### DECORATION DAY EXERCISES

The Decoration Day exercises here Monday forenoon were fairly well attended, and notwithstanding the extreme heat, not a single accident occurred to mar the day.

The program at the flag pole was presided over by H. D. Withers as master of ceremonies. The Chelsea Band of sixteen pieces furnished the music and the pupils of St. Mary Academy rendered in a very creditable manner two vocal selections.

Rev. H. R. Beatty offered the opening prayer. C. E. Bowen read the orders of the day as issued by the commander of the national encampment of the G. A. R. Rev. Fr. Hackett of Manchester, delivered a very good address.

The members of Herbert J. McKune Post, The American Legion, were out in uniform and acted as escorts for the G. A. R. and W. R. C., who were transported to the cemetery where the usual exercises were carried out at the soldiers' and sailors' monument, at the close of which all present joined in singing America.

### Garden Notes.

Make plantings of carrots, beets, and parsnips during June for winter storage. The roots are usually more tender and of better quality than those from the earlier plantings.

When raspberry plants appear to be "sick" and there are no indications of insect troubles the safest plan is to dig out the diseased plants and burn them.

For plant lice on roses and other plants, use "Black Leaf 40" or some other reliable brand of nicotine sulphate. Use 1 teaspoonful in three quarts of water and add a little soap to make it spread better. When using be sure that the insects are actually hit with the mixture.

A good sprayer is almost a necessity in the garden. One of the knapsack type will be found very convenient and of sufficient capacity to do all the necessary spraying in a large garden.

Don't forget the importance of thinning vegetable crops if large individual plants are desired. The following are the distances recommended for spacing plants in rows: Onions, 2 inches; beets and carrots, 4 inches; parsnips, 6 inches; winter radishes, 6 inches; ruta bagas, 8 inches; wax beans when drilled in rows, 4 to 6 inches; lima beans, 12 inches; head lettuce, 6 to 12 inches, depending on the variety. Thinning should always be done early while the plants are small to prevent the plants becoming stunted as a result of crowding.

### Louis Dreyer.

Louis Dreyer was born in Germany, September 13, 1839, and died at his home in Pinckney, May 31, 1921, at the age of 81 years, 8 months and 18 days.

He came to this country April 5, 1868 and was naturalized in Livingston county, in which he died. He was granted his certificate of citizenship May 1, 1893.

He leaves to mourn their loss, his aged widow, two daughters, Mrs. Mark Swartzout, of Pinckney, Mrs. Will Pennington, of River; two sons, Ed. of Jackson, Jos. C., of Chelsea; also fifteen grandchildren and one great grandchild.

Funeral services will be held at St. Mary's church at Pinckney, Friday, at 9 a. m. Interment at St. Mary's cemetery at Pinckney. The deceased was at one time a resident of Chelsea for about six years and had many friends here.

### To Aid In Grasshopper War.

State aid for farmers in their war against the grasshopper pest was granted by the recent legislature with the appropriation of \$40,000, to be used to reimburse counties for one-half the money spent for poison-bait.

Because of the seriousness of the pest during the past season, the Entomology Department of the Michigan Agricultural College is urging counties in the grasshopper region to be prepared for a probably similar outbreak this year. The work in each county is to be in charge of a man appointed by the county supervisors, who in most cases will probably be the county agricultural agent.

### Hammond-Hoppe Wedding.

A very pretty home wedding took place at the home of Mr. and Mrs. Finley A. Hammond, at six o'clock last evening, their daughter, Vesta R. being united in marriage to Douglas C. Hoppe, of Chelsea, by the Rev. Beatty before a large home gathering. The home was prettily decorated with tea roses and peonies. The happy couple will spend a short time in the East, visiting. They will be at home to visitors after June 9 at their home on his father's farm.

Dexter Mrs. E. S. Leonard, of Detroit, accompanied by Mrs. Maria Peel, of Ann Arbor, was in town Tuesday and appointed Mrs. A. B. Curtis and Mrs. H. A. Steinbach as Dexter representatives of the Washtenaw County Child Welfare Board. This Board is to be a channel through which all children, whether crippled, neglected or homeless, can receive the help they need. Leader.

### Child Welfare Board.

Supported by the Michigan Hospital School for Crippled Children of Farmington, Oakland county, co-ordinating with state institutions and other organizations doing statewide work, and backed by the state board of corrections and charities and the state child welfare commission, Washtenaw county has prepared itself for organized effort to care for all crippled and dependent children within its jurisdiction.

The Washtenaw Child Welfare board has been named and its members are prepared to carry out a definite program of child reclamation according to Mrs. E. S. Leonard, who has just completed the local organization work.

Mrs. Leonard is the only woman serving as child welfare commissioner in Michigan. She was appointed by Gov. A. E. Sleeper to serve on the Michigan child welfare commission, together with H. S. Gray of Benton Harbor and Fred S. Butzel of Detroit.

Members of the Washtenaw county board follow: Chairman, Stanley Stevens; vice chairman, Mrs. H. P. Thieme; secretary, Mrs. T. S. Langford. Other members are Mrs. Stanley Stevens, Mrs. Shirley W. Smith, Rev. Lloyd C. Douglas, Prof. A. S. Whitney, Mrs. Mary L. Thompson and Michael Fritz, all of Ann Arbor.

Members of the county board outside of Ann Arbor are: Ypsilanti—Mrs. Daniel Quirk, jr., Mrs. Guy E. Davis, Mrs. H. D. Bars, Mrs. H. C. Colburn, Mrs. W. J. Allen and Mrs. H. T. Vandewalker.

Manchester—Mrs. L. C. Kent, Mrs. A. J. Waters and Mrs. Whitlark. Milan—Mrs. Etta Johnson and Mrs. H. P. Lamkin.

Saline—Miss M. M. Wheeler. Chelsea—Mrs. Albert Roepecke and Mrs. Ernest Dancer.

Dexter—Mrs. H. A. Steinbach and Mrs. A. B. Curtis.

Both E. E. Leland, judge of probate, and Evan Essery, county school commissioner, strongly favor the local movement tending toward a higher standard of physical and mental efficiency among Michigan children. Ann Arbor Times News.

Michigan Ranking As Rye King. Michigan now ranks as "Rye King" of America. Statistics show her leading all other states in the country in the volume of rye produced during 1920. Fourth or fifth place in the national ranking had been Michigan's place until the last two years.

In 1919 Wolverine growers produced the second greatest state total of rye, and last season they stepped into the lead, raising 14 per cent of the country's crop. North Dakota and Minnesota ranked second and third, respectively.

Much of the credit for this rapid growth in the state is given Rosen Rye, a remarkably high producing variety bred at the Michigan Agricultural college and distributed to farmers of the state during recent years. Entering Rosen samples chiefly, Michigan farmers cleaned up 29 of the 30 prizes offered in the rye classes at last fall's International Grain and Hay Show.

Storkbridge Emmet Hadley tells the following fish story: He and his daughter were fishing on the Unadilla mill pond one day last week, and his daughter catching a fish threw it back on the bank. They moved away from the spot and a crow flew over, dropped down, and Emmet had no fish for supper but the crow did, and Emmet says he can prove it. Brief-Sun.

### HAMILTON-RAFTREY WEDDING

The marriage of Miss Kathryn E. Hamilton, daughter of E. D. Hamilton, of Michigan Center, and Clarence A. Raftrey, son of Mrs. J. J. Raftrey, of this place, took place in Detroit, Saturday morning, May 28, Rev. Wm. Considine, former rector of St. Mary church here, conducting the ceremony. Walter E. Hummel of this place was the groomsmen.

Following the ceremony a wedding breakfast was served at the Hotel Tuller. Mr. and Mrs. Raftrey left in the afternoon on a boat trip on the Lakes.

Mr. and Mrs. Raftrey will be at home to their friends after June 15, in London, Ontario, where Mr. Raftrey has a position with the London Motor Co.

### Travelling Public Assured Safe Water.

Travelers on ships which ply the Great Lakes will be protected against dangerous drinking water from now on under an extension of the national laws whereby the state department of health will co-operate with the United States Public Health Service in maintaining certified water on ships of the same standard as that now provided on railway trains. Water used on lake vessels for drinking or cooking purposes, according to the regulations, must be obtained either on shore from a source approved by the United States Public Health Service and inspected regularly by the State Department of Health, or if not obtained ashore, the water must be treated aboard ship by approved methods.

All water-piping systems on ships will be required to be so arranged that no connections can be made between drinking water pipes and pipes for any other water system. Taps on ships yielding water not intended for drinking purposes will be marked by signs stating that the water is unfit to drink. Possibilities of outbreaks of typhoid fever and dysentery, as have occurred in the past, will thus be reduced to the minimum, it is said.

People may be assured that drinking water supplied on trains in Michigan is safe, declare officials of the state department of health, since rigid inspection is maintained of the 127 separate sources of supply for interstate carriers. A full-time employee of the bureau of sanitary engineering makes the inspections at stated intervals and obtains samples which are analyzed and tested by the bureau of laboratories.

### Tough Luck Jackson.

By batting three Jackson pitchers out of the box, Chelsea defeated Jackson by a score of 15 to 14. It was the most exciting and hotly contested game of the season. Arguments between the players and the umpire were numerous. A ninth inning rally which netted Chelsea 9 runs won the game for them. Dad McKune got a nasty spiking from the feet of Becker, Jackson's 2nd base man, in the 2nd inning. Haynes and L. McKune's hitting featured for Chelsea. Becker was Jackson's star slugger, getting 4 hits in 6 trips to the plate. The score follows:

### New Agricultural Division.

Farmers from Oakland, Monroe, Macomb, Washtenaw, Wayne and Genesee counties met in the Detroit Board of Commerce Friday to assist in forming the program of work for the new agricultural division of the board.

Washtenaw county was represented by O. E. Loveland, of Milan, officer of Washtenaw County Farm Bureau.

The principal subjects discussed were marketing of farm products from the surrounding counties in Detroit, ways and means for simplification of methods and the co-operation of city business in helping farmers obtain longer termed seasonal credits.

It was pointed out by C. A. Bingham, organizer of the state farm bureau, now in charge of the Board of Commerce agricultural division, that people in the city rapidly are coming to a realization that farmers have peculiar problems and that the city folks, through the agricultural division, are ready to try to work out these problems.

## IMPLEMENTS!

Everyone expects that implements will be some lower in price for 1922. In fact some of the large manufacturers have already announced their intention to cut prices for next year's business. With this situation in mind we have concluded to make our price decline now, on stock on hand, and give our trade an opportunity to have the use of such tools as they need this season without taking any loss.

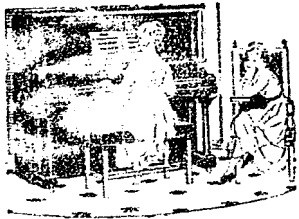

We have Plows, Harrows, Cultivators, Mowers, Binders, Side Delivery Rakes, Dump Rakes, Combination Rakes in fact a full line that the cut prices apply to.

The prices being quoted apply only to the stock on hand, which in some items is limited, and on many priced below today's wholesale costs. Every item priced to clean up the stock and get the loss behind us.

If you are in need of anything in the line, NOW, while the stock lasts is the time to buy.

### CAN'T DO THE WORK

It's too much to try to work every day against a constant, dull backache, or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them. Ask your neighbor.

Jacob Houk, 211 Lincoln street, Chelsea, says: "I was in bad shape about two years ago and had lumbago and rheumatic trouble. For awhile I was compelled to lay off work as the pains across my back were so severe. The rheumatic trouble was worse in the spring and in damp and cloudy weather, especially in my lower limbs. My kidneys didn't act regularly and I knew something would have to be done. I saw Doan's Kidney Pills advertised in the papers so I went to Fenn's Drug Store and got two boxes and used them till my troubles left me entirely."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Houk had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

## ANOTHER WOMAN ESCAPES

**Mrs. McCumber Avoided a Serious Operation by Taking Lydia E. Pinkham's Vegetable Compound in Time**

Georgetown, Ill.—"After my first baby was born I suffered so with my left side that I could not walk across the floor unless I was all bunched over, holding my side. I doctored with several doctors but found no relief and they said I would have to have an operation. My mother insisted on my taking Lydia E. Pinkham's Vegetable Compound and I soon found relief. Now I can do all my own work and it is the Vegetable Compound that has saved me from an operation. I cannot praise my medicine too highly and I tell all of my friends and neighbors what the Compound did for me."

Mrs. McCumber is one of the unnumbered thousands of housewives who struggle to keep about their daily tasks, while suffering from ailments peculiar to women with backache, sideaches, headaches, bearing-down pains and nervousness. — and every such woman should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a trial they would get well.

## Michigan News Tersely Told

Owosso.—The annual convention of the All-American Amateur Band of Michigan will be held here June 14, 15 and 16.

Hillsdale.—Adam Rottenger, 79, committed suicide by taking poison. His body was found in the Reading cemetery by the sexton. His home was near Reading.

Port Huron.—Gunter Beltz, 89, who was struck by an American Express company auto truck driven by Roy Lumree, died from internal injuries. No criminal action has been taken against Lumree.

Mancelona.—Delbert Lavanway of Central Lake, arrested by Deputy Fire Warden John Muckle for maliciously starting forest fires, has been sentenced by Judge F. W. Mayne to serve from one to 10 years in jail.

Coldwater.—Ward Barker, an employee of the Peerless Portland Cement plant at Union City, was so badly scalded by the bursting of a steam valve that he died. He had been employed at the plant for 20 years.

Ironwood.—When the body of Hans Gilbert, 40, was found in the river at Mercer, it was the first intimation friends had that he did not go to lower Wisconsin to visit relatives as planned. Officers are investigating.

Petoskey.—Thomas R. Marshall, former vice president and wife, of Indianapolis will summer at Petoskey again this season. Mr. Marshall has leased the home of Mrs. J. H. Williams on Bay street, arriving June 1.

Manitowish.—The long controversy between the city and the gas company over rates was settled with the acceptance by the city of the company's offer to furnish gas for \$2 a thousand cubic foot with a \$1 minimum charge.

Plainville.—Harri Klaus, arrested here for deserting his wife and children, pleaded guilty and was placed on probation by Judge Stratton of probate court. He was ordered to pay \$4 a week toward the support of his children.

Petoskey.—Mrs. Arthur Charbonneau, her year-old baby, of Choboygan, and a sister, Mrs. Rabideau of Black Lake, were perhaps fatally burned by an explosion of kerosene when Mrs. Charbonneau attempted to start a fire at her Choboygan home.

Escanaba.—Investigation by Mayor Joseph F. Pryal and a council committee discloses that while foodstuffs have decreased in price, seven per cent over last year and wages have been cut 25 to 30 per cent, rents have increased 30 per cent.

Escanaba.—After deliberating 10 hours, a jury in the Delta county circuit court disagreed and was discharged in the case of Joseph M. Sheridan, member of the Michigan state constabulary, charged with manslaughter resulting from the death of John Kereinsky, bartender, in a local saloon.

Kalamazoo.—An organization formed here at a meeting of representatives of commercial bodies in Southern Michigan cities will begin a campaign this week for the improvement of the Deering Trail between Kalamazoo and Adrian. The trail is the old Indian route between Western Michigan and Ohio cities.

Monroe.—Attorney Willis Baldwin of this city has filed a suit for the River Valley Paper Co. against the Escanaba Manufacturing Co. of Escanaba, Mich., for \$50,000 claimed to be due for goods, wares and merchandise delivered to the Escanaba company. The Monroe company was to deliver 400,000 pounds of paper.

Ironwood.—William Jolo's bank book shows a deposit of \$1,000. The \$1,000 represents victory on a wager he made with friends in Hurley that he could carry \$1,000 in silver coins in an open sack from Hurley to Bessemer, a distance of seven miles, with all the coins still intact. Despite the wave of crime, Jolo accomplished the feat and won the \$1,000.

Grand Rapids.—A suit brought by the Mary Free Bed guild of Grand Rapids against Mary Garden, opera star, for failure to keep a personally signed contract to sing here last March 17 has been settled by receipt of a check for \$1,500 from George M. Spangler, business manager of the Chicago Opera association of which Miss Garden is director.

Traverse City.—Joseph Sleder, a butcher here for many years, received \$250 from two conscience-stricken former patrons who had owed him for many years. A letter with which \$1 was enclosed said: "Years ago when a child I used to steal frankfurters from your counter. Now I am studying for the ministry and I want to be square with the world." Another letter containing \$1.50 was from a man who said he bought a chicken 13 years ago and never paid for it.

Detroit.—Henry B. Ledyard, chairman of the board of directors of the Michigan Central railroad and prominent in Detroit social and business circles, died at his home in Grosse Pointe Farms. Mr. Ledyard was taken ill with heart trouble. Complications of pneumonia set in and he was unable to recover. He was born in the American embassy, Paris, France, in 1844 and has spent the greater part of his life in Detroit. He is survived by three children, Henry and Hugh Ledyard and Madame von Kettler, all of Detroit.

Coldwater.—Fire destroyed the Congregational church at East Gilead, 29 miles southwest of here. Lightning struck the building during a severe electrical storm. Damage is \$1,000.

Ann Arbor.—Dr. John Dietrich, for many years a member of the German teaching staff of the University of Michigan, died at his summer home at Whitmore Lake, following a long illness.

Marek.—Miscum Island, in the Menominee river, has been taken over by an association of Chicago business men to be used as a country club. It was the property of the Wisconsin & Michigan lumbermen.

Bay City.—Frank Gielda, 56, Beaver township farmer, committed suicide by hanging himself in his barn. Trouble with neighbors is said to have made him despondent. He leaves a wife and a large family of children.

Pontiac.—Mrs. Lorena Beebe, of Orion, celebrated her 106th birthday anniversary, at the home of her daughter, Mrs. William Shoemaker. She was born in 1815 in Monroe county, N. Y., and came to Michigan in 1845.

Pontiac.—Ray King of Highland Park, former village attorney of Ferndale, has sued the village for \$12,000 for alleged breach of contract, in Circuit Court here. King was deposed May 16 by the new village commission.

Sault Ste. Marie.—Police and sheriff's departments are investigating the drowning of James Perry, an employee of the Soo Towing Co. Perry's body was found floating in St. Mary's river. It is feared he was assaulted and thrown into the river.

Flint.—George Sutherland, deputy game warden of Greenville, waived examination to the Circuit Court when arraigned on charge of illegally transporting liquor. He was held in \$500 bail. The police say they found 23 quarts of liquor in his automobile.

Battle Creek.—Chief of Police Ralph Day and Patrolman Fred Hollingsworth were found not guilty by a circuit court jury in a \$10,000 damage suit brought by Mrs. Lucille Murrin. She alleged assault and battery, false arrest and false imprisonment.

Standsish.—A state school for hunters and trappers is conducted at Burgland by the U. S. biological survey. Deputy game wardens, hunters, and fishermen attend for instruction. They are put through a rigid test. The extermination of obnoxious animals is taught.

Pontiac.—Because, it is alleged, the sinking of wells for the purpose of tapping a water supply for the village of Birmingham has caused other artesian wells in the vicinity to cease flowing, five farmers have filed claims for damages amounting to \$10,000 with the village.

Sault Ste. Marie.—The body of a woman believed to be that of Mrs. Florence Pederson of Buffalo, who sank with the barge Miteez was found by an Indian on the shore of Maple Island in Canadian waters. Maple Island is directly east of the scene of the wreck.

Kalamazoo.—Four \$1,000 Liberty bonds belonging to Edward Codde, of Augusta, which were stolen when the state bank at Augusta was robbed in September, 1919, are now in the hands of the federal treasury department at Washington. The Augusta bank has been advised.

Saginaw.—Theodore Kasper, former Carrollton township treasurer, who was brought back from Seattle on a charge of abandoning his wife and eight children and eloping with another woman, pleaded guilty and was sentenced to serve 10 years in the Jackson State Prison.

Flint.—Mayor E. W. Atwood and City Clerk King have been authorized by the common council to enter into a contract with F. H. Alfred, president of the Pore Marquette, for the construction of an eight-mile belt line through the new industrial district on the east side of Flint.

Pontiac.—Three St. Louis youths, arraigned on charges of breaking into the Heinz pickle factory at Holly, told Judge Covert hunger drove them to it. The court withheld sentence until he can investigate. The boys gave their names as Mike Karfick, Martin Dormandy and Joe Chromoga.

Kalamazoo.—Students and teachers at the Western State Normal School are raising a fund to erect a memorial in honor of Miss Fanny Ballou, instructor who was killed in the train wreck at Porter, Ind., three months ago. The memorial will be erected on the campus and will cost about \$1,000.

Paw Paw.—Judge L. B. Des Voignes has dismissed the case against Mrs. Sarah I. Tabor, accused of manslaughter in connection with the death of her daughter, Maude Tabor Virgo, whose body was found in a box in the cellar of the Tabor home in December, 1919. She was tried a year ago on charge of manslaughter, the jury disagreeing. The case was reset for trial, but a petition was filed asking its dismissal.

East Lansing.—Mimic warfare at Michigan Agricultural college had a near disastrous result when a shell fired from a one-pounder ricocheted from a cement sidewalk to an open window into Abbott hall, the girls' dormitory. The fact that the shell was defective probably saved one accident from being a serious one for three girls who were in the room through which the shell landed. The squad firing the one-pounder was in charge of P. G. Wrighton, commandant of the R. O. T. C. Firing will be discontinued on the campus.

## NEWS REVIEW OF CURRENT EVENTS

**Conciliatory Course of Briand and Dr. Wirth's Promises Avert War Peril.**

**FRANCE NOT TO ACT ALONE**

**Allies May Make Upper Silesia an Autonomous State—Sinn Fein Raiders Burn Dublin Custom House—Senate Adopts Bohemian Naval Disarmament Amendment.**

By EDWARD W. PICKARD.

Clouds that had been hanging heavy over central Europe began to break away last week. Premier Briand, expressing his confidence in the good intentions of the German ministry, refused to let France violate the Versailles treaty by taking independent action in occupying the Ruhr. Prime Minister Lloyd George quit talking and dispatched British troops to help in restoring and maintaining order in Upper Silesia. Chancellor Wirth assured the entire allies Germany would not send regular troops into Upper Silesia and would do its best to stop the movement of arms and ammunition and to keep the German-Silesian border closed. Korfanty's Polish insurgents and the German residents of Upper Silesia continued their struggle, but perhaps with less enthusiasm.

Briand's attitude and actions were openly conciliatory and he successfully resisted the attacks of his political opponents who sought to force him to adopt measures which might rupture the entente and probably would lead to his downfall. He did not, however, relax in his firmness toward Germany. For he sent to Berlin an ultimatum giving Wirth 24 hours to reply satisfactorily to his former note in which the chancellor was warned that the sending of German troops or munitions into Upper Silesia would be considered a warlike act. Next day Briand told the chamber of deputies the German ambassador had assured him the German Upper Silesian frontier would be closed and the rebellious troops would be ordered to disarm and disband irregulars seeking to enter the plebiscite zone to fight the Polish insurgents.

The premier promised the chamber that Poland's interests would be safeguarded and the result of the plebiscite figures, in which the Poles obtained a majority of the rich industrial regions, would be the base for tracing the boundary.

Concluding his long address, Briand said: "Since Doctor Wirth has been at the head of affairs the German government has shown frankness and loyalty. He has fulfilled all promises, held to all engagements, and put them into execution."

"If at any time, on a question vital to France, the problem of adopting another policy should arise, I would not hesitate."

"Germany is satisfied with the demands for reparations. I maintained the accord between the allies at London and even with the Upper Silesian problem disturbing us the accord will be maintained more completely than ever owing to the return of the United States to the supreme council. In today's world crisis no people can live isolated. I will not permit France to find herself alone as in 1815 and 1870. I will not forget that in 1914 the British came, that the Americans and others. We have no right to forget that. We owe them something despite discussions and polemics. If it is possible to maintain this magnificent union it must be done in England's interests as well as ours. This policy does not exclude firmness. Our government can go from firmness to moderation, which is the best policy and which I shall not renounce."

Another step in the conciliation policy was taken Wednesday, when the French government began the demobilization of the class of 1919, which had been called up for the projected occupation of the Ruhr. All married men and those having dependents were at once released from the service. This was taken to mean that Briand has confidence in the ability of the German government to close the Upper Silesian border and to disarm the German irregulars who have been gathering to fight the Poles, and also that he has been assured of British military support in case further occupation of German territory is found necessary later on.

In Paris it is stated that the allies are likely to establish Upper Silesia as an autonomous state under the administration of the League of Nations or the supreme council. The British and Italians favor the creation of such a state for a period of at least thirty years, covering the term of Germany's reparations payments; and it is believed the plan will be accepted also by the French. Meanwhile it is likely the interallied commission in Upper Silesia will be reconstructed, civilians being substituted for the military officers.

China refused to sign the treaty of Versailles because of the Shanghai clauses; but now China has made what amounts to a peace settlement with Germany. By this pact Germany consents to the abrogation of consular jurisdiction and undertakes fulfillment of the obligations of the sections of the Versailles treaty relating to China and reimbursement of China's expenses for interfering Germans.

The long awaited trials of German officers and privates for war crimes began in the German high court at Leipzig, but the list of defendants has been cut down to 86 and none of the outstanding figures of the war appear on it. The first man put on trial was a former sergeant accused of ill-treating British soldiers in a prison camp. He admitted the truth of the charges, claiming the methods used were necessary to make the prisoners work in the coal mines, and was convicted and sentenced to ten months' imprisonment.

It is announced in Athens that the Turkish nationalists and soviet Russia have made a treaty based on mutual aid for the emancipation of all peoples of the East and the absolute right of self-determination. All pacts or conventions imposed by force on Turkey are denounced by the treaty, and the protocol of January 20, 1920, is made effective, giving Batum to Georgia and making Azerbaijan an autonomous state.

A raiding party of Irish "republicans" succeeded in destroying by flames the historic and handsome custom house in Dublin. They scattered gasoline throughout the great building and set it afire, and then delayed the fire department and fought a desperate battle with British troops that came to the rescue. Several of the raiders were killed by rifle and machine gun bullets, and a number of persons perished in the blazing building. All the archives of the government were burned. The Irish Times declares that this act of the Sinn Feiners is "not merely a blow to Irish pride and commerce, but it is a blow to all our prospects of peace. Its political effect in Great Britain will be to still further discredit the republican demands, but the effect in Ireland will be to increase the difficulties of any form of national settlement."

Serious riots broke out in Alexandria, Egypt, and before the British soldiers gained control of the situation there were many casualties. The natives attacked especially the English people, but the lives of all foreigners were in peril. English correspondents there say the riots were instigated by gold agents and were not an expression of political feeling on the part of the populace. Nevertheless, there is serious trouble impending in Egypt, and it is reported that hundreds of Bedouins are gathering at Hamish to take part in a general revolutionary uprising.

It now seems assured that the United States will take the lead in a movement for a naval construction holiday, or permanent disarmament plan. By unanimous vote, 74 to 0, the senate

adopted the Borah amendment to the naval appropriation bill which for a time was opposed by the administration, and there is little doubt that the house will accept its inclusion in the measure and that the President will give it his approval. The amendment authorizes and requests the President to invite the governments of Great Britain and Japan to confer with the United States for the purpose of promptly entering into an understanding by which the naval expenditures and building programs of the three nations shall be substantially reduced annually during the next five years. It is believed President Harding will issue the call for the conference at an early date after the navy bill becomes law.

The senate rejected the plan of the naval affairs committee for the establishment of a navy base at Alameda, in San Francisco bay, to cost \$100,000,000. The opposition, including several senators who asserted the plan was a real estate deal. Later the "regulars" regained control and the committee's amendment providing for an enlistment strength of 120,000 for the navy was adopted. The house bill reduced the number to 100,000. Altogether the senate bill carries about \$100,000,000 more than the house measure, and it may be tied up in conference for some time. One feature that may cause delay is the restoration of the appropriation for the navy yard at Charleston, S. C. This apparently induced many Southern senators to vote for the increase in enlisted strength.

President Harding journeyed to New York on the Mayflower early in the week and took part in memorial services on the pier of Hoboken for more than five thousand American soldiers who died abroad and whose bodies had just been brought home. Standing before the long rows of flag-draped coffins, the President delivered an address notable for pathos and sentiment. He said: "I find a hundred thousand sorrows touching my heart, and there is ringing in my ears, like an adieu call eternal, an insistent call—it must not be again! It must not be again! God grant that it will not be, and let a practical people join in co-operation with God to the end that it shall not be."

"I would not wish a nation for which men are not willing to fight, and if need be to die, but I do wish for a nation where it is not necessary to ask for that sacrifice."

In the evening Mr. Harding attended a banquet of business and financial leaders, to whom he said his aspiration was to inaugurate an era of understanding between the government and the people and between nations.

In Washington it is taken for certain that President Harding will nominate William Howard Taft to be chief justice of the supreme court of the United States and, indeed, the nomination may be announced before this is read. Mr. Harding let Mr. Taft know that he was his choice, and Mr. Taft permitted word to go back to the White House that he would be glad to accept. There can be no criticism of the President's selection.

Intense and general interest was aroused by the attempt of American golfers to carry off the British amateur championship in the tournament at Hoylake, Liverpool. An excellent team went across for the purpose, and in the preliminary four-times and individual matches it made a fine showing. But in the tournament these young experts, Evans, Jones, Outner and the rest, went down one after another. Only one lasted to the sixth round—Frederick J. Wright of Boston, who had been considered perhaps the weakest man on the team.

## TOMMY MILTON NOW SPEED KING

**WINS 500-MILE AUTOMOBILE RACE AT INDIANAPOLIS AFTER DePALMA QUILTS.**

**NEW SPEED RECORD IS MADE**

Distance Covered at Average Speed of Nearly 90 Miles an Hour. Prizes for Winner Total \$36,000.

Indianapolis, Ind.—Tommy Milton, world champion speed racer, picked an American car to the finish line first in the ninth renewal of the national racing classic, the 500-mile dash around the Indianapolis speedway on Memorial Day. Milton's victory came through a beautifully driven race which was won after Ralph De Palma, popular favorite for the victory, had set such a terrific pace during the first 250 miles that all of the foreign made cars, including his own, were forced from the track through mechanical troubles or minor accidents.

Of the 23 entrants, only eight completed the 500 miles and seven of these were American made machines. Ralph Mulford, driving another American built machine, was awarded ninth position without finishing, after all the others had dropped by the way side. Milton established a new track record for cars of not more than 183 cubic inches piston displacement by completing the 500 miles in five hours, 34 minutes and 44.6 seconds for an average of 89.62 miles per hour. The fastest time ever made in the speedway races was but twenty hundredths of a mile faster per hour, this mark being made by DePalma in 1915.

The victory brought Milton nearly \$35,000 in prize money, \$20,000 for first place, \$6,200 in lap prizes and the balance in special prizes given by accessory companies.

Less than four minutes behind Milton came Roscoe Scales, who had fought a bitter race with DePalma in the early hours and who held second position most of the way.

Aside from Milton, the work of young Ellingboe attracted considerable attention. The Crookston, Minn., pilot, driving on a brick track for the first time, made a great showing until forced out in the forty-ninth lap. Later he replaced Percy Ford and brought the latter's car from tenth position to third at the finish.

The other finishers crossed the line in the following order: Jimmy Murphy (replaced Eddie Miller), fourth; Ora Haibe, fifth; Joe Boyer (replaced Guyott), sixth; Ira Vail, seventh; Bennie Hill, eighth; Ralph Mulford, ninth. Haibe's English built car was the only foreign machine to finish.

## REPRESENTATIVE COLEMAN DEAD

**Calhoun County Legislator Passes Away After 4-Weeks Illness.**

Marshall, Mich.—State Representative Hammond A. Coleman, of this city, died Memorial Day after four weeks of illness, following an operation for appendicitis. He was 63 years old and is survived by a widow and one daughter, Mrs. Thomas Steele, of this city.

Representative Coleman's death is the first among members of the present legislature. He was very popular in Lansing, where he was serving his second term as representative for the eastern district of Calhoun county.

He was for many years one of the most prominent figures in the county, coming here when quite young. He engaged in wool growing and branched into many other activities as a handler and wholesaler, banker and merchant. He always took a decided interest in politics, although not often seeking office. He was at one time mayor of Marshall.

## POSTAL CLERKS ELECT OFFICERS

**Ann Arbor Chosen as Next Meeting Place for Association.**

Kalamazoo, Mich.—Frank Bassett, of Detroit, was elected president of the Michigan Postal Clerks' association at the annual convention here Monday. Ann Arbor was chosen as the meeting place for next year. The convention will be held on Memorial day.

Other officers are: Vice-president, Roy C. Maynard, Kalamazoo; secretary-treasurer, Henry Lutke, Bay City; members of the executive committee, Frank Bassett, Roy Maynard and Henry Lutke.

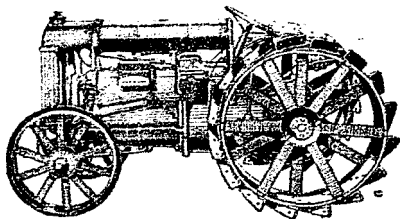

## GERMANY MAKES FIRST PAYMENT

**Completes Assessment of One Billion Marks for Reparations.**

Paris.—Germany completed payment Monday of the one billion gold marks due as the first payment of reparations under the peace treaty, when 20 German treasury notes equivalent to 500,000,000 gold marks, were handed to the reparations commission by the special courier of the German government who brought the notes from Berlin. Germany's few days ago made a first payment of 150,000,000 marks on the sum due.

Eighth Grade Examination.

Contrary to expectation, Supt. T. E. Johnson has sent word to all the school commissioners of the state that there will be a second examination for the 8th grade on June 9 and 10. This is for those who were ill or quarantined at the time of the examination May 12-13. This examination will be held at the Court House, Ann Arbor, and each applicant will be required to furnish a physician's statement that he or she was ill or quarantined on May 12-13.

A Communication.

Owing to the controversy having arisen over a few remarks made by one of our townspeople concerning the patriotism of the public schools, would like to say: Our schools were closed for legal holidays from Friday evening, May 27, until Tuesday morning, May 31. To have sung in a body as we were asked to do, each room should have been in the charge of its own teacher. Owing to the vacation, a great many were out of town and a number of the children, so the request was made to the ones here, out of the respect to the living and also the dead, to present themselves at the program Monday a. m., with flags and march in silent tribute to the cemetery. As far as commanding such things to be done on legal holidays, it was entirely out of my jurisdiction. We hope that those who found it quite necessary to make remarks of a slighting nature, concerning our patriotism, will look into the matter more fully before these things are said again.

Thanking you kindly, Bess Marie Elliott.

36 1/2 Miles to a Gallon of Gas.

In a recent test to show the effect of careful driving on gasoline consumption a Chevrolet "Four-Ninety" Touring Car established the record rate of 36 1/2 miles to the gallon. All five Chevrolet cars used averaged 33 1/2 miles to the gallon.

The conditions of this test will interest every automobile owner. For economy is the greatest factor in motor transportation. And it means a great deal to know that the expense of operation is entirely within the driver's control.

It was to prove this point that the test made in Seattle, Washington, was undertaken. Chevrolet "Four-Ninety" cars were chosen because they are so widely used and because practically everyone is familiar with the fact that between twenty and twenty-five miles to the gallon is their usual average.

The rules forbade any change other than carburetor adjustments and a careful inspection was made at the start to make certain that each car was in standard condition. The route, 15 1/2 miles long, was carefully chosen to include as nearly as possible the average conditions of daily travel, hills, city traffic and country roads. There was no limit. And each driver was accompanied by an impartial observer.

At the start each gasoline tank was filled to overflowing. When the cars arrived at the finish line each tank was again filled to the brim from an accurate one gallon measure and the balance poured from the measure into equal half-gallon glass jars.

By measuring the quantity in the latter it was found that the winning "Four-Ninety" had used slightly less than a half gallon, or at the exact rate of 36 1/2 miles to the gallon of gasoline!

All five had averaged 33 1-5 miles to the gallon. Adv.

The friends of Miss Madeline Berke, of Manchester, have received the announcement of her marriage, Saturday, May 28, to Charles Gornley, of Norvell. They will make their home at Clark's Lake where the groom has a position. The bride's parents were former residents of Sylvan.

It makes a person riding in a Ford feel foolish to be traveling through the country with an eye over his shoulder for the speed-cap, the Tin Lizzie doing its best, and then have one of those "big boys" drive by us though you were standing still, and yet figure the "big one" is inside the speed limit.

Recent sales reported by Palmer Motor Sales are: touring, Truman Lehman, Jacob Koenigster, Dr. Andros Gulde, Mrs. Martha Runciman, Levi B. Palmer, Jacob Bauer, George Haefner, sedan, E. H. Chandler, coupelet, John Grant, W. Runciman, D. F. Riley, ton truck, A. C. Munn, Bacon-Holmes Co. Fordson tractor, F. E. Stewart.

The barn, 36x70, and lean-to, 36x20, on the farm of C. D. Jenks, in Sylvan, was struck by lightning and destroyed about six o'clock last Friday evening. About 30 tons of hay, 50 bushels of beans, and several farm tools were burned. The blaze burned so much headway when the neighbors arrived that it was impossible to save any of the contents. The loss is estimated to be between \$3,000 and \$4,000, covered by an insurance of \$2,300.

## UNDER THE SPELL OF CAPES

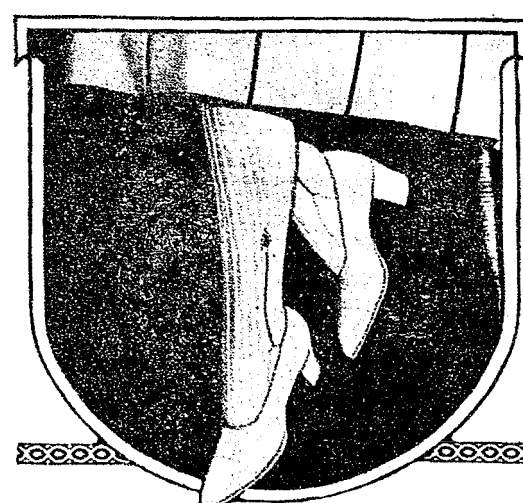

AMONG those present in every assemblage of the fashionably clad, there are many that wear capes, and their number seems to increase every day and everywhere. For all sports, for street and travel, for day and evening, there are capes and more capes, so that any woman with an ambition to wear this most debonair of garments would hasten to gratify it. Probably the new materials used are partly responsible for its great vogue and street suits that consist of a one-piece dress with cape to match, instead of a coat, promote its reign. To the knickerbocker and coat suits of wool worn for golfing, devotees of that sport add a cape to match for extra warmth when it is needed.

A generous supply of materials suited to capes for utility wear includes both wool and silk weaves, smooth and rough surfaces. Many of these capes look like a steamer rug in a new role. The cape at the left of the two pictured is a fine example of this comfortable wrap with its scarf

to match. One especially attractive, smooth-faced cloth in navy blue with indistinct cross bar in red, has inspired the longing for a cape of it in many hearts. For utility capes and for sports wear the knitted materials appear to have put designers under a spell and in silk they invade the realm of capes for dress. One of these appears at the right of the picture, showing a somewhat complicated development of the cape and the usual fringe trimming.

But for dressy capes nothing rivals crepe-de-chine and all its sister crepes. There are many of them, too many to remember the various trade names that have been given them, and they make glorious wraps. Fringe is the favorite trimming for them, but applique motifs made of the material are ingeniously used on those with the smoother surfaces and these are wonderfully effective in crepe-de-chine. Many of these crepes reveal two colors in their weave.

## The Brief Story of Hosiery

THE plain stocking of silk or cotton continues to occupy the imagination of the great majority of women when the time comes to acquire new hosiery. Beyond an interest in the qualities and prices in this particular variety of hose, they are not concerned, and they can afford to be indifferent, since the plain silk stocking, in good qualities, is not outvied by any other styles. It is appropriate for the most formal and the most informal of costumes. Therefore the story of hosiery is a brief one, dealing chiefly with variations in silk weaves, with certain extravagances of style and a very few innovations.

These innovations are the only hose that need to be illustrated; everyone is familiar with the standard varieties. Among the newcomers there are promising cashmere hose, as shown in the picture above, woven in stripes or drop-stitch and finished off with clocking. Among them, as in silk, there are a few unusual weaves, but they are not popular. The light weight golving and sports stockings reveal dark brown and dark green mixtures, which have the appearance of being wool and silk combined, but may be of mere-

cerized cotton. In gray there are patterns, showing shades of gray with white and lavender or with white and black in large squares crossed by bars in white. Heavy ribbed silks, sometimes in two colors, present themselves for those who prefer silk hose to any other kind, for every sort of wear.

In a class by themselves are the fine silk hose elaborated with silk embroidery, with drop stitch stripes, with lace insertions or even with bands. They are shown in colors and in black and white. This season hose to match low shoes and slippers, universally worn are preferred to those matching the dress. Therefore gray, beige, brown, tan (in many shades), gold and bronze are much in evidence, the gold color to be worn with cloth of gold slippers and silver gray with those of silver tissue. Some of these gold colored hose have gold colored beads applied to them in simple patterns.

## ADDS TO LEGION'S STRENGTH

Commander of Minnesota Department Has Way of Doing Things That Gets Results.

Under the direction of A. H. Vernon, commander of the Minnesota department of the American Legion, that state has become one of the strongest Legion departments in the country.

Commander Vernon's theory is that success comes to the Legion in proportion to the service it gives to its members and to the state.

In carrying out this policy he has built up a Legion Service bureau which handles one thousand ex-service claims a month and a department branch of the American Legion News Service.

Early in 1921, when the Federal board for vocational education prepared to send representatives to six state centers in the state to examine disabled veterans, the authorities were handicapped by a lack of publicity. Commander Vernon prepared twenty thousand large posters and placed them on every billboard in the state. This was supplemented with information to every newspaper in regard to where every disabled man should report to receive compensation, vocational training and medical treatment.

When an unexpected number of veterans enlisted for vocational training, Mr. Vernon appeared to 20,000 business men to place the men in their establishments. The merchants and manufacturers responded with a good will and all the vocational students were placed to good advantage.

## MERITED TRIBUTE TO LEGION

Leslie's Weekly Editorially Honors Brave Men Who Served in the World War.

"The American Legion begins to look like a full-page composite photograph of biographic Americana from Putnam to Pershing," reads a recent editorial in Leslie's Weekly. "It moves with the weight of the 'Battle Hymn of the Republic' and the levity of 'Yankee Doodle,' with a blundering yell from 'Dixie.' Its large composition is a token of great trust, and the old Roman legions, and other legions of time, begin to look like pop-guns. It neither tries to roar with a lion's heart, nor win a woman's—quite different from the pomeaded musketeers of Potsdam. Its manners are quiet; its memory is excellent; its emotions are strong, and it is prepared to roll up the refractory elements in one bundle and hang them on one hook."

"Without a proclamation, an agitation or unloosing a pack of schemes, it has created a civil prestige to match its military splendor. Old soldiers of all ages and all lands are prone to harp on one string, but the tramp of the Legion is in time and tune with all the chords of throbbing life. It is not merely handsome clay in uniform; but shrouded in manhood from its toes to its brains. It has that delightful mixture of sense and spirit, of power and civility, of shop and farm, which tickles the popular taste. It neither bleats over its woes nor boasts of its prowess."

"When the mighty military machine dissolved in our citizenship the fragments coalesced through the sympathetic attraction of a high purpose—for in defending the institutions of America the Legion learned how to value them. Thus it possesses a moral prerogative to tread down lurking disloyalty. We are proud to be the fathers and mothers, cousins and aunts of the Legion. We shall sleep sound at nights. And when the historian winds up the task of glory-painting its battles we trust that he will use a golden drop of ink in stating that congress dealt a belated, but a glad and generous, bonus."

## FATHER MORAN AIDS LEGION

Former Army Chaplain Assists in Obtaining Armistice Day Legislation in Minnesota.

When the Minnesota American Legion state legislative committee at the opening of the state legislature a appointed sub-committee to pilot its various bills through the house and senate, Father D. J. Moran of Farmington, was made chairman of the Armistice day committee.

Attacking the job with Argonne fervor, Father Moran obtained the passage of a bill declaring Armistice day a legal holiday as the first piece of Legion legislation enacted into law.

As army chaplain, Father Moran served ten months overseas. He is an ardent Legion lecturer and worker. When he returned from France in September, 1919, and found no Legion post organized in Farmington, he headed straight for Legion state headquarters, obtained the necessary blanks and within a week had established one of the most active posts in Minnesota.

## FORCED TO FIGHT FOR HER BREATH

Nashville Artist Tells of Terrible Suffering Experienced by His Wife.

**HUSBAND GOES DOWN HILL**

Finally Both Decide to Put Tanlac to Test and as a Result Have Enjoyed Best of Health for Past Three Years.

"Both my wife and myself have put Tanlac to the test and we call it the greatest medicine in the world," said J. T. Montanant, 1123 Third Ave., North, Nashville, Tenn., artistic sign painter for the Cusack Company. Mr. Montanant has lived in Nashville for nearly thirty years and is highly respected by all who know him.

"Before my wife took Tanlac she suffered so badly from gas on her stomach and heartburn that she often said she felt like she was smothering to death. She actually had to sit up in bed to get her breath."

"Well, in a short time after she began taking Tanlac her trouble disappeared and she was like a different person. Seeing the good results in her case, I began taking the medicine myself and it soon had me feeling like a brand new man."

"Up to that time I had been troubled with indigestion. I had no appetite and the little I did eat seemed to do me about as much harm as good. I felt so tired and languid I hated to move around, and was getting in such a run-down condition that it worried me."

"Tanlac acted with me just like it did with my wife, and although that was three years ago we have enjoyed the best of health all along. However, I keep a bottle of Tanlac in the house all the time, and when I feel myself getting run down the medicine soon has me feeling all right again. I am convinced that Tanlac is without an equal. Our friends all know how it helped us and I don't hesitate to tell anyone about it."

Tanlac is sold by leading druggists everywhere.—Adv.

To be sure, the majority may be wrong, but you have to live with it, don't forget that.

If all men were to get what they deserve we should have to build more jails.

## ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monacofeldt and Salfeldt.

Profiteering? Well—

Officials of a department store in Sacramento recently advertised in local papers that on a certain day they would devote the entire space in one of their display windows to an exhibit of the goods in which the store was profiteering. The day arrived. Crowds of women found the window empty.

## WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions. Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

## Baby Specialists.

THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles: all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond.

But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies.

Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly!

Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

## Children Cry For

## CASTORIA

## The False and the True.

Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit.

Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big splurge, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little one.

To them: to these true mothers no argument can induce them to set aside their bottle of Castoria, their old friend, that they might try even another and unknown remedy for babies. Then, would YOU think of going to YOUR OWN medicine chest to find relief for Baby's troubles? Can you not separate the false from the true?

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA
