### COMMUNITY HONORS OLDEST RESIDENT

The community party given in Maccabee hall, Tuesday evening, in honor of the 96th anniversary of the birth of Robert Foster, was a very successful affair. A scrub lunch supper was served at 6:30 o'clock to about 200 people.

The gathering was called to order by Mrs. J. N. Dancer, who introduced the village president, P. G. Schaible, who delivered the address of welcome.

Rev. H. R. Bently acted as toastmaster and the following responded to various subjects: J. G. Webster, Rev. G. W. Krause, O. C. Burkhardt, S. P. Foster, Rev. P. W. Dierberger, and N. W. Laird, after which Mrs. J. N. Dancer took charge and the following program was carried out: two violin solos, Mrs. P. M. Broesamie; vocal solo, Mrs. A. A. Palmer; reading, F. E. Storms; poem, Mrs. Frank Leach; poem, Mrs. J. N. Dancer. Both poems were written especially for this occasion.

There were two birthday cakes, one of which was made by Mrs. Amelia VanRiper for the Lady Maccabees and contained 96 candles. Mr. Foster was presented with a purse containing about \$50. Guests were present from Lansing, Owosso, Rosebud, Detroit and Ypsilanti.

### DEPUTY COLLECTOR TO BE AT CHELSEA POSTOFFICE

Deputy Collector of Internal Revenue, E. N. Haight, will be at the postoffice, Chelsea, from 2 p. m. of February 6, to 3 p. m. of February 11 to assist tax payers in filing their 1920 income tax returns.

There is no charge for this service but you are requested to fill out the work sheet to the best of your knowledge and have your figures compiled in shape to save time.

All who filed a return, for 1919 will receive a 1920 blank by mail. Other blanks will be at the postoffice, the banks, or can be secured by request from Jno. A. Grogan, Collector, Detroit.

Mr. Haight will assist only individuals and partnerships at this time. A revenue agent will be assigned at this time, or later to assist corporations, dates to be given as soon as possible.

### Mrs. Josephine Miller.

Miss Josephine Koessler was born in Alsace, France, September 29, 1833, and died at her home on East Summit street, Tuesday evening, January 25, 1921.

She came to this country at the age of 13 years. She was united in marriage with George Miller, in St. Mary church, Buffalo, N. Y., February 18, 1862. Mr. Miller died December 13, 1910.

For fifty years the family made their home on the farm in Lyndon, but for the last nine years Mrs. Miller has made her home in Chelsea. She was a member of St. Mary church.

The surviving members of the family are four sons, Edward J., Lewis J., and John P. Miller of Chelsea, and Charles W. Miller of Ithaca. Five daughters, Mary J., Margaret E., Anna T. and Lena J., of Chelsea, and Sister Ignatius, O. S. D. of St. Claire, Mich., one granddaughter, Josephine Miller, of Grand Haven, and one niece, Mrs. A. C. Pierce, of Highland Park. The funeral will be held in St. Mary church at 10 o'clock Saturday morning, Rev. Fr. VanDyke conducting the services. Interment at Mt. Olivet cemetery.

### Lafayette Grange.

The next regular meeting of Lafayette Grange will be held Thursday, February 3, at Odd Fellow's hall.

The program follows:  
Opening song.  
Roll call--Witty sayings.  
Reading--Mrs. Edwin Pilemeier.  
Question for discussion--Do you favor a state income tax in place of the present personal intangible tax on bonds, mortgages, etc.?

Music.  
Each member bring a helpful suggestion for the improvement of the grange.  
Closing song.

### Former Lyndon Boy.

John L. Stupish, aged 61 years, died Sunday morning, January 23, at his home in Flushing, Michigan. The deceased was born in Lyndon, and resided in that township until about 15 years ago, when he moved to Flushing.

He is survived by his wife, two sons, two daughters, one brother, Chas. Stupish, of Chelsea, and two sisters, Mrs. E. H. Doran and Miss Agnes Stupish, of Detroit.

The body was brought here Tuesday evening and the funeral was held from St. Mary church Wednesday morning, Rev. Father VanDyke celebrating the mass. Interment at Mt. Olivet cemetery.

The Princess theatre closed Tuesday evening for an indefinite period.

### AUTO SIGHT SEEING TRIP IN CALIFORNIA

Mr. and Mrs. W. S. Clark and Dr. and Mrs. G. W. Palmer Visit Many Coast Cities.

The following letter was received by E. V. R. C. from Mrs. G. W. Palmer.

Lodi, California.

Dear Ray View:

Here is wishing you all a Happy New Year. I hoped to send greetings for a Merry Christmas but we were in such a whirl the whole month of December up to Christmas Day there was little time for anything but eating, sleeping and sightseeing with us. Even now it is hard to realize that the holidays are here. I would like to give you a few snapshots of our trip to the southern part of California (Lodi is a little north of San Francisco).

On December 2, at 8 o'clock a. m. we started for Pacific Grove with Mr. and Mrs. W. S. Clark, by machine, a distance of 185 miles, and reached the Clark cottage in time for 6 o'clock dinner. This first day Lodi was very diversified. Leaving Lodi, Stockton was reached in due time and the country between the two cities is one pretty picture of one beautiful home after another. A few miles and we began making a grade and we could see the mountains were to cross for a long distance ahead, and I can truly say that mountain climbing and driving through canyons is very exciting, yet enjoyable, as they are so grand and beautiful. In a few hours we came to San Jose, one of the nicest of California's inland cities. Flowers, palms and beautiful homes. If you have any friends living there you should congratulate them.

Traveling on past cattle ranches, sheep ranches, and chicken farms, we reached the city of Monterey on the beautiful bay by the same name and the home of the famous Monterey cypress. The widely known Hotel Del Monte is located close by and very exclusive or high toned. Monterey and Pacific Grove is one continuous city but widely different in government and its people. In either of these cities you can get the most refreshing salt baths on the coast. A few days on the several beaches around Pacific Grove.

We continued down the coast line for Los Angeles. We stopped for the night at San Luis Obispo, an interesting city set as if in the lap of the mountains. The next day, passing through wonderful mountain passes, we reached beautiful Santa Barbara. Here the yards were all made with poinsettias. They were gorgeous. By all means visit Santa Barbara if you ever get to California. We were all of one mind after leaving--that we would like to have stayed longer.

The drive to Los Angeles was along the shore of the Pacific until we were within a few miles of the city. We found it very congested. Even more than is Detroit, because of narrower streets, very progressive, and fine hotels. The residential parts are beautiful. The climate makes it possible for all kinds of flowers and shrubbery which surround their artistic homes to look like pictures often called overdrawn. Hollywood is the aristocratic suburb of Los Angeles. We had lunch with Mr. and Mrs. Milo Updike, who are typical boosters for California. They are situated very nicely and look well and happy. We had a fine ride and visited them on Sunday after church.

I would like to tell you of the wonderful church services we attended in Los Angeles but it would take too much space. I will tell you later.

We found Mr. W. J. Knapp and Rudolph. Also saw Mrs. Brooks. They look well and we had a nice visit with them. Will see them later when we return to Los Angeles.

Long Beach was our next stop, where we called on Mrs. Mary L. Boyd. She sure was cordial and seemed pleased to see us. The Glenns, Mrs. Colton, and the other Chelsea people had gone to the city so we did not see them but will later. I hope. Long Beach looks like an ant hill around the beach, where crowds of people gather to visit and stroll around in the warm sunshine. The city has had a wonderful growth the last ten years.

Our drive to Santa Ana was thru fields of pepper plants--acres of nothing but strong smelling pepper vines, enough to supply the whole world for forty years. But leaving Santa Ana the next morning the drive was very pretty. Coming to Anaheim the drive was most beautiful. We took time to call on Mr. and Mrs. Gregory, who have a very fine home, modern and up-to-date. They formerly lived at Gregory, Michigan, came here a few years ago and made no mistake in doing so. You all have heard of Riverside. Too much can't be said of its beauties.

### CHELSEA CO-OPERATIVE ASSOCIATION MEETS

The annual meeting of the Chelsea Co-operative Association was held in the Sylvan town hall last Thursday afternoon and was well attended. County farm agent Osler was present and gave a talk on fertilizers and seeds.

The reports of the secretary, treasurer and the auditors were read and accepted. Both reports were very flattering and showed that the Association had a liberal cash balance on hand. The meeting was presided over by President Harold Spaulding.

The following directors were chosen for the coming year: O. D. Luick, Homer Lehman, Harold Spaulding, Wm. Eisenmann, C. D. Johnson, Ellsworth Hoppe and W. B. Collins. O. C. Burkhardt was elected auditor for two years.

### SEED TESTING SERVICE PROTECTS FARMERS

A seed testing service is maintained by the United States Department of Agriculture, where 29,638 samples of various seeds were examined and tested in the last fiscal year--16,412 in Washington and 13,196 in the five branch seed testing stations. Similar service is offered by the various State experiment stations. The department also exercises a strict inspection service over field seeds brought from foreign countries, and last year 5,000,000 pounds of various seeds were rejected or held for cleaning before being allowed to be offered to American farmers.

Nevertheless, the closest scrutiny is necessary on the part of the farmer who desires a good stand of clover, either as a forage crop or to turn under for the improvement of his soil.

It is important that the testing of seed be done early enough that a sufficient supply of pure seed can be purchased in time for use; and if seed is to be sent to one of the Government or State testing laboratories, at least two weeks should be allowed.

### County Pageant.

A county pageant based on the history and development of Washtenaw county has been proposed by the county community board. The scenes of the different episodes would depict not only the period of occupation by the Indians, the coming of the early settlers and different stages of industrial and educational development of this county, but would also produce some of the interesting events as related by the oldest settlers living.

The school children would participate through writing the history of their community or township, or in interviewing pioneers and reproducing the facts that cannot be found in histories. The adult groups of the different communities would select the chapter of Washtenaw history they wish to portray, rehearse it locally then give it as one scene in the greater picture in the big out-of-door celebration.

An open meeting to hear details of the proposed historical pageant will be held Friday evening, February 4 in the circuit court room of the court house at 7:30 central time. All rural, village and city organizations are invited to send representatives. Opportunity for suggestions and discussion will be given so that all parts of the county may be heard from.

### Road Improvement.

The fore part of winter the road west of town, to the Jackson county line, was in "bum" condition, to state it briefly. At an opportune time a few weeks ago it was scraped and it has been steadily improving since then, until auto drivers who make the trip to Jackson frequently have told us this week that the road is in the best condition it has been since they can remember. Intelligent labor properly applied at the right time spells good roads and makes it possible to travel expeditiously and in some comfort. Everyone in this section is particularly anxious to know is this piece of road is to be improved in the spring. Bids for its rebuilding were considered too high last fall and it was then announced that the county would build it. People are now looking to the commissioners to begin work as soon as possible.--Manchester Enterprise.

### Cavanaugh Lake Grange.

A regular meeting of Cavanaugh Lake Grange will be held in the church basement, Tuesday, February 1. Program as follows:

Song.  
Roll call--Current event or short story.  
Paper--A comfortable living room, Mrs. T. G. Hiemenschneider.  
Recitation--Florence Killmer.  
Talk--Making chores more cheerful work, F. W. Notten.  
Reading--Mrs. Clarence Lehman.  
Recitation--P. H. Hiemenschneider.  
Closing song.

## CITIZENS WORK FOR COUNTY HOME RULE IN MICHIGAN

PLAN IS TO ASK LEGISLATURE  
TO PASS CONSTITUTIONAL  
AMENDMENT AT THIS  
SESSION.

### WOULD ENABLE COUNTIES TO CHOOSE FORM OF GOVERNMENT

If Amendment Is Passed Each County,  
By Popular Vote, Could Do Away  
With Wasteful Systems  
Now In Force.

Following a meeting at Lansing to confer with state officials, including members of the legislature, the governor, and the attorney general, on the question of county home rule for Michigan, a statement was given out by Secretary C. Roy Hatten of the state committee of citizens regarding the object and plan of the project.

"Since this idea was first launched about a year ago," says the statement, "it has been discussed in many parts of the state. It is unfortunate that we have had no plan of fixed nature to advocate, but have waited till all possible views and opinions might be expressed before framing the measure for the legislature. We followed this method so that everybody might have a chance to express an opinion, but as a result some false notions of the proposal have gotten out and have been given circulation."

"This is a plan for securing county home rule in government by constitutional amendment and subsequent action of the legislature. It absolutely is not an effort to give control of any county to the largest city in that county. It is not limited to the commission plan of government for counties. It is not a personal attack on any county officials as such, and instead of being a new and novel idea, it has already been tried in California and some other states, with much satisfaction."

"It happens that the glaring defects of the ancient county system, or lack of system, show up strongly where a modern city government stands in contrast with that of the county. Hence in Wayne, Genesee, Ray, Kent, and similar counties, the idea of county reform has started with vim. But in none of these cities, so far as we know, is there any desire to deal unfairly with the rural sections of the county. Rather they are to receive every consideration, and be fully consulted as to the whole plan. It is to be hoped that all concerned, county officials, farmers, and taxpayers, will study the problem and say what they think, not before they get the facts and learn our viewpoint, but after."

"Every time any so-called reform is suggested, there is much shaking of the knees among certain people who hold public office. They don't want conditions changed, lest they be left out in the cold. Now it is quite possible that after county government shall have been re-organized, there will be just as much work to be done as before, and hence need for just as many workers in any given county. What we propose is to change the system and methods so that better results can be reached, with less cost to the taxpayer and more satisfaction to the county officials and employees. This is not an attack of any set of so-called 'politicians,' but an effort to change the system by which they work, to furnish a better piece of machinery if a county wishes it."

"Instead of being now, the idea is as old as the system of home rule in California counties. We are told that the better system there is so satisfactory, that no county would think of returning to the old one. They call it home rule for the county."

"It is not aimed to force the commission plan of government on any county, or the commission-manager system, though it is surprising to read how eagerly, in some rural counties, the people want a new deal. It happens that in some newspaper articles there has been talk particularly of the commission plan of government based on a county charter. That question is to be left to the county itself to decide, after the legislature has laid down the rules of procedure according to the will of the people of the state."

"No county in Michigan that prefers its present system need make any change at all. Not until a majority of the people vote at the polls for a change can any move be made."

"Since the people of Michigan are paying high taxes, and want to save money in government, it would appear that county reform, in the interests of economy and efficiency, ought to make a broad appeal throughout the state, so that the legislature would hear from the people and the demand for permissive county home rule would be met on a fair basis."

"I should favor any method to bring the question before the people, of an amendment to the constitution, and if adopted for the legislature to adopt a modern form for all the counties."

F. L. PRINDLE,  
Prosecuting Atty., Gladwin, Mich.

## PROMINENT MEN EXPRESS FAVOR FOR COUNTY HOME RULE

In order to show how the proposed amendment to the State Constitution to permit Home Rule reorganization of county government has aroused enthusiastic support throughout the entire state the following comments from newspaper editors and public officials are set forth herein for the information of those interested:

"With the rapidly increasing burden of taxes some plan must be devised for reducing expenses. Most any method of county administration is better than the present cumbersome and expensive board of supervisors method. Political control always has been and always will be expensive. The multiplicity of boards and commissions of one kind and another has created a vast army of non-producers whose work is practically useless to the community and state. Fewer and more conscientious and efficient officers would mean a lessening of the tax burden. This has been abundantly proved in the numerous cities throughout the country which are being operated under the managerial form of government. Having proved such a success in the cities, it is time now to try the system out in the next larger political unit, which is the county."

P. L. BALDWIN,  
Editor Escanaba Journal.

"You have taken up a real vital subject in your effort to establish a different form of county government. Much has been said about reforms in city government, but County affairs have been conducted very much the same since Michigan became a State. In my official position, I am daily impressed with the lack of co-ordination and co-operation in the conduct of the county business."

CORNELIUS HOFFBUS,  
Prosecuting Attorney, Kent Co.

"There is a duplication of work. The commissions that have been established, such as an agricultural school board, county road commission, the poor commission, fall into a rut of their own with very little supervision. \* \* \* The county road commissioners spend as much money as all the other departments together and yet all this money is subject to the control and direction of three men not one of whom gives his exclusive time to the work. In practice, the superintendent, very rarely, is a man fitted for the responsibilities of the board."

MICHAEL J. DOYLE,  
Mayor of Menominee.

"The sooner the people of Michigan rise to the occasion of placing their money in trust, by hiring an efficient manager to study its problems and direct the spending of its dollars, then will we see greater results obtained from the investment of our energy and true economy in county spending."

BURR M. BERRY,  
City Clerk of Allegan.

"We should have a state-wide change by constitutional amendment. County government should be wholly reorganized on a plan that would give a county responsible head and responsible government, the same as a city has under the commission plan. The existing plan has neither consistency, efficiency, nor responsibility."

ARCHIE E. MCCREA,  
Muskegon Chronicle.

"I would think an amendment to the Constitution which would provide for a revision of the Law that would put the Counties on a more efficient basis, and still keep them uniform, as near as may be would be most desirable."

E. A. RUEGGEGER,  
Prosecuting Atty., Boyne City, Mich.

"I am heartily in favor of the proposed constitutional amendment allowing counties to adopt the commission-manager (or any other) system of government. Our present system has long passed its day of usefulness. There are too many lap-worms, and inefficiency seemingly reigns supreme."

H. F. LITTLE,  
Prosecuting Atty., Manistee County.

"Michigan county government is something like the kitchen of a miserly housewife. It has the utensils the adoption of which from time to time has been forced by necessity—and to that extent is up-to-date—but also it has all the original tin pans, the worn-out brooms, the useless stove-lifters and the makeshift bins whose purpose to begin with has been forgotten. That government is more a miscellany than a business institution. It is rich in historical traditions and poverty-stricken as a plant operated without any clear idea as to efficiency."

DETROIT JOURNAL.

"Adopt the commission form of government for counties."

G. S. STOUT,  
Editor Palmdale, Lake City, Mich.

"I favor an amendment to the constitution making a change optional of the individual county."

A. L. SAYLES,  
Prosecuting Atty., Newberry, Mich.

## BREVITIES

Plackney—This village will soon have electric lights and power service which will be furnished by Edison Electric Light Co.

Howell—John R. Wood, of Detroit, publisher of Wood's Railroad Guide, has purchased 320 acres and buildings of the Judge Grant farm, in Brighton township, which he will fit up as a summer home.—Democrat.

Millau—Bruce & Edwards, owners of the Millau furnace factory, have agreed to commence work Tuesday of this week on a three days a week schedule. The men have agreed to accept a 15 per cent reduction in wages.

Lansing—Bids on \$1,000,000 of state highway bonds were unsatisfactory and have been rejected by the state highway improvement loan board. Frank E. Gorman, state treasurer, has been directed to re-advertise them for opening February 1.

Jackson—Local horsemen will endeavor to secure the co-operation of horse devotees in Southern and Central Michigan counties to organize a circuit and to make a larger exhibit and better races at our County Fair. Manager Burris favors the movement.—Saturday Evening Star.

Jackson—Intercepting a touring car at Michigan Center at 9 o'clock Friday night, members of the state police confiscated 80 quarts of bonded whisky and placed under arrest John Hyde, Stanley Lecaski and Peter Jankowski, who were locked up at the county jail, charged with violating the liquor laws. The men and their cargo were coming to Jackson from Detroit.—News.

Ann Arbor—While the smallpox scare is diminishing daily in Ann Arbor the scarlet fever epidemic is causing the health department considerable worry. Nineteen cases have been reported which is a larger number than is wished for. A large percentage of these cases are among students in the University hospital although the disease is also quite prevalent among school children in the city.

Ann Arbor—John C. Stewart, contractor, left his motor car in a barn in Coruna while he was superintending some construction work there the other day. The owner of the barn, seeing the car there and thinking it had been stolen, notified the sheriff of the county, who took it to the county jail and got in touch with state officials in Lansing. Having been told that the car in question was the property of Mr. Stewart, he communicated with the Ann Arbor police. The result was that the car was straightened out and soon Stewart will be again in possession of his car.

Pinckney—We have two Pinckney citizens who answer to the name of Pat Leavey, the venerable Patrick Leavey, whose genial countenance daily cheers his friends here, and Les Leavey, known to his intimates as "Pat," local manager of the Standard Oil Co. Friday, January 14, a stranger came to town and when he heard of the other two, loudly vociferated that he also was Patrick Leavey. He is the new boss of the Ray Leavey home, fighting weight ten pounds, and has been persuaded to add "JR" to his name. The tickled man in town this week is his granddaddy, Patrick Leavey Sr.—Dispatch.

Brooklyn—Concerning a proposed state park on the east shore of Wampum lake, taking in Cedar hill and some of the adjacent land that is not highly productive, the Manchester Enterprise reports that the project may be stalled on account of the land being held at prohibitive prices. This is quite usual in any project for public benefit. While most citizens display admirable public spirit, there is apt to be a few land owners who want to feather their nest. Land that wouldn't raise healthy sandbars becomes so suddenly valuable that you'd think gold was washed from every gully. Marshes and mosquito thickets that never produced anything better than bullfrogs and bullrushes become the overnight worth the price of grain fields.—Exponent.

Ann Arbor—Mystery shrouds the case of Iona Poland, 505 North Division street, a 15 year old girl who is lying in a comatose condition in the Homeopathic hospital. She was found lying unconscious on the sidewalk on State street, at about 12:30 Monday morning, and was taken to the hospital by the police. One theory advanced to explain her condition was that she had been drugged. By whom the "dope" was administered, and what was the motive for the deed, could not be ascertained. Another theory is that her condition is due to the efforts of injuries she sustained while skating last fall. Her mother, who was summoned to her bedside early this morning, explained that she had been subject to fainting spells ever since the accident. Another theory which has been advanced is that she may be suffering from sleeping sickness, cases of which at times appeared in various cities of the United States.—Times-News.

Ann Arbor—School Commissioner Evan Essery has an interesting relic in his office in the county building. It is a baseball bat which was used in the state championship game in 1894, when the Ann Arbor high school emerged victorious. The bat was also used in a championship game the following year, which serves the local team also won. Victor Swift of this city owns the bat, and he plans to present it as a relic to the high school, in conjunction with a mask from Dan Zimmerman. The bat is heavy, and has withstood the ravages of time remarkably well.—Times-News.

Ann Arbor—August C. Meuhlhauser, of Sandusky, Ohio, a sophomore student in the University of Michigan, is in a serious condition, and Robert Clark, city policeman is suspected as a result of a shooting fray early Sunday morning. A call was sent to the police station that five men were acting disorderly on Thayer street, and that they were peeping into windows. Two officers were dispatched to the scene and found, they reported, five intoxicated University students. One officer succeeded in arresting two of the number and the other three started to run. According to Clark, he fired his revolver three times, but he claims he shot in the air. However, Meuhlhauser fell with a bullet in his back. He was rushed to the University hospital, where an operation was performed and the bullet extracted. The surgeon is hopeful of the young man's recovery, though he admits that Meuhlhauser is in a serious condition.

### NO LONGER REFLECTS SOUND

Defect Which Made Supreme Courtroom "Whispering Gallery" Has Been Remedied.

According to the Washington Star, the "whispering gallery" of the United States Supreme court has been eliminated. It was Chief Justice White who called it a "whispering gallery." In a letter to Elliott Woods, superintendent of the capitol he said:

"The situation is at times almost unbearable, a result which will be readily appreciated when it is understood that from one end of the rostrum to the other there exists what may be described as a whispering gallery, by which speech in the most modulated tone is magnified and carried from one end of the bench to the other, so that a statement by one judge at one end to his neighbor is magnified and spoken into the ear of a member of the court at the other end."

The acoustic properties of the Supreme courtroom have been very bad since 1902, when the roof of the central portico of the capitol was fireproofed and the ceilings of the statutory hall and the present Supreme courtroom were fireproofed. The character of the material used made the surface sound-reflecting. The Supreme court has had a great deal of trouble from that time with the reflection of sound from the spherical ceiling. This defect has now been remedied at a cost of \$10,000.

The people hardly needed to be told that the lowering of prices was not due to patriotism on the part of merchants. In this case patriotism is the same kind of forced virtue as the resignation of the famous old lady who was resigned to die because she had to be.

The chemists now say that the high cost of living will be cut by chemical inventions; but that will be cut stuff, although we've had lots of different kinds of it, hasn't got us anywhere. What we need is some has-been-cut stuff.

The human being is a peculiar creature, as this overall craze would indicate. Most of these gentlemen wearing them to "save clothes" don trousers first and then go out and spend money for overalls to wear over them.

Another proof that there is plenty of horse sense in the rural districts is that the country girl doesn't wear silk dresses and lace stockings while she works in the field, but the town girl would wear such things in a laundry.

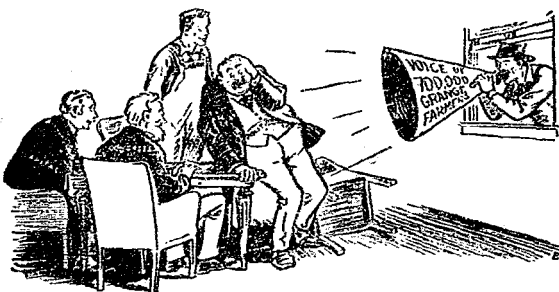

Use the Standard want column.

### BACK BAD TODAY!

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors. Ask your neighbors.

Mrs. D. J. Adams, 632 McKinley St., Chelsea, says: "I got very good results through the use of Doan's Kidney Pills and I am glad to recommend them to anyone suffering from kidney trouble. My back was aching and pained so that I could hardly get through with my housework. Dizzy spells would also come over me, especially when I would stoop or raise up suddenly. Everything would turn black before me, too. My kidneys acted too frequently, especially at night and it was a great annoyance. As another member of my family had used Doan's Kidney Pills with benefit I decided to try them. After taking one box I was all over the trouble and have felt well ever since."

## Let Your Voice Be Heard

Farmers sometimes have been hampered by ill-advised action in Washington. Congress and department heads have seemed out of touch with rural thought and deeds. Other interests have absorbed too much of the attention of national officials.

This has happened because the single farmer can seldom make his voice heard. It is time that Congress gave more heed to the great agricultural population. And when farmers' wants are expressed through a common spokesman, backed by an increasing number of farmers, Washington must listen and act.

The Grange has such a spokesman at Washington. Through him it has forestalled many moves harmful to agriculture. Government officials know its arguments are sound and free from radicalism.

Many issues vital to the success of farming will come before the new Administration and Congress. The Grange offers you the chance to make your voice heard.

THE COUNTRY GENTLEMAN, too, maintains a Washington representative to watch after the farmers' in-

terests. His articles will keep you in close touch with governmental activities of vital importance to farmers. And that is only one of the ways by which its national farm-news service will aid you. Every week it brings a dozen keen articles, interesting fiction, helpful editorials and enjoyable humor.

ONE DOLLAR for a year's subscription (52 issues) will buy big value in benefit and entertainment. Let our secretary forward your order—today!

## NEWS REVIEW OF CURRENT EVENTS

**Congress Decides an Army of 175,000 Is Enough, Despite "Yellow Peril."**

**HOUSE DECLINES TO GROW**

Apportionment Measure Leaves Membership at 435—Harding Goes to Florida Without Announcing Cabinet—Briand Becomes Premier of France and Reparations Conference Opens.

By EDWARD W. PICKARD.

Congress took action on two important and interesting matters last week. One of these related to the national defense. The senate, which had voted for reduction of the strength of the army to 150,000 men, reconsidered its vote and repassed the New resolution directing the secretary of war to suspend enlistments until a reduction to 175,000 men was accomplished. The house promptly passed a similar resolution almost unanimously, and the measure went to the President. It was expected, in view of the opposition of the war department, that Mr. Wilson would veto it, and that congress would pass it over the veto.

This is supposed to be a measure of economy which will save about forty million dollars a year to the government. The senate was restrained from being even more economical only by representations from Secretary of War Baker that the 150,000 limit would upset the department's plans for army organization, and from General Pershing that 200,000 men was the bottom limit of safety. Of course the senators in this connection debated the "yellow peril." Phelan of California asserted the necessity for large garrisons in Pacific possessions was greater now than during the war, while Hodge and Williams ridiculed the danger and said Japan never would dare to attack the United States without the assistance of Great Britain.

It is likely that the latter view is that generally held in America, except by the people of the Pacific coast, to whom the Japanese peril looms large. It accords, also, with the expert opinion of the German Admiral Scheer, who says it would be almost impossible for Japan to land an army on American soil. Some people have grown excited over the murder of an American navy lieutenant by a Japanese sentry in Vladivostok. There is no doubt that this affair will be settled diplomatically, though the sharp note from Washington, virtually questioning Japan's right in the Siberian city, may result in an acrid exchange. The arbitrary actions of the Japanese authorities in Vladivostok, which they hold under military rule, have caused a good deal of irritation—but the government in Tokyo is too smooth to permit them to lead to hostilities with the United States.

The other interesting congressional action was taken by the house on Wednesday, when it decided by a vote of 267 to 76, that during the next ten years it shall be composed of the same number of representatives as now—435. The plan of apportionment adopted provides that eight states shall gain in representation and eleven lose. California gets three more members, Ohio and Michigan two more each, and New Jersey, Connecticut, North Carolina, Texas and Washington one each. The losers are Missouri, two; and Iowa, Indiana, Kentucky, Kansas, Maine, Mississippi, Nebraska, Rhode Island and Vermont, one each.

Because the population has been drifting from the farm to the city, the agricultural constituencies of the West and South are the ones that suffer most in loss of representation. The congressmen from those regions were the chief opponents of the measure, and their main argument was that the census, being taken during the war period when the young men of the country had been drafted or attracted to the cities by high wages, was unfair.

They contended that a new census, taken after readjustment was complete, would show that the farming states had recovered their lost population.

Always, when reapportionment is in order, the South fears that it will suffer through application of the constitutional provision which authorizes the house to reduce representation from any state that denies or abridges the right to citizens of the United States to vote. This time Tinkham of Massachusetts sought to have the provision written into the bill, asserting that several southern states denied their negro citizens the right of suffrage. But nothing came of it and the South breathed easier.

Mr. Harding has departed for Florida without making public his cabinet selections, but before leaving Marion he said he might be able to announce the personnel of his official family after settling down in St. Augustine next month. He declined to discuss the attempt of certain senators and others to induce him to substitute Elihu Root for Charles E. Hughes as secretary of state, and indeed he never has said that he had chosen Mr. Hughes for that place, though it is taken for granted by some of the correspondents. One rumor Mr. Harding did dispense of—that there would be a Democrat in his cabinet. He said the members would all be Republicans, but would not be selected solely because of party obligations. Fred Upham, treasurer of the Republican national committee, is responsible for the statement that one and possibly two members of the cabinet will be from the South.

The Republican majority in the senate has decided that no more of President Wilson's army and navy appointments shall be confirmed, with the exception of some 5,000 minor officers commissioned under the army reorganization act. The appointments of eleven major generals and of hundreds of high army and navy officials in bureaus and departments will not be acted on. They will be left for the Harding administration to handle.

Congressional committees are after A. Mitchell Palmer, with the purpose of at least giving him an unpleasant quarter of an hour. Last week the attorney general was called before the senate judiciary subcommittee to reply to charges of illegal and unauthorized practices by the Department of Justice in its activities against the Reds. Ostensibly, Mr. Palmer was summoned merely to express his opinion of Senator France's resolution for a general amnesty for political prisoners. He opposed the resolution because, he said, the government was already doing all it could in this line; he favored the repeal of the espionage act, but said there should be permanent legislation to protect the government from violent radicals. The France resolution strongly condemns the practices of the department of justice, and in reply Mr. Palmer made sweeping denials of the charges and produced reports of his agents to prove them unfounded.

Samuel Untermyer recently accused the attorney general of malfeasance. In an interview Mr. Palmer said he did not know "how far Mr. Untermyer is actuated in his present attack by the recent conviction of his friend and former associate, a member of the New York bar, for conspiracy to violate the trading with the enemy act, in a case in which Mr. Untermyer very earnestly pressed me to withhold action at the beginning."

Mr. Palmer says that Untermyer was opposed to taking over enemy property and once threatened him when, as alien property custodian, he declined to yield to the lawyer's requests.

Aristide Briand has been made premier of France, has named a strong cabinet and has been assured of the support of all parties except the Radicals, giving him a majority of about 400 in the chamber. He has himself taken the portfolio of foreign affairs, and on Thursday he read to parliament the cabinet's declaration of policy.

This paved the way for the conference of the allied premiers, in session this week in Paris. The subjects under discussion are reparations and disarmament of Germany, Austria and Turkey, and the affairs of Greece. The

1—Negro farmer of El Dorado, Ark., new oil boom town, whose land, it is said, will make him a multimillionaire. 2—Leaders of a party of 57 Russians who have left Chicago for Soviet Russia to join their families, which cannot be brought to America. 3—King Constantine welcomed on his return to Athens.

matter of reparations is the most serious, and it was expected Lloyd George and Briand would find difficulty in reaching an accord on it. A story from Berlin that the British and French had arrived at a new basis for negotiating the reparations question, was denied by British officials, who said the "tump sum" policy remained in force, though a plan for five-year annual payments is being discussed. There is no likelihood that any of the pleas of Germany will be granted.

The official German report on the carrying out of the terms of the Versailles treaty has been completed, and asserts that the total value of the property so far turned over to the entente is \$5,000,000,000. By far the largest single item is the merchant fleet of more than 4,500,000 tons, valued at \$2,000,000,000.

Though the story has not yet been confirmed from any source, mention must be made of the report from Berlin by way of Paris that the Dutch government has asked the members of the former Kaiser's family to leave Holland. "The government is said to have come into possession of documents proving that the Hohenzollerns were preparing for a coup d'etat for their restoration. The former crown prince, it was discovered, was to pass into Germany and enter Berlin at the head of troops that have remained faithful to the Hohenzollern dynasty." The Berlin correspondent of the London Times says a Prussian royalist party has been formed and plans to bring the "Orgesch" into line with similar movements in other German states. These stories are in accord with others that have appeared recently giving in great detail the plans for the restoration of the empire under Wilhelm or one of his sons. Ludendorff is said to be the actual head of the general movement.

There is no rift in the black clouds that overhang Austria. The Austrian section of the reparations committee, which expects to report to the allied premiers this week, are said to argue that the situation must be remedied by stringent measures to bring about the free interchange of products between Czechoslovakia, Rumania, Austria and Hungary, or Austria is doomed to starve, unless the world is willing to continue to feed it through charity.

The workers of Austria, who demand the stopping of profiteering, also demand a plebiscite on the question of fusion with Germany—which the peace treaty forbids. Finance Minister Grin in a speech last week declared that union with Germany would be brought about of necessity, perhaps by means of a revolution, unless foreign credits to Austria were soon forthcoming.

Bishop Cahalan of Cork takes a pessimistic view of the Irish situation, saying he sees no prospect of peace. Nor is there any so long as the Irish persist in their demand for independence and so long as the present British government lives. The British authorities are making this plain in every way possible. Not a day passes without raids in Ireland in which militant republicans are captured and arms seized, and on Thursday a number of Sinn Fein centers in London were raided. Amusing and slaying of officers by the Irish also continues, and now the government is making official the reprisals hitherto only condoned. In Cork two houses where members of the constabulary were attacked were destroyed by the military forces. The British military authorities in Dublin have issued a proclamation declaring that if bomb and firearm attacks on crown forces in motorcars do not cease, "known rebels will be carried as hostages for the safe conduct of the occupants of all motor vehicles which are the property of the armed forces of the crown."

Lord Mayor O'Callaghan of Cork, who came to America as a stowaway, and whose deportation was decided on by the State department, despite the opposition of the Labor department, intends to carry the case to the Supreme court if possible. Meanwhile he has told his story to the unofficial committee on Irish affairs. Another witness heard last week calls him the "economic general of the Irish republic" and the self-constituted committee of mediators carefully so addressed him by that title.

## 3-CENT FARE HELD VALID IN STATE

PUBLIC UTILITIES COMMISSION RESTRAINED FROM ENFORCING 2½ CENT FARE.

TO APPEAL TO SUPREME COURT

Other U. S. District Courts Have Ruled in Favor of State Control of R. R. Rates.

Detroit.—The Michigan public utilities commission is restrained from forcing railroads to reduce their 3-cent intrastate fare to 2 1/2 cents by an injunction issued in federal district court Monday. The injunction resulted from a hearing last week before Federal Judges Arthur J. Tuttle of this district; John M. Killis, of Toledo, and Arthur C. Denison, of the Cincinnati court of appeals.

The commission some time ago attempted to restore the 2 1/2-cent mileage rate in effect before the 3-cent rate was established by war-time federal control, acting on the assumption that states could regulate fares charged within their borders at all times except when the country was at war.

The interstate commerce commission had, however, authorized a continuance of the 3-cent rate, and 13 railroads August 30 obtained from Judge Tuttle a temporary injunction preventing the enforcement of the 2 1/2-cent fare.

At last week's hearing on the continuation of the temporary injunction, Merlin Wiley, attorney general of Michigan, declared that the rate regulating powers of congress terminated with the war. Attorneys for the railroads asserted that the federal government had authority to regulate fares in the reconstruction period as well, in the interest of national welfare.

The opinion of the three judges coincided with the latter view. They did not question the state's authority to regulate intrastate rates during peace time, but held that this authority is suspended in the "twilight zone" between war and peace. They did not attempt to say how long the "twilight zone" will last.

The same question has been decided otherwise in other United States courts and it will not be fully settled until the United States supreme court passes upon it.

TWO BANK BANDITS CAPTURED

Were Ready to Make Get-Away With \$10,000 in Basket.

Crystal.—Two bank bandits, armed with Winchester rifles, were captured by Sheriff Curtis and a posse of deputies last Monday afternoon at the door of the Bank of Crystal, after they had looted Cashier Roy Sinkler in the vault and were preparing to make their escape with currency and securities estimated at \$10,000, which they had scooped up in a basket. Several shots were exchanged but none took effect. In the brief battle, three of the bandits escaped.

MORGAN LOAN TO FORD HINTED

Report Says J. A. Bower May Be Named As Treasurer.

New York.—The Morgan interests, represented by the Liberty National Bank, will undertake the financing of the Ford Motor Company, according to a report from Detroit.

Joseph A. Bower, vice president of the Liberty National bank, was said to have been selected for treasurer of the Ford company.

Mr. Bower refused to affirm or deny the finance report, saying he will have something to say "about the middle of the week." He admitted there had been some negotiations.

MAY CLOSE BAY CITY BRIDGES

\$142,000 Needed to Place Crossings in Safe Condition.

Bay City.—The bridge commission notified the common council that unless \$142,000 is forthcoming all bridges will be closed as all are now in an unsafe condition for travel. This action would cut the city in two, more than a third of the population being on the west side of the river and away from the main business district of the east side.

REGULATION OF PACKERS VOTED

Senate Adopts Measure For Regulation of Meat Industry.

Washington.—A coalition of progressive Republicans and Democrats put the packers regulation bill through the senate by a vote of 46 to 33. The measure provides for government supervision of the meat packing industry, which its advocates contend will protect stock growers and meat consumers from alleged price control by the packers, but which its opponents pronounce an invasion of private enterprise approaching state socialism.

## SYMPTOMS WOMEN DREAD

Mrs. Wilson's Letter Should Be Read by All Women

Clearfield, Pa.—"After my last child was born last September I was unable to do all of my own work. I had severe pains in my left side every month and had fever and sick dizzy spells and such pains during my periods, which lasted two weeks. I heard of Lydia E. Pinkham's Vegetable Compound doing others like me much good and so much good I thought I would give it a trial. I have been very glad that I did, for now I feel much stronger and do all of my work. I tell my friends when they ask me what helped me, and they think it must be a grand medicine. And it is. You can use this letter for a testimonial if you wish."—Mrs. HARRY A. WILSON, R. F. D. 5, Clearfield, Pa.

The experience and testimony of such women as Mrs. Wilson prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound will correct such troubles by removing the cause and restoring the system to a healthy normal condition. When such troubles develop as backaches, bearing-down pains, displacements, nervousness and "the blues" a woman cannot act too promptly in trying Lydia E. Pinkham's Vegetable Compound if she values her future comfort and happiness.

That Came Later.  
"Did you hurt yourself much when the branch broke?"  
"Not until I reached the ground."

**Hall's Catarrh Medicine**  
Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

## ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

**The Price of the Fordson Tractor Has Been Reduced From \$790.00 to \$625.00 Effective Immediately. . .**

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefited through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"There is no change in the present Ford car and truck prices, which are already at the lowest possible figure and now with rock bottom reached on the tractor price

**A Further Reduction in Price of Either the Car, Truck or Tractor Is Out of the Question**

in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.

Mrs. Wm. Lewick attended the funeral of her sister-in-law, Mrs. Wesley Willy, near Howell, Monday.

The Washtenaw circuit court has a temporary vacation while Judge Geo. W. Sample is sitting in the Wayne county circuit court.

There will be a card party and dance in honor of the Misses Doris and Almarie Whitaker at the Whitaker home in Sylvan, tonight.

Kent Walworth has purchased of Fred H. Lewis, the property on the corner of Orchard and East streets, known as the C. H. Kempf home-estate.

Bert Taylor, rural carrier on route 3, is confined to his home by illness. Geo. A. Young is serving the patrons of the route during Mr. Taylor's absence.

The card party held at the home of Wm. Eisenbeiser at North Lake last Friday evening was well attended and all reported having had a fine time.

Mr. and Mrs. Henry Mushbach entertained a number of their neighbors at their home Monday evening, in honor of their 21st marriage anniversary.

Mrs. Mary L. Boyd, who underwent an operation in a hospital at Los Angeles, California, last week, is reported as recovering as rapidly as could be expected.

Mr. Ruthben, Professor of Zoology at the University of Michigan, will deliver an address to the men of Chelsea in the American Legion club rooms next Monday evening.

Junior Lieut. Carl Chandler, who has served four years in the United States Navy, was mustered out of the service at San Francisco and arrived at his home here last Thursday.

Wm. J. Eppel, who sold his farm in Sylvan last fall, has purchased a farm in Emmet county, eight miles from Petoskey, and expects to move his family to their new home about March 1.

E. A. Tisch took possession of the Crescent hotel on Monday of this week. The dining room and sleeping rooms are being redecorated and numerous other improvements are being made to various parts of the hotel.

The republican county convention to elect delegates to the state convention, will be held in Ann Arbor on Monday, February 7. Sylvan will be entitled to 16 delegates; Lima 6; Freedom 6; Lyndon 3; Dexter township 2; Sharon 4.

The Young Ladies' chapter of the Congregational church, at its recent annual meeting elected officers as follows: President, Mrs. R. D. Cheeseman; vice president, Mrs. Edward Frymuth; secretary-treasurer, Mrs. Claude Spiegelberg.

Edward Eder is recovering from an operation for appendicitis at the home of his parents, Mr. and Mrs. John Eder, of Taylor street and Dorothy, their daughter, is also recovering quite satisfactorily from the effects of scarlet fever.

Warren, the youngest son of Mr. and Mrs. E. J. Whipple, has an attack of scarlet fever and the home has been placed under quarantine by the township health officer. The three older sons of Mr. and Mrs. Whipple are staying with relatives in town.

Mrs. B. C. Whitaker left Wednesday evening for Akron, Ohio, to attend the wedding of Miss Lillian Riemschneider, of that place, and Mr. Ora McCoy, of Cleveland. The wedding will take place Friday evening at the home of the bride, 570 Gage street.

Mr. and Mrs. Elmer Mayer are making arrangements to move to the farm of his father, Joseph Mayer, in Sharon, about March 1. Otto Mayer, who has worked the farm for the past few years will move to the farm which he purchased of John Killmer in Sharon, some time ago.

Another business change took place in Chelsea the first of the week, when Earl Updike purchased the interest of H. B. Murphy in the firm of Updike & Murphy, and will continue the business at the present location. For the present, Mr. Murphy is undecided where he will locate.

Mrs. Hannah Gillett was born in Massachusetts, February 20, 1834, and died at the Methodist Home Sunday morning, January 23, 1921. Mrs. Gillett had been an inmate of the home since 1919. A short service was held at the home Sunday afternoon. Rev. F. O. Jones officiating. The remains were taken to her home in Fenton Monday, for interment.

About 150 members of the Evangelical church society at Rowe's Corners, in Sharon, surprised Rev. and Mrs. Burch at their farm home Wednesday evening. Rev. Burch has been ordained recently and will soon leave for his new field of labor. Their friends presented them with a chair.

The epidemic of scarlet fever in Chelsea and the surrounding country has caused the authorities to have both the public and St. Mary schools to close for this week and a ban has been placed on all public gatherings. Several of the teachers of the public school have gone to their homes for the week. While there are many cases of scarlet fever in this vicinity, the disease is of a mild form.

Five of this year's eight holidays will be double headers, requiring in combination with Sunday two days for their observance. Lincoln's birthday anniversary February 12 will be on Saturday, Memorial day, Fourth of July and Labor day will be on Monday and next Christmas on Sunday. McKune Post, The American Legion have invited the following organizations: Masonic Order, Knights of Pythias, Catholic Social Club, Odd Fellows, Modern Woodmen, The Maccabees and Firemen to take part in a euchre tournament to be held in the Legion club rooms on Thursday, February 3. Each order is invited to send four players. There will be no entrance or other charges and the rules will be read before opening the game.

John Walker, aged 75 years, was born in Wurtemberg, Germany, and died at the home of his niece, Mrs. Wm. Merker, South Main street, Chelsea, Wednesday, January 26, 1921. He was brought here two weeks ago from Jackson, which has been his home for the last twelve years. He is survived by several nephews and nieces. The funeral will be held at 2 o'clock Friday afternoon from the home of Mr. and Mrs. Wm. Merker, Rev. G. W. Krause officiating. Interment at Oak Grove cemetery.

The funeral of Wm. F. Mayer was held in St. Paul's church Saturday afternoon. Rev. G. W. Krause conducted the services, which were attended by a large number of residents of this vicinity. The Masonic Lodge, of which he was a member, had charge of the funeral and the pall bearers were members of both the Masonic Order and The American Legion. In the passing away of Mr. Mayer, Herbert J. McKune Post, The American Legion, lost its first member by death since it was organized. The Chelsea merchants closed their stores during the funeral and the flag on the municipal flag pole was at half mast. Interment at Oak Grove cemetery.

## Quaker Minister Is Grateful to Tanlac

Rev. Parker Moon

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers.

"Uncle Parker," as he is more familiarly known, came from fine old Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac, he said: "About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells; I had severe pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties. "This condition made me very nervous and I could not sleep at night. Frequently I would be awake most of the night and in that condition more or less for five years. My physician said he could not do anything for me and suggested a change of climate. I then moved to Texas and went back and forth three times, but did not get the relief I had hoped for. Finally, I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary now to take any laxative medicines of any kind. I can sleep much better and am not nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

Tanlac is sold by leading druggists everywhere.

## LANSING LETTER

### FIRST STEPS TAKEN FOR CREATION OF NEW BOARD

Early Enactment of Reform Legislation Looked For; Would Repeal Primary Law.

Both branches of the legislature adjourned late last week but before voting the three-day adjournment, steps toward obtaining immediate action on Governor Groesbeck's plan for reorganization of the state government were taken. Gov. Groesbeck in conference with Lieut-Gov. Thomas Reed and Fred L. Warner, speaker of the house, decided to abandon plans for a steering committee made up of members of both houses, and bills were presented providing legislation to work out the changes as outlined in the governor's inaugural message.

### CENTRALIZED POWER

As now proposed, the bill to create the administrative board would abolish the budget commission, the office of budget director, the office of state purchasing agent and provide for a state architect to supervise the construction and repairing of state buildings. The bill for the auditing of the state's accounts provides that the auditor-general shall be the auditor of all accounts pertaining to state institutions.

Under the plan outlined, the administrative board would be composed of the governor, who shall act as chairman, the secretary of state, state treasurer, auditor general, highway commissioner and superintendent of public instruction. In this way administration of state affairs will be centralized in the elective officers. In both houses, the bills have been referred to the committee on state affairs. A two-thirds vote is necessary for passage of the measures, and both become effective upon passage and approval.

### STATE CONTROL OF FAIR

The board of directors of the Michigan State Agricultural Society at a meeting held in Detroit last week, voted unanimously in favor of state management and control of the State Fair and John S. Haggerty was named as chairman of a committee of five to open negotiations with the legislature to formulate arrangements. The Detroit meeting of the board of directors was attended by 20 of the 24 directors. Gov. Groesbeck recommended in his message that the state take over the State Fair and operate it for the best interests of the state. It is generally accepted that the governor's proposed department of agriculture, besides absorbing the duties of other state agencies, will also take over the State Fair and make it a true exhibition of the state's standing and progress in agricultural pursuits. The transfer to the state will involve real estate assessed at \$2,000,000 and buildings valued in the neighborhood of \$1,000,000. Many new additions are also looked for under state control.

### INSPECTION TRIPS MADE

Informal announcement has been made of the resignations of I. Roy Waterbury and William H. Wallace from the board of agriculture. The terms of both expire next December and should their resignations be accepted, it will mean the naming of their successors in next spring's election. Nominees will be named at the Republican State convention to be held Feb. 17, in Detroit. The upper peninsula is making a bid for a place on the board for John A. Doelle, Marquette, secretary-manager of the Upper Peninsula Development Bureau. Others mentioned are T. F. Marston, Bay City and C. B. Cook, county agent for Oakland.

During the adjournment period many of the committees were away on inspection trips, and with the reconvening of the session this week, the legislature was faced with much legislation to provide for changes recommended. Senator John W. Smith, chairman of the committee on penal institutions, has a plan for a complete revision of the system for handling men and women in the state prisons. Sen. Smith's plan has the approval of Gov. Groesbeck.

### WOULD ABOLISH PRIMARY

Senator Arthur E. Woods, Detroit, will introduce a bill asking the repeal of the Michigan presidential preference primary act. Immediate abolition of the Michigan Community Council, regardless of whether the legislature investigates its affairs, is urged in the senate by Senator Herbert Baker and in the house by Representative Charles Culver, both of Detroit. Senator Wood's bill to repeal the presidential primary has already been introduced in the senate and is expected to result in a long discussion. Governor Groesbeck will appoint a committee of three members to negotiate with the federal government toward retention of Camp Custer, according to a resolution by the senate. Quick action is necessary if the state is to succeed, as announcement was made last week by Secretary of War Baker that the federal government would not postpone the sale as it was

now costing \$7,500 a day.

Michigan's bank account is behind just \$8,292,715.05, according to official figures in the office of Auditor-General C. B. Fuller, a deficit which he points out can only be made up by direct taxation.

### ASK AID FOR MOTHERS

Gov. Groesbeck appointed Attorney Joseph A. Moynihan as Wayne County Circuit Judge to fill the unexpired term of George P. Codd, Congressman-elect. The Governor was visited by a committee of Detroit club women interested in legislation providing aid for dependent mothers, and he instructed them to see that a bill is properly drawn up and submitted to the attorney-general and then the legislature and assured them of his hearty co-operation in the matter.

The justices of the supreme court have filed protests against the proposed removal of the state law library to the new office building, claiming it will be inconvenient. The Michigan Farm Bureau has invited its members to give their views on the proposed soldiers' \$30,000,000 bonus bill, also the state income tax.

New bills are not going into the legislative hopper very rapidly thus far. The most discussed new measure of the first week was Rep. Peter Lenon's bill to prohibit aliens from owning firearms. The intent of the bill is to prevent foreigners of certain tendencies from possessing saved-of-shotguns. Flint, which is in Rep. Lenon's district, has had considerable trouble with such foreigners. It is questioned, though, whether the constitutionality of the bill would be sustained if it is enacted.

### "FULL CREW" BILL UP

The railroad workers again have had their "full crew" bill presented to the legislature. Senator Byron Hicks introduced it. Under the terms of the bill freight trains of fifty cars or more must have a full crew of six men. The provisions add one flagman to the crew now operating such trains. When a freight train is composed of less than fifty cars, a crew of five men would be allowed. Of passenger trains the bill fixes the number of the crew at five. Flagmen must have at least a year's experience in railroad work before being permitted to work on passenger trains.

Rep. Strom, of Kent county, has introduced a moving picture censorship bill, to provide for a board of three censors with an office in Detroit. The bill is similar to that which failed of passage in the last legislature. Moving picture interests are preparing to combat the bill. Notice will be placed on all pictures shown in movie houses that the films have been censored by the Detroit officer assigned to that duty. The battle over a state censorship gives promise of surpassing that of the last session in bitterness and also is more likely of final passage because of the number of women who are backing the proposal and who now are voters.

### DEPENDENT ALIENS CONSIDERED

Rep. C. Oliver Frick, of Detroit who used to be the federal immigration inspector in Detroit, has introduced a bill providing for the investigation and deportation of aliens now being supported in public and semi-public institutions of the state. Rep. Frick declares that the measure, if made law, will save the taxpayers of Michigan hundreds of thousands of dollars a year. The bill would require the heads of state institutions to make and file with the auditor general a report showing all aliens under their charge, which information can be turned over to the federal immigration officials for action.

Immediate reforms in the handling of state money are needed, it has been decided at a meeting of members of the house ways and means committee with Gov. Groesbeck. It is proposed to put an end to the practice of institutions going into debt on the ground that emergencies demand it. The state then having to make up a deficit. If the plan is followed out it will be necessary for the institutions to present the "emergency" to the state officials before they are allowed to make expenditures. The big deficit now existing in the state funds is blamed on the failure of the last legislature to make provision for certain running expenses of institutions, the theory being that the new budget commission would be able to take care of them. But the debt to the general fund that existed was not wiped out, states Auditor General Fuller.

### PENALTY FOR AUTO THEFT

Rep. Henzie, of Iron Mountain, has introduced a joint resolution to ask congress to repeal the Esch-Cummings railroad law on the ground that it destroys all incentive for efficiency in railroad service. He declares that every business interest in his section of the state is opposed to the law. Senator Herbert Baker, of Cheboygan has introduced a joint resolution asking for a legislative investigation of the Michigan Community Council and a report on how it has handled its funds.

Rep. Reutter has a bill to increase the penalty for stealing an automobile to twenty-five years imprisonment. This measure, he contends, will so discourage thefts that the insurance rate on cars will be lowered. Rep. Reutter also has a bill to exempt savings accounts up to \$1,000 from taxation as personal property. It also would exempt \$1,500 worth of household goods.

## GOLDEN WEDDING

By ELIZABETH R. GREENE.

(© 1921, by McClure Newspaper Syndicate.)

"Where are you going, mother?" Nancy looked up from her packing long enough to note her mother's sun-bonneted head disappearing through the doorway.

Without answering, Mother Mitchell walked out into the September sunshine to join her husband. Her dazed mind could not comprehend how it had all come about, but two facts she understood with torturing clearness—Eben was going to John's and she was going to Nancy's; the old home was being broken up.

Eben spoke presently: "You'll be warm and comfortable there, Nancy's mother—thank God. I shan't have to worry over that. An' Nancy'll have the specialist for your eyes—she promised me that."

The woman stirred restlessly. "I don't need no specialist!" she asserted stoutly. "An', father, what'll you do when you have them cramps in the night? John won't understand 'em."

He snarled at her bravely. "Now, what do you think I'd be takin' them cramps along with me for?" he demanded humorously. "I'm leavin' 'em 't home, where they belong."

It was an unlucky speech. She turned toward him with a stifled cry. "Where we belong, too!" she sobbed. The floodgates of her pent-up sorrow flung wide. "They've no right to separate us; it's wicked. Oh, Eben, let's not go—let's not go!"

"There, there, mother," he soothed. "We can get along all right, Eben," she said eagerly. "Th' hens ain't gone yet, an' they're layin' good. There's wood enough 't last quite a spell an'—"

"No, no, dear heart," he interrupted huskily. "I could never forgive myself if I let you suffer needlessly. I oughter had enough saved 't tide us along now." He reproached himself bitterly. "But somehow I never had the knack o' keepin' much ahead—"

"It's because you've been so good 't everybody," she flamed. "That we ain't nothin' now!"

"When John wanted 't go 't college you sold the wood lot an' sent him, stead o' lettin' him work his way—"

"I would be hard on 't boy, Comfort," responded the old man gently.

She went on as if she had not heard, her toll-worn hands clasped in her lap. "After John got settled in business an' it looked 's if we might get a little help from him now an' then, he got married; an' that was th' end o' that."

"Yes; but 'taint good for man 't live alone," quoted Eben smilingly, trying to draw her from the strange mood she was in.

"Then Nancy took sick," she continued wearily, "an' it took all our rainy day savin's 't pay for her operation—"

Trying to comfort her with hand and voice, he was too distressed to see that his daughter was spreading up the path toward the house, in back of the oak.

White and sobbing, Nancy reached the house. She had gone to the field to ask her mother if they hadn't better sell the clock with the rest of the things tomorrow. Approaching the oak unseen, beneath which her parons sat, she heard the conversation which saved her from many bitter regrets later.

An eager, broken talk through the telephone with John set the plan in motion; then Nancy, a chastened awakened Nancy, went about many mysterious errands in the little village.

Returning home finally, her mother met her anxiously.

"What time 't morrow you havin' th' auction, Nancy?"

"John won't be here till tomorrow night," answered her daughter lightly. "We'll settle everything Saturday."

Saturday! Their golden wedding day! In silent anguish mother left the room.

Never had the sunlight streamed so brightly into the old home as on that Saturday morning, never had Nancy sung so joyously, or John whistled so merrily. The gay sounds commingled with savory odors floated up the stairway to the room where Father and Mother Mitchell still lingered.

Then suddenly Nancy's voice called from the hall.

"Yes, we're comin', Nancy," answered her mother, tremulously.

Hand in hand the two old lovers went downstairs together, each vowing for the other's sake to be brave that day.

But what was this? Father and Mother Mitchell stared bewilderingly at the table spread with snowy cloth, the blue willow-ware and a steaming breakfast, whose crowning glory was a bowl of 50 yellow roses.

"A happy golden wedding day!" chorused John and Nancy, leading them to the table where two piles of fifty shining dollars dazzlingly reflected the sunlight in two blue plates.

"Children, what does this mean?" faltered Mother Mitchell.

## If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it. A prominent druggist says: "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism. You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Birmingham, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Adv.

My kidneys were in bad shape and I had severe backache. I doctored but did not get any relief to speak of—instead of getting better I grew worse. Then I began taking Dr. Pierce's Favorite Prescription and the results were very gratifying to me for it restored me to health and strength."—MRS. JOHN KEELER, 723 N. Edwards St.

## LEFT THE HONORS BALANCED

College President Had by No Means the Best of "Guessing" Contest Which He Begun.

The president of an Indiana college in a talk to teachers told them that many teachers did not wish to be recognized as teachers, and in an effort to illustrate his remark told the following experience he had:

"I was traveling West last summer," he said, "and met on the train an attractive young woman. In a casual way I asked her where she taught school. She hastily replied: 'Why, how do you know that I teach school?'"

"Presently I said: 'What do you teach?' I had simply guessed she was a teacher, and later found out that she was a teacher of romance languages in the East. In an effort to get even with me, I presume, she said:

"And what do you suppose I took you for?"

"Well, I said, 'I really don't know. What was it?'"

"An undertaker," she retorted."

## MAN OF OPTIMISTIC STRAIN

Millionaire Bought "Laundry" Instead of "Launch," but He Refused to Be Discouraged.

Millionaires are supposed to lean toward a philosophic pessimism, but there is one who is evidently a genuine optimist.

He met a friend and said: "Come and see my new steam laundry."

The friend was somewhat surprised. "I didn't know you went in for that sort of thing," he said.

"I don't as a rule," replied the millionaire. "I bought this one quite by mistake. It was the auctioneer's fault. I hadn't time to get a catalogue, and I thought he said steam launch! So I bought it, and they landed me with it."

"That millionaire is going to make that laundry pay!"

More Widows Than Widowers. According to the United States census of 1920, there are in this country at this time 8,170,000 widows and only 1,471,300 widowers. This indicates that the chances are, on the average, two to one that a man will pass away before his wife. The main reason for this condition of affairs is that the wife is generally several years younger than the husband, and then, too, at the ages above fifty the mortality rate for men is much higher than for women.—Bankers' Life Bulletin.

### AUTO SIGHT SEEING

#### TRIP IN CALIFORNIA

(continued from page one)

Here we called on our niece. She was Eva Palmer before she was married. Her husband being ill we did not make a long stop and drove on to the city of Redlands. On account of this city being the former home of the Clarks, we spent more time here, taking mountain rides, for there are mountains in front and mountains behind. In fact, some of the highest peaks in California are close by, and Smiley Heights is one of the most picturesque parks in the world. Our next stop was at Ontario, a very substantial little city where we made a call on Mr. C. Laubengayer and family, old friends who formerly lived south of Chelsea about three miles. They are well and are good rooters for California. The drive from Ontario to Pomona was one grand sight. Orange groves on both sides of the road loaded with golden fruit, artistic homes snug with settings of palms and flowers. Pomona sure is an up-to-date city, full of hustle and business. A lady gave me a bouquet of roses when we left in the morning, which I wish you all could have seen. Yellow, pink, white and red, so large and fragrant.

Pasadena was reached at noon. You all have heard of the magnificence of this city, the pride of all tourists who visit California, but for me I would much rather live in any of the cities mentioned in my letter than in Pasadena. Although very fine, even grand, it did not appeal to me as where I would want a home.

A couple of days and we started on our homeward journey, but not the same route. Our first day was exciting and I hope to experience it again. A drive over mountain passes of 29 miles, reaching at altitude of more than 5,000 feet. In places we could not see the bottom of the canyons. The road good and alive with ranches, in front, behind, above and below, going both ways. We had the best dinner on our journey.

Just over the summit Bakersfield was reached at evening, where we stopped for the night. Quite a large town, and great oil fields here. Fresno was reached for our next night's rest. No place to park a machine on any of the main streets, autos parked for blocks.

One thing surprises us and that is the number of automobiles in California (seldom see a horse on the highway) and most of them large machines made in Michigan.

We reached Los Angeles, and on that long journey nothing to mar our happiness—weather fine, good health, and good company. They say we are good travelers.

Mrs. G. W. Palmer.

#### Annual Convention.

Farm Bureau members attending the annual convention of the State Farm Bureau and Farmers' week may do so for one and one-half fare, round trip, according to a statement received by H. S. Oster, county agent, from the State Farm Bureau. To get this reduced fare the member will secure an identification certificate from Mr. Oster which will be honored by the railway agents.

The delegates who are to attend from Washtenaw county are, George McCalla, George Gage, Walter Rawson, William Hoover. Many others from the county are planning to go for all or part of the week. At least five thousand persons are expected to be in East Lansing during January 31 and February 4, dates of Farmers' week. Twelve state farmers' organizations will hold their conventions simultaneously. A group of the best speakers in the country will be present. An exhibit by the departments of M. A. C. and a grand pageant are among the special features.
