

SEE CEMENT PAVING MACHINE IN ACTION

Many Chelsea People Watched Work
Of Paving Gang on the New
Federal Aid Road.

Many Chelsea people watched the work of the big cement paving machine on the federal aid road just south of town, Sunday, and marveled at its surprising efficiency and the skill of the men who operate it.

Owing to the lateness of the season and a desire to reach the intersection of South Main street before freezing weather halts the work for the winter, the paving gang worked all day Sunday and are now well past the Manchester road intersection and two or three more days of favorable weather should see the cement laid as far as South Main street, and would complete, approximately, a mile of cement paving, from that point westward to the bridge near the George Ward farm, where the start was made on September 30th.

Paving Machine Efficient.

The paving machine is a wonderfully efficient machine. Its operation is practically continuous from the time the gravel and cement is dumped into a big apron at one end until the mixed concrete is dumped on the roadway. The gravel and cement are delivered to the machine in boxes holding a cubic yard of material. A crane, which is a part of the paving machine, picks up the loaded box and swings it over an apron. As

soon as the box is emptied the apron is elevated and the gravel and cement are dumped into the cement mixer, and while the batch is mixing the apron is lowered and receives another lot of material for the next batch. The mixed concrete is dumped into a bucket with a hinged bottom, which runs out on an eighteen foot horizontal swinging boom, and is dumped as needed in the roadway.

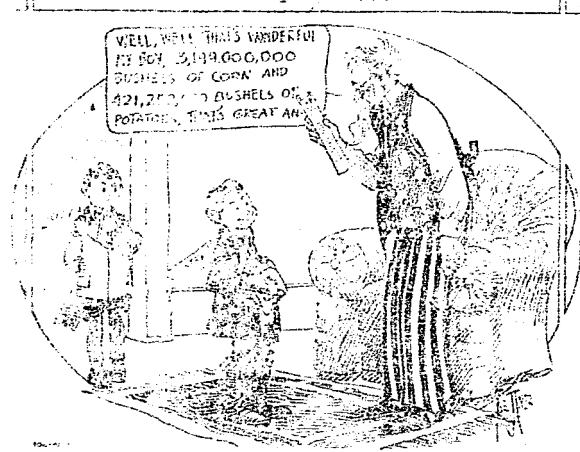

The whole operation of elevating and dumping the apron, mixing the batch and dumping the concrete on the roadway is controlled by one man and occupies only two or three minutes. The big machine is also arranged to move ahead under its own power as the work advances.

"Railroad" Is Unsatisfactory.

The weak spot in the road construction work is in the delivery of the gravel and cement to the paving machine. A narrow-gauge railroad extending from the gravel pit near Lima Center, is used for that purpose, but so far it has not been equal to the job, due largely to the fact that the rails and roadbed will not support the loads put upon them, especially during a wet or rainy season, and the locomotives and cars are frequently delayed by derailments, and at best can be operated at only very slow speeds. If that trouble can be overcome by the time another season rolls around and the paving machine can be operated at its full capacity, the work next summer should go ahead much faster.

Plan your Christmas gifts now and then be sure to do your Christmas shopping early.

The Report Card

GET A VICTORY MEDAL

Ex-Service Men Are Entitled To One
Says Community Secretary.

All men who served during the recent war in the U. S. Army, Navy, or Marine Corps, on land or sea, at home or abroad, are entitled to a Victory Medal, according to Wallace F. Watt, County Secretary for the Washtenaw County Community board.

There seems to be some misunderstanding in the minds of many ex-service men on this point. In the case of men who served in the army, special blanks are provided which contain extracts from the original discharges of ex-soldiers.

In the case of the men who have been discharged from the regular navy, blanks are also provided which must be accompanied by war service certificates and discharges.

Ex-marines will deal directly with the nearest recruiting office. In the case of Washtenaw county men who served in the Marines, they are asked to mail their discharge certificates with a correct mail address to the Marine Recruiting Office, 419 Fort Street West, Detroit. In the case of the Marines, no formal application for medals will be requested.

Men who served in any major engagements are entitled to battle clasps to be worn on the ribbon from which the medal, which is about the size of a silver dollar, is suspended.

Ex-navy and army men may obtain application blanks at the office of the Washtenaw County Community board, Community House, Ann Arbor, Michigan, or they will be mailed to any ex-service man upon request.

PIONEERS OF AVIATION.

Man has recently reached the point where he can claim to have conquered the air. This is fulfilled a dream as old as human thought. The story of Icarus and his wings, whose melted way caused so disastrous a fall, and of his modern prototype, Darius Green, is well known, but real historical personages who are pioneers in the field of aerial investigation are not so well known.

Over in Japan there is preserved the story of a man named Kokichi, who in olden times so offended the authorities of Okayama by his attempts at aviation that he was forced into exile.

There was an aviator of mystery in France during the middle ages—a crazy nobleman who flew across the Seine in a rude sort of machine.

Professor Langley, who in 1887 made investigations of aerial problems with his "Whirling Table," Hiram Maxim who spent \$100,000 in constructing a huge flying machine in 1889, and Octave Chanute whose experiments with gliders inspired the Wright Brothers, are three men whose names should be remembered as fathers of modern invention.

It is interesting to note that with the conquest of the air all of the great physical desires of man have been accomplished. To what fields of endeavor will he now turn his attention?

FARM BUREAU BANQUET.

Plans are completed for the fourth annual Farm Bureau banquet which is to be held at the Arroyo in Ann Arbor, on Wednesday, December 22. The banquet will be served at noon and followed by addresses by two able speakers; Howard Leonard, president of the Illinois Farm Bureau, and Dr. Diehl of Albion college, both students of rural problems and each bringing a worth-while message.

In appreciation of the co-operation given to the Farm Bureau by the newspapers and banks of the county, a representative from each will be the invited guest of the bureau at the banquet.

WHEN TO EAT CANDY, SAFELY

Should Be Eaten With Regular Meals
Or Immediately After Them.

A generous store of sweets goes along with Santa Claus's provisions. No matter how many dolls, drums and other toys may have been requested by young members of the family, it is taken for granted that there will be candy.

Much of the indigestion and distress which follows holiday feasting is due to the excessive use of candy by both young and old. Of course the principal constituent of candy is sugar. Sugar is a food and one that is necessary to human beings. It produces heat and energy but when taken in excess it undergoes fermentation in the digestive tract and gives rise to various disturbances in the stomach and intestines. More than this, it overburdens the liver, with evil results.

If children and grown-ups are to have candy it should be eaten with meals or immediately after them. The usual custom is to have sweets within everybody's reach and to stuff oneself with them between meals. To properly carry on their functions the stomach and intestines require a certain amount of rest. For this reason it is much better to eat at regular hours. When candy is eaten between meals it means that the digestive organs must be continually at work. As a result, they are overworked and it is not surprising that they rebel from exhaustion, particularly on these feast days when the consumption of food is apt to be excessive. Pure candies are not harmful if taken in reasonable quantities.

CHANGE IN FORD SALES POLICY

The local Ford agency last week received notice from the factory in Detroit that beginning immediately and until further notice there would be no restrictions on territory. In other words, any agent can sell Ford cars anywhere. This the local agents believe, is designed by the company to weed out the "drone" from among their dealers. Live agents in adjoining territory are now enabled to come into the "drone's" territory and sell his customers. However, it is to the customer's advantage to buy of the nearest agent who is equipped to give him the "follow-up" service that has been such an asset to Ford owners.

COUNCIL PROCEEDINGS.

(Official)

Council Room, Dec. 6, 1920.
Council met in regular session. Meeting called to order by President F. G. Schauble. Roll call by the clerk.

Present—Trustees: Vogel, Dwyer, Shaver, Koebbe, Dunkel, Rahmiller. Absent—None.

Minutes of the previous meeting were read and approved.

The following bills were read by the clerk:

General Fund.
Palmer garage, storage Nov. 5.00
Geo. Simmons, 4 dys. @ 88. 32.00
Marshall's salary Nov. 125.00
B. Youngs 1.50
F. & M. Bank, int. on note 120.80

Street Fund.
F. Gutekunst, 3 wks. sal. 45.00
Geo. Simmons, 4 dys. @ 88. 32.00
Gil. Martin, 5 1/2 hrs. @ 30c 16.35

E. L. & W. W. Commission Fund.
Their orders Nos. 27 and 28 for \$1,000 each \$2,000.00

Motion made by Dwyer, supported by Vogel, that the bills be allowed as read and orders be drawn for the several amounts.

Yeas—All. Carried.

Motion made by Vogel, supported by Koebbe, that the note of the Farmers & Merchants bank for \$4,000.00, be renewed.

Yeas—All. Carried.

Motion made and carried to adjourn.

H. W. Freeman, Clerk.

"NO HUNTING" SIGNS FOR SALE

The Tribune office recently printed a supply of No Hunting or Trapping signs, and has sold a large number, already. We have a supply of other signs printed, also: For Rent, For Sale, Rooms, etc. Prices are ten cents each, or three for twenty-five cents.

NEIGHBORHOOD NEWS

Brief Items of Interest in Chelsea
And Vicinity, From Nearby
Towns and Localities.

JACKSON—Shoplifters Saturday robbed the Cook & Feltner department store of a \$525 seal coat, \$12.50 mesh bag and a \$7 bottle of perfume.

MANCHESTER—This village was connected with the electric power line from Clinton, Wednesday, and plenty of electric current is now available for both power and lights. The transmission line had been under construction for nearly a year.

BROOKLYN—The surveying party working for Henry Ford the past three weeks has surveyed from Brooklyn as far as the Toledo scout camp on Upper Vineyard. Rainy weather has held back the job and another party is expected this week to help finish up the job.—Exponent.

ANN ARBOR—Thieves entered the Phi Rho Sigma house early Monday morning and carried away two suit cases filled with clothes, a quantity of jewelry and \$82 in money. It is believed the burglary took place about two o'clock. This is the second time this year that thieves have robbed this Greek letter lodge. One of the burglars at that time was later apprehended and is now serving time in prison.

DOCTOR PRESENT AT PASSING.

A physician who was not disinclined toward an occasional glass, hired an Irishman to clean out his cellar. The man brought out a number of empty whiskey bottles in the course of his work, and as he lifted each one, looked to see if there was anything in it.

The physician, who was strolling on his lawn, noticed the action and said, "They are all dead ones, Mike." "They are that, sorr," answered Mike. "But there's wan good thing about them, sorr; they all had a doctor with them when they passed away, sorr."

TO OUR DETROIT SUBSCRIBERS.

Subscribers to the Tribune who live in Detroit, Highland Park, or Hamtramck should notify us at once of the change in address which will occur when the new house numbers go into use January 1st. Please note that we must have your new house numbers at once in order to make the necessary changes in our mailing lists, which must be corrected and ready for use by January 1st, 1921. Kindly give the matter your prompt attention.

WANT AND FOR SALE ADS

Five cents per line first time, 2 1/2 cents per line each consecutive time.

Minimum charge 15 cents.

TRY A "LINE" AD

when you have a want, or something for sale, to rent, lost, found, etc. The cost is trifling.

FOUND—53x4 auto tire on rim Mrs. Gay Hulce, phone 214-F22. 271f

WANTED—People to insure live stock against death or disease in the Peninsular Casualty & Insurance Co. Ida Dettling, phone 123, Chelsea. 271c

LOST—Large black velvet hat, some where between Chelsea and Collins corners. Mrs. Geo. Webb, phone 116-F23. 271f

FOR SALE—8 nice white pigs, 6 wks. old, cheap if taken at once. Theo. Buhler, Rfd. 3 271f

LOST—Gold cuff-button, diamond set. Reward for return to Tribune office. 271c

FOR CHRISTMAS TREES, all sizes, also landscape work and general nursery stock, farm and garden seeds, cyclone, fire, live stock and auto insurance, call on A. Kaercher, 515 S. Madison St. Chelsea, or telephone 216-R. 261c

FOR SALE—1920 Ford Coupelet in extra good condition; also model 83 Overland touring. Palmer's garage. 261c

FURNITURE REPAIRING, refinishing and upholstering. E. P. Steiner, Steinbach Bldg., Chelsea. 231c

Do You Get Your Paper Regularly?

When Run-Down

FOND DU LAC, WIS.—"Dr. Pierce's Favorite Prescription is a very good medicine. When I was a girl going to school I got all run-down and weak due to hard studying. I was coming into womanhood and this medicine built me up in fine shape in just a short space of time. I also took it about seven years ago during expectancy and it helped me wonderfully. I had practically no suffering and my baby was strong and healthy and has always been. The 'Prescription' has done wonders for me. I think it the only medicine for weak women."—MRS. CARL GUELL, JR., 290 9th Street.

Good looks in woman do not depend upon age, but upon health. You never see a good-looking woman who is weak, run-down. Dr. Pierce's Favorite Prescription is the best women's tonic there is. It is 50 years old, and its age testifies to its goodness.

Women Made Young

Bright eyes, a clear skin and a body full of youth and health may be yours if you will keep your system in order by regularly taking

The world's standard remedy for kidney, liver, bladder and uric acid troubles, the scourge of life and looks. In use since 1895. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

Double the size for large horses. **ABSORBINE** is the only remedy for all horse ailments. **ABSORBINE** is the only remedy for all horse ailments. **ABSORBINE** is the only remedy for all horse ailments.

New Illuminator for Microscope. Prof. Alexander Silverman has invented a new illuminator for the microscope, whose special advantage is that it gives a very strong light upon the object examined, so that opaque and translucent bodies can be as readily studied as transparent ones. The top of the object or the side can be seen with all the variations of its surface. It is particularly valuable in testing samples of metal since it shows the presence of blow holes and pits and much detail not hitherto visible. It is likewise useful to textile experts since it shows the threads of a fabric from every angle and is also much appreciated by bacteriologists.

Heavenly Inspiration. The film corporation was on the verge of bankruptcy. Try as it might, it could not sell its pictures. Then, one day, the president conceived a brilliant idea, and soon he was using a sweep shovel to handle his money.

Instead of selling pictures he made his charged \$5 addition to his studio to see them made.—Film Fun.

Old Folks' Coughs

PISO'S

MICHIGAN LEADS IN AUTO OUTPUT

TOTAL 1920 PRODUCTION IN FIRST DISTRICT OVER \$1,249,506,914.

BIG INCREASE IN REVENUE TAX

District Now Ranks Fifth In The Volume of Collections, Says Deputy Collector Neely.

Detroit.—Michigan's automobile centers in the first internal revenue district, comprising 35 counties in the eastern part of the state, produced non-commercial cars, trucks and accessories to the value of \$1,249,506,914.67 during 1920, according to figures compiled by Deputy Collector Clarence Neely.

The estimate is based on the collection of the 5 per cent tax on passenger cars, the 3 per cent levy on trucks and the 5 per cent collected from the manufacturers of accessories by the federal government.

According to Mr. Neely's report the total collections of internal revenue in the first Michigan district, amounting to \$258,636,659.41, is a gain of 117 per cent over the amount collected during 1919, when \$119,178,612.11 was collected.

This increase in internal revenue is the largest in the country with the exception of that of New Mexico, where collections totalling less than \$5,000,000 show a gain of 269 per cent.

Of the total 1920 collection, the largest portion is represented by income tax of which \$168,418,182.94 was collected. The manufacturers of automobiles, trucks and accessories contributed to the total with taxes amounting to \$58,675,494.21. Miscellaneous collections, representing all other forms of internal revenue paid in the district totalled \$31,543,972.26.

Non-commercial cars carried by far the largest share of the burden, with a total of \$99,211,504.23, as compared to motor trucks and commercial cars, which paid but \$5,713,169.18. Accessories paid the government a tax of \$5,761,429.78.

The nearest approach to the figure set by the first Michigan district for internal revenue collections from the automobile industry occurred in Indiana where between eight and nine millions of dollars were collected from that source.

The district jumped from eighth place in volume of collections, as indicated at the close of the fiscal year ending June 30, 1919, to fifth place at the end of the year ending June 30, 1920.

The four districts which exceed the first Michigan district in volume of collections this year are: the second district of New York, and the first districts of Illinois, Pennsylvania and Massachusetts.

BULGARIAN ENTRY APPROVED

Report By Marshal Foch Removes Opposition of "Little Entente."

Geneva.—The admission of Bulgaria to the League of Nations has been voted by the commission on the admission of new states. This action was taken after a report submitted by Marshal Foch had been read in which the marshal declared that Bulgaria had made sincere efforts to live up to the treaty terms.

Even the "little entente" countries, which had been strong in their opposition to Bulgaria, voted for her admission.

The commission also decided to permit Armenia, Albania, and Georgia to participate in the work of the technical commissions. Lithuania was refused admission, but will be allowed representation of its interests in the league by Switzerland.

The Baltic states were not admitted and the only remaining question is the disposition of Lithuania.

HAYWOOD DENIED REHEARING

Cases of 93 Other I. W. W. to Go to Supreme Court.

Chicago.—Rehearing was denied by the Circuit Court of Appeals to William (Big Bill) Haywood, leader of the Industrial Workers of the World, and 93 co-defendants, convicted two years ago for violation of the Espionage Act and conspiracy to obstruct the army.

After the denial of the rehearing, Clarence S. Darrow and Otto Christensen asked a stay of sentence to give them time to present the case before the Supreme Court of the United States. No definite time was allowed, but a stay was granted on condition that immediate action be taken.

The sentences range from 10 days to 20 years.

Parliament Rules Danzig

Berlin.—The constituent assembly of Danzig has proclaimed itself the Parliament of the free city under the title of "Volstag" with powers to enact legislation until 1921. A majority of the Socialists, Independent Socialists and Poles voted against this decision and then left the hall, taking no further part in the proceedings. Dr. Salin, former burgomaster, has been elected president of the Senate, and is thus the first president of the free city of Danzig.

SECOND CONGRESSWOMAN COMES FROM OKLAHOMA

ALICE M. ROBERTSON

Muskogee, Okla.—Miss Alice M. Robertson, who has been elected to Congress from the Second Oklahoma district, defeating the Democratic incumbent, Will Hastings, will be the second woman to take her seat in that body. Montana has the distinction of sending the first woman representative, Miss Rankin having been elected in 1916.

Miss Robertson conducts a restaurant here.

INVESTIGATE UNEMPLOYMENT

Department of Labor to Prepare Statistics of Labor Outlook.

Washington.—An inquiry to determine the extent of unemployment in 85 principal industrial cities of the country was announced by the Department of Labor. This was made public after Secretary Wilson had conferred with nine regional directors, appointed to conduct a survey of conditions in co-operation with the present field force of the United States Employment Service and with other state and Federal agencies.

The first results are expected to be ready for announcement by Jan. 15, and it is the intention subsequently to issue unemployment statistics every two weeks.

G. H. Burns, assisted by John M. Sullivan, will be in charge of investigating conditions in Ohio, Illinois, Indiana, Michigan and Wisconsin.

H. T. MAYO ON RETIRED LIST

Has Distinction of Serving Longer Than Any Other Rear Admiral.

Washington.—Rear Admiral H. T. Mayo, wartime commander of the United States fleet, has been placed on the retired list of the navy after more than 47 years of service.

He has the distinction of having served continuously in a flag command longer than any other rear admiral on the list and of having commanded the United States fleet longer than any other naval officer who has held that post in the modern American navy.

Prior and during the war with Germany, Admiral Mayo had charge of the training of nearly 1,000,000 men.

MUCH INSURANCE TAKEN OUT

More Than Ten Billion Increase in Total For This Year.

New York.—The people of the United States are buying more than \$10,000,000,000 of new life insurance this year, original statistics presented to the annual convention of the Association of Life Insurance Presidents here show.

This is 21 per cent more than the amount bought in 1919, which was 62 per cent more than in 1918.

The total insurance in force on all American lives 15 years ago was only nine and a half billion dollars, or less than the present year's new insurance.

GROWERS FIGHT LOW PRICES

Tobacco Men Would Ho'd Product For Higher Rate.

Owensboro, Ky.—Tobacco growers of the Green River district lost their first battle against low tobacco prices when managers of six large leaf warehouses here declined to close their doors and stop tobacco sales.

The refusal was in answer to spokesmen for approximately 150 growers, who marched to the floors and requested that no more tobacco be accepted for ten days.

Japs Protest California Law.

Tokio.—Thirteen prominent societies in Japan have organized a meeting of protest against the anti-Japanese measures adopted in California at the last election. Former Premier Okuma will support a resolution declaring such legislation is unjust and menace the good relations between Japan and America. The resolution will demand the cancellation of the anti-Japanese legislation and will declare against absolute prohibition of emigration to America.

Items Of Interest in World's News

Date Set For Ford-Newberry Race
Washington.—The long deferred recount of the ballots in the Ford-Newberry election contest will begin on Jan. 4.

Plan New Socialist Party.
Bernes.—The International Conference of the Socialist party has decided to call a meeting in Vienna in the spring of 1921 to found a new International Socialist party.

Would Appoint Willis, Cox Says.
Columbus.—Governor Cox wired President-elect Harding offering his cooperation in appointing Senator-elect Frank B. Willis to fill the unexpired term of Harding in the senate.

Declare War On Clothing Union
New York.—Headquarters of the Amalgamated Clothing Workers of America announced here that New York clothing manufacturers had declared war on the union and that six large firms had locked out 16,000 workers.

New Guns Fire 35 Miles.

Boston.—Coast defenses of New England will be protected by four 16-inch guns at strategic points, according to a statement by Brig.-Gen. John W. Ruckman, commanding the first coast artillery district. The new guns will fire about 35 miles.

Peace Party Cost \$1,651,191.09.

Washington.—A special message giving the complete expenses of the American peace commission during its work abroad, was transmitted to the senate by President Wilson. Total expenditure amounted to \$1,651,191.09 from December 1, 1918, to December 4, 1920.

Mail Train Robbers Sentenced.

Des Moines.—Fred Poffenberger and Orville Phillips were taken to Ft. Leavenworth following their pleading guilty to the \$5,000,000 Burlington mail robbery at Council Bluffs. Poffenberger, alleged "master mind" of the robbery, was sentenced to 18 years and Phillips to 13 years' imprisonment.

Development of Rivers Urged.

Washington.—Development of the waterways of the Mississippi valley as a means of lowering the cost of living and at the same time adding permanent value to the wealth of the nation, was advocated by Secretary of Commerce Alexander here in addressing the National Rivers and Harbors congress.

Trys to Shoot Hat, Kills Man.

San Francisco.—Andrew Merlo attempted to shoot the hat from the head of Amanda Georgi on a wager that he could do so without hurting the man, but aimed too low, the police said he told them. The statement was regarded as clearing up circumstances surrounding the finding of Georgi's body seated at a cafe table.

Can't Enforce New Rates.

Kingsport, N. Y.—Judge Gilbert D. B. Hasbrouck of the state supreme court declined to vacate an injunction obtained by the state restraining 61 railroads from increasing their interstate passenger rates 20 per cent as provided for by an order of the interstate commerce commission. The rates were to have gone into effect November 29.

Scorn Russian-American Agreement.

Tokio.—Attacks upon the Russian concessions granted to Washington D. Vanderlip occupied much space in local papers. The Japanese foreign office recently indicated it would not recognize the concessions. The leading Tokyo daily, Nichi Nichi, comments editorially in a most pessimistic tone concerning the Russian-American negotiations.

Sea Burial For Slaying Weapons.

New York.—Fourteen hundred weapons, consisting of machine guns, revolvers, daggers, blackjacks, brass knuckles, razors and other nondescript articles, collected by the police from criminals during the year, lie at the bottom of the ocean beyond the three-mile limit. The collection included many weapons of slayers sentenced to death during the year. The "burial at sea" is decreed by law.

Alaskan Natives Now Starving.

Seattle, Wash.—Starvation faces natives on the Kuskokwim river, Alaska, unless supplies are forwarded immediately, according to word received here by the United States department of education from its commissioner at Sitka. One native has died of hunger and his wife and six children are without food. The educational bureau has no funds with which to buy supplies and an appeal has been forwarded to Washington.

Halts Funeral To Save Baby.

Muskogee, Okla.—The 7-months-old son of Vernon Hatfield owes its life to an undertaker. The child, practically drowned when it fell into a bathtub, was revived by Ed Williams, an undertaker, who halted a funeral procession he was leading to apply first aid. An uncle, who was taking the baby to the doctor, stalled his automobile while trying to pass the funeral procession. Williams saw the child's plight and applied artificial respiration with success.

REPORT DECREASE IN TOTAL DEATHS

FEDERAL FIGURES GIVE MICHIGAN 45,497 TOTAL, OR 7,933 LESS THAN 1918.

DROP IN INFLUENZA FATALITIES

But Four Cities of State Show Increase in Death Rate Over That of Previous Year.

Lansing.—Deaths in Michigan during 1919 show a decrease of 7,833 compared with 1918, according to figures just received by the state department of health from the United States bureau of census. The total of Michigan deaths for 1919 is 45,497, while for 1918 it was 53,320, making this year's total the lowest since 1915.

But five diseases, pneumonia, cancer, diphtheria, scarlet fever and meningitis, caused more deaths in 1919 than in 1918, all other diseases showing appreciable decreases. Influenza killed 6,332 persons during the brief epidemic in 1918, and 3,824 the following year. Tuberculosis, with 3,106 deaths credited to it in 1919, fell 461 short of its 1918 total. Whooping cough, which is rarely fatal in persons more than 20 years of age, caused the death of 492 people in 1918 and 188 in 1919. The 1918 suicide rate of 462 dropped to 366 the following year.

Of 25 Michigan cities with populations greater than 10,000, only four—Ironwood, Ishpeming, Port Huron and Traverse City—show increases in the number of deaths last year. Detroit shows a decline in the number of deaths from 12,890 to 11,336. 20 other municipalities experiencing like decreases.

Since 1910 there has been a progressive and fairly normal growth in population. During this period the only decreases in the number of deaths occurred in 1911 when the number fell off 1,895, compared to the previous year, and again in 1914 by 1,665.

Taking the deaths by ages, the only age group which does not show a decrease in 1919 is that composed of centenarians, 17 of whom died last year as compared with 14 of the preceding year.

POISONING OF GIRL DOUBTED

Girl Who Collapsed At Revival Said to Be in Trance.

Adrian.—After a day's investigation of circumstances surrounding the collapse of Agnes Armstrong, 15 years old, at a revival meeting at Clayton last week and her subsequent stupor, Leland P. Bean, Lenawee County prosecuting attorney, said that nothing has developed to warrant criminal action. Doctors believe the girl will recover and she is now thought to be suffering from hysteria. Mr. Bean said reports that poison was administered during the revival meeting could not be substantiated.

Miss Pearl Watt, of Toledo, the revivalist who had charge of the meeting was interviewed here by Mr. Bean and Sheriff Natten. Miss Watt denied anything had been given the girl to drink except water.

Feeling against the revivalists, who conducted the meetings in Clayton, is intense however and the party has moved out.

HOOVER AND HARDING CONFER

President-Elect Pursues Policy of Consulting National Leaders.

Marion, O.—President-elect Harding and Herbert Hoover discussed the League of Nations, the industrial situation in America, famine relief and reconstruction in Europe, the whole gamut of the world's troubles in a two-hour conference Sunday. No conclusions were indicated, nor was anything said of the part that Hoover may be called upon to play in the new administration.

Senator Harding has already held conferences with Elihu Root and Charles E. Hughes, Republican nominee in 1916, and on Dec. 17, William J. Bryan will come to Marion to confer with the president-elect.

ITALIAN SOLDIERS JOIN POET

Use Armored Cars in Making Dash From Udine.

Trieste.—The first break in the regular Italian army took place when four armored cars started from Udine, three of which succeeded in reaching the place of Gabriele d'Annunzio in Fiume.

The fourth car was prevented from reaching its destination by a sentinel, who threw under the wheels obstructions which cut the tires, bringing it to a halt. The crew of the car, however, escaped and managed to reach Fiume on foot.

Disarmament Participation Refused.

Washington.—President Wilson declined the invitation of the League of Nations to send delegates to take part in the discussions of the disarmament commission. The president informed the League of Nations council that inasmuch as the United States was not a member of the league he did not feel justified in appointing a commission. The United States, however, the president declared, is in sympathy with any plan for world disarmament.

Stock Raising in WESTERN CANADA

is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley, and flax have been made in raising Horses, Cattle, Sheep and Hogs. Bright, sunny climate, nutritious grass, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can buy on easy terms

Farm Land at \$15 to \$30 An Acre

Land equal to that which through many years has yielded from 20 to 45 bushels of wheat to the acre—grazing land convenient to good grain farms at proportionately low prices. These lands have every rural convenience: good schools, churches, roads, telephones, etc., close to live towns and good markets. If you want to get back to the farm, or to farm on a larger scale than is possible under your present conditions, investigate what Western Canada has to offer you. For illustrated literature with maps and particulars regarding reduced railway rates, sections of land, etc., apply to Department of Immigration, Ottawa, Canada.

M. V. MacINNIS, 176 Jefferson Ave., DETROIT, MICH. Canadian Government Agent.

NOT OLD BUY'S LUCKY DAY GRANDMOTHER NOT SO SLOW

At That, It Must Be Admitted He Got Out of Tight Situation Rather Neatly.

He was the picture of sedate middle age, from the broad-toed shoes to the plumpness suspended by a broad black ribbon.

He gazed long and longingly at the portrait of a maiden in rather skimpy attire which adorned the lobby of a theater.

He entered the lobby. He came out again.

He was met by an equally sedate middle-aged woman.

"What are you doing in there?" she demanded.

"Why, my dear, I thought it was the entrance to the bird store, but hurried out as soon as I discovered my mistake," was his rather halting reply.

As they started away, the man drew something from his pocket and dropped it surreptitiously to the sidewalk.

A newsboy quickly picked it up. "Gee," he muttered, "an orchestrion sent to the burles.".

The sedate gentleman and his wife strolled on.

His Effort.

"That clumsy boy let the galley fall with the big murder story, and made pl of it."

"Don't blame the lad. He was only breaking bad news."

Going Right Through.

Katherine—"Is he making money as a surgeon?" Kidder—"Yes, he's rapidly carving his way to fortune."

POSTUM CEREAL

used in place of coffee has many advantages, soon recognized. Postum is better for health, costs less than coffee, yet has a flavor very similar to coffee.

Postum Cereal should be boiled a full fifteen minutes. Another form Instant Postum is made instantly in the cup, no boiling required.

Grocers sell both kinds

MIRACLE OF THE THORN STAFF

Pretty Legend of Ancient Britain That is Often Repeated in England at Christmas Time.

It is one of the prettiest legends of ancient Britain—the old Christmas story of the thorn of Glanbury. William of Malmesbury, the chronicler, told it hundreds of years ago in his "Antiquities of Glanbury." It is repeated often at Christmas time in England.

The legend tells how Joseph of Arimathea, who was persecuted by Pontius Pilate, because he had laid away the body of Christ in his sepulcher, that he fled to Gaul, carrying with him under a cloth of mystical white samite, the Holy Grail. In Gaul he found the Apostle Philip, preaching to the heathen, and he rested with him a few days.

One night a radiant light awakened him, and an angel bade him go to Britain and preach the glad tidings to King Arvirargus; and where a Christmas miracle should come to pass, there to build a church.

He and a band of followers followed the instructions of the angel, and Arvirargus gave them the Isle of Avalon, and bade them erect an altar there to the new God. It was a beautiful gift. The tiny Isle lay warm in a verdant valley. Sparkling waves softly lapped its shore. Soft breezes played in its trees, and nowhere was the sky so blue as over Avalon.

When they reached the top of the hill called Weary All, Joseph planted his thorn staff and had carried with him on his long journey over land and sea, deep into the ground, and to it took root, and immediately there blossomed a bush of beautiful white flowers.

"This is where we will build our church," the good man said, and so, at Glanbury Abbey—for so Avalon is known today—the thorn bushes bloom white at each Christmas time, and remind all who see them of the Christmas miracle.

Where She Nailed Him.
Bride—Sometimes I think that you don't love me any more.
Groom—Why, I love you just the same as ever.
Bride—Then I was right; you don't love me any more than you did and I thought your love would grow—how true!
