HENRY FORD BUYS MILL AND WATER RIGHTS AT DEXTER

Announcement was made Monday of the purchase by Henry Ford of the flour mill, dam and water rights within the village of Dexter, formerly owned by Mrs. H. Wirt Newkirk of Ann Arbor. The purchase price was not given out.

It is also understood that Mr. Ford has also secured water rights for a considerable distance above the dam. Mr. Ford has made no announcement regarding the use to which he expects to put his newly acquired property.

It is known, however, that the Detroit motor manufacturer has been quietly buying up water power sites all over Michigan, and it is believed that the purchase of the Dexter dam is but part of his general plan to secure control of all existing water power in the state.—Ann Arbor Times News.

MRS. KATHERINE C. KOEDER DIED THURSDAY AFTERNOON

Miss Katherine C. Zahn was born in Lodi township, Washtenaw county, January 5, 1849, and died at the home of her daughter, Mrs. P. W. Dierberger, on Thursday afternoon, November 4, 1920, after an illness of several months duration.

Mrs. Koeder had made her home in Chelsea with Rev. and Mrs. P. W. Dierberger for the past four years. She had been married twice, the first time to Jacob Koch and the second time to Fred Koeder. Most of her life had been spent in Lodi and York townships.

She was the mother of seven children, six of whom survive her: Mrs. Theo. Feldkamp and E. H. Koch of Saline, Fred Koeder of Milan, T. N. Koeder of Naperville, Ill., Mrs. I. F. Schwarzkopf of Lapeer and Mrs. P. W. Dierberger of Chelsea.

The funeral was held from the home of Rev. and Mrs. P. W. Dierberger at 1 o'clock Saturday afternoon. Rev. Bastian Smith, pastor of the First Congregational church of Jackson, conducting the service. Interment at Saline.

TAKE THE BOYS TO THE INTERNATIONAL STOCK SHOW

This is the boy's day, especially on the farm. Club work and war emergency have brought the farm lad strictly to the fore. He is worthy of confidence and responsibility, and repays with an interest that cannot be reckoned in dollar and cents the trust which his father reposes in him. Anyone who understands youthful psychology realizes that there is no surer way to attach the boy forever to the pleasant paths of profitable farming than to give him a calf, colt, pig or lamb for his very own. On that foundation one may build almost any desired structure of character or usefulness. Give a boy a colt to educate, for instance, and the colt will almost educate the boy.

If you would make a little stockman out of your boy, if you would arouse every latent interest in his youthful mind and create a wild enthusiasm in his juvenile soul for better stock and better farming, bring him to the International Live Stock Exhibition in Chicago, November 27 to December 4. Bring him on the opening day—when the college students will be holding their annual judging contest and the juniors will be deciding their feeding and judging competitions. Stay over for the judging of his and your favorite breeds. Let him ask all the questions he likes, and see that they are answered. The answers will usually be found somewhere in the lasses before you. If not, ask the man on your right. Likely as not he will be college professor or a noted breeder, only too glad to set an honest, inquiring man in the way he should go. And doubly anxious to help if he sees the radiantly inquisitive face of the man's son alongside.

Bring your boy to the International. A week at no educational institution in the world can do so much for him in instructing him in domestic animal lore.

CHURCH CIRCLES. DUTY AND HAPPINESS.

By Rev. P. W. Dierberger.

A wise old philosopher sat in his door, when three young men pressed eagerly by. "Are you following after anyone, my sons?" he asked.

"I follow after happiness," said the eldest.

"And I am after riches," said the second. "Happiness is only to be found with riches."

"And you, my little one?" he asked of the third.

"I follow after duty," he modestly said, and each went his way.

The aged philosopher in his journey came upon the three men.

"My son," he said to the eldest, "methinks thou wert the youth who was following after happiness. Didst thou overtake her?"

"No, father," said the man, "happiness is but phantom that flies as one approaches."

"Thou didst not follow the right way, my son."

"How didst thou fare?" he asked of the second.

"Happiness is not with riches," he answered.

"Riches may easily become a tobyogan slide that carries the soul away from God."

"And thou?" continued the philosopher, addressing the youngest.

"As I walked with duty," he replied, "happiness overtook me and walked by my side."

And Jesus said, "If ye know these things, happy are ye if ye do them."

FORMER CHELSEA MAN GOES TO ROYAL OAK SAVINGS BANK

Saline Observer: George A. Lehman, vice president and director of the Saline Savings Bank has resigned to become manager of the Royal Oak Savings Bank, with the title of cashier and director. Royal Oak, one of the fastest growing suburbs of Detroit, is a city of about 13,000 people and the Royal Oak Savings Bank is a bank with resources over \$1,300,000.

Mr. Lehman is to be congratulated upon being chosen as manager of so large and prosperous a bank.

During the past twelve years that Mr. and Mrs. Lehman have been residents of Saline they have been valued and useful citizens in the community, having been active workers in local civil, fraternal and church organizations. Mr. Lehman in addition to being a progressive and hustling business man, has always found time to devote to any movements for the up-building of the village. Mr. and Mrs. Lehman and family have been held in the highest esteem in the community and their many friends regret very much to have them leave, and wish them the best of success in Royal Oak, their new home.

Mr. and Mrs. Lehman were former residents of Chelsea, and their friends are pleased to learn of Mr. Lehman's advancement.

UNITED STATES MARINE BAND TO BE HEARD IN ANN ARBOR

The United States Marine Band under the illustrious leader Captain A. H. Santelmann will provide lovers of music a rare treat on Saturday night, November 13, when they will be heard in Hill Auditorium, Ann Arbor, in an attractive program of concert numbers. This famous band has been a notable feature of the inaugural parade of every president of the United States since Thomas Jefferson in 1801.

For twenty-two years it has been under the sole leadership of Captain William H. Santelmann. None but musicians of the highest standing are accepted for membership. They are equipped with the best instruments money can buy and are required to rehearse on five days each week. The average length of service of the present membership of the band is about eighteen years. To these facts is due the undisputed prestige of the United States Marine Band as one of the world's greatest military and concert bands.

A limited number of course tickets and for individual concerts are still available.

OFFICIAL MARKERS REPLACE UNAUTHORIZED ONES

By mid-summer next year all unauthorized markers on trunk-line highways in the state will have been removed, and in their places the official state markings for such routes will have been substituted, according to E. C. Dillman, maintenance engineer of the state highway department.

Mr. Dillman announces that it is the duty of the state highway commissioner to mark all trunk-line highways by signs and guide posts of a uniform design. A diamond-shaped design is the official marking for such routes, and this has been stenciled on poles, posts and other objects along all highways.

The removal of all markers not official is being carried out in compliance with a state law.

CHOLERA EPIDEMIC CAUSED BY FAILURE TO USE SERUM

"We are perhaps in the midst of the greatest hog cholera outbreak which Michigan has had in five years, and we attribute the cause to the fact that the price of hogs has fallen from the high war time level, until at the present time the producers are absolutely selling at a loss. To add the cost of vaccination has created an idea that they would rather take a chance of getting cholera among their herds than to be to the extra expense."

This was the explanation given Friday by H. H. Halliday of Lansing before the Central Michigan Veterinary association meeting in Jackson, and he urged everyone to advocate the use of hog cholera serum, whether there is hog cholera in your vicinity or not.

"The necessity for laws governing live stock is no different from the need of such laws in other lines of human activity," said the speaker. "Sanitary laws are necessary to guarantee to the breeder and farmer security against disease."

Card of Thanks.

In behalf of the children of the late Mrs. Katherine C. Koeder we desire to express our heartfelt appreciation to our friends and neighbors whose generous and loving assistance meant so much to us during her long illness and our recent bereavement.

Especially do we acknowledge our deep indebtedness to the women of the Congregational church, whose kindly ministrations made the burden of our affliction more easily borne.

Mr. and Mrs. P. W. Dierberger.

We often think of Jack and his bean stalk problem. Somehow, his bean plant that grew and grew and grew and his ladder that couldn't grow, bring home to us our own perplexing problems.

Like Jack's bean stalk, the costs of operating an efficient telephone system in Michigan have grown and grown and, too, just like Jack's ladder, the rates with which we must meet this growth have done little more than stand still.

BREVITIES

Jackson—G. Ed. Boos, Jackson's leading musician for many years, died suddenly in his studio, Tuesday evening.

Ann Arbor—County Drain Commissioner Deake parked his new Ford coupelet in front of the court house Saturday morning. When he left his office he discovered that someone had taken his car. It was found parked on Third street in Detroit by the police. Mr. Deake brought his auto home Sunday.

Tecumseh—The strong wind of Tuesday afternoon did quite a little damage at Laurence VanGieson's farm north of town. A large straw stack was blown over, burying beneath the tons of straw several of his herd of fine cattle. Two yearlings were killed outright and others badly injured. —Tecumseh Herald.

Jackson—Liquor cases now being held up by bandit trials in circuit court will be tried in a new court room being arranged in the supervisors' room at the county building as soon as it is completed and Ex-Sheriff Parrish will be appointed court officer, according to Sheriff Larrabee. The work is nearly completed.

Ann Arbor—The baby son of Mr. and Mrs. Claude V. Gibson died Saturday evening as the result of swallowing pink candies fed to him by his two-and-a-half year old brother. The candies were pills of belladonna and strychnine. The older child took some of the pills in his mouth, but the unpleasant taste caused him to spit them out.

Ann Arbor—Michael Condon died here Saturday after an illness of less than two weeks, following an attack of heart failure. He was 78 years of age. Mr. Condon has been in the employ of the university since 1885 and in those 32 years he had served under every president the institution has ever had. He was the oldest employee, in years of service, on the campus.

Dexter—Henry Ford of Detroit was in town Thursday and remained over night, leaving Friday morning for Lansing and Brooklyn. During his stay here Mr. Ford met a number of of the leading business men of the village, and also looked over the mill flume and dam upon which he recently obtained options. The prospects of his establishing a plant of some kind here are now looked at extremely favorable, and the community is correspondingly elated. —Dexter Leader.

Howell—"Why is it," writes a country subscriber to the Howell Republican, "that with seven or more ministers in your city, and others with charges just outside, whole neighborhoods within a six-mile circle of Howell are left entirely without any pastoral work? The writer knows of several old people, some of whom are sick on their beds, who have not had a visit from a minister in more than three years. Are country folks of no value to the Lord?"

Brooklyn—As a result of lawlessness on the part of boys an accident occurred on the street here the other evening and another was narrowly averted. During a heavy rain boys placed an old hay rake in the middle of the street and Mrs. Alice Wood, who was starting home, saw it just in time to avoid it, but Harvey Wilcox, following the rain, ran into it. His windshield struck it squarely, his lamps were smashed and one tire punctured. Efforts are being made to find the guilty parties.

Brooklyn—The only excitement of election day was a fire at the home of Edwin Hoeg, which fortunately did little damage. Mrs. Hoeg had left the kitchen to bring dry coals to kindle the fire in the cook stove, when Donald, the young man of the household, three years of age, thought he would help. He apparently did. A kerosene oil can standing near was used by the youngster to snare some coals in the stove and some of the oil spilled on the floor. Mrs. Hoeg was not gone a minute but when she came back the kitchen floor was ablaze. The young man had escaped to the front room with only singed hair and eyebrows, and Mrs. Hoeg was somewhat burned in fighting the flames before they were extinguished. —Brooklyn Exponent.

Brooklyn—Notwithstanding the comparative low prices of potatoes and apples and other farm produce there are numbers of city people who insist on paying the farmer nothing. They not only want to cut out the middleman, but they would also cut out the grower. They come along in automobiles and help themselves to all kinds of produce. They prefer to have the potatoes dug and the corn husked, but will occasionally condescend to do a little such work. Their attitude is that of getting whatever they can get away with. It is illustrated by an auto that stopped alongside a potato field at Steve Drake's the other day. Mr. Drake saw a man jump the fence and start digging his potatoes. He started leaving hesitantly and regretfully when Mr. Drake shouted at him. Also to illustrate his independence he grabbed a pumpkin not far from the fence and tossed it over to a woman on the other side who was waiting for the result of his raid. Then they sped away. Farmers living along the main traveled highways are having plenty of this kind of trouble. —Brooklyn Exponent.

Elected in 1912 as Progressive.

Re-Elected.

Second district—Earl C. Michener, Adrian (second term).

Fifth district—Carl E. Mape, Grand Rapids (fifth term).

Sixth district—Patrick H. Kelley, Lansing (fifth term).

Seventh district—Louis C. Cramton, Lapeer (fifth term).

Eighth district—Joseph W. Fordney, Saginaw (twelfth term).

Ninth district—James C. McLaughlin, Muskegon (eighth term).

Eleventh district—Frank D. Scott, Alpena (fourth term).

Twelfth district—W. Frank James, Hancock (fourth term).

Allegan—M. Thompson, of Allegan township, was killed by cave-in while working in a gravel pit.

Gladwin—Harold Hayward, 25 years old, was seriously injured when he was caught in a threshing machine.

Alma—This town, by a large majority, authorized the issue of \$50,000 bonds to complete the pure well water system.

Owosso—Mrs. Melinda Crutnam, 89 years old, is dead here. She had been a resident of Shiawassee County for 52 years.

Gladwin—Riverdale park at Gladwin has been decided to the state park commission who will commence to improve it.

Owosso—The charter amendment to increase the salaries of city commissioners from \$1,500 to \$2,500 a year was defeated.

Pontiac—The Michigan Light Co., of this city, has asked the Public Utilities Commission for a further increase in gas rates.

St. Louis—The Michigan State Farm Bureau has begun a campaign to enroll 2,000 farmers in the Gratiot County Farm Bureau.

Kalamazoo—Charles Delaney, a member of the board of control of the Michigan State Prison at Jackson, has been chosen chairman of the Kalamazoo County Red Cross Society.

Escanaba—Rudolph and Lawrence Pelozo, ages 4 and 2, were burned to death at Kipling, 10 miles from here when they were trapped in a root house while playing with matches. Nothing but the crisp form of the bodies was found by the mother.

Owosso—The changed condition of the bond market is exemplified in the sale of \$55,400 worth of extension bonds, by Owosso to a Toledo firm, which paid a premium of \$3,388. A few weeks ago, any municipality floating bonds had to pay a bonus to sell them.

Kalamazoo—John Wilson, who was about to be sent to jail because he couldn't pay a fine, won his freedom and a job at the same time. Stanford Wilson, of Muncie, Ind., was in the court room and offered to pay the fine of the other Wilson if he would accept a job.

Albion—In raids in Albion's foreign settlement four persons were arrested on the charge of transporting liquor into Albion. Sam Kline, of Detroit, Jim Badnick and Nick Benedict, of Gary, Ind., and Mrs. Anna Woloczek, of Jackson, were taken to Marshall. One barrel was found containing 20 gallons of whisky.

Pontiac—James M. Garber, of Detroit, is trying in court to prevent the damming of Pork Barrel lake in Commerce township, claiming it will damage property on Maize lake. A dam is being put in the outlet of Pork Barrel, to raise it six feet and establish better shore lines. An injunction is sought.

Lansing—The estate of Henry Clay Frick will pay \$9,861 inheritance tax in Michigan, according to figures completed by the State Board of Excise. This tax is based on Michigan's share of taxes on 44,000 shares of Chicago & Northwestern Railroad stock. The total estate, according to figures filed with the board, consisted of \$18,165,000 worth of real estate and \$74,815,000 of personal property. On this inheritance tax amounting to \$4,757,000 will be paid to various states, and \$11,498,000 to the federal government, a total of \$16,255,000.

1—Flag raising during the dedication of the Woodrow Wilson boy scout reservation at Burnt Hills, Mo. 2—Some of the 1,200 Spanish immigrants who arrived on the Mongolia to work on farms. 3—Quantities of confiscated whisky being poured into the gutter in Los Angeles.

NEWS REVIEW OF CURRENT EVENTS

Victory of Republican Ticket in
National Election Reaches
Amazing Proportions.

SOLID SOUTH IS CRACKED

President-Elect Harding Goes on Vacation Trip—Amateur Cabinet Makers Busy—Strike of British Coal Miners Is Called Off.

By EDWARD W. PICKARD.

Never before in American history has a major political party suffered a defeat comparable to that sustained by the Democrats on November 2. The result was far more than a Republican victory—it was brought about by the defection of many Democratic votes. Harding and Coolidge carried every state of the North and West, and even cracked the solid South, for Tennessee, New Mexico and Oklahoma all went Republican. Senator Harding consequently will have 404 votes in the electoral college, to 127 for Governor Cox.

In 1912, when the Republican party was split, Wilson received 435 electoral votes, but he fell far short of a majority of the popular vote. This year Harding has a popular majority of large proportions, and his plurality approaches the seven million mark. In many states the pluralities by which the Republican ticket won were stupendous, and in the southern states where it was beaten the Republican vote showed large increases over previous elections.

Everyone professes satisfaction over the fact that the Republicans also have won complete control of congress. As one Democratic paper puts it: "For whatever good the next administration does it will have full credit; it cannot escape blame for whatever it has done." The jubilation of the Republicans may be tempered by the reflection that their majority of more than 130 in the house leaves the way open for factional disputes. Of the next senate the Republicans will have 58 members and the Democrats 33.

Just why the American people did all this is open to several opinions. Those who believed with President Wilson that the election was a "solemn referendum" on the League of Nations issue assert that it was opposition to the league covenant that caused the landslide, but really those who hold this view are few. Others aver it was due to the proverbial fondness of the American electorate for a "change." There can be no disputing that the people were determined to have a change from the Wilson policies and methods. This determination, in the mind of the writer, was the main-spring of their action. As for the League of Nations, probably most of them want some such an association for the prevention of future wars, but evidently they are willing to trust Mr. Harding and his associates with the task of formulating it, and do not feel that the job need be done in a rush.

All the nation watched with interest to see what the women would do on election day. The Democrats counted on them to rally to the defense of the league covenant and to save the Cox ticket from defeat. But an analysis of the vote shows that they did no such thing. Instead they only helped to swell the Republican pluralities in the North and West, and in the South comparatively few of them went to the polls.

Among the notable developments of the election was the extraordinary run made by Governor Smith of New York. Democratic candidate for re-election. Although the empire state gave Harding a plurality of about 1,200,000, Smith was beaten by Miller by only about 70,000. This was a remarkable achievement, and in the minds of many politicians it marks Smith as the logical national leader of the Democratic party.

Another thing worthy of mention

and consideration is the heavy increase in the Socialist vote. The total may reach two millions. It was especially heavy, of course, in the large cities. Probably many of the votes for Debs were cast by Democrats.

In addition to Messrs. Cox and Roosevelt, many an eminent Democrat was swept to defeat by the avalanche. There is widespread regret that Senator Chamberlain of Oregon was not successful, for he has been a capable, hard-working and independent member of the upper house, and is one of the staunchest Americans in public life. Other Democratic senators who failed of re-election include Mark Smith of Arizona, Phelan of California, Nugent of Idaho, Henderson of Nevada and Johnson of South Dakota.

In the congressional elections there were many surprises. One of these was the defeat of Champ Clark in Missouri. Oklahoma sends a woman, Alice M. Robertson, Republican, to Washington. In Wisconsin Victor Berger, twice expelled from the house because of his conviction for conspiracy against the government during the war, was defeated by W. H. Stafford, Republican. Texas elected one Republican congressman, H. M. Wurzburg having decisively defeated Carlos Bee, brother-in-law of Postmaster General Burleson, Myer London, Socialist of Syracuse, N. Y., defeated Representative Goldfogle. Many of the states will send solid Republican delegations to Washington.

On Saturday Senator Harding left Marion for a vacation in Texas and a trip to Panama. He expects to return home about December 6, and then may go to some Gulf Coast resort for the winter. He has not given out any intimations as to the makeup of his cabinet, but of course the amateur cabinet builders are busy. Many of them believe either Elihu Root or Senator Lodge will be secretary of state—probably the former. Others who are "prominently mentioned" are ex-Senator Sutherland of Utah for attorney general, ex-Senator Weeks of Massachusetts for secretary of the treasury or secretary of the navy, Frank Vanderlip for the treasury post, General Wood for secretary of war, Governor Lowden of Illinois for secretary of commerce, Chairman Will Hays or John T. Adams of Iowa for postmaster general, and Congressman Nolan of California for secretary of labor. Some think Raymond Robins may be offered the last mentioned place, but this is unlikely. Herbert Hoover also has been talked of for a cabinet appointment, but this would be very displeasing to Senator Hiram Johnson. Objections to making an army man secretary of war, added to pre-convention irritations, may keep General Wood out of the cabinet.

For the important place of secretary to the President, four names are commonly mentioned—George Christlan, Harding's secretary while in the senate; Judson Weliver, a newspaper correspondent, who has handled publicity at Marion; Fred Starek, former representative of an Ohio newspaper at Washington; and Richard Washburn Child, former editor of Collier's Weekly, who has been aiding Harding at Marion in the writing of his speeches.

William J. Bryan, arriving in Chicago on a lecturing tour, made a contribution to the safety of nations. He issued a statement calling on President Wilson to resign immediately, yielding the presidency to Vice President Marshall with the understanding that Mr. Marshall should appoint Senator Harding secretary of state. Then, Mr. Bryan said, Marshall should resign, which would make Harding the acting President. For some time there have been hints that President Wilson might resign in the event of a Republican victory. The rest of the proposed program is Mr. Bryan's own idea.

What the European press thinks of the election is interesting. The papers of London comment on the decisive rejection of the Wilson policies, and the Times regards the election as a distinct warning to Bolsheviks and extremists of all kinds. The newspapers of Paris all agree that Harding's victory is a bad defeat for the League of Nations as established by the Wilson covenant, and the Echo de Paris

expresses hope that "the dissuader which will be started on relations between the United States and the League of Nations will provide occasion to repair some of the faults committed at Versailles."

The French editors are unanimous in the belief that the result of the election will in no way prejudice the traditional Franco-American friendship, though some of them are a bit disturbed concerning the tariff. In Germany the press comments joyfully on the "personal defeat" sustained by President Wilson and finds comfort in Harding's election as presaging early restoration of normal relations between Germany and the United States; but the editors warn their readers not to be too optimistic.

California, besides giving Harding a fat plurality, overwhelmingly endorsed the anti-alien land law against which the Japanese government has been protesting so vigorously. This action insures that in the future no alien who is not eligible to citizenship under federal naturalization laws may own or lease agricultural land within the state. It does not affect existing ownership or titles.

Cuba, also, elected a new president on November 2. The successful man was Dr. Alfredo Zayas, who defeated Jose Miguel Gomez.

There was an election, too, in Scotland on the prohibition proposition. Thirty-six towns voted against any change in the present law, which permits the sale of liquor; ten voted dry, and one voted in favor of a reduction in licenses.

Prince Paul has not yet accepted the throne of Greece, and there is talk now of offering it to Prince Charles, count of Flanders, second son of King Albert of Belgium. Premier Venizelos has said publicly that he is willing that the return of Constantine to the throne be made an issue in the coming elections. France, it is known, would not permit the restoration of Constantine if she could prevent it.

As was foreseen, the strike of British coal miners came to an end. The executive of the miners declared it off under the terms agreed upon with the government and ordered the men back to work immediately. The miners had declared against the acceptance of the terms by a majority of 8,450, but this was far short of the two-thirds majority necessary to permit the issuance of a strike order and the leaders ruled it was not enough therefore, to continue the strike.

The Irish, Labor Liberals and young Tories in the British house of commons made another attempt to force a parliamentary inquiry into the reprisals in Ireland, but were again defeated by the government forces. There were indications, however, that the government was on the verge of starting negotiations for an Irish settlement that might succeed. Meanwhile murders and reprisals are increasing in number and ferocity. Sir Hamar Greenwood announced that during October 22 police and 14 soldiers were murdered, and 28 police and 30 soldiers wounded. Sir Hamar also told the house that nine Irish constables had just been arrested in connection with the reprisals, two of them being charged with murder. The most serious black and tan reprisals lately were in Tralee and Granard, where damages estimated at \$5,000,000 were caused by the riders. Ballymote, County Sligo, also, was almost entirely ruined by crown forces.

Baron Wrangel is having his troubles in southern Russia, for five Bolshevik armies are attacking him. They have driven his forces back on some fronts, and, what is more serious, have captured the town of Perekop on the narrow isthmus which provides the only practicable route into the Crimean peninsula. Wrangel at last accounts was holding the isthmus with his seven-mile trench system. Loss of this would cut his armies in two.

The result of the International fishing schooner races off Halifax is worth recording. Both races were won by the American entry. Esperanto of Gloucester, by the skill and daring of her captain and crew.

Another Royal Suggestion Biscuits and Cinnamon Buns From the NEW ROYAL COOK BOOK

BISCUIT! So tender they fairly melt in the mouth, and of such glorious flavor that the appetite is never satisfied. These biscuits anyone can make with Royal Baking Powder and these unusual recipes.

Biscuits
2 cups flour
4 teaspoons Royal Baking Powder
1/2 teaspoon salt
3 tablespoons shortening
1/2 cup milk or half milk and half water
Sift together flour, baking powder and salt, add shortening and rub in very lightly; add liquid slowly; roll or pat out floured board to about one inch in thickness (handle as little as possible); cut with biscuit cutter. Bake in hot oven 15 to 20 minutes.

Royal Cinnamon Buns
3/4 cups flour
1/2 teaspoon salt
4 teaspoons Royal Baking Powder
3 tablespoons shortening
1 egg
1/2 cup water
1/2 cup sugar
2 teaspoons cinnamon
4 tablespoons seeded raisins
Sift 3/4 cups flour, salt and baking powder; rub shortening in lightly; add beaten egg to water and add slowly. Roll out 1/4 inch thick on floured board; brush with melted butter; sprinkle with sugar, cinnamon and raisins. Roll as for jelly roll; cut into thick slices; place with cut edges up on well-greased pan; sprinkle with a little sugar and cinnamon. Bake in moderate oven 30 to 35 minutes; remove from pan at once.

ORIGINATED IN DAINTY VERSE

Expression That Is Considered Slightly Vulgar Today Traced to Poet Cowper.

Some of the crudest expressions in the English tongue had their origin in poetry, and even religious commands. Among these the phrase, "to go the whole hog," is a striking example. Today it is looked upon as a vulgarity. Yet the words were obtained directly from a poem by Cowper, whose title is the pretty term, "Love of the World Reproved." The poem is the versifying of an Arabian story that seems well founded in fact. Mohammed in giving forth his laws declared that a certain part of the pig should not be eaten, but he forgot to mention just what part it was that he thought unclean. His followers, to make sure of not violating his commands, declared the whole pig. As there were many, however, who were clearly fond of pork, they met and agreed that one would eat the steaks, one the chops, one the feet, and so on, until the whole pig had been eaten, and thus but one of the sinners could be made to suffer for the sin. As Cowper says: "They thought it hard from the whole pig to be debarr'd," and adds: "With sophistry, their sauce they sweeten, till quite from tail to snout, 'tis eaten."

Lucky is the woman who can tell a lie when she hears it.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often
Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success. An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

HE NEEDED NO INTERPRETER

Up-to-Dateness of Chinese Official Rather Surprised This Pittsburgh Banker.

A banker who had visited China several times on important financial missions thinks the "heathen Chinese" is not only intelligent but that he has a delicate sense of humor, as well. He tells this one on himself:

"I called on an important Chinese official for a conference and, supposing he knew no more of English than I did Chinese, I took an interpreter. When we arrived at the office of the official I told my business to the interpreter, expecting him to translate my statement to the Chinese and then to repeat the reply to me in English. However, I had hardly finished speaking to the interpreter when the Chinese, with a humorous twinkle in his eyes, leaned over and said to me, in perfect English: 'Mr. Jones, please tell me who is pitching for Pittsburgh this year.'—Wall Street Journal.

The Inquisitive Mind. "When this man arrives," said the earnest orator, "we may expect glad times with all our wishes granted." "Who's he talking about, father?" asked the boy who is large for his age; "the candidate, or Santa Claus?"

Fordson

TRADE MARK

The Fordson Tractor was made to meet the demands and necessities of the every-day American farmer. It was made with the thought that it was the necessity of the man of forty acres as well as the man with one thousand acres. It was made not only for plowing, harrowing, discing, drilling, seeding, mowing, reaping, but for all other work on the farm where power is necessary. It was made to bring convenience to the farmer's home as well as for the cultivation of his fields. It was made to furnish power for the cream separator, silo filling, cutting feed, sawing wood, furnishing power for milking, washing, supplying the house with running water, electric lights, and the hundred and one things on the farm. It was made to do all this economically and in a reliable way. It was made to be the big profitable servant on the farm.

And it has not failed in any of the expectations had for it. It has been tested as no other Tractor has been tested. It has been proven reliable and can furnish proofs impossible to any other Tractor. It has done these things not only in America but in Europe, Asia, Africa, and in the Islands of the Seas. It has met successfully the demands of farmers in every part of the civilized world.

Therefore, the Fordson Tractor can meet all the conditions of your farm. When you buy a Fordson, you are not buying any experiment—you are buying a servant and a money-maker for you that you can depend upon absolutely from the first day you put it to work. It is easy to understand. It possesses all the power you want. It is simple in control. It is more flexible than you imagine. It will help you cultivate every foot of ground you have, and every day in the year you will find use for it on the farm. Its appeal to the farmer is in its dependable service and the wide variety of work it can do.

We'd like every farmer that reads this, if he hasn't a Fordson Tractor already, to come to us and let us sell him one. Let us demonstrate its powers, its values, on your own farm. Let's get into details—power, reliability, economy. While the sale of a Tractor gives us a small profit, the purchase of a Tractor to the farmer means a money-making servant every day for years. So the sale of a Fordson means more to the purchaser than it does to us. We are arguing for your good, Mr. Farmer. Come in and talk it over. Your time against ours. It is worth it.

And remember, when you buy a Fordson Tractor, we are right here to keep that Tractor in reliable running condition every day. You won't have to wait if anything should get out of order. We are right here to keep it right, because one of the conditions of the Fordson Dealer is that he must keep on hand always a complete supply of parts. This is a guarantee we don't believe you can get with any other farm Tractor. Come in. Let's talk it over.

NEW FALL SUITS AND OVERCOATS!

Cleverness is a combination of skillful designing and careful tailoring, one without the other results in no class or cleverness.

Our clothes are clever in a sense of swaggery designing and clean cut tailoring.

And our selections of fabrics are made with a view of obtaining things that are new and exclusive.

FOR YOUNG MEN THERE IS NO SMARTER SUITS AND OVERCOATS ON EARTH.

We candidly believe that they equal the product of the highest price custom tailors, in style and cleverness.

In price you'll find it well within the limits of your pocket-book and the extremely wide range we offer for you to select from, makes it simple to obtain just what you most desire.

Made-to-Your Measure

New line of samples just received. Come in and let us take your measure for a new Fall or Winter Suit or Overcoat. Tailoring and Fit fully guaranteed.

Furnishing Goods

In our Furnishing Goods Department we are showing a fine line of plain and fancy neckwear, jewelry, gloves, mittens, handkerchiefs, shirts, collars, hosiery, underwear, sweaters, hats and caps.

New Fall Footwear

We are showing the newest lasts in Fall Footwear for men and boys in the finest leathers for dress wear. An exceptionally good line of school shoes for boys. In work shoes we have a very substantial line that is manufactured for comfort and solid wear. A complete stock of Oxfords, and canvas shoes, rubber boots, just received. Call and inspect the new footwear.

MILWAUKEE, Wis.—"For the last twenty years I have used Dr. Pierce's Golden Medical Discovery at times, as a general tonic, with excellent results. One bottle in the spring, and one in the fall, is usually sufficient. It has given me added strength and endurance and has greatly aided me in following a strenuous life. I have also found Doctor Pierce's Pleasant Pullets very beneficial and mild in action."

"I have been through Dr. Pierce's Invalids' Hotel and Surgical Institute in Buffalo, N. Y., and have found everything as represented. The pictures of their buildings are genuine."—JOHN W. MCCLAIN, No. 188 Wisconsin Street.

Over fifty years ago Dr. Pierce manufactured this "Discovery" from roots and herbs—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy.

Few families have not at some time or other used this "Golden Medical Discovery" for the stomach, liver or blood. Over twenty-four million bottles of this tonic and blood remedy have been sold by druggists in this country.

Send 10 cents to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial package of Golden Medical Discovery Tablets.

All Run Down Now Feels Fine

Eatonic Ended His Troubles

"Eatonic is the only thing I have found to stop my heartburn and I think it has been a great help in nervous spells," writes C. C. Johnson. An upset stomach may cause lots of suffering all over the body. Eatonic helps in such cases by removing the cause of the misery, because it takes up and carries out the excess acid and gases and keeps the digestive organs in natural working order. A tablet after meals is all you need. Big box costs only a trifle with druggist's guarantee.

Little Francis was attending his first party, and among the things served for refreshments was coconut cake. Francis had never seen shredded coconut before, so when the hostess saw him hastily engaged picking out the shreds and placing them on the side of his plate, she asked:

"Francis, don't you like coconut cake?"

"Yes, I like it, but I don't like it when I get the shivers picked out of it," he answered.

STILL KEEN ON AIR TRAFFIC

Germany Actively at Work Building Airships—Monster Zeppelin Said to Be in Construction.

A few weeks ago Germany delivered a brand-new Zeppelin, the largest yet built, to France and another new Zeppelin to Great Britain. Yet we are told by the Airplane that Herr Goemann, the director general of the Zeppelin interests, recently returned from the United States after negotiating with certain firms regarding transatlantic air traffic. Negotiations have also been carried on with Holland, Sweden and the United States for the construction of airships on an international basis. It is rumored that a new type Zeppelin airship, with a load capacity of 60 tons, accommodation for 500 passengers and fuel capacity for a voyage three times the length of the Atlantic crossing is to be evolved. —Scientific American.

BREAKS INTO SOLID SOUTH

Harding Wins 404 Electoral Votes in 37 States—Carries Tennessee, Oklahoma, Arizona and New Mexico—Big Gains in Congress.

By JOHN DICKINSON SHERMAN.

Here is the story of the election from an airplane:

Electoral vote—Harding, 404 in 37 states; Cox, 127 in 11 states.

Senate—Republicans, 59; Democrats, 37; as against 49 Republicans and 47 Democrats in Sixty-sixth congress.

House—Republicans, 285; Democrats, 148; Independent Prohibitionist, 1; Socialist, 1; as against 240 Republicans, 191 Democrats, 2 Independents, 1 Prohibitionist and 1 Socialist in Sixty-sixth congress.

In comment, the household word avalanche seems the fittest. The Republican avalanche began at the Canadian border, from Maine to Washington, and swept the country clear to Mason and Dixon's line and broke the Solid South.

The Republican avalanche swept Tennessee, Oklahoma, New Mexico and Arizona. In Kentucky Richard J. Ernst, Republican, is elected to the senate over J. C. W. Beckham. For the first time in history several counties in Alabama went Republican, and several precincts in the sixth Mississippi district did the same almost unbelievable thing. Harding carried St. Petersburg, Orlando, Daytona and other towns in Florida; nine counties in northern Georgia and a dozen parishes in the sugar belt of Louisiana. The G. O. P. picked up a congressman in Texas; Harry M. Wurzbach defeated Carlos Bee, brother-in-law of Postmaster General Burleson.

BOSCHEE'S SYRUP

Allays Irritation, Soothes and Heals Throat and Lung Inflammation.

The constant irritation of a cough keeps the delicate membrane of the throat and lungs in a congested condition. Boschee's Syrup has been a favorite household remedy for colds, coughs, bronchitis and especially for lung troubles, in thousands of homes all over the world, for the last fifty-four years, giving the patient a good night's rest, free from coughing, with easy expectoration in the morning. For sale everywhere.—Adv.

THIS GRAIN TRULY "GOLDEN"

How Discovery of Prolific Gold Field Was Made in Mysore, State of India.

One of the world's most prolific gold fields at the present time is in the Kolar district (Mysore state) of India. Discovery of it was made in a curious way.

In prosperous years, when the gods favored the valley with an ample harvest of rice, grains of gold were found now and then on rice ears. This greatly mystified the natives, who ascribed the gold to supernatural powers.

What probably happened was that these grains, derived from the gravelly soil, lodged on the young rice plants when they were being grown in nurseries (for subsequent transplantation to the fields) and flooded at intervals with water.

The strange occurrence, at first deemed supernatural, led to the discovery that the gravel of the valley were rich in gold, brought down from the mountains. Since then the Kolar district has contributed largely to the world's supply of the yellow metal.

Forced to Travel.

"Is your wife a moving picture fan?"

"I'll say so. Sometimes we have to drive seven or eight miles away from home to find a show she hasn't seen."

Townley Candidates Beaten.

Crushing defeats for A. C. Townley in seven Northwest states are shown in practically complete returns. Minnesota, South Dakota, Montana, Nebraska, Idaho, Washington and Colorado buried the Townley candidates under an avalanche of Republican votes. In not one of the states did the Nonpartisans succeed in winning an important post.

In two other northwestern states—North Dakota and Wisconsin—Nonpartisan victories are only partial.

DETROIT LADY SAYS HYPO-COD IS GREAT

Made Me Feel Twenty Years Younger—I Feel Fine Now.

STOPPED NERVOUSNESS

"For about eighteen months I was in a rundown, nervous condition and tried about everything on earth with no results until I took Earle's Hypo-Cod. No wonder I gladly endorse this tonic when I can. I felt drowsy, sleepy and bad and yet after getting into bed I couldn't get to sleep. I'd toss and roll half the night. My appetite was poor. My strength had vanished and I was in poor health all around. Lots of things would upset my stomach and I was right much discouraged. A friend had taken it with good results so I started and now—Well to make a long story short—I think it is great. I feel twenty years younger. But great big meals and sleep nights as well as I ever did in my life. I never dreamed anything in the world could do so much good in such a short time. I recommend Earle's Hypo-Cod all over the neighborhood," declared Mrs. Ida Wright, 11 Manson Ave., Detroit, Mich.

Weak, frail, nervous people should not go through the winter in that condition if it is possible for them to build themselves up with a good tonic. They are almost sure to have colds, coughs and winter flu even if they do not really become sick abed.

Drop in at the drug store tonight and ask your druggist about this new tonic, read the formula on bottle. Druggists, chemists and experts assert that it is an ideal tonic and builder. Take home a bottle and see how nicely it does the work.—Adv.

Women of Middle Age

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change in her life without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, smothering spells, fainting spells, nervous troubles and irregularities are symptoms that should have prompt attention. These two letters prove what a successful remedy Lydia E. Pinkham's Vegetable Compound is for women at this time of life.

These Two Women Helped During Change of Life.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude for it."—Mrs. Susan C. Starkey, 187 B School St., Taunton, Mass.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. I will tell any one who writes to me the good it has done me."—Mrs. Margaret Danz, 743 N. 28th St., Philadelphia, Pa.

The following case is but one of many occurring daily in Chelsea. It is an easy matter to verify it. You cannot ask for better proof. Ask your neighbor.

John Kelly, W. Middle st., Chelsea, says, "My work is what started my kidney trouble. The secretions were highly colored and contained sediment. They acted irregularly and the secretions were painful in passage. I suffered from rheumatic pains in my back and would get sore and stiff. Mornings I felt all tired and it took an hour or so to get limbered up. I was often nervous and dizzy, especially when I had to stoop over. I used different remedies but they didn't help me any. Then I saw Doan's Kidney Pills advertised and tried some. Doan's completely relieved me of all the trouble with my kidneys and back so I am glad to recommend them." (Statement given March 1, 1913.)

On April 27, 1920, Mr. Kelly said: "Doan's Kidney Pills are all right and I gladly confirm the statement I gave some years ago regarding the merits of this medicine."

New Telephone Rates

THE Michigan State Telephone Company has been granted an increase in telephone rates of approximately 15%, effective as of November 1, 1920.

This authorization was received after the November bills were issued. The new rates will, therefore, be billed on the December bills, which statements will carry the increase for November as well as the new rate for December.

The proper charge for the month of November may be paid, however, if you so desire, with the November payment. Information as to the amount may be secured from the local telephone office.
