MARRIAGE OF SUSA EVERETT AND H. WALLACE McKEY

A very quiet wedding occurred at the home of Jay Everett, on Summit street, Saturday afternoon, October 30, at 5 o'clock. The interested parties were Miss Susa Everett and H. Wallace McKey. Miss Everett is the daughter of the late Howard Everett and grand daughter of Jay Everett. She has lived most of her life in and around Chelsea where she has a large circle of friends. Mr. McKey is a resident of Grand Rapids. The ceremony was performed by Rev. R. C. Fenner, an uncle of the bride. The happy couple are spending a few days in Chelsea, after which they will occupy their home at 525 Burton street, Grand Rapids, which is furnished and ready for them.

POMONA GRANGE WILL MEET IN CHELSEA NEXT TUESDAY

The next meeting of Washtenaw Pomona Grange will be held in the Chelsea M. E. church on Tuesday, November 9. The following program will be followed: Business session at 10 o'clock; dinner at noon; afternoon session—Organ prelude, Mrs. P. M. Broesamle; community singing; recitation, Mrs. J. N. Dancer; discussion of the Truth in fabrics bill, Charles Knight; solo, Theodore Riemenschneider; discussion of Shepherd-Towner bill, Mrs. E. R. Twist of Ypsilanti and Mrs. Ruth Lovejoy of Ann Arbor; violin solo, Mrs. P. M. Broesamle; discussion of Packey control bill, Miss Jennie Buell; trombone solo, Marion McClure; musical lecture by Dr. Wier, of Ann Arbor. Everyone is invited to attend the afternoon session.

FORMER CHELSEA MAN DIED IN DETROIT MONDAY

Dr. James O'Hagan, well-known west side physician of Detroit, died suddenly in the Church of the Holy Redeemer, while attending mass Monday morning at 9 o'clock.

Since the death of his wife four years ago, Dr. O'Hagan's health had been failing. Heart disease caused his death. Dr. O'Hagan was born at Chelsea, 62 years ago, and received his medical education at the University of Michigan and at the Detroit College of Medicine. Before he was graduated he was married to Miss Frances Kelly of Chelsea. He is survived by four children.

Dr. O'Hagan was connected with many fraternal and other organizations.

D. U. R. BLAMED FOR THE DEATH OF GEORGE EISELE

Blame for the death of George Eisele was placed on the Detroit United Railway by the coroner's jury, which found that the accident on September 30, at Grass Lake, when an automobile was struck, was caused by inadequate signals, not blowing the whistle on the interurban car and the car was going at too great a speed at an extremely dangerous crossing.

Mr. Eisele died October 2, but the inquest was delayed until other passengers in the wrecked automobile recovered. Motorman Ekin testified his car was going 15 to 20 miles an hour, but others estimated the speed at 20, 25 and even 35 miles an hour. It was shown that the Michigan public utilities commission had issued an order limiting the speed of interurban cars to 12 miles an hour within the corporate limits of Grass Lake where the accident occurred.

The annual meeting of the Woman's Baptist Missionary society of the Washtenaw Baptist Association will be held in Saline Friday of this week. Electric cars leave Ypsilanti at 9:40 a. m.

BREVITIES

Brighton—It is reported that some of the high school boys went to school drunk Wednesday. The boys said it was hard cider. —Brighton Argus.

Jackson—Jackson police and state food and drug inspectors late Thursday confiscated two 25-gallon stills found in a garage, and destroyed five barrels of mash found in the kitchen of Mrs. B. C. Burns of this city. Theo. Burns, her son, was arrested and is said to have confessed that he had been making moonshine for several months.

Ann Arbor—Mrs. Elizabeth A. Shewcraft, 63-year-old Negress, met her death by suffocation at 2:30 a. m. Tuesday, when fire broke out in the kitchen of her residence, the flames and smoke evidently overcoming her before she could make her escape. Her body was found by the firemen, huddled up to the floor in the burning room.

Brooklyn—Popcorn is pouring into Brooklyn and will continue indefinitely. Every day is payday at the Brooklyn popcorn plants and each institution is paying out more than a \$1,000 a day. This splendid cash crop is about the best of all the good crops in this locality. The ready money is available for all sorts of needs and the trade of the town is correspondingly active. —Brooklyn Exponent.

Ann Arbor—Mrs. Robert Benz, 308 East Jefferson street was killed and Mrs. Lydia Lutz 507 South Division street was slightly injured Friday evening, when they were run down by a street car. The street was crowded with people going to a concert at the Hill auditorium the two women being among the concert-goers. Harry Jeffries, motorman of the car, stated that he saw the two women and sounded his bell continually for several seconds before they were struck by his car.

Ann Arbor—Washienaw Chapter, No. 6, Royal Arch Masons, celebrated the seventieth anniversary of its establishment with a dinner at the Masonic Temple Monday night, at which the Grand High Priest and the Grand Recorder of the order in the state of Michigan were guests of honor. The Chapter, which was the sixth to be established in the state, was founded by dispensation in 1849. The following year it received its charter. Ezra Platt was the first High Priest of the Chapter, retaining this office most of the time between 1849 and 1861.

Brooklyn—By a decisive vote of 267 to 66, the voters of Brooklyn, at a special election Thursday afternoon, decided to bond the village for \$10,000 to purchase and operate the Geo. E. Green electric lighting plant. This has been closed since July 11, leaving the town in darkness. The plant is said to be in shape to start as soon as an engineer and some coal can be secured. It was closed because the high price of coal made it a losing proposition and the village refused to increase the rates. The authorities hope to dispose of the bonds at once and light up the village.

Jackson—Dredging operations on the Portage River drain began Monday morning, when the big dredge installed at the upper end of the lower section of the drain by the Woolman Construction company, who secured the contract for that section, got up steam and began to dig. The outlook for progress on the big drain project has improved since the completion of the assessment controversy, settled by the report of the board of review appointed by the probate court, and the commissioner announces that the assessments will be spread on the tax lists for the year. Sufficient money is available for the operations of the first two years, and a bond issue at a rate not exceeding 6 per cent has been authorized, which will be floated when the money is needed, the bonds to run five years.

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—"When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little book. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can." Mrs. R. E. DEMING, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound. Moreover, this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extracts of the native roots and herbs which it contains.

"Spare" in Readiness. A little girl was on a ferryboat with her mother. Evidently being the first time she was on a boat, she looked around and took everything in. Her mother questioned her as to how she liked the boat, upon which she replied: "I think it very nice, and I am glad they carry a 'spare,' pointing to a life buoy."

Important to Mothers. Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletcher*. In Use for Over 30 Years. Children Cry for Fletcher's Castoria.

RUSSIA RELIEF COST MILLIONS

SERVICE EXTENDED TO WOMEN, CHILDREN AND MEN OF STRICKEN COUNTRY.

WORK THROUGH COMMISSIONS

A Total of 2,667 Persons Employed And 10,000 Articles Distributed Free of Cost.

Washington.—Fourteen million dollars, covering the costs of distribution of articles ranging from auto-ambulances to safety pins, have been expended by the American Red Cross in its relief work in Russia, according to figures taken from the forthcoming annual report of the organization and made public at headquarters here.

Service was extended to millions of men, women and children and ranged from hospital care for the sick to food and clothing for the starving and ill-clad. The work was carried on through commissions sent to Siberia, western Russia, southern Russia and the Baltic states, a total of 2,667 persons, including 593 Americans, were employed and 10,000 different articles were distributed free of cost.

The commissions operated sanitary trains with a total of 75 cars, equipped with 830 beds, with a capacity of 1,650 patients. Anti-typhus trains operated by the commissions traveled 11,000 miles, furnishing preventative baths to 105,000 persons, disinfection for 1,000,000 and issuing 500,000 clean garments. In Siberia alone Red Cross trains distributed 8,000 tons of supplies and 18 hospitals, with a total of 6,506 beds, were operated.

Much of the relief work in western Russia consisted in aid to more than 250,000 Allied soldiers held in prison camps, but many thousands of civilians also were supplied with food and clothing. In the Baltic states, in addition to ordinary relief efforts, the Red Cross commissions aided in the treatment of nearly 20,000 typhus cases, and disinfecting stations and hospitals had to be established on a large scale. The work in south Russia consisted largely in caring for refugees and in fighting typhus and cholera in the Crimea.

SKIPPER CALLED NEGLIGENT

Charged With Violating Rules When 17 Lives and Boat Lost.

Providence, R. I.—The U. S. Inspector of steam vessels here has brought charges of negligence, unskillfulness and violation of pilot rules against Captain H. A. Higgins, master of the steamer Cape Fear, which sank in Narragansett bay with a loss of 17 lives after colliding with the steamer City of Atlanta, of the Savannah Line. Inspectors R. B. Clarke and R. F. Bailey charged that Captain Higgins permitted the pilot to leave the ship while she was in Narragansett bay, when he should not; that he changed the course after signaling to pass in another direction, and that, after hearing the danger signal of the City of Atlanta, he failed to stop and reverse the engines of the Cape Fear.

BANK PROFITS ARE 24 PER CENT

Five National Institutions in Receivers Hands During Year.

Washington.—The \$157 national banks of the country reported a gross revenue of \$1,109,000,000 or 24 per cent on their capital, for the fiscal year ended last June 30, says a statement by John Skelton Williams, comptroller of the currency.

This, Mr. Williams said, was a new high record.

Only five banks went into the hands of receivers during the year, a record exceeded only by that of a year before, when there were no failures.

Earnings of the banks came largely from interest and discount, although a total of \$97,000,000 was obtained from exchange and collection charges and other miscellaneous sources.

BREAK THROUGH WRANGLER LINES

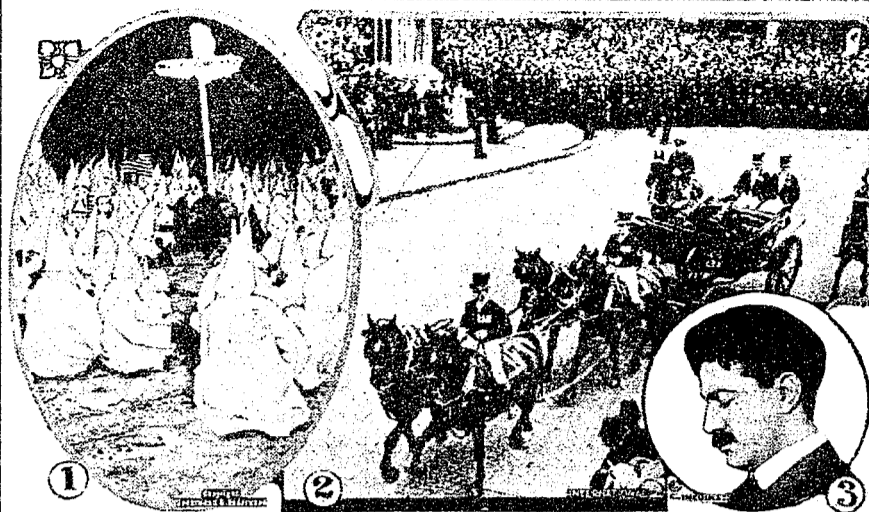

Center Reported Pierced and Wings Crushed On Crimean Front.

Sebastopol, Crimea.—The bolsheviks have broken General Wrangel's center and the wings of his army apparently have been crushed. The town of Melitopol and other points have been abandoned and the reds claim the capture of Perehok.

The Red wave is flooding the Taurida region. Wrangel is making a gallant defense. He is prepared to withdraw from the Crimea across the Sivash sea.

Speechless After Long Silence.

Boston.—Patrick J. "Corky" Haney ended a 25-year sentence at the state prison against his will and maintained to the last a silence begun 10 years ago. He had asked, in writing, that he be allowed to stay on for a few days more to finish some work, but Warden Shattuck put him out. At the State house, to which he was taken by the warden on his first automobile ride, he was asked if he was not ready to talk. Haney stood mute, then wrote, "I can't."

NEWS REVIEW OF CURRENT EVENTS

British Cabinet Succeeds in Its Efforts to Settle the Coal Miners' Strike.

EMERGENCY ACT IS PASSED

Government Ready for Any Contingency—Irish Everywhere Deeply Affected by MacSwiney's Death—Prince Paul Offered Greek Throne—American Farmers "Strike" by Holding Wheat.

By EDWARD W. PICKARD.

Excepting for our presidential campaign, of whose closing days there is little or nothing to say, the affairs of Great Britain supplied the most interesting and important news of the week. The strike of the coal miners, with its threats of further and greater economic troubles, added to the Irish problem, gave the British enough to worry over and these two matters continued to draw the attention, sympathy or otherwise, of the English-speaking world.

Prime Minister Lloyd George and his cabinet were unremitting in their efforts to settle the miners' strike, and on Thursday it was announced that they had succeeded. If the miners would accept the plan. After repeated conferences with the labor leaders a tentative agreement was reached.

The settlement upon which the miners' delegates, coal mine owners, and the government are agreed is a very complicated one. Briefly the men get a sliding advance of two shillings to one shilling six pence, according to age as was originally demanded.

The miners and owners solemnly pledge to co-operate to secure an increased output of coal. National and district committees are to be established immediately to control the output and a joint national wage board will be established at the earliest possible time before March 31 for regulation of wages for the whole industry, with regard to profits of the industry and the principles on which profits should be dealt with.

The miners' executive committee was to submit the settlement to the miners' federation for approval, so the return of the men to the pits will not be delayed.

The railway men and transport workers, in view of the hopeful character of the negotiations, postponed any action looking to a sympathetic strike.

Though very optimistic, the government made ready for all contingencies by rushing through to final passage its emergency bill. This arms the government with added powers to enforce the law in case the strike continues and the rail and transport men become involved. Though it was passed by a large majority, some concessions were demanded and received by the labor party. The law as enacted provides that nothing in the act shall be construed as authorizing the proclamation of any form of compulsory military service or industrial conscription or make it an offense for any person to participate in a strike or peacefully persuade any other person to participate in a strike.

Terence MacSwiney, lord mayor of Cork, finally succeeded in starving himself to death in Brixton jail, a "martyr" in the cause of Irish freedom.

The second death among the hunger strikers in prison in Cork also was recorded. These events deeply stirred all the Irish in Ireland and America as well, and there were numerous masses and other ceremonies in connection with the deaths. The British authorities took every precaution to guard against outbreaks, and the prisoners were seconded in this by the wiser among the Sinn Fein leaders. For the latter know that these would but bring on more reprisals and further repression.

The coroner's inquest on MacSwiney was held Wednesday. The British jury refused to accept the position that MacSwiney was a suicide, bringing in a verdict that "The deceased died from heart failure due to a dilated heart and acute delirium, following seamy due to exhaustion from prolonged refusal to take food." The body was then taken to St. George's cathedral in Southwark, where it lay in state. Thursday requiem high mass was said and then a tremendous throng of Irish and their sympathizers accompanied the casket to Euston station, whence it was taken to Cork. In that city arrangements were made for the final ceremonies on Sunday, and there was a great deal of uneasiness over what might occur. The authorities placed no limit on the size of the procession, forbidding only military formations. The people of Cork were said to be in sullen and threatening mood.

The Irish sympathizers in the United States are not letting up any in their activities. The other day a delegation of them, headed by Frank P. Walsh, presented to Secretary of State Coby arguments favoring the recognition of the "new republic of Ireland." Mr. Coby listened without comment, but cautioned Mr. Walsh, when reference was made to Eamon de Valera as "president" of Ireland, that as secretary of state he could hear them only on the understanding that they were there as American citizens and not as representatives of officials of the Irish people.

"We demand recognition, not as a favor," said Mr. Walsh, "but as a right. The Irish republic is now established as a de jure and de facto government. Its stability and representative character are attested by the endorsement of the ballots of 90 per cent of the Irish people. The courts of the Irish republic are functioning daily and their decisions are respected by the entire population."

Though not so important an event as it would have been before the World war, the death of the king of Greece may lead to developments of some moment in that country. Alexander died on Monday as the result of a monkey bite. The state council at once decided that the throne should be offered to his younger brother, Prince Paul, but stipulated that if he accepted former King Constantine must formally renounce his claim to the crown. Paul let it be known that his decision must be made by his father. There is a chance that if he declines the throne will be offered to Prince Christopher, Constantine's brother, who early in the year married Mrs. William B. Leeds, an American. Still more likely, however, is the establishment of a republic, probably with Premier Venizelos as its first president.

The expected concerted movement of the Reds against Baron Wrangel in southern Russia has not developed very rapidly, possibly because the bolsheviks are too much occupied in combating revolts within the territory which they control. The latest of these outbreaks are reported to be in the regions of Odessa, Kherson and Podolia. That the situation in the Moscow district is serious for the soviet government is indicated by the fact that Dzerzhinski, president of the extraordinary executive committee, has been appointed commander in chief of all the troops there. He is the most brutal of all the bolshevik leaders and is considered responsible for much of the Red terrorism and for many murders.

Meanwhile Wrangel continues to inflict defeats on his adversaries and to capture prisoners and material; and he does not seem to have lost any ground to the Reds.

The all-Russian soviet has ratified the peace treaty with Poland, and has given the Poles more territory than they asked at first. In return for a pledge not to help Wrangel.

Being informed by their military missions in Lithuania that large bodies of well equipped German troops were crossing into that country from East Prussia and concentrating in the Kovno region, the allies protested to Berlin, but the German foreign office replied that it was powerless to prevent the movement. It was supposed the Germans were preparing to assist

the Lithuanians in an offensive against the Poles. The plan, apparently, is first to drive Zeligowski out of Vilna and then sweep southward to Suwalki, Grodno and the Ossowice fortress. The matter of Vilna was referred to a plebiscite by the council of the League of Nations.

Last Tuesday the council adopted the plan for a permanent court of international justice recommended by The Hague committee of jurists, with the exception of the provision for obligatory jurisdiction. The plan was in large measure the work of Elihu Root. The council closed its session Thursday.

Some of the farmers of Kansas, Oklahoma, Nebraska and the North-western states began last week their "strike" against the low price of wheat on the Chicago board of trade. Following the instructions of their organization leaders, they are withholding their wheat from the market, and the effect of decreased receipts began to be felt at once. In the vicinity of Wichita, Kan., farmers picketed the roads, urging those on their way to the elevators to turn back.

The wheat raisers of Iowa were urged to take part in the "strike" by E. A. Cunningham, secretary of the state farm bureau, who said the Iowa wheat crop cost \$1.88 a bushel to harvest and the oats crop cost 75 cents a bushel. He blamed manipulation for the recent sharp declines in prices of grain. "There is no justification for the tremendous break in the market," he said. "We believe a reaction must come. We urge every farmer to withhold his commodities."

"The situation cannot become more serious and a further decline can do nothing more than to add to the seriousness of the situation. On the other hand, a reasonable reaction would probably avoid financial ruin."

The farmers are asked by Mr. Cunningham to buy nothing but essentials. Farmers complain that they have to pay high rates to borrow money to handle the bumper crops.

Meanwhile Canadian wheat, which is coming into the United States duty free for milling purposes, is being bought in large quantities by mills and exporters in this country. The duty on Canadian wheat was taken off by President Wilson at the suggestion of Wheat Director J. H. Barnes in the effort to reduce the cost of living. It was expected that in this way our millers would be enabled to lower the price of flour; the effect was limited, however.

For the first time since he was taken ill more than a year ago President Wilson delivered a speech on Wednesday. A group of pro-league Republicans, headed by Hamilton Holt, called on him in the White House, and in response to their address he spoke, from his wheel chair, in defense of the league covenant as he brought it from Paris. In upholding article 10 he said: "It is the specific pledge of the members of the league that they will unite to resist exactly the things which Germany attempted, no matter who attempts them in the future. It is as exact a definition as could be given in general terms of the outrage which Germany would have committed if it could."

Instead of being a threat of war, he said later, article 10 is "an assurance of the concert of all the free peoples of the world in the future, as in the recent past, to see justice done and humanity protected and vindicated. This is the true, the real Americanism. This is the role of leadership and championship of the right which the leaders of the republic intended that it should play. The so-called Americanism which we hear so much prating about now is spurious and invented for party purposes only."

One sporting event closed last week and another began. In the international balloon race, in this country, the Belgian entry Belgium was declared the winner. On Saturday there was a contest between the fishing schooners Esperanto and Delawanna, the representatives respectively of the New England and Canadian fleets. The contest is officially recognized by the governments of this country and the Dominion.

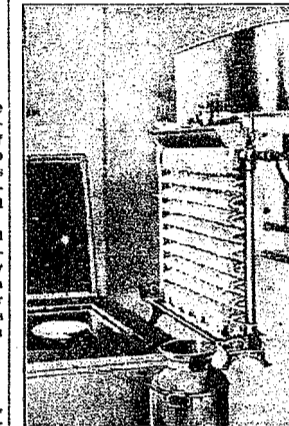

DAIRY POINTS

KEEPING MARKET MILK COOL

Product Held for Several Hours Without Proper Refrigeration Shows High Bacterial Count.

Generally, the larger numbers of bacteria found in market milk when it reaches the consumer are due more to the multiplication of the bacteria than to the original contamination. This great multiplication occurs because the milk is not properly cooled during storage, transportation and delivery. Just now this fact is of particular importance to the person having milk to sell.

Commercial experience confirms the results of experimental work. Milk which has been held for several hours without proper refrigeration nearly always shows higher counts than fresh milk from the same source. At a

Improved Apparatus for Cooling Milk.

certain creamery, milk received in the morning consisted of the previous night's milk and fresh morning's milk which were kept separate. During six summer months, from April to September, inclusive, 478 samples of the morning's milk showed an average bacterial count of 800,000, while 355 samples of milk which had been held overnight on the farms had an average bacterial count of 2,406,357 bacteria per cubic centimeter.

DRUGS DETRIMENTAL TO COW

Experiments at Iowa State College Show That Alcohol, Ales, Etc., Are Harmful.

The use of drugs with the idea of increasing the fat production of test cows has been tried out by Iowa State Agricultural college dairy section. In most cases it was found that drugs decreased rather than increased the fat production.

Such drugs as alcohol, castor oil, pluitrin, aloes, magnesium sulphate, nux vomica and sodium chloride were tried and in all cases they were detrimental to the cows. All cows used were in good normal condition at the start of the tests and various sizes of doses were used.

In some cases it was found that the flow of milk and butterfat was increased slightly, but this soon fell off and in the end a decrease was noticed. Up to date no drug has been found that will increase the butterfat. Dairymen are strongly advised not to resort to this method as it injures the cows and is not a fair way to gain a record.

BEST TEMPERATURE OF MILK

Only Way to Insure Accuracy in Feeding Calves Is Thorough Use of Thermometer.

Milk as it comes from the cow possesses a temperature near 100 degrees Fahrenheit. When feeding young calves it is well to be very particular in regard to this matter. The only way to insure accuracy in determining temperature is through the use of a thermometer. As calves grow older, eight to ten weeks of age, the temperature may be reduced to 80 degrees Fahrenheit. However, it is always desirable to warm the liquid slightly, even for calves six months of age.

FEED COW QUITE LIBERALLY

Silage, Mangels, Rutabagas and Other Root Crops—Should Have Abundance of Feed.

The cow should be fed liberally on succulent feeds, as silage, mangels, rutabagas or other root crops. They induce the cow to consume large amounts of feed, which is desirable. Then, too, feeds of this kind are very palatable and easily digested.

CALVES DO WELL ON PASTURE

Most Economical Manner of Caring for Them, but They Must Have Additional Attention.

Calves do very well on pasture and can be cared for in this manner more economically than in any other way. Care must be taken, however, to see that they receive what additional care is necessary. The calves of today are the herds of tomorrow.

Don't Go From Bad to Worse!

Are you always weak, miserable and half-sick? Then it's time you found out what is wrong. Kidney weakness causes much suffering from backache, lameness, stiffness and rheumatic pains, and if neglected, brings danger of serious troubles—dropsy, gravel and Bright's disease. Don't delay. Use Doan's Kidney Pills. They have helped thousands and should help you. Ask your neighbor!

A Michigan Case

Mrs. W. W. Trudell, 704 St. Iron Mountain, Mich., says: "My back ached continually and wash day brought troubles. My back was so lame and sore at night I had to lie on my side. Tired feelings and nervousness had me miserable. My kidneys weren't acting properly. Doan's Kidney Pills were recommended and I purchased several boxes. They cured me entirely."

BIG ULCER ALL HEALED

"Here is another letter that makes me happy," says Peterson, of Buffalo. "One that I would rather have than a thousand dollars."

"Many isn't everything in this world. There is many a big hearted, rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment, to sell at all druggists for 25 cents a large box."

Dear Sirs: "I was an untold sufferer from old running sore and ulcers. I had tried most everything without any relief from pain. A friend told me of your wonderful ointment and the first box took away the pain that had not left me before in years, and after using just one dollar's worth of the salve I am cured. The ulcer was 3 inches by 5 inches, is all healed and I can walk. Never, never will I be without Peterson's again."

"You may use this to recommend your ointment, if you wish. I cannot say enough to praise it." Yours truly, Mrs. Albert Southcott, Medina, N. Y. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

Poser for Mother. The subject of the Sunday school lesson was the golden rule, so during the next week when little Anna was naughty and her mother had to use her stick real hard and put her in a chair to reflect, she asked Anna what she thought about it. Anna replied: "Mother, do unto others as you want them to do unto you. You don't want me to whip you, do you?"

A woman's fondest hope is to stay young. She often resorts to paints, powders and cosmetics to hide her years. Some women pay large sums to so-called "Beauty Doctors" in the belief that money will buy youth. Others wear girlish dresses, thinking they can fool the world about their age. But no one is deceived. The more you try to hide your age, the more it shows.

There is but one thing that holds old age back, and that is health. Sickness and weakness bring old age early in life. Dr. Pierce's Favorite Prescription is a building-up medicine for women. It makes them healthy and strong when they suffer from women's troubles. It keeps them looking young by keeping them well. It is a woman's tonic for the frail, the delicate and those who are nervous, dizzy and who have backache and dragging pains. Favorite Prescription is altogether vegetable and without a particle of alcohol. It is safe to take. Try it now. In tablet or liquid form at all druggists, or send 10c for trial package of the tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

Fordson

TRADE MARK

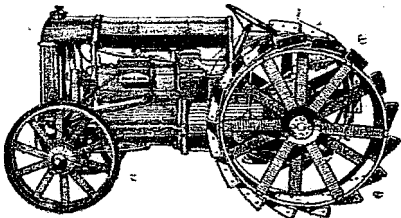

There is every reason in the world why every farmer should buy a Fordson Tractor, while there is not a single reason in the world why a farmer should not buy a Fordson Tractor.

In the claims we make for the Fordson Tractor as being the superior farm tractor, there is nothing of boasting. Our claims are based upon demonstrated facts. In every sensible test that has been made (and we don't believe in any jockeying or technical tests) but in the real common sense work on the farm—the work the tractor was intended to accomplish—we say, in all such tests the Fordson has stood head and shoulders above all competing tractors. And this is best proven in the fact that while there are about three hundred thousand farm tractors in use in the United States today, and while tractors have been sold to farmers for twenty years, and while the Fordson tractor has only been on the market two years, more than one-third of all the tractors in use in the United States are Fordson tractors.

Now you can't upset a fact. You can't back away from an established truth, and there it is—out of three hundred thousand tractors, one hundred thousand are Fordsons, and there are probably some fifty different makes of tractors on the market. Just let your common sense consider these facts: "Figs are not picked from thistle bushes, nor plums from thorn trees."

The Fordson tractor has the necessary power. It is economical in operation. It is flexible in control and operation. It is simple in design, and it is sturdily built of the best iron and steel. It is the product of the genius of Henry Ford, and it wasn't placed on the market until Henry Ford had tested it, and tested it, and tested it, before he asked the farmers to buy it. It is no idle faith that in the Fordson tractor Henry Ford has given to mankind one of the greatest benefits which has ever come to civilized man.

Now we solicit every farmer to buy one or more Fordsons. Come in and see them. Come in and let us tell you more than we can in an advertisement. Let us demonstrate to you. Let us put it to every test that you ask. The tractor is just as necessary for the farmer as water is for the house. Come in! Look over the Fordson. Test it. Don't take any chances. Don't experiment. Supply your farm with the tractor of established value.

NEW FALL SUITS AND OVERCOATS!

Cleverness is a combination of skillful designing and careful tailoring, one without the other results in no class or cleverness.

Our clothes are clever in a sense of swaggery designing and clean cut tailoring.

And our selections of fabrics are made with a view of obtaining things that are new and exclusive.

FOR YOUNG MEN THERE IS NO SMARTER SUITS AND OVERCOATS ON EARTH.

We candidly believe that they equal the product of the highest price custom tailors, in style and cleverness.

In price you'll find it well within the limits of your pocket-book and the extremely wide range we offer for you to select from, makes it simple to obtain just what you most desire.

Made-to-Your Measure

New line of samples just received. Come in and let us take your measure for a new Fall or Winter Suit or Overcoat. Tailoring and Fit fully guaranteed.

Furnishing Goods

Stock Raising in WESTERN CANADA

Is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley, and flax have been made in raising horses, cattle, sheep and hogs. Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can buy on easy terms.

Farm Land at \$15 to \$30 An Acre

—Land equal to that which through many years has yielded from 20 to 45 bushels of wheat to the acre—grazing land convenient to good grain farms at proportionately low prices. These lands have every rural convenience: good schools, churches, roads, telephones, etc., close to live towns and good markets.

If you want to get back to the farm, or to farm on a larger scale than is possible under your present conditions, investigate what Western Canada has to offer you.

For illustrated literature with maps and particulars regarding reduced railway rates, location of land, etc., apply to Department of Immigration, Ottawa, Canada, or

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes you one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. Be enclosed for cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle for Parcel Post. You can purchase medium and large size bottles at all drug stores.—Adv.

ALL THE TIME HE WANTED

Excellent Reason Why Traveler Need Not Worry Over Possibility of Missing His Train.

A Cleveland man with business interests in Illinois tells of an incident at a railway junction in that state. He was hungry and it was only two minutes before the departure of his train.

He rushed up to the counter and exclaimed: "Give me a sandwich and a cup of coffee, quick! Haven't time for anything else."

"My friend," said the man behind the counter, "take all the time you want. Just cast your eye over this menu and I'll telephone the superintendent to hold the train a while."

"Do you mean to say that he will actually hold the train while I eat?"

"Sure, friend. This is a branch road, and there's no other train coming or going over it this morning. The superintendent will want you to have a good meal—he owns this lunch-room."

Electric Light Plant—Perhaps.

A plant which is somewhat common in Brazil shows a remarkable luminosity which can be seen for a distance of a mile. Seated near one of these plants after nightfall it is possible to read fine print and to perform other operations which require a light.

Canada produced and sold nearly \$27,000,000 worth of apples in 1919.

Michigan News Tersely Told

Owosso—The Owosso Gas Co. has been given permission to increase its rates.

Alma—Nearly \$1,000,000 will be paid to farmers for beets this month by the Michigan Sugar Co.

Escanaba—Robert Kelly, a switchman, was killed when he fell from an ore car and was run over by a train.

Flint—An appropriation of \$195,000 for next year is asked by the Genesee County road commission for work on 16 roads.

Adrian—Sanford Cooley arrived in Adrian by airplane from Topeka, Kas., to visit Sheriff Nutten, his brother-in-law, here.

Alma—When Byron Foster started his automobile it jumped the curb and damaged three plate glass windows to the extent of \$2,000.

Pontiac—Hog cholera has infested \$19,600 worth of hogs in Oakland county, said B. F. Beach, business manager of the Oakland county fair bureau.

Pontiac—Pontiac intends to start legal proceedings to force payment of delinquent taxes collected in 1920 by the county, asserting that the moneys collected are not turned over according to law.

Pontiac—The city commission has settled the case brought against the city by John W. Phillips for damages for the loss of his daughter, who was drowned in a sewer. Phillips was paid \$1,250.

Muskegon—City commission by ordinance has banned objectionable dances and decreed the keeping of a proper distance between dancers. Public dance halls are enjoined to obtain city licenses.

Muskegon—William Bishop, 74, was arrested charged with murder following the stabbing to death of Charles Hamallo, 20. Bishop, the officers say, admitted the stabbing, but says it was in self-defense.

Menominee—Fire starting from a gas torch in the hands of a workman destroyed the garage of C. W. Behrendt, at Howard, and a store and newspaper office near it. The loss is estimated at \$20,000.

Menominee—When the automobile of Walter Hessel, of Escanaba, ran into the ditch near this place, he lighted a match to see what the trouble was. All that remains of the \$2500 car are the two front wheels.

Lansing—Earl Roop, the Okemos farmer who was accused of killing his two daughters, was declared insane by Judge Howard West in the Ingham County Circuit Court. He was ordered committed to the State Hospital.

Port Huron—Michael Nerzanowitch, Russian, was arrested here and faces trial on the charge of bringing Anna Duncan from Canada for immoral purposes. He also is charged with unlawfully sending Katherine Yorks to Detroit and Bay City.

Big Rapids—Mrs. Paul Olson, who was arrested here in July charged with bigamy, pleaded guilty in Circuit Court but told the Court she believed her first husband, Claude Morey, of Blanchard, had obtained a divorce. She was placed on probation.

Saginaw—Michigan's production of beet sugar from the 1920 crop will be 10 per cent larger than in 1919, according to local officials of the Michigan Sugar Co., which operates six factories in the state. The 1919 production was 100,000,000 pounds.

Pontiac—Mrs. Lizzie Cooper, surrendered to the sheriff following the shooting of Mabel Foltan, her landlady, in her home. The man is seriously wounded. Officials say the shooting followed a quarrel over a chimney the man had promised to repair.

Port Huron—Mr. and Mrs. Clarence Kurz and Quinton Barrett, of this city, were arrested when they docked in their launch, the Faith, at Cleveland, charged with violating the Volstead Act. Ten cases of whisky which they are alleged to have smuggled, was confiscated.

Negaunee—Called to come downstairs where friends were gathered for his wedding Dr. B. J. Smith, a dentist, replied: "I'll be ready in a minute." Then came a shot. Guests hurried upstairs and found Dr. Smith dead in his bedroom. He had blown off his head with a shotgun.

Flint—Mrs. Christine E. Perry, of Grand Blanc, took her seat as a member of the Genesee county board of supervisors, having been elected by the Grand Blanc township board to succeed her husband, Roy Perry. Mr. Perry resigned after serving nine years on the board, during which time Mrs. Perry had assisted him.

Bay City—Mrs. Mayme Schweigert, of Harbor Beach, was convicted in United States court on a charge of sending obscene letters through the mails and was immediately sentenced to the Detroit house of correction for two years. Letters introduced in evidence were sent to a young woman at Harbor Beach, whom she suspected of replacing her in the affections of a young man, who boarded at the Schweigert home, and later to two young women in New Jersey with whom the young man became acquainted after he had enlisted.

Ann Arbor—University of Michigan will observe November 11, Armistice day, by a half holiday.

Pontiac—The salary of the Oakland County sheriff for next year has been fixed at \$6,000, without fees.

Mt. Clemens—The Sauzalde Wire Wheel Co. is preparing to begin work on the first building of its new plant here.

Mount Clemens—Methodist Episcopal church here is raising funds for the erection of an African Methodist church.

Pontiac—Board of supervisors here raised the assessed valuation of Oakland county \$13,416,333, to the total \$126,371,403.

Flint—Three thousand dollars worth of diamonds were obtained by a bandit who robbed the office of a local loan company.

Benton Harbor—Assessed valuation of Berrien county is \$65,563,772, an increase of \$8,376,417 over 1919. Benton Harbor is assessed \$1,636,544 higher than in 1919.

Pontiac—The 1921 convention of the state Baptist association will be held in Pontiac next fall, coincidentally with celebration of the centenary of the church here. The decision was reached at the conference in Coldwater.

Kalamazoo—While Mrs. Ada Flabarty was away from home, thieves backed a truck to her front door and made away with a load of rugs, tables, a piano and a number of small articles, valued at several thousand dollars.

Marquette—Asher Graham Holland, serving a life sentence in Marquette prison for the murder of Mrs. Emma McCue in Detroit, hanged himself in his cell. A short time before he had participated in a football match in the prison yard.

Kalamazoo—Asserting his wife is wearing a wedding ring belonging to Mrs. Frank Welcher and that she expects to marry the other woman's husband as soon as they can obtain divorces, Robert Rose has filed a counter suit for divorce.

Grand Rapids—The board of supervisors at its meeting added another item to the high cost of living by raising the fee for marriage licenses from \$1 to \$2. The board also placed in effect a new schedule which raises nearly all other county fees.

Port Huron—Although the body found in the St. Clair River near Algonac has not yet been identified, it is thought it may be that of Dave Gilbert, of Detroit, drowned at the Flats eight months ago. The head, arms and legs of the body are missing.

Saginaw—The Homestead, an institution maintained by the Civic League for the care of girls, has been designated by the Saginaw County board of supervisors as a detention home for juvenile delinquents. The board voted the home \$12,000 for 1921.

Flint—Sentences of from five to 10 years were imposed in the Genesee County Circuit Court by Judge F. W. Brennan on Curtis Gilmore and Miss Delva Ritchie, who pleaded guilty to abandoning their baby on a doorstep. Miss Ritchie was sent to the Detroit House of Correction and Gilmore to Marquette. Miss Ritchie fainted when her sentence was announced.

Holly—Emsign Skidmore, a farmer living at Tyrone, near here, and an unidentified man were instantly killed when the truck in which they were riding was struck by a Pere Marquette passenger train at Rose Center crossing. Skidmore was returning to his home from Detroit, and it is thought his companion may have been picked up along the route, or accompanied him on the entire journey. Skidmore apparently failed to hear the approaching train and drove his machine directly in its path.

Lansing—Two hundred and fifty-six persons met death violently in Michigan during September, according to a report issued by the division of vital statistics. A total of 3,160 deaths were reported from all causes during the month. Of the violent fatalities, 25 were due to railway accidents, 10 electric railway, 39 auto, 14 drowning, 21 homicides, and 34 suicides. Four electrocutions were recorded, and one death from fire. Cancer with a total of 239 among elderly persons claimed the largest toll of those who died of disease.

When right you can afford to keep your temper when wrong you can't afford to lose it.—Gordon Graham.

SEASONABLE GOOD THINGS.

A vegetable dish which is well liked and may be prepared with either fresh or canned tomatoes is—

Scalloped Tomato and Green pepper.—Take about half the bulk of tomato in soft, the bread crumbs.

For a cupful of crumbs, melt one-fourth of a cupful of butter, put one or two tablespoonsful of butter in a saucepan, mix the rest of the butter through the bread crumbs. To the butter in the saucepan, add a slice of thinly sliced onion and half a small green pepper shredded fine. Stir and cook until softened, then mix through the crumbs. Arrange the tomatoes and prepared crumbs in alternate layers in a baking dish, sprinkling each layer of tomatoes with salt and pepper. Have the last layer of crumbs; bake twenty minutes.

Russian Salad Dressing.—Mix together one-fourth of a cupful of olive oil, one teaspoonful of vinegar, one-fourth teaspoonful each of mustard and salt, one-half teaspoonful of paprika and one-fourth cupful of chili sauce; then gradually using the egg beater, add one-half cupful of mayonnaise dressing.

Pot-Roasted Pork Chops.—Choose chops with only a medium amount of fat and somewhat thicker than usual. After broiling the chops on each side in a frying pan, add an onion cut fine and pepper and salt. Cover with water and let simmer on the back of the stove for an hour and a half. Add a little flour to thicken the gravy, and serve. The flour if added while the chops are browning, will be of better flavor.

Pecan Sausages.—Mix together three-fourths of a cupful of hot cooked cream of wheat, one-fourth of a cupful of finely crushed pecan meats, half a teaspoonful each of powdered time and sage; mix all thoroughly, then add one egg beaten light and form into shapes in a pan well greased, and bake twenty minutes. Serve with bananas cut in halves and then in quarters crosswise, rolled in flour and fried on both sides in hot fat. Serve with a cupful of tomato or cream sauce.

We must fight our way onward. We must be brave. There are obstacles to be met and we must meet and crush them.—David Copperfield.

HOW TO PREPARE RICE.

The black man's recipe to dress rice runs: "Wash him well, much wash in cold water; the rice flour make him stick. Water boll already fast. Throw him in; rice can't burn, water shake him too much. Boll quarter of an hour or little more; rub one rice in thumb and finger; if all rub away, him quite done. Put rice in collander, hot water run away; pour cupful of cold water on him, put back rice in saucepan, keep him covered near the fire, then rice all ready. Eat him up!"—Gertrude Morrison, in American Cookery.

Rice may be used as a substitute for vegetables, as a thickening for soup, an addition to bread sponge, a salad, a main dish, a dessert. There are but a few of the many accomplishments of this dainty food.

Wild rice is obtained in abundance in many of our states and those who have been treated to this wholesome cereal like it very much. It is very similar to the tame rice except it is not polished, which leaves the food value (which in the tame rice is polished away) that is so important in the growth and health of the young.

Rice With Meat.—Take two cupfuls of boiled rice, one cupful of chopped fresh meat, browned in a tablespoonful of sweet fat; remove the meat, add a small onion finely minced, a teaspoonful of minced parsley or half of a small green pepper cooked in the same fat. Place a layer of the cooked rice in a baking dish, cover with a layer of the meat, season well, add some of the onion and pepper. Repeat until the rice and meat are used, cover with one cupful of tomato and bake slowly for an hour.

Baked Rice and Codfish.—Take one and one-half cupfuls of well-washed rice, one cupful of water and four cupfuls of milk. Add the water and the milk gradually to the rice while cooking and cook half an hour. Remove from the stove and add one cupful of rich milk, two well-beaten eggs and three cupfuls of shredded codfish, pepper and salt to taste. Bake in a moderate oven forty-five minutes. Serve with drawn butter sauce.

Baked Rice Pudding.—Take one-quarter of a cupful of well-washed rice, one cupful of milk, sugar and nutmeg or cinnamon to taste, one-half cupful or less of raisins. Bake in a slow oven, stirring occasionally during the first hour of baking, for three hours.

DOUGHNUTS and CRULLERS

From the NEW ROYAL COOK BOOK

DOUGHNUTS!

There is nothing more wholesome and delightful than doughnuts or crullers rightly made.

Doughnuts
3 tablespoons shortening
1 cup sugar
1 egg
1 cup milk
1 teaspoon nutmeg
1 teaspoon salt
1 cup flour
4 teaspoons Royal Baking Powder

Cream shortening; add sugar and well-beaten egg; stir in milk; add nutmeg, salt, flour and baking powder which have been sifted together and enough additional flour to make dough stiff enough to roll. Roll out on floured board to about 1/2-inch thick; cut out. Fry in deep fat hot enough to brown a piece of bread in 60 seconds. Drain on unglazed paper and sprinkle with powdered sugar.

Crullers
4 tablespoons shortening
1 cup sugar
2 eggs
1 cup flour
1 teaspoon cinnamon
1/2 teaspoon salt
3 teaspoons Royal Baking Powder
1/2 cup milk

Cream shortening; add sugar gradually and beaten eggs; stir together flour, cinnamon, salt and baking powder; add milk and mix well; add dry ingredients to make soft dough. Roll out on floured board to about 1/2-inch thick and cut into strips about 1/4-inch long and 1/2-inch wide; roll in heads and twist each strip and bring ends together. Fry in deep hot fat. Drain and roll in powdered sugar.

Made from Cream of Tartar, derived from grapes.

HAPPY WOMEN

Plenty of Them in Chelsea, and Good Reason For It.

Wouldn't any woman be happy, After years of backache suffering, Days of misery, nights or unrest, The distress of urinary troubles, When she finds her freedom.

Many readers will profit by the following:

Mrs. P. Brower, McKinley st., Chelsea, says: "It has been some time since I used Doan's Kidney Pills but from past experience I feel justified recommending them. My kidneys were weak and acted irregularly. My back had a weakness and soreness it and I felt tired and drowsy. As one of my family had used Doan's Kidney Pills with good results I decided to try them. They helped me right away and the backache left me, and my kidneys became regulated."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Brower had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

Foley's Honey and Tar COMPOUND

AN OLD RELIABLE FAMILY REMEDY, recommended for coughs, colds, tickling of the throat, spasmodic croup, whooping cough, la grippe, and bronchial coughs, hoarseness, etc.

The First Dose Gave Relief
C. E. Summers, Hixson, Neb., writes: "Some time ago I contracted a very severe cough and cold due to exposure. My cough got so bad I could hardly sleep for two or three nights. A friend of mine recommended Foley's Honey and Tar Compound and I got a bottle. The very first dose relieved me. I took a second dose before going to bed and can truthfully say I did not cough once all night. By using as directed, the next two days my cough was entirely gone, and I gave Foley's Honey and Tar full credit for my speedy and permanent recovery."

For more than thirty years
Foley's Honey and Tar has been
used with satisfaction and success.

Shorty runs into Teebo!

Atlanta,
Wednesday

Dear PETEY:

Checked up our old dormitory pal "Snapper" Teebo this morning waiting on an appointment down Peachtree St. "Snap" wanted to know a bookfull about my visit to the Camel factories. "Tell us old apple seed," says "Snapper," "you're on the inside!" "Snap" still has that mighty annoying way of saying, "But that doesn't surprise me."

Anyhow—when I explained about the millions of Camels R. J. Reynolds Tobacco Co. made daily what does the old bird sputter but: "Why, Shorty, they'd have to make that many to supply the demand! Camels have the quality smokers want! And, they have the most wonderful mellow mild body and the most refreshing flavor ever created in a cigarette! Of course they make Camels by millions; of course they buy enough revenue stamps from Uncle Sam every day to build a duplicate of the Winston-Salem post office! Why not? Smokers everywhere will have Camels!"

But, "Snap" finally got to spilling some real nobby Camel selling stuff! "Shorty," says he, "I want to put it on record that in all the times I've pulled Camels out of my pocket to supply somebody's shortage I've heard enough good things said about 'em to fill a volume! That's my brand; 'Camels are a wonderful cigarette'. 'Like getting money from home,' etc."

"And, Shorty, what's the answer? Why—Camels blend of choice Turkish and choice Domestic tobaccos meets the universal taste! And that's the 'hole' story, old golf ball!"

Pete, you pet phonograph, did you ever hear a better record?

Sincerely,

Shorty Camel CIGARETTES
