Timely Discussions of various
facts that may interest you.
"BILL"

Rather a dirty trick of the weather
man to get us all set for spring and
then come along with a snow storm.
But then this is March and we have
to expect that.

This morning a robin was chirping
merrily and the snow was flying.
Rather out of place.

With the fine weather that we all
enjoyed last Friday there came out
the usual hunters of well-known
spots.

In passing the corner of Main and
Middle streets a casual conversation
was heard that brought back familiar
signs of warm weather.

The window sill of the Vogel store
has always been a fine place for ideal
gossipers to sun themselves, and Fri-
day drew out the first ones of the year.

One lone occupant of the spot was
peacefully enjoying the fine weather
when another came along.

"Well, how does it feel? sun's pret-
ty warm today isn't it?"

Only another week and then the
village election will all be over. But
during that week many things can
happen.

People seem to have quieted down
since the tickets have been filled and
one could only surmise that all have
made up their minds as to how they
will vote.

The township caucuses are the next
affair and next Saturday the poli-
ticians will again gather at the town
hall and choose their candidates.

The greatest fight will probably
center in the republican caucus. The
township of Sylvan having such a
large republican majority, the trou-
bles have to be decided in the caucus.

Since the signs of spring became so
evident news or rather happenings
seem to have become scarce. But
there was a fine suggestion offered
the other day.

What in the matter with the chimies?
Why can't we have the old clock ring
the beautiful bells again?

But why ask me such a question, I
never took care of any other clock
than the one I carry in my pocket and
as that has no chimies in connection I
have no information at hand as to how
to operate chimies.

But when we think back to last
summer when the chimies did ring
every quarter of an hour everyone
would be glad to hear them again.

It is understood that were someone
willing to volunteer the time and ser-
vices required to wind the mechanism
it all might be able to enjoy hearing
again.

Now if some strong, healthy man
who has about one hour or possibly
less would offer his services, the
chimies might be made to ring again,
it is understood that they are in
perfect condition.

Step forward our hero.

There is one point in opposition to
having the chimies ringing all night
as they used to and that is by the man
that comes home during the early

TREASURER'S REPORT SHOW FINE RECORD FOR ADMINISTRATION

VILLAGE CLERK'S SALARY IN-
CREASED

H. S. Holmes Appointed to E. L. & W.
W. Commission For Three Years

The regular meeting of the village
council was held in the council rooms
last evening. The regular business
was transacted and bills allowed.

Upon motion by Trustee Hummel it
was voted to change the salary of the
clerk from \$165 a year to \$200. The
motion was carried and will take ef-
fect next year.

President Wurster appointed H. S.
Holmes to fill the vacancy on the
Electric Light and Water Works Com-
mission. Mr. Holmes will hold the
office for the next three years. The
appointment was confirmed by the
council.

The president also appointed the
village council and the clerk to act as
the election board at the election to
be held here next Monday.

The treasurer's report was received
and the approval of the finance com-
mittee. The report was very favor-
able and spoke well for the adminis-
tration. The administration started
the year with a debt of \$9,000. A note
of \$4,000 was paid and a \$2,000 bond
was paid. The village is still in debt
around \$3,000 but the uncollected taxes
that some day will come to the village
would more than make up this deficit.
In the past two years the administra-
tion has cleared up about \$9,000 in
debts.

UNDEFEATED CHELSEA FIVES WIN 2 MORE

Mason Fall Before girls and Boys
Teams.

The Chelsea High basketball teams
took two more games on Saturday
High Friday evening. The games
were both close and the teams all
played hard to win.

The girls teams started the evening
and staged a game that made every
one take notice. Lambert making 6 field
goals and 1 free throw. Mason for-
wards found that they were so com-
pletely covered by Eppler and Harris
that they did not get many chances
at the basket.

The Chelsea girls had good team
work and put up such a strong de-
fense that the Mason girls were un-
able to get to the basket during the
first half except with one free throw.
The score at the end of the first half
was 7 to 1. During the second half
Mason came back stronger with a
change in the lineup and made three
baskets.

The game ended with Chelsea in the
lead 13 to 7.

Summary:
Chelsea (13) Pos. Mason (7)
Lambert RF Dart
Blissworth LF Whiting
Turnbull JC D. Howlett
Daneer RC Lasenby
Eppler RG R. Howlett
Harris LG Hill

Substitutes: D. Howlett for Whit-
ting, Hartman for D. Howlett.

Baskets: Chelsea: Lambert 6, 1 free
throw. Mason: Darty 2, 1 free throw,
Whiting 1 basket.

Score at end of half, Chelsea 7, Ma-
son 1.

Referee, Mrs. Staffan.
The boys game was fast and fur-
ious. At the outset it looked as though
the Mason lads had the best of it. At
the end of the half Mason led with a
score of 9 to 6. The undefeated Che-
elsea five came back during the second
half and exhibited a class of basket-
ball that showed good coaching and ability.

Coming up from behind the Chelsea
lads overtook the score and in the last
few seconds of play scored the winning
points.

Both teams played a strong game of
defense and it was almost impossible
break through. Parkhurst the di-
vutive Mason forward caged three
shots that bewildered the crowd
and the team. The guarding of Vogel
and Graber was a strong point for the
Chelsea team.

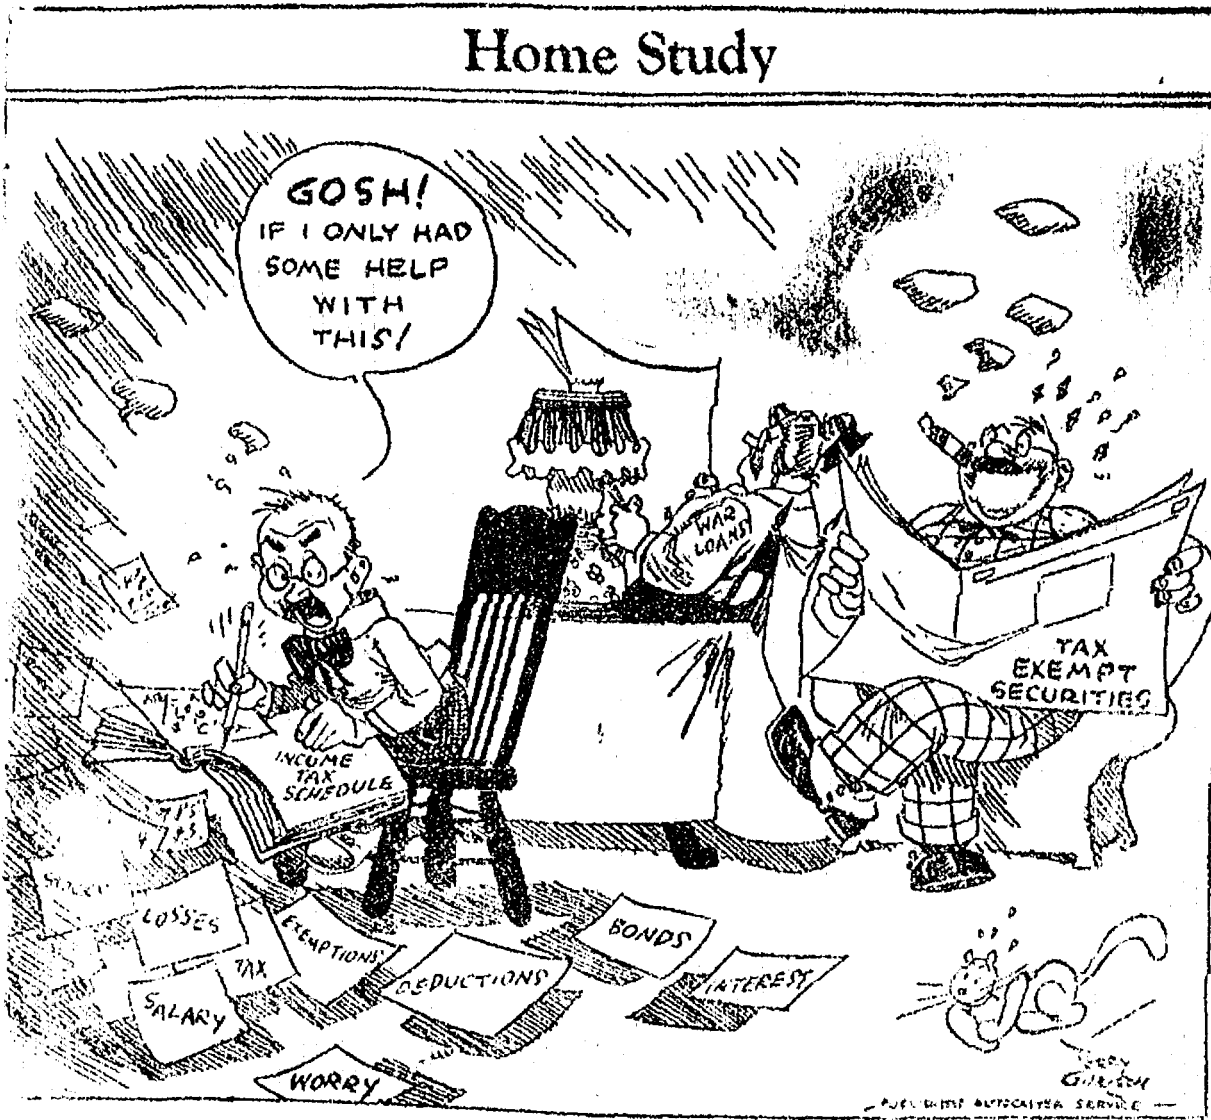

The game ended with the score 20
to 17 in favor of Chelsea, the winning
baskets being made during the last
seconds of play.

Summary:

Chelsea (20) Pos. Mason (17)
Mayer RF Call
Riley LF Parkhurst
Brooks C Lamont
Vogel RG Hiller
Graber LG Kruse
Substitutes: Graber for Graber,
Snyder for Parkhurst.

Baskets: Chelsea: Mayer 4, Brooks

NEW RIGHT OF WAY CONTRACT WILL CHANGE EASEMENTS

Contract Drawn Up By Power Co.
Will Meet More of the
Requirements.

A new form of easement has been
presented to the village by the Con-
sumers Power Company which in
short changes the form of the pre-
vious easement to read that the ease-
ments will be effective as long as the
company shall continue to operate.

Another point which has been con-
sidered is included in the easement
which is that the poles and necessary
equipment will be placed as nearly as
possible on the rear lot line of prop-
erty, in the same manner as the lines
are now placed.

The new right of way contract has
been drawn up and will be submitted
to the village council for their signa-
ture and approval. The changes as
made by the contract will in part
eliminate the causes for dissatis-
faction in some cases.

VOICE OF THE PEOPLE

Realizing Chelsea has a very se-
rious question to figure out regarding
the electric light and power propo-
sition, the writer was in Battle Creek
last Wednesday and Thursday and
talked with a former district superin-
tendent of the Consumers Power Co.
(can furnish name if necessary) asked
him about the easement connected
with the Consumers Power Co. He
advised that the Power Co. should
be made to designate and stipulate
what extent they wished to cross the
people's property, as some day they
may find it necessary to erect a dis-
tributing tower, or a few poles or
ancor lines in some ones back yard,
and also to remember that a high
tension line will interfere with a radio
in case you have one.

He also stated that the Consumers
are like most of the large companies,
they are reliable, and as good as gold,
but they will get all they can in any
contract that they make, which of
course is business.

It is also said that Consumers ease-
ment contracts are not all alike, and
that some towns, Plainwell for in-
stance, is getting a lower rate than
most towns furnished by the Consum-
ers due to competition.

If we get Consumers Power, which
I personally believe will be reliable
service, will it be up to Chelsea to
buy a stand pipe for water? If so,
what will it cost Chelsea?

The Consumers are a large corpora-
tion and furnish a good many cities
in Michigan, and evidently their ser-
vice is O. K. and they certainly
would be able to take care of Chelsea
in a No. 1 shape, which would be al-
right for us, providing we don't have
to give them a deed to our property.
Respectfully,
J. S.

STRONG WIND DOES DAMAGE

A strong wind came up Sunday
morning and did damage in and about
Chelsea. Two light globes were
blown from the lighting post on Main
street. The sign hanging in front of
Penn's Drug store was swinging so
bad that it had to be anchored to the
falling in front. Branches were
blown from trees and other things
damaged were done.

INDEPENDENTS TO PLAY THREE GAMES THIS WEEK

The St. Mary Independents will
play three games out of town this
week. On Wednesday night the boys
will go to Fowlerville where they will
play the Independent team there. On
Friday night they will go to Howell to
play the return game with the team
from that place and on Sunday they
go to Detroit to play the Sweetest
Heart of Mary team. All three games
will be hard ones and the boys are
anxious to finish a victorious season.

REPUBLICAN CAUCUS

The republicans of the township of
Sylvan will meet in caucus in the
Town hall in the village of Chelsea,
Michigan, on Saturday, March 10th,
1923, at Two o'clock P. M. of said day
for the purpose of placing in nomina-
tion the various officers to be voted
upon at the Annual Township Elec-
tion to be held on April 2, 1923, and
for the purpose of transacting such
other business as may come before
said meeting.

Dated March 5, 1923.

RESERVES TAKE THREE GAMES IN THREE DAYS

Local Five Defeat Jackson High Re-
serves, Ypsilanti High Reserves,
and Romulus Independents.

The St. Mary Reserves added three
more victories to their string this last
weekend. They will leave this week
for the state tournament to be held
in Detroit and should return with
some of the grand prizes. The team
has been playing a fine class of bas-
ket ball and are slated to walk away
with their class at the tourney. Last
year the boys entered the contest and
out in the final round by one point.

On Friday night the team went to
Jackson where they met the strongest
they have encountered this year.
The Jackson High Reserves. The
team was determined to win and this
they did after one of the hottest bat-
tles ever seen. The game ended with
the score tied 14 to 14. During the
first five minute overtime period
neither team scored. But the second
period told the story when M. Hoff-
man tossed the winning basket.

Chelsea led at the end of the first
quarter 2-0 and again at the halfway
mark by an 8-6 count. At the end of
third period, Jackson held a 12-8 lead
but at game time lost its advantage
and was tied, 14-14. In both over-
time periods, Chelsea appeared to
have the better of the argument and
on several occasions took easy shots
around Chittum and Gates.

This victory erased the defeat hand-
ed the Chelsea outfit earlier in the
season by the Reserves who took the
game, 12-11. This was, incidently,
the only defeat that has been admin-
istered the Chelsea aggregation this
season.

Both teams fought hard and clean
but the pass work and final spurt of
the Chelsea's put the Jackson team
completely out of the running.

The summary:
Jackson (14) Pos. Chelsea (16)
Dannash LF J. Hoffman
Chatter RF Paul Hoffman
Van Wagner JC J. Eder
Chittum LG E. Eder
Gates RG Conlin

Score at end of first half: Jackson
6, Chelsea 8.

Chelsea scoring: Field goals, Phil
Hoffman 3, Paul Hoffman 3, J. Eder
1. Free throws, Phil Hoffman 0 in 2.

Substitutions: Hornung for Chatter,
Huegar, M. Hoffman for Phil. Hoff-
man, Phil. Hoffman for J. Eder, J.
Eder for Conlin.

Time of quarters, 10 minutes.

Referee, Mitchell, U. of M.

On Saturday night the Reserves
went to Ypsilanti where they played
the Ypsilanti High Reserves and took
an easy victory from that team with
a score of 18 to 3. This game was ar-
ranged one after the hard fight of the
evening previous. Ypsilanti got one
basket and one free throw.

Sunday afternoon the Reserves met
a strong contender when the Romulus
Independents of Romulus, Michigan
met the team on the local court. The
Reserves were outweighted and smaller
than the Romulus team but went
into the game with the same spirit to
win. The visiting center was able to
get the jump every time but the Re-
serves were too fast for the team.
During the first half the Reserves
kept a good lead and the score at the
end of the second period was 14 to 6.

During the second half the Romulus
team opened up more and found the
basket for five baskets. The game
was a close one although the score of
20 to 16 might not indicate it.

Summary:
St. Mary (20) Pos. Romulus (16)

FIGURES.

Statistics of the department of commerce for the September indicate plainly that the shipping inter-Britain have at length nosed out American shipping competition for ocean freights. Unless something is done to give our shippers the carrying trade may be expected to go to the foreign ships so that by the end of this decade we will be worse off than we were before the war when about 90 per cent of American incoming and outgoing freights were carried on our own boats. The effect on our export trade, if we once more go to the hands of the British and foreign shipping monopolies, which is unpleasant to contemplate in an epoch when competition is ruthless. And as our export trade continues to decline under a policy of indifference the foes of a tariff, even one by a commission of experts can be relied upon to lay the loss on the subsidy of American producers.

Figures at hand, reduced to percentages show that American ships carried 86.88 per cent by value of our water-borne foreign freight and recorded 40 per cent of the clearances and entries during the 1921 period, and 35.40 and 39.47 per cent respectively for the 1922 period. These percentages were still on the decrease in September 1922. Moreover, there was a considerable fraction of our cargo in ballast.

Using as a basis 8 per cent of the value of the goods carried, ship actuaries estimate to be the average cost of their transportation, and it will be seen that American boats received about \$1,000,000 in the 1921, and \$121,000,000 in the 1922 period for freight; while foreign vessels received about \$238,000,000 and \$210,000,000 for the two periods respectively, with a lower cost of operation. Not to mention the saving on insurance, a 50-50 split for the two periods would have given our ships about \$360,000 or an amount equal to 12 times the sum contemplated for aid. Over the full two years this would have been correspondingly more.

In the face of these facts and the certainty of again experiencing the lessons of the past, the thinking people do not contemplate with equanimity a surrender to the foreign shipping inter-

ERS ENOUGH.

Sixty years is long enough for any one to live, said John Will-Goddard, London artist. Then he went home, stuffed paper in door and window cracks, and turned on the gas. It seems he had become discouraged about the world situation. Others are. It has been so in all generations. But somehow world always manages to pull through by the skin of its teeth, slowly gets better. For your own happiness and peace of mind, contemplate world conditions with interest but don't take too seriously.

ENTS.

A brokerage firm in Louisville fails. Queer story comes out. Summer the firm ordered \$300,000 worth of an oil stock, sold to a customer at 80 cents a share, then discovered later the cost was \$90 a share. The firm's loss was \$29.70 on each of the 10,000 shares. This should get a grin out of the millions of stock market "worms" who are nursing memories of paying dollars for shares worth cents.

PREPARE FOR COAL STRIKE.

London sends word that Americans have contracted for 100,000 tons of coal to be shipped from Welsh mines in the early spring. The buyer is said to be expecting another strike among the coal miners. That's possible, even probable, if wage negotiations now being conducted in Chicago end in a deadlock. Add your own comment. That'll be easy.

LY RISING.

Lord Leverhulme, king pin of British manufacturers, who has his money in soap, says that American ownership of three-fourths of the world's gold is not as great an asset as our liability rising. Yes, and our national debt is not half as great a liability as our invention, the alarm clock.

ING INTO WAIT.

Many were shocked because the Greeks executed the officials of the Turkish empire into the disastrous war with the Turks. It's "done" tho, and opinions cannot bring the corpses back to life. Waiting had time to think it over, it may have occurred to you that probably will be some time before other Greek officials will lead their nation into another war.

 At a session of said court, held at the court house in the city of Ann Arbor on this 24th day of January, A. D. 1923.

Present: Hon. Geo. W. Sample, Circuit Judge.

In this cause it appearing by the bill of complaint duly verified, presented and filed and to the satisfaction of the court that Jesse Mason and his unknown heirs, devisees, legatees and assigns, is a necessary and the proper party to the above entitled cause and interested in the subject matter involved therein and whose name appears in the office of the Register of Deeds for the county of Washtenaw as having at some time claimed a right, title, interest or estate in the subject matter of said cause, or some portion of it, or as having a lien or charge thereon without having conveyed or released the same, and who might at any time, under the provisions or legal effect of said instrument of record claim or attempt to claim or be entitled to claim benefits thereunder, and it further appearing to the satisfaction of the court that said above named party is dead or his whereabouts unknown to said plaintiffs, and after diligent search and inquiry they have been unable to ascertain the same or where he or his heirs reside or whether such interest as he has or might have therein has been disposed of by will or otherwise, and that such defendant cannot be personally served with process, therefore, on motion of Cavanaugh & Burke, attorneys for said plaintiffs, it is ORDERED that the appearance of said defendant be entered in this cause within three months from the date of this order, and that in case of his appearance he cause his answer to the bill of complaint to be filed and a copy thereof served on the attorneys for the plaintiffs within fifteen days after service upon him or his attorneys of a copy of said bill of complaint, and that in default thereof said bill be taken as confessed by said defendant; and it is further ORDERED that said plaintiffs shall cause a copy of this order to be published in the Chelsea Tribune, a newspaper printed and published in said county of Washtenaw and circulated therein, within forty days from this date, and that such publication be continued therein once in each week for at least six successive weeks, or that said plaintiffs cause a copy of this order to be personally served upon said defendant at least twenty days before the time prescribed for his appearance.

GEO. W. SAMPLE, Circuit Judge.

(Countersigned) CLARABON L. PRAV, Deputy Clerk.

TO SAID DEFENDANTS:

TAKE NOTICE, that the above entitled cause involves the title to the following described premises situate and being in the city of Ann Arbor, Washtenaw County, Michigan, and is brought in said Circuit Court for the county of Washtenaw in chancery, for the purpose of quieting title to said described premises, to-wit:

"Lot number fifty nine of Miller's Addition to the city of Ann Arbor according to the recorded plat thereof, excepting a parcel of land on the rear of said lot fifty feet by fifty feet. It being intended to convey a piece of land to the second parties which measures fifty feet by eighty-two feet."

Now that Ireland is free, what are they going to fight about?

Governor Grosbeck, state officials, justices of the supreme court and members of the legislature reviewed the 119th regiment of field artillery last Thursday. The review was part of the legislature's Washington birthday ceremonies. Prior to the review, which took place in front of the capitol, the 119th paraded through the downtown streets, giving residents their first opportunity to see Lansing's own regiment of artillery with its French 75 mm guns, horses, motors, trucks and other equipment.

What About Your Gardne?

Doubtless these long winter evenings you have been planning what you will grow this summer. A good share of it you can start by seed in the spring. But to be first on the market you will need some Greenhouse grown plants. Now how many are you going to need and what varieties do you prefer? Come out and talk it over so that when planting time comes you will not be disappointed.

By the fireside still
 The light is shining,
 The children's arms
 Round the parents twining.
 Round love so sweet,
 O who would roam?
 Be it ever so homely,
 Home is Home.
 —Mulock.

HOME building is the most worthy effort in all of man's activities. It's an unselfish building of shelter, a haven, comforts, luxury—for others—those held most dear. The home builders are in truth the backbone of all nations, states, town or community.

Building a home calls for vision—courage and faith. Every man who resolves to build and own a home of his own is deserving of encouragement and support of all the community.

It is an established fact that 95 per cent of the homes built are financed through loans. Even when interest rates on loans are highest it is thrifty to buy and build. Interest rates are low now.

This bank is in position to help home builders in Chelsea carry out their plans.

When your new home or improvements on the old place is financed through an institution of this standing it is an insurance of resources unattainable in any other way.

Saginaw valley and its watershed,
embracing in all, one-third of the
state of Michigan, is facing one of
the worst spring floods in its history,
according to the government weather
bureau in Saginaw. There is more
snow on the uplands than in many
years. For miles, the snow is three
feet deep on the level and is drifted,
in some places, six and eight feet.
The ice in the Saginaw river and its
many tributaries, is, in some places,
30 inches thick.

Michigan Happenings

The color of Michigan potatoes
hurts them in the markets of the east.
B. E. Conklin, market investigator of
the United States department of agri-
culture, now in Grand Rapids on an
inspection tour declares. He says the
difference in price is due almost
wholly to the dark color of many
Michigan russet potatoes. Conklin
said he found onions from the Hud-
sonville, Byron Center and other
Michigan producing areas on sale in
Boston in direct competition with the
Connecticut valley product. He attri-
butes this to the poor eastern crop,
however.

Gov. Grosbeck is being called up-
on to approve or reject a city char-
ter presented for approval or rejection
which does not contain unan-
tious agreements in certain clauses
on the part of the nine charter com-
missioners delegated by the voters of
Marshall to draw it up. State stat-
utes provide that the governor's sig-
nature to the completed instrument
is necessary before its presentation to
the voters for ratification.

Strict state examination of all per-
sons in the grocery and meat busi-
ness as to fitness to handle and sell
foods is advocated by the Retail Gro-
cers and General Merchants' asso-
ciation. A resolution urging enact-
ment of a law to this effect was passed
by the association at the closing
session of its annual convention at
Lansing last week.

An order closing most of the E.

ized to sell for \$100 about \$7,000
worth of claims, many of them out-
lawed.

BILL'S COLUMN

(Continued from page one)
hours of the morning. The wife can't
feel so hard toward the ringing of
the clock strikes every 15 minutes and
that isn't very long to wait.

We hope that no one though would
feel so hard toward the ringing of
beautiful chimes that they would do
as someone did with the bell at the
railroad crossing here a few years
ago.

To those of you who do not know
the story it might be interesting.
Evidently the ringing of the warning
bell at the crossing annoyed some per-
son living in the vicinity and so dur-
ing the night the particular individual
went out and stuffed the bell with
rags.

Possibly the warning bell was an-
noying but had the person taken into
consideration the value of this warn-
ing to persons approaching the cross-
ing they might have tried to have got-
ten along.

No such complaint is anticipated
though in connection with the chimes,
and so far everyone is anxious to hear
them again.

In late days it has been a common
occurrence to see the gates at the
crossing of Main street and the M. C.
tracks go down after the train had
reached the crossing.

Saturday night a train switching
here was the cause of considerable
disturbance. The trainmen had called
to the man in the lower several times
to lower the gates but to no avail.
After the train had passed the cross-
ing the gates went down.

Evidently the gateman had been
asleep at his job, and to a passerby it
caused some commotion, but this is
nothing new as this happens every
day.

The Pneumonia Month.
March is a typical pneumonia
month and usually gives a high rate
of mortality for the disease. After a
long and hard winter, the system loses
much of its resistance and people
grow careless. When every cold,
no matter how slight, is given prompt
and intelligent attention, there is
much less danger of pneumonia. It
should be borne in mind that pneumo-
nia is a germ disease and breeds in the
throat. Chamberlain's Cough Remedy
is an expectorant and cleans out the
germ laden mucus and not only
cures a cold but prevents its result-
ing in pneumonia. It is pleasant to take.
Children take it willingly.—Advt.

ed to her home by illness the past

ELINOR GLYN PRAISES HEROINE AND HERO

"An ideally attractive heroine and
hero!"
Thus does Elinor Glyn, famous
British novelist, characterize Gloria
Swanson, the star and Rodolph Valen-
tino, leading man in "Beyond the
Rocks," a superb Paramount feature
which comes to the Princess theatre
next Wednesday and Thursday.

Madam Glyn made a rush trip from
Europe to Hollywood in twelve days,
for the purpose of aiding and assist-
ing director Sam Wood in the making
of the new picture, which was adapted
from one of her most popular novels.
"It seems so good to see you all
again—after the many pleasant mem-
ories of 'The Great Moment,'" smiled
Miss Swanson. It will be recalled
that that picture was also based on
one of Madam Glyn's stories.

The noted novelist remained on the
set every day until the picture was
completed, giving many valuable sug-
gestions drawn from her knowledge
of the places and people concerned
and from the fact that she, being the
author, had visualized exactly the
characters she had drawn.

Miss Fern Klingler is spending a
few days at the home of her parents
Mr. and Mrs. Chris Klingler.

Spring Styles in Women and Misses Coats, Capes, Wraps and Dresses

Are now coming on every train. We think we have been more
careful than ever in making this seasons selections for this depart-
ment. The styles selected and the materials used in the garments are
same as are being offered by the best stores in the country. Our
prices are positively lower than city stores can afford to name as
selling expense and over head is only a fraction of theirs and
this reason our prices can be lower and still leave us our profit.
You'll find no better looking garments anywhere than we'll ar-
rive this season. You are invited to see these garments as they arrive.
