

FACTORY DEAL MUST WAIT STATE APPRAISER

No Meeting Was Held Last Night

A meeting of the Board of Commerce which was to be held last night was called off. Members of the Board of Commerce were to have been informed as to the results of the meeting of the committee and the officials of the Guy Disc Valve Motor Co., but due to the fact that nothing had been accomplished there was no need of a meeting.

The committee met with the officials and Mr. Lewis but no agreement could be reached and the first contract entered into and the subsequent changes made later are about void.

Nothing can be done now until an appraisal is made by an appraiser from the state securities commission. When this is made another meeting will be called and an effort made to get a definite agreement.

No effort has been made as yet to retrieve the money spent in clearing the titles and liens on the property. The big idea in the minds of all is to get industry here and help Chelsea. Steps can be taken but it is hoped that a settlement can be reached and thus relieve the situation.

CAR SMASHES INTO TRUCK

Fred Hesselwerdt suffered a few minor injuries last night when he had a lucky escape from an auto accident. Hesselwerdt was returning to Chelsea on the good road when he ran into a truck stopped at the side of the road about 7 miles west of town.

The truck had stopped according to the driver and he was repairing the motor. Hesselwerdt was coming down the road about 35 miles an hour and when he saw the truck it was too late for him to miss it. He swerved but struck the end of the body, smashing his car, a Chevrolet.

Hesselwerdt got out of the wreckage and had a bad cut over his right eye and a badly bruised shoulder. He was brought to Chelsea and a local physician examined him.

The car was almost demolished. The front and side of the car were all smashed. How Hesselwerdt escaped without more injuries is a mystery.

While a settlement was trying to be reached a fool driver of another truck took down the road and tried to pass. He got through but not until he had bumped the truck several times and smashed a fender on another car.

SHOOTS NEIGHBOR IN DISPUTE OVER FENCE

Manchester Grocer Badly Wounded.

As a result of an argument over a line fence William Stetman shot and seriously wounded his neighbor Joseph Seckinger. The shooting took place near the Seckinger farm about two miles east of Manchester.

The two men have adjoining farms and for some time there has been a dispute concerning the line fence. Stetman had threatened Seckinger, a grocer in Manchester, several times.

Tuesday morning when the grocer drove to his farm he saw Stetman lying in ambush, awaiting him. He also noticed that his neighbor was armed and was prepared to carry out his threats. When Stetman took his revolver Seckinger turned to run. How many times Stetman fired is not known but two shots hit and seriously wounded Seckinger in the back and side.

Seckinger was rushed to Mercy hospital in Jackson by Dr. P. A. Schurer of Manchester. Stetman was arrested by deputy sheriff Clarence Lindbergh and taken to the county jail in Ann Arbor.

According to the latest word from Seckinger he is reported improving. Stetman, charged with the shooting, is being held in the county jail in default of \$3,000 bonds pending the outcome of Seckinger's wounds. A formal charge has not been placed against Stetman.

CHELSEA PICNIC IN DETROIT.

The annual picnic of the Chelsea people now living in and around Detroit will take place next Sunday, August 20. The picnic will be held in Palmer Park. A large crowd is expected and many old friendships will be renewed. Several families from here are expected to motor over. For the benefit of those who wish to go the most direct route is given here. Follow M 17 to Ann Arbor, go over the bridge over the M. C. tracks and then take the first left hand turn, following the Pontiac road to Northville, then by way of the Seven Mile Road direct to Palmer Park. The Seven Mile Road is paved all the way. Every endeavor has been made to inform all Chelseaites of the picnic and the committee is ready for a big time.

MASONIC PICNIC NEXT THURSDAY

Plans are all in readiness for a grand celebration on Thursday, August 24th, for the Masonic picnic. The committee has completed all arrangements and now all that is left is to wait for the day and pray for sunshine.

The annual Masonic picnic for all Masons, Eastern Stars and their families will be held in Eisenbeiser's Grove at North Lake this year. Smith's band of Chelsea will be on hand to furnish music and concerts. The Gleaners Quartette will give several selections.

The speaker of the day will be Rev. Harvey G. Pearce of Albion. Other speakers will also appear on the program.

Plenty of aquatic sports are planned for all and the more that bring bathing suits the better off they will be. There will be all kinds of athletic sports, including everything from the fat ladies races to the unmarried men tug of war. There will be a base ball game between two evenly matched teams. Don't miss these. Even a game of barnyard golf is promised.

It will be a basket picnic, there will be ice cream on sale. Don't forget the day and the place and be sure and be on hand and ready for a great big time.

TIMBER FAMINE HITS MICHIGAN WOOD INDUSTRIES.

Forest Service Warns Lake States and Country Against Denuding Timberlands.

Washington, D. C., August 17.—Of Michigan's wood using industries only those manufacturing the higher priced products have been able to withstand the local timber famine resulting from the rapid cutting of the state's timberlands, says the forest service, United States department of agriculture, which is investigating the economic effects of forest devastation there.

Manufactures dependent on a local timber supply have dwindled as Michigan's forests have disappeared. The states consumption of wood for agricultural implements fell from 16,500,000 board feet in 1910, to less than 7,000,000, in 1920. Woodware, handle, and novelty outputs have decreased sharply as the manufacturers have been forced to localities where wood is close at hand. Over 516,000,000 board feet, or 43 per cent of the total lumber consumed by all factories in 1910, went to plants making planing mill products, sashes, and doors; during the following 10 year period this amount was reduced by more than one third.

Dependent on Other States.—Each year Michigan's wood users become more and more dependent on other states. In 1910, 62 per cent of the wood used by these industries was grown locally; in 1920, the home grown wood had dropped to 40 per cent.

Production of furniture and musical instruments, on the other hand, has increased, partly because the forest service points out, these industries use only high grade stock and can afford to pay the freight charges for importing their raw material from distant regions.

Even the automobile manufacturers consuming 313,000,000 feet annually and ranking first among the wood users of the state must go far and high to pay for their lumber.

Meanwhile the timberlands of other regions, says the forest service, are being depleted as swiftly as were those of the lake states, and if Michigan's great wood using industries are to be permanent the state must grow its own timber instead of depending on importations from other states whose own wood supply is fast vanishing.

CHELSEA VS. DEXTER SUNDAY.

The Chelsea Independents will meet the Dexter team in a return game on the local field Sunday afternoon. This promises to be a fast game full of pep. Dexter is coming here to win after the defeat handed to them two weeks ago. The regular lineup will be on hand and a large crowd is expected. The game is called at 3:00 p. m.

Hot Weather Disorders.—Disorders of the bowels are extremely dangerous, particularly during the hot weather of the summer months, and in order to protect yourself and family against a sudden attack, get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It can be depended upon. Many have testified to its excellence.—Adv.

Wanted—Poultry of all kinds, also buy veal calves. H. O. Knieker, 95tf.

FASHION NOTE

There will be only two styles in bathing suits this summer: those suitable for stout women over 80, and those suitable for denunciation from the pulpit.

SHEEP BREEDERS MEETING ENJOYED

Chelsea, Michigan, August 17.

The 26th annual meeting of the Improved Black Top Delaine Merino Sheep Breeders Association, which was held Wednesday, August 16, at the home of O. M. Robertson, of Eaton Rapids, Mich., proved to be an enjoyable affair. About 100 were present and partook of a fine lunch at noon which was followed by a short program. Mr. Calister of Lansing, gave a fine talk and officers were elected for the ensuing year. President, O. C. Burkhardt, of Chelsea; vice-president, George Marshall, of Stockbridge; secretary and treasurer, O. M. Robertson, of Eaton Rapids. Several members of Chelsea and vicinity attended and a good time was reported by all. Nine new members were added to the association at the meeting and the report read showed that they were in a fine condition. Before departing for their respective homes about 6:30 they were served with ice cream and cake.

A brief history of the Improved Black Top Delaine Merino Sheep originated in 1802 known as Spanish Merino Sheep. In 1802 Colonel David Humphrey of Derby, Connecticut, United States Ambassador to Spain, imported from the best government flocks of Spain 100 head of Spanish Merino sheep—75 ewes and 25 rams. In 1807 Seth Adams of Dorchester, Massachusetts, moved to Muskegon, County, Ohio, taking with him a small flock of sheep of the above importation and their descendants. In 1807 or 1808 Thomas Hatch of Connecticut, moved to Stark County, Ohio, taking with him a small flock of Merino sheep of the original importation from Spain in 1802 by Colonel Humphrey. In 1808 and 1809 Colonel Humphrey consigned over 100 head from his imported flock to Seth Adams of Ohio, to be sold. In 1809 William Dickinson, of Steubenville, Ohio, bought a few sheep of Thomas Hatch, said to have been of the original importation of Colonel Humphrey. They were marked, closely guarded, and continuously bred within the importation of 1802 and their descendants by Mr. Dickinson. The Black Top Spanish Merino claims its origin from the Dickinson flock through the purchase made by William Berry, of Washington County, Penn., in 1821, of descendants of the Humphrey importation of 1802. Mr. Berry was cautioned against crossing and in time developed the well known Black Top Spanish Merino Sheep, so called in reference to their dark coats in contrast with the lighter colored Saxons. Mr. Berry found that the darker sheep were the larger, had the stronger constitution, the greatest vigor, and made the best record as breeders and wool producers. The Black Top Spanish Merino Association was organized in 1882 and a register published. Their standard of blood was that they must be pure Spanish Merino Sheep as imported by Colonel Humphrey in 1802, and bred by Mr. Dickinson. In 1885 nine breeders of Washington County, Penn., having their flock made a great improvement on the Black Top Spanish Merino, withdrew from the Association and organized The Improved Black Top Delaine Merino Sheep Breeders Association. These nine flocks represented 600 sheep. In 1889 and 1890 L. L. Harsh of Union City, Michigan, bought of R. M. and L. N. Crothers of Taylorville, Pa., 34 Improved Black Top Delaine Merino ewes and one ram. Afterwards he made frequent trips to Pennsylvania to purchase more stock. Mr. Harsh was elected president of the Association in 1892, and continued in the same position for 25 years. He was ever ready to contribute his time and to promote the best interests of the Association and he personally visited nearly every flock of registered Black Top Delaine Merino Sheep. The Improved Black Top Delaine Merino Sheep are a combination of both wool and mutton, being the larger of the Merino family of sheep. Their fine form, hard constitution, rapid growth, carrying a heavy fleece of long white wool containing sufficient white oil to make a strong healthy fiber, it is not uncommon for individual rams to weigh 200 lbs. in full fleece and to shear from 22 to 29 lbs. with a three and one-half staple, lbs. and to shear from 12 to 19 lbs. and to the greatest strength of fiber with to any breed of sheep. Their excellent wool and mutton qualities make them a favorite with all shepherds who desire both wool and mutton. For size, form, constitution, rapid growth, weight of fleece, length and strength of fiber, they have no superiors. The Improved Black Top Delaine Merino Breeders are proud of what they have accomplished and our home breeders are especially proud of the fine flocks in this vicinity.

Those attending from Chelsea and vicinity were O. C. Burkhardt, Rev. H. R. Beatty, L. B. Lawrence, Mr. and Mrs. Homer Boyd, of Chelsea; Mr.

SCHOOL DAYS

and Mrs. Fred Reinert, of Lima, Mr. and Mrs. Jodelo of Seio, Geo. Linchew of Chelsea.

BAND CONCERT

Smith's Band of Chelsea will give another band concert the evening of Wednesday, August 23rd. This will be the third concert of the season. The following is the program: Post, Band and Light Cavalry. Ellmore King Rose (Overture). Just a Little Love Song. Cooper Princess Oskaloosa. Barnhouse Visions of Paradise (Waltzes). Officers of the day (March). Hall Band and Light Cavalry. Delbey 136 U. S. A. Field Artillery (March). Fillmore The North Pole (Overture). Hayes The Commander (March). Hall

WHAT MASON THINKS OF CONSUMERS POWER CO. Five years ago Mason was in a similar position to that of Chelsea today. Their municipal plant was producing current but at a loss and a new plant was needed. Chelsea is in the same predicament today. The local plant is producing current but not at a profit. The condition of the plant is such that unless steps are taken soon the village will be in danger. Mason at the time of their understanding, voted to change to Consumers Power Company current. They made the change and the following letter from S. L. Marshall, editor of the Ingham County News, tells of conditions:

Mason, Mich., July 17, 1922. Mr. Ford Axtell, Sec'y Board of Commerce, Chelsea, Michigan. Dear Axtell:—

I came to Mason five years ago, just after the Consumers Power Co. acquired the local plant. Hence I am not in a position to tell you from actual experience how the service of the Consumers compares with that which Mason had prior to that time.

From what I have gleaned from local business men, the old Mason plant had become depleted, and worn out. The city faced the expenditure of many thousands of dollars to rebuild it, or sell to the Consumers. There was strong opposition to this from certain influential men. These men from time to time were appointed to the Board of Public Works and as they became more familiar with conditions at the municipal plant, they became converts to the Consumers idea. They were good, hard-headed business men and they were looking at the "dollar and cents" side of the matter. The ultimate result was that an election was held in the spring of 1917, and the Consumers Co. was given a franchise. They paid the city \$15,000 for the old plant and wrecked it.

Frankly, I believe that the Consumers can give as good service as can any municipal plant and at a considerable saving over a period of years. In my opinion, the question you should decide is whether or not your present plant can be operated longer economically. If not, I presume your problems are much the same as those of several small cities I recall, all of which are discarding the municipal plant as an expensive plaything for local mechanics and officials.

I think I can safely say that the majority of large users of electricity in Mason are very well satisfied with the service now being given by the Consumers Power Co.

Truly Yours, S. L. Marshall.

—Adv.

Dr. H. H. Beatty will be out of town and his office closed until Monday, Aug. 28. 95tf.

LOCAL BREVITIES

Our Phone No. 190

R. D. Walker and daughter Miss Jennie, are in Toledo on business today.

The Misses Irene and Alberta Dole of Cleveland, accompanied by the Misses Gertrude and Marjory Mapes motored to Benton Harbor Thursday to visit Mr. and Mrs. Philip Lovejoy.

Mrs. L. J. Bacon and children who have been spending the past six weeks at the home of her parents, Mr. and Mrs. J. J. Baries returned to their home in Texas, Wednesday.

Mr. and Mrs. J. Mast and family, Miss Caroline Mast of Indiana, and Mrs. Mary Mohrlock and son of Ann Arbor, were Sunday guests at the home of Mrs. Philip Seitz, Sr.

Mrs. Nellie Cavanaugh of Horton and Miss Mary Burke of Detroit were guests at the home of Mr. and Mrs. O. J. Walworth this week.

Mr. and Mrs. William Lewick and daughter Miss Esther, were weekend guests at the home of Mr. and Mrs. Arlo Dysinger of Stony Creek.

Mr. and Mrs. Charles Downer and son Eddie motored to Paw Paw today for a several days visit with relatives.

Mrs. Maude Bennett and daughter Marion and Miss Doris Hubbard of Plymouth spent Tuesday at the home of Mr. and Mrs. R. D. Walker and family.

Mr. and Mrs. Ira VanGieson and son Leonard were guests of Mrs. J. E. Weber at Cavanaugh Lake over the weekend.

Mrs. Fannie Naekel and daughter Jeannette left Thursday, to spend some time with relatives in Detroit and Monroe.

Mr. and Mrs. Elmer Lindemann and daughter are spending a week in the Gilbert cottage at North Lake.

Misses Mabel and Nellie Lounsbury of Ann Arbor were weekend guests at the home of Mr. and Mrs. H. I. Davis.

Miss Marion Schmidt is visiting relatives in Detroit this week.

Dr. and Mrs. H. W. Schmidt attended the Homecoming in Manchester Wednesday.

Mr. and Mrs. Chauncey Hummel and Mrs. George Eder were Ann Arbor visitors Tuesday.

Mrs. John Eder and Mrs. A. Dorer visited the former's nephew, Harry Stoll, at St. Joseph's sanitarium Tuesday.

Mr. and Mrs. S. J. Corey and family are leaving this week for their home in St. Louis, Missouri, after spending the past seven weeks at the Rha Alexander cottage at Crooked Lake.

Miss Gertrude Mapes returned from Cleveland, Ohio, where she visited the Misses Irene and Alberta Dole. The Misses Dole accompanied Miss Mapes home.

Mr. and Mrs. Macha and Mr. and Mrs. Ray Aldrich motored to Jackson Sunday and attended the auto races.

Delmonta Western visited friends in Jackson Saturday.

Mr. and Mrs. Ray Aldrich visited Mr. Mayette of Jackson, Thursday.

Mrs. C. W. Glenn of Stockbridge was a Chelsea visitor Thursday.

Mr. and Mrs. Harvey Spiegelberg and daughter of Detroit are guests at the home of Mr. and Mrs. John Spiegelberg.

Mrs. Claude Spiegelberg, Miss Jessie Clark and Miss Marie Pate and Miss Elizabeth Wagner of Ann Arbor left Wednesday on a trip to Niagara Falls and Buffalo.

Mrs. Norah Cate of Kalamazoo, Great Lieutenant Commander of the L. O. T. M. was the guest of Mrs. William Campbell Wednesday.

Mr. and Mrs. Max Hernandez are the parents of a daughter, Lucy Marie born Tuesday, August 15.

Rev. and Mrs. L. L. Smith and children, of Milo, Iowa, visited Mr. and Mrs. C. F. Smith, this week.

Miss Margaret Vogel motored to Muskegon Wednesday for a few days visit with Miss Agnes Carpenter.

Miss Esther Lewick returned home Thursday after a several days visit with her sister Mrs. Arlo Dysinger of Stony Creek.

Florence Fletcher of Mason, visited relatives here this week.

Mr. and Mrs. Henry Polk, Mr. and Mrs. Vern Evans, Mr. and Mrs. Geo. Bearbrover of this place and Mr. and Mrs. Warren Vanskyks of Cedar Rapids, Iowa, were in Detroit Sunday.

Mrs. H. E. Fletcher and Mrs. Elba Gage were in Jackson Thursday.

Mrs. R. B. Waltrous was in Ann Arbor Thursday.

Madge and Genevieve Wortley of Lake Odessa are spending this week with Mr. and Mrs. David Mohrlock of Sylvan.

Ducharme Biollat of Detroit spent a few days of this week at the home of Mr. and Mrs. George Chapman.

Mr. and Mrs. Wm. Campbell were in Gregory Wednesday and attended the Livingston Co. Association of L. O. T. M.

Mr. and Mrs. Leo Merkel and two daughters left today for a week's vacation at Crystal Lake.

Rev. and Mrs. C. A. Adams of Hudson are Chelsea visitors today.

ALL INCLUSIVE CHARITY

The two churches of Kikerville were not on the best of terms with each other. The clergymen were friendly, but a spirit of rivalry animated most of the members and the two societies seldom united for any purpose, religious, charitable, social.

Mrs. Hicks, a recent acquisition to the town, joined the West church, where she speedily proved herself valuable in many ways.

"She's got what I call a wonderful lot of grace," said one of the other members to her husband. "Why, if you'll believe the Henry, she seems to love everybody." "Isn't only her friends in her church and the neighbors, but she actually speaks as if she felt real pleasant toward the members of the East church. I couldn't get her to say a word against any of them."

A TIP IN TIME

"We have several famous movie stars dining with us this evening," whispered the waiter. "Would you like to have a seat near their table?" "No replied the sour faced patron. I came in here to eat, not to star gaze, and besides, if I were to overhear them talking about the salaries they got I'd be so disgusted with my prospects in life I wouldn't feel I could afford to tip you."

IN THE CHURCHES

SALEM GERMAN M. E. CHURCH

Near Francisco

Rev. Carl Fretel, Pastor.

Sunday School 10 a. m.

Morning Service at 11 a. m.

Epworth League at 7:30 p. m.

Evening service at 8:00 p. m.

Everybody welcome.

METHODIST

Rev. H. R. Beatty, Pastor.

The pastor having returned from his vacation will occupy the pulpit on Sunday morning, speaking on the theme, "Out in the World with God."

Sabbath School at 11:15.

No evening service.

All are cordially invited.

ST. MARY CHURCH

Rev. Henry VanDyke, Rector.

Low Mass at 8 a. m., High Mass at 10 a. m., Baptism at 11 a. m., Mass on week days at 8 a. m.

JESS WILLARD

Going to fight though fat and forty.

Former champ Jess Willard is going to get his chance this fall to regain the crown he lost to Jack Dempsey at Toledo three years ago. Tex Richard is going to stage the bout at Jersey City. Jess in training at Los Angeles looks all fat and forty—as shown here.

BUST THE BEE TRUST MONOPOLY.

George L. Record, star of the Chicago convention when Roosevelt headed the Bull Moose movement, now comes to the foreground in New Jersey, swinging his axe right and left at the Beef Barons, mercilessly exposing their system of control.

The facts are so patent that fairness demands steps be taken immediately to put an end to the abuse which spells nothing but control of prices, the ability to extort from the people the heavy tithe they must pay nowadays for the privilege of living. Fortunately Mr. Record does not stop at exposing the system. He points the way to relief.

The railroads have few, or no refrigerator cars to carry meat or perishable products. The Big Five, comprising the meat monopoly, have their private refrigerator cars. Small competitors are thus placed in an impossible position. They must either put cars of their own on the roads or hire cars—if they can get them—from the Beef Trust.

If a little fellow puts his own cars on the roads, says Mr. Record, there is always some obliging railroad official ready to sidetrack or divert them until the ice melts and the food reaches an unmarketable condition. It does not take many operations of this kind to put the average small man out of business. Thus the meat monopoly is maintained.

Mr. Record points out that government ownership of railroads would defeat this system. The people should not be compelled to wait for so uncertain a solution. The roads should be compelled as common carriers to provide an adequate supply of refrigerator cars, and it might not be amiss to prohibit the use of private cars.

The right of the rails to the Meat Trust, to the Pullman Company and others, means that these monopolies get the benefits of public service corporations without restrictions or regulations. They enjoy franchises which never have been granted to them. The subsidizing of franchises puts the public in jeopardy.

As a fact, passing the right of way by the railroads is perhaps a greater public menace than passing the buck by the government. The railroads should be compelled to supply refrigerator space in railroad cars sold at a price to all alike and under government supervision.

PUT A CRIMP IN CANADA.

Surely it is time the American government pinched itself and put an end to the Canadian propaganda aimed at stripping the United States of its farming man power.

Publishers of small newspapers, particularly those in distinctly farming centers, are being bombarded with camouflaged news articles sent out by the Canadian government with the object of advertising Canadian agricultural possibilities right here in the United States.

The hope is that the publishers will print the matter not seeing its insidious effects on the agricultural interests they should fight to protect.

Here is a splendid opportunity for Postmaster General Work to show his loyalty and relieve overburdened employees from excessive work.

The propaganda is disseminated in this country in the familiar O. H. M. S. (On His Majesty's Service) envelopes, the international marketing privilege being used to determine the development of this country.

In other words, American taxpayers are paying for postmen and rural free delivery men to distribute through the country Canadian propaganda directed openly against the interest of the American farmer and the American land owner.

There may be some question as to whether the Post Office Department, Congress, or the Secretary of State should act in the matter, but some one should act and without delay.

FIGURES.

How much does it cost you to run your car? The Lamp magazine published by the Standard Oil company of New Jersey, says that—on the average—\$100 spent by an auto owner goes as follows:

Oil and grease, \$1.12; gasoline, \$10.26; tires, \$10.42; depreciation, \$13.38; repairs, \$42.17; miscellaneous, \$20.65.

If these figures are accurate, every time you buy \$1 of gasoline your car has depreciated in value about \$1.50.

This is one of the only three generally interesting forms of mathematics. The others are baseball percentages and stock market dope.

ENDEAVOR FOR WOMEN.

A home brew contest, open only to women, is staged at Biggar, Saskatchewan, Canada. A substantial prize goes to the woman whose cellar furnishes the best amateur beer or wine. You do not need to be told whether the contest proved popular.

Saskatchewan being bone dry, like our own fair community, it was discovered that everyone who could hobble into town on crutches wanted to serve on the board of judges to sample the specimens. This is a unique event in history—probably the first time there was no general attempt to evade jury duty. But was there enough evidence left for an appeal to a higher court?

OUT FOR HIDING.

Feminine ears came from hiding. The craze, which started in Paris, is sweeping eastern cities. With the hair doors removed from the channels leading to the ear drums, many women will notice that men unconsciously have been accustomed to address the ladies more loudly and in a higher key.

Exceptions, of course, being invitations to movies, dances, moonlight motoring and other messages that women hear by telepathy.

Lots of men ought to wear tail lights so those in a hurry won't bump into them.

Some people can afford almost anything except a nickname.

Punchlines

Rev. M. A. Matthews
D.D., D.L.D., D.F.L.D.

AMUSEMENT MANIA

This is the amusement age. The craze for amusements foretells the doom of present day civilization. If you are a careful reader of history you will note the similarity between this age and the one which preceded the fall of Greece and Rome. We are marching toward the same precipice. The increased population of the world and the extra facilities afforded us make it possible for a quicker decline. The people seem to have forgotten all about life's more serious work and are engaged in a mad competition for pleasure. There are more people trying to commercialize this tendency, or rather for amusement than ever before, and for financial considerations they are furnishing more kinds of amusements.

Properties are being shattered, principles are being abandoned, and characters are being sacrificed in the mad rush to reach the Beach of Bliss and Pleasure.

The old people have become insane on the subject; the middle-aged are intoxicated; and the youth of the land are hopelessly engulfed. Babies are born in the mad house of Jazz and are being rocked in the cradle of indecency.

The amusement mania or pleasure insanity seems to have afflicted eighty-five per cent of the population. They are today spending millions and millions of dollars for a day of folly or a night of moral fatality. They do not seem to agree with anyone who is trying to cure them of this awful malady. They are not willing to co-operate with anyone who is trying to reform the amusements, now being used for the destruction of society.

The Honorable William H. Hays deserves the unstinted support and support of all Christian people in his efforts to clean the filthy screens and wash-out the cesspools of moving picture studios.

Every virtue-loving woman in the land ought to come to his support and demand the closing of every theatre which exhibits any picture with an immoral subject or false coloring.

If you are not willing to support men who are trying to cure the populace of their mad amusement insanity then you should prepare the funeral cortege for the wrecked bodies of your sons and daughters.

Help us to treat your malady, reform your amusements, and direct the people in the road of sanity and moral development.

FAIR STOCK

HORSE LIABLE TO SUNSTROKE

When Subjected to Heat or Fast Work Animals Sometimes Lose Consciousness and Fall.

In hot weather and when subjected to heat or fast work in the hot sun, horses sometimes lose consciousness and fall, or as it is commonly expressed, they have sunstroke.

Sunstroke differs from fits in the absence of excitement; the breathing is slow and often of a snoring character, the pulse is slow and indistinct. The horses should be removed and the horse placed in a comfortable position in the shade and propped up on his bridle. Cold water should be dashed on the head, or cracked ice in a bag be applied to the poll and the head elevated. If the horse is conscious enough to drink, small quantities of cool water should be offered frequently. Four ounces of whiskey may be given, diluted in cold water. The horse should be sponged

One Good Type of Covering to Protect Horses From Torture by Stable Fly.

with cool water and rubbed briskly all over till he is dry and rested. Plenty of fresh air should be allowed, without a draught.

The same treatment is to be given horses that have been overdriven in hot weather and are suffering from heat exhaustion.

CLEAN BATH BEST FOR HOGS

Animals Will Show Appreciation by Making Profitable Gains if Given Chance.

Given a chance hogs will keep themselves clean. While we have come to associate these animals and muddy wallows, the fact of the matter is that the hogs are usually compelled to live in places where they cannot avoid the mud. If the premises are so arranged that the swine can keep the bodies washed off and at the same time stay out of the mud they will respond in gains as an expression of their appreciation for the opportunity to have regular clean baths.

SUITABLE FEEDS FOR SWINE

Farmer Who Can Produce Large Crops of Barley, Kaffir or Milo Should Raise Hogs.

Many persons living in a section where good corn crops cannot be raised in an average season hesitate to raise hogs even if they can produce large crops of barley, kaffir, or milo. For all practical purposes these feeds are just as good as corn for growing or fattening hogs, and anyone who can produce these crops can grow hogs.

PROFIT IN HOME GROWN FEED

Closer Feeder Sticks to His Own Crops Better Showing Will Be Stock Returns.

A good rule for all farmers to follow is to feed what they raise as much as possible. Some purchased feeds will usually be necessary, but the closer the feeder sticks to his own crops, the better showing will he make when he figures up his profits on a bunch of pigs or cattle.

SEGREGATED

New York is enthusiastic about the idea of an art center for Central park. This would enable it to have all its art gathered together at one place, so that there'd be no danger of running into it at odd moments.

Mother's Cook Book

There is no age limit. Many people do not learn how to live until they have passed fifty. Gladstone, at eighty-six, was brilliant; Goethe, at eighty-four, found life full of interest. You are never old until you think you are.

SUMMER SALAD DRESSINGS

DURING the warm weather salads appeal to the appetite and furnish the right kind of warm weather food. One may vary the three standard salad dressings even beyond the fifty-seven varieties.

French dressing, which is the simplest of all dressings, is prepared with oil, vinegar or lemon juice, with seasonings. The proportion of oil varies with the taste, for the average taste four tablespoons of oil to one of sharp vinegar is considered about right. Season with salt, cayenne, a pinch of powdered sugar; beat well with a Dorer egg beater and serve chilled.

Mayonnaise is prepared with the above ingredients in different measures, with the addition of the yolk of an egg. Beat the egg yolk, add oil, a few drops at a time, beating until thick then add to a cupful of oil four to five tablespoons of vinegar, adding the vinegar a few drops at a time until the mixture is very thick, then oil and vinegar may be added a teaspoonful or more at a time. Seasonings of mustard, powdered sugar, salt and cayenne are added to taste. The well-known boiled dressing may be varied by adding oil or cream or simply cook the beaten eggs with vinegar diluted to make it less acid. Beat well while cooking and then when wanted the seasoning may be added with whipped cream or other ingredients.

There are uncooked dressings galore which may be prepared from sour cream and are especially appetizing. Beat one-half cupful of cream until thick, add one-fourth teaspoonful of salt, and three tablespoons of vinegar very slowly, beating constantly. Add cayenne and mustard if desired.

A LINE O' CHEER

By John Kendrick Bangs.

LAUGHTER

OF COURSE I laugh when troubles rise.
To turn my hopes to chaff.
For I am old, and fairly wise,
And know when darkness are my skies,
And scolding tears suffice my eyes,
There is the time to laugh.
And keep the worst that round me spin.
From striking in.

In the Realm of Society

Dinner Dance.

One of the most pleasant affairs of the season was held last night at the dinner dance at Pine Lodge. Every detail for the evening had been attended to and those who attended were most delightfully entertained.

The new building known as “The Crow's Nest” was the center of activity. On the ground floor the dinner was served. Artistic tables and chairs were placed around the edge of the room. The tables were made very attractive with a painted cover, a vase of pretty flowers filled the center of each table.

A delicious dinner was served, the menu being:

Mock Turtle Soup
Maryland Chicken, Cream Gravy
Waldorf Salad
Mashed Potatoes, Harvard Beets
Corn on Cob
Lemon Meringue Pie
Ice Cream

Following the dinner the guests adjourned to the second floor where the Pine Lodge orchestra furnished enjoyable music for dancing. The dance hall was beautifully decorated with pine boughs and flowers. Japanese lanterns and balloons also added to the decorations. Insects filled the entire room.

The guests who numbered between 60 and 60 spent a most enjoyable evening and dancing was the style in spite of the warm weather. The party broke up at a late hour, but not until everyone had had a wonderful time and expressed a desire that more such parties be held.

Busy Bee.

Mrs. John Hauser will entertain the Busy Bee Club at her home Tuesday afternoon, August 22.

A Daughter.

Mr. and Mrs. Stewart Osborn of Omaha, Neb., are the proud parents of an eleven pound daughter, Elizabeth Anne, born Saturday, August 12, 1922. Mr. and Mrs. Osborn were former Chelsea residents.

Entertains at Dinner.

Dr. and Mrs. Smith entertained Miss Nancy McArthur of Flint and Miss Lillian Masselink of Big Rapids at dinner last evening. The two ladies have been guests at the Wood home since the completion of their course this summer at the U. of M. They left this morning for their homes.

WATERLOO

Mr. and Mrs. Orson Beeman entertained on Sunday Mr. and Mrs. George Bruce and son, and Mrs. Amanda Kaiser, all of Dearborn; Mr. and Mrs. George Pratt Jr. and daughter, Geo. Pratt Sr. and Marlo Houser, all of Williamston; and Mr. and Mrs. Steve Beant, of White Oak.

The 24th Gleaner picnic was a success. Smith's Band of Chelsea gave a fine concert. Our Gleaner base ball team made a hit in their new uniforms and won the first game from Unadilla with a score of 6-4, but lost their second game to North Lake 3-1.

Mrs. Isabella Coulter and two little daughters of Detroit are visiting her parents, Mr. and Mrs. L. L. Gorton. Mr. and Mrs. Ed. Cooper and sons, and Mrs. Jane Chaper and Mr. and Mrs. Orson Beeman, attended the funeral of Mrs. Fellows in Mason, Wednesday afternoon.

Mr. and Mrs. Milton Barber have a new Ford coupe.

There will be an ice cream social for the church at Wm. Botts Wednesday evening, August 23rd. All invited.

Mr. and Mrs. Walter Vicary motored to Coldwater last week Tuesday.

Same Old Story But a Good One.

Mrs. Mahala Burns, Savanna, Mo., relates an experience, the like of which has happened in almost every neighborhood in this country, and has been told and related by thousands of others, as follows: “I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint three or four years ago and a few doses of this remedy cured me. I have recommended it to dozens of people since I first used it and shall continue to do so for I know it is a quick and positive cure for bowel troubles.”—Adv.

NOTICE.

Village taxes are now due and payable each Saturday afternoon and evening at the Farmers and Merchants Bank. D. L. ROGERS, 8514 Treasurer.

Dr. H. H. Beatty will be out of town and his office closed until Monday August, 28. 9514

DJA SEE

A young widow, dressed in mourning, had called to consult a lawyer about her husband's will. The lawyer courteously led her to a chair, she sank back in a posture of studied grace, and he said: “You've a nice legacy.”

The poor fellow didn't come too till 48 hours later, and he doesn't know to this day whether a communist got him with a hand grenade or some belshavik threw a bomb.

For Miss Mohrlock.

The Misses Florence Fenn and Doris Bagge delightfully entertained at a miscellaneous shower Thursday evening, August 17, in honor of Miss Hilda Mohrlock whose marriage to Leroy Hall of Jackson will take place Thursday, August 24.

During the evening the hostesses escorted their guests to the Sylvan Cafe where delicious refreshments were served. The Cafe was attractively decorated for the occasion with palms and ferns and the tables were lovely with pink and white flowers and candles.

Dancing and music were the diversions for the remainder of the evening. Miss Mohrlock received many lovely and useful gifts.

W. R. C. Entertains.

Tuesday afternoon about twenty-five members of the W. R. C. and their families and friends were pleasantly entertained at the summer cottage of Mr. and Mrs. Geo. Webster at Crooked Lake. At 6:30 a delicious pot-luck supper was served.

Leave on Motor Trip.

Mr. and Mrs. Earl Updike, Miss Marion Updike and Mr. and Mrs. W. L. Comstock of Detroit, will leave Saturday morning on a motor trip to Niagara Falls and Buffalo.

S. P. J. Entertained.

The S. P. J. will be entertained at the home of Miss Lillie Wackenhut, Monday evening, August 21. Election of officers will be held at this time.

Easton Reunion.

The sixteenth annual reunion of the Easton family was held Sunday, August 13, at Higue Park, Jackson. At noon a pot-luck dinner was enjoyed by the 80 guests who were present. The 1923 reunion will be held in August 12, at Bartlett's Grove, Pleasant Lake.

Guests were present from Ann Arbor, Dexter, Chelsea, Battle Creek, Homer, Jackson and Rives.

Maceabee Picnic.

Columbian Hive, L. O. T. M., of Chelsea, and Captaine Hive, L. O. T. M., of Dexter, will hold a picnic at Cavanaugh Lake Wednesday, August 23, 1922, from 1 o'clock to 7. The members and their families are cordially invited. Supper will be served at 5:30. Scrub lunch. Bring your own dishes and silver.

WAS THE MOTHER OF 50 YEARS AGO A BETTER COOK THAN THE MOTHER OF TODAY?

One glimpse of the tempting array of bread, cake, doughnuts, pies and cookies exhibited at the Jackson County Fair, Jackson, September 11 to 16, will change your mind, if you think so.

Loaves of bread of varying size and quality were made 10 or more years ago. There were round loaves and square loaves, flat loaves and tall loaves, little loaves and big loaves, made and baked in a thousand different ways.

Visitors to the fair will find that an entirely different kind of loaf is being made today. The modern loaf weighs about a pound, and is baked in a tin of standard size. Housewives are using practically the same recipes. Experts say bread made in this way is much superior.

Styles in pies, doughnuts, cakes and cookies have changed just as much in recent years as in the case of bread. Improved recipes have been worked out in every field by students of cooking and adopted by the housewife. In fact, judges assert there isn't a single thing entered in the baking exhibit of a fair today which does not score higher than it did a few years ago.

The Jackson County Fair is devoting much attention to women's activities, and rich prizes are being offered for the best displays of baking, sewing and canning. The management realizes that much of the beauty of the show will depend to a great extent upon the interest taken by women in the fair, and for that reason, will leave no stone unturned in an effort to obtain a record-breaking entry for the department. Entry blanks may be mailed to the fair office any time now and early entries will be greatly appreciated. No entries will be accepted after September 10th.

Hall's Catarrh Medicine

Those who are in a “run down” condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a tonic and acts through the blood upon the mucous surfaces of the body thus reducing the inflammation and assisting Nature in restoring normal conditions. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.
