ATTEND THE LEGION SHOW

Lambert-McMahon Wedding.

Miss Edna Lambert and Mr. John McMahon, of Ann Arbor, were united in marriage at the home of the bride's parents, Mr. and Mrs. Chas. Lambert, of South Main street, at 5 o'clock Tuesday afternoon, March 7, 1922, Rev. G. W. Krause conducting the services.

The couple were attended by the bride's sister and her husband, Mr. and Mrs. Charles Truesdell, of Ann Arbor. Mrs. G. W. Krause played the wedding March and the ceremony was witnessed by twenty-five relatives and friends.

The bride has been employed as clerk at Schneider's store for a few years. The bridegroom served in the U. S. Army during the World War. The couple will leave for California about the 20th of this month.

Following the ceremony, a wedding supper was served.

Eighteen-Foot Bridges.

Few highway bridges with a width of roadway less than 18 feet are now being constructed on improved roads, according to engineers of the Bureau of Public Roads of the United States Department of Agriculture. In the past some of 12 feet and a good many of 16-foot width have been constructed in an effort to economize but it has proved short-sighted economy. Only one line of traffic can pass over a 12-foot roadway and 16 feet of width will not accommodate two lines in safety. Many of the States such as Pennsylvania, New Jersey, Ohio, and Massachusetts have found it advisable in replacing old bridges on important roads to make them wide enough to accommodate three and four lines of traffic.

North Sylvan Grange.

Regular meeting North Sylvan Grange, Friday evening, March 10, at the home of Mr. and Mrs. P. M. Broesamle, on Orchard street. Program as follows:

Selections—Broesamle Orchestra.

Roll call—Answer with Irish Witticism.

Cornet solo—Kenneth Broesamle.

Duet—"Little Bit of Heaven," by Rev. H. R. Beatty and H. O. Knickerbocker.

State Grange Report—By Mr. and Mrs. N. W. Laird, followed by questions.

Selection—Broesamle Orchestra.

Lunch will be served. Please bring dishes.

Farmers' Club Meeting.

The Western Washtenaw Farmers' Club will be entertained by Mr. and Mrs. J. L. Becker and Mr. and Mrs. E. A. Lowry, March 17, 1922, at the home of Mr. and Mrs. E. A. Lowry.

Program as follows:

Roll call—Irish witticism.

Music.

Song by the Club.

Reading by Mrs. J. N. Dancer.

Song by Rev. E. A. Carnes.

Question box.

Music.

Reading by Mrs. S. P. Foster.

Song by Mrs. J. L. Becker.

How to Grow Alfalfa.

Seed on well drained fields.

Prepare seed bed thoroughly.

Apply ground limestone, marl or hydrated lime.

Inoculate soil where alfalfa or seed cover has not been grown successfully.

Plant hardy strains.

Cut for hay when the new shoots start.

Harrow old stands after cutting to check June grass.

Announcements.

B. V. R. C. will meet with Mrs. Hoag Monday evening, March 13.

Regular meeting Olive Chapter, No. 140, R. A. M., Friday evening, March 10.

The S. P. I. will meet Monday evening, March 13, with Mrs. O. D. Schneider.

Regular meeting of the L. O. T. M. on Tuesday evening, March 14.

Initiation.

Philathen circle will meet Wednesday, March 15, with Mrs. Irvin Weiss. Scrub lunch supper at six o'clock.

Regular convention of Chelsea Lodge, No. 194, K. of P., on Monday evening, March 13, 1922. Work in the rank of Esquire.

There will be a Ribbon social given by the pupils of Dist. No. 2, Sylvan, at the home of Louis Kilmer, Friday evening, March 17.

The Young Ladies' Chapter of the Congregational church will meet Tuesday evening, March 14, with Misses Jennie and Josephine Walker. Scrub lunch at 6:30.

Lafayette Grange will meet at the home of Mr. and Mrs. Geo. Chapman, Thursday evening, March 16. An old fashioned spell-down will be the feature of the evening.

The Pythian Sisters will give an old-fashioned dance and card party at the K. of P. hall, Friday evening, March 17. All K. of P.'s and ladies, Pythian Sisters and escorts, are invited. Bring friends.

Republican Township Caucus.

The Republicans of the Township of Sylvan will meet in caucus in the town hall in the village of Chelsea, Michigan, on Saturday, March 11, 1922 at two o'clock in the afternoon of said day for the purpose of placing in nomination candidates for the various township offices to be voted for at the annual township election to be held on April 3, 1922 and for the purpose of transacting such other business as may properly come before said meeting.

Dated March 6, 1922.

By Order of Committee.

FEBRUARY HONOR ROLL

CHELSEA PUBLIC SCHOOLS

Following is the honor roll of the Chelsea public schools for the month of February:

Kindergarten—Annie Gleason, Verma Adams, Junior Wilson, Ruth Jones.

First grade—Erna Dettling, Anna Geddes, Margaret Goetz, Lillian Peters, Jennie Scripser, Lisetta Widmayer.

Second grade—Anna Schneider, Eunice Jane Gulde, Donald Adams, Carl Schneider, Mildred Youngs.

Third grade—Clarence Hagadon, Margaret Heeselschwerdt, Frances Kantlehner, Evelyn McManus, Karl Vogel, Mary Jean Winans.

Fourth grade—Dorothy Hauser, Enid Freeman, Jack Becker, Leland McDaid, Jean Turnbull, Bernadine Moore, Hazel Baxter, Howard Oesterle, Loretta Bahnmiller.

Fifth grade—Thelma Bahnmiller, Janet Becker, Janet Neckel, Vera Stainer, Gertrude Young, Raymond Dancer, Lester Johnson, Claude Rogers, Lawton Steger, Frederick Steiner.

Sixth grade—Fannie Geisman, Mildred White, Oleta Seitz, Ruth Vogel, Katharine Nicolai, Agnes Dancer, Ruth Freeman, Dolores Goebel.

Seventh grade—Roland Widmayer, Ivan Baldwin, Gertrude Weinberg, Paul Axtell, Mae Hamp.

Eighth grade—Helen Dancer, Wilhelm Nicolai, Helen Lowry, Dorothy Cavanaugh, Marguerite Widmayer, Howard Faber, Edith Trolley, Clara Laverock, Lucia Bollotat.

High School

4 A, 1 B—Ruth Dancer.

2 A, 2 B—Dorothy Dancer, Helen Lambert Anna Rogers.

1 A, 3 B—Ettie Bowdish, Lucile Broesamle, Dora Chandler, Gladys Forner, Vera Harvey, Gorton Reithmiller.

1 A, 2 B—Donald Collins.

2 A—Clayton White.

5 B—Florence Schmidt.

4 B—Gertrude Eppler, Glenna Gage, Dorothy Hasselschwerdt, Mildred Heller, John Kling, Irene Sager, Marie Sager.

3 B—Alice Baldwin, LeRoy Buerle, Mabel Ellsworth, Laura Foster, Lois Grabill, Lillian Hathaway, Herbert Huehl, Oleta Hutzel, Florence Turnbull, Clarence Vogel, Emily Weinman, Leonard Withereil, Ralph Axtell.

March Term of Court.

Important criminal cases will be tried at the March term of circuit court which opened Monday.

The jury reported Tuesday morning at 10 o'clock in the forenoon and on Monday the lawyers met to go over the docket.

The first case, which will occupy the attention of the jury is the case of the People against Sam Stanich, charged with robbery armed.

Last term the jury sitting in this case disagreed and was discharged.

Second on the list of criminal cases is the trial of George Rogoch charged with manslaughter in connection with the death of Raymond Fletcher, of Ann Arbor.

The criminal case of Russell Langworthy will be tried following the Rogoch case and fourth on the docket is the trial of Peter Orlando, charged with murder.

Several defendants will also be tried, charged with violation of the prohibition law.

Chief among the civil cases to be tried at the March term is the case of William L. Waltz, trustee, against the Peninsular Fire Insurance company of Grand Rapids, which is a test case for the 15 insurance companies which have been made defendants in the suit of William Waltz, trustee of the Jacob Goffe Stamping and Metal company, to collect insurance.

The Old Nest.

When "The Old Nest" comes to the Princess Theatre on Wednesday and Thursday, March 15 and 16, the people of Chelsea will have a chance to see a picture that has been hailed by critics and reviewers as the most satisfying all-American picture that has yet been produced.

The theme, that of a mother who sees her children leave her, is one, as is common to American families. All the poignancy of feeling that these leave-takings arouse in real life have been caught on the screen.

Rupert Hughes is the author of this unusual tale of mother love. He has sought to present a cross-section of a universal family. All the joys and sorrows connected with raising a family have been dramatized. Each of the children grow to manhood or womanhood with his own individual interests, then leaves the old nest to follow the call of his desires. Only their mother is left to her loneliness and her memories. But, as in every American family, the young remember the old nest and return to it.

The picture was produced by Goldwyn and was directed by Reginald Barker. Mary Alden plays the old mother, and her performance has been said to be a masterpiece of screen acting.

Democratic Township Caucus.

The Democrats of the Township of Sylvan will meet in caucus in the town hall in the village of Chelsea, Michigan, on Tuesday, March 14th, 1922 at three o'clock in the afternoon of said day for the purpose of placing in nomination candidates for the various township offices to be voted for at the annual township election to be held on April 3, 1922 and for the purpose of transacting such other business as may properly come before said meeting.

Dated March 7th, 1922.

By Order of Committee.

Cavanaugh Lake Grange.

Cavanaugh Lake Grange will meet at the home of Mr. and Mrs. Delbert Kto, Wednesday afternoon, March 15, 1922. After the business meeting the following program will be rendered:

Song.

Roll call—Men respond by naming things they would like to have grown in the vegetable garden.

Women respond by naming the flowers they would like to grow.

Reading—Mrs. O. D. Sommerville.

Topic—Shall we have a State income Tax in Michigan? Opened by James Richards.

Recitation—Clarence Kruse.

Instrumental music.

Topic—The best way of mending socks and stockings. Opened by Mrs. P. Schweinfurth.

Reading—Florence Kilmer.

Closing song.

Scrub lunch.

Reserves Score an Easy Win.

The St. Mary Reserves of Chelsea scored an easy victory over the Detroit "B" at Chelsea Sunday, the score of this game being 63 to 16.

As usual the Chelsea quint managed to sew up the game in the first period, leading at the end of the half by a score of 63 to 16. Chelsea presented a passing game which the Detroiters were unable to withstand and also put up a defense which held the visitors safe until there was no possible doubt as to the outcome.

Madden led in the scoring from the field with a total of nine field goals. He was closely followed by the Hoffman brothers, who cashed in on eight baskets apiece. Sklan, the Detroit center, was the leading scorer for the visitors, with four field goals and four points from the foul line to his credit.

American Legion Show.

The American Legion show that is to be given by the members of the Herbert J. McKune Post of Chelsea, at the town hall, Friday and Saturday, March 17 and 18, is going to be one of the largest affairs of its kind ever given in Chelsea.

There are going to be twenty-five actors in the cast and a goodly share of them are going to be girls. The plot of the show is very funny and gives all of the actors an opportunity to display their wares to the best of their ability.

The songs are all catchy and the chorus girls are said to be the best to be had. In one way they will excel any professional show that one might attend and that is beauty and youth.

If Mr. Zigfield were to see the chorus girls that are to be in the Legion show he would be green with envy and no doubt would offer some of them engagements.

The costumes are going to be something new and many new creations are to be shown on the stage that night.

Mr. Turnbull, who is producing the show, was in Detroit, Saturday and Sunday, arranging to secure the wardrobe of the Polles show which recently closed there due to the illness of Bert Williams, the negro comedian who died in New York Monday.

The tickets are on sale at Fenn's store and from Legion members. In order to reserve seats, everyone is urged to get their tickets early, as there is quite a demand for them already.

Improve Kitchen Arrangement.

A housewife will waste time and expend much valuable energy, in spite of all the labor saving devices on the market, if she has a poor arrangement of sink, stove, work table, and light in her kitchen.

Nothing is more important than correct placing of these items of "kitchen furniture," if one would bring efficiency and economy into the household routine.

Often, in kitchens built a number of years ago, the position of the stove cannot be changed, but its height can be changed. Why stoop over your stove if you are tall? Few stoves are too high, but a low stove can be easily elevated. Thirty-nine inches has been found to be the average height which would suit the average woman.

A simple extension of the electric cord can make all the difference in the world in lighting convenience, a sufficient number of hooks are placed at different intervals about the room. There is no use working with your shadow on your work.

The table can be adjusted even more easily than the stove, and if equipped with rollers, time and wearisome labor can be cut amazingly.

Then, since you have to work with certain tools, keep them in good condition. For fifty cents you can buy a splendid knife sharpener which will keep your paring knives at the height of usefulness. See to it that the knives themselves are fitted with handles which fit the hand and are of rust-proof material.

A dish drainer—have you ever tried one?—will prove one of the greatest boons you ever had. You can buy one for a mere trifle and save dollars in time energy by the process of scalding the dishes and leaving them to dry themselves. Steel wool solves the problem of wrestling with food burned into your pans—a whole box for ten cents, too, or, for the same price, a Mystic Mit, which will answer the same purpose and save hands as well.

Last, but not least, a fireless cooker. Friend husband can make one. Very good makes are on the market, too; but ready-made or home-made, see to it that one is in your kitchen and you will have paved the way for many extra hours.

By Home Economics Department, Michigan Agriculture College.

NATIONAL CAPITAL AFFAIRS

Bolivia Wants Free Access to the Sea

WASHINGTON.—The request of the Bolivian government for representation in the treaty of Ancon conferences in Washington between Peru and Chile was refused with regret by President Harding.

In his reply, which was made public by the State department, Mr. Harding says that the matter of Bolivia's participation in the conference is a matter for the "exclusive consideration of the two governments concerned" and that, in the circumstances, he was precluded from taking the initiative suggested by the Bolivian government.

In his message to President Harding, the Bolivian president declared Bolivia had been unable to gain the ear of Peru and Chile, in the matter of its aspirations for a route to the sea, and added, among other things: "My country's insistent protests

have been answered by Chile invoking the text of the treaty of October 20, 1904, by which Bolivia transferred to it the sovereignty over her whole coast. But the treaty of 1904 was not a free, spontaneous act.

"There is no people, no matter how unfortunate, who will cripple their own sovereignty, who will of their own free will, give up intercourse with the other peoples of the civilized globe through the vehicle of all human commerce, the ocean. In order to bring this about, the exertion of a very powerful pressure, . . . must necessarily be presumed. That is just what the pact of 1904, the outcome of a war, unjust in its origin and unequal in its progress, did.

"But that treaty is not only unjust because it cuts a whole people from free connection with the ocean, which they have had from the day they were born to autonomous existence but as an enforced decision, it will forever be a source of uneasiness and unrest to the peace of South America, for so long as Bolivia is not reinstated in the territory of which she was despoiled, it will keep stirring the conscience of the world with her demands that justice be done in her case."

Something New in International Law

SOMETHING new and possibly embarrassing in the way of a point of international law relating to the confiscation of church property in wartime has arisen in the British prize court. Claims aggregating many hundreds of thousands of dollars have been entered by the owners of such articles as regalia, surplices, altar cloths, memorial glass windows, statuary, gold communion cups, crucifixes and rosaries, all of enemy origin, which were shipped by German and Austrian agents or manufacturers to American merchants, churches and colleges while the World war was in progress.

The ships conveying the goods were seized by British warships and the goods were sold by public auction as enemy prizes.

Owners in the United States, under the leadership of Goetz & Co. of Chicago and of Trefelt in Germany, represented by former United States Senator J. Hamilton Lewis of Illinois, claim the amount realized from the prize sale and losses and damages. Claimants argue that under the laws of war of all nations, all church property is sacred and exempt from war seizure.

The British government, however, contends that the money paid to the

shippers of the sacred goods went to German firms to be used by Germany in the prosecution of the campaign against the allies.

The British procurator general's court has just decided that the question is so delicate and so involved with old and new regulations and war practices that it must go in its whole aspect before the full prize court, because there is doubt whether the German firms in Germany did not have an interest in the American firms, and also whether the prize court ought not to submit the case to the new world court at Geneva or the Washington conference to be settled under the new international laws of war.

In the meantime the money remains in the British treasury. Roman Catholics all over the world are showing great interest in the issue.

Uncle Sam to Own the Cape Cod Canal

UNCLE SAM is to have another canal beside the big ditch in Panama. It is the Cape Cod canal, the purchase of which for \$11,500,000 is now before congress on recommendations by Secretaries Weeks, Hoover and Denby. The project was conceived two centuries ago, says the New York Tribune, and at different times was the subject of various proposals, all of which failed of fruition. It was not until seven years ago the canal was completed, cutting the long arm of Cape Cod off from the rest of Massachusetts.

The canal runs through the towns of Sandwich and Bourne. It connects Cape Cod bay and Buzzards bay, shortening the distance between New York

and New England ports by some 65 miles, and so avoiding the graveyard of ships on the ocean side of Cape Cod. It is 13 miles in length, with a width varying from 100 to 300 feet, and a depth of 25 feet at mean low water.

The charter was granted by Massachusetts June 1, 1899; excavation was begun June 22, 1900, and the canal was opened July 20, 1914. The cost of construction has been estimated by engineers at approximately \$1,000,000 a mile.

As a war measure the canal was placed under the jurisdiction of the railroad administration July 25, 1918, by order of President Wilson, and the railroad administration operated it until February 20, 1920. Since that time, except for a short period, it has been operated by the canal company.

The federal government instituted eminent domain proceedings. After a jury trial in the Federal District court the canal company was awarded \$16,801,201 as the price to be paid by the government. This verdict was set aside by the Court of Appeals. Conference subsequently led to a tentative offer by government officials of \$11,500,000, which was accepted.

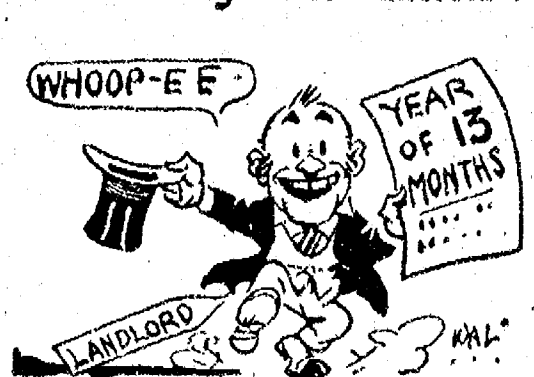

Want to Try the New Liberty Calendar?

ARE you tired of our present calendar? Well, here's a new one you can work for. A movement directed at "our antiquated time calendar" is getting under way. The "Liberty Calendar Association of America" is behind it.

It is proposed that there be 13 months, 52 weeks, and 364 days, with the odd day called "New Year's day" to come between the last day of December and January 1. In leap year the odd day would be called "Leap Year day" and would come between June 28 and July 1. The extra month is to be called "Vern" because it takes in "vernal equinox" and would begin spring. Each month would consist of 28 days.

By the arrangement outlined in a bill introduced in the house by Representative Thomas D. Schall of Minnesota, each day of the month would always come on a certain day. Easter would fall on March 14, corresponding with the present April 9, and would always be the ninety-ninth day of the year. As it is now, Easter is a variable day. This year it is April 16. Last year it was March 27.

The proponents declare that "this

simplification will dispense with need for printed calendars, saving about \$25,000,000 a year from this alone." Naturally the manufacturers of calendars are not delighted with this bill.

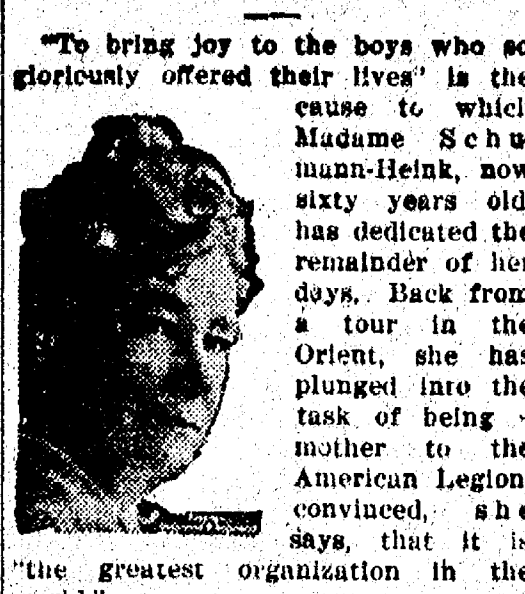

Would leap year proposals from the fair sex be confined to Leap Year day? Would landlords claim an extra month's rent?

Well, it might be a good thing, but it would be a trifle difficult to get started.

Just how Representative Schall comes to present the bill nobody seems to know. He is a lawyer, practicing in Minneapolis and living in Excelsior. He is blind, having lost his sight through an electric shock.

MOTHER TO AMERICAN LEGION

Madame Schumann-Heink Continues Work of "The Greatest Organization in the World."

"To bring joy to the boys who so gloriously offered their lives" is the cause to which Madame Schumann-Heink, now sixty years old, has dedicated the remainder of her days. Back from a tour in the Orient, she has plunged into the task of being a mother to the American Legion, convinced, she says, that it is "the greatest organization in the world."

The role of mother has been Madame Schumann-Heink's greatest success. And now, with a son of her own and a million adopted sons, she finds as great an outlet for her loving nature and her talent as in the war days, when she spent much of her time in camps, singing, working with her needle, and spreading cheer.

"I have never been happier," said the great star, who, in spite of her years, still has the grace and the color of youth.

SAM SOO HOO DIED FOR FLAG

Body of Patriotic Chinaman, Born and Educated in America, Sent to China for Burial.

The last journey of Sam Soo Hoo, killed in action in the Ouray valley, is told by the American Legion Weekly.

Of Chinese parentage on both sides, but born and educated in San Francisco, Sam, when he became a young man, went to China and married, thinking some day to return to America. When in 1917 news came that America had entered the war, Sam kissed his perplexed little bride and said: "I must go."

Time passed, and a white cross stood over all that was mortal of Sam Soo Hoo. A Red Cross man came along and took a picture of the grave, sending it on to the widow, who wondered what it meant. And then a request came from relatives that the body be sent to China. So now, close by Jia Ji Chuen, just outside the south gate of Canton, the slender matron waits the return of her husband, where, draped in the flag of the country for which he died, he will be laid in the dust with his honored fathers.

ONLY OFFICER TO SURVIVE

Capt. Bert Rugh Saw All Fellow Commanders of His Battalion Fall in Battle.

The only officer in his battalion to survive, Bert Rugh's military record reads like a chronology of the tides of battle during the dark years of the war. His experiences with the Canadian army, however, are lost in his absorption in the business of putting up a \$100,000 club house for Cedar Rapids (Ia.) post of the American Legion. This, when completed, probably will be recognized as the finest Legion home in the country.

Rugh began his military career as a buck private in Company C, Forty-ninth Iowa volunteer infantry, serving in Cuba from April, 1898, to May, 1899. In 1914 he joined the Second Field troop of the Canadian Engineers, went overseas, and was promoted to a lieutenant. During the course of events, every other officer in the battalion met his death. Three of Rugh's orderlies were killed in action, and in one attack Rugh was the only member of his company to come through alive.

Carrying On With the American Legion

Liberal (Kan.) post of the American Legion is building a swimming pool in the city's park and digging holes for tree planting.

On the brink of Kilauea, one of Hawaii's active volcanoes, a health resort for service men has been erected by citizens of the island.

The United States army costs \$3.22 per capita. Great Britain, with her many colonies pays \$13.25 per capita; France, \$22.52; Italy, \$30.70 and Japan, \$3.83.

German women will be invited to join with the National Council of Women in next year's celebration of Armistice day, under resolutions adopted in the council's biennial session.

Rev. David Railton, Vicar of Margate, England, recently trumped the country as an "out of work ex-soldier" and returned with the report that "it is almost impossible to even get an hour's work."

The Flanders poppy has been declared a pest and a menace by the federal horticulture board. "With its brilliant stalks and leaves it is valueless and crowds out useful plants," the board announced.

SHE DYED A SWEATER SKIRT AND CHILD'S COAT WITH "DIAMOND DYE"

She packages of "Diamond Dye" and takes directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dye"—no other kind—then perfect home dyeing is a sure because Diamond Dye is guaranteed not to spot, fade, streak, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.—advertisement.

PROVISION MADE FOR PETS

Seemingly it is Not Unusual to Make Bequests by Which Animals Benefit.

An elderly French spinster died, leaving a will bequeathing most of her property to charity and a substantial sum to "my silent, sympathetic and best-loved friend, Minnette." Minnette was her cat. A Frenchman was moved by this incident to investigate the subject and he found that cats, among all animals, have most frequently been made legatees.

In 1871 a noted player on the harp and flute, Jeanne Felix Dupuis, bequeathed her executor to give the keeper of two cats 80 sous a week for their food, which she specified should be meat broth. "Of the kind we ourselves eat, rich and sufficient without being oiled out by bread crumbs, and served upon individual plates, belonging one to each cat." Her relatives broke the will, and this provision of separate plates for the pussies was a point upon which they strongly dwelt in the attempt to prove that her mind was enfeebled.

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Parcel Post. You can purchase medium and large size bottles at all drug stores.—Advertisement.

And That's That.

On Eighteenth street yesterday. Two negroes driving motors. One driving truck thrusts out his arm for a turn. Other driver, coming from behind, sounds horn and attempts to pass.

Both cars stop. Fenders touching, both drivers pile out to argue.

"Didn't you see my arm?" asks the truck driver.

"Didn't you hear my horn?" counters the other.

"Sure I heard your horn."

"Why didn't you stop, then?"

"Cause, ain't my arm as good as your horn?"

Drivers get back in and both machines proceed.—Kansas City Star.

With All Military Courtesy.

"What's your name?" demanded the officer.

"Private Fairleigh, sir."

"Spell it."

"F-a-i-r-l-e-i-g-h."

"Spell it again and remember that you're addressing your superior officer."

"F, sir; a, sir; i, sir; r, sir; i, sir; e, sir; l, sir; g, sir; h, sir. Fairleigh, sir."—American Legion Weekly.

WRIGLEY'S P-K

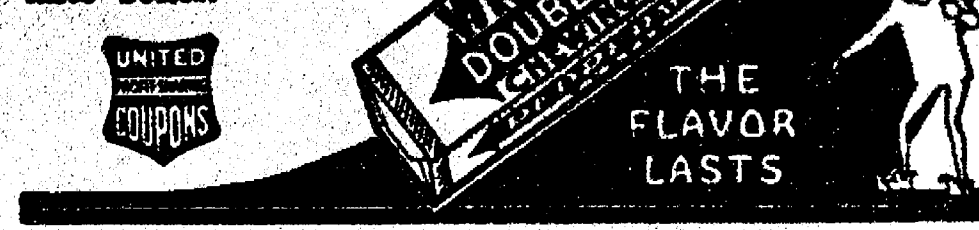

10 for 5c

Sugar jacket just "melts in your mouth," then you get the delectable gum center.

And with Wrigley's three old standbys also affording friendly aid to teeth, throat, breath, appetite and digestion.

Soothing, thirst-quenching. Making the next cigar taste better.

He Had to Learn. Fred is the promising young son of the house of Jones in Grant county. Now, Fred has it all mapped out that he is to be a physician when he becomes a man.

The other day he was found in company with two other boys behind the barn smoking a cigarette.

"Now, Fred," said his mother, when the time of reckoning had come, "didn't I tell you not to smoke cigarettes?"

"Yes, mother, but you see, I'm going to be a doctor and as I'll have to smoke I thought I'd begin and learn early."—Indianapolis News.

Bay State Adopts New Road Signs. Three wordless signs to guide motorists have been adopted for Massachusetts highways. Danger points are marked by three diagonally parallel lines, an intersecting road by a T laid on its side and a cross-road by a cross. The warnings will be placed 200 feet from the points indicated.

Something Lacking. "How do you like a nut diet instead of meat?"

"I miss the gravy."

A Martyr. "Who is your favorite movie hero?"

"My wife—She sits through them all!"—Judge.

One or the Other. "That fellow wears wretched clothes. He must be very poor."

"Either that or his wife is a good dresser."

He beat the train to the crossing a good many times

"It's never touched me yet," he explained when they pointed out the risks.

That's the answer a good many people make when they hear that the drug element in tea and coffee often harms nerves and health. They say it's never touched them yet.

Sometimes they only think it hasn't.

Wakeful nights, drowsy days, headaches that keep coming more frequently—often are blamed on bad luck when the blame belongs on bad

judgment in taking needless chances with harm.

Over on the safe side is Postum, a pure cereal beverage, delicious and satisfying—containing nothing that can harm nerves or digestion. Thousands who used to try their luck with tea or coffee are enthusiastic over having found safety and satisfaction in Postum.

It's worth your while to make the test with Postum ten days. Postum is a delightful drink for any member of the family, at any meal.

Your grocer has both forms of Postum: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Postum for Health

"There's a Reason"

Made by Postum Cereal Company, Inc., Battle Creek, Mich.

Chesapeake Standard

Miss Marguerite Israel, secretary to L. L. Griffiths, superintendent of the Michigan Portland Cement Co., has returned from a visit to her home in Boston, Massachusetts.

Jean Seyfried.

Juvenile wonder in the Legion Show at the town hall, Friday and Saturday, March 17 and 18.

Dainty little Jean Seyfried, acclaimed by both press and public to be the best toe dancer of her age, is to appear in the Legion show at Chelsea, March 17 and 18, as an attraction extraordinary. Little Jean, though only six years old, dances with a grace and poise second to none. In June Jean is going to New York to study under Alexis Koshoff, the famous Russian teacher, who personally requested her to come to him. She has appeared in many different places and everywhere she has gone her lovable disposition and wonderful dancing have made her a big favorite. Mr. Turnbull, who is directing the show, saw her dance at the Hill Auditorium in Ann Arbor and predicts a great future for her. Besides being able to dance, she is also a good little cook and loves to play with toys just the same as other children.

"ODORGONE"

SAVE HOSIERY AND SHOES

The person who suffers from excessive perspiration of the feet knows how the perspiration rots the hosiery and shoes. In the course of the year this amounts to considerable money. So, from a financial viewpoint alone, not considering the comfort and health, it is a distinct advantage to apply Odorgone and kill the germ that causes foot odors and excessive perspiration.

Odorgone cures the odor and excessive perspiration by acting as a germicide, destroying the micro-organisms which multiply between the toes and spread over the feet. These germs irritate the feet and nature throws off excessive perspiration in the effort to rid herself of them.

Odorgone, by killing these germs does away with the necessity for a more-than-normal perspiration.

Odorgone is guaranteed to cure foot odors and excessive perspiration or your money will be returned.

Price of Odorgone, \$1.00 per bottle. One bottle contains sufficient Odorgone to cure the most stubborn case.

REGULAR and PUPIL-PAVING

Copyright 1983, by The Procter & Gamble Co., Cincinnati

Waterfowl Peculiar: The ways of the waterfowl are as strange as the ways of men. Not very long ago a maternally wild duck held up all traffic on Beacon street, in Boston, while she convoyed a large brood under the noses of the panting motorists to a summer home in the Fenway. And now we have Lord Grey telling a Bervick audience of a wood duck who built in a hollow elm 300 yards from the water. When the eggs were hatched, she flew down from the hole into the grass, and began to cail. Thereupon the ducklings scrambled four feet up the inside of the tree to the mouth of the hole, and then fell from there to the ground, a matter of some 91 feet. And yet it is said that only a cat has nine lives.

NORTH FRANCISCO.

Neva Hatt spent Wednesday in Jackson. Miss Pearl Berger is spending some time with her sister, Mrs. Carl Ertel. Henry Notten and family spent Sunday at the home of Mr. and Mrs. Ertel. Pearl Gittinger and mother spent Sunday at the home of Otis Havens, of Grass Lake. Mr. and Mrs. Algernon Richards and Mrs. Lewis Lambert motored to Detroit Friday. Miss Cecil Phelps, who has been spending some time at Jackson, has returned home. Mr. and Mrs. Nelson Peterson and Mr. and Mrs. Fred Prince motored to Battle Creek Saturday. Mrs. Philip Pauser spent the week-end with her mother, Mrs. Frank Moore, who has been ill. Ed Whipple and family, of Chelsea, and Mr. and Mrs. Arthur Wahl, spent Sunday at the home of Henry Lehman.

NOTTEN ROAD

Mrs. Fred Notten spent Friday and Saturday in Detroit. Henry Gieske spent last week with his brother John, of Manchester. Truman Lehman purchased a horse of John Walz, of Chelsea, recently. Elmer Schweinfurth, of Jackson, spent Sunday with his parents here. Mr. and Mrs. Geo. Klump and daughter, Ruth, spent Monday in Ann Arbor. Rev. Ertel was in attendance at a M. E. Minister's conference at Toledo, Monday. Mr. and Mrs. Herman Dancer spent Sunday with the latter's mother, Mrs. Mary Schenk. Mrs. Henry Kalmbach is spending this week with her mother, Mrs. Mary Bohne, of Francisco. Mr. and Mrs. John Kalmbach and Mr. and Mrs. Wm. Wolff, of Chelsea, called at the home of Fred Notten, Sunday. Mrs. Lina Whitaker and daughter, Almerene, and Mrs. Fred Notten attended the funeral of Mrs. Perry, of Grass Lake, Monday. Mrs. George Klump and daughter, Neva and Ruth, spent part of last week with the former's daughter, Mrs. Albert Bahnmiller, of Shafter. The boys of the Epworth League gave a very interesting program at the church Sunday evening. A large crowd was in attendance. Do it some more, boys. The monthly social meeting of the Epworth League was held at the home of Fred Notten last Thursday. A good program was carried out and after a lunch was served all departed for their homes, declaring the evening well spent.

WATERLOO.

Elmer Bradley spent Monday in Chelsea. Milton Riethmiller spent Sunday in Jackson. Rev. and Mrs. Rhoads motored to Jackson on Saturday. Herman Schaible spent Sunday with Mr. and Mrs. C. A. Barber. Mrs. Raymond Coulter and children returned to their home in Detroit Saturday.

Mrs. Kate Moeckel and son, Albert, spent Sunday with John Moeckel and family. Mr. and Mrs. Floyd Durkee, Ethel Runciman, and Jessie Wahl spent the week-end in Jackson. Geo. Beaman and Mrs. Victor Moeckel and Leona spent last Wednesday with H. J. Lehman. Walter Koelz and Walter Gabel, of Ann Arbor, spent Sunday with Mr. and Mrs. August Koelz. George Worden and Reuben Moeckel, of Stockbridge, spent Thursday with John Moeckel and family. Herman Schaible has returned to his home in Boville, Idaho, after spending some time in this vicinity. The Ladies' Aid will meet with Mr. and Mrs. Arthur Walz on Saturday, March 18, for dinner. Everybody welcome.

The Dairy and Alfalfa barn meeting for this neighborhood will be held at Walter Vicary's on Wednesday, March 15, at 3:30 p. m. All are welcome.

Dr. and Mrs. H. E. Fogt motored from Detroit on Sunday. Mr. and Mrs. Vicary returned with them on Monday to spend a few days with relatives.

Mr. and Mrs. Floyd Durkee, Mrs. Jessie Wahl and son, Howard, and Mrs. Ethel Runciman spent the week-end with relatives and friends in Jackson.

M. J. Baxter, Samuel Bohnet, E. A. Ward, George Ward and W. K. Gordin, of Chelsea called on Henry Lehman, a former resident of Chelsea, Friday, at the home of his son, J. C. Lehman.

HAD GREAT FEAST OF SALMON

City of Bremerton, Washington, in Luck Through Error Made by Fish Coming to Spaw.

A seething mass of silvery salmon was impounded in the big dry dock at Bremerton, Wash., when the revenue cutter Bear was admitted for repair.

When the pumps had started to lower the water the salmon leaped up the steep sides of the drydock in desperate attempts to escape into deep water.

Many yard employees, sailors and marines did not wait for the water to be entirely pumped out, but waded into the mass of silver sides, picking the best salmon.

They are the fall or silver salmon, which make their appearance in Puget sound in late fall. It is believed the fish, in seeking the mouth of a spawning stream, mistook the yawning opening of the dry dock for one.

More than a thousand salmon were scooped from the 1,100-foot dock, and there was an unmistakable odor of frying fish in the Navy Yard town for an entire day.

A few months ago a fox-shark or thresher was imprisoned in this dock and gave employees some exercise overpowering it. He was vicious, fairly leaping out of the lowering water in an effort to fasten his fangs in his captives.

San on Fairies.

Fairy tales are no longer allowed to be told to children in Russia. The minister of education for Bolsheviks has issued an order that fairies or princely heroes are not to be mentioned, and do harm, and are therefore forbidden.

Instead of fairies, children must be told of "scientists and leaders who have served humanity."

Aladdin must not be misrepresented as a good-hearted prince who used his magic lamp for the good of all the people around him; he must be shown in his "true colors," for he was a prince, and therefore "an oppressor and a despot."

Chile May Soon Export Coal.

The coal mines in Chile have recently witnessed a great development, and at present are producing about 2,000,000 tons per annum. The old mines produced a rather inferior product, but the new developments are turning out very acceptable coal, and there is plenty of room for extending operations in that country. Virtually all of the coal mined in the country is being used by the manufacturing interests there, but there is no doubt that if the development continues at the present rate there will be enough produced not only to care for the home market, but to allow enough for exportation.

Soundproof Bricks Floated.

Bricks that float are made from an earth found in Denmark, which is impregnated with the fossilized remains of diatoms, a very minute form of life.

Brought to Colchester, England, the earth is baked into bricks, which are said to be fireproof and soundproof.

Another novelty in the Frowes cavity brick, 1,000 of which take the place of 2,000 ordinary bricks. The cavity bricks in these bricks are said to be very strong, thus providing a great saving of air.

The Frowes cavity brick is a novelty in the brick industry, and is said to be very strong, thus providing a great saving of air.

Public Sale!

I will sell the following described property at public auction on my premises 1 1/2 miles southwest of Waterloo Village, on

Thursday, March 16, 1922

EMORY RUNCIMAN

E. W. DANIELS, Auctioneer CHARLES DAILY, Clerk

Get Well

It is indeed hard to stand on one side while the stream of life flows by. A man or woman condemned to sickness that does not permit him or her to perform the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving of sympathy.

Much sickness, pain and misery result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and filter impurities out of the blood leads to rheumatic pains, backache, new muscles, stiff or swollen joints, puffiness under eyes, swelling of the face, biliousness, bladder weakness, nervousness, or other symptoms of kidney trouble.

Foley Kidney Pills

are effective in removing the cause of the trouble for they strengthen and invigorate weak or diseased kidneys and help them to normal functioning so that the blood stream is purified and the cause of disease removed.

F. M. Foley (Broken), Sec'y, Swiss-American Union, 119 Bldg. St. Louis, Mo., writes: "I was afflicted with kidney and bladder trouble, stopping all my business and pains, connecting the kidney pills, clearing my system. I am also free from diabetes and feeling much better than before. I have been cured, and have my best friend recommending them."

AUCTIONS—The auction season is now here, and the Standard wishes to remind those who expect to have an auction this season that it can furnish an auctioneer and print the bills.

Make More Money;—Sell the Hupmobile in This Town

Within a brief period, the Hupmobile will be represented in this community by a live-wire dealer.

You may be the man.

Whether you are in the motor car business, or in some other business, you will be interested in our liberal, money-making dealer proposition.

Just as long as you are a sound business man and a hustler, you can't help make exceptional profits by supplying the large potential demand for Hupmobiles in this territory.

Our definite, specific plan assures you of many prospects and sales.

More Hupmobiles in 1922

Heretofore, the metropolitan centers have entirely absorbed all the Hupmobiles the factory could make.

But the widespread reputation of the Hupmobile as a really fine car at a low price—\$1,250 f. o. b. factory—created an insistent demand in every city, town and countryside.

Greatly increased production now enables us, for the first time, to supply this demand.

You are invited to help us do this.

You will have the advantage of dealing with one of the largest motor car distributors in Michigan, with a very liberal policy. Our discount rate is much more liberal than that ordinarily offered.

This is a real opportunity. Grasp it. Write now, at once, without obligation for, all details;—which will be gladly given, and freely.

Reasonable bank credit and moderate initial investment required.

WILLIAMS & HASTINGS, Inc.

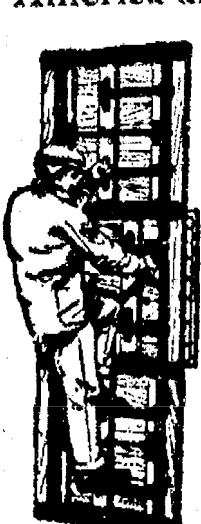

Hupmobile Distributors
2965 Woodward Avenue Detroit, Michigan

Turn Your Waste Into Profits

YOU can turn loss into profit by using a Ladder Hinge-Door Silo. Silage makes possible the raising of more cattle without increased acreage. Silage is both a palatable, nutritious food and an excellent conditioner.

The waste of cornstalks in America annually exceeds

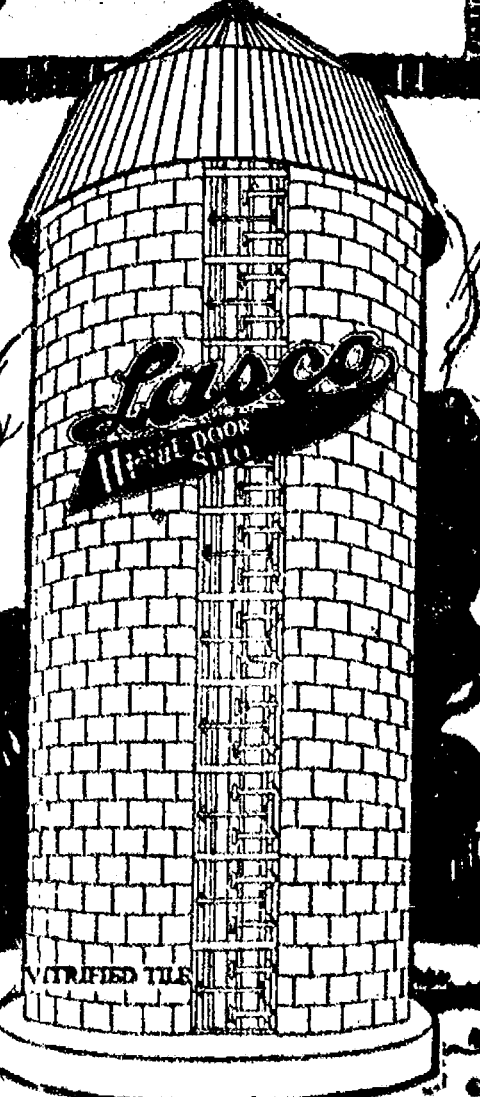

a billion dollars. This waste could be largely eliminated by silage feeding and converted into beef. Have you a silo? Let us tell you about the exclusive features of the Lasco Vitified Tile Silo and the Ladder Hinge-Door Wood Stave Silo.

One simple operation opens or closes the door, yet the silo is absolutely airtight, each door fitting perfectly and is never out of place. No other silo in the world has the famous Ladder Hinge-Door. Ask for details of the silos and our liberal selling plan.

LANSING SILO CO.
Lansing, Mich.

To avoid penalty, however, the collector of internal revenue on or before March 15, 1922, must file a return.

Every taxable return must be accompanied by a statement of the taxpayer's net worth for the year, and a statement of the taxpayer's net worth for the year, and a statement of the taxpayer's net worth for the year.

For failure to make a return on time the penalty is a fine of not more than \$1,000, plus 25 per cent of the tax due.

For failure to pay tax when due or for understatement of the tax through negligence there is a penalty of 5 per cent of the tax, plus interest at 1 per cent a month until paid.

For making a false or fraudulent return the penalty is a fine of not more than \$10,000 or not exceeding one year's imprisonment, or both, together with the cost of prosecution and an additional assessment of 50 per cent of the amount of tax paid.

LINK TO PREHISTORIC TIMES

Discovery Made in South America Strengthens Theory Long Held Concerning Ancient Land Bridge.

A report has been published by the Field Museum of Natural History, at Chicago, describing an animal discovered in South America, which is a survivor of a prehistoric period. This animal known as Cenolestes, is small and looks like a sharp-toothed rat, but is different from any other living animal. Its bones and teeth are essentially the same as those of a group of animals now extinct and known only through fossils hundreds of thousands of years old. It has a pouch like the kangaroo, and its existence may indicate some truth in the theory that South America and Australia were connected by land in prehistoric times, since pouched animals exist in both places. The original stock may have spread from South America to Australia, or vice versa, or it may have originated in a lost, vanished continent, the so-called Antarctica, and spread north to both continents, over a land bridge, which is supposed to have linked the three.—Popular Mechanics Magazine.

No More "Shrimp Dances"

Owing to new machinery the "shrimp dance" that for years has marked the work on the shrimp-drying platform along the Louisiana coast, this year goes into limbo.

Machinery will "chuck" the sun-dried shrimps.

Boiled in salt water in great copper vats, dried in the sunshine to rubery resiliency, the shrimp were swept up into huge circles in past year. Then, to the sound of guitar, banjo or accordion, the husky platform workers, hands on hips, shuffled over the piles of shrimp. Beneath their tread the brittle shells cracked.

After the dance the pinkish shrimp meat was shoveled on great screens, the brittle shell fragments falling through, while the piles of dried flesh were packed in barrels.

The shrimp industry in Louisiana has grown to great proportions. During 1920, 20,716 persons were supported by the industry, more than \$1,000,000 was invested in the fleets, and the catch was listed by the government at 28,950,000 pounds.

Makes His Bride's Trousseau

Captain Molyneux, the gallant society dressmaker, is preparing, oh! the dearest of twenty gowns for his pretty little bob-haired bride-to-be, Muriel Dunsmuir, daughter of the ex-governor of British Columbia, and all designed and executed by his own hands in his own smart shop, says a recent Paris dispatch.

The captain was an army officer in the war and was cited for gallantry in action. Since the peace was signed he has become one of the most original dress designers in Paris, with a large and exclusive clientele.

His Inspiration

Mrs. Alice Allan Arnold, the moving picture censor of Denver, said in a lecture: "But the worst films of all, to my mind, are those that take religious subjects and turn them into sensational licentious entertainments. I once saw the 'Temptation of St. Anthony' filmed in this way. An elderly millionaire viveur, having seen it too, said afterward at the club: 'A great film, that. I realized as it unfolded before me that for the first time in my life, by George, I wished I was a saint.'—From the Argonaut.

A Baseball Romance

"Mamma," said the young thing, "I want you to stop forcing me into Mr. Goett's company all the time. People are talking."

"But, my dear," protested the so-called lady, "he is a wonderful catch."

"He may be, mamma, but if you keep on thinking you are pitcher he'll leave your curvies and throw the ball."—Amateur Times-Dispatch.

To avoid penalty, however, the collector of internal revenue on or before March 15, 1922, must file a return.

Every taxable return must be accompanied by a statement of the taxpayer's net worth for the year, and a statement of the taxpayer's net worth for the year, and a statement of the taxpayer's net worth for the year.

For failure to make a return on time the penalty is a fine of not more than \$1,000, plus 25 per cent of the tax due.

For failure to pay tax when due or for understatement of the tax through negligence there is a penalty of 5 per cent of the tax, plus interest at 1 per cent a month until paid.

For making a false or fraudulent return the penalty is a fine of not more than \$10,000 or not exceeding one year's imprisonment, or both, together with the cost of prosecution and an additional assessment of 50 per cent of the amount of tax paid.

Launches Campaign

William B. Bosworth, Government Savings Director for the Seventh Federal Reserve District, announced today the opening of a campaign to blot out the financial swindlers located in the five states of his district—Illinois, Indiana, Iowa, Michigan and Wisconsin.

During the month of March 50,000 city and rural mail carriers will take the following message to their sixteen million patrons: "Consult your banker or postmaster before you invest."

Sixteen million dollars worth of the Government's new Treasury Savings Certificates have been distributed among the five thousand post-offices in the district and each postmaster is responsible for the campaign in his community. Money invested in the new certificates in five years and will be returned to the investor at any time within the five years upon demand to the Treasury Department. Registration insures the investor against any form of loss. Postmasters are authorized to receive investments as small as \$20 and as large as \$4,000 from any individual.

South America Opening Coal Mines

Fear that the coal deposits of the United States would become exhausted has led to the development of coal mining interests in South America. Whereas formerly Chile was about the only coal-producing country in South America, coal development is now being carried on extensively in many countries from Colombia to Patagonia.

Chelsea Village Election

Notice is hereby given to the qualified electors of the Village of Chelsea, State of Michigan, that the next ensuing Annual Election will be held at the Sylvan Town Hall, within said village, on Monday, March 13, A. D. 1922, at which election the following officers are to be elected, viz:

One Village President; one Village Clerk; one Village Treasurer; three Village Trustees, for two years; one Village Assessor.

Dated this 27th day of February, A. D. 1922.

G. W. WALWORTH,

Clerk of said Village.

Notice of Registration

To the qualified electors of the Township of Sylvan, Precinct No. 1 and 2:

Notice is hereby given that in compliance with Act 126, Public Acts of 1917, I, the undersigned, clerk of said township, will, upon any day except Sunday or a legal holiday, or the day of any election, receive for registration the name of any legal voter in said township, except no names can be received for registration by me between the second Saturday before election and election day, therefore, Saturday, March 18, 1922, is last day of Registration.

Any legal elector not now registered, who desires to vote at said election, must make personal application to me on or before Saturday, March 18, 1922.

Notice is hereby given, That I will be at The Chelsea Standard office on East Middle street, Chelsea, Michigan, on Saturday, March 11 and Saturday, March 18, 1922, from 8 o'clock A. M. until 8 o'clock P. M. on each day for the purpose of reviewing the registration and registering such of the qualified electors in said township as shall appear and apply therefor.

GEO. S. DAVIS,

Township Clerk.

BE RID OF THAT ACHE

If you are a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend? Ask your neighbor.

Mrs. W. D. Arnold, E. Middle street, Chelsea, says: "I suffered greatly from dull, nagging backaches and a distressing pain through my kidneys which gave me a great deal of trouble. Doan's Kidney Pills from Fenn's Drug Store helped me wonderfully. They rid me of the backaches and corrected the action of my kidneys. I was better in every way after using Doan's."

The above statement was given July 7, 1909 and on April 27, 1920, Mrs. Arnold added: "I have the same good opinion of Doan's Kidney Pills now as I did when I recommended them before. They cured me and my cure has lasted."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Arnold had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Machine Ties a Square Knot.
One of the new applications of small motors is the tying of bundles. It takes an expert to tie a bundle properly by hand. It seemed to be one of the hand operations that would not soon be usurped by a machine. At here is a parcel tier driven by a half horsepower motor that automatically ties and releases each bundle box placed on its table. Moreover, the machine may be depended upon to tie a square knot and after the tying is completed the parcel is thrown off to make room for the next.

WESTERN CANADA

Land of Prosperity

offers to home seekers opportunities that cannot be secured elsewhere. The thousands of farmers from the United States who have accepted Canada's generous offer to settle on FREE homesteads or buy farm land in her provinces have been well repaid by bountiful crops. There is still available on easy terms

Fertile Land at \$15 to \$30 an Acre

has yielded to that which through many years has given from 20 to 45 bushels of wheat to the acre—oats, barley and flax also in great abundance, while raising horses, cattle, sheep and hogs is equally profitable. Hundreds of farmers in western Canada have raised crops in a single season worth more than the whole cost of their land. With such success comes prosperity, independence, good homes and all the comforts and conveniences which make life worth living.

Farm Gardens, Poultry, Dairying

are sources of income second only to grain growing and stock raising. Attractive climates, good neighbors, churches, schools, good markets, railroad facilities, rural telephone, etc.

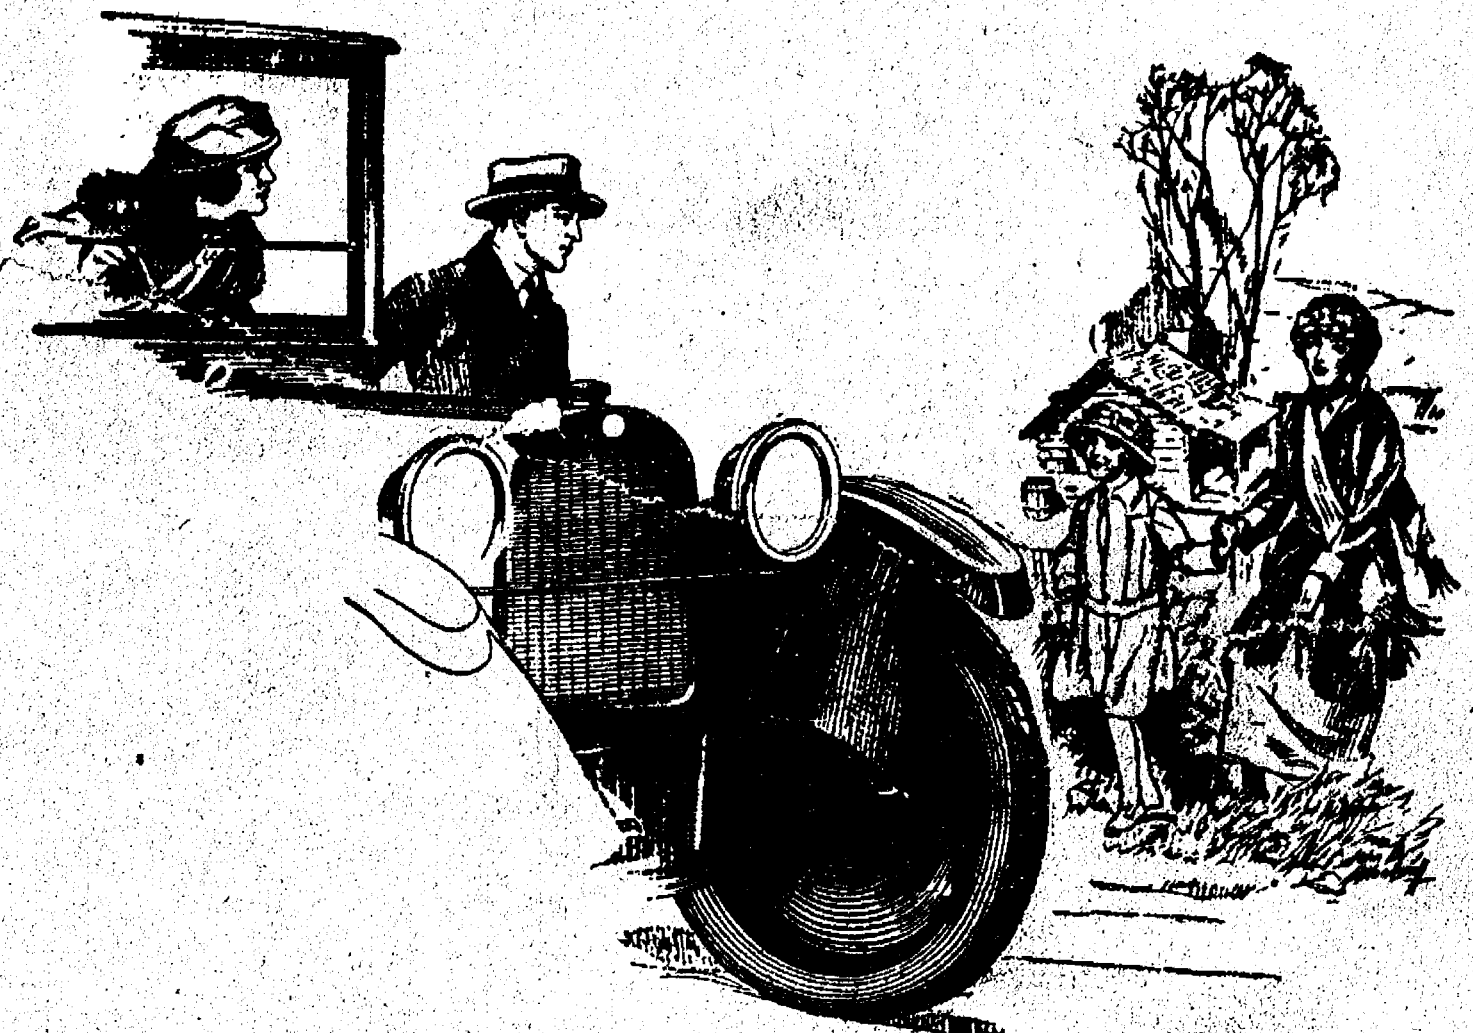

For further literature, maps, descriptions of farms, and information in English, French, German, Spanish and British Columbia, request survey books, etc., write
