

ONE INJURED IN AUTO CRASH

Cars Collide On Paved Road Saturday Night.

A bad accident occurred on the paved road Saturday night about 12:00 o'clock when two cars collided. The car of R. L. Jones turned completely over when it struck the car going west. R. L. Jones accompanied by Walter Allen and Milo Havens, all of Chelsea, were going east when they struck the car driven by E. Hahn. Hahn was accompanied by G. Fletcher, and A. Fletcher, all of Ann Arbor. The accident occurred about 2 miles west of town. Both cars had lights but Hahn seemed to be misled by the sand on the paved strip and was over too far on the road. When the cars hit the Jones car made a complete cartwheel turn and the Hahn car was tipped over.

In turning over the car pinned the three occupants beneath. They were able to get out though and other than minor cuts no injuries were noticed. Walter Allen though was hurt and according to the latest news he is in a hospital in Ann Arbor. Just what the injuries are can not be said.

The men in the car from Ann Arbor were able to drive it to town after the accident but the Jones car was completely wrecked. It was lucky for the men in the accident that no one was killed or that the cars did not go over the steep embankment on each side of the road.

LEGION PLANS FOR DECORATION DAY

The American Legion is at work completing plans for the celebration of Decoration Day. At the present time the plans are only tentative but it has been decided that all Legion men will wear uniforms and march. A program is planned in which the public school and parochial school children will participate.

The Chelsea band of 18 pieces will be on hand and will lead the march and give various musical selections. As yet a speaker has not been chosen. Services will be celebrated in the morning in town.

There will be a firing squad at the cemetery. The Women's Relief Corp will have charge of the flowers. It is also expected that all the Grand Army men here will be out to take part in the celebration.

ONE KILLED AND FOUR HURT IN CRASH

One man was killed and four hurt when an auto was struck by a passenger train at Cornuna Sunday morning. William Cummings, 73 years old of Royal Oak, was instantly killed. Otis T. Griffith of Cornuna, had his back broken and is not expected to live. Norman Chester and his two small sons were injured also.

The car was hurled 40 feet and all of the occupants were thrown clear of the machine. Cummings was picked up dead. Ambulances rushed the others to Memorial hospital where it was found that Griffith's back was broken. Chester's thigh was injured; his son, Louis, one year old, had a leg broken and his other son was unconscious from injuries on the head.

WATCH FOR THE MAN WITH THE BLACK BAG

INDIANAPOLIS, IND.—Watch for the little man with a moustache and a black bag. He is a very dangerous character. He is a very dangerous character. He is a very dangerous character.

ONCE A NUISANCE NOW SOUGHT AFTER

It is time for the dandelion harvest to start. Never it seems were there so many patches of yellow in May landscape, never were they more eagerly sought.

Dandelion picking was all the go Sunday. One man said as he straightened his back and gave over the filling of his pail, while his wife continued to pick flowers in the front yard and his mother engaged in the same activities in the back yard.

"It has been a wet spring. Snakes are going to be powerful but this summer. I know they are and I ain't going to take a chance. You will see in the basement and it will be made from these pretty dandelion blossoms."

The making of dandelion wine doesn't interest Mr. Volstead or the United States revenue officers as it is made strictly for home consumption. And well that it should be, as the labor required to pick the blossoms to make it a commercial proposition is too much.

Over the back yard fences recipes were given and exchanged. Considerable comment was made as to last year's successes or failures and what luck each would have this year.

The trees are all in full bloom now and lend a most picturesque attraction to the landscape. Cherry, apple, peach and pear are white or pink with blossoms. At a distance a cherry or apple orchard seems to be under a haze.

SHIP FINE STEERS

Probably the finest specimens of good breeding and feeding that have come to the local market in Chelsea for a long time were shipped Saturday by Leach & Downer. Mr. Miles, who lives west of Francisco had fattened the three steers, which weighed 5020 pounds. They were shipped to the Detroit Packing company for slaughter. Leach & Downer shipped a carload of cattle, also a Hereford bull weighing 1550 pounds.

A cooperative association shipped Saturday, sending 18 cattle, 15 calves, 94 hogs and 126 sheep. This was all shipped to the Detroit stock yards.

ANOTHER 'DOLLAR A YEAR' MAN AIDS METHODISTS

The Methodist Episcopal Church in Michigan has added another "dollar a year" worker to its forces in this state. He is Arthur J. Stock, Detroit business man, who will be area director of hospitals and homes.

Although he can not devote his full time to the job Mr. Stock will spend many hours each week in looking after the interests of Bronson Hospital at Kalamazoo, the Children's Home at Farmington, and the Old People's Home at Chelsea, the three Methodist institutions in this state.

The first "dollar a year" worker ever employed by a church in Michigan is L. B. Alger, retired business man, who recently became director of laymen's activities for the Methodist Episcopal Church. Mr. Alger is devoting all of his time to the task and, according to Bishop Theodore S. Henderson, results already are beginning to be shown. Mr. Alger is visiting each of the 14 districts of the state and appointing, with the bishop's sanction, a district director of laymen's activities in each section.

INTER-SCHOLASTIC PRESS ASSOCIATION.

Ann Arbor, Mich., May 8.—Editors, business managers, and faculty advisers of approximately seventy-five high school publications in the state of Michigan have been invited to attend the first annual conference of high school editors to be held at the University of Michigan, May 25, 26, 27. Sigma Delta Chi, national professional journalistic fraternity, will be in charge of the conference. An extensive program has been arranged, including addresses by prominent speakers and round table discussions led by Prof. J. L. Brumm, of the department of Journalism of the University. Prizes will be awarded to schools exhibiting the best weekly, monthly and annual publications. The visitors will attend Michigan's famous Night ceremonies, the inter-scholastic track meet, and will be guests at a banquet under the auspices of the Inter-Scholastic Association.

The purpose of the gathering is to bring together publications to discuss common problems and to promote friendly relations among the different schools.

VOLLEY BALL TOWN

CLARE & Willard Se

BANQUET FOR FAIR ASSOCIATION SUCCESS

H. H. Halliday Gave Fine Talk Warning The Men of Dangers and Urging Them To Success.

A banquet given by the officers of the Washtenaw County Fair Association last evening at the Chamber of Commerce Inn, Ann Arbor was well attended. About 75 people gathered around the tables for a fine dinner and after that talks concerning the coming fair were given.

C. G. Hutzel, president of the fair turned the meeting over to Earl DeVine who acted as toastmaster. The first speaker was Ray Dolph of the Chamber of Commerce of Ann Arbor. He assured those present that the C. of C. was behind the association in everything they could do to promote a good clean fair. He told that the C. of C. had raised the money to support a ball team and that it would be a dandy.

Watch Concessions in Ward.

The main speaker of the evening was Mr. H. H. Halliday of E. Lansing, who is secretary of M. A. C. and chairman of the state fair committee. He gave a fine talk concerning fairs and their management. He cautioned the men who were organizing the fair to be careful what they did and how they ran the fair. Do away with the gambling wheel that is only a skin game and a method of fleecing the people. Instead get things such as athletic contests and the like that will draw crowds and mean a great deal more in the end. He assured the men that it was all right to give the people what they want but also that what the people want can be governed by what you give them.

Horse Races Fine If Run Right.

As to the matter of horse racing he expressed his opinion that there is nothing finer or better than to see well bred horses trotting or running at an even pace around a track. But they must be run straight and no fixing for the gamblers. Many other things he cautioned the members about, and also told them where assistance was available. In the care and handling of the live stock he gave the men to understand that only the best would be fit for the breeders.

In seeing to it that the water is pure and that proper methods of sanitation are used he said to call upon the state live stock bureau, or the state board of health.

Another big point that Mr. Halliday brought out and made clear to all was that they must encourage the boys and girls club work. He pledged his support and the support of M. A. C. to the help of Washtenaw fair and urged them on to success.

Other speakers of the evening were: E. O. Loveland, of Milan; Arthur Lutz of Saline; Robert Campbell, treasurer of the U. of M. and secretary of the racing fund; Clayton Drake, county drain commissioner; Mr. Ossler, county agent; H. H. Atwell, superintendent of grounds; and Earl Martin, manager of fair. The banquet was a success and the meeting also. The men present were all enthused to make the fair a big one and the kind that will make it well known all over.

REFINEMENTS ADDED TO FORD ENCLOSED CARS.

Many added conveniences and refinements are to be seen in the Ford enclosed cars now being displayed by the local authorized Ford dealers.

The interior of both the coupe and the sedan is now finished in an attractive shade of walnut brown broadcloth; and the seats are upholstered with a similar material threaded with chalked ebony stripes. Heavy floor rugs give an added touch of comfort. Lifts, of a special design, minimize the effort of raising or lowering the windows. Door bumpers insure a tighter fitting, and new door grips, both inside and out, add to the rider's convenience.

The demand for Ford enclosed cars has been unusually high during the past two months. Although production has been speeded up in the Ford factory at Detroit, sales continue to exceed the output, making it necessary for purchasers in many parts of the country to wait for their cars. Local dealers say this is the reason they have been urging customers to place their order as early as possible.

FORD BUYS WATER POWER SITE NEAR BRIMINGTON.

A deal completed last Tuesday by Ford, brother of Henry Ford, for the latest the owner of

SCHOOL DAYS

FAIR NOTES.

The grading work on the race track is nearly one-half completed, and we expect the track will be finished around the first of June.

The first row of horse stalls, 100 feet long, is about two-thirds done.

The final arrangements will be made to complete the program of the entertainment at this year's fair. The management feels satisfied that no fair in southern Michigan will offer a stronger program than the Washtenaw County Fair, which has the distinct advantage of being the only fair within driving distance of Ann Arbor or Washtenaw county offering fireworks as an attraction.

It is planned to start operation this week on construction of the first cattle building. The first building will be used as a storage building for large amount of equipment which the fair has on hand.

After this building is completed it is hoped to complete the membership campaign before other construction work is started, as considerable saving results in buying large quantities. The membership campaign is progressing favorably. As high as six farmers in succession have bought memberships. Practically all progressive farmers visited are unanimous in the belief that Washtenaw County can and should have one of the best fairs in the state.

As soon as the membership campaign is completed the work on \$20,000 worth of exhibit buildings will be started.

A big Booster banquet was given by the fair board at the Chamber of Commerce Monday evening, May 8th. About one hundred people from different parts of the county being invited. Mr. H. H. Halliday of E. Lansing, who is the state commissioner of fairs, was the principal speaker.

AN ERROR.

Some young boy in Chelsea evidently more interested in seeing his school credited with a victory than in having the real facts published was the cause of an error published in The Tribune Friday. The base ball game between the Chelsea High School and the St. Mary's School ended in a 7 to 7 tie. There was no way of knowing that the score brought in so finely written and made out was not correct but hereafter such miscreants will suffer the penalty.

OBITUARY

Henry Landwehr Dies.

Henry Landwehr of Manchester died Saturday evening. He is a brother of Mrs. Jacob Hinderer of this village. Mr. Landwehr was born in Germany, moving to this country while a small boy. He has lived in or near Manchester during the years he has been in this country. Mr. Landwehr was 67 years old.

He is survived by a wife and three daughters. The funeral services were held today in Manchester.

Prominent Farmer Dies.

Clement A. Barber, a life long resident of Waterloo Township died Saturday, May 6, 1922, after a short illness at his home in Waterloo village.

Mr. Barber, son of John and Marthe Benedict-Barber was born in Waterloo Township, June 4, 1855. He was married to Mary Huttenlocher. He is survived by his widow, one son Wm. Barber, and two daughters, Mrs. Ezra Moeckel and Mrs. Emanuel Walz.

Funeral services were held this afternoon at two o'clock from his residence, Rev. H. R. Beatty officiated. Interment at the Waterloo cemetery. Burial services were conducted by the Maccabees of Chelsea.

NATION'S TIMBER SUPPLY ADEQUATE.

Farm-Woodlot To Play Increasing Part In Forest Production Says M. A. C. Man.

Sast Lansing, May 8.—That there is small danger of exhaustion of America's lumber supply, if available, forest land is protected and kept at work, is the conclusion reached by Prof. A. K. Chittenden, head of the forestry department at the Michigan Agricultural College.

The nation's 450,000,000 acres of forest land should produce over 60,000,000,000 board feet of lumber a year, at a conservative estimate, says Chittenden. Our present consumption of lumber is about 40,000,000,000 board feet, with the addition of large amounts of timber products for fuel and paper-pulp.

A great percentage of the forest land area will always be devoted to forestry purposes, being unsuited for agriculture because of poor soil, steep slopes, or elevation. And this natural forest acreage, in Professor Chittenden's opinion, can be made to produce the country's needed amounts of timber products.

That agriculture is the largest wood using industry in the United States is brought out in Chittenden's statement. Nearly fifty per cent of all wood used in the country is used on the farms or goes into the manufacture of crates and boxes for the shipment of agricultural products.

The farmer is also the greatest woodland owner in the country, 190,000,000 acres, or forty per cent of the nation's total forest acreage, being held in farm woodlots. Proper handling of these small tracts on the individual farms will result in production of a very large amount of timber annually. In the future much of the forest products used by the country will come from the farm woodlot instead of being an increasingly important unit, in Chittenden's opinion.

Michigan Happenings

The Rev. Henry Brockman, pastor of the German Lutheran church in Stambaugh, near Iron River, shot and killed himself in his home May 1. A deputy sheriff was waiting in a downstairs room to take the Rev. Mr. Brockman to Marquette on a federal warrant charging violation of the Mann white slave act. The pastor asked to be excused for a minute while he got something to eat. Going to his room, he sent a bullet through his right temple. The officer rushing upstairs, found the pastor dead.

Edward Vanevera, son of Mr. and Mrs. John R. Vanevera, wealthy mine owners of Marquette, was drowned when he went over the Upper Falls in the Sturgeon river in a canoe, a drop of 20 feet. His companion, Wing Agne, also the son of a wealthy Marquette lumberman, was with Vanevera in the canoe. He was saved by being washed ashore. The two were on a fishing expedition. Vanevera and Agne were seniors in the Michigan College of Mines in Houghton.

Hezekiah H. Duff, secretary of the Michigan securities commission, issued a warning to prospective buyers against a flood of Texas oil stock literature which is being sent into the state. Duff declares that the oil stock promoters are trying to get ahead of the new "blue sky" law now pending in the federal congress which when passed, will stop the mailing of literature dealing with "wild cat" promotions.

The solemn consecration of Msgr. Joseph Gabriel Pinton, vicar-general of the Roman Catholic Diocese of Marquette as bishop of Superior, took place at St. Peter's Cathedral at Marquette May 3. Members of the Catholic hierarchy, priests from the Diocese of Marquette and the Diocese of Superior and from other parts of the country came in large numbers to participate in the ceremonies.

Frances Ames, of Lansing, a junior literary student of the University of Michigan, was elected president of the Ann Arbor Women's league. By virtue of her election, she becomes owner of the full-blooded Persian kitten with a pedigree something less than a yard long, which the Boosters' club of the campus recently purchased, to be given to the president.

The Rev. Charles D. Brokenbush, of Alma, while driving a recently purchased automobile through Greenville, became excited and brushed the side of another auto. His machine then went over the curb and into the plate glass window of Erickson's grocery. The minister was badly cut by flying glass.

The new model, all-aluminum aeroplane, being tested at Selfridge field near Mt. Clemens, by Pilot Simmons, crashed about half a mile from the field. The pilot was not injured, as he was barely 100 feet in the air when the mishap occurred.

State Senator Albert J. Engel has announced his candidacy for the United States house of representatives, to succeed James C. McLaughlin who has held the seat since 1907. Engel is an attorney at Lake City and is a world war veteran.

A complaint charging W. W. Lewis, Lansing insurance agent, with over-insuring household goods, was filed with the State insurance department of public safety. It is alleged Lewis insured household goods worth about \$300 for \$2,000.

Pontiac city commission has drafted an ordinance which will entirely prohibit card playing in billiard halls or adjacent rooms. No form of card game is allowable under the ordinance.

Muskegon voters decided to adopt daylight saving time, by a vote of two to one. A bond issue of \$275,000 for construction of storm sewers was defeated by a narrow margin.

The state securities commission has approved application of the Hudson Motor Car Company, of Detroit, for permission to recapitalize and absorb the Essex Motor Company.

Circuit Judge Harry Dingman, of Detroit, refused to dismiss the minor case brought against Ruy & Lymon, proprietors of the Green Tree Cafe, Mt. Clemens.

The Bessemer city council has called a special election for June 6 to vote on a \$130,000 bond issue to meet the city's expenses for the rest of the year.

BUSINESS.

The opening of the Lewis Spring and Axel Co. by the C. G. Spring Co. came to the people of Chelsea as a most pleasant surprise. They have waited patiently for the resumption of business in the factories that have lain idle for some time. Efforts to get industry here in this time of general retrenchment have been futile but it was only a question of time before some one would come and bring business to Chelsea.

It is for the betterment of all that the factories are opening again, and now it will only be a question of time before Chelsea can be forging ahead in growth and prosperity. With industry in a locality conditions will be better for all.

The people of Chelsea only hope that the new concern may soon increase its capacity to the limit and they wish the company success.

YOUR HOME.

A great many unexpected things have happened in your life. Suppose that, unexpectedly, you were introduced to "President Harding and it were up to you to take him to dinner. What then? Well, your first impulse would be to take him to the finest hotel in town.

However, if your wife happened to be a maker of good waffles and you put the choice up to Warren G. he probably would prefer a waffle dinner to anything the chef could furnish at the leading local hotel. He thinks Mrs. Harding is the best waffle maker on earth.

President Harding is a great home man. He loves his own home. He loves his home town. Anything connected with home, he is "strong for."

Detroit recently held a "Better Homes Week." President Harding heard about it and wrote to William B. Wreford of the Detroit Board of Commerce:

"It gives me especial pleasure to record my endorsement and approval of the Better Homes week which you are planning in Detroit. It may be true, but it is everlastingly true that the home is the cornerstone of our civilization. Better homes, more attractive homes, homes whose occupants will find true refreshment and real inspiration to increased efforts for education and culture—such homes are the ones which assure greatest stability to our institution, greatest security to our society. I cannot but feel that the effort you are making in Detroit is one which deserves a wider projection, and would be glad if your example might presently be an inspiration to a nationwide enterprise of the same kind." We talk of "great national problems." But, in the last analysis the home is the greatest national problem.

When our young folks seem to go astray, the real trouble is in their homes. And too, any "national problem" ultimately resolves itself down into a straight proposition of how it will affect our homes.

Home is the fundamental thing. It is the core of life; the generator of inspiration, our comfort during depression, our haven during storms. Given a good home, it is a mighty poor stick of a man or woman who doesn't come out on top.

Wherefore, home life is the barometer of national conditions—the straw that shows the way the wind is blowing.

The things men do are of secondary importance. What counts most is in the home—and that is up to women; the real makers of America.

PHOSPHATE ROCK.

According to conservative estimates made by the United States Geological Survey from the incomplete returns available April 1, the quantity of phosphate rock sold in the United States in 1921 was about 1,968,000 long tons, valued at \$10,928,300, as compared with 1,103,982 long tons, valued at \$25,079,572 in 1920.

The total production of Florida was approximately 1,675,000 long tons, valued at 9,036,000.

Tennessee followed with an approximate total of 293,000 long tons, valued at 1,892,399, which included a small quantity of brown rock from Kentucky.

The Western States were represented by only one producer, and South Carolina dropped out entirely.

The general business depression of 1921 is illustrated in the decline of the production of phosphate rock. The decrease in the selling price of agricultural products, combined with the high freight rates, prevented farmers from purchasing fertilizer, and the low rates of exchange discouraged exporters in the industry.

SETTLEMENTS.

Men used to fight a war until one side was the victor, the other side the absolute conquered.

Modern war has developed into a deadlock system. Men fight a long time, then meet around a green table and argue to solutions, just as they could peacefully have done before starting bloodshed.

To a certain degree, the same thing happens in labor disputes. Both sides lose a lot of time and money. Then they arbitrate—and reach about the same decision they'd have arrived at if they'd gotten together peacefully in the first place with both sides animated by the Golden Rule.

Labor warfare will pass in the wake of wars between nations.

WHISKY.

Whisky at 15 cents a drink has returned in New York. A federal prohibition agent, collecting evidence, bought it in a shoe store.

He took one drink and had to be attended by a physician, who explains the low price—in New York or elsewhere. The cheaper it is, the harder they fall.

Old and young of the area of America is flat—news item.

Michigan Happenings

Attorney General Meritt Wiley has advised the state public utilities commission to proceed with a hearing on the petition of the city of Harbor Beach asking that the Detroit and Cleveland Navigation company be compelled to furnish service to eastern coast points on the Detroit-Mackinac route. The commission raised a question as to its jurisdiction over steamboat matters. It was referred to the attorney general for an interpretation of the law passed by the 1921 legislature giving the commission regulatory control over water traffic entirely within the state.

Kalamazoo National bank is the first in southwestern Michigan. If not in the entire state, to adopt the finger print as a substitute signature for the person unable to write his own name. The system is meeting with special favor among the bank's clients, especially with the foreigners at whose solicitation it was adopted, according to James Shackleton, assistant cashier, who believes that the time will come when the finger print, instead of a cross, will become the legal signature of persons unable to write their own names.

A piece of cotton tape soaked in oil was found burning in a vacant house in the district south of Grand Rapids. The tape had been wrapped around a pole in the basement. Smoke issuing from the basement windows attracted the attention of neighbors who investigated and notified the sheriff's office. The discovery of the tape confirms the belief of officers that a "firebug" is operating in this section. Half a dozen fires have been started, some of which resulted in serious loss.

Powers of the Michigan Public Utilities commission have been greatly increased, it appears, as the result of recent decisions by the United States supreme court. One decision defined the right of the states to control purely intrastate commerce and as a result railroads can no longer ignore the state's authority. The court also recently held that the interstate commerce commission had no authority to order abandonment of lines, as far as intrastate commerce is concerned.

Upon recommendation of James Skinner, state construction engineer, the state administrative board authorized the expenditure of \$5,000 to safeguard electric wiring in the Kalamazoo State hospital. Skinner submitted a report stating that conditions are "bad" in the Kalamazoo institution, so far as wiring is concerned. He made an investigation following the recent fire.

Judge Edward J. Moinet signed a decree which gave Alma a judgment of \$24,046 against A. J. Purcell, a Jackson contractor, for breach of contract. Purcell having agreed to furnish the city with a flow of 2,000 gallons of water a minute for \$40,000, but furnished only 600. The court gave the city a lien on the machinery owned by Purcell, which it was authorized to sell.

"Don't Park Here," a musical comedy, staged two nights at Marshall, under the auspices of Woman's auxiliary of Stanley Lamb post, American Legion, was a success, gross receipts being \$702. The auxiliaries' share will be used to purchase necessary articles for the disabled veterans at Roosevelt hospital, at Camp Custer.

Names of 90 women have been placed in the jury wheel from which the jury panel for the May term of the Saginaw circuit court will be drawn. The Rev. N. S. Bradley of the jury commission announced that the women's names were placed in the wheel in an effort to improve the make-up of juries.

John Phillips, head of the International Church of Muskegon Heights, is offering something new in religious services. Mr. Phillips operates a barber shop week days and holds prayer meetings at his barber shop at 6:30 a. m. daily. The prayer meetings are for the benefit of workmen, he says.

John Baker, 40 years old, and another man are dead as the result of a drinking party at Pentwater. Assistant Prosecutor Earl Pugsley is endeavoring to uncover the source of the poisoned liquor.

Governor Groesbeck has suggested to the state administrative board that auditing and accounting work of the state athletic board of control be taken over by the state administrative board.

Practically all hope of finding alive the 17 members of the lighthouse crew of the tender Lambton was given up when more wreckage was found floating near Caribou Island, where the craft is supposed to have gone down, two weeks ago in a severe storm in Lake Superior.

Remodelling of the central section of Camp Custer to meet the demands of the summer camp schedule for training reserve officers, civilian soldiers, national guard and other units, is now being planned.

Rep. John W. W. of St. Clair has introduced a bill for state senate from the second District, to succeed Senator John W. Smith, of Port Huron. Senator Smith is expected to run for Congress from the Seventh District. The Senate district is composed of St. Clair, St. Clair County, and St. Clair County.

The Rev. John W. W. of St. Clair has introduced a bill for state senate from the second District, to succeed Senator John W. Smith, of Port Huron. Senator Smith is expected to run for Congress from the Seventh District. The Senate district is composed of St. Clair, St. Clair County, and St. Clair County.

LEGION HOSPITAL FOR TB'S IS LIKE A FINE BIG CLUB

AN EVENING FIRE-SIDE SESSION AT LEGION TUBERCULAR HOSPITAL

"More like a club than a hospital" is the frequent remark of visitors at the American Legion hospital for tubercular patients near Battle Creek. Every effort is made by the hospital staff, all of whom are American Legion members, to keep the surroundings cheerful so that the recovery of patients may be hastened.

The veterans who are now in the hospital are suffering from varying degrees of infection. Some are very ill indeed. Others need simply rest and skilful watching and diet. For these men especially, the Legion has

made efforts to keep the hospital even brighter and more interesting at home.

This Legion hospital is the only one of its kind in the United States—a hospital for veteran tubercular patients only, and conducted entirely by ex-service men.

One of the hospital's warmest admirers is Senator Townsend of Michigan. He helped in the move to send many government cases there.

Before the end of the summer the hospital will have a capacity of 400 men.

NORTH LAKE

Mr. and Mrs. E. W. McDaniels and son Charles called upon Mr. and Mrs. Ed. Lantis of Ingham Co. Sunday afternoon.

Clayton Webb and wife spent the weekend at the home of Geo. Webb.

The B. T. C. class of the North Lake Sunday School was very pleasantly entertained at the home of Lucy Webb Saturday evening, the occasion being a birthday surprise for Lucy. The evening was spent in playing games, supervised by Mrs. Clayton Webb. Ice cream and cake was served and everyone had a fine time.

Next Sunday being Mother's Day every one is requested to wear a flower in honor of their mother at the church service and the mothers will take charge of the Sunday School. Mrs. P. E. Noah acting as superintendent. Everybody is especially invited to attend these services.

SHARON

Miss Helen Kendall entertained company from Jackson over the weekend.

Ray Curtis of Chicago has been the guest of his brothers here the past week.

Keith Henes of Chelsea spent Sunday at the home of H. B. Ordway.

Mrs. John Foster has been entertaining her mother and sisters from Toledo the past two weeks.

Mrs. Grafner of Ann Arbor is the

guest of Mrs. Geo. Klump and Gustavus this week.

Mr. and Mrs. Wm. Curtis spent Friday in Jackson.

Miss Lillian Wilson attended the Epworth League convention at Chelsea last Saturday.

Dr. Ira Lehman of Highland Park was the guest of his mother over the weekend.

Miss Gertrude and Leon Raymond entertained their Sunday School class at their home Saturday afternoon.

Miss Lucile Lemon of Detroit is spending some time with relatives here.

In the arguments in behalf of a motion in superior court at Grand Rapids for a new trial for Frank J. Cook, convicted of forgery while cashier of the Farmers and Merchants' bank, his counsel emphasized that the mental attitude and physical manifestation of pleasure or chagrin expressed by the crowd at the trial prejudiced the jury.

On complaint of Cora Curran, a warrant was issued by Justice Danz of Monroe for the arrest of Albert Snyder on a charge of bigamy. It is alleged that Snyder married Mary Hawk at Fremont, O., Sept. 6, 1919, and Miss Curran at Monroe, July 6, 1921. Snyder is 64 years old and a farmer. His second wife is 49.

Judge George W. Samples of Washtenaw county circuit court, was announced he will not accept the position of United States judge for the eastern district of Michigan, if it is offered him. The judge declared so long as he performs his duties acceptably to the public he is satisfied with his present position.

SYNOPSIS

CHAPTER I.—Wealthy and highly placed in the Chicago business world, Alan Corvet is something of a reprobate and a mystery to his associates. After a stormy interview with his partner, Henry Spearman, Corvet seeks out a young girl, Judith, daughter of his partner, Lawrence Spearman, and takes her to a certain house in Blue Rapids, Kansas, where he exhibits strange behavior over the matter.

CHAPTER II.—Corvet's letter summons Conrad, a youth of unknown parentage, to Chicago.

CHAPTER III.—From a statement of Judith, it is learned that Conrad is Corvet's illegitimate son. Corvet has been in the house and its contents to Alan.

CHAPTER IV.—Alan takes possession of his new home.

CHAPTER V.—That night Alan discovers a man in the house and a woman in the room. He is startled to find that the man is the same man whom he had seen in the house the night before.

CHAPTER VI.—Next day Alan learns from Judith that Corvet had been in the house and that he had been in the house the night before.

CHAPTER VII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER VIII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER IX.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER X.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XI.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XIII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XIV.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XV.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XVI.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XVII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XVIII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XIX.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XX.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXI.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXIII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXIV.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXV.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXVI.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXVII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXVIII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXIX.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXX.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXXI.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXXII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXXIII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXXIV.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXXV.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXXVI.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXXVII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXXVIII.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

CHAPTER XXXIX.—Alan tells no one of his strange encounters. In the privacy of his room, he writes a letter to his father, who appears to be the man whom he had seen in the house the night before.

gained enabled him to recognize in these lights two steamers passing one another in the harbor mouth. His thoughts turned to Constance Sherrill. Events since he had talked with her that morning had put her far apart once more; but, in another

Bostwick, in charge of water pollution operations for the Department of Conservation said, "Serious trouble and difficulties have been encountered throughout all of Michigan due to the main to the bad effects of milk and milk wastes from creameries, cheese factories and condenseries. This waste is discharged into the streams and lakes, causing an unhealthful condition and reducing the dissolved oxygen in the water, thereby destroying fish and other aquatic life and proving a menace to the health of the people in the surrounding neighborhood." Continuing, Mr. Bostwick said, "Farmers are seriously affected if their live stock is forced to drink the water from these polluted streams and in many instances it is impossible to get live stock to touch it, compelling the owner to provide other sources of water supply for farming and stock raising purposes."

All State game and fish wardens have been notified by Mr. Bostwick to put the following notice in a conspicuous place in all creameries, cheese factories and condenseries and other milk product institutions, reporting direct to the department where such notices have been posted.

DEPARTMENT OF CONSERVATION

STATE OF MICHIGAN

WARNING NOTICE

Fouling of Waters and Destruction of Fish are Caused by Dumping Milk and Milk Wastes into Streams.

Act 350, Laws of 1905, as Amended, Makes it Unlawful to Put Milk into the Waters of this State.

Violations Under This Act will be Prosecuted Under Authority Granted by Section 17, Public Acts, 1921.

JOHN BAIRD, Director.

"It is hoped," said Mr. Bostwick, "that the State will receive the cooperation of these commercial enterprises in the endeavor to divert their waste products from the streams that are now becoming polluted. The question is a grave one and needs the cooperation of every public spirited citizen of the State."

STEEL.

United States now dominates the world steel market. Fear of foreign competition in steel export trade is rapidly vanishing. America is underselling every European country, except Belgium, in nearly every branch of steel exports. Belgium's productive capacity is not large enough to worry about. Before the war, Germany dominated the world steel exports.

Lansing, Mich., May 1. — When asked, "What in your opinion is one of the most injurious wastes dumped into the streams of Michigan?" R. A.

CENSOR "PHONIES."

The phonograph is now denounced as a menace by Princeton professors. They rank it with bridge, dancing, betting parties and other like diversions which take the undergraduate from his books. The "Daily Princetonian" supports this attitude.

Reading—Gertrude Weinberg.
Talk—H. W. Klammer.
Community singing.

Willing Workers Meet.

The Willing Workers of St. Paul's church will meet with Mrs. Schettler, Wednesday afternoon, May 10.

Married in Ann Arbor.

Patrick Dailey and Miss Phillips were married in Ann Arbor Wednesday, May 3. They will make their home in Ann Arbor.

Entertained 25 at Dinner.

Mrs. Martha Weinmann entertained 25 friends at dinner Sunday. The many friends were here to attend the confirmation services held at the St. Paul's church. Out of town guests were: Mr. and Mrs. Herb. Laros and daughters of Flint, Mr. and Mrs. Christian. Grauf of Rogers Corners, Mr. and Mrs. Arthur Schairer of Lima.

COMPLETE TOWN IS BUILT FOR BIG PICTURE.

No Expense Spared to Make "Moran of the Lady Letty" Realistic As Possible.

A complete Mexican town, supposedly peopled by renegade Mexicans and murderous Chinese and located somewhere on the Mexican coast, was constructed at Paradise Cove, on the shore of San Francisco Bay, for scenes in "Moran of the Lady Letty," the George Melford production for Paramount which will be presented Thursday and Friday at the Princess Theatre.

The town was laid out with streets and twenty buildings of adobe, plaster and wood and thatched over the roofs with straw were erected. Thirty carpenters and scenic artists labored for two weeks to build the village.

The village is the scene of some of the most thrilling dramatic episodes of the new sea picture, which is an adaptation of the novel by Frank Norris. Dorothy Dalton plays the featured role, and Rodolph Valentino plays opposite her.

LOCAL BREVITIES

Our Phone No. 190

Warren Daniels made a business trip to Lansing Friday.

Mr. and Mrs. W. M. Backus and Mr. and Mrs. R. E. Wilcox and children of Jackson were Sunday guests of Mr. and Mrs. M. J. Baxter.

That smoking has increased greatly among Saginaw high school students since the war is the statement of Superintendent W. W. Warner, of East Side schools. "The campaign for smokers for the soldiers during the war has had the effect of stimulating smoking among high school boys," Warner said.

While there are many jobs on farms in Shiawassee county awaiting single men, there are none for married men, according to County Agent J. V. Sheap. He declares he has many un-filled applications for single men, but that several married men have asked for work and cannot get it.

Wony & Hills, vinegar manufacturers of Michigan, were cited to appear May 15 to answer to charges by the Bureau of Food and Drugs of the State Department that apple vinegar adulterated.

CHELSEA INDEPENDENTS

Defeat Grass Lake Two to One.

The Chelsea Independents won a fast and exciting game from the Grass Lake Independents here Sunday by a score of 2 to 1. From the start it was a pitching duel between Miller of Chelsea and Klingler of Grass Lake with the local hurler having the better of the argument. He allowed but five hits while Chelsea batters collected eight of the Grass Lake hurlers.

The first run came in the third inning when A. Hoffman of Chelsea was passed, stole second and third and scored on a single by E. Eder. Grass Lake tied the score in the seventh inning when Walker reached first on an error, stole second and scored on W. Klingler's single.

Chelsea came back and took the lead in their half of the same inning, scoring the run which won the game. Rowe started the inning with a single, went to second on Eder's sacrifice, reached third on an error and came home on a hit by R. Cannon. The score: Chelsea 2-0 0-0 0-0 1-0 0-2 8-4 Grass Lake 0-0 0-0 0-0 1-0 0-1 5-2 Miller and Ederman; Klingler, Leahy and Dunlap.

BASE GAME.

The Chelsea High School and the St. Mary's School will have a 7-inning ball game at 4:00 o'clock this afternoon on Wilkinson field.

Oswald Ederman of Detroit, spent Sunday with friends and relatives in Chelsea.

Mrs. Elmer Smith has sold her home on Wilkinson street to Joseph Brown.

Whooping Cough.
This is a very dangerous disease, particularly to children under five years of age, but when no paregoric, codeine or other opiate is given, is easily cured by giving Chamberlain's Cough Remedy. Most people believe that it must run its course, not knowing that the time is very much shortened and that there is little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take. Advt.

DO ANIMALS CRY?

Scientists Say Yes.

Recently an eminent scientist was asked, "Do animals cry or show emotion?" His answer was, that without a question of doubt, many animals weep and often for the same reasons that humans do. All cud chewing animals have this peculiarity. Calves have been known to shed tears very easily. Deer and bear cry if they know death is at hand. The giraffe is no less sensitive and tearfully regards the man who has wounded him. Old bird hunters will tell you that quail and even our ruffed grouse are possessed of this emotion. In fact some hunters can not bear to hunt the giraffe and face his dying reproach. It is not at all surprising that animals should possess this emotion, oftentimes brought on by injury or grief.

CATARHIAL DEAFNESS

is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrh of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when the catarrh is cured, the hearing is restored. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulars free. All Druggists. E. J. Cheney & Co., Toledo, Ohio.

—IN—

"Moran of The Lady Letty"

A DAUGHTER OF THE VIKINGS!

Her world was the sea, and her sailor pals called her Moran.

But there came a day when her ship went down and a pirate crew thought they'd found a mere woman!

See her fight, with the help of love and wit!

A tale of trackless seas and strange shores washed with adventure.
