

## Big Automobile and Prize Campaign Opens with Enthusiasm!

Names of Those Who Have Been Nominated Published Herewith. — Best Families of Chelsea and Washtenaw County Represented. — Race will be Full of Interest From the very Beginning. — All those Nominated Should call at The Tribune Office at once. — Office Open till Eight O'clock each Evening.

Intense interest is being shown in the Tribune's big voting election in which a beautiful \$1055.00 Studebaker touring car and hundreds of dollars in big cash prizes will be given away to our own folks, readers of the Tribune.

Men, women, boys and girls are sending in their nomination blanks with their own name or that of a friend on them and asking just how they go about winning the prizes of their choice.

All of these prizes—even the fine \$1055.00 Studebaker Light Six—and an abundantly guaranteed cash prize to every active participant, will be given away absolutely free to all who take part and cash their spare moments that would otherwise be wasted for the next few weeks.

of wonderful value to be secured in spare moments without the expenditure of one cent.

A Small Fortune to the Winner

In a few short weeks some reader of this paper will be given a prize that represents a small fortune—a \$1055 gift which is more than the average man or family saves in an entire life time.

Ambition, energy, with plenty of "pep" are the only requisites for success. Those who start early will of course have the advantage, but the opportunities now are even for everyone. If your name is in the list, come right to the Tribune office and let the

contest manager give you a lot of pointers that will help you to get started in a way that means success. If you can't call in person telephone or write today.

Right now—TODAY—is the time to begin. If you want a \$1055.00 Studebaker of your own so that you can ride when you wish and take your friends or family out for a spin you should get busy NOW. Think of having this car for your very own; to go where you please and stay as long as you like—a car that has a reputation for reliability, power and luxuriousness. That's just what you can have if you are willing to put forth a little hustle and a little effort during your spare time.

More Votes Given Now

Understand too, that there will be more votes given for subscriptions now than at any other time. This is done in fairness to the ones who get out and hustle at the start and it prevents anyone stepping in at the last minute and capturing the big prize. You can't buy these prizes—but you

can win them by your honest and enthusiastic efforts. Bear in mind that votes cannot be bought—the votes are given for subscription payments and means of the free voting coupons.

Read the announcement on another page and start today. Once started if you are the ambitious sort, you will become a possessor of the kind of enthusiasm that should make the big automobile or one of the other grand prizes yours.

Remember the office is open until 8 o'clock each evening.

Never before has such a liberal offer been presented to the people of Chelsea and surrounding country. Never before has such an alluring and generous proposition been launched. And it is plainly evident, by the rapidly increasing interest shown, that the ambitious readers of The Tribune are going to take advantage of this opportunity. Some idea of the keen enthusiasm with which some of the Tribune readers are sending in their nomination blanks is shown in expressions made in statements to the campaign manager during the little chats which occupied much of his time during the past few days.

One is incredulous

"The Tribune actually going to give away all that long list of prizes and the \$1055.00 Studebaker—simply in exchange for voting votes?" asked an incredulous young lady, who called yesterday.

"That's all it takes," replied the campaign manager. "Votes—votes—votes will win. All you have to do is get them. They are given free by the coupons appearing in every issue of The Tribune and with subscription payments."

Costs Nothing to Enter

"Does it cost anything to enter?" another woman inquired.

"Not a cent," he replied. "Why you don't even have to be a subscriber to The Tribune to share in this distribution of awards."

Prizes All Guaranteed

"Does every active participant receive a gift?" inquired another lady of the campaign manager.

"Yes, just as announced," he replied. "Well if that isn't a liberal proposition I don't know what is," another candidate remarked. "If I can get a \$1055 Studebaker or a guarantee of some good prize as easy as that, believe me I'm going to get my share in this grand prize distribution. I know lots of people who will save their votes and subscriptions to The Tribune. Which is the best method of getting votes?"

The campaign manager assured her that the most rapid way to pile up a big number of votes was by obtaining new and renewal subscriptions to The Tribune, carefully explaining the vote schedule, a copy of which appears in this paper.

"You're going to hear from me," the candidate replied as she arose to depart.

In fact, the campaign manager thoroughly enjoyed himself talking and becoming acquainted with candidates and he is always glad to talk to anyone who cares to have explained some points that may not be exactly clear—he is always ready to be of assistance.

Easy to Get Votes

It isn't hard to get subscriptions to The Tribune for everyone knows what an up-to-date newspaper it is. People know, too, that they will get their full money's worth when they subscribe. As a matter of fact, it is going to be great fun getting votes for those who try. And for those ambitious folks who are willing to make the little, easy effort required, there are prizes

### Nominations Received To Date.

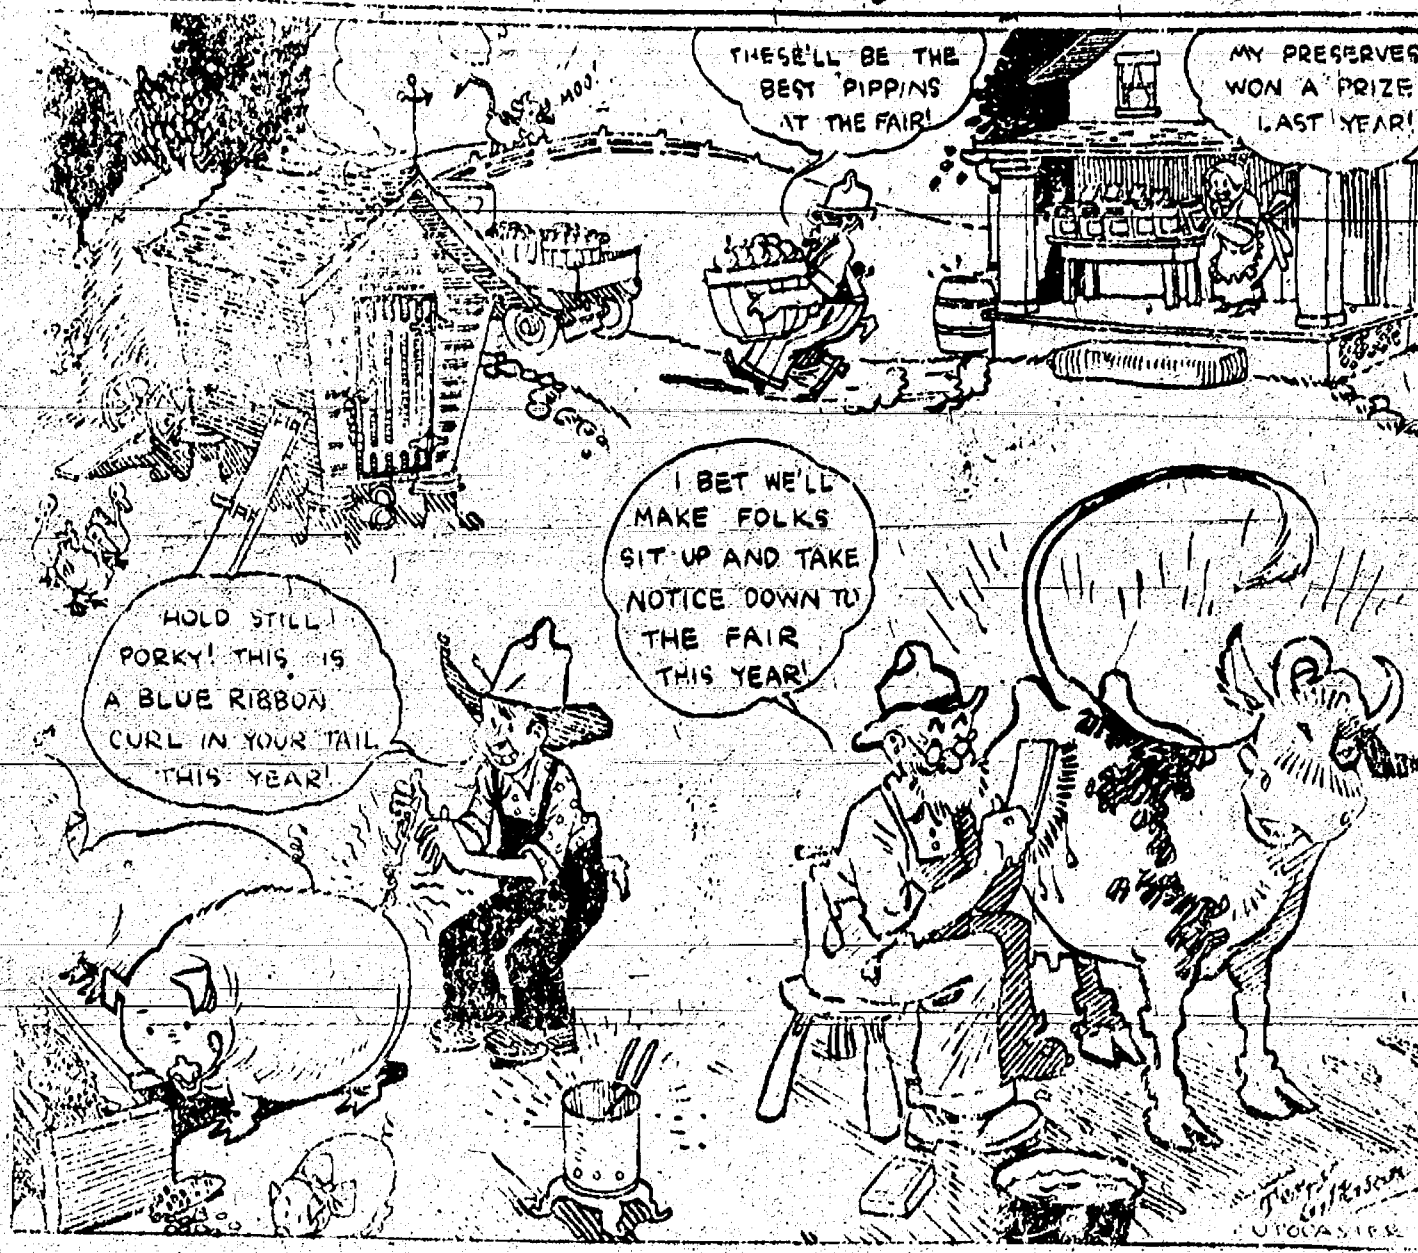

It is important that the candidates nominated report to the Campaign Manager at once, either in person, by mail, or by telephone, for additional blanks and information. Do this today. Don't wait.

The following are the names of those who have been nominated in The Tribune's \$3,000.00 "Everybody Wins" Grand Prize Automobile and cash prize campaign up to the time of going to press. If your name has been sent in and does not appear in this list, notify the campaign manager at once.

The first count of the votes will be published in this column Friday, therefore, it is vitally important that all votes and subscriptions be turned in promptly that your friends and supporters may know your vote standing in the big race. You will enjoy the campaign and your friends will be glad to boost for you. The names of all those who do not report will be withdrawn from the list soon. Report at once.

## SOUNDS GOOD.

Will Hays, dry cleaner for the motion picture industry, says the producers are going to attack censorship by eliminating the necessity for it.

This sounds good.

Observe that he admits the "necessity."

The theatrical profession has been fighting censorship so long that the earliest records are lost.

Modern boards of censors date from 1642 when the Long parliament in England suppressed the theater entirely. Chief reason for this, according to the elder Disraeli, was that the members of parliament had smarted so much under the satirical whips of the dramatists.

This censorship was political, as all forms of censorship tend to become unless they are curbed by the will of the people.

Theatricals eventually had to be permitted again in England, because the politicians could not stand up under the brilliant sarcasm of songs and petitions circulated by stage writers. Most famous of these was the "Rump Song." Here's part of it:

Now while you reign, our low petition craves

That we, the king's true subjects and your slaves,

May in our comic mirth and tragic rage

Set up the theater and show the stage—

This shop of truth and fancy, where we vow

Not to act anything you disallow.

We will not dare at your strange votes to jeer

Or personate King Pym with his state floor.

Your tragedies more real are express'd;

You murder men in earnest, we in jest.

Actors at that time had the legal status of vagabonds. But the battle between the stage and politicians kept up until the stage won.

Censorship in 1922. Censorship in 1642. The critics are staving about it now, as they were nearly three centuries ago. People seem to have the same basic troubles and problems, in varying degrees, in one generation as in the next.

"Holler than thou" attitude in human nature is asbestos in the fires of time.

## OUR HOT WEATHER SPELL.

We expect hot weather in August. We would be disappointed if we did not get a certain amount of it. We know that it is scheduled in the scheme of things.

In August the weather grows hot and stays that way for a term of days that the ripening crops may hasten to maturity before the first frost catches them.

We can explain August weather, if we cannot enjoy it. We know that it is necessary, nor can we classify it as a necessary evil. Once a year it comes. We know it is coming and we fix for it the best way we can with cool garments, a supply of ice and, for the fortunate ones, a vacation.

It is hard to enjoy August, in a way, and it is hard not to enjoy it. The woods invite, the fish, we fancy, are in waiting, we hear the call of the wild and we respond with a week or a weekend, just as we happen to be situated.

The hot weather is hard to bear, but it is useful, and so we bear it—if we cannot get away to the lake or the north woods.

## GIRLS.

At the age of 102, Mrs. Mary Anne Thompson, of Winthrop, Mass., announces that she is thinking of getting her hair bobbed.

She probably has a sense of humor and is "stringing" us.

Concerning flapperism, she comments: "The modern girl is much smarter than the young girls of my day. At heart, they are the same lassies who Sundays primly carried a little coal stove with them to church to keep their feet warm."

Each generation thinks its young people are going to the dogs. It is refreshing to meet an aged person who has not lost faith in Young America. Mrs. Thompson has lived through many freakish styles and temperamental waves—and found that the pendulum always swings back to normal before going far enough from normal to stop the clock.

## PLAY SAFE.

Nestor Evans Wicklow sues the Erie railroad for \$50,000 damages. He claims he was injured by slipping on a banana peel while stepping off a train.

Back of this is a principle that property owners might save themselves money by keeping in mind.

The owner of a property has a definite responsibility, varying in different communities, for the condition of the public sidewalk in front of his place. Pedestrians who have slipped on an icy sidewalk have collected damages from the owner. It may not be a fair law, but a statute is an established fact, not a theory in ethics. Play safe—keep sidewalks fool proof.

## STOPPING THEM.

Interesting device for preventing auto speeding is invented by Fragnano and Villa, Italians. Rome thinks of adopting it. The speed regulator, which can be attached to any car, is said to slow down the machine automatically as soon as speed reaches 10 miles an hour. Then, the harder the driver steps on the gas, the slower he goes.

An invention of this sort could work wonders, prescribed by the courts for chronic speeders. Like giving a gunman blank cartridges.

## CLEARING THE AIR.

Lots of persons are interested in the Literary Digest's straw vote on prohibition. Many are surprised at the great number who confess their thirst.

The most important thing shown by the poll is that public sentiment is sufficiently divided on the liquor question probably to deadlock the politicians. Even if we had a referendum and everybody voted, many would not be satisfied to abide by the result. It would clear the air however.

## FORD SHOW OCCUPIES SEVEN ACRES AT STATE FAIR GROUNDS

In connection with the Michigan State Fair opening September 1st, at the Fair Grounds on Woodward Ave., Detroit, Mich., the big Fordson Industrial and Agricultural Tractor Show as well as a display of Ford and Lincoln cars will occupy a special section located approximately at the center of the Fair Grounds. Elaborate preparations have been under way for the past two months to make this Fordson showing the biggest and most complete exposition of tractor power as well as a motor car display that has ever been put on anywhere in the world.

The tractor division devoted to agricultural, industrial and commercial displays of tractor ability is a combination of a series of Fordson Industrial Tractor shows that have been going on throughout the United States since May and will show between 75 and 90 tractors in constant operation in all kinds of industrial, agricultural and commercial work to which this power plant is adaptable.

A special arch is being built as an entrance to the Fordson section of the Fair Grounds, an elaborate series of oil paintings showing the evolution of farming from the earliest authentic record of early Egypt down to the most modern appliances used in agricultural work.

Back of this huge arch will be a special display of antique agricultural implements. Over 50 groups will be shown in this agricultural museum section including besides a complete pictorial display of antique and now obsolete farm operations—displays of old threshers operated by horses on a treadmill, an old wooden moldboard plow and many other agricultural implements which have been collected together after a most elaborate search throughout the country which has been directed under the personal direction of Mr. Henry Ford.

Mr. Ford himself is particularly interested in this section of antique farm implements through the showing of which the development of agricultural methods from the most primitive types to the highly efficient modern utensils will be traced step by step.

Also on display as a historical exhibit will be shown each of the various types of gasoline engines built under the direction of Mr. Ford, including models of the first type of Fordson Tractor, the first Ford-Car and successive developments in these models up to the present stage.

Showing the high developments in power equipment, the newest Russian type locomotive used on the D. T. & I. Railroad will be exhibited on special spur track built into the Fair Grounds. This locomotive is one of the largest ever built and an idea of its size can be gained from the fact that it is ninety feet long. The 6,000,000th motor built in the factory of the Ford Motor Co. will occupy a prominent part among the display features of the Fordson show and each day during the progress of the Fair, the serial number of the latest motor to be built on the day previous, will be placed on the pedestal holding motor No. 6,000,000.

In connection with the tractor show, a day and night motion picture program will be held in a special dark tent at which all of the newest releases of the Ford Educational and Geographical and Industrial films will be shown.

Special band concerts will be given every day during the Fair by the Ford Band in the afternoon and in the evening.

Included in the Exhibition, will be tractors utilized as locomotives by the installation of special flanged wheels. This tractor locomotive will be in steady operation hauling railroad cars over a specially constructed railroad track.

There will be large stationary saw mills as well as portable saw mills both operated by the Fordson Tractor. Loading machinery of the most advanced type mounted on the Fordson Tractor will be kept busy transferring loads of dirt and gravel in huge trailing bodies drawn by a Fordson Tractor.

Lime pulverizers and rock crushers operated will be demonstrated every day from the opening of the Fair grounds until the closing out night.

There will be tractors shown in connection with all types of road building and road maintaining equipment, scrapers, ditchers, planers and graders representing the latest and most efficient development of many of the largest manufacturing concerns in country in this type of industrial equipment.

Tractors will be shown operating electric lighting plants and a special display is being arranged to show the ability of the Fordson Tractor in plant operation where the coal shortage has forced the abandonment of steam power plants. This special exhibition has been developed because of the demand for Fordson tractors by manufacturing plants throughout the country who are meeting the coal shortage by utilizing the Fordson power plant.

There will be a tractor driven planing mill. Tractors will operate derrick hoists and bucket hoists in the same manner which this type of work is now being done by Fordson equipment by contracting concerns throughout the country.

Every type of commercial trailer which can be utilized with the Tractor for the moving of heavy loads will be shown.

In the commercial section, fifteen

manufacturing concerns of commercial car bodies will be represented among the exhibition and the types of bodies shown will represent a model for every commercial requirement.

These exhibitions will be housed in tents and in a large central amphitheater which will also be used as a demonstration ground in which the large portable equipment which derives its power from the Fordson will be kept in constanceoperation.

Wherever this Fordson Industrial Tractor Exposition has been shown in all the major cities of this country, it has elicited keenest interest among contractors, builders, engineers, town city and state officials and has attracted the close attention of the largest engineering institutions who have sent special groups of men to study the workings of the Tractor as a factor in modern engineering achievement.

The historical display alone showing as it does practically every step in the development of farm implements is a display which is worthy the closest attention of everyone who visits the State Fair. It is the only collection of its kind in existence and demands are already being received by the manufacturers of this Ford Exhibition for a display of this historical section in the largest State Fairs throughout the country.

## Michigan Happenings

The 15 radicals arrested in Bridgeport in a raid on the convention of the Communist Party of America, together with two more found hiding in the woods, are charged with violation of the Michigan Syndicalist Law and will be tried in Berrien County. Federal agents are continuing their search for the 60 delegates who escaped before the raid, after a thrilling chase afoot and in taxicabs over almost impassable roads. William Z. Foster, radical leader and head of the Trade Union Educational Society, was believed to have escaped to Chicago.

Alleging no authority is vested in the board of control of the Michigan Soldiers' home of Grand Rapids to carry out an order of collecting from all inmates of the home receiving a pension of \$30 a month or more, a deposit of \$35 "to cover possible funeral expenses," Edward Rich and six other Civil war veterans, members of the home, asked in circuit court an injunction to restrain the board from carrying this order into effect. It is alleged the board will collect \$25,000 from the members, if the order is carried out.

Authorities at Ontonagon have announced that Joseph Stimas, suspected since last April of the murder of Frances Pannien, 13, daughter of an Ontonagon mine owner, finally has confessed his guilt. Taken to the scene of the crime, a remote power house, Stimas, it is said, broke down and admitted that he killed the girl following an assault. The alleged slayer is said to have sworn revenge when he was discharged by the girl's father. He is held in the county jail.

May H. Ford, suing Henry Ford's cousin, Ney Ford, for divorce on the grounds of non-support, asked Judge Ormond F. Hunt, of Detroit, for \$400 a month temporary alimony and \$1,000 attorney fees. She set forth that Ney Ford has a farm worth \$250,000, and has an income of \$25,000 a year. Judge Hunt awarded her \$15 a week alimony, \$50 attorney fees, and ordered her to move from the farm on or before September 4, pending the outcome of the suit.

Sheriff James S. Butler, of Oakland has announced a plan whereby, it is believed, the risk of driving on highways of the county can be reduced. Following conferences with representatives of villages along Woodward avenue, it has been decided to enlist the aid of a large number of motor-

ists who will be equipped with cards on which they will note all offenses against the traffic laws they observe.

The body of Mrs. Sallie Mosier, 68 years old, was found in a cornfield near her home, in Hart, by Mrs. Samuel Franklin, a neighbor. The probability is that Mrs. Mosier had been dead about four days. She lived alone in a little log house about a quarter of a mile from any other residence, and about one and a quarter miles from the home of her daughter, Mrs. Charity Wilson.

Suffering from a strange attack of aphasia, Kennard Smith, 27 years old, is under observation at the St. Joseph county jail in Centerville, one of the most baffling cases the officers of the jail have had in years. The have had to deal with in years. The young man was found wandering in a cornfield near Three Rivers. His horse, hitched to a buggy, was tied to a tree at the road, along the edge of the field.

Word was received by Samuel Odell, chairman of the state public utilities commission that freight rate reductions on salt, which had been scheduled by the Interstate Commerce commission, have been suspended until December 1. Old rates, according to the message, will hold on Michigan shipments until that time.

Judge V. R. Black took the Port Huron police department to task for its "blanket" use of search warrants in connection with liquor raids. The court contended that a search warrant should be used within a reasonable length of time, say 24 to 48 hours, and should not be held for use for a month or more.

Heavy fines, some as high as \$70, are being imposed on Flint bus drivers convicted of speeding. Justice Tanner, in whose court speeding cases are heard, has resorted to this method of curbing the practice of speeding on the county roads.

George Belote, Centerville, 50 years old, experienced a sudden dizziness, had just time to reach the office of a physician when he fell from a stroke of apoplexy. One side was completely paralyzed.

James E. Coad, secretary and manager of the Muskegon Chamber of Commerce for the past two years, has resigned, effective October 1, to become head of the American City Bureau of the national chamber.

An efficiency survey of every state department will be started immediately, Gov. Groesbeck has announced. It is planned to check up on all departments with the idea of eliminating needless waste of money and labor, the Governor said.

Only 6 per cent of the men and 2 per cent of the women in China can read an ordinary book.

# "EVERYBODY WILL WIN"

IN THE  
CHELSEA TRIBUNE'S BIG PRIZE DISTRIBUTION  
\$3000.00 IN PRIZES FREE!

**\$1055.00 Studebaker Light Six and Cash Prizes Given Away**

The Chelsea Tribune, in conducting this Mammoth Grand Prize Distribution, guarantees absolutely fair and square treatment to all who participate. Without a doubt, this is the largest prize distribution ever made by a newspaper in Chelsea. Extraordinarily valuable prizes of hundreds of dollars and this beautiful \$1055 Studebaker Light Six Touring Car are to be given absolutely FREE to our own folks. Any man, woman, boy or girl, is eligible to become a candidate and it is not even necessary that you be a subscriber to The Chelsea Tribune. Remember—EVERYBODY WINS! Clip the Nomination Blank on page 1 of this issue and send it in for yourself or friend today—be riding in your own car on October 1.

Vote getting in The Chelsea Tribune's "EVERYBODY WINS" \$3,000.00 Grand Prize Campaign is easy and pleasant and you'll be mighty well paid for every minute of your spare time—the important thing is to START AT ONCE. You'll be surprised at how quickly the votes pile up for you after you become a candidate—your friends will all save their votes for you and they will

give you their subscriptions. Begin collecting votes at once.

Just one yearly subscription starts you off with over 30,000 votes—a flying start toward getting this dandy \$1055.00 STUDEBAKER LIGHT SIX TOURING CAR for your very own. You'll know it's an old saying that "The Early Bird Catches the Worm." You begin at once while the other fellow is just sitting around with his hands folded. Nominate yourself TODAY in this Grand \$3,000.00 "EVERYBODY WINS" campaign. Start at once and before long you will be riding around in your own auto that did not cost you one Cent.

You will notice that the vote schedule is arranged that those who make the early start will get more for their efforts. That is vitally important. Ask your friends and relatives to save their coupons for you and have them give you their subscription to The Chelsea Tribune. Begin gathering in the votes at once. The Nominating Blank is on page 1—clip it out and nominate yourself or a friend TODAY. Think what it means to get this fine, big \$1055 STUDEBAKER LIGHT SIX TOURING CAR as a present for collecting votes.

## How To Enter and Plan To Win

The object of this big distribution of rewards is two-fold: Primarily it is to increase the already large circulation of The Chelsea Tribune, and secondly, to afford our friends and readers an unparalleled opportunity to profit in a big way through their spare time in the next few weeks. So it is a plan that works both ways and for the good of all concerned.

The first step, in order to share in this mammoth distribution of costly awards is to clip and mail the Nomination Blank on Page 1 of this issue. Fill in your name and address and mail or deliver to the Campaign Department of The Chelsea Tribune. The coupon entitles you or the person you nominate to 5,000 votes. These votes are given you as a starter and speed you on your way to win.

The next step is to call on, phone or write the Campaign Department for a free outfit, consisting of a special receipt book, sample copies of the paper and other information relative to the campaign.

Thus equipped, you have but to go to your friends and neighbors, relatives and acquaintances and have them clip the free coupons from their papers and pay up a subscription to The Chelsea Tribune, through you. That's All There is To It. However, you must make the start. Anything worth having is worth striving for. So, plan your campaign—get busy at once and let no one discourage you. A few short weeks and you may be riding around in your own car.

It takes votes to win, and votes are secured in two ways. First, by clipping the coupons in each issue of The Chelsea Tribune. Begin gathering them now. Very soon these coupons will be reduced to a lesser number of votes. The only restriction on the voting coupons is that they must be voted at Campaign Headquarters before the expiration date printed thereon. Get your friends to save these coupons for you—they all count.

The other and faster way to get votes is by securing new and renewal subscriptions to The Chelsea Tribune. On each subscription turned in a certain number of votes are issued the number depending on the amount paid and during which "period" the subscriptions are received. (See Schedule of Votes below.) So you see, the more subscriptions you secure and the quicker you get them the more you will get and the better your chances are for capturing the Grand Capital Prize Automobile.

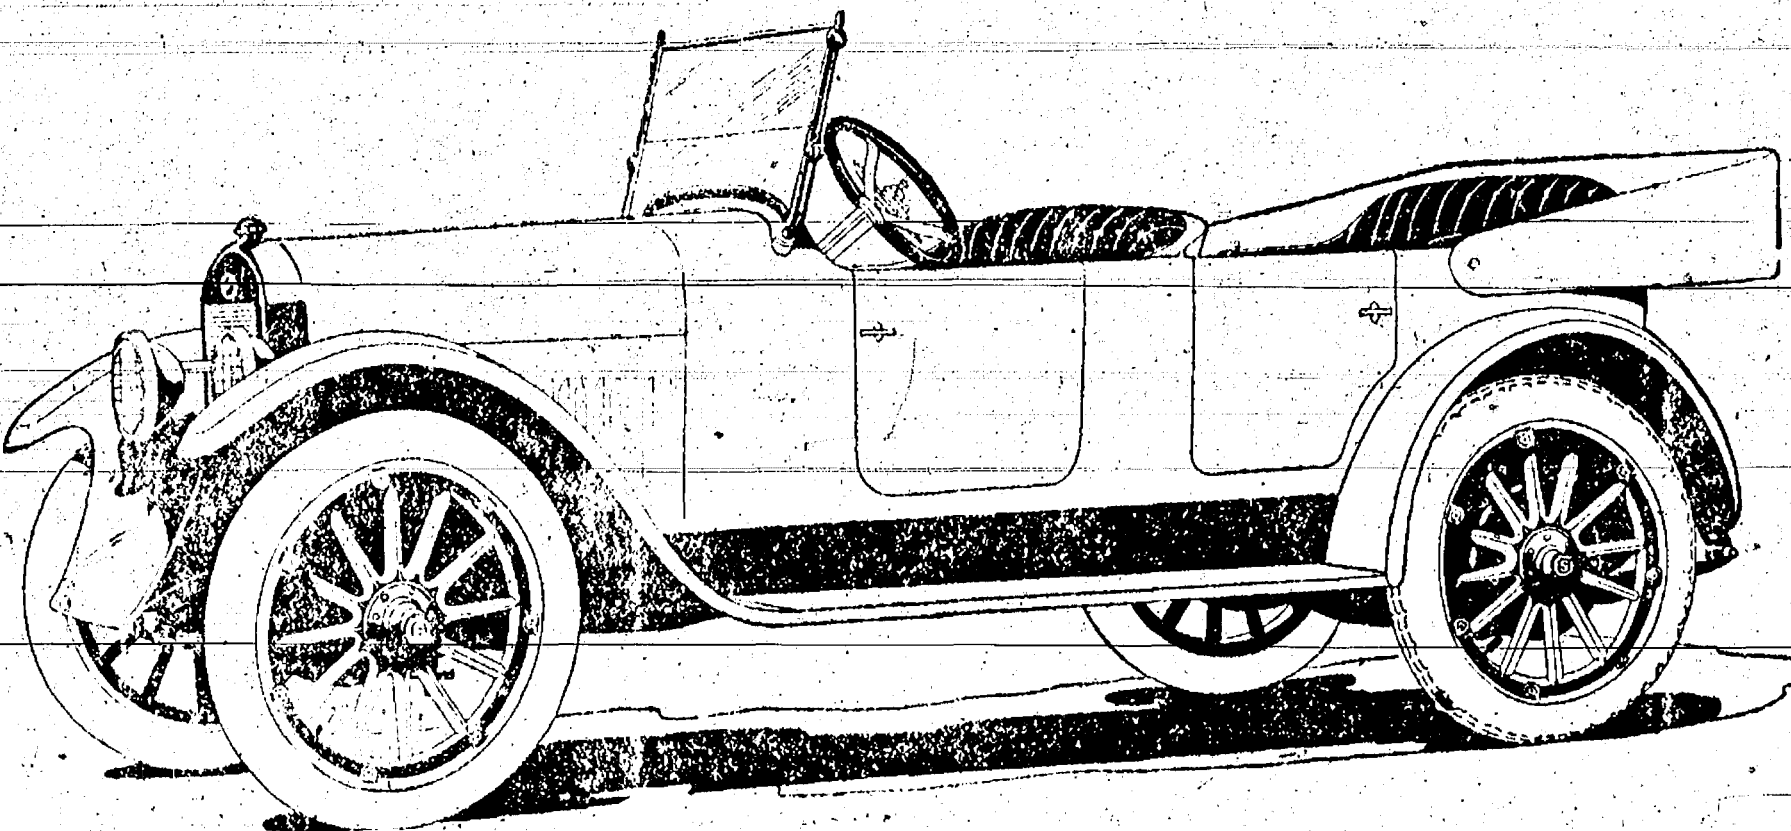

The advantages of the early start are apparent. Not only do you have the FIVE FULL WEEKS in which to secure the winning votes, but from now up until Sept. 16 you will receive the greatest number of votes for every subscription you secure. Then, too, the first in the field will get the "cream" of the votes and subscriptions, while those who put off entering will have to take what is left.

Don't lose valuable time waiting to see what the "other fellow" is going to do. Pitch right in NOW and show the "other fellow" how to do it. Be sure that your nomination is in RIGHT AWAY.

Winners of automobile and other prizes will be decided by their accredited votes, said votes being represented by ballots issued on subscriptions and by coupons clipped from the paper. In the event of ties, prizes identical in character with those offered will be given to each of those tying.

A SPECIAL FUND OF \$1,000.00 IN CASH WILL BE SET ASIDE TO BE DISTRIBUTED IN THE FORM OF salaries among active non-winners on a 20% basis. Any candidate who remains active through the campaign, making a regular report but fails to win one of the big prizes offered, will participate in this commission feature—THINK OF IT! One-fifth of every subscription you collect goes into your pocket if you fail to win one of the Capital Prizes. This arrangement assures a compensation to all candidates and it means there will be no losers; "EVERYBODY WINS." Could anything be fairer or more liberal than this?

## Rules Governing the Campaign

Any reputable man or woman, boy or girl, is eligible to enter the campaign and win a prize. Campaign begins at once and nominations may be made at any time. No employee of The Chelsea Tribune or any member of his or her family, is allowed to enter the election. The Chelsea Tribune reserves the right to reject any nomination.

Subscriptions may be secured anywhere. Cash must accompany all subscriptions to receive votes. No distinction is made in the vote value of either old, new or extension subscriptions.

Votes are free. It costs nothing for subscribers and readers to vote for their favorites. Votes will not be issued on receipts covering back payments made before the contest started on August 25th. Votes cannot be purchased. Every cent accepted by the Campaign Department must represent subscription payments.

Votes are not transferable. One candidate cannot withdraw in favor of another candidate. Should a candidate withdraw from the campaign, his or her votes will be cancelled.

Ballots issued on subscriptions may be held in reserve and voted at the discretion of the candidate. The printed vote coupons appearing in the paper each week must be voted before the expiration date appearing thereon.

No statement or promise made by any solicitor, agent or candidate varying from the rules and statements published through this paper will be recognized by the publisher.

In case of typographical or other error, it is understood that neither the publisher nor the campaign manager shall be responsible except to make the necessary corrections.

It is distinctly understood that candidates will be responsible for all money collected and that they will remit such amounts in full at frequent intervals or on demand.

There will be several big prizes awarded besides a 20 per cent cash commission to all Active non-prize winners, but it is distinctly understood that in event ANY candidate becomes INACTIVE failing to make a weekly report he or she will become disqualified and thereby forfeit all right to a prize or commission.

To insure absolute fairness in awarding the prizes the campaign during the closing week will be brought to a close under a "sealed ballot box" system and will be under the personal supervision of two or more judges selected from the Advisory Board. However, during the process of the campaign the standings will be published from time to time. During the entire last week of the election, candidates and their friends may deposit their final collections and reserve votes in the locked and sealed ballot box. Not until the race is closed will the seals be broken and judges begin the final count. No one, not even the campaign manager or publisher, can possibly know the voting strength of the respective candidates which precludes any possibility of favoritism and insures fairness to the mightiest degree.

The Chelsea Tribune reserves the right to amend the rules of this election if necessary for the protection of the interest of both the candidates and this paper.

In accepting the nominations, the candidates agree to abide by the above conditions.

## ADVISORY BOARD

It is the sincere aim of this newspaper to conduct this election, from start to finish, in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interest of the participants and absolute honesty in all dealings is guaranteed. For that reason an Advisory Board has been decided upon whose functions shall be to decide any question of sufficient moment that might arise during the competition and from which a committee shall be selected to act as judges and count the votes the last night of the election. The personnel of the board is as follows:

J. L. FLETCHER, Cashier Kempf Commercial & Savings Bank.  
H. D. WURSTER, President of the Village of Chelsea.  
J. M. BAXTER, Merchant Tailor.  
KENT WALWORTH, Merchant.  
E. E. WINANS, Jeweler.

All of these gentlemen are well known to every man or woman in Chelsea and surrounding territory and the final results, as given out by them, will be beyond dispute.

Lenawee county, near Wampers lake,  
is under way with a force of about 15

park department. The improvements  
contemplated include road making, pre-  
paring certain portions of the grounds

**Cause of Appendicitis.**  
When the bowels are constipated,  
the lower bowels or large intestines  
become packed with refuse matter,  
that is made up largely of germs.  
These germs enter the vermiform ap-  
pendix and set up inflammation, which  
is commonly known as appendicitis.  
Take Chamberlain's Tablets when  
needed and keep your bowels regular  
and you have little to fear from ap-  
pendicitis.—Adv.

Emory Storick.

May a village sell one of its streets  
to a village official who had voted in  
favor of the sale? Charles and Myr-  
tella Everett ask this question of the

started for an injunction to prevent a

17 acres of property.

**Hunger, the Best Sauce.**  
Sauce is used to create an appetite  
or slish for the food. The right way  
is to look to your digestion. When  
you have good digestion you are cer-  
tain to relish your food. Chamber-  
lain's Tablets improve the digestion,  
create a healthy appetite and cause a  
gentle movement of the bowels.—Ad.

## Hall's Catarrh Medicine

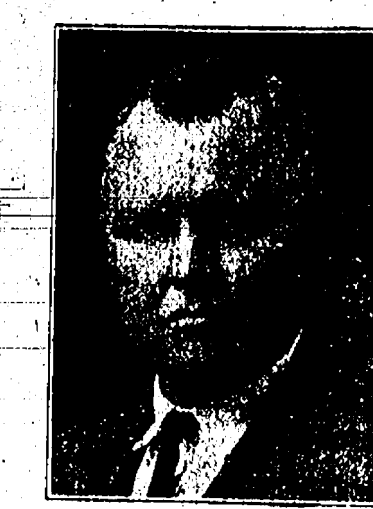

Those who are in a "run down" con-  
dition will notice that Catarrh bothers them  
much more than when they are in good  
health. This fact proves that while Cat-  
arrh is a local disease, it is greatly in-  
fluenced by constitutional conditions.  
HALL'S CATARRH MEDICINE is a  
Tonic and acts through the blood upon  
the mucous surfaces of the body, thus  
reducing the inflammation and assisting  
Nature in restoring normal conditions.  
All Druggists. Circulars free.

Virginia True Boardman, who plays  
the part of the pathetic little mother  
in the big new feature picture, "Where  
Is My Wandering Boy Tonight," has  
always played ingenue parts, this be-  
ing her first attempt at mother parts.  
The critics say she has given a char-  
acterization that will stand out as one  
of the finest dramatic performances  
of the screen in years. Miss Board-  
man is but twenty-six years old, yet  
she plays the forty-five-year-old  
mother to perfection in "Where Is My  
Wandering Boy Tonight," which comes  
to the Princess theater Wednesday
