

MYSTERIOUS SHOOTING NEAR ANN ARBOR

Prominent Residents of Manchester
And Tecumseh Victims Unknown
Assassins Saturday Night.

Mrs. R. G. Haeussler, wife of a well-known Manchester druggist, has a bad scalp wound and Mrs. George Rathbun of Tecumseh, daughter of Mr. and Mrs. James Geddes of this place, was struck in the face by a number of bird shot Saturday evening when some unknown persons fired a shot gun into the closed car in which Mr. and Mrs. Haeussler and Mr. and Mrs. Rathbun were returning to Manchester from the football game in Ann Arbor.

Mrs. Haeussler and Mrs. Rathbun occupied the rear seat of the Haeussler car. About two miles out of Ann Arbor on West Liberty street the party was met by another car going toward Ann Arbor. As the two cars came abreast a shot gun was fired, the charge going through the rear windows of the Haeussler car, grazing Mrs. Haeussler's head and inflicting a severe scalp wound.

Mrs. Haeussler was taken back to the hospital in Ann Arbor where her wounds were dressed and she is reported to be getting along nicely.

Mrs. Rathbun's injuries were not so serious, although several shot struck her in the face, but fortunately none hit her eyes.

In the excitement following the shooting, no one in the Haeussler party thought of the assassins and they escaped in the dark without leaving any possible clues as to their identity.

WHO'LL BE FIRST LADY?

Who will be the next "first lady of the state of Michigan?" This question is being discussed with much interest among women's clubs and organizations.

Mrs. Albert E. Sleeper of Bad Axe wife of Governor Sleeper will be automatically retired when the present chief executive turns over the reins of the state to his successor.

Of the two most probable successors there is no present indication that a lady will accompany either into office. Alex J. Groesbeck, the Republican candidate, is a bachelor; while Woodbridge N. Ferris, the Democratic aspirant, is a widower.

PINCKNEY BURNS AGAIN

Second Fire Within Ten Days Takes
Three More Buildings—Loss Is
Estimated \$25,000.

Fire which broke out about five o'clock yesterday morning destroyed three more business buildings in Pinckney, including an empty store owned by M. F. Bailey of Ann Arbor, the upper floor occupied by the Masonic lodge and a young men's club, the Teeple Hardware Co. and Monks Bros. stores adjoining the Bailey building on the east. The fire started in the Bailey building on the northeast corner of the main four corners of the village.

The previous fire on the evening of October 16th destroyed the old hotel, the Reason warehouse and the bakery, on the opposite southwest corner, and the two fires leave two gaping holes in the business section of our neighboring village.

As before, help was summoned from Brighton and Ann Arbor, and the former place sent its motor fire truck in time to give valuable assistance.

All of the burned buildings were insured. The loss is estimated around \$25,000.

RED CROSS RELIEF IN POLAND.

More than \$3,000,000 has been spent by the American Red Cross in aiding the stricken people of Poland. The organization has nursed the sick, fed the starving, clothed the naked, sheltered the homeless, schooled the children and cared for the orphans there. It has conducted a relentless fight against typhus, cholera and other terrible diseases. So today millions of men and women in that resurrected nation speak in grateful appreciation of "The Greatest Mother in the World."

Nearly 200 American Red Cross workers are now engaged in relief activities in Poland. Four large relief bases are in operation and eleven mobile units are in the field. During the last twelve months this organization was largely instrumental in the re-establishment of a relief of more than \$1,000,000. Last winter one-half million war orphans were aided materially, and since then a series of large orphanages have been established to give them permanent care.

But for American Red Cross aid, officials of Poland declared recently, millions of people in that country would have perished of disease, exposure or starvation the last eighteen months. And the work there must be kept up for another year.

REPUBLICAN LEADERS
OF NATION AND OF STATE
Their election is urged in behalf of home interests, for the welfare of our state and its citizens, for a return to government by the people, for freedom from autocratic personal rule and to close the present era of national extravagance.
EUGENE C. CAUL, Chairman, Republican State Central Committee

For Vice-President

Calvin Coolidge

For Governor
Alexander Joseph Groesbeck is a product of a Michigan farm. He was born in Warren Township, Macomb County. His boyhood was spent on the farm and from a school nearby he received his primary education. It has been Attorney General Groesbeck's privilege to be related to more important cases. In behalf of state interests than has been true of any occupant of his office for many years. More than a quarter of a million of dollars has gone into the State Treasury as the result of suits instituted by Attorney General Groesbeck in cases where inheritance taxes were being withheld, and where annuities due to the state on other accounts had remained unpaid.

FOR STATE AND NATION
The Republican party proposes to devote its entire efforts to safeguarding and promoting the welfare of the American people, and to maintaining the principles of self-government that have given to our country its favored and unique position.
Let us seek to avoid industrial chaos and to bring to a close the present national era of enormous war-time expenditures.
Vote for a purpose far greater than the success of the party, for the ultimate goal that no harm shall come to the Republic.

STATEMENTS BY GROESBECK
"This is a reconstruction period and there are big problems confronting our state."
"We ought to revise our methods of state administration and make them more efficient and better adapted to conditions as they now exist."
"There should be no invisible government functioning for its own interests in Michigan."
"And it is most important that there shall be a reduction of state expenditures and a period of relief to our people from the burden of excessive state taxation."

For Lieut. Governor
The Republican candidate for Lieutenant Governor, the second in rank on the list of state officers, was chosen Speaker of the Michigan House of Representatives by his fellow members of that legislative body at the opening of the 1919 session. This honor was given to Mr. Read without opposition. His prospective promotion to presiding officer of the State Senate is therefore logical and deserved. Thomas Read graduated from the law department of the University of Michigan. Mr. Read is assured of election by a majority equal to the largest that will be given, and the same assurance can be given as to his zeal and success in the after performance of his official duties.

For Secretary of State
Charles J. DeLand, who was nominated without opposition at the Republican State Convention for the office of Secretary of State, has represented his district in the State Senate for three consecutive terms. Mr. DeLand was a member of the Constitutional Convention of 1907, and through education and official experience is unusually well qualified to meet the important requirements of the department of state. The loyal and aggressive support given to Mr. DeLand by the delegates from his home city and county testify to the high esteem in which he is held by those who know him best.

For Auditor General
On the first day of the coming year Oramel B. Fuller will enter upon his seventh term as auditor general. No other occupant of an elective state office in Michigan has ever been so singularly honored as has been the experience of O. B. Fuller, and no other Michigan state official has proven himself more worthy of special favor. Constant attention to the details of his office, careful in their transaction and fearless in the performance of his duties, Auditor General Fuller has given to Michigan a service that in its value will well compare with the remarkable extension of his term of office.

For Justice of the Supreme Court
Justice Nelson Sharpe, who was appointed in September, 1919, to fill the vacancy on the Supreme Bench caused by the death of the late Justice Ostrander, was chosen as a candidate to succeed himself by unanimous action of the state convention. Justice Sharpe has been related to the practice of law in Michigan since 1885. Within that period of time he served his county as prosecuting attorney and for more than twenty-five years he officiated as Judge of the 34th Judicial Circuit. Justice Sharpe's recognized fitness and ability made deserving the unanimous nomination that came to him.

For Justice of the Supreme Court
George M. Clark, one of the two candidates for Justice of the Supreme Court who will be voted for at the coming election, has been a resident of Michigan since his early childhood. He was born in West Williams, Ontario, November 23d, 1875, and with his parents came to this state in 1878. Mr. Clark was admitted to the practice of law in 1904 and continued in active service as a lawyer at Red Axe, Huron County, until appointed in 1920 by Governor Sleeper to fill the Supreme Court vacancy caused by the resignation of Justice Kuhn. Mr. Clark is an orator of state-wide reputation.

For State Treasurer
Frank E. Gorman is the present occupant of the office of State Treasurer and was nominated at the recent Republican State Convention to succeed himself. Mr. Gorman has served as bookkeeper in the office of State Treasurer, and as cashier and Deputy State Treasurer previous to his appointment as the head of that office by Governor Sleeper. Very rarely has it been true that such thorough experience as Mr. Gorman is possessed of, has preceded an official appointment or party nomination. Frank E. Gorman is a native of Michigan and his entire life has been spent in this state.

For Attorney General
The nominee of the Republican party of Michigan for Attorney General is Merlin W. Wiley, well and favorably known throughout the entire state. Mr. Wiley was three times elected to his legislative district as a member of the State House of Representatives, the third time without opposition. For sixteen years Mr. Wiley has practiced law in his home city of Sault Ste. Marie and is now senior member of the firm of Wiley & Green. It was that which was known of him as a law maker and as a student of law that won for Mr. Wiley the opportunity for important state service as Attorney General.

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

SYRACUSE, N. Y.—"When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little books. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can."—Mrs. R. E. Berman, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

"Spare" in Readiness. A little girl was on a ferryboat with her mother. Evidently being the first time she was on a boat, she looked around and took everything in. Her mother questioned her as to how she liked the boat, upon which she replied: "I think it very nice, and I am glad they carry a 'Spare,' pointing to a life buoy."

Important to Mothers. Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of J. C. Ayer & Co., Lowell, Mass. In Use for Over 30 Years. Children Cry for Fletcher's Castoria.

Saved By Wooden Leg. New York. The excellent fastenings on Alexander Frank's wooden leg have prevented him from committing suicide. Crowds in Second avenue were started to see him hanging head downward from a fifth story window, with another man clutching one of his legs to restrain him from breaking away and casting himself into the street. The leg, of stout oak, was so well braced that it held until Frank was rescued and hauled back into the window.

EARLE'S HYPO-COD WORKED MIRACLE, SAYS THIS LADY

Had Cough, Stomach Was Bad, Nervous and All Shot to Pieces.

FOR OVER A YEAR SHE GREW STEADILY WORSE

"About two years ago I had Pneumonia Fever which left me in a very weak condition," declared this lady, "and I had a lingering cough that clung to me like death. I lost about twenty pounds and in spite of the prescriptions given me I continually became worse until I was a shell of my former self. My nerves were all shot to pieces and my stomach was so weak I didn't dare touch any heavy or solid foods. I lingered along for over a year getting weaker and weaker until that fortunate day when I saw where people here were praising a new medicine called Earle's Hypo-Cod.
"I went down to the drug store and bought five bottles and have taken them all and this wonderful medicine worked a miracle for me. Of all the miracles I ever heard of this was most wonderful. Why—I am feeling as good as I ever did in my life and the old cough is entirely gone. My appetite and digestion came back and my nerves are in good condition—I feel good all over and can't praise Hypo-Cod enough," declared Mrs. R. Choppers, 88 15th St., Detroit, Mich.
Surely after reading the above, if you are in need of a good tonic to build, you will at once give it a trial. Drop in at the drug store tonight, ask the druggist about it. Read formula on bottle, ask your physician about the ingredients. Druggists, chemists and experts assert that it is very powerful, yet very pleasant to taste.
Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns.—Adv.

DALRYMPLE, RUM FIGHTER, QUILTS

FEDERAL PROHIBITION AGENT SENDS IN RESIGNATION TO REVENUE DEPARTMENT.

FORGED LABELS DISCOVERED

Beware of "Bottled in Bond" Rum, Warning Issued; Dalrymple to Join Trade Commission.

Washington.—The resignation of Detective Oct. 31, of Maj. A. V. Dalrymple, supervising federal prohibition agent at Chicago, was formally announced by Commissioner Williams, of the Bureau of Internal Revenue. He has had charge of the central enforcement department which comprises the states of Michigan, Indiana, Illinois and Wisconsin.

Widespread counterfeiting of internal revenue stamps in connection with violation of prohibition laws was disclosed when the bureau issued a warning against "bottled in bond" whisky. The country was being flooded, Commissioner Williams said, with beverages, labelled "bottled in bond," which bore spurious tax stamps.

Mr. Williams said the fact the bottles bore the tax stamp was no guarantee the liquor did not contain wood alcohol or some other injurious substance to endow it with the "kick" of whisky manufactured under Government inspection. Quantities of whisky, bearing names of well-known brands, but which was described after chemical analysis, as being "largely pruned juice, water and sugar," have been taken in raids.

May Join Trade Commission.

Chicago.—Resignation of Maj. A. V. Dalrymple may be followed by his appointment as a member of the tariff commission, according to reports here. He said Jesse Brown would serve as acting head of the local office.

Maj. Dalrymple sprang into national prominence early this year as a result of the "rum rebellion" of Iron County, Michigan, where local authorities defied his orders. He conducted an "armed invasion" of the territory but when he arrived on the scene no drastic action was taken and his force returned to Chicago.

Ismael Guizotte and Emilio Valli, of Negaunee, convicted for conspiracy in connection with transportation of liquor from Canada, Judge Sessions ordered imprisonment in the Detroit house of correction for six months with \$500 fine. Guizotte and Valli are said by federal agents and court officials to be the first men sentenced for conspiracy in connection with whisky smuggling.

Frank Miller and Henry Larson, prominent Hancock soft drink bottlers, who expanded their business to include the operation of what federal agents say is the largest still in upper Michigan, were also sentenced to Detroit. Miller is to serve six months with \$100 fine and Larson six months with \$500 fine.

BRITAIN MINE STRIKE IS OVER

Government and Miners Agree to Sliding Scale of Wages.

London.—The coal mining dispute, which tied up all the collieries in Great Britain for nearly two weeks, was settled provisionally when a revised settlement formula was found which proved acceptable to the government, the coal mine owners and the miners' executive officers.

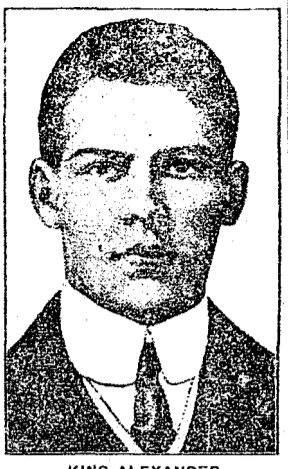

The terms which the executive body of the miners is recommending to the men provide for an advance of two shillings per shift for persons of 18 years of age with a corresponding advance for younger miners. The miners pledged themselves to co-operate to the fullest extent to obtain an increased output.

The terms provide increased wages and remain operative until a permanent wages board is established which will be operative by the end of March. The additional cost of the miners' claims will come out of the excess revenues obtained from the export of coal.

STATE TO OBSERVE NOV. 11TH

Gov. Sleeper Asks Commemoration of Signing of Armistice.

Lansing.—Governor Sleeper issued the following Armistice day proclamation: "The eleventh day of November next will be the second anniversary of the signing of the armistice in the great war, and, inasmuch as the Michigan legislature in the session of 1919 passed an act making it the duty of each school officer and teacher to have said day observed with appropriate commemorative exercises, it is fitting that the day should not be allowed to pass without attention being called to its significance.

"Therefore, I request a proper and appropriate observance on the part of the state on Thursday, the eleventh day of November, 1920.

Following the proclamation of President Wilson, I further request that Sunday the 14th, memorial services be held for our heroic dead, for the soldiers, sailors and marines who gave up their lives in our cause in the world war, and that on this day flags be displayed at half staff."

RUSH TO STAKE GOLD MINES

Government Later Recinds Order Opening Claims For Re-Staking.

Toronto, Ont.—Rake handles, baseball bats and other less useful pieces of wood were employed as stakes for mining claims in an old-fashioned rush in the gold mining section of Northern Ontario.

The rush resulted from the government's announcement that 11 mining claims along the Swastika-Kirkland lake highway, upon which taxes had not been paid, would be thrown open for re-staking. After a wild scramble to claim the best locations, word was received that the government had passed an order at 11:30 o'clock allowing owners to retain their claims.

The government's order resulted when owners of the claims informed the minister of mines that their properties were actual mines and large expenditures for development had been made.

Signing of Russian Dismemberment Treaty Would Strengthen Soviets.

Paris.—The treaty of cession prepared by the ambassadors' council, providing for "the suzerainty of Rumania over Bessarabia," or in other words, annexing Bessarabia to Rumania was signed at the French foreign office.

A clause in the treaty provides that Russia will be permitted to sign at such time as "the constituted Rumanian government is recognized by the contracting parties."

The American ambassador, Hugh C. Wallace, did not sign the treaty, the state department's position being that Russia should not be dismembered; that so doing would strengthen soviet rule.

RED CROSS ALWAYS READY IN DISASTER

The Red Cross is always prepared. When disaster hits a community this organization can be depended upon to follow right at its heels with help for the stricken people.
 Red Cross relief is always forthcoming—food, clothing, shelter and funds; doctors, nurses and special workers with long experience in handling similar. No matter what the disaster may be—fire, flood, earthquake, explosion, bad wreck or tornado—the Red Cross is always able to cope with the situation.
 During the last year there was an average of four disasters a month in the United States. One hundred and fifty communities in twenty-seven states suffered. The largest and most destructive of these were the tidal wave at Corpus Christi, Tex., and tornadoes in Mississippi, Louisiana, Alabama, Georgia, Ohio, Indiana and Illinois.
 In these events of horror, 850 persons were killed, 1,500 were injured, 23,000 were made homeless, about 30,000 families needed help, the property loss was nearly \$100,000,000 and almost \$1,000,000 in relief funds, not including emergency supplies, was expended.
 To the sufferers from all disasters during the year the American Red Cross sent \$125,000 worth of supplies, 110 Red Cross nurses and seven special relief trains. To meet the needs of the stricken, the organization set up ten relief stations, operated thirty food centers and as many emergency hospitals. One hundred and twenty-five Red Cross chapters gave disaster relief service.
 If disaster ever strikes this town or county, the citizens can be absolutely sure the Red Cross will be on hand to help them in every way.
