Warn Truck Drivers.

Drivers of motor trucks and other heavy vehicles are warned by the Washtenaw board of road commissioners to observe the state laws regulating their loads during the soft condition of the county highways, which are very bad at the present time, and will be for several weeks, in all probability.

A. R. Bailey, county road engineer, stated Saturday that in many cases employees of the commission had observed trucks in various sections of the county carrying immense loads, often running several tons overweight. A law dealing with this matter was passed by the state legislature in 1917 and revised in 1919 as follows:

Section 15, Michigan compiled laws of 1917: Whenever by reason of the thawing of frost or rains the roads are in soft condition the maximum carrying capacity of tires on all vehicles shall be limited to one-half the carrying capacity of tires, as provided in this act.

Another state law, Mr. Bailey stated, deals with this same matter and would force drivers and owners of trucks to place some sign on the truck to comply with the following act: "Act 132, paragraph 74, section 7—All motor trucks or trailers, now operating or hereafter placed in operation, upon the public highways of this state, shall have placed upon them information relative to the height of wheel, width of tire, gauge, width over all, weight and carrying capacity. This information shall be conspicuously placed upon the vehicles."

According to Mr. Bailey one driver was recently found to be carrying a load of from three to four tons overweight. When directed to the city scales it was found that the total weight of truck and load was close to 13 tons, while the carrying capacity of the truck was originally limited to five tons, and to two and one-half tons at the present time. Drivers of milk trucks in the southeast section of Washtenaw, Mr. Bailey said, have been in the habit of carrying immense loads, but after some persuasion they have ceased to overload their trucks.—Ann Arbor Times News.

Frederick Frey.

Frederick Frey of Lima, died at 4 o'clock Monday morning after a lingering illness. He was 73 years of age, and had lived in this county practically all his life, coming here from Germany when he was six years old.

Mr. Frey is survived by four sons and three daughters, Reuben of Ann Arbor; Eugene, at home; Adolph and William, of Seio; Mrs. Louis Reimold, of Freedom; Mrs. William Seitz, of Ann Arbor, and Mrs. Paul Seitz, of York township.

Funeral services for Mr. Frey were held at 10 o'clock Thursday morning at the home of his wife, 11 o'clock at the Salem Lutheran church of Seio, the Rev. Mr. Bodaman officiating.

Rudolf W. Knapp.

Rudolf Whitelley Knapp died at 2 o'clock Wednesday morning, March 8, 1922, in Angell hospital at Los Angeles, California. The young man was taken sick with a hard cold which developed into influenza.

He was the son of Wm. J. Knapp, who for many years was a leading business man in Chelsea, but now a resident of Los Angeles. The young man was born in Chelsea, November 12, 1881, and his father is the only surviving member of the family.

The funeral was held on Thursday of last week and the remains were cremated. His ashes will be brought here and deposited in the family lot at Oak Grove cemetery.

Farmers Holding Grain.

Farmers are holding more grain this year than usual although less than they held last year, according to a crop report, issued by the state department of agriculture.

Of the 1921 Michigan wheat crop, 23 per cent is still in the hands of the growers, according to the report. They also hold 38 per cent of the oat crop and a large part of the corn crop.

These last two grains are held mainly for feeding purposes, Michigan not being an exporting state in oats or corn.

Incendiary Fires Reported.

An unusual number of fires, believed to be of incendiary origin, has been reported to the Michigan state police, recently, according to Col. Roy C. Vandervoort, head of the department of public safety.

State police are said to have been investigating alleged arson cases in Ann Arbor recently, and have been requested to send men to investigate a reported fire in the business in in-

Enjoyable Class Party.

One of the most enjoyable social events of the school year was the "All High" party given by the Freshmen and Sophomore Classes on March 3 at the Macabee hall.

By the artistic taste and direction of Ray Knickerbocker the hall was transformed into a place of beauty. The green lights shining beneath the green and white canopy contributed much to the atmosphere of a St. Patrick's party.

An indoor athletic contest was engaged in by each class. The Seniors won the most points. In the foot race Clayton White (Freshmen) won, his foot measuring 12 3-4 inches. John King (Junior) came second. The Shot-put was won by George Norris (Senior). Russell Jaeger, Kenneth Broesamle, Lievth-own Hughes came out ahead in the cracker relay. The last relay race the Juniors were winners. Those participating were, Ella Knapp, Anne Rogers, Florence Turnbull, James Doll, Mildred Bradbury, Ruth Loeffler. Those winning in the backward relay were, Carl Fletcher, Herbert Mohrlock (Sophomores) and Donald Collins (Freshman).

After various games had been enjoyed the guests formed a line with Supt. and Mrs. Clark as leaders and marched by a table where they were served with cake and brick ice cream, the green and white color scheme being carried out. The generous spirit of the Freshmen-Sophomore classes was shown by the extra supply of cakes.

Later in the evening everyone joined in the circle two-step and the dancing and merriment continued until eleven-thirty.

Much credit is due to Miss Gardner and Miss Sturm who have the Freshmen and Sophomore classes in charge.

Legion Show All Ready.

The American Legion show that has been rehearsing for the past two weeks is all ready to be shown to the public tomorrow night at the town hall. The final dress rehearsal was held last night in the town hall and those that were there declared that the show will be one of, if not the best that has ever been put on by all local talent. The principals all have devoted a lot of time to their parts and know them backwards as one member of the cast was heard to remark. The girls that are to be in the show all know their songs and the dances that go with them. The wardrobe is here from Detroit and was shown to the girls last evening and they were unanimous in declaring the dresses to be the prettiest that they had ever seen. The Legion has spared neither time or money in trying to make this show one that will never be forgotten. The greatest of care was used in selecting the cast and the girls so that nearly all of the people taking part have had plenty of experience in this line. Mr. Howard Turnbull, who is putting on the show for the Legion says that in all of his experience he never had such good material to work with as in Chelsea.

The proceeds of the show are to go towards the rent of the Legion club rooms and to meet other expenses that are vital to the life of the Legion. The American Legion all over the country is doing everything that they can to relieve the suffering of former soldiers during this era of hard times, and each and every post throughout the country contributes their share.

Chelsea does not want to lose the Legion post here. It is an asset to any town and has proved itself to be what it stands for—Better Americans for America.

The people of Chelsea have never failed when called upon to do their part, and the Legion is sure that in this case where funds are vital to the very life of their organization that they will not fail them now.

Get your tickets from Legion members or at Fenn's store. Don't forget the date, March 17 and 18.

Advised to Secure Seed Beans.

Michigan farmers should secure their seed beans at an early date in order to be sure of getting seed stock of best quality. The present high bean market is resulting in a rapid movement out of the state, according to Prof. J. F. Cox, head of the Michigan Agricultural College farm crops department, who suggests that those farmers who wait until late spring to buy may have trouble in securing best seed.

A large increased territory for Michigan beans has been opened up by increased freight rates, which work adversely for western beans, according to F. B. Dreese, secretary of the Michigan Bean Jobbers Association. The Mississippi Valley and westward has been included in the Michigan distributing section.

"The Michigan bean crop, now protected adequately by tariff from Japanese competition, can be considered very dependable, as compared with other crops, from the standpoint of future market conditions," says Professor Cox in discussing the question. "It is important that state growers lay in their supplies of high quality seed."

BREVITIES

Mason—Grover Hynes, of Lyndon, has been bound over to the Ingham County circuit court, with bonds fixed at \$500.

Stockbridge—Stockbridge Grange have rented the American Legion hall and will hold their meetings the first and third Wednesday nights of each month.—Brief-Sun.

Dexter—A card dated March 1st, has been received by the Leader from Geo. Benton, who has been spending the winter at Bradentown, Florida. Mr. Benton states that he is about leaving for other places northward on his homeward trip, and that it is summer weather there.—Leader.

Ypsilanti—It was decided at the last meeting of the Prospect Parent-Teachers' club to give the pupils of the school milk in the middle of the forenoon each day. The parents desiring their children to have milk will pay for the same and the teachers will have charge of the buying and distributing.

Brighton—The public meeting held Thursday evening at the village hall was a demonstration that the enthusiasm and co-operative spirit of Brighton people was far from being lost. The object of the meeting was to get the backing of the people in the plan for a carnival next summer which will pay for Recreation Park.—Argus.

Manchester—Mrs. Myra Gage, writing from the Old People's Home at Chelsea, says: "Seeing an article in your paper about woodchucks being seen in the month of February, my grandson, Harold Davidson of Tecumseh, killed one last month weighing 15 pounds. His mother stuffed and baked it and all who ate it said it was fine."—Enterprise.

Adrian—Jacob Alderfer, publisher of the Onsted News, a weekly, Thursday announced that, with this week's issue, the paper would be discontinued. The equipment will be removed to Rock Creek, Ohio, where Alderfer will start a weekly. Increased costs and insufficient support from the community forced suspension, he said. The News has been published there for nearly 25 years.

Ann Arbor—Twelve cases of pneumonia were reported to the health department for the week ending Saturday, March 11, according to the weekly report of the department, issued Monday, indicating that pneumonia cases in Ann Arbor have taken a huge jump in number, last week's total being the greatest of any during the winter. Pneumonia claimed four victims last week.

Saline—About every so often some one raids Davenport & White's chicken yard and carries off enough plunder for several holiday feasts, the last time taking seven crates valued at about \$174,000. Some of these days, or nights, the culprit is going to get "his" and then there'll be another mild sensation to talk about for a few days.—Observer.

Ypsilanti—The Womens' Clubs of Saline—As a result of one of our citizens getting on a tear, having his gun taken away from him, and the added fact that there have been altogether too many evidences of illicit trading in booze in this village, one of the north end homes was raided the other day. While plenty of the aspects of the place savored of bootlegging, enough of the still was missing to make an arrest inadvisable, and the occupant was let off with a warning to "watch his step."—Observer.

Pinekey—Henry Ford visited Pinekey Saturday to inspect the work that has been done on his dam and noted how well the dam has stood since rebuilding and with the added pressure of the higher water level. In conversation with J. C. Dinkel, who has sold some Pinekey property to Mr. Ford, the latter stated that he was very highly pleased with the Pinekey water power and that he was at work designing a special caterpillar dredge to deepen the creek east of the mill two feet and straighten it through his property to the Dexter road, nearly a half mile.—Dispatch.

Ann Arbor—Barring unforeseen ill fortune athletic officials at the University of Michigan expect Wolverine track and basketball squads next year will be on a par with others in the Big Ten. They base this contention upon the wealth of good material that will be available next year. Jackson—James Doane's home at Giffett lake cannot be seized and sold to satisfy a judgment against him, according to an opinion given by Judge Benjamin Williams in circuit court. Doane's attorney held that the home came under the homestead law, which exempts it from seizure and this view was upheld by the court.

ALL TIRED OUT

Hundreds More In Chelsea In the Same Plight.

Tired all the time; Weak and worn out night and day; Back aches; head aches; Your kidneys are probably weakened.

You should help them at their work. Let one who knows tell you how. Mrs. P. Brower, McKinley street, Chelsea, says: "It has been some time since I used Doan's Kidney Pills but from past experience I feel justified in recommending them. My kidneys were weak and acted irregularly. My back had a weakness and soreness in it and I felt tired and drowsy. As one of my family had used Doan's with good results I decided to try them and they helped me right away. The backaches left and my kidneys were regulated." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Brower had. Foster-Milburn Co., Chicago, Ill.

Chelsea to the Front.

Thousands of persons all over the United States and even some in foreign countries are receiving now-days invitations to come to Washtenaw County and make their homes on its profitable farms.

They are being told that Chelsea is a splendid, thriving town, in the heart of a prosperous farming community, with modern stores, handsome residences, high school, banks, fraternal lodges and grain elevators; that farmers' children here have easy access to the University of Michigan, the State Agricultural College and Albion College.

Every invitation is being sent to selected lists of prospective farm buyers—men who are seeking the comforts, independence and prosperity of farm life here.

The little booklet in which they are contained should be of real value to this and nearby communities for it will set thousands of people who would make desirable citizens thinking about Chelsea and Washtenaw County and longing to come here and see for themselves evidences of our prosperity.

This kind of advertising for a city or community is usually the result of an extensive campaign to line up the business or farming interests but this time it costs nothing either to Chelsea or the farming section that will profit by it.

The folder is part of a \$1,000,000 campaign undertaken by the E. A. Strout Farm Agency, Inc., to boost the farm-selling business and it is being distributed by P. W. Hamlin, local representative of that agency. Mr. Hamlin intends that Chelsea and Washtenaw County shall get as large a share of the benefits of this campaign as he can divert here.

Its illustrations afford glimpses of farm life in this vicinity: a herd of fat Holstein cattle browsing in a shady pasture, of the fat swine that yield big profits to our farmers, flocks of sheep that make such profitable sidelines of Michigan farms. Besides there are views of Chelsea's business section, one of our schools and churches and a pretty scene on the Huron River.

Accompanying the photographs are carefully written descriptions of selected farm bargains in Washtenaw County and brief paragraphs that answer most of the natural questions a prospective farm buyer would want answered about the opportunities for profit, the crops, markets, soil and climate of this section.

Farm seekers are informed that Washtenaw County has every element for successful farming, with varied, loamy soils, proximity to the best markets of the Middle West, 20 large elevators, numerous shipping points, healthful climate, a longer growing season than most other sections in the same latitude and an active Farm Bureau to help them get started right.

They learn that our splendid yields of fodder and nearby stock markets give our farmers unusual profits from livestock that many of them engage exclusively in hog-breeding and fattening while dairy farms are profitable here.

Indeed the booklet is a real compendium of information about this territory and should be of value in promoting its development. It shows that the Strout Agency and Mr. Hamlin are boosting Chelsea and the farming country around it, which should increase the business of Chelsea's merchants and the deposits in our banks.

Ann Arbor May Festival.

Soloists, Florence Easton and Adele Parkhurst, soprano; Margaret Matzenauer, contralto; Riccardo Martin, tenor; Carl Schlegel, baritone; Rollin Pense, bass; The Chicago Symphony Orchestra, The University Choral Union, Frederick Stock, Conductor.

Schoolmasters to Meet.

The 57th meeting of the Michigan Schoolmasters' club will be held in Ann Arbor on Thursday and Friday, March 30 and 31. On Monday and Tuesday of that week the Michigan Association of Superintendents and School Boards will hold its annual sessions, and on Tuesday and Wednesday will occur the annual Short Term State Institute.

On Thursday, Friday and Saturday, March 30 and 31, and April 1, the annual meeting of the Michigan Academy of Science will be held also. These meetings will bring several hundred of the leading teachers of the state here, as well as several of the leading educators of the country, who will make addresses and lead in the discussion of subjects of vital importance to the teaching public of the state, and, therefore, of interest to the general public.

Michigan News Tarely Told

Richmond—B. Seaman, after serving this village as clerk for 39 years, will not be a candidate for re-election.

Charlotte—Frank Meade, 10 years old, while playing around a garage became entangled in a line shaft and suffered injuries from which he died.

Grand Lodge—The three-story farm house and contents of M. D. Sutherland near here, occupied by Lee Bennett, burned; loss, 10,000. The contents were not insured.

Holly—Henry Hunt, divorced, was sent to Oakland county jail in Pontiac for 30 days, following his plea of guilty to the charge of burying an infant child one year ago without first procuring a burial permit.

Hillside—George Lane, 77, of Reading, is in jail here on the charge of assaulting Lillian Covey, 14-year-old daughter of Mr. and Mrs. Clyde Covey of Reading. Deputy Sheriff Jenkins made the complaint on behalf of the girl.

Flint—After deliberating 24 hours, a jury in Judge Fred W. Brennan's court found Charles Austin, 20 years old, and Clifford Thorpe, 17 years old, guilty of first degree murder, in the slaying, by poisoning, of their employer, Paul Delella, wealthy meat dealer.

Kalamazoo—With their heavy truck and fire-fighting apparatus mired in the mud of an unpaved street, firemen were compelled to look helplessly on while flames consumed the home of George King. The fire truck was dug out of the rut, but not in time to save the burning building.

Pontiac—There may be no truth in the prophecy of spring by the first robin, nor of the wild geese and ducks, but farmers of this vicinity declare they have received the one sure sign, the cawing of crows. Crows have been reported in several sections of this and Macomb county.

Monroe—A circuit court jury brought in a verdict of \$2,000 in favor of Mrs. Harold Nickel, Toledo, against George Mosher, Ottawa Lake, Monroe county. Mrs. Nickel sued for \$10,000, claiming injuries as the result of being struck by an automobile said to have been driven by Mr. Mosher.

Port Austin—Mrs. M. E. Sturtevant, 55 years old, who was the first white woman to be married at Port Austin, is dead here. With her husband, she was one of the pioneer settlers in this section of the state. Her death came suddenly, as, in spite of her advanced age, she was thought to be in good health.

Pontiac—Mrs. Harriet Colby, 84 years old, who has lived for two years alone on a farm near Crescent Lake, was found dead, sitting in a chair in front of a cookstove, by Fred Reese of Pontiac, who formerly worked for her. Heart failure is believed to have caused death. Her husband died two years ago.

Birmingham—The congregation of St. James Episcopal church, of Birmingham, is collecting old gold and silver, to be made into a platen for early morning communion services in the church. The platen now used is for much larger services. Several donations of family heirlooms, such as spoons and gold ornaments, have been contributed.

Lansing—Removing of Jalmer Johnson, an Iron county supervisor, has been recommended to Governor by Meritt Wiley, attorney general. Johnson is charged with voting himself a salary to which he was not legally entitled. He resigned several months ago, when the charges were made, but was immediately reappointed by the board of supervisors.

Paw Paw—Charles Jakubczyk, 55 years old, a Bohemian, is in custody here on a charge of arson as revenge for failure to collect back wages from his former employer. He is alleged to have set fire to the barn and garage of Jay Prachad, a farmer living near Decatur, destroying both buildings, a truck, 500 fruit trees and farm implements, a loss of \$3,000.

Iron Mountain—John Challaclin, of Crystal Falls, who enlisted in the United States army of occupation, at Casper, Wyo., in 1919, is home again. He brought back with him a Belgian bride. Challaclin says there is plenty of work in all European countries which were in the war. The wages paid in France amount to about 1.35 a day in American money. He declared there is no idleness in Germany.

Marshall—Jack Dempsey's gift to Mrs. Floyd Fitzsimmons of Benton Harbor, a \$10,000 automobile, was damaged and Mr. and Mrs. Fitzsimmons, an attorney and a state senator, whose names were not learned, were injured slightly, when the steering gear of the car broke and sent the machine into a ditch between Battle Creek and Marshall. The party was going to Lansing to interview Governor Greenback in regard to a boxing bout at Benton Harbor.

Owosso—Whether or not joint use of a driveway for 30 years by neighbors makes a permanent joint driveway is put up to the circuit court by filing of a suit by Mrs. Anna Oehlert of this city, against John and Alice Depoity, also of Owosso. The suit says the driveway has been used jointly for 30 years, but that the Depoitys decided to discontinue the plan and alleges that the Oehlerts were forced to discontinue the plan and that the Depoitys are now using the driveway for their own use.

Magnum—Raymond Hall, 15 years old, employed on a farm near Hamlock, was killed by an infuriated bull which crushed the youth's chest then tossed his body over a fence.

Grand Rapids—Entering the Midelet meat market, two holdup men ordered the proprietor, Harry Mindel, 50 years old, to hold up his hands, while they robbed him of \$181.

Mt. Clemens—August Jylvestor, convicted of shooting Julius Jock while hunting in the marshes in October, was sentenced to serve 30 to 25 years in Jackson prison by Circuit Judge Guy M. Chester.

Iron Mountain—As the result of taking a ride on a train, while returning home from school, Harold Swanson, 15 years old, lies at the point of death in a local hospital, both his legs and an arm severed.

Mt. Clemens—Sheriff John Spaller is investigating the circumstances surrounding the finding of the body of an infant in the roadside by school children, near Warren. The mother of the child is being sought.

Grand Rapids—Counsel for Frank J. Cook, former cashier of the Farmers and Merchants' bank, convicted of forging a note, has filed a motion in superior court for a new trial. The motion will be argued April 10.

Flint—Paul Szumowicz, grocery and meat market dealer, whose store was damaged by a mysterious fire and explosion, demanded a hearing when arraigned in justice court on a charge of arson. Bail was set at \$1,000.

Bay City—Stella Wacjak, 19 years old, pleaded guilty to grand larceny before Police Judge Phillips, and was bound over to the circuit court. She is accused of stealing jewelry and other articles while employed as a domestic.

Port Huron—Erection in Pine Grove Park of a building as a memorial to the soldier dead of St. Clair county, a community center and an armory, has been proposed to the city commission by the chamber of commerce armory committee.

Lawton—A 50,000 gallon tank at the municipal waterworks exploded hurling through the front wall of brick into the street. An automatic pressure gauge failed to work after the employees of the plant had gone home for the night. No one was injured. The building was wrecked.

Lansing—The securities commission authorized the Michigan Canned Food corporation, of Port Huron, to issue \$150,000 notes. The company began business last year. It was represented that it needs money to carry through its 1932 campaign, to complete payments for materials purchased last year.

Port Huron—Residents of Port Huron and the Thumb district, on the Saginaw division of the Pere Marquette Railroad, will not know whether they are to be given better train service until June 1, when the State Public Utilities Commission probably will announce the result of the hearing held in this city.

Centerville—Despondent over the death of a brother, Erwin, last August, and his inability to reach an agreement with a third brother over the price of the family estate which he wished to purchase, Halie Cary, 54 years old, milk dealer, is said to have committed suicide. His body was found hanging in the barn at his home here.

Lansing—The state is powerless to meet the offer made to President Dwight Waldo of the Western Michigan normal. Thomas E. Johnson, superintendent of public instruction, says, President Waldo has been offered the presidency of Washington State normal at a much greater salary than the \$6,000 paid him at Kalamazoo.

Monroe—Mark Redmon, 23 years old, Pittsburg, styling himself the world's youngest building climber, surprised a crowd here by scaling the Monroe county court house, reaching the flagstaff. The feat required 30 minutes. He was blindfolded two-thirds of the way. Others have climbed the building before but none reached the flagstaff.

Lansing—Colonel Roy C. Vandercook, director of public safety, asked the administrative board to make an appropriation to provide the state police with wireless telephones at all principal posts. The recent storm, which tore down all telephone and telegraph wires, and isolated a large section of the northern part of the peninsula, showed the need for a state wireless system, Colonel Vandercook says.

Kalamazoo—Charles Curtis, one of the three men accused of committing the masked robbery, in which Mr. and Mrs. Abram Hill, an aged couple, were assaulted in their home in the southern part of Kalamazoo county last fall, was found guilty within an hour after the jury retired. The couple were tortured to compel them to reveal the hiding place of the large amount of money the bandits believed was concealed on the premises. Mr. Hill died a few weeks after the attack as the result of exposure and injury.

Choboygan—Two boys and a man were burned to death in the fire, which destroyed four business blocks here, with more than \$500,000 loss. March 8. The dead are: Frank J. Hoehler, pioneer baker and former alderman; Edward Laway, 8 years old; George Tobias, 10 years old. Hoehler was trapped as he attempted to rescue the Laway boy. The three charred bodies were recovered. Gaylord and Grayling fire departments were hurried to the fire on a special Michigan Central train. With their assistance the bodies were recovered.

1—Former Postmaster General Will Hays leaving his last cabinet meeting to become motion picture arbiter; he's talking to Vice President Coolidge; left to right are Secretaries Mellon, Wallace, Davis, Fall, Hoover and Denby. 2—Mrs. P. Radick, Florida, Minn., with Senators Ladd (N. D.) and Norris (Neb.) on left and right; she testified before Senate Agricultural committee. 3—Prince Faud Pasha, heir to Khedive of Egypt.

NEWS REVIEW OF CURRENT EVENTS

Warren G. Harding Completes
His First Year as President
of United States.

FALL AND WALLACE IN CLASH

American Government Declines to Participate in Genoa Conference—Lloyd George's Threatened Resignation—Fourteenth Canadian Parliament Opened—Fiume Again.

By JOHN DICKINSON SHERMAN

WARREN G. HARDING at noon of March 4 completed his first year as President of the United States. He was asked for an expression regarding the accomplishments of his administration to date and authorized this statement:

"The record of the administration speaks for itself; it would be a poor administration that required the executive to speak for it."

At an entertainment by the National Press club in honor of the first official birthday the President said:

"The long step toward getting back toward normal ways of government would seem to me to have been the achievement of the year."

Representative Fess of Ohio, chairman of the Republican congressional committee, made in the house a speech setting forth in detail the accomplishments of the year from the Republican viewpoint. He dwelt on economies, actual and prospective. He said that the United States would be the only government in the world living within its revenues next year, if it could keep within the estimates outlined by the administration. Reviewing the work of the arms conference, he said: "I challenge the record to produce a greater achievement in the history of diplomacy."

Democratic members then proceeded to tear to pieces the Fess eulogy from their standpoint. Cordell Hull, chairman of the Democratic national committee, also took issue with the Fess statement. His general position is that while the Republican congress has enacted a multiplicity of unimportant laws and the arms conference provided for a limited program of naval reduction the Republican party has failed to carry out its major promises made in the campaign of 1920.

Now, in the house debate over the administration's statement of economies Fess talked exactly as if he believed everything he said and the Democrats talked back exactly as if they believed everything they said. And the taxpayer in the gallery knew that everybody couldn't be telling the truth, the whole truth and nothing but the truth. The upshot was that Representative Byrns of Tennessee, ranking Democratic member of the appropriations committee, secured the passage of a resolution calling upon the President to inform the house in what way the savings had been made, from what particular appropriations and in what specific amounts. Thereupon the President instructed General Dawes of the budget bureau to prepare a complete statement covering the entire situation. One thing at least stands out clearly. Nobody doubts that "H—I and Maria" Dawes will give the facts and figures as they are.

President and Mrs. Harding left Washington Wednesday evening by train for St. Augustine, Fla. The presidential party included Attorney General Daugherty, Speaker Gillett, Undersecretary of State Fletcher, Brigadier General Sawyer, his personal physician, and George R. Christian, his secretary. Mr. Christian said the President would occupy his time in "rest and recreation" in Florida for a week or so.

PITCHED battle between the Interior and Agricultural departments which has been watched by official Washington since the beginning of the year, is generally admitted that he had protested to President Harding against the circulation of "vicious propaganda emanating from the Department of Agriculture." The battle, in brief, is over legislation, pending and prospective, which would transfer the forest service from the Agriculture department to the Interior department and practically turn over the development of the natural resources of Alaska to the Interior department, with responsibility to the President. This battle is not a petty quarrel between two departments. It is a real battle between two cabinet members. Some of the old-timers take it so seriously as to predict the resignation of one or the other of the secretaries. Moreover, the battle is significant as indicating the difficulties that lie in the way of the proposed reorganization of all the executive departments.

Until 1905 the Interior department controlled all the public lands. The national forests were then created for the application of scientific lumbering and grazing and the forest service was established to administer them. The Interior department retained control of the remaining public lands and the ten national parks, established for recreational purposes. In the national forests the Interior department is charged with the execution of all laws "relating to surveying, prospecting, locating, appropriating, entering, reconveying or patenting of public lands and to the granting of rights of way amounting to easements." The national forests now number 168 in 21 states and territories and contain about 242,200 square miles. The national parks now number 19 and contain 10,859 square miles.

The national park service was created in 1910 to administer the national parks under the secretary of the Interior. The Agricultural department then began a campaign in print, and from the platform, for the transfer of the national park service to the Agricultural department. It also set up the national forests as recreational rivals of the national parks.

Then came the proposed reorganization of the executive departments, approved by the President. Under this reorganization, the Interior department would become practically a public works department. One contemplated transfer is that of the forest service from the Agricultural department.

On top of this came the concern about the plight of Alaska, which is not prospering. "Too much bureaucratic government" was one cry that was raised. It is now proposed to take Alaska out of the hands of the many bureaus and hand it over to the Interior department for administration and development. The secretary is already building the government Alaskan railroad and controls the oil and mineral deposits in the national forests. The two big national forests in Alaska are the Tongass and Chugach, containing 220,000 acres. Secretary Fall approves this disposition of Alaska. It has been announced that President Harding will visit Alaska this summer to get first-hand information. It was planned that Secretary Fall should be in the presidential party.

Naturally the Department of Agriculture is not pleased with this program. The American Forestry association has sent out much "literature" protesting against it. Some of it is pretty strong. The gist of it is that the transfer of the national forests means their exploitation by "private interests." Anyway, Secretary Fall says he is being held up to "execration, public abuse and private calumny."

The United States has formally declined the invitation of the allied powers to participate in the European financial and economic conference which is now set for April 10 at Genoa. The declination runs from Secretary of State Hughes to the Italian ambassador, Senator Ricci. The document is a gem of purest ray serene. The language is friendly, the statements are plain, the meaning unmistakable. In diplomatic terms he says that the conference is not primarily economic but is rather a conference of a political character in which the United States cannot helpfully participate. "Nothing doing. See you later. Wishing you good luck, I remain, etc., etc."

William Jennings Bryan, crusading against Darwinism, says nobody can make a monkey of him. Mr. Bryan is a self-made man.

that the absence of the United States will detract from the usefulness of the conference. But if Europe will not hold the kind of conference in which the United States can helpfully participate, it must not expect us unnecessarily to become involved in European questions. Better luck next time, maybe, when things get down to brass tacks.

LOYD GEORGE resigning the British premiership doesn't fit in with American notions of the little Welsh wizard. But either he had it seriously in mind—or he ran a gorgeous bluff. Anyway, he served an ultimatum on the Tory leaders of the coalition party that unless he could be assured of loyal support and co-operation he would resign. Whereupon all Britain buzzed like a disturbed bee-hive. Sir Arthur Balfour was named everywhere as the probable successor. But the coalition chiefs got busy at once. Sir George Younger, the unionist "die-hard" leader, was made to step back into the line; it was his speeches that had forced the issue. Other leaders publicly voiced their confidence in the premier. Balfour, as a conservative leader, put the finishing touch by declaring emphatically for a continuance of the coalition government and endorsing the leadership of Lloyd George, who he declared was incomparably the greatest figure of the greatest age in British history. So the crisis has apparently been passed—though possibly only for the present.

Sir Arthur, by the way, is very much in the British public eye just now. King George has bestowed upon him a knighthood of the Order of the Garter. His achievements at the Washington arms conference are universally acclaimed as regaining for Great Britain the world dominance lost during the World War. Anyhow, in declaring for Lloyd George he bowed himself out of the premiership.

CANADA'S fourteenth parliament was opened Wednesday by Governor-General Byng. W. L. Mackenzie King is the first liberal prime minister to hold the reins of government since Sir Wilfrid Laurier was defeated ten years ago on his policy of reciprocity with the United States. Premier King is a veteran of the Laurier ministry of 1911, in which he served as minister of labor. Rodolphe Lemieux of Montreal, selected by Premier King, is speaker. The government commands about one-half of the members of parliament. The official opposition group, numbering about fifty in a house of 235 members, is led by Arthur Meighen, the defeated premier. T. A. Crerar leads an unofficial progressive group of about 65, who are expected to support the government in most of its policies, especially on the tariff. Both liberals and progressives believe in customs duties "for revenue only," as against the conservative policy of protection. Who said "reciprocity?"

Fiume is on the map again and seems to be trying to rival Versailles. The Fascisti and their adherents have chased out President Zanella of the Free City government set up under the treaty of Rapallo between Italy and Yugoslavia. Gabrielle d'Annunzio has sent word that he supports the "uprising." The Italian parties have chosen Giovanni Giolitti, former chief of the post-warrior's cabinet, as head of another provisional government for the Free State. The Yugoslavs are rushing troops to the frontier, ostensibly to repel threatened raids by the Fascisti. They are insisting upon observance of the treaty of Rapallo. Italy apparently intends to restore order in Fiume and enforce the Rapallo treaty. She also has moved troops forward.

MAX says he isn't marrying Mathilde for her money. Mathilde began the romance at eleven by calling Max "Uncle." Max has taught Mathilde the "Swiss language." Let the wedding bells ring out and the Swiss navy be a salute!

ALLES CLAIM FOR REPARATIONS DIVIDE GERMAN REPARATIONS PAYMENT OF BILLION MARKS AMONG THEMSELVES.

GOVERNMENT TO FORCE ISSUE

President Harding Determined That \$248,000,000 Cost for Rhine Army Must Be Paid.

Washington—The refusal of the allied reparations commission to consider the American claim for \$241,000,000 on German assets as reimbursement for the cost of the American Army of Occupation on the Rhine, has aroused the administration. The commission has proceeded dividing up the German billion gold mark payment, ignoring the claim of the United States.

The administration does not intend to take the rebuff lying down, it was learned Monday, and will have some forceful representations to make to the Allies. Not altogether unlikely also is an accelerated withdrawal of American troops from the Rhine, if not a decision to discontinue the maintenance of any forces in Germany. Under the terms of the armistice it was stated authoritatively that the Allied armies of occupation remained in Germany with the explicit understanding that the costs were to be paid by Germany. The United States did not wish to keep its forces on the Rhine, and had no direct interest in doing so, but, on the urgent representations of the Allies, that those forces were necessary to maintain good order, consented to do so. If there had been no treaty at all, no reasonable person could contend that the Allies would be justified in taking all the assets of Germany without making some provision for reimbursing the United States. Such a contention would have no justification either in morals or in law.

It is difficult for this government to understand statements from abroad that the American claim came as a surprise to the Allies. The United States has maintained all along that the costs of the army of occupation must be paid. It has taken that position from the first and has never receded from it. The question of reimbursement for the forces on the Rhine has already been regarded as a matter entirely separate from the question of debts of the Allied countries to the United States, and it has been perfectly well known that whatever dispositions might be made with respect to funding the debts, payment would be demanded for the costs of maintaining that army.

DODGE RELEASED ON \$7000 BOND

Son of Late Auto Maker Faces Trial at Kalamazoo.

Kalamazoo, Mich.—John Duval, son of the late John Dodge, multi-millionaire auto manufacturer of Detroit, was released Monday night on \$7,000 bond, following a disastrous midnight "joy ride" early Sunday morning, with three Western State Normal school co-eds.

Dodge's companion, Rex Earl, Kalamazoo architect's assistant, also is at liberty on bail. One of the girls, Miss Emeline Kwakernack, of Grand Rapids, is recovering in a hospital from critical injuries she suffered when she jumped out of Dodge's car. Two warrants were issued, one charging the Detroit man with driving an automobile while intoxicated and the other charging him with possessing, transporting and furnishing intoxicating liquors.

Rex Earl was held on two counts, one charging him with drunkenness and the other accusing him, jointly with Dodge of possessing, transporting and furnishing intoxicating beverages. The car, belonging to Robert Everard, was held by the federal officers, and may be confiscated under the statute authorizing the seizure of automobiles used to convey liquors.

TEXAS OIL PROMOTER ARRESTED

N. Y. Police Serve Warrant Charging \$1,500,000 Stock Swindle.

New York—Charged with using the mails to defraud, possibly as much as \$1,500,000, Seymour E. J. Cox, Texas oil man and potash promoter, who promised his clients 2,000 per cent on their investments and whose methods of doing business were denounced last October in a statement by the Associated Advertising Clubs of the World, was arrested March 13 in Hotel Monterey, where he has been stopping with his wife and son.

CANNOT AVERT MINERS' STRIKE

Officials Fail To Arrange Conference With Operators.

Washington—Governmental officials Monday night were resigned to the situation in the coal fields and frankly admitted that they have done everything within their power to avert the impending strike. Refusal of coal operators to accept the invitation of Secretary of Labor Davis to go into conference with the miners over a new wage scale is taken by officials to mean stoppage of all efforts at reconciliation.

Min. Thomas Williamson
South Bend, Ind.—"For some time I suffered from an organic trouble, with pains in my side, back and lower back. Through this I became nervous and weak that I could not do anything. I was a miserable wreck, got so thin I only weighed about 100 pounds. No medicine seemed to give me relief until I began taking Dr. Williams' Pink Pills. After I had taken a few dozen of these pills I knew I had at last found something that was going to help me. I felt so much better. I now weigh 140 pounds, and do not have an ache or a pain, and am completely out of all my ailments. Can you tell me where to get stronger and healthier than Dr. Williams' Pink Pills? Make Every Meal A Perfect Feast

Tanlac Makes Each Bite a New Delight

WHEN your digestive system is working efficiently and smoothly, extracting from your food abundant stores of vital energy and piling up a reserve force of vigor to meet any emergency, every bite is eaten with keen zest and appreciation. If your meals are not a real event, if you do not approach the table

with the most lively anticipation of its delights, then you are only half-living, because you are only half getting the value of your food.

Lack of appetite, or distress from indulging the appetite, are both due to the same cause—failure of the digestive system to properly do its important work. The undigested food remaining in the alimentary canal may merely cause a distaste for more food when it cannot take care of what it has, or it may undergo chemical and purification changes that cause acute disease.

Besides, these chemical changes produce poisonous substances that are carried to every cell and organ of the body and that cause all sorts of distressing symptoms.

Tanlac, the famous digestive tonic and body builder, has achieved its wide success because it is able to invigorate the entire digestive tract. It acts to cause vigorous stomach preparation of the food, both through the muscular churning action of that

organ and through ample secretion of digestive fluids. It then promotes energetic action of all the bowel muscles and glands and enables the food to pass through the digestive canal in the normal time. Each of the thousands of little glands whose duty it is to pick up nourishment from the food and send this to all parts of the body are stimulated to their utmost. The whole result is that food is taken care of without distress of any sort in such manner as to derive the utmost benefit from it.

If your appetite is not keen, if your food seems to disagree with you, if you are underweight, nervous, irritable and lack energy, give Tanlac the chance to show you that it can work a miracle

in your condition as it has in so many thousands of other cases.

If you are despondent, gloomy, with little taste for and enjoyment of life, try Tanlac and no doubt you will see the clouds of gloom roll away under the sunshine of health.

You are entitled to be healthy, vigorous, efficient and happy. Give yourself the chance to become so as thousands of others have, by taking Tanlac.

Get Tanlac from your druggist this very day. Why wait for tomorrow when Tanlac—and health—await you today?

W. N. U., DETROIT, NO. 11-1922.

Her Baby. "I've left my babe in there to die!" shrieked a frantic woman who was rescued from the burning building. Policemen were asking the number of her room when a 21-stone man in pajamas and a jaunty hat appeared on a balcony and called down: "Don't worry, Lou; I'm safe." "My baby," gasped the woman, thankfully.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease.

Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper. Advertisement.

NATIONAL CAPITAL AFFAIRS

U. S. Will Train Big Army This Summer

WASHINGTON.—More than a quarter of a million men are expected by War department officials to be under canvas or in barracks this summer for intensive military training for the first time since congress welded the regular army, the National Guard, and the organized reserves into a composite body constituting the army of the United States. Plans for the instruction of 227,000 men, representing the three components of the united land forces, are announced by the department.

Ample funds for the program are expected by officials of the department to be made available by congress by that time, and while the plans are made contingent upon the amount of money appropriated, officials feel confident the necessary sum will be allowed for their full development.

In addition to the regular army personnel required to supervise the training work under commanders of the nine corps areas there will be approximately 100,000 members of the National Guard in the field, about 30,000 reserve officers and specialists, 10,000 student members of the reserve officers' training corps, and 27,000 civilians.

The plans provide for the training of National Guardsmen preferably in their own states or at the nearest suitable federal or state encampment. Wherever federal cantonments are available they will be offered to the states under revocable contracts.

The courses for organized reserve personnel will be limited according to law to two weeks. Demonstrations by small units of the regular army will be staged at each training encampment to illustrate standards of proficiency in drills and tactical methods in maneuver problems.

The department announced that applications for attendance at the citizens' training camps will be accepted after April 1 at the corps headquarters at Boston; Governor's Island, N. Y.; Fort Howard, Md.; Fort McPherson, Ga.; Fort Benjamin Harrison, Ind.; Fort Sheridan, Ill.; Fort Crook, Neb.; Fort Sam Houston, Tex., and the Presidio at San Francisco.

Labor Unions to Live Up to Agreements

NATIONAL agreement heavily penalizing unions which refuse to abide by decisions has been reached by the Associated General Contractors of America, the American Institute of Architects, the Engineering Council, the National Building Trades and Employers' association, and the American Federation of Labor through the national board of jurisdictional awards, which has concluded its regular quarterly meeting in Washington.

A resolution adopted provides that local building trades councils of union labor shall suspend unions and refuse to recognize or support those unions which refuse to abide by decisions of the national board.

It also provides that general contractors and subcontractors who employ only union labor shall incorporate in their agreements with labor a provision that will secure compliance with all the decisions of the board, and that they shall refuse employment to members of local unions which do not abide by such decisions, and further that architects and engineers shall insert in all their specifications and contracts a clause that such decisions shall be followed.

"This resolution," says a statement issued by the national board, "is of far-reaching consequence to settle jurisdictional disputes, which in the past have constituted the majority of the causes for strikes and resulting delays and economic losses."

"It is the most effective co-operation between workmen, employers and professional men interested in construction looking toward the settlement of these jurisdictional disputes without resort to strikes."

"This action has been taken as the result of the report of a special committee of the national board appointed to outline the procedure to be followed in clearing up the situation created by the refusal of the United Brotherhood of Carpenters and Joiners to conform to the decision of the board in the case of settling the dispute between the carpenters and the sheet metal workers which was decided in favor of the latter."

EXTENSION of the 3 per cent immigration act for another year is recommended by the house immigration committee. The existing law expires June 30, 1922. Although the committee studied many proposals for changing the law, it decides "the nation's welfare will best be served by the continuance of the present temporary law." It is probable, however, that the senate immigration committee will recommend some changes.

"With the influx of actual immigration reduced in eight months to 101,154, plus 1,769 temporary admissions, or 192,923 persons, as compared with 536,843 admitted during the corresponding months of the previous year, there were six personal returns of income from \$3,000.00 to \$4,000.00, seven of income from \$2,000.00 to \$3,000.00, thirteen of income from \$1,500.00 to \$2,000.00, thirty-four of income from \$1,000.00 to \$1,500.00, thirty-four of income from \$750.00 to \$1,000.00, 129 of income from \$500.00 to \$750.00, and 149 of income from \$400.00 to \$500.00.

Two Illinois taxpayers had incomes of between \$3,000.00 and \$4,000.00 each. Their combined net income was \$6,807.60. Their normal taxes aggregated \$388.46, their surtaxes \$4,292.04, and their total income tax \$4,680.50. About two-thirds of their net incomes were paid to the government in taxes. Two other Illinois taxpayers had incomes of between \$1,000.00 and \$2,000.00. Their net income was

Three Per Cent Immigration Till 1923?

it is clear that the law restricts immigration to a marked degree," the report said.

"The committee believes the people demand a continuance of the 3 per cent act, or something more restrictive. In fact, it is clear that a large number of the people are asking for as complete a suspension as can be had in conformity with treaty provisions, and with regard to the desire to bring in close blood relatives."

"In this connection it might be stated that the committee on immigration and naturalization is preparing a complete new naturalization code, the terms of which will enable us to recognize clearly those truly desirous of coming into citizenship rather than asking favors or making demands as alien residents."

Representatives Sabath of Illinois, Siegel of New York and Box of Texas filed a minority report.

"We reiterate that the quota law is inhumane and contrary to the highest American ideals and traditions," it was declared. "It has not met the approval of the American people and should not be continued."

Five U. S. Incomes of \$5,000,000 and Over

STATISTICS of income compiled from income tax returns for the calendar year 1919 show five personal returns of income for that year of \$5,000,000 and over. The names of taxpayers are not revealed, the law requiring that income tax returns be held confidential.

There were six personal returns of income from \$3,000.00 to \$4,000.00, seven of income from \$2,000.00 to \$3,000.00, thirteen of income from \$1,500.00 to \$2,000.00, thirty-four of income from \$1,000.00 to \$1,500.00, thirty-four of income from \$750.00 to \$1,000.00, 129 of income from \$500.00 to \$750.00, and 149 of income from \$400.00 to \$500.00.

These Days. The dapper young man approached the subject with halting embarrassment.

"It's about your daughter Clarice, sir," he said. "I hardly know how to begin, but I have here," as he placed his hand over his heart, "For the love of Mike go on and take her," exclaimed the old man. "Marry her and be happy!" "Not me!" said the visitor, drawing a paper from his left-hand coat pocket with the same hand. Use for Gyroscope. Very successful, it appears, have been the experiments which for some years have been made with a form of the gyroscope, which is intended to correct errors of the magnetic compass and, in certain cases, such as for instance, in submarine boats, replace the compass. The apparatus in one case is based upon the tendency of a gyroscope to retain the axis of rotation in a fixed position. The axis is set to correspond with the course of the ship any change in the direction is immediately shown by the rotation of a "rose" or compass card, within which the gyroscope is suspended. Deviations of the magnetic compass are detected by the instrument. With the aid of an electromagnet attachment the apparatus can be caused to act either as a magnetic compass or as a gyroscope, independent of magnetic influences.—Washington Star.

HEALTH OF THE DAY

Health Talk No. 8.
By H. H. Beatty, Chiropractor

Head aches and ringing in the ears are the natural accompaniment of catarrhal trouble. The ear passages and the air passages are connected, and the stopping up of the air passages by mucus, as in a cold, extends to the ear passages and causes trouble there. Deafness is quite frequently an accompanying symptom.

That which affects the hearing is usually quite severe and is usually so discomforting to the sufferer that something must be done to get rid of it. However, the relief is usually to be had from chiropractic spinal adjustments. The adjustments release the spinal nerve impulses into the air passages and with this aid Nature soon clears the passages.

Health of 25 Years is Ended

Arthur R. Thompson, proprietor of a steam laundry, has been afflicted with deafness for twenty-eight years. He was brought to my trial of chiropractic spinal adjustments. I could not hear a telephone ringing on the line beside me. After adjustment my hearing began to come back and today is completely restored. This statement I make under oath.—A. R. Thompson, Chiropractic Research Bureau, Apartment No. 1302H.
