## WASHINGTON PROGRAM

The pupils of St. Mary academy  
devoted the latter part of yesterday  
afternoon to a Washington program,  
commemorating the birthday of George  
Washington. The numbers given  
were as follows:

Medley of National airs, High  
school; Life of Washington, Ruth Lie-  
beck; flag song and drill, babies;  
recitation, Washington, 4th grade  
girls; Warrior Song (piano solo),  
John Keusch; Washington song, High  
school; Young America, 6th grade  
boys; Battle Cry of Freedom, school;  
flag salute, Star Spangled Banner.

## K. OF P. BANQUET LAST NIGHT.

The annual banquet of the Knights  
of Pythias was held last evening in  
Maccabee hall, the Lady Maccabees  
catering. About 140 were served.  
William Hampton of Ann Arbor, the  
great keeper of records and seals, was  
the principal speaker. Other fea-  
tures of the program were: Reading  
by Frank Storms and solos by Mrs.  
M. J. Baxter and J. H. Boyd. Free-  
man's orchestra of Manchester fur-  
nished the music.

Members of both teams were royal-  
ly entertained Friday evening after  
the games, and on account of train  
connections they did not return home  
until Saturday morning and were en-  
tertained over night by members of  
the Eaton Rapids teams and other  
high school students.

## Meeting of Minds

DEMOCRATIC COUNTY  
CONVENTION NOTES

Held Thursday in Ann Arbor; George  
Burke County Chairman.

George J. Burke of Ann Arbor was  
chosen chairman of the Democratic  
county committee at the convention  
held Thursday afternoon in Ann Ar-  
bor. The delegates, about 50 in num-  
ber, approved the report of the resolu-  
tions committee, which pledged sup-  
port to the Democratic party. The  
report urged more economy in ad-  
ministration and asked that expen-  
ses of the state government at Lansing  
be cut to keep up educational institu-  
tions to their highest standard. Ap-  
propriation of money needed to main-  
tain the University of Michigan was  
urged in the report.

The convention selected 24 delegat-  
es to attend the state convention at  
Jackson, February 23. Those from  
this vicinity are: Dexter township,  
C. D. Johnson; Lima, Addison Shutes;  
Lyndon, James Howlett; Sharon, Al-  
fred C. Smythe; Freedom, Gottlieb  
Hornung; Sylvan, George Beckwith.

## WHERE'D WE GET SOUR MILK?

The Stockbridge Brief-Sun says:  
A new way to clean silver without  
strenuous rubbing is furnished by a  
clever housewife. Let the silver soak  
all the morning in a pan of sour milk.  
Wash in warm water to which half a  
teaspoonful of ammonia has been ad-  
ded, and rub lightly with a clean  
chamois skin. You will find the silver  
beautifully bright.

Finest But with milk selling at  
fourteen cents the quart bottle in  
Chelsea, we'd say the old silver polish  
is cheaper than the sour milk bath  
method.

## ST. MARY RESERVES WIN.

St. Mary Reserve basketball team  
is making a record breaking season,  
and has won 12 games. Friday eve-  
ning they defeated the West Inter-  
mediate school team of Jackson, 28 to  
27, the deciding point being made in  
five minute over time period, when a  
tie score resulted at the end of the  
usual time. Sunday they defeated  
the St. Thomas Reserves of Ann Ar-  
bor, 73 to 8.

## DEXTER TOWNSHIP NOTES.

February is knocking what as  
badly as the grain gamblers are.  
John Pratt's younger boy fell on a  
sharp axe, last week, and nearly cut  
off his hand.

While going to Dexter, Saturday  
night, James J. Duddy was crowded  
into the ditch by an auto. The driv-  
er claimed his steering gear failed to  
act. He succeeded in stopping just as  
his car touched Duddy's carriage.

"Gus" Lenzberg went to Detroit  
with his lambs, Wednesday. He  
struck a falling market, but says he  
had lots of fun and would be willing  
to lose on another load if he could  
have such another time.

The Golden Rule class of the North  
Lake Sunday school gave a red let-  
ter day program at the grange hall,  
Friday night, and it got noised around  
that North Lake's clown (Mrs. K. H.  
Wheeler) was going to give a couple  
of numbers on the program, which  
brought people from every direction,  
even from Hudson, Ypsilanti, and De-  
troit. A cafeteria lunch was served.  
The affair was a success financially  
and socially.

K. H. Wheeler attended the Republi-  
can State convention in Detroit last  
Thursday.

Mr. and Mrs. Louis Bell are the  
parents of a baby boy, born Thursday,  
February 17th.

At this writing Mrs. Minna Harper  
is under the doctor's care again.  
Dexter township is among the mov-  
ies at present. James Rivetts is mov-  
ing onto the Huss farm, Mr. Spiegel-  
berg into town, John Pratt onto a  
farm north of Ann Arbor, Thomas  
Roll onto the farm vacated by James  
Rivetts, and Edward Dietrich back  
onto his own farm.

## NORTH SYLVAN GRANGE.

The next meeting of North Sylvan  
grange will be held in Oddfellow hall  
at eight o'clock Thursday evening,  
February 24th. The program fol-  
lows:

Degree work.  
Reading—Mrs. H. O. Knickerboch-  
er.  
Solo—Mrs. N. W. Laird.  
Recitations—Melvin Lesser and Lee  
Weiss.

## MARCH TERM JURORS

Men Who Will Decide Cases In Cir-  
cuit Court Next Month.

Jurors for the March term of the  
circuit court have been drawn and  
have been notified to appear for duty  
on Tuesday, March 8th. The list fol-  
lows:

George Waterman, William Bury, P.  
Galpin, Edwin W. Shadford, John C.  
Wilson, C. M. Thompson; Ann Arbor  
township, Christian Reiff; Augusta,  
Edward Foss; Bridgewater, Lewis  
Shollenberger; Dexter, Gustave Lun-  
berg; Freedom, Charles Buss; Lima,  
E. M. Eisenmann; Lodi, Albert Gross;  
Lyndon, Alva Chapman; Manchester,  
Charles Kirk; Northfield, Thomas  
Spencer; Pittsfield, F. C. Hollis; Sal-  
em, D. E. Smith; Saline, Harry Friss;  
Sharon, John Ziegler; Seio, Charles  
Phelps; Superior, Emil Lidke; Sylvan,  
Pat Smith; Webster, Fred Sutter;  
York, J. A. Staffell; Ypsilanti town-  
ship, Jerome Vail; Ypsilanti city,  
Fred Stahl, William Bursha.

## ROGERS CORNERS NEWS.

Mr. and Mrs. Ray Baker and daugh-  
ter visited relatives in Jackson over  
the week-end.

Alma Eschelbach is spending a few  
days with Mr. and Mrs. Carl Moehn  
of Saline.

Henry Grau, who has been employ-  
ed in the Dime Savings bank, Detroit,  
for the past year, has resigned his  
position and returned home. Begin-  
ning March first he will be employed  
in the State Savings bank in Ann  
Arbor.

Pleasant Lake grange will meet  
February 28th at Freedom town hall.  
Installation of officers.

Ruth, Henry, and Alton Grau, Est-  
her and Harold Geyer, Erna Schenk  
and Alma Eschelbach attended a mis-  
cellaneous shower, Wednesday eve-  
ning, at the farm home of Mr. and  
Mrs. John Staebler in honor of their  
daughter, Rubena, who will be a next  
week's bride.

Several from here attended the auc-  
tion Friday at Fred Sager's farm, in  
Sylvan. Mr. and Mrs. Sager will  
make their future home in Chelsea.

A farewell party was given Mrs.  
Charles Koebe and family Saturday  
evening by their neighbors and  
friends. Mrs. Koebe has sold her  
farm to William Zahn of Rogers Cor-  
ners and will move to Ann Arbor.

A miscellaneous shower was given  
Thursday evening at the home of Mr.  
and Mrs. John Grau in honor of Ru-  
bena Staebler, who will be the bride of  
their son, Arthur Grau. About 40  
guests were present. The couple was  
presented with many handsome gifts  
and a very enjoyable evening was  
spent playing progressive pool.  
First prizes were won by Esther Gey-  
er and Oscar Eschelbach and consola-  
tions by Olga Niehaus and Harold Es-  
chelbach.

Edna Koenigster entertained her  
cousin, Esther of Lima, over the  
week-end.

Oscar Eschelbach left Monday for  
Lansing where he will visit his sister,  
Mrs. Edward Icheltinger.

Harold Geyer spent Sunday evening  
in Manchester.

## OUR NEIGHBORS' DOINGS

What's Happening In Neighboring  
Towns and Localities.

**SALINE**—Deputy Sheriff George  
Cook confiscated another load of whis-  
ky Saturday morning, consisting of  
110 sealed quarts of Canadian liquor  
and Clara Patterson of Detroit is re-  
posing in the county jail bound over  
to the circuit court charged with vi-  
olating the prohibition amendment.

**MASON**—Monday morning at the  
county clerk's office, marriage licen-  
ses issued in 1869, and in 1870, were  
being recorded, the returns having  
just been made to the clerk. They  
were sent here by Mrs. S. B. Perrin,  
of Valley City, North Dakota, and are  
rather unique when compared with  
the present day licenses. At that  
time, the county clerks did not issue  
licenses, they being procured from the  
pastor who performed the ceremony,  
and who in turn sent the returns to  
the county clerk. A short time ago  
a letter was received from Mrs. Per-  
rin, which told that her husband was  
a member of the Detroit or Michigan  
annual conference of Methodist minis-  
ters from September, 1851, to Janu-  
ary, 1851, which was the date of his  
death. Among his papers were found  
the marriage returns which he had  
addressed to the clerk of Ingham  
county and which bore his signature.  
Believing that he had intended to for-  
ward them to the clerk at that time,  
Mrs. Perrin mailed them here soon  
after discovering them.—News.

Grand Rapids—Members of the staff of Blodgett Memorial hospital, affected a few weeks ago with botulism poisoning, are said to be out of danger. Cornelius Vandereffe, laundryman, has been removed to his home. Joseph Pallen, whose condition was serious, is recovering rapidly.

Kent City—The reunion of World war pals turned into a tragedy when Ernest Demmon, 25, Fife Lake, and John George Barr, 25, Detroit, drowned while fighting through the ice on Long Lake, Kent Brink, 28, Kent City, who the companions were visiting, was rescued after clinging to the ice several minutes.

Mt. Clemens—Mustard gas saved the Merchants & Savings bank at Utica a considerable sum of money. After having worked for some hours to reach the interior of the bank vault three yeggs were forced away from their quarry by mustard gas hidden in the recesses of the vault. An investigation of the interior of the bank found it filled with the fumes of mustard gas. The first door of the vault had been blown away. The mustard gas tubes had been installed in the bank ten days before as a precaution against robbery.

St. Louis—The Gratiot Foundry Co. here started operations on a two months' order from Utah.

Flint—Of the 197 cases on the criminal docket of the circuit court here, 51 are for violation of the prohibition laws.

Grand Rapids—Impressive funeral services were held for George E. Ellis, city commissioner and former mayor.

Petoskey—Mrs. Ernest Cornell shot and severely wounded Walter Bannister, colored, when he broke into her home.

Richmond—The three-year-old daughter of Mrs. Joseph Oakie was fatally scalded by falling into a tub of boiling water.

Flint—Three boys of school age were rounded up by police detectives and admitted entering and robbing an east side residence. One of the lads was armed with a huge revolver which he said he stole from his father.

Dowagiac—During the firemen's annual ball, at which many fire fighters were present from neighboring cities, a fire started in the business section. The visitors, manning the fire fighting apparatus, put out the blaze and returned to the dance.

Manistee—When the police raided the soft drink parlor of Charles Snyder and found a jug containing liquor, Snyder's wife broke the jug with a hammer before the officers could get it out of the store. She was arrested with her husband.

Ann Arbor—The resignation of E. V. C. Vaughan, dean of the medical school of the University of Michigan, was announced to take effect June 30, when he will have rounded out 35 years as dean of the school and 45 years as professor in that school.

Saginaw—Saginaw's municipal water works system earned a net profit of \$33,600 in 1920 after retiring nearly \$100,000 of water works bonds, according to the annual report of Robert F. Johnson, commissioner of the department of light, water and sewers.

Port Huron—John A. Endlich, a baker, has filed his answer to the suit brought by the county asking that an alleged agreement between bakers to maintain bread prices be dissolved. Endlich's answer is that no illegal agreement exists. Since the suit was filed bread prices have been reduced.

Bay City—Michigan sugar manufacturers have withdrawn their product temporarily from the market, due, it is said, to the fact that the present price does not cover the cost of manufacturing. Local wholesalers are curtailing their sales of sugar to the retailers and have advanced the price to \$5.90 for Michigan beet and \$9 for cane.

Battle Creek—The marital affairs of Walter S. Butterfield, owner of a number of Michigan vaudeville and moving picture theaters, and Caroline Cord Butterfield, his wife, will not be aired in public. A property settlement has been concluded in the pending divorce proceedings and it is expected a decree will be granted soon by a court order. Butterfield started the suit recently, charging serious indiscretions and naming Captain Paul Hyde Davies, former opera star and during the war morale officer at Camp Custer.

John Doelle, Marquette.

Detroit—Speed marked the first "single session" Republican state convention of Michigan, held last week. In one hour and fifteen minutes, delegates selected the eight nominees to be voted on in the spring, and wiped the slate clean of the usual routine.

Six of the nominees selected were named to succeed themselves. John A. Doelle, of Marquette, and M. E. McPherson, of Kent county, were nominated to fill the places of W. H. Wallace, of Saginaw, and I. Roy Waterbury, of Highland, members of the state board of agriculture.

The convention was also remarkable for the brevity of its platform. The incoming national administration is endorsed, and also Governor Groesbeck and the legislature. Charles B. Warren of Detroit, was formally recommended for a post in President Harding's cabinet.

At the opening of the convention, after Chairman Burt D. Cady had called to convention to order, and the Rev. J. A. Vance had offered prayer, Charles P. O'Neill was called to preside as temporary chairman, and D. E. Alward was made temporary secretary. Later those officers were made permanent, and they carried the convention through.

Joseph B. Moore, Lapeer; Joseph H. Steere, of Sault Ste. Marie, and Howard West were unanimously selected for justice of the supreme court. W. H. Sawyer, of Hillsdale, and Victor M. Gore, of Benton Harbor, were chosen candidates for university regents.

Frank F. Rogers was chosen candidate for state highway commissioner, the office he now holds, following a speech by ex-Senator Michael Moriarty, of Crystal Falls, who withdrew the name of A. M. Burns, at the same time making a plea that soldiers who fought in the late unpleasantness be "remembered by those who stayed at home."

Thomas E. Johnson, of Coldwater, superintendent of public instruction, was re-nominated, as was Fred A. Jeffers, of Painesdale, for members of the state board of education.

SHIPPERS TO MEET IN APRIL

Effort Will Be Made to Modify Seaman's Act for Great Lakes.

Detroit—The first constructive effort toward modifying the Seaman's Act, so as to permit the profitable operation of package freight and combination freight and passenger vessels on the Great Lakes, will be made here April 8 and 9, when a congress of representatives of shipping and consuming interests from all the Great Lakes states will be held.

LIQUOR MEN TO GET BILLIONS

Said That U. S. Will Make Refund for Losses Under Dry Law.

Washington.—Under new rulings about to be promulgated by the treasury department amounts estimated from \$1,000,000,000 to \$4,000,000,000 are to be turned back to the liquor interests of the United States for losses sustained under prohibition, according to statements made in the senate by Senator Smoot, of Utah, and Senator Frellinghuysen, of New Jersey.

Mexico to Settle Oil Disputes Mexico City.—Delegation of power to President Obregon to regulate petroleum matters is forecast by Vasquez Schiaffino, "the official mayor" of the department of commerce and industry. He says that modification of article 27 of the Mexican constitution, which nationalizes petroleum deposits, cannot be written into law by the extraordinary session of congress which began February 7, or by the regular session which will convene on May 1.

## WANT ROAD WORK DONE BY COUNTIES

STATE MAY RECEIVE AS HIGH AS \$6,000,000 FROM THE FEDERAL FUND.

FIRST BILL GOES TO GOVERNOR

Tax On Foreign Securities Proposed; Movie Censorship Bill Introduced By Senator Smith.

Lansing.—With the prospect that the federal government may spend \$6,000,000 in Michigan during the next year on highway construction, the house committee on roads and bridges has taken action to systematize the state's highway construction methods. The first step in this direction is in the form of an amendment to the state highway act which deprives counties of the right to dissolve themselves into township units for the purpose of road building. The amendment has been reported out of the committee with the recommendation that it be passed.

County Unit More Efficient

"When the state and federal governments are spending vast sums for highway construction, the county is the smallest unit in the state which can function efficiently for road building purposes," said Rep. Charles Evans, chairman of the committee on roads and bridges.

"It is manifestly unfair to permit one small township to block the work of a road across a county by refusing to co-operate with its neighbors. That has been the experience, however, when townships built their own roads. The system has never been successful and after one or two years' try out the counties which went to the township system have returned to the larger unit."

Michigan is now entitled to \$3,000,000 in federal aid for highway construction and if a bill now before congress goes through will receive an additional \$3,000,000, all of which would be available for road work for the year beginning July 1, 1921.

The first bill passed by the 1921 Legislature was sent to the Governor by the senate last week before adjournment of both houses to allow the Legislators to attend the Republican state convention at Detroit. It authorizes the calling of a spring primary in Ingham county to nominate a circuit judge.

The bill providing for a state administrative board, recently passed by the senate, passed the house by unanimous vote. It carried, however, two minor amendments and must be returned to the senate for its approval. The bill for centralizing all state auditing in the auditor-general's department, previously passed by the senate, was also passed by the house.

Censorship of Movies Asked

In the senate a bill proposing state censorship of motion picture films and advertising by a state board at Lansing, was introduced by Senator John W. Smith, Port Huron. The board would be headed by the superintendent of public instruction who would be authorized to employ one inspector at \$1,500 a year, and one stenographer.

The board would not approve films which, in its opinion, were sacrilegious, obscene, indecent, immoral, or tending to suggest false ideals or incite crime. All advertising matter for films would also have to be submitted to the board for approval.

A fee of \$1 for each 1,000 feet of film would be collected by the board, except in the case of educational films for schools or churches, when the fee would be reduced to 25 cents. A fine of \$25 to \$100, or 90 days in jail, is provided for violators.

Establishment of one library each township or city is proposed in a joint resolution introduced by Senator H. A. Penny, Saginaw, which asks for a constitutional amendment to be voted on at the April election. The amendment would also abolish the practice of diverting money received as fines in penal cases to library uses.

Senator Holt's concurrent resolution calling upon congress to hasten passage of a soldier's bonus measure was adopted by the house under a suspension of the rules.

Repeal of Tax Exemption

Repeal of the tax exemption on foreign securities held in Michigan and the imposition of an ad valorem tax on this class of property will bring the state revenue in excess of \$2,000,000 annually, Rep. George Lord, chairman of the general taxation committee, told the house members, speaking for his bill to repeal the exemption.

Rep. Lord declared that the present registration fee of one half of one percent gives the state only \$17,000 a year and that the tax is collected but once during the life of such securities which average 15 years.

Increase in the percentage of its assessed valuation which a city may spend for the purchase, improvement and extension of public utilities is provided in a bill introduced by Rep. Edward S. Ramsey, Lansing. His amendment to the present law will increase the limit from 5 to 10 percent of assessed valuation.

Declaring that a duty on Canadian lumber will work an untold hardship on home owners and tend to provoke retaliatory measures by our northern neighbor, Rep. Arlio Hopkins, has introduced a resolution calling on congress to refrain from placing a duty on lumber imported from Canada. It sets forth that there is no need for a protective tariff as American lumber is produced cheaper than any other in the world.

May Sell State House

With several prospective purchasers reported to be clamoring for an opportunity to bid on the old state house building and site, the board of auditors suggested to Governor Groesbeck that an act of the legislature was all that is needed to bring about \$300,000 into the state treasury. The old building could be used until the new state office building is completed.

A. N. Farmer, executive secretary of the Michigan Community Council, testified before the joint committee investigating the commission that the officers of the organization had been burglarized three times and that a number of the records had been stolen. He submitted a statement showing that the \$2,165,924.25 patriotic fund had been disbursed in ten items but that he could not state what disposition was made of the money by the organizations to which it was turned over. There is now, he testified a balance of \$166,000 in 3 Grand Rapids bank and about \$51,000 in a Detroit bank.

State supervision of all private, parochial and denominational schools of Michigan is provided for in a measure prepared by the attorney-general's department and which will have the support of Governor Groesbeck and his administrative board when it is presented in the legislature. It is understood that the bill has been approved by the institutions affected.

Under the terms of the bill, all teachers in private and parochial schools are required to hold a certificate of qualification, and are given until 1923 to qualify for the issuance of such certificate. These schools would then come under the supervision of the superintendent of public instruction.

Farmers Want Income Tax

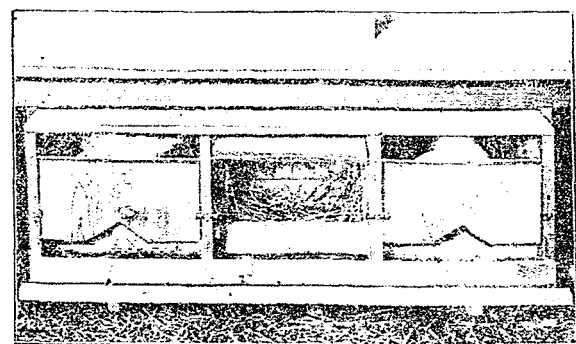

Assertions that many Michigan farmers will be forced to abandon their farms unless taxes are reduced are contained in proposals presented to Governor Groesbeck and the tax committee of both houses by a special committee representing farm organizations. Legislation providing for a state income tax is urged in the proposal, which calls for a joint resolution providing for a constitutional amendment to be submitted at the April election.

An income tax, members of the farm organization committee say, would spread tax burdens more equitably and reduce the levy on real property. Members of the committee are: N. P. Hull, president of the state grange insurance; A. B. Cook, master of the state grange; Fred Smith of the state farm bureau; I. R. Waterbury of the Michigan Farmer; and Mrs. Dora Stockman of the state board of agriculture.

Investigation of alleged unlawful lobbying among members of the legislature was begun early in the week. The committee consists of Representatives Thomas D. Meggison, chairman, George Lord, Detroit, John Holland, Bessemer, Frank R. Aldrich, Long Point, and William Ewing, Marquette.

## QUALITY OF HEN FLOCK VASTLY IMPROVED BY USING TRAP NEST

Three-Compartment Trap Nest Is Not Difficult to Make.

(Prepared by the United States Department of Agriculture.)

The most prepossessing hen is not always the most industrious layer. She may be the loudest cackler, but if her owner uses trap nests she cannot fool him. He can check up on results. The trap nest is so arranged that when the hen enters she is confined until released by the attendant. Specialists of the United States Department of Agriculture say that trap nests may be used to advantage by the best breeders of hens. It adds mechanical precision to judgment and experience in developing the flock and maintaining it at a high standard of egg production. It tames the birds and tends to stimulate laying. It furnishes definite knowledge of the traits and habits

serve as a top. If the nest is placed on the wall, slats or wire at a sharp angle should extend from the front of the nest to the wall to prevent hens from roosting on the top.

The trap nest is so constructed that, when the hen enters, her back raises the door. This releases the catch or trigger and allows the door to close. The catch, regulated by a screw or nail at the lower inside edge, should be set so that it just holds the door. It should have a washer on the screw to prevent sticking, and a guard to keep away the nesting material. A variation may be made for large or small hens by shortening or lengthening the catch which supports the door or by adjusting the size of the triangular notch in the door itself.

The following directions are given by the department's poultry specialists for constructing a three-compartment trap nest:

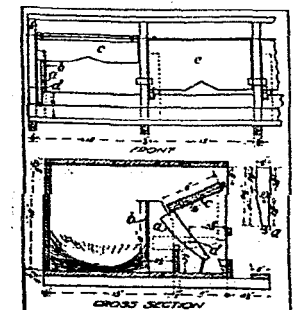

Cut four 3/4-inch boards for ends and partitions, 12 inches wide by 19 inches long; enough 3/4-inch boards, 3 3/4 inches long, laid lengthwise, to cover the top, back and bottom; and one strip, 3 3/4 inches long and 1 1/2 inches wide, for the front of the nests. Cut three pieces of 3/4-inch boards, 12 inches long and 3 inches high, to hold the nesting material away from the door.

Nail the top, back and bottom to the ends and partitions. Insert the 3-inch strips in the nests, and make the guard, nailing it to the left side of the nest. Bore a hole in the catch large enough that the catch will move freely when screwed into position on the side. Place a washer on the screw between the catch and the side of the nest. Insert a screw at the lower edge of the catch to stop it when set, so that the catch will just hold the door.

Build Seven-Eighths-Inch Doors. Make the doors of 7/8-inch material, 12 inches by 6 inches, and cut a triangular notch in the center, 4 inches wide at the bottom. Put two screws in the top of the doors and bore holes in the front of the nests, 2 inches below the top (inside measurement), through which a 3/4-inch wire is run to support the doors.

Attach to the front of the nests a narrow strip upon which the hens can jump. Place a button or block of wood on the front of each partition to hold the door when the nest is closed.

If the nests are to be placed directly below the dropping board, a wire top should be used with a 5-inch strip of wood on the front edge of the top to stiffen them.

Details of Construction of Trap Nest.

its of each hen. It furnishes the most satisfactory basis for breeding, and it eliminates the nonproductive hen.

**Careful Observation Needed.** In flocks of 50 or more, a three-compartment trap nest should be provided for every ten hens. In smaller flocks, a slightly larger proportion of nests is needed. Numbered hands are placed on the legs of the hens and a record is kept of their egg production. Frequent visits to the nests are necessary, especially when the hens are laying freely and during warm weather. There should never be less than three visits a day, and four or five would be better.

The trap nest may be placed on the wall of the pen or attached to the underside of the dropping board. If the latter course is taken, the front of the nest should face the pen. The rear may be made of wire to allow good ventilation. The dropping board will

## WINTER SHELTER FOR DUCKS

Breeding Fowls Must Be Furnished With Some Protection Against Cold Rains and Snow.

Although adult ducks are so well protected by their feathers that they can stand a great deal of cold weather, the breeding birds must be furnished protection from the cold winter rains and snows and they must have a dry floor on which to roost. Therefore a suitable shed or building should be made available for the fowls before the coming of winter. The building may be quite simple in construction and much less expensive than one for hens.

## BLACKHEAD IS MOST DEADLY

Cases of Infection Are Few Where Turkeys Are Given Free Range at All Seasons.

Of the infectious diseases of turkeys, blackhead is the most destructive. It is notable that whenever the climate and range conditions are such as to permit of the turkeys foraging for most of their feed from the time they are hatched until they are marketed, cases of blackhead are infrequent. No positive cure for blackhead has been found, but free range and care not to overfeed are very important factors in raising turkeys successfully.

## COWPEA HAY BEST FOR COWS

Crop Has but Little Standing in City Markets on Account of Difficulty in Curing.

Cowpea hay is sold by specialists of the United States Department of Agriculture to be better suited for feeding to cows than to horses. Partly on this account and partly because of the difficulty often experienced in properly curing the large growth of succulent vines and its coarseness and unevenness in quality, cowpea hay has but little standing in the city market.

## PATRIOTIC FUND TO AMERICAN LEGION

COMMUNITY COUNCIL VOTES TO GIVE \$221,713 TO STATE VETERANS.

### USE MONEY FOR RELIEF WORK

Fund Disposal Action Now Goes to County War Boards for Final Approval.

Grand Rapids—Possibility of Michigan losing \$221,713 remaining in the Patriotic fund in the event of the passage of the Culver bill, abolishing the Michigan Community Council commission as stated in press dispatches, has been anticipated by the commission.

The commission, which, in its report to the legislature, asks that the law creating it be repealed, has voted the entire balance of the fund, to the welfare department of the American Legion department of Michigan, to be used in Michigan, "for the relief and care of needy ex-service men and their dependents and such other purposes as may be consistent with the objects for which the fund was raised."

This action, went ratified in a referendum to the county war boards, disposes completely of the trust placed in the commission when it took over the trusteeship of the Patriotic fund from the United War Work state campaign committee, following the creation of the commission by legislative enactment. It clears the way for the commission to close up its affairs and ceases to exist as a department of the state government, and saves the money in the Patriotic fund for use in this state.

### TROLLEY HITS AUTO; 3 KILLED

Fast-Traveling Interurban Sweeps Car From Its Path.

Flint—Three persons were killed and a small child seriously injured Sunday afternoon, when the automobile in which they were riding, was struck by a fast northbound interurban from Detroit on a grade crossing at Atlas 10 miles south of Flint. The dead are: Mr. and Mrs. J. H. Dunsmore, of Whitville Mich., and Mrs. Dan C. Finney, of Flint. The six-month-old baby of the Dunsmore's is in a serious condition at Goodrich hospital.

It is said the interurban whistle was blowing and the crossing bell ringing at the time of the accident. The interurban traveled more than 1,000 feet after striking the automobile.

### BRIDE, 21, SIGNS AWAY HUSBAND

French Girl, Her War Romance Shattered, Appeals for Aid.

Owosso—Disillusioned and heart-broken, her war romance shattered and 3,000 miles from her native land, Mrs. Marie Legoff Bennett, the French war bride of the only Shiawassee county soldier who married overseas, has appealed to the authorities for aid, following her acceptance of \$200 from George Bennett, her husband, and agreeing to relinquish all claims on him and return to France.

Mrs. Bennett, who is 21, dark-eyed and brown-haired, declares she signed the agreement through fear and without realizing what it meant.

### SENATE LIMITS IMMIGRATION

Substitute for Johnson Bill Permits 354,000 to Land in 1921.

Washington—A drastic measure against immigration during the next year was adopted by the Senate, which by the overwhelming vote of 61 to 2 passed the Dillingham Immigration Restriction Bill after adding amendments to increase its restrictive features. In the form adopted the bill, it is estimated, would limit the number of immigrants during the next 12 months to slightly more than 355,000.

### BERLIN SPURNS ALLIED TERMS

Foreign Minister Says It Would Mean 42 Years of Slavery.

Berlin—"No German statesman dares sign the German people into 42 years of slavery, and therefore we must refuse to accept the Allies' indemnity terms," declared Dr. Walter S. Simons, German foreign minister, in an address before the Baden Landtag at Karlsruhe.

### Doctor Removes Own Appendix

Kane, Pa.—Dr. F. O. Kane, chief surgeon at a hospital here, operated on himself for chronic appendicitis by applying local anesthetic. His only assistant was a nurse who held his head forward that he might see. The doctor was propped up on the operating table with pillows. When the appendix was located, he pulled it up and cut it off. Dr. Kane is 60 years old. He has been a surgeon 35 years. Several years ago he amputated one of his own fingers.

## Blouses Play Many Roles

IN BLOUSES, as in suits, it appears that designers are in a gracious mood and have been generous in giving us a variety of styles, developed in the usual sheer materials or crepe de chine, or wash silks and satins. To these taffetas, either plain or changeable, have been added, providing the most promising innovation in the spring styles, with the charm of novelty to favor it. But nothing will rival the beautiful and dainty georgette in the affections of women, except those sheer cotton fabrics that resemble it.

The story of spring blouses therefore opens with these made of georgette, followed by lingerie blouses of voile, batiste, lawn or shiraz, cottons and cloths with a chapter on various other materials and styles. This is a brief summing up of a long story, for there is so much variety in the development of blouses that everyday presents something new in details for consideration. Lingerie blouses employ fine tucks, drawn work and other

needlework for their decoration together with the lingerie lace, val, cluny, Irish crochet and fillet. The best of them are hand made, with a considerable number of tailored styles among them having high necks and long sleeves.

The most notable new feature in georgette blouses is the introduction of the "tie-on" styles. These are blouses that form their own girdle, being cut to extend below the waist line at the front and to form a sash or girdle at the sides and back. The georgette blouse is called upon to give the dress its character, transforming a street suit or separate skirt into a formal costume. The blouse pictured is an excellent model for such a purpose, made with a long pleated and handsomely embroidered. Soft crepe de chine is treated in the same way and both these fabrics provide a wonderful medium for lovely and lively colors, but the long pleated is unusual in the styles—an exception to the rule of short blouses for spring.

## Those Frilly Taffeta Frocks

DESIGNERS just cannot keep away from frills when the season brings in a vogue for taffeta—especially when colors are lively. Taffeta is a sprightly fabric that provides most of its own trimming and when two-toned, or changeable silks are presented, the trimming effects possible with them are not to be resisted. Even in dark colors and black, taffeta and frills remain cheerful and alluring. In the picture above a light, changeable taffeta at the left and a black, embellished with lace at the right, are among the most pleasing of the new afternoon frocks.

Both these dresses are made with plain underskirts and long tunics. The tunic in the light dress is cut in long panels rounded at the bottom, that reveal the much-admired petal skirts of last year. The panels are edged with double frills of the taffeta, but there are no frills on the bodice. Its only decoration appears in a little needle work at each side which is repeated on each of the panels. This absence of frills on the bodice makes opportunity for lace or net collar and cuffs. The crushed girdle about the waist is made of the taffeta.

Deep cream or ecru nets and laces that are now backing in fashion's smile, find themselves placed to the best advantage on black. The dress

at the right is handsome and original with full skirt, long tunic, pointed at the bottom and a moderately wide flounce with frayed edges, cascaded down each side. Its bodice with square neck and elbow sleeves is extended below the waistline and finished with a little apron-like of lace, doing away with a girdle, and there is a cluster of velvet leaves and cherries at the left side. Lace at the neck and frills of it finishing the sleeves, make this a becoming model that its owner will feel well dressed in on many occasions.

### A Party Frock Girdle.

A ribbon and flower girdle, is one of the daintiest of additions to a girl's party dress, and it can be home-made, too. Narrow silver or delicately tinted ribbons are used, and dainty artificial flowers are caught on along the edge. The smoother the flowers the better, such as wee rosebuds, daisies, violets and forget-me-nots. The silver ribbons with picot edges in color make attractive girdles of this sort. The color of the edge is brought out again in the flowers scattered over the ribbon.

## Has Your Back Given Out?

Are you dragging along with a dull throbbing backache? Do you feel lame in the morning, suffer sharp twinges at every sudden move? Then there's something wrong! You may never have suspected your kidneys, yet often it's the kidneys that are at fault. You may have headaches and dizzy spells, too. Use Doan's Kidney Pills. They have helped thousands and should help you. Ask your neighbor!

### A Michigan Case

Mr. Tom Boegman, Pine St. July City, Mich., says: "My back was injured and my kidneys didn't act regularly, they showed in different ways signs of disorder. My back, too, was very sore and lame and it hurt me to stoop or straighten. My eyes had the puffiness underneath. A neighbor suggested Doan's Kidney Pills, so I got a box. I continued with Doan's until all the troubles left me entirely."

### Real Sea Monster.

According to scientists of the Smithsonian Institute the record fish was captured at Miami Fla., after a fight lasting 30 hours. Five tarpon and 120 bullets were required to subdue the monster. It was a white shark and weighed 30,000 pounds, its fins alone weighing 1,700 pounds.

### Where Peanuts Come From.

Alabama, Texas and Virginia furnished more than one-half of the peanuts; Wisconsin and Illinois 41 per cent of the clover seed.

### Quill Toothpicks.

The most extensive quill toothpick factory in the world is near Paris where there is an annual product of 30,000,000 quills. The factory was started to make quill pens, but when these went out of general use it was converted into a toothpick mill.—Brooklyn Eagle.

### A Graduate.

Poker is really not a game of chance—there's no chance to be a winner if you stick to it.—Bigelow Citizen Press.

**SELL, M. F. E. WOOL.**  
 Approximately a million pounds of the 2,500,000 in the Michigan State Farm Bureau wool pool have been sold, despite the fact that since May 15, 1920, there has been virtually no market for wool. A. J. Hankins, director of marketing for the bureau, said Saturday. Of the remainder, slightly over a million pounds have been graded and the work is progressing at the rate of 20,000 pounds daily. Most of the Michigan wool has been sold direct to the mills.

Requests have been made of the Pennsylvania, New York and West Virginia legislatures for an increase in the scale of the pay of State Police in those states. The new scales approximate that asked for the Michigan State Police. It has been the general experience that, in order to secure the permanent enlistment of the desirable class of men needed, a more adequate salary is required.

 Effects of Constipation.  
 Constipation causes a stoppage of the sewerage system of the body. The poisonous refuse matter that should be carried away is retained by the system and often poisons the blood and causes numerous disorders. No one can afford to neglect his bowels. A dose of Chamberlain's Tablets will afford relief. Avoid drastic cathartics as they take too much water out of the system and their use is likely to be followed by constipation. Adc.

**LINER "ADS" EFFECTIVE.**  
 One of the most effective forms of advertising is in the "liner" or classified column where a n investment of a few cents is certain to give prompt results. Tribune liner ads are always run under the heading, "Wants, For Sale, To Rent," in the same position on the front page where they are easy to find and invariably catch the eye. Only five cents the line for the first insertion, 2½ cents the line for each subsequent insertion. Next time you want to buy something, or have something for sale or rent, try a Tribune liner.
