EARL C. MICHENER DISCUSSES OUR NATIONAL ISSUES

GIVES MASTERFUL ADDRESS AT
G. O. P. MEETING SATURDAY
NIGHT.

State Representative Manwaring
Talks On State Issues—Opening
Meeting of Campaign Here Not
Largely Attended.

The opening meeting of the Republican campaign in Chelsea was held at the town hall Saturday evening, with Congressman Earl C. Michener and State Representative Edward B. Manwaring slated as the speakers of the evening. Due to the fact that Saturday night is a busy one in Chelsea, no music could be procured by the committee in charge and the attendance also suffered for this reason. However, those who did attend, among them some ladies, were deeply impressed by the addresses, especially that of Mr. Michener, which contained a fund of valuable information.

John Kalmbach, acting as chairman, called the meeting to order and after some appropriate remarks, introduced Edward B. Manwaring, candidate to succeed himself as representative from this district in the state legislature.

Manwaring on State Issues.
Stating that he was sorry not more women took interest in politics, which means the welfare of the government, the home, state and nation, Mr. Manwaring prefaced his address with remarks introducing the qualifications of the Republican congressional and county candidates seeking election. He paid a high tribute to Messrs. Michener and Townsend by stating that there are none in the house of representatives in Washington who are held in greater respect than our representative and senator. Starting with James W. Robinson, candidate for sheriff, he enumerated Jay G. Pray, county clerk; Wm. W. Laird for prosecuting attorney; Mrs. Mabel Blum, county treasurer and Perry L. Townsend, register of deeds, and told the audience no mistake would be made in placing these in office.

MARRIED COUPLES GIVEN GOOD TIME

Rebekahs and Odd Fellows Entertained
Thursday Evening.

Rebekah and Odd Fellow lodges entertained Thursday evening in honor of those members of the fraternities who have been married since the organization of the lodges. Among these guests were four couples who have been married within the past month.

A banquet, program and dancing rounded out an evening full of pleasure that every participant enjoyed immensely.

Seventy-five members and guests partook of the delicious supper which had been prepared, after which a short program was given as follows:

Music—Mrs. Geo. Weisman.

Recitation—Pauline Jones.

Duet—Miss Clara Klein and Inez Lesser.

Recitation—Norman Klein.

Reading—Helen Schatz.

Jokes and short stories were contributed by various members and dancing proved an enjoyment to many.

So enjoyable did this occasion prove that it is planned to make it an annual affair.

SOCIAL CLUB GIVES / PLEASANT PARTY

Sixty Enjoy Feast and Program
Thursday Evening.

The members of the Catholic Social Club very pleasantly entertained the members, their wives and friends, to the number of 60 Thursday evening in their club rooms.

The banquet was entirely in charge of the gentlemen who clearly demonstrated that they knew both how to prepare and serve.

The hall was a bower of beauty, with autumn leaves, cornstalks, pumpkins, jack-o-lanterns and marsh holly. A musical program was given, Mr. and Mrs. J. Vincent Burg, Lewis Burg and Miss Wilhelmina Burg furnishing several vocal selections, after which all listened in on a radio concert.

DETROIT MAN KILLED NEAR DEXTER SUNDAY

Automobile Turns Turtle as Machine
Strikes Loose Gravel.

Wm. Beemer of Detroit met death in an auto accident Sunday, shortly after the noon hour, about one mile east of Dexter on the Ann Arbor-Dexter road.

Beemer, who was 26 years of age, was driving toward Dexter and as he was going down Wurster hill a car from behind signalled to pass. Beemer, whose car was going at the rate of 30 miles per hour, turned out safely to let the car pass, but on attempting to regain the center of the highway loose gravel caused the steering knuckle to buckle and the car turned a complete somersault. Beemer and his companion, Russell Reinelt, also from Detroit, were thrown clear of the car, but while turning over the car must have struck Beemer on the head as the entire right side of the skull was crushed.

Reinelt, although rendered unconscious, was not seriously injured. The body of the dead man was taken to the Gorman undertaking parlors at Dexter.

YPSILANTI COUNCIL AND HENRY FORD AGREE ON PLANS

(From Ypsilanti Record)
According to Charles Newton, representing Henry Ford in the acquiring of a suitable factory site in this city for a branch Ford factory and water power rights, the proposition of the council is perfectly acceptable to Ford and has been approved by his field secretary, Mr. Liebold, except that they do not believe the old power house and adjoining land would make a suitable site.

They wish to make the proposed factory here as fine an establishment as the Highland Park plant, in proportion, and plan to have spacious lawns, shrubbery and all that goes with a modern manufacturing establishment.

A more suitable site has been located on Michigan avenue and options have been acquired on all but a very few parcels of land. These few parcels are being held by their owners for exorbitant prices. Mr. Newton stated that Ford was willing to pay considerably more than the assessed value of the property but there was a limit.

Mr. Newton also stated that in the case of Northville and Plymouth Mr. Ford was being made the victim of gross exaggeration of property values in a few instances, thus holding up progress in his building operations there considerably. In the case of Flat Rock, Mr. Newton said that no such difficulties had been met and that plans there had progressed uninterruptedly.

The November election and the attitude of a very few property owners will determine whether Ypsilantians will see a Ford factory here.

UPDIKE & HARRIS SELL OUT BUSINESS TO H. B. MURPHY

H. B. Murphy has purchased the furnace and sheet metal business conducted by Updike & Harris on West Middle street and took possession of the business on Monday.

Mr. Murphy is well known to the residents of this vicinity. He was a former partner of Mr. Updike and is a mechanic who has a thorough knowledge of every branch connected with the business.

W. D. Arnold will continue in charge of the office and the workmen who have been employed by the former owners will remain with Mr. Murphy.

Updike & Harris will complete the unfinished contract work that they have started.

Mr. Updike will have charge of the factory branch of the Premier Furnace company in Ann Arbor.

MICHIGAN HEADED FOR CONFERENCE CHAMPIONSHIP

YOST'S MEN SATURDAY GIVE
DRUBBING TO ILLINOIS

24 to 0 Victory Brings Strong Hope
to Followers of Conference Title—
Minnesota and Wisconsin Regarded
as Probable Victims of Powerful
Attack.

A 24 to 0 victory over Illinois Saturday puts Michigan upon the pedestal for the western conference football championship.

Nearly 45,000 people witnessed the stinging defeat dealt the Illinois eleven and Michigan people went wild over the victory.

Like Ohio State a week ago, Illinois doubtless is wondering what swept over her athletes on Perry field. It was something akin to a cyclone, merciless in its aim and severe in the toll exacted.

Michigan played orthodox football that was supported by an abundance of power and she won without resorting to any trickery. Had the Wolverines been privileged to profit by the running ability of Harry Kipke the margin of victory doubtless would have been two touchdowns greater.

But the young men who fought for the Maize and Blue won without their principal offensive star and without feeling it necessary at any time to reveal a single ruse. It must have been discouraging to the Wisconsin scouts to put in a whole afternoon, see the Wolverines win by an overwhelming score, yet observe nothing to report back to Coach Richards save that they saw Michigan beat the Suckers.

Sweet in the extreme was the Wolverines victory. It erased, in no small measure, the sting of the Illinois triumph on the same chalk marked field two years ago. Last fall in Urbana, the Yostmen won from the Suckers 3 to 0 on a goal from the field by Steketee, but that didn't satisfy the Maize and Blue.

Bernie Kirk, the Ypsilanti man that made such an excellent showing in the Ohio game the previous week, was the outstanding star in Saturday's game.

Every one of the spectators saw the pigskin float through the air at the opening of the second half and gathered into the arms of Kirk at the 15 yard line. They saw Kirk head toward the Illinois goal line, 85 yards away. Twice it appeared as if he had been clutching by an Illinois tackler, but he shook himself loose and only Watson, the opposing quarter-back, stood between him and the goal. Changing his direction to straight across the field, Kirk sprinted over near the sidelines and then resumed his march toward the Illinois goal. Watson was just two steps behind and for 20 yards the race continued. As Kirk passed over the 10-yard strip in front of the opposition goal Watson made a final lunge and dived for Kirk's knees, but the Michigan man struggled loose and planted the ball over the goal line.

It was one of the most spectacular runs ever witnessed at Perry field and was the crowning achievement of a day in which Kirk put up one of the greatest exhibitions of end playing ever witnessed on a Michigan gridiron.

Kirk paved the way for Michigan's first touchdown soon after the start of the second quarter. Knobe punted to Dawson on the Illinois 15-yard line. Dawson fumbled the pigskin and the alert Kirk fell on the ball on the Illinois 12-yard line. In four line plunges Cappon pushed the ball over for the first touchdown.

Kirk's work was not confined to offensive play alone, although he did catch one pass from Goebel which netted 26 yards. He was a bear on defence and was instrumental in breaking up the majority of the Illinois plays.

Throughout the entire game Michigan showed superior strength and finally won a clean-cut victory by outplaying the Illinois team.

Many from Chelsea, men and women, were among the wild rosters that filled the seats in Perry field.

WASHTENAW COUNTY DAIRY AND ALFALEA CAMPAIGN

Economic Production Will Be Emphasized at Meetings.

Night meetings will be held at Salem, Ypsilanti, Stoney Creek, Saline, Gleaner hall Ann Arbor township, Dexter, Chelsea and Manchester during the Washtenaw county dairy and alfalfa campaign from November 20 to 29. Eight barn meetings will be held around each one of these centers. Speakers from Michigan Agricultural college will be present at all meetings and a splendid program will be given at the above places, with appropriate moving pictures. Economic production will be emphasized rather than increased production. Watch next issue of The Standard for complete announcement of meetings in this vicinity.

EDITORIAL COMMENT

ELECTION DAY TUESDAY

Readers, don't forget that next Tuesday is election day, and that it is important that you go to the polls and register your choice of men who will represent your interests in the national government and conduct the business of the state and county for the next two years.

If you want good, clean government it is up to you to take an interest in the selection of men who control governmental affairs. Don't leave it to the other fellow—use your own head and put in the men you think will best serve.

Ladies, if you haven't cast a ballot yet, go to the polls Tuesday. You will become interested in affairs and will not allow a few regular voters to defeat a man or measure that may be important to the welfare of the community, state or nation.

We call attention to the amendments to the state constitution that will be submitted to you. You will find them incorporated in the election notice in this issue. Study them and be prepared to vote on them intelligently at the polls next Tuesday. Do your duty—don't leave it to George.

A RETURN OF COMPLIMENTS

Hardly appropriate would it be for The Standard to incorporate in its report of the political meeting held Saturday evening and the address of Congressman Earl C. Michener the complimentary remarks made by the speaker in acknowledging acquaintance with the publisher of this paper. We thank him, and, while it is not the usual policy of a community newspaper to exhibit editorially the merits of political candidates, we believe the transgression from such a rule is permissible in this instance.

As Mr. Michener stated at the hall, we have known each other "less than 50 years." Fortunately for him he supplied the word "less" and thus avoided disclosing his precise age, for "he looks younger than he is."

As boys sitting in the same school room, neither could predict what vocation in life would be followed, but Earl was a hard student and it soon developed that he had the making of an excellent attorney. To this end he worked faithfully and he began early in his career to climb the ladder of success, mostly through his individual endeavors. Candid, truthful, honest and energetic as a school boy, these traits of character grew and expanded with his growth to manhood and he won the right to the title "honest lawyer."

In the Spanish-American war he joined the Adrian company of soldiers and served his country. He was four years assistant prosecuting attorney and for the same length of time prosecuting attorney for Lenawee county. During the World War he served his country as congressman, and all who heard his interesting ad-

dress Saturday evening would be ready to vouch that he has applied the same studious tenacity to the intricacies of governmental affairs that he did in his school and college days. As an earnest student of government affairs he is a valuable man to have as a representative for any congressional district in the good old United States.

WHAT IS SERVICE?

The publisher of The Standard was very much surprised when upon the occasion of a fire alarm he called upon Central, asked the location of the fire and received this answer to his query: "not permissible to give this information." While he attached no blame to the operator at the exchange he wondered if this was the kind of service the Michigan Telephone Company really intended to give the patrons of its lines. We intended to discuss the matter with District Manager Charles Adler upon the first opportunity, but since the incident have not enjoyed a visit from our old friend.

It has been our experience in towns where telephone service is supplied by locally owned companies, every effort is made to co-operate with the patrons in the matter of fires. The information of the location of a fire was not withheld, the management deeming it a part of their service to inform a patron, especially a business man, the location of a fire so he may know that it is or is not his residence that is going up in smoke. Answering

STAY OUT OF DEBT.

Editorially last week the Parma News advises farmers to stay out of debt, and prefaced its good advice as follows:

"In many ways the new Federal Farm Loan banks are going to be a godsend, and in some other ways they are going to mitigate against the ultimate prosperity of the country. In conversation a few days ago with a man who is pretty well posted on financial affairs we learned that more farm and real estate mortgages are being made in his country now than at any previous time in history. He is of the opinion that it is because money is more easily borrowed now than it used to be, and because people look more lightly upon debt."

It seems rather far fetched to blame the Federal banks with the increased mortgages, but we do believe the statement that people look more lightly upon debt has some bearing upon the matter. But one of the greatest contributing factors in the increase of mortgages is due to general farming conditions. Investigation would no doubt prove that the majority of mortgages are due to change of ownership, where the purchaser has not sufficient funds to pay cash, or where the purchaser has been buying on contract. Men who have been on farms all their lives, took advantage of the high prices during the war and sold at a profit. The deals were, in most instances, on time. During the high price period farming looked good to ambitious young farmers and they bought readily. The sudden slump put them to the bad and many lost their investment.

The advent of the automobile is another contributing factor to the increase of mortgages. Hundreds of machines are driven by people who a few years ago would not have thought of using their money on such a luxury.

such questions is no doubt a nuisance to the operator at the exchange, but every business has its little nuisances and inconveniences that must be borne with as cheerful a mien as possible, or the head of the concern is a back number.

We believe public utilities corporations should furnish the same cordial service as do privately owned concerns. In fact it is to their interests and in the case of the Michigan Telephone Company we believe they earnestly strive to give such service. We presume rules and regulations are laid down to govern operators and these rules probably apply to the larger cities more than to the smaller communities and it can be seen should city residents get the habit of asking for such information, the exchange is likely to be tied up for some time. We are not seeking a quarrel with the telephone company but expect to receive an explanation that we will gladly publish for the benefit of our readers.

An amusing incident occurred on Saturday that demonstrated at least one of our local operators had sporting blood coursing through her veins. Everybody, of course, was interested in the Michigan-Illinois football game. During the process of the game this office called Central asking for news of the game. "Not permissible to give information," was the answer. Later a time honored professional man entered the office and asked if we had heard from the game. He was referred to the telephone, and we expected the same results as received before. But lo and behold! The game was over and Michigan had won "24 to 0" favor of Michigan," was the answer shot over the wire to the surprise of the man at the receiving end and a number of bystanders.

EARL C. MICHENER DISCUSSES OUR NATIONAL ISSUES

Continued from Page One

one to tell me what good Gov. Ferris has ever done for the state," He stated when Gov. Ferris assumed office the state tax levy was over \$5,400,000. When he left the levy was over \$9,500,000, an increase of over a million dollars for each of his four years of administration. More boards were created and he followed the lines of least resistance. "Gov. Ferris," he said, "was the most expensive governor we ever had."

Gov. Groesbeck, said the speaker, conceived the idea of making a radical change by consolidating some 80 boards responsible to no one into five general departments directly responsible to the board of administration. This necessitated firing office holders and Democratic leaders accused him of trying to build up a political machine. The result of this consolidation, he said, was the lowering of the property tax by over three million dollars.

Mr. Manwaring went into detail in the conduct of the various state institutions previous to Gov. Groesbeck's administration, charging extravagance and mismanagement.

Cong. Michener on National Issues.

Mr. Michener prefaced his earnest address with complimentary remarks for Sylvan township and Chelsea. While Chelsea is called a village of 2,000, the looks of the neat streets, the appearance of the places of business and store windows takes it out of the village class and puts it into that of a city, said he.

Speaking of the Washtenaw candidates he said he knew them well. Mr. Manwaring, he said, was looked up to at Lansing for his ability and integrity. He urged the people to go to the polls and cast their ballots and then he launched into one of the most interesting addresses ever heard in Chelsea.

People, he said, do not think enough of the rights of franchise. They do not appreciate the difference between America and other countries. We have in many instances come to let the other fellow do it and then complain. If your public men are wrong, who is to blame? He believed in politics—in two great political parties and not more. Every four years we elect a president and lay down a platform which we try to fulfill as nearly as possible. The Republican party has been in power nearly all the time since the Civil war and progress has been made. Why don't the Democrats stay in power? he asked. Because their policies are wrong. Show me when this country has progressed under a Democratic tariff.

"If at the end of the year you are going to appraise the farm you have bought you must know the condition it was in when you took it," Mr. Michener said. "When you criticize the Republican party you must think of the conditions in which it found the government after eight years of Democratic rule."

"Over it hung a debt of \$26,000,000, a pretty heavy mortgage on Uncle Sam's farm. Five million men were out of work. The cost of living had mounted higher than at any time during the war. Tens of thousands of veterans were not receiving the care they deserved from the government. Thirty Bonds were selling at around 95 cents on the dollar. Farm industry was facing ruin."

"Farmers' Tariff Adopted.

The first thing toward which the new congress directed its attention was said, was agriculture and a new tariff, a "farmer's tariff," was adopted which resulted in prices on livestock, wheat and corn in this country being from the lowest in the world to the highest. The measure was

adopted, he added, with a view to protecting all classes of American interests because "in America one class cannot prosper unless the others do." "We know we've all had to high prices. The farmer is now getting an actually fair price on his products but the trouble is there has not yet been a fair spread."

The speaker then referred to the Farm-Labor party as representative of principles utterly unsuited to create national prosperity. Referring to its doctrines as "pure bosh" he said:

"You cannot have cheap beefsteaks and high beef on the hoof. You can't have a fight between capital and labor and prosper."

Esch-Cummins Bill. In discussing the Esch-Cummins bill, Mr. Michener said the man who criticizes the bill believes in government ownership of the railroads. "I don't be asserted. 'Railroad rates are too high and must come down.'"

During the war it was necessary to take over the railroads in order to ship supplies, food ammunition and later our own American boys to win the war, said Mr. Michener. When the railroads were returned to the owners, the equipment was gone and the owners had no credit.

"They tell you that the bill guarantees six per cent to the railroads, an entirely false idea," he said. When I went to congress during the Democratic administration they were determined that a fair deal for the railroads was to give them six per cent on their invested capital for the period during which they were under government control.

"In the bill we said we would continue the six per cent guarantee for six months after the date of their return to private ownership. That period expired September 1, 1920, yet

they are telling you the railroads are still 'guaranteed' six per cent.

"The whole truth of the matter is that the bill also provides that the Interstate Commerce Commission could authorize rates to net the roads a six per cent return after that date. Since then many of the roads haven't earned three per cent. Are we going to guarantee them six percent? Not a bit of it. Such false arguments come from men who believe in government ownership."

Defends New Tax Bill.

"We have been criticised for the new tax bill also. We told you in our platform we would repeal the excess profits tax. We did. We were pledged to do it. We also reduced the surtax on higher incomes. Both parties promised to do it. When you tax capital too much you get no revenue, a rather peculiar declaration but a true one. By so doing you drive men to the refuge of non-taxable securities. The money goes away from the banks where the farmers cannot borrow it. Such a surtax as we reduced represents confiscation—not taxation. The consumer really pays every tax imposed upon the manufacturer."

Not in Favor of Reducing Army-Navy

"I will not vote to reduce the army the man or the navy one ship," said the speaker in touching upon this subject.

"The peace conference in Washington did more for universal peace than anything that has been done in 500 years. It stopped the mad rush of ship building. Never before has the United States had a navy equal to other nations by reducing its navy." Mr. Michener called attention to the importance of keeping the army and navy at the strength provided by the peace treaty. He gave a graphic description of the peace conference and

the influence wielded by Chas. Evans Hughes and the United States in the disarmament program, concluding with the statement that the conference had fixed the strength of our navy for the next 15 years.

Believes in Ship Subsidy. "America, if possible should have a merchant marine. We can't have a merchant marine unless we give subsidy," the speaker said. America cannot compete with the cheap labor of foreign countries in building and maintaining a merchant marine.

"What am I to do in the matter?" he asked. "The Grange has passed resolutions condemning the ship subsidy, while the Farm Bureau, composed of the same class of people, passed resolutions in favor."

In closing his address Mr. Michener

stated he wanted to serve the people of the second congressional district, and urged them if there were questions to ask or anything wanted, not to hesitate to tell him.

Enthusiastic was the applause of an audience that gave undivided attention to the interesting address and the meeting adjourned.

DO YOU Want to Pay Another 4% IN INCOME TAXES?

ON THIS NEXT ELECTION DAY—Tuesday, November 7th, 1922—you will be asked to vote on a proposed amendment to section 30f Article X of the State Constitution, to read as follows:

Sec. 3. Provision may be made by law for a tax of not to exceed four per centum upon or with respect to the net gains, profits and incomes, from whatever source derived, which tax may be graduated and progressive and which may provide for reasonable exemptions. For the purposes of such tax, property and persons, firms and corporations upon which such tax may operate may be classified. This proposed amendment, if adopted, will authorize the enactment of an income tax law providing for a tax of not to exceed four per centum upon net gains, profits and incomes, and providing for a classification of property and persons upon which such tax may operate.

WHO WANTS THIS 4% STATE INCOME TAX?

Who started this talk in favor of a 4% Income Tax in Michigan? Listen to this. There are certain politicians and interests in the state who keep their political machines oiled by spending the money raised by the people of Michigan—Money obtained by taxation. These men are always looking for a way to increase taxation. THE MORE MONEY THEY GET, THE MORE THEY WILL SPEND.

THIS TAX WILL BE AN ADDITIONAL TAX

Don't think for a minute that this income tax will relieve you of any taxes you now pay. It will force you to pay an additional tax of 4% of your income for State Expenses and the State Legislature, after given the power by the voters, may not exempt as much of your income as does the Federal Government. This exemption can be anything the legislature decides, and probably will be low.

LET'S QUIT SPENDING TAX MONEY

The Great War made it necessary for the State to spend huge sums of money. The politicians are so used to spending this money that they do not like the idea of stopping.

LET'S PUT THE BRAKES ON NOW!

Instead of finding new ways of raising money to spend by paying more taxes, let's start looking for ways to cut down on State expenses. Let's make an effort to get an honest, efficient administration of the present General Property Tax. If this is done, we will not need to load our citizens down with a 4% Income Tax, or any other kind of Tax.

DO YOU OWN YOUR OWN HOME OR FARM?

If you own your home, you certainly do not want to pay any more taxes to the State, do you? Remember, if the people of Michigan vote for this amendment to the Constitu-

tion, allowing the State to enact the 4% Income Tax Law, THERE IS NO GUARANTEE THAT ANY OF THE TAXES NOW EXISTING WILL BE REDUCED. The Legislature can easily find new ways to spend any additional money that is voted to it. Remember, this 4% tax will affect you, whether you are a farmer, laborer, merchant, or manufacturer; no one escapes it.

HELP KEEP TAXES DOWN

instead of helping to raise taxes. Vote NO on this amendment.

New York, Massachusetts, and Wisconsin are the three leading states that now have a State Income tax. What is the result? The PER CAPITA TAX in New York is \$90 for each man, woman and child. In Massachusetts it is \$60, in Wisconsin it is \$51. Michigan and the neighboring states of Ohio and Illinois have a general property tax, and taxes are much less. In Illinois it is \$46 for each man, woman and child, in Ohio \$44, and in Michigan it is \$43.02. Why raise more money just to spend it?

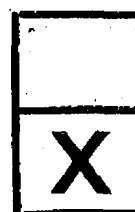

THE BIG THING TO REMEMBER

After all is said and done, is that the 4% Income Tax is JUST ANOTHER WAY TO PROVIDE AN EXTRAVAGANT STATE LEGISLATURE WITH EASY MONEY TO SPEND.

Are you willing to give up still more of your earnings? Do you intend to sit idly by and permit this thing to go through without fighting it? There is just one sure way to defeat it. Next Tuesday go to the voting booth, and vote NO. Be sure that your friends vote "NO". TALK ABOUT IT, WORK HARD AND VOTE AGAINST IT.

Be Sure To Vote NO!

ALCOHOL STILL A

CAUSE OF CRIME

Director Barrett of Psychopathic Hospital Reports Jacoby's Figures.

Dr. Albert M. Barrett, director of the state psychopathic hospital reporting the meeting of the national prison conference held last week in Detroit, to his staff here, stated that the report at this meeting from those dealing with courts and criminal problems showed that alcohol was still a concrete cause in the production of crime.

In a report of Dr. A. L. Jacoby, director of the psychopathic clinic of the recorder's court of Detroit, it was shown that during August, 1922, 148 individuals accused of crime were examined in the clinic. In 35, or 24 per cent alcohol was the direct cause for bringing them into conflict with the laws. The crimes of this alcoholic group range from simple drunkenness to murder.

A supplementary report by Dr. Jacoby of a larger series including 600 cases coming through the clinic showed that 28.3 per cent were in direct relation with the influence of alcohol. The experiences of those dealing with mental problems, and those of crime give little support to the belief that a return to light beer and wines would in any way lessen the seriousness of alcohol as a social problem, Dr. Barrett reported.

"The conclusion seems justified that drinking strong liquor would continue and in addition to this class, we must expect that the drinking of milder liquors would add its quota to the already large class of alcohol disturbances," the director of the psychopathic hospital stated.—Ann Arbor Times-News.

RENEWED TESTIMONY

No one in Chelsea who suffers backache, headaches, or distressing urinary ills can afford to ignore this Chelsea man's twice-told story. It is confirmed testimony that no Chelsea resident can doubt.

John Kelly, W. Middle street, says: "My work started my kidney trouble. The secretions which were highly colored and contained sediment passed irregularly and were painful in passage. I suffered from rheumatic pains in my back and got sore and stiff. Mornings I felt tired and it took an hour or so to get limbered up. I was often nervous and dizzy, especially when I stooped. I used different remedies but received no relief until I saw Doan's Kidney Pills advertised and tried some. Doan's completely relieved me of all the trouble with my kidneys and back. (Statement given March 1, 1913.)"

On April 27, 1920 Mr. Kelly said: "Doan's Kidney Pills are all right and I gladly confirm the statement I gave some years ago."

GENERAL ELECTION

Notice is hereby given that a general election will be held in the Township of Sylvan, Precincts Nos. 1 and 2, County of Washtenaw, State of Michigan, at the Sylvan Township hall, Chelsea, within said Township on

TUESDAY, NOVEMBER 7 A. D. 1922

For the purpose of voting for the election of the following officers, viz: Senatorial—United States Senator. State—Governor, Lieutenant Governor, Secretary of State, State Treasurer, Auditor General, Attorney General, Justice of the Supreme Court, to fill vacancy, for the term ending December 31, 1925.

Congressional—Member of Congress, for the Congressional district of which said Township forms a part.

Legislative—One Senator in the State Legislature for the Senatorial district of which said Township forms a part, one Representative in the State Legislature for the Legislative district of which said Township forms a part.

County—Sheriff, County Clerk, County Treasurer, Register of Deeds, Prosecuting Attorney, 2 Circuit Court Commissioners, County Drain Com-

missioner, County Surveyor, 2 Coron-

ers.

Proposed Amendments to the Constitution

There will also be submitted at said election three proposed Amendments to the Constitution of Michigan as follows:

A proposed Amendment to the Constitution providing that Article XIII be amended by adding a section to be known as section 5, to read as follows:

Sec. 5. Subject to this Constitution the legislature may authorize municipalities, subject to reasonable limitations, to condemn and to take the fee to more land and property than is needed in the acquiring, opening and widening of parks, boulevards, public places, streets, alleys, or for any public use, and after so much of the land and property has been appropriated for any such needed public purpose, the remainder may be sold or leased with or without such restrictions as may be appropriate to the improvement made. Bonds may be issued to supply the funds to pay in whole or in part for the excess property so appropriated, but such bonds shall be a lien only on the property so acquired and they shall not be included in any limitation of the bonded indebtedness of such municipality.

This proposed amendment, if adopted, will empower the legislature to authorize municipalities to acquire land and property in excess of that needed for parks, boulevards, streets, etc., and issue bonds for the payment of same.

A proposed amendment to section 3 of Article X to read as follows:

Sec. 3. The legislature shall provide by law a uniform rule of taxation, except on property paying specific taxes, and taxes shall be levied on such property as shall be prescribed by law. Provision may be made by law for a tax of not to exceed four per centum upon or with respect to the net gains, profits and incomes, from whatever source derived, which tax may be graduated and progressive and which may provide for reasonable exemptions. For the purposes of such tax, property and persons, firms and corporations, upon which such tax may operate may be classified. Provided, That the legislature shall provide by law a uniform rule of taxation for such property as shall be assessed by the state board of assessors, and the rate of taxation on such property shall be the rate which the state board of assessors shall ascertain and determine is the average rate levied upon other property upon which ad valorem taxes are assessed for state, county, township, school

and municipal purposes.

This proposed amendment, if adopted, will authorize the enactment of an income tax law providing for a tax of not to exceed four per centum upon net gains, profits and incomes, and providing for a classification of property and persons upon which such tax may operate.

A proposed amendment to Article VIII, by adding section 30, to read as follows:

Sec. 30. The legislature may provide for the incorporation of ports and port districts, and confer power and authority upon them to engage in work of internal improvements in connection therewith.

This proposed amendment, if adopted, will authorize the legislature to provide for the incorporation of ports and port districts with power to engage in work of internal improvements in connection therewith.

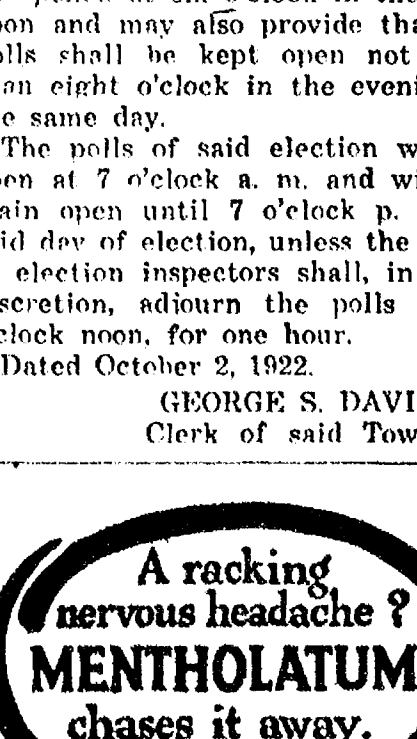

Relative to Opening and Closing of the Polls

Sec. 1. On the day of any election the polls shall be opened at seven o'clock in the forenoon, or as soon thereafter as may be, and shall be continued open until five o'clock in the afternoon and no longer: Provided, That in townships the board of inspectors of election may, in its discretion, adjourn the polls at twelve o'clock noon, for one hour, and that the township board in townships and the legislative body in cities and villages may, by resolution adopted fifteen days prior to the election and published with the notice of the election, provide that the polls shall be opened at six o'clock in the forenoon and may also provide that the polls shall be kept open not later than eight o'clock in the evening of the same day.

The polls of said election will be open at 7 o'clock a. m. and will remain open until 7 o'clock p. m. of said day of election, unless the board of election inspectors shall, in their discretion, adjourn the polls at 12 o'clock noon, for one hour.

Dated October 2, 1922.

GEORGE S. DAVIS, Clerk of said Township.

As the yard engine left the Chelsea station of the M. C. Monday afternoon, it was discovered that a girl 14 years old and a boy 10 years old were riding between some of the cars. The operator at Franciscan was notified and the children were turned over to officers at Grass Lake. The youngsters gave their home as Detroit and were headed for Chicago.

Miss Catherine Canfield entertained eight of her friends at a Halloween party Monday evening, among them being Catherine Wheeler, Grace Conlin, Margaret Elder, Leo Tuttle, Robert Wheeler, Robert Howe, John Keusch and Edward Howe of Jackson. Halloween games were played and a delectable lunch was served by Miss Catherine's mother, Mrs. Howard Canfield. The table was prettily decorated for the occasion.

Eben Ashton, 48 years old, a farmer in Livonia township, near Plymouth, was shot and killed Tuesday morning by Guy McMillan, 51, his farm partner, after the two had quarreled over the division of the fall hay crop, according to McMillan, who is being held in county jail charged with murder. Mr. Ashton was an uncle of J. N. Knapp and Mrs. Merchant Brooks. Mr. Knapp has gone to the scene of the tragedy.

Columbia Hive, L. O. T. M., held their annual Halloween party Tuesday evening for their members and lady friends. This was a costume party and 200 were present to enjoy the festivities. The hall was decorated with cornstalks, marsh holly with its red berries, and black and yellow streamers. Music was furnished by Perry's orchestra of Manchester. The grand march was led by Louise Spiegelberg, Lila Campbell, Jane Harris and Ethelean Toburen. Forty-eight couples were in the march and this was followed by a dance. Ice cream cones were served during the evening.

A potato of peculiar growth and weighing 2 1/2 pounds was brought to this office by S. J. Richards the other day. The main body of the potato is seven inches in length and from this extend nine growths ranging in length from one to four inches, the whole making a curious formation. Originally there were ten growths on the potato and it was the only tuber in the hill.

Thirty people, children and grandchildren, met at the home of Mr. and Mrs. Ben Marshall at Manchester Sunday to help celebrate the birthday anniversary of Veit Bahmiller. The house and tables were prettily decorated for the occasion, one feature being a large birthday cake with seventy-one candles. Guests were present from Chelsea, Dearborn, Sharon and Manchester.

R. B. Waltrous brought to this office Saturday two fine specimens of McIntosh apples grown on the farm of his mother, Mrs. J. F. Waltrous. The interesting fact about these particular apples is that they are of last year's crop and in perfect condition. The fruit trees were sprayed and the apples wrapped in paper and stored in the cellar for winter use. This variety is not supposed to keep after harvest, hence the perfect condition of the apples at this time is rather remarkable.

Mrs. L. L. Winans spent the first of the week with her husband at Battle Creek.

Mr. and Mrs. B. Brown of Jackson and Miss Winifred Eder of Detroit spent Sunday with their parents, Mr. and Mrs. Geo. Eder.

Jackson—Arraigned in police court Thursday, charged with stealing chickens, William Adams and Lester Waltz pleaded not guilty, and were remanded to jail for trial, which was set for Nov. 9. Both were arrested earlier in the day by Constable Creech.

Ann Arbor—Robert P. Lamont of Chicago, through a generous gift of funds made it possible for the completion of the large telescope which has been under construction here for many years by Prof. W. J. Hussey. Mr. Lamont is a close friend and former schoolmate of Prof. Hussey.

Jackson—The wedding of Miss Ruth Raymond, daughter of Mr. and Mrs. Charles Raymond and Wendell W. Whitney occurred Wednesday afternoon at 2 o'clock at the home of the bride's parents. Rev. L. T. Robinson of the Ida Stiles church officiating using the ring service.

Fairfield—Mr. and Mrs. William Borkuhl of Detroit, who motored here from St. Charles, Mo., where they have been visiting, state that they saw a large timber wolf near the road about four miles south of this village. The animal was standing near the road and was eating what was supposed to be some small animal.

Brooklyn—Mrs. Homer Smith died Thursday morning of burns received on Monday while kindling a fire with oil. The oil she used was a small quantity of kerosene mixed with gasoline which she had been using several weeks previous in an oil stove. The can exploded as she was pouring the oil out and she was enveloped in flame.

Brooklyn—Auto cops visited this part of the county last Thursday evening, and rounded up a few motorists who were traveling the roads without the required number of lights. Everybody had an alibi and each was invited to tell the story to the judge in the morning. The garages have done a fine tail-lamp business since the roundup.—Exponent.

Jackson—Bert Andrews and Lew Hewson, the bandits who held up the Dean filling station Wednesday evening, are locked in the jail awaiting examination, which has been set for Nov. 14 at 9 o'clock. When arraigned in police court Thursday afternoon bail for each was fixed at \$5,000, with two sureties. Neither was able to get a bond.

Ann Arbor—Veterans of the Foreign Wars have made plans for a parade to be held Armistice day in which all service men will participate. The parade will start at Hill auditorium and will march downtown where the Ann Arbor delegation will be met. From there both delegations will march to Ferry field where the Armistice day rites will be held.

Jackson—Mrs. Mary Cumansky, mother of eight children, was sentenced to three months in jail and fined \$100 upon being convicted of having intoxicating liquor in her possession. She explained to the court she had obtained the liquor to use at the festivities in connection with the wedding of her 19 year-old daughter.

Onsted—Mrs. John Ehrlichbush, living near here, was instantly killed, and Mrs. Bert Rogers received a severe gash in her head and minor cuts in an accident Thursday afternoon. They were returning from a social gathering, driving a horse and buggy, when the rig was run into by a heavy truck at the intersection of the Monroe turnpike and the Onsted stone road.

Ypsilanti—Clayton E. Deake, Wash-tenaw's drain commissioner, has received notice of his appointment as special county drain commissioner for Monroe county to make an assessment for benefits on the Pin Oak drain in Painesville and Frenchtown townships. Mr. Deake is to make the apportionment within thirty days. The notice was received by Mr. Deake from Judge Carl Franke of the probate court, Monroe.

Milan—The firm of O. T. Rudduck, dealer in implements and tools, was forced to close its doors last week. Nothing definite as to the cause of the failure could be learned, but it is expected that Mr. Rudduck will be able to meet his obligations and continue the business in a short time. The firm has been established for many years and has always carried a large stock of farming equipment, rendering the best service to their customers. The announcement of the failure came as a complete surprise to his many friends and business associates.—Leader.

INTERNATIONAL EGG CONTEST AT M. A. C.

Most Noted Poultry Breeders in the World Enter Pons for Event Starting November 1.

East Lansing, Mich.—With pens entered from several foreign countries as well as from many of the states in America, the first M. A. C. International egg laying contest got under way at East Lansing this week. The contest will run from Nov. 1, 1922, until Nov. 1, 1923.

Some of the most famous poultry breeders in the world have entered their best stock for the competition, according to Prof. E. C. Foreman, head of the M. A. C. poultry department, who is in charge of the contest. The result is that high records are expected to be made during the event which will be one of the biggest of its kind ever held.

One hundred pens, all told, are entered, with birds from most of the popular breeds represented. Included in the list of breeds are: Leghorns, Rocks, Reds, Wyandottes, Orpingtons, and others.

Six new poultry houses, constructed at the college for the express purpose of housing the contest entries, were completed last week in time for the incoming birds.

"Laying contests are popular now in all sections of the country and are the only medium the utility poultryman has for getting official records on his stock," says Prof. Foreman. "Records will also be available on all the interesting economical problems, such as the amount of food required by the various breeds and varieties, the number of eggs produced, the seasonal distribution, costs of production, and all other facts involved in poultry economics."

"The prospective poultryman will also have an opportunity to study

poultry characteristics before making final decision on the breed he intends to carry for commercial purposes."

Louisiana farmers received over \$45,000, according to reports to the United States department of agriculture, through the co-operative sale, during the spring of 1922, of 19,000 bushels of lespedeza seed which had been grown and graded according to methods advised by extension workers.

MORTGAGE SALE.

Default having been made in the payment of certain installments of principal and interest due and payable under the terms and conditions of a real estate mortgage made and executed by John W. Foster and Lizzie A. Foster as husband and wife, of the township of Sylvan, in the County of Washtenaw and State of Michigan parties of the first part to J. Nelson Dancer and Lola J. Dancer as husband and wife, parties of the second part; which said mortgage is dated December 30th, 1918, and is recorded in the office of the Register of Deeds of said county of Washtenaw in Liber 146 of Mortgages at page 382, and which said mortgage was thereafter, on September 5th, A. D. 1919, duly assigned by the said J. Nelson Dancer and Lola J. Dancer to Roy C. Ives and Ruby D. Ives as husband and wife, the said assignment being recorded in the office of the said Register of Deeds in Liber 19 of Assignments of Mortgages at page 209, and the said mortgage was again duly assigned by the said Roy C. Ives and Ruby D. Ives to Katie S. Ives and the assignment thereof bearing date December 21st, 1920, was duly recorded in the office of the said Register of Deeds in Liber 19 of Assignments of Mortgages at page 391.

That in and by the said mortgage it was expressly agreed: That should any default be made in payment of the installments of principal or payments of interest or any part thereof on any day whereon the same is made due and payable and should the same remain unpaid and in arrears for the space of thirty days then the whole of said principal sum named in the said mortgage with all arrears of interest shall at the option of the obligees in the said mortgage named or their assigns become due and payable immediately thereafter, notice of the

said option being thereby expressly waived.

That certain installments of principal and payments of interest having become due and payable as provided by the said mortgage and the same having been due and payable as aforesaid and in arrears for more than thirty days and the assignee of the obligees in the said mortgage named now and by virtue of this proceeding elects to have the full amount of the said principal sum in the said mortgage named together with all arrearage of interest thereon to become and be due and payable at this time:

By reason of which default in the payment of the amount due upon the said mortgage for principal and interest the power of sale contained therein has become operative and no suit or proceeding at law having been instituted to recover the debt secured by said mortgage or any part thereof; and there is now claimed to be due and owing upon the said mortgage debt for principal and interest, the sum of Four Thousand, Two Hundred, Seventy-nine Dollars and Forty-one Cents, (\$4279.41) and the further sum of Thirty-five Dollars, (\$35) as attorney's fee provided by law and stipulated in the said mortgage. Now therefore, Notice is hereby given that by virtue of the power of sale contained in the said mortgage and in pursuance of the statute in such cases made and provided, such mortgage will be foreclosed by a sale of the premises described therein at Public Auction to the highest bidder at the south front door of the Court House in the City of Ann Arbor, in said county of Washtenaw, (that being the place where the Circuit Court for the said county of Washtenaw is held,) on Monday, the 29th day of January, A. D. 1923, at ten o'clock in the forenoon of said day. Which said premises are described in said mortgage as follows: The east one-half of the northwest one-quarter and the southwest one-quarter of the northeast one-quarter of section number thirty-two, (32) town two, (2) south, range three, (3) east, Township of Sylvan, Washtenaw County, Michigan.

Katie S. Ives, Assignee of said Mortgage, Jones & Stuhberg, Attorneys for Assignee, Business Address, Ann Arbor Michigan. 1-18

AUCTION SALE

BILLS and ADVERTISING

The most important thing in conducting a Farm Auction Sale successfully is the advertising—the kind of publicity you use to bring bidders to your sale.

Before the advent of the automobile this advertising was almost exclusively accomplished through auction sale bills, which were posted for miles throughout the territory surrounding the place of sale. Since the automobile has accelerated the mode of traveling over our highways, the bill posting has been diminished to a considerable extent, but the posters are not and will not be extinct, as the daily papers that have no job printing department connected with their business are fond of telling the farmer. City merchants have not even discarded the bill advertising method.

The Weekly Newspaper and Sale Bills

Are a Hard Combination to Beat, Both as to Cost and Efficiency.

The Chelsea Standard has a circulation among farmers that covers the field like a blanket within a radius of 15 miles and over. Within this territory there are very few farm houses that The Standard does not visit weekly.

The weekly newspaper has an important advantage over the daily because EVERY ISSUE IS READ from beginning to end, while the daily paper is apt to be scanned over hurriedly and put aside. Therefore ONE ISSUE OF THE STANDARD IS AS GOOD AS SIX OF THE DAILY, as far as advertising value and cost are concerned.

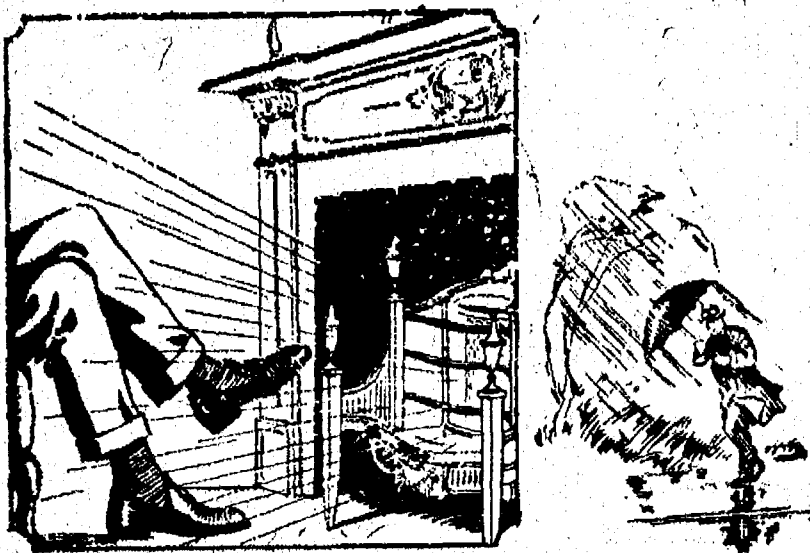

Mr. Farmer, don't be misled into the belief that the Auction Sale Bill is a thing of the past. Hundreds of farmers coming into town stop and read the bills posted; you do yourself. And by all means place a good sized advertisement, in type that can be read easily, in The Chelsea Standard where thousands will read at leisure the list of articles you wish to dispose of. List everything, for a small article may bring a good bidder, and bidders are what you want. Also, bidders as a rule save the newspaper list for reference.

We invite farmers to come in and talk over their prospective sales with us, and we will be pleased to give such advice as long experience in auction advertising has brought us.

Preparing properly for your sale is another important factor toward its success. Have your stock clean and looking trim. Spruce up your farm implements and have everything in order before the crowd arrives.

We will appreciate a consultation in regard to your sale and assist you in every way possible.

MARK TWAIN FILM

"A Connecticut Yankee in King Arthur's Court"

(From the Pall Mall Gazette)
A film version of Mark Twain's famous novel, "A Connecticut Yankee in King Arthur's Court," was shown for the first time at the Alhambra yesterday.

It is a delightful nonsensical fantasy, humorous of the last degree. The principal character, played admirably by Harry Meyers, is a Yankee of today, Martin Cavendish, who, though engaged to a wealthy aristocrat, is in love with her secretary.

While reading a copy of his book, he is attacked by a burglar, who strikes him down with a lance which he finds in the room. Cavendish,

while falling, strikes his head against the furniture, and imagines himself attacked and taken prisoner to the court of King Arthur.

He is sentenced to death, but threatens to take away the sun, and as a solar eclipse happily occurs he is hailed as a great magician and appointed Prime Minister.

Later he gets into the power of the wicked Morgan Le Fay, and is again sentenced to death, but is rescued by Sir Lancelot on a fiery black, snorting Mex-Eagle-spirited Ford.

The film is highly amusing, is very well acted, staged, and produced. Among those present yesterday was the Queen, who laughed heartily at the various witticisms against Royalty, and thoroughly entered into the spirit of the play.

Will be shown at the Princess theatre Wednesday and Thursday, Nov. 8 and 9.

FAMILY OF FOURTEEN

LAPORE, IND.—The other day Mr.

and Mrs. Frank Scott laid claim to the record family of the middle west in ten years of married life, saying that in that time three sets of triplets and two sets of twins, all boys, had been born to them. The Scotts, with their 13 living children, boarded a train bound for the west in search of land to provide sustenance and employment for the family.

When the mother proffered the fare for herself, as the children are all less than 5 years old, the conductor remarked:

"We can't carry a Sunday school class, Madame."

"But they are my children," she replied.

Then the family Bible was produced from the luggage, and it showed there were Asbel, Archer and a tin, each 4½ years of age; Arthur Arnold, each 3½; Allan, Almon Adolph, each 2½; Albert, Alfred Abner, each 18 months; and

A peculiarity connected with family is, each name begins with
