defects of construction in their engines. The race was won by a Frenchman, Sadi Lecointe, and the trophy now remains permanently in France.

We were motoring with my father, a new driver. The car jumped the road, just missed a yelling dog, hit a telephone post, and stopped with a jerk. A Doubtful Disaster. "What's the excitement down the street?" "An explosion of home brew." "Any fatalities?" "Yes. Deacon Cranleigh's reputation as a prohibitionist and a pillar of the church blew up with the brew."—Birmingham Age-Herald.

A Pittsburger, Who Caused a Sensation, Tells of Results.

ANCIENT TONIC HIS SECRET

Hundreds of Thousands of Families Found Health and Happiness by Following His Instructions.

Six years ago H. H. Von Schlick could be seen any day visiting prominent Pittsburgh business men in their downtown offices. He carried a satchel, and his arrival was always greeted by a smile indicating welcome. These men were his customers. They accorded him with a new lease of life and the healthy condition of their families.

Von Schlick has bright eyes and his cheeks indicate that pure red blood flows through his veins. He says he was younger at fifty than he was at thirty-five. He has never had a sick spell or any of the symptoms of the ailments which afflicted him before he began using a tea, the ingredients of which were conveyed to him by an old Bulgarian 20 years ago. Von Schlick makes this statement:

"I was recovering from the grippe, was run down, and a dizzy feeling in the head, and felt like the victim of the hook-worm. This old Bulgarian knew of my sickness and while in the office suggested, 'I give you something to make you feel better.' He returned next day with a package and told me to use one teaspoonful in a cup of hot water, and to repeat the dose once each night for a little while. He promised I would never be troubled from sickness again. I followed the prescription, skeptical of course, and one day later I was seeking that old man to secure from him the ingredients of that tonic.

ONE HUNDRED YEARS YOUNG. "He explained to me that in Bulgaria the older families regarded this tonic as the great disease preventative and health restorer; that it was handed down from generation to generation. At the first symptom of any sickness the mother or women of the family made the tea for all members. It is a well-known fact that Bulgarians are the oldest and healthiest people in the world.

"In Bulgaria and the Balkan countries of Eastern Europe, in spite of poor sanitary conditions, among 1,000,000 inhabitants there are 1,000 over 100 years old. In France there is only one person in 1,000,000 over 100 years old, and in Germany only one person 1,150,000. It is a rare news item in the United States when a man dies after reaching the century mark.

"My Bulgarian friend informed me that his progenitors reached this time of life and that they all had a healthy and happy old age. Asked for a rea-

son he pointed to his tonic. After using this tonic for 15 years I am ready to guarantee to the world that it is the best prescription for health existing.

"Every member of my family takes one dose each week, my relatives all use it, my friends and neighbors have been keeping health by reason of it and hundreds of thousands of people in this city, all sensible and well-known, consider I have done them an everlasting favor by convincing them of its merits.

"During all the terrible influenza epidemic Bulgarian Blood Tea was used by countless thousands of sufferers with marvelous success and millions of people took it steaming hot to prevent and ward off the disease.

A 15-YEAR TEST. "After 15 years of experience I am positive that it will prevent sickness, it will restore your health by eliminating the poisons. It will regulate disorders of the digestive organs. It will increase poor circulation. It will restore vitality, energy or strength. It will make your brain respond splendidly to the strain of modern business. It will give you a healthy, youthful complexion. It will prolong your life and, with proper diet, you should live to a ripe old age."

Bulgarian Blood Tea today is used by millions of people in every state in the Union fighting off disease and old age weaknesses. They include happy girls budding into womanhood or women crossing precarious thresholds of life. All praise and commend it. Men regain strength and vitality, the blood becomes rich and pure and the fire and vim of robust health returns to those who were in despair.

Bulgarian Blood Tea is guaranteed to contain just pure herbs of marvelous medicinal and curative power gathered from fields, mountains and valleys of Europe, Asia and Africa. All drug stores now keep Bulgarian Blood Tea in stock, but, owing to the enormous demand immediate application to your druggist is urgent on account of the limited source of supply. Distributors of Bulgarian Blood Tea are authorized to return the full purchase price if it does not materially improve your health in three weeks' time. This evidence of faith in the power of Bulgarian Blood Tea is the guarantee of the Marvel Products Company, Marvel Building, Pittsburgh, who authorize this public announcement.—Adv.

Owe Their Health To

Lydia E. Pinkham's Vegetable Compound—overshadowing indeed is the success of this great medicine. Compared with it, all other medicines for women's ills seem to be experiments. Why is it so successful? Simply because of its sterling worth. For over forty years it has had no equal. Women for two generations have depended upon it with confidence. Thousands of Their Letters are on our files, which prove these statements to be facts, not mere boasting.

Here Are Two Sample Letters:
Mother and Daughter Helped. Middleburg, Pa.—"I am glad to state that Lydia E. Pinkham's Vegetable Compound did me much good when I was 35 years old. I was run down with female trouble and was not able to do anything, could not work for a year and could not sleep. I had treatment from a physician but did not gain. I read in the papers and books about Lydia E. Pinkham's Vegetable Compound and decided to try it. The first few bottles gave me relief and I kept on using it until I got better and was able to do my work. The Vegetable Compound also regulated my daughter when she was 15 years old. I can recommend Vegetable Compound as the best medicine I have ever used."—Mrs. W. YERGEN, R. 3, Box 21, Middleburg, Pa.
Wise Is the Woman Who Insists Upon Having
Fall River, Mass.—"Three years ago I gave birth to a little girl and after she was born I did not pick up well. I doctored for two months and my condition remained the same. One day one of your little books was left at my door and my husband suggested that I try a bottle of Lydia E. Pinkham's Vegetable Compound. I started it immediately and I felt better and could eat better after the first bottle, and I continued taking it for some time. Last year I gave birth to a baby boy and had a much easier time as I took the Vegetable Compound for four months before baby came. On getting up I had no pains like I had before, and no dizziness, and I feel as well as ever."—Mrs. THOMAS WILKINSON, 363 Columbia Street, Fall River, Mass.

Laugh at Your Fuel Bills

When you install the

MUELLER The "BIG 3"

PIPELESS FURNACE

YOUR fuel bills cut 1/3 to 1/2. No more dirt scattering, air poisoning stoves. Comfortable temperature in every room guaranteed and your whole house kept healthful with clean, moist, warm air.

That's the measure of satisfaction you get—that's why your neighbors are installing the Mueller, the "BIG 3" Pipeless Furnace.

We handle the Mueller because we know it is a success. It's different—superior to all other one-register furnaces because it is built correctly and because three big, exclusive construction features, the "BIG 3", insure its efficiency.

Read about the "BIG 3", then come in and let us show you the Mueller and explain every detail.

The "BIG 3"

They Insure Heating Comfort For You

- 1 Large and Correctly Proportioned Register Face—** Insures delivery of big volume of warm, moist air which rises slowly through register but spreads rapidly to every room in the house.
- 2 Spacious, Unobstructed Air Passages—** Permit withdrawal of large volume of cool air from rooms while delivering an equally large volume of warm air into them.
- 3 Vast and Scientifically Designed Heating Surface—** Insures full benefit from fuel burned. Prevents hard firing, overheated castings and big fuel waste.

WHY not install your Mueller now? Come in and let us show you how it works—how it will heat your house upstairs and down—how it will burn hard or soft coal, coke, wood, lignite or gas and save 1/3 to 1/2 on any fuel used.

When you learn how quickly the Mueller can be installed, how easy it is to operate and what it costs, you will not let another winter pass without it. And remember that it is guaranteed to heat every room in your house comfortably.

SYLVAN TWP. REGISTRATION Notice for Election Nov. 2, 1920.

To the qualified electors of the Township of Sylvan, County of Washtenaw, State of Michigan:

Notice is hereby given that in conformity with Act 126, Public Acts of 1917, the undersigned Township Clerk will, upon any day except Sunday and a legal holiday, or the day of any regular or special election or official primary election, receive for registration the name of any legal voter in said Township not already registered who may apply to me personally for such registration, or who may make application for registration by mail or messenger as provided by Act 7, Pub. Acts of 1919 except that I can receive no names for registration during the time intervening between the second Saturday before any general or special election or official primary election and the day of such election.

October 23, 1920—Last Day For general registration for said election.

All electors not already registered and intending to vote at said election, should make application to me on or before the 23rd day of October, A. D. 1920.

Notice is further hereby given that I will be at the Chelsea Standard Office on October 9 and October 16, A. D. 1920 from 8 o'clock a. m. until 8 o'clock p. m. on each of said days for the purpose of reviewing the registration and registering such of the qualified electors in said Township as shall properly apply therefor.

The name of no person but an actual resident of the precinct at the time of registration and entitled under the constitution, if remaining such resident, to vote at the next election shall be entered in the registration book.

Registration of Absentee by Oath.

If any person whose name is not registered shall apply and claim the right to vote at any election, and shall, under oath, state that he or she is a resident of such precinct and has resided in the Township twenty days next preceding such election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution; and that owing to the sickness or bodily infirmity of himself or herself or some member of his or her family or owing to his or her absence from the Township on public business or his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election, then the name of such person shall be registered, and he or she shall then be permitted to vote at such election. If such applicant shall in said matter, wilfully make any false statement, he or she shall be deemed guilty of perjury, and upon conviction, be subject to the pains and penalties thereof.

Registration by Mail or Messenger.—Under Act No. 7, Public Acts of 1919, the privilege of absent voters is extended to include registration. Upon compliance with this Act registration can be secured without personal appearance.

The time limit for registration by mail or messenger is the same as where personal application is made. Therefore, the affidavit of an elector desiring to register by mail or messenger must be received by the Township Clerk not later than the second Saturday, preceding the Election.

State of Michigan } ss
County of _____ being duly sworn, deposes and says that he is a duly qualified elector of the _____ precinct of the township of _____ in the county of _____ and State of Michigan, that he is not now registered as an elector therein, and that he makes this affidavit for the purpose of procuring his registration as an elector in accordance with the statute.

Taken, subscribed and sworn to before me this _____ day of _____ A. D. 1920.

Notary or Justice.

Provision in Case of Removal to Another Precinct.—Any registered or qualified voter who has removed from one election precinct of a township to another election precinct of the same township shall have the right, on any day previous to election day, on application to the Township Clerk, to have his or her name transferred from the registration book of the precinct from which he or she has removed to the registration book of the precinct in which he or she then resides. Such elector shall have the right to have such transfer made on election day by obtaining from the board of inspectors of election of the precinct from which he or she has removed a certificate of transfer and presenting the said certificate to the board of election inspectors of the precinct in which he or she then resides.

Women Electors.—The names of all qualified Women Electors not already appearing on the registration list will be registered, in conformity with the foregoing provisions.

O. T. HOOVER,
Township Clerk.

Dated Sept. 22, A. D. 1920.

Lima Registration Notice.
I will be at my residence from 8 o'clock a. m. to 8 o'clock p. m. on Saturday, October 9, and Saturday, October 16, for the purpose of registering all qualified electors who may apply.

Choosing the Girls at Central

We cannot afford to be disappointed in the choice of a telephone operator. Upon her efficiency is staked our reputation and the high standard of service which we are trying to give Michigan.

Even during the post-war period when girls were so hard to obtain, we stood by our standards—selecting, carefully, girls into whose personality and character have been built those qualities of cheerfulness, even temperament and physical and mental alertness that will qualify her, after a period of careful training, to become a truly efficient operator.

How wisely we have chosen is reflected, today, in the ever increasing efficiency of the service rendered by these girls—a service which we can now state is fast approaching its pre-war efficiency.

MORNING TO YOU, PETE!

Who crossed my trail in the hotel this afternoon but "Long Sam" Weaver! Last time I saw Sam to chin to was that night of July 15th when our old 38th clinched the "Rock of the Marne" title! And, I guess you won't forget that night, old glue pot—everybody was stuck on you!

Sam and I fought the war all over again and dug into our Camel supplies like it was "free commissary". Sam never will get all done talking about that session when we couldn't move a hair without getting a close shave—and, no cats or smokes!

Sam has some song about how good Camels were to him in France—and ever since! That bird has the warble! Why, Camel talk trickles off his tongue like water flows over Pa Smith's mill dam! Pete, old carpet tack, Sam has a head all right!

"Camels certainly are friendly", was the way Sam put it in his old-time vigor-vim style. "You know as well as I do", he added, "that no other cigarette has such a mild, mellow body. And, there's no harshness or tiredness of taste in a million Camels! No objectionable odor, no lingering unpleasant aftertaste! Summing it all up, Shorty, I'll say Camels are the greatest cigarettes in the world at any price!"

Headed southeast tonight, with Winston-Salem, N. C. my first port of call. Some jump from K. C.! Pete, it's Winston-Salem where Camels are made! GET ME!

Sincerely

Shorty.
