

ENTIRELY NEW SCHOOL BOARD FOR CHELSEA

President of Board, M. J. Dunkel,
and John Kalmbach resign.

The annual school board meeting for the township of Sylvan was held last evening in the town hall. The president of the board not being present, Edwin Koebbe was elected to act as chairman. R. D. Walker and S. P. Foster were appointed tellers and sworn in by Justice of the Peace E. D. Chapman.

The report of the secretary and treasurer were read and accepted and the estimates for the running of the schools for the next year were presented. A motion was made and accepted to raise \$16,500 by direct tax for the schools. This is \$3,500 less than was raised last year to take care of the needs of the school. But the reduction was based on the facts that many debts had been paid this year eliminating the need of a higher appropriation.

Four New Trustees Elected.

The next order of business was the election of trustees. The first trustee elected was Walter F. Kanteleiner who will hold office for three years. Mr. Kanteleiner was elected by a unanimous vote of 81. The next office to be filled was for trustee for two years. Henry W. Schmidt and Edwin Koebbe were nominated. The ballot was spread and the returns were: Schmidt 59, Koebbe 40, Daneer. Accordingly Dr. H. W. Schmidt was declared elected to hold the office of trustee for the ensuing two years. The third ballot for another trustee to hold office for two years was cast. E. P. Steiner and Dr. Geo. W. Palmer were nominated and the ballot elected Steiner by a vote of 52 to 39.

M. J. DUNKEL

A communication was then read by Secretary Kalmbach in which M. J. Dunkel tendered his resignation from the school board. The resignation was voted upon and accepted. This made a vacancy to be filled for one year. Miss Elizabeth Depew was nominated and accordingly elected by a unanimous vote. The meeting then adjourned on motion.

Kalmbach resigns this morning

A communication received from John Kalmbach this morning was to the effect that he tendered his resignation as trustee on the school board. Mr. Kalmbach who has been

JOHN KALMBACH

secretary of the board for the past year had one more year to serve as trustee. His resignation comes as a shock to the voters of this district. With the resignation of Mr. Kalmbach and Mr. Dunkel it means that Sylvan district will have an entirely new school board. The vacancy will be filled by appointment of the board at its first meeting.

DIG PRODUCTION TO BE SHOWN IN CHELSEA.

People of Chelsea are fortunate to be able to have such a wonderful picture as "Way Down East" come to their theatre. This play that reproduces some of the most wonderful scenes that are imaginable has been having some of the most successful runs of any play on the screen.

People here can consider themselves more than fortunate in the matter of price because in other places the price have ranged from 50 cents to \$1.50. The play will be here Wednesday and Thursday and will draw large audiences.

Mr. and Mrs. Floyd VanRiper of Ann Arbor were guests at the home of Mr. and Mrs. W. H. Heselschwerdt.

CONSUMERS POWER SEEMS FAVORED

Mass Meeting Draws Fair Crowd.
Motion Passed for Village to
Continue Work.

Consumers Power seems to be the general idea as expressed at the meeting held Friday evening at the town hall. A fine crowd attended the mass meeting and heard the reports and were given a chance to ask questions and be informed.

President Wurster presided at the meeting. Mr. Boehm explained the condition of the plant to the people first. He gave it clearly to be understood that the plant was barely running and that unless many changes were made at once there would be danger. Then Mr. Lovell of Ann Arbor who was the engineer who went over the plant and made the report to the commission gave a brief resume of his report as published in the Tribune on June 27.

H. D. Witherell, who had made a trip to investigate the conditions at Mason where the Consumers power has been in use for some time, gave a favorable report. From his investigation there he found the people well satisfied with the service.

Franchise thought too long.

The question that caused the most comment was that of the franchise. The length of the franchise being set at 30 years but a provision is being considered whereby the village can at the end of five years buy back the lines and furnish their own power, should conditions warrant.

The Consumers company have added to the appropriation fund and the new offer is \$20,000. This offer consists of \$10,000 for the lines exclusive of the boulevard lights and the plant. The other \$10,000 is for the replacement of the equipment in the village and the building of a new water works plant. The water works plant to be controlled by the village. It is also understood that the Consumers company will aid the Village of Chelsea in the disposal of the goods here and give them the benefit of the best prices available.

A motion was made and passed to the effect that the Village board and the E. L. & W. W. Com. make as good a proposition as possible with the Consumers Power company and then submit it to the people. The general trend of opinions was in favor of the Consumers power, but the matter of the 30 year franchise was the main point of dissent. This matter is being looked into closely now and consideration of various communities where different franchises are in effect are being heard from.

PLAY PROGRAM A BIG SUCCESS

The play program that was carried out last Thursday evening on the school grounds was a big success. The program will be repeated next Thursday evening. Everyone that was there had a fine time and received considerable benefit for the time spent, and there is no reason why these play evenings cannot come regularly and a large number participate. The many advantages that are connected with such an evening of play are of considerable benefit only to those who will take part. Those in charge promise to teach any who do not know how to play the games, and besides that you will be sure of a good time.

It is urged that everyone get out Thursday evening and forget your troubles for the evening.

Alve and Arthur Faber spent Sunday in Jackson.

COMPLETES 50 YEARS TEACHING AT

There are very few persons in Little Rock, Ark., who have come in contact with this very successful woman. She is Mrs. Bessie B. Sterling, who now at 81 years of age has just completed fifty years of teaching in the public schools there. She started in 1872. It is estimated 6,000 pupils have been under her tutelage.

Our Healthy Baby

COMMITTED SUICIDE WHILE DESPONDENT

After a long spell of despondency John Bauer committed suicide by taking poison. Mr. Bauer died at his home at 1:00 o'clock Monday morning. Mr. Bauer was in Chelsea Saturday afternoon and called at a physician's office. Not being able to speak English he could not be understood by the physician. He purchased some rat poison and his death was caused from eating it.

John Bauer, Sr. was born in Hechdorf, Oberamt Friedenstadt, Germany, in 1842. He came to the United States in 1865 and for some time lived in Milwaukee. Then he moved here and has been here since. He was married in Germany but his wife died before he came to this country. He married again in 1890 and his second wife died in 1909.

Mr. Bauer is survived by his son John Jr., and his brother George, of Whitmore Lake.

Funeral services will be held Wednesday morning.

PEAT COMPANY TO INSTALL ADDITIONAL MACHINERY.

We are informed by Mr. Morrison, president of the Moriste Process Company, that the company has purchased new excavating apparatus for their peat plant consisting of a large cableway and steel bucket for excavating material operated by a large engine and boiler. The large excavating bucket will travel on a cableway attached to a tower seventy-eight feet high, which will be erected this week at the plant.

They have also ordered improvements for their press and expect to be running full capacity by the first of August.

Mr. Morrison states that some men lately employed by the company have been reporting that they did not get their pay promptly, and wishes to take this opportunity to state to the merchants of Chelsea that the company has and will always pay its men promptly, and is in position to meet any bills contracted in the city of Chelsea.

The new barn which O. C. Burkhardt has had erected on his farm south of town is now completed.

Mrs. Charles Paul and son Herbert were guests of Mr. and Mrs. John Lautenslager of Jackson, Sunday.

Mr. Auson Youngs entertained Mr. and Mrs. Joseph Youngs of Detroit the weekend.

Miss Marie Dole of Benton Harbor arrives today to visit at the home of Mr. and Mrs. S. A. Mapes.

Mrs. Frank Storms and Miss Mary Mapes are spending this week in Adrian and are attending the Mutual Chautauqua which is being held there this week. Harold Storms is with the Mutual this summer.

Mrs. Gilbert Martin and her daughter, Mrs. Bert Riley and children of Detroit are spending some time at Mrs. Martin's home here.

Rev. Krause filled the pulpit Sunday afternoon in the absence of Rev. F. O. Jones.

Mr. and Mrs. F. P. Ford entertained the latter's brother and wife Mr. and Mrs. Allsbaugh of Kalamazoo over the weekend.

Alfred C. Smyth, Mrs. Henry Everett and Mrs. Vickor Smith of Sharon motored to Chelsea, Thursday afternoon to see how the new silo, Mr. Everett recently purchased came through.

CHELSEA WINS AGAIN SUNDAY, 13 TO 8

Defeated Albion Independents in Fine Game.

Chester took another victory Sunday afternoon when they defeated the Albion Independents by a score of 13 to 8. Before a small crowd the local boys played a fine game and captured an easy victory for their already long list.

It looked like there would be considerable opposition with the opening of the game when Albion took one run the first inning and two the second, but Chelsea soon found herself and came back and piled up a score of 6 to 3. Then came a disastrous break in the sixth when the Albion team scored 5 runs. This though was brought to an end when Miller steadied himself. From then on it was tight ball that was pitched.

In the last of the eighth Chelsea brought the score from an 8 to 8 tie to 13 to 8. In the ninth it looked like Albion might even things up, but with two men down and a man on third, Miller caught him napping and the game was over.

Jack Dunn the star football man of Michigan played with Chelsea. He made the most spectacular play of the game when he jumped up at short stop and picked a fly out of the air. The game was a fine showing of clean sportsmanship and was a credit to both teams. They played clean ball and forgot the usual crabbing that is heard in small town games. Chelsea can well be proud of her base ball team.

Charles Stocking and sons of Ann Arbor accompanied by his mother Mrs. Mary Stocking spent Sunday with relatives in Owosso.

Mrs. John McKintze of Stockton, California, Mrs. Session and Mrs. Drayton Howell, enroute to attend the funeral of Mr. Edward Corkons of Plymouth, Michigan, stopped to call on their friends Mrs. Florence Jones and sister Miss Laura Blount, at the home.

Miss Mae Peters of Selo and her nephew, Howard Peters, of Chicago, were Chelsea visitors Monday.

George Grammer of Detroit has been spending the past two weeks with his parents, Mr. and Mrs. Frank Grammer.

A. A. Reun and son David of Detroit were weekend guests at the home of Mr. and Mrs. John McGuiness.

OF CHELSEA

LYNDON

Misses Carrie and Agnes Cunningham, and James Degeroux of Chicago, Miss Belle Cunningham of Duluth Minn. and Dr. T. L. Clark and family of Jackson spent the weekend and over the Fourth at the Clark home.

Mr. and Mrs. Hula Barton and family of Detroit spent the Fourth with Mr. and Mrs. Guy Barton and children remaining for a week.

Dr. G. A. Honnelt spent the Fourth with his parents here.

Eureka Grange held a meeting Friday evening at the hall. There was a large attendance, and the arrangements were completed for a picnic to be held July 26, to celebrate the 50th anniversary of the organization of the Grange. Lunch was served after the meeting.

Miss Jean Glenn of Stockbridge spent a few days last week with Mr. and Mrs. Leon Clark.

Mr. and Mrs. Peter Young of Detroit spent the Fourth here.

Mrs. Howard Collings and children of Stockbridge spent the weekend with her mother Mrs. Mary McIntee.

Herbert McIntee is driving a new Ford touring car.

Miss Clara Stanfield is visiting relatives near Leslie.

Miss Cecelia McKune of Detroit spent Sunday and Monday with Mr. and Mrs. Wm. Otto.

UNADILLA

M. E. Ladies will serve ice cream at the home of Herbert Carnes Friday evening, July 14.

Mr. and Mrs. Francis May spent Sunday in Jackson.

Mrs. Mae Myers and daughter, Doris of Munnich spent the weekend with her parents Vet Bullis.

Born to Mr. and Mrs. Howard May a daughter, July 4.

Decision was reached by the board of supervisors of Genesee county to make county prisoners work on the roads July 14, at which time the county's contract with the Detroit House of Correction for caring for short term prisoners, expired. Hereafter prisoners sentenced from 65 to 90 days will be sent to the county jail. Those formerly were sentenced to Detroit.

Although he had only 16 days more of his probationary period to serve, Charles Enders, 28 years old, of Grand Rapids, has been returned to the state reformatory at Ionia, because he is said to have stolen a watch from a restaurant proprietor. Enders was paroled from the reformatory after having served some time on a larceny charge.

The assessed valuation of Owosso was increased from \$10,300,000 to more than \$12,000,000 by the equalization, adopted by the Shiawassee county board of supervisors. The valuation of the county was increased only \$700,000. At the same time valuation of Corunna was increased from \$383,620 to \$1,142,644.

Michigan Banks are in splendid condition and will experience no difficulty financing farm needs during the present year, according to a state ment issued by State Banking Commissioner Hugh McPherson.

Hollis Freeman who has been visiting relatives here for several weeks returned Thursday to his home in Mercedes, Texas.

Miss Marion Stapish who is attending summer school at Ypsilanti spent the weekend with Dorothy Satterthwaite.

R. D. Walker and daughters visited relatives in Plymouth, Sunday. Mrs. Walker who has been visiting relatives there for a few days returned home with them.

CHELSEA BOYS LEAVE FOR CAMP BRIKEET

It was a gay bunch of boys that left Monday morning for Camp Brikeet from here. Twelve boys under the leadership of E. P. Steiner left about 9 o'clock for the boys camp at Silver Lake about three miles south of Pinckney.

The camp which was started several years ago has come to be one of the best boys camps in the state. The boys who are going from here are as follows: Robert Winans, Wm. Mathies, Dwight Beach, Claude Rogers, Dudley Holmes, Howard Holmes, Lyle Haseelschwerdt, Paul Axtell, Elwood Herbauer, Fredrick Steiner and G. L. Staffan.

E. P. Steiner will go with the boys and be their leader the first week, and Rev. E. A. Carnes will be there the second week as the leader. The boys camp in groups of seven and a leader is in charge of each tent. The camp is filled up for the two weeks and there will be 50 or more boys there.

LOCAL BREVITIES

Our Phone No. 490

Mr. and Mrs. Stanton of Birmingham are guests of A. L. Lowry at his country home.

Mr. and Mrs. Harry Taylor and daughter were guests of their parents the past week.

A. L. Watkins of Battle Creek was the guest of his mother, Mrs. J. L. Gilbert Friday.

Mr. and Mrs. Haze Bennet of Detroit were weekend guests of Mr. and Mrs. David Albor.

Mr. and Mrs. Wm. Webster of Chicago are spending some time at the Webster cottage at Crooked Lake.

Bert McClain who has been spending some time at his home here has returned to Cleveland.

Martha Bristol of Ann Arbor spent the weekend with her sister, Mrs. Fred Hinderer.

Elliot McCarthy left Monday with Mr. and Mrs. Frank Hoffman of Jackson on a motor trip to Muskegon.

Mr. and Mrs. Frank Whitmer and little grandson Rollin Spaulding spent Sunday with relatives in Dearborn.

The Misses Miller and Mr. and Mrs. Frank Quinlan of Detroit are spending this week at the Cummings cottage at Cavanaugh Lake.

Walter Kanouse, Mr. and Mrs. Darenep Kanouse and Mr. and Mrs. Morris Gavette of Detroit spent the weekend at the home of Mr. and Mrs. Geo. K. Chapman.

C. J. Chandler, Miss Dorothy Chandler and Harold K. Chandler of Grosse Pointe Shores were guests of Mr. and Mrs. D. H. Wurster the first of the week.

Mr. and Mrs. W. H. Heselschwerdt and grandson, Stewart Roy, were guests of Mr. and Mrs. John O'Hara of Detroit Sunday.

Mr. and Mrs. Fred Gerard of Detroit are guests of Mr. and Mrs. Fred Barth of Lima this week.

Mr. and Mrs. John Koch and daughter, Miss Amanda, Mr. and Mrs. Emanuel Rahmiller and daughter, Mr. and Mrs. Glenn Barber and family of Lima and Mr. and Mrs. Julius Niehaus of Chicago were Sunday guests of Mr. and Mrs. Wm. Kuebler of Manchester.

William Laird who has been on the sick list for a long time was up town Saturday. Mr. Laird who is 76 years old is just recovering from his first illness.

Word from George Axtell, who is visiting his daughter in New York is that he is enjoying his visit there.

Mr. and Mrs. Alonzo Parmenter and daughters of Northville spent Sunday with Rev. and Mrs. H. R. Beatty.

Mr. and Mrs. H. M. Raymond, Miss Lola Smith of Chicago, Mrs. M. L. Raymond of Grass Lake, and Mr. and Mrs. John Schlee of Ann Arbor, were Sunday guests at the home of Mrs. Geo. Crowell.

Mrs. John McGuiness, Miss Mabel McGuiness and Mrs. Andrew Ruen were Jackson visitors Saturday.

Miss Dorothea Schanz spent the weekend with Norene Hindelang at Cavanaugh Lake.

Uncommon Sense

By JOHN BLAKE

WHAT A WOMAN DID

IT SEEMS probable that cancer, one of the most deadly of the enemies of mankind, will soon be conquered by the use of radium.

Since the beginning of time this element has existed in nature. For the last score or more of years the presence of some unseen but powerful force has been suspected. Scientists sought to discover what it was, but sought in vain. Then a quiet little Polish woman, after years of laborious experiments, discovered it.

That a woman should have made this discovery—one of the most notable in all history—is highly important. It disproves forever the old contention that there is any difference between the brain of a man and that of a woman.

The highest concentration, the greatest reasoning power, the most indomitable determination were required for the years of work which had to be done before this discovery could be made.

A man stumbles on a gold mine or a diamond deposit by accident. But to find a metal which exists in the most minute quantities, and which must be extracted by intricate pains from the surrounding elements, has to be located first, and laboriously separated afterwards.

Countless experiments entered into Marie Curie's work, and only a remarkable human being could have brought it to a successful conclusion. Much is yet to be done before the power of radium over cancer can be thoroughly tested.

But this can be left to others, as the consideration of a captured position in war can be left to subordinates after a brilliant general has won an engagement.

Marie Curie has set an example, not only for her own sex, but for all the searchers for truth in the world.

Her achievement is an inspiration, and probably to the end of time will be an inspiration to the whole world. (Copyright.)

Feeding Calves.

Calves intended for beef should begin on grain when three to four months old. A mixture of equal parts oats, bran and corn (preferably ground) is the best grain ration.

Pay Attention to Worms. Successful growers of swine are each year paying more attention to the prevention of worms in swine.

Deck Early. Lambs should be docked and gelded while yet quite small.

Two army planes are to be stationed at Camp Custer for duty with the land units in working out combat problems.

An allotment of 1,250,000 pounds of war salvaged plastic acid has been awarded Michigan for land-clearing purposes.

To express his keen regret concerning the resignation of Dean Mary E. Sweeney, head of the division of home economics, of Michigan Agricultural college, President David Friday has characterized her leaving as the "greatest loss to the college suffered during my administration."

The Calhoun county board of supervisors has appropriated \$3,000 to eradicate tuberculosis among cattle in the county and a vigorous campaign is to be waged against the disease.

HOW DO YOU LIKE HER SHOES, GIRLS?

This is the latest in footwear—a modification of the Russian boot. The new footwear is seen only in the fapper, who in summer there, simply must have something to take the place of the unlatched overshoes.

The Chelsea Tribune is mailed to any address in the United States at \$1.50 the year, 75 cents for six months and 40 cents for three months.

AN IMPORTANT ISSUE.

It will only be a matter of a short time now when the people of Chelsea must decide what they want; a municipal power plant or Consumers power. It behooves every man and woman to look deeply into the subject and know his own mind before he goes to the poles and votes.

The question is a big one. The present plant is without a doubt a liability and almost a hazard to the community. Although current is being furnished and with fairly good regularity it cannot be continued long. After 30 years of operation and service it seems that it is about time to give this plant a rest.

In considering Consumers power many things are involved. The length of time granted in the franchise must be well considered. When once the power is accepted it is generally there for good, but in the event of a desire to change there must be a way provided. Another consideration that is of the utmost importance is the guarantee of power. There no doubt will have to be exceptions, such as in the case of a storm as was experienced here in April. But under normal conditions some kind of a guarantee should protect the users. In the event that power was off there should be a refund to care for those that would lose.

Chelsea needs several things but the two main issues that confront the people are the electric power, and the sewerage system. The power question is first and the other will follow. Finish up the first and the second will take care of itself.

HOMES.

When industry does come to this community what will be done? Chelsea, so ideally situated, for shipping and the like, with the best of factories, ready for use, and yet no homes that can be obtained. Some persons have found it necessary to live outside the village because of no available places. In some cases rents paid will compare with rents in the big city. Business is coming back to normal again, and so must prices. War time prices and war time rents are passe, let's get back to normalcy again.

VOTE SWAPPING BECOMES A SCANDAL.

The accepted practice of swapping votes in state legislatures has reached a pass where it is akin to national scandal. The public interest is sacrificed on the altar of country cupidity, though as a fact the home folks in the long run pay dearly for their supposed favored legislation. "You vote for my bill and I'll vote for yours," is the battle cry. "The provisions of my bill will not affect your territory, and nobody cares anyhow." The custom, of course, is the outgrowth of the Washington pork barrel scramble where favored noses are so brazenly thrust into the national money trough. There it is bad enough, but when the practice is brought more nearly home the effect is demoralizing. Unprincipled legislators are enabled to entrench themselves in office, so firmly that it soon becomes next to impossible to uproot them. They always "make good" for the home folks, and that is as far as the vision goes. The rest, to quote the melancholy Dane, is silence. The practice lowers the moral fibre of the people and legislatures become simply distributing centers of graft and special favors, state budgets are swollen beyond all necessity, genuine expenditures do not count, nothing counts, indeed, but moves that will keep the tawdry politician in his legislative job.

SPIRITUALISM.

Flammarion, celebrated French scientist, is convinced that the human soul survives after the body dies—as nine out of 10 people already believed without any scientific investigation.

Flammarion's excitement will remind good church goers of a boy rushing about announcing that there's a moon.

The important thing is that Flammarion's "sure evidence" was accumulated during 30 years of research in psychic phenomena.

Spiritualism is bridging the gap that has existed for centuries between science and religion. Eventually the two will be in the same camp.

MONEY.

Stocks of the various Standard Oil companies have advanced in market value more than a billion dollars, since early in the year.

Yet there has been practically no change in the actual physical property back of the companies. Same old pipe lines, same old refineries, same old relation of assets to liabilities.

The billion dollar advance is merely a reflection of increased confidence in general business outlook, especially for the oil industry.

Confidence is our greatest national wealth. For confidence is courage, the generator of prosperity.

CHILD INVESTORS.

A Wall street banker says that school children own the majority of Uncle Sam's \$683,000,000 of "baby bonds"—thrift bonds.

It is probable that American children own enough of these to wipe out the entire national debt of Mexico.

Financially, the children of our generation are extremely fortunate. Do you remember when a penny satisfied an 8 year old boy, and a nickel looked as big to him as a wagon wheel?

"Them days is gone forever."

A man will go a long way to save his face; but a woman has only to go to the drug store.

Cotton exchange suspended three for fraud. Why not a slogan: A fair exchange is no robbery.

Pinchot spent \$120,000 getting elected. That's high office rent.

In the annual spring drive of motorists against trains, no train casualties have been reported.

Sounds Death Knell of the Hookworm

Dr. Maurice C. Hall of the Department of Agriculture, after many experiments has discovered that the hookworm can be killed in the lower animals by carbon tetrachloride. He will soon be in a position to announce the method of treatment that will rid human beings of the health destroying parasite which has been so prevalent in the country. The discovery is regarded as one of the highest importance. Statistics figure that the elimination of the hookworm will increase the prosperity and productivity of the South tremendously.

Michigan Happenings

Venice park, pretty little summering district, on Lake Orion, soon will be connected with the mainland with a substantial road, suitable for motor traffic which the popular park warrants. In years past, boats were used for transportation, and, as the population grew, it became an inconvenience. Petition after petition, sent to the Orion council for installation of lights and construction of a road were followed only by the supplying of lights. Blasting for the road was started, but the work was allowed to lapse, until the petition again was started this year with success.

Thrown under the wheels of the truck he was driving in a freak motor crash, Oliver W. Relek, 12 years old, of Utica, Mich., was killed instantly. The crash happened, it is said, when a truck driven by Gerald Chessman, of 1718 Parker avenue, Detroit, passed Relek's truck, the rear wheel hitting the front one on the other machine. Chessman's drivers' eyes, did not stop, and he finally was apprehended by Deputy Harry Lander, of Utica, half an hour later.

Fire did \$100,000 damage in the Battle Creek business district, chiefly to the block between Jefferson avenue and McCamly street, on West Main street, occupied entirely by the Brockert Hardware company. The Majestic theater, adjoining, was damaged by flames, the Newark Shoe store by water and smoke, and adjacent stores by smoke. The smoke was so dense it entered stores for a half block on either side.

Miss Gladys McCarthy, a student at the Michigan State Normal College, Ypsilanti, employed during the summer as a life guard at the Muskegon municipal bathing beach, saved two girls from drowning there. One girl, seized with cramps, grabbed her companion and both went down in 15 feet of water. Miss McCarthy, an expert swimmer, dived and brought up both girls and swam with them to shore.

The University of Michigan's hope of establishing a two-year course in aeronautics as part of the R. O. T. C. work offered at Ann Arbor was blasted by word from the headquarters of the Sixth Army corps, Chicago, declaring that it would not be possible this year. The regents granted a petition which requested the course, at their last meeting.

Will Davis, 56 years old, a Negro laborer, of Monroe, was arrested by Sheriff Gessner, charged with having stabbed Whitbee Bernard, 23 years old, another Negro, with a knife through the right chest. The affair was a result of a quarrel at a moonshine party. It is alleged, Small hopes are held for Bernard's recovery.

Charged with bigamy, Frank Gilman, bakery foreman, arrested at Boston and brought to the county jail at Monroe by Sheriff Frank Gessner, pleaded guilty before Justice Charles Hoyt, and was bound over to the circuit court under \$2,000 bail.

Her clothes fired by a kerosene oil stove, Mrs. J. S. Mudge, 70 years old, wife of the owner of Seven Islands, near Grand Lodge, died from the burns. She leaves her husband and one daughter, Harriet.

Ruth, 3-year-old daughter of Rev. William E. Rasmussen, of Stanton, was badly burned while playing with firecrackers. Her mother burned her own hands in the attempt to extinguish the flames.

After an hour's battle with two big chicken hawks in a marsh south of Battle Creek, Mr. and Mrs. John Fleming, of that city, were forced to run for their lives. They were both injured.

Alfred Hart, 15 years old, was drowned at Portage lake, on the northern boundary of Washtenaw county. The lad was in swimming.

About 100 members of the Flint Red Arrow Club will attend the third annual Red Arrow convention, at Madison, Wis., August 26 to 29.

The Bay City commission has adopted a resolution that \$875,741.37 be spread on the tax rolls for school purposes.

Since last October Bert Graham, a merchant in the suburbs of Muskegon, has slept in his store, armed with a revolver and shotgun, awaiting the return of the burglar who twice robbed his place. The burglar returned a few days ago and as he raised the window Graham fired the shotgun in the dark. It tore a part of the right hand of William Taylor, 21 years old, who says his home was at Sault Ste. Marie. He gave himself up.

Clare county board of supervisors has adopted a resolution opposing creation of a state drainage department. A resolution was also adopted to petition the state department of conservation for the opening of the season for killing rabbits with no restrictions. This action was endorsed by Deputy Game Warden Pettit and Briggs and the Clare County Sportsman's Club.

William Morgan, Calhoun county farmer, is in serious condition from burns and bruises suffered when a team of horses he was attempting to save from his burning barn became panic stricken and kicked him into the flames. He crawled from the blazing building, almost suffocated. Both horses perished in the fire, damage from which was estimated at \$10,000.

WANT AND FOR SALE ADS

WANTED -- MEN

For work in track department, good wages and generally much higher than paid in outside industries, steady employment general during entire year. You know men on railroads worked all through the hard times at good wages and did not have their wages reduced once as was done in all outside industries. These men in addition had free passes and other privileges for themselves and families. Get a good job and keep it and prepare yourself for the future. Apply to nearest road master or division Engineer by letter giving your name and address also say if you have any friends wanting a position and send in their names.

GRIFFITH EXCELS ALL OTHER PICTURES

D. W. Griffith's wonder spectacle, "Way Down East," taken from the famous New England play of that name will be seen at the Princess for two nights Wednesday and Thursday.

In "Way Down East" the master of the silent drama has excelled himself. Griffith has taken this simple story of plain people and infused into it the charm of New England home-lands with their quaint surroundings.

Many perspectives of enchanting roadways, meadows and hills; old fashioned sleighing parties, barn dances and rustic humors in a manner which creates a new art form. It is a tale of the love that conquers all things but which is retarded for the time being by gossip and thrilling adventures prompted by the stern dictates of a simple people who have but one code of honor.

It progresses charmingly and with those intimate touches of Griffith beauty which makes all his works stand out so appealingly to a climax which is the greatest scene ever depicted within the four walls of a theater.

The audience are thrilled until they fairly gasp for breath and find relief with the termination of the suspense in great outbursts of applause and cheers.

This may sound a trifle overstated but it is the bare truth and not one-tenth what the most staid critics in all the big cities have said about it over and over. Its record is the most phenomenal in America and it is a daily or nightly occurrence to see bankers, society women and schoolboys spontaneously join in the applause which rocks the theatre.

It is presented by the finest cast that ever assembled for a screen production and in addition to the plume picture of Anna Moore as depicted by Lillian Gish and the manly David of Richard Barthelmess. The other characters are played by Burr McIntosh, Mary Hay, Kate Bruce, Lowell Sherman, Creighton Hale, Mrs. Morgan Belmont, Edgar Nelson, Geo. Neville, Vivian Ogden, Florence Short, Mrs. David Landau, Josephine Bernhardt, Emily Fitzroy, Patricia French and many others.

So rapidly are bounty orders on rats, hawks, woodchucks and other obnoxious birds and animals coming in to the Lenawee county treasurer, the latter has been given permission by the board of supervisors to borrow \$10,000 if necessary to meet the obligations.

Twelve million dollars has been allocated from Oakland county's apportionment by the equalization board. The new valuation is \$127,301,477. Of this \$10,969,563 is real estate, and \$18,331,912 is personal property. Last year's valuation was \$129,912,681.

County Road Commissioner William Rosso, of Mt. Clemens, has taken out summons in justice court against several said to be in charge of the at carnival tents, charging them with obstructing the highway leading to Stratford field.

Chiefs have been started in Marquette county for the removal of tonsils and adenoids from school children attending the rural and city schools by the sanitaries committee of the Marquette County Red Cross chapter.

While walking along the street at Chelsea, a man named John J. H. was struck by a car. He was instantly killed by the blow. One of the two children who were at the time also was struck and is probably recovering.

J. J. H. was 56 years old, married, and had a family. He was a well-known resident of Chelsea, Mich.

At the election on the issue of the proposed annexation of the State of Michigan to the electric light and power system, 21 votes were lacking to carry the necessary two-thirds majority.

Plans for a consolidation school at Sand Lake township in six districts are being formulated and will be voted upon August 15. Estimated cost of constructing a school building is \$50,000.

Twenty inmates of the Marquette State Branch Prison have been transferred to the State Reformatory at Ionia. All are short-term men, and most of them are young.

John Van Tuff, 68 years old, of Tuscola township, dropped dead in a pool room at Yassar, while playing cards.

Dr. Clarence Green, for some years head of the View Assembly university and other activities, at this educational center of Michigan Methodists, has severed all connections with Michigan activities, and Dr. Hugh Kennedy, of Detroit, has taken over the work.

The first high class fancy Swiss cheese ever made in Michigan is being sampled at the M. A. C. dairy building at East Lansing. The cheese was made five months ago.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar he saves. That being the case he can not be too careful about unnecessary expenses.

Very often a few cents properly invested, like buying seeds for his garden, will save several dollars out later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

Adv.

WHY?
DOES A HEN CACKLE
AFTER LAYING AN EGG?

THE statement that there is a direct connection between the cackling of a hen and the laying of a person who is pleased may sound strange, but it is nevertheless true. The human animal, man, gives vent to a series of sounds originating in his throat when something causes him pleasure. These sounds we characterize as "laughter." Very much the same process takes place when a hen lays an egg. The presence of the egg in the body of the hen causes the first sound, which is a cackle. When this is repeated, she is naturally pleased and announces her pleasure to the world by a series of laughter-like sounds which we have termed "cackling."

If we remember that many persons "cackle" when they are pleased the relationship between the laughter of human beings and the cackling of hens becomes even more apparent, and it should be borne in mind that every living thing expresses its pleasure in some animal and usually vocal manner. (This pun, says dark, monkeys chatter, birds chirp or sing, children jump up and down or cry out with joy, adults laugh or chuckle, hens cackle.) It's simply the application of different terms to the expression of the same emotion.

(Copyright.)

Green, White and Black.

Two men passed each other in Washington street.

"Hello, Green," said one.

"How are you, White?" said the other.

"And they both are black."

The Same Everywhere.

The editor of Daily Akbar, a native newspaper of Lahore, India, says:

"I have read Chamberlain's Colic and Diarrhoea Remedy many times among my children and servants, for colic and diarrhoea and always found it effective."—Adv.

NOTICE.

Village taxes are now due and payable each Saturday afternoon and evening at the Farmers and Merchants Bank.

Mrs. Wm. Barnard and cousin Miss Mary Sherman of Detroit spent Friday with the latter's mother Mrs. Ella Sherman at the M. E. home.

Mr. Ralph Gardner of Monroe was a Sunday visitor with friends at home.

CATARRHAL DEAFNESS

is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy for Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, deafness is the result. Unless the inflammation can be removed, your hearing may be destroyed forever.

CATARRH MEDICINE acts upon the blood on the mucous surface of the system, thus relieving the inflammation and assisting Nature in restoring normal conditions.

Chambers free. All Druggists.

D.W. GRIFFITH

presents

"WAY DOWN EAST"

Based on Wm. A. Brady's Famous Play by Lotie Blair Parker, and Jos. R. Grismer

It's a simple story of plain folks—the greatest of all Griffith plays—uncommonly well done and with breath-taking effect.

Every audience has been spellbound through the unfolding of this great production.

With its humaneness and its story of unusual love, its thrills and its pathos, it stands alone in the field of spectacular pictures.

The star cast which carries out the story quite eclipses any cast that ever appeared in this piece on the speaking stage.

The same picture you paid from 80c to \$1.50 only a short time ago in the cities to see
