

## DR. DEFENDORF IS SERIOUSLY INJURED

Struck By Truck And Hip And Ribs  
Broken. Friday, While Visiting  
With Relatives In Ionia.

Dr. Byron Defendorf, 63 years of age, was seriously injured Friday in Ionia, where he went Thursday to visit at the home of his sister-in-law.

While crossing the street, he noted an approaching auto-truck and turned back. The truck driver also swung in the same direction to dodge behind the doctor and applied the brakes so suddenly when he stepped back that the rear end of the truck skidded around and struck Dr. Defendorf. At least one rib was broken, and his hip probably broken, although the exact nature of the injury to the limb had not been determined on Sunday.

Mr. Brosius, superintendent of the Methodist Old People's home where Dr. Defendorf had resided for the past three years, and S. A. Mapes drove to Ionia, Sunday, expecting to bring the doctor back to the "home," but on account of the evidently serious injury to his limb decided to leave him there for a time. Mr. Brosius thinks he can be brought back to the "home" within the next two weeks.

## FORD SEDAN WRECKED.

A Ford sedan was struck by a west bound Michigan Central train about three o'clock Tuesday morning on the crossing just east of the cement plant, and badly wrecked. Two young men riding in the car jumped and were un-

injured. The train stopped and both men were brought into Chelsea. They told the railroad men that they were driving through from Texas, but disappeared soon after reaching town without leaving their names. Local officials think perhaps the car was stolen and are investigating.

## FREY FAMILY REUNION.

The Frey family reunion was held Sunday at Wampler lake, and an excellent time is reported. Mrs. Fredrick Klingler, nearly 80 years of age, was the oldest member present, and the nine months old child of Mr. and Mrs. Leigh Luick was the youngest. At the business session Mrs. Herbert Rank was elected president for the ensuing year. Those present were:

Mr. and Mrs. Adolph Gross and family, Mrs. Carrie Rank, Mrs. Fredrick Klingler, Mr. and Mrs. Wilber VanKiper and daughter Virginia, Mr. and Mrs. G. F. Gross, Mr. and Mrs. Leigh Luick and daughter Jean, Mr. and Mrs. Fred Klingler, Mr. and Mrs. Chris Klingler and children, Ralph, Harold, Fern and Wilber, Mr. and Mrs. John Hauser and family, Mr. and Mrs. Herbert Rank and son Donald, Julius Gross, Mr. and Mrs. Clarence Eschelbach, Miss Hilda Gross.

## MRS. EDNA JOHNSON.

Mrs. Edna Johnson, 86 years of age and a resident at the Methodist Old People's home here for the past four years, died Sunday, September 11, 1921. Funeral services were held Monday morning, Rev. Butty and Rev. Jones officiating. The body was taken to Oberlin, Ohio, for interment.

## BIG YIELD WHITE WHEAT

Farm Bureau News Says That Harold Spaulding Had Best Field In Washtenaw County.

For several years past the Chelsea Roller Mill has urged farmers in this vicinity to raise only white wheat for use in blending with other grades of wheat used in the manufacture of flour, and offered the same price as for red wheat, which usually brings a higher price. White wheat gives a better yield than red wheat, too, and so with the price the same, local wheat growers got a better price than in most localities and the mill takes all that is raised here. Regarding Mr. Spaulding's crop the Farm Bureau News says:

"Anyone who saw the field of white wheat grown this year by Harold Spaulding on the Manchester road can appreciate what careful selection of seed and good cultural methods will do towards producing a bumper crop. Many people who saw Mr. Spaulding's field of wheat stated that in their opinion it was one of the best fields of wheat grown in Washtenaw county during the past season. The record of his yield of 31 bushels per acre tends to verify their statement. He has had yields as high as 50 bushels per acre but the average has been about 40 bushels. The variety which is most generally grown is the 'Abundance'."

## WILL ERECT NEW SHOP.

William F. Wheeler has purchased the Frey lot, 22x132 feet, on West Middle street, adjoining A. G. Faust's property and just west, across the alley, from the Sylvan town hall, and will erect a building 22x60 for his blacksmith business. The building will be one story high, and probably with a kellestone exterior finish. Mr. Wheeler hopes to be located in his new shop before snow flies.

## STRUCK BY AUTOMOBILE.

The seven-years old daughter of Mr. and Mrs. Albert Ashfall was perhaps seriously injured Tuesday when she ran in front of Jacob Lehman's automobile, on South Main street, in front of the Chelsea Sewer Co. plant. At first her injuries were not considered serious, but she has since been taken to Ann Arbor for an examination and treatment of her foot and limb.

## Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions. All druggists. Circulars free. E. J. Chesney & Co., Toledo, Ohio.

## ATE POISONOUS FUNGI.

Mr. and Mrs. Michael Kappler of Sylvan and their guests, Mr. and Mrs. W. J. Jaquillard, of Toledo, and John Otto gathered and ate a quantity of toadstools, Tuesday evening, thinking they were edible mushrooms, and later in the evening all were taken very ill, summoning medical aid about nine o'clock. All had symptoms of fungus poisoning; vomiting, chills and fever, accompanied by considerable pain; but finally responded to the physician's treatment, without any serious results from the harrowing experience.

## OUR NEIGHBORS' DOINGS

What's Happening In Neighboring Towns and Localities.

ANN ARBOR.—The fifty-sixth annual reunion of the Twentieth Mich. Vol. Infantry was held here Wednesday, with 35 veterans attending. It is believed that 125 of the veterans still survive. The Twentieth Michigan was commanded by the late Col. C. B. Grant of Detroit, who for 29 years was a justice of the supreme court of the state. His comrades on Wednesday appointed a committee to draw up resolutions of respect and regret at his passing. President Emeritus Harry B. Hutchins of the University of Michigan, one of the speakers of the occasion, eulogized Judge Grant.

SALINE.—Fire partially destroyed the large garage of George Cook of this place between four and five o'clock Wednesday morning and severely damaged 20 automobiles, three tractors and one auto house which were stored in the garage. The fire started from an unknown cause and was detected shortly after four o'clock when smoke and flames were seen ascending from the ventilator. An alarm was at once spread but the fire had gained such headway that it was impossible to stop it until much damage had been done. The loss had not been estimated at a late hour Wednesday afternoon. The automobiles were partially insured while the building is reported uncovered by insurance.

ANN ARBOR.—Sara Goffe, doing business as the Ann Arbor Stamping & Metal Co., through her attorneys, has commenced suit in the Washtenaw circuit court against 57 insurance companies, for a total of \$383,650. The suits are to recover insurance on a fire which practically destroyed the Goffe plant on December 31st. None of the companies have so far paid the insurance, though some have manifested a desire to pay, it is said. A complete inventory and appraisal of the property has been made by Professor L. M. Gram and Professor H. C. Anderson of the engineering college of the University of Michigan. The appraisal shows a loss of between \$250,000 and \$300,000, it is said. The delay in getting insurance paid has worked a great detriment to the business, according to the owner.

Household specialists of the United States Department of Agriculture recommend that bristle brushes be washed with lukewarm water and a little ammonia (three teaspoonfuls dilute ammonia to the quart) or borax (one teaspoonful to the quart) and then rinsed in clear water. Water is likely to injure the back of a brush and to loosen the cement by which the bristles are held in place in the less expensive makes. The brush, therefore, should not be covered with water but be washed by soaking the bristles back and forth in shallow water; it should be dried with the bristles down or with the weight resting on the side of the brush. The drying should be done quickly, but not in an intense heat. Drying in sunshine whitens light bristles. The weighted bristle brush used in polishing floors should be washed occasionally to prevent the

## A Grateful Letter.

It is in trying conditions like that  
related below by Mrs. Geo. L. North  
of Naples, N. Y., that proves the  
worth of Chamberlain's Colic and  
Diarrhoea Remedy. "Two years ago  
last summer" she says "our little boy  
had dysentery. At that time we were  
living in the country eight miles from  
a doctor. Our son was taken ill sud-  
denly and was about the sickest child  
I ever saw. He was in terrible pain  
all the time and passed from one con-  
vulsion into another. I sent my hus-  
band for the doctor and after he was  
gone thought of a bottle of Chamber-  
lain's Colic and Diarrhoea Remedy in  
the cupboard. I gave him some of it  
and he began to improve at once. By  
the time the doctor arrived he was  
out of danger." Adv.
