ely Discussions of various
that may interest you.

"BILL"

only more people could have
of Warden Hulbert talk to two
"w-paper men" in a meeting
would not be the feeling that is
at about town. Why I say that,
cause we all know what the sent-
ence of the people are. But the
idea would have killed any such
if you could have heard him.

ollow Mr. Potter and myself for
next year and a half" that is what
asked. There is indeed no need
sobbing and quitting. A quitter
the smallest person in the world
nd he knows it. Instead of quitting
t's all get ready for a big boom. It's
out due to come and when it comes
t's be ready for it.

Chelsea may be sorry to lose the
Michigan Portland Cement Co., as an
industry, but according to the Warden
ne state will run the plant on a much
arger scale, with large production
and all that goes with it.

This will not be immediate, and that
is why he asks us to follow him for
the next year and a half. But when
one considers that with a larger indus-
try with us, whether it be state or
private, it will not matter. No matter
how far the Warden may extend the
industry, it cannot be completely oper-
ated by prison labor any more so than
can the prison itself.

The larger and greater the industry
the more people it will require outside
of the prison labor. As Mr. Potter
iterated the process of manufacture,
he told how the product was handled
but once by human hands from the
time it was started in the plant until
it reached the car for loading. The
only time the cement is touched by
human hands is from the end of the
conveyor belt at the car to the ends
of the car. Think what that means.
It means skilled labor practically
throughout the entire plant.

When prison labor is used it means
that guards and keepers must be on
duty at all times to watch. This
means employment. The Warden was
extremely interested in having the
people of Chelsea know that the hav-
ing of prison labor near at hand will
in no way be a detriment to the com-
munity, and that Chelsea will not be
bothered by these men in any way.
They will be kept at the dormitory to
be built at the plant and will not be
roaming the streets of Chelsea or any-
where in this vicinity.

This will no doubt be a relief to the
minds of many women who have been
having all sorts of visions of various
things for the village.

But to get back to the first idea;
there is no need for anyone to feel
that Chelsea has been struck a bad
blow, in reality, it looks like an asset
for the community. But if Chelsea
men are desirous of doing something
why not organize now and see what
can be done toward bringing industry
to this place. Organization and united
effort is the only way to do it. If you
will organize there are many here who
will be glad to extend more than a
helping hand but will go into it with
body and soul. Express yourselves and
then let's get together and see what
can be done.

We saw a good one in an Ann Arbor
paper, about one Bird gets its Crumb.
Miss Alta Crumb was married to Geo.
Bird in Berrien Co., Mich. That's al-
most as good as Miss Stein, marry-
ing Mr. Beer.

One runs across lots of extremely
"finicky" people in this world and we
have heard about the stingiest person
they know. We have a pretty good
example of it right here, when a hus-
band won't take a paper for his wife,
when she desires it, although he has
no obvious reason for objecting. It
isn't the price, because he gives that
much away every now and then. What
can the reason be?

SEVENTEEN MILLION

CARS IN 1924

By January 1 the world will have
in operation 17,000,000 automobiles,
passenger cars and trucks, according
to an estimate by M. H. Hoepfi, chief
of the automotive division of the De-
partment of Commerce. Of that total,
1,000,000 will run in the United
States, about one to every eight per-
sons, whereas in the rest of the world
the proportion will be about 1 to 112
persons. The number of cars in op-
eration is expected to show on Janu-
ary 1, 1924, an increase of 17 per cent
over January 1, 1923.

UNIVERSITY CONCERT COURSE
TO GIVE TWO MORE NUMBERS

Two more concerts will be given un-
der the auspices of the University
School of Music before the end of the
year. Both are of much interest and
could appeal to the music loving
public of Ann Arbor.

The next concert will take place
Wednesday evening, December 12,
at 8:15. Mr. George Oscar Bowen,
head of the Public School Music De-
partment will direct the High School
Chorus of several hundred voices in a
performance of Handel's ever attract-
ive Messiah. The High School Chorus
under Mr. Bowen's guidance has made
an excellent impression in its various
public appearances. On this occasion
the solo parts will be taken by Mrs.
William Wheeler, soprano; Miss Doris
Howe, contralto; Mr. William Wheel-
er, (tenor); and Mr. R. Winfield Adams,
baritone. Mr. and Mrs. Wheeler are
from the faculty of the University
School of Music and Miss Howe and
Mr. Adams are among the school's ad-
vanced students. No admission charge
will be made for this concert.

On Sunday afternoon, December 16,
at 4:15 Mr. George Oscar Bowen,
head of the Public School Music De-
partment will direct the High School
Chorus of several hundred voices in a
performance of Handel's ever attract-
ive Messiah. The High School Chorus

Mr. Adams are among the school's ad-
vanced students. No admission charge
will be made for this concert.

OBITUARY

MRS. CHARLOTTE ALLEN

Charlotte Elizabeth Allen was born
in Ridgeway, Lenexa Co., April 28,
1849, and died at her home at North
Lake, November 30, 1923, at the age
of 74 years and 7 months. She was
united in marriage to Loomis W. Al-
lyn of Lyndon township December 18,
1877. To this union were born two
children, John B. and Arthur L. Allyn
of Lyndon township.

The deceased became a member of
the North Lake M. E. church early in
life and has always been loyal to her
church and to her God. She possessed
a bright and sunny disposition and
in times of trouble was always ready
with a cheering word and a helping
hand.

She leaves to mourn her loss three
daughters and one son, Mrs. Katie I.
Smith of Corning, N. Y., Mrs. Lola
B. Schultz of Ann Arbor, Mrs. Oro B.
Reinhardt of Seio township, and Ar-
thur L. Allyn of Lyndon township,
and two sisters, Mrs. Mattie Holt of
Howell, Mich., and Mrs. Sarah Pyper
of Unadilla, Mich., and fifteen grand-
children and four great grandchildren,
besides a host of friends to whom she
had become greatly endeared.

The funeral was held from the
North Lake M. E. church at two
o'clock on Monday afternoon, the Rev.
Lee Hagle officiating. The floral of-
ferings were profuse and beautiful.
The burial was made at Oak Grove
cemetery at Chelsea.

CHRISTIANA C. HAAB
IS DEAD AT FREEDOM

Mrs. Anna Christiana Catharine
Haab of Freedom township, wife of
Frederick Haab, died Monday night
in Ann Arbor. She was the daughter
of the late Mr. and Mrs. John Schnei-
der.

Mrs. Haab was born in Freedom
township April 18, 1853, and was mar-
ried February 11, 1904. She is sur-
vived by her husband, two daughters,
Alice and Lydia of Freedom; two
sons, Lawrence and Edwin, also of
Freedom; two sisters, Meta and Mrs.
Samuel Gross of Freedom; three
brothers, Edward of Freedom, Julius
of Lodi, and Theodore of Ann Arbor.

Mrs. Haab was a member of Thom-
as Lutheran church of Freedom and
of the Ladies' Aid society of that
church.

Funeral services were held Thurs-
day afternoon at the residence and
from the Thomas Lutheran church.
Rev. J. A. Kempf officiating. Interment
was made in Thomas cemetery.

MILK DELIVERY COST
CUT BY HARD BOARDS

Bureau of Public Roads Publishes
Statistics

The Bureau of Public Roads, De-
partment of Agriculture, has made a
study of the effect of highways on
milk distribution, the result of which
emphasize that good roads lower milk
hauling costs, that with the spread of
good roads, milk hauling by truck be-
comes larger each year, and that the
motor trucks adds yearly a greater
proportion of dairy products to the
total hauling done by it in behalf of
farmers.

Studies in the "Baltimore milk
shed" shows that farmers on improved
highways in this area pay 3 cents a
gallon for hauling milk, on the aver-
age haul, while the farmers on the
unimproved road pays half a cent
more.

LETTERS TO SANTA

Chelsea, Mich., Dec. 5, 1923.

Dear Santa Claus:

Will you please bring me a pop gun
and a trombone and a book and I also
have two brothers. Ralph wants a pop
gun and some building blocks and a
book. Meynerd wants a duck with
wheels on it and a book and we all
would like a box of candy and nuts
and oranges.

Donald John Osterle.

Chelsea, Mich., Dec. 5, 1923.

Dear Santa:

I have tried to be a good girl and
wipe the dishes for mother. Now will
you please bring me a story book also
bring me a pop gun and will you bring
board and set of dishes. Some Candy
and nuts. With love from

Doris Bearhower.

Dec. 5, 1923, Chelsea, Mich.

Dear Santa:

I have been a good boy, only I am
full of tricks. I do what mother tells
me to do only some times she has to
tell me two or three times. But will
do better next year. So will you
bring me a pop gun and will you bring
my sister Doris a sled as she is al-
ways teasing for my sled, also bring
a foot ball, and a game of uncl-
wiggly, will close for this time.

Darwin Bearhower.

Chelsea, Mich., Dec. 5, 1923.

Dear Santa:

How are you. I am fine. And hope
you are the same. Well all I ask
for is a big Doll and a Doll cab, or a
little push cart.

I have two little sister and one is 3
years old the other is 5. And they
both want a Doll. well this is all we
want for this year unless you want to
give any more to us that would be
all right.

Good Bye Dear Santa C.
From Loretta E. Shane.

STREET Luchama.

Chelsea, Mich., Dec. 4, 1923.

Dear Santa Claus:

I'm writing you a letter I had be-
good I help man and Marchella help
a little and Elsie help a little and
Opel is a good and valoris good to
and Winton is a little good, and he
want a hiele and Marchella want a
big doll 20 in and I want a big doll
21 in and Opel want a big doll 20 in
and Valoe want a big doll 22 in and
Elsie want a doll 18 in.

to Santa Claus from

Mary Combe.

Chelsea, Mich.,
Dec. 6, 1923.

Dear Santa Claus:

I would like a toy sewing machine,
a doll's cab, a sweater, a pair of shoes
and stockings and also some candy
and nuts. Be sure to visit the homes
of all poor children so will close with
love, from

Anna H. Goides

3925 Lawton Ave.

Dear Santa Claus:

I am going to school every day
when I am not sick. I am a pretty
good girl. I help my auntie with
work. I have almost everything. But
I would like a pretty book so I could
read when I get my Christmas pre-
sents finished. Get me what you think
is good for a little girl 8 years old.
That is about all but don't forget to
leave a Christmas tree, fill my stock-

TRIBUNE SMILES

The average man spends more
money on a foolish habit than he
does on his wife's hats.

It's an unlucky bride who is not
well groomed.

The world will not grow much bet-
ter until the ancient custom is re-
vived of cutting out the tongues of
gossips.

Who remembers the ancient slang
expression, "over the left," and what
it meant?

People who succeed never complain
about never having "had a chance."
They specialize on making chances.

No man admires a doctor's gener-
osity in prescribing doses.

Beware of the man who is envious
of the happiness of others.

Babies and pianos cause a lot of
trouble because people refuse to let
them alone.

The man who constantly complains
that he is being robbed, is open to the
suspicion of being a robber.

CONGREGATIONAL FAIR
IS GREAT SUCCESS

The chicken pie supper and bazaar
given by the Congregational church
Guild Thursday evening was well at-
tended and was a complete success,
over 500 were fed and with the articles
sold from the attractive booths,
and the fish pond, the Guild netted
over \$300.

ings and also don't forget my sister,
daddy, and the people who take care
of me.

Love to you Santa

Ruth Barry

Dec. 14th 1923

Dear Santa Claus,

Are you coming to see us this year.
Will you bring me a book to read and
I do not want a buggy I want a mame
doll and I want a box of candy and a
box of candy. Mother said that I was a
good girl and some thing for Bernice
Tuttle I am a little girl 7 year old
box 31 Chelsea Mich.

KIDDIES. HAVE YOU
WRITTEN TO SANTA?

You better get busy before it is
Too Late.

The time is getting close for
Santa Claus to make his annual
trip over the world, and if you
little folks have not written
your letters to him as yet, you
can do it now.

Write and tell him what you
want, also how good you have
been and what you have done.
Write your letters and send
them to Santa Claus, care of
the Chelsea Tribune, and we
will see to it that he gets a
copy of the paper with your let-
ters in.

Write now and send it to
Santa Claus, care of the Che-
lsea Tribune.

FORMER RESIDENT C. E.
DEPUY DIES SUDDENLY

Word was received in Chelsea Mon-
day announcing the sudden death of
a former resident of this village, C. E.
DePuy aged 65 years at his home in
Pontiac. He was taken ill while attend-
ing a bank directors meeting and
passed away shortly after reaching
his home. Mr. DePuy was a resident
of Chelsea for a number of years,
going from here to Stockbridge where
he was engaged in business about 30
years prior to moving to Pontiac.

He is survived by his wife, one son,
Lawrence of Pontiac and one daugh-
ter, Mrs. Olive Wagstaff of Chicago.
The remains were brought to Che-
lsea Wednesday afternoon and placed
in the DePuy vault in Oak Grove cem-
etery by the side of his first wife who
died about 40 years ago. Rev. C. S.
Riley conducted the burial services.
Those from out-of-town who attended
the funeral were: Mrs. A. R. Welsch,
E. E. Welsch and O. J. Beaudette of
Pontiac, Miss Mattie Stinson of Lan-
ging, Mrs. Olive Wagstaff and her
hand, Mr. and Mrs. Wagstaff of Chi-
cago, Mr. and Mrs. G. Dancer, Mrs.
Vera Holt and Mrs. West of Stock-
bridge.

DOUBLE CHRISTENING IN
FORD CAR FAMILY BRINGS
TWO NEW NAMES

Detroit, Mich., Dec. 6. There's been
a double christening in the Ford car
family.

When the newest member, a smart
sedan with two doors, arrived on the
scene, announcement of which has
been but recently made, there came
with it the question of a name.

For several days the folks just
couldn't decide what to call the baby
of the family until, from quite an un-
expected source, there came the happy
suggestion:

"Let's call it Tudor."

And Tudor it was christened, a
name quite in keeping with the aris-
tocratic appearance of the new car.

"How about re-naming the other
sedan?" some one asked and this re-
plied:

"We might call it the four-door Ford
or Ah, that's it! For - or Fordor.
Simple and expressive isn't it?"

So we have two Ford cars with
brand new names, the Tudor and the
Fordor.

Two Sisters Married to
Brothers at Same Time

St. Louis, Mo. Two sisters were
married to brothers here recently. In
the presence of two sisters of the
brides, who had married brothers, and
a brother of the bride, who had mar-
ried a sister of the other brothers.

Miss Cecelia Frode became Mrs.
Charles E. Blum and Miss Clara Frode
became Mrs. Vincent Blum. Seven
years ago Miss Rose Frode and Fred
Wahlberg were married, and a year ago
Miss Frances Frode and Anthony
Wahlberg were married. Four years ago
William Frode married Miss Louise
Wahlberg.

Uses for Hairpins

Reinforcing broken cables.
Mending the leather on belt.
Repairing battery terminals.
Attaching links of the mud
chains.
Cleaning dust and dirt from
clogged oil holes.
Wiring metal parts together
to keep from rattling.
The curved end, applied to
cuts in the tire, for removing
foreign substances.

Michigan Portland Cement Plant
Becomes State Industry

Five Year Lease—\$75,000 a Year.

PRISON LABOR WILL BE USED,
PRODUCTION TO BE IN-
CREASED.

Regular Staff of Employees Will Be
Retained As Far As Possible

Through the action of the State Ad-
ministrative Board the Michigan
Portland Cement Co., of this place,
has been leased by the state and will
be operated as one of the state in-
dustries to supply the cement used
by the state principally for highway
construction. The deal was closed
Wednesday evening.

The lease as signed by members of
the Administrative Board was that
the annual rental of the plant would
be \$75,000, with the rental to apply on
the purchase price of the plant of
\$500,000 if the state should decide to
buy after the first three years the
rental will not apply on purchase.
The state will also take over all
stock such as clinkers, stones, coal,
sinks, repair parts etc. at inventory
costs, which is estimated at about
\$150,000.

The plant up to December first
shipped 576,000 barrels of cement this
year, after a partial shut-down in
January and February. The present
capacity of the plant is about 60,000
barrels of cement a month.

The action of the Administrative
Board which consists of Geo. Alex J.
Crosscheck, chairman, Sec. of State,
Charles J. Del and State Treas. Frank
E. Gorman, Sup't. of Public Instruc-
tion, Thomas E. Johnson, Auditor
General, Oramel B. Fuller, Atty. Gen.,
Andrew D. Dougherty, Highway Com.,
Frank F. Rogers is deemed an excep-
tional one, because of the location of
the plant and its establishment.

New Plant Would Cost One Million

According to N. S. Potter Jr., pres-
ident of the company, a plant similar
to the one at Four Mile Lake would
cost at least one million dollars to
construct and it would take the state
at least a year before production
could be started. Considering this it
will mean that the state has a decided
benefit in taking this plant as there
will be no delays for production. The
state took over the industry as of
December 1st.

Company Organized in 1911

The Michigan Portland Cement Co.
was organized by N. S. Potter Sr., in
June 1911, and was started the same
month. He acted as president of the
company until his death last June,
when he was succeeded by his son N.
S. Potter Jr. When the plant was
first opened it was operated on marble
from the adjacent lake. In 1916 the
plant was rebuilt and clay and stone,
which was shipped from Roger City,
and used in the manufacture of the
cement.

N. S. Potter Sr. also started the
Peninsular Cement Co., of Cement
City in 1901, and was a director of
the company until death. His son was al-
so a director in that company until
last June. N. S. Potter Jr. got his
first job in the cement industry as a

PROMPT LEE HIGHWAY
CONSTRUCTION ASSURED

Great "Main Street of Nation" to be
Ninety Per Cent Improved

The Lee Highway, from coast to
coast, is included in the Federal aid
projects, which will develop seven per
cent of the existing roads of the coun-
try through cooperation between Na-
tion and States. It is classed as a
"main street of the Nation" by the
U. S. Bureau of Education, which
thus denominates such roads as the
Lincoln Highway, the Dixie Highway,
the Old Spanish Trails, and the Lee
Highway.

In dedicating the Zero Milestone
President Harding said: "There is no
other reason why this particular loca-
tion should have been chosen for our
'golden milestone.' It marks the ap-
proximate meeting place of the Lin-
coln Highway and the Lee Highway;
of the northern and southern systems
of national roads.

chemist at Stroh, Ind., with the Wa-
bach Cement Co. He has been con-
nected with the cement industry for
the past 20 years.

Prison Labor Guarded At All Times.

Warden Hulbert in commenting
upon the taking over of the industry
was especially desirous of having the
people of Chelsea know that the pri-
soners that will be at work at the plant,
numbering possibly 80, will in no way
be a detriment to the village. They
will be behind double wire barriers
and will be guarded at all times.

The Warden stated that there will
be no prisoners brought to the plant
until suitable dormitories have been
erected and fences built. The dormi-
tory as planned will be 38 by 200 feet.
The prisoners will be under control of
an assistant deputy and guards and
keepers.

To Retain Present Staff.

Warden Hulbert also stated that
practically the entire official staff of
the company will be retained. N. S.
Potter Jr. has been appointed Asst.
Manager of the plant under the direc-
tion of Warden Hulbert. L. L. Griffith
will remain with the industry as office
the other foremen and employees will
be held either in their present capac-
ity or as instructors. J. P. McCarthy
will remain with the industry as office
manager.

The state in taking over the cement
plant will benefit all because of the
greater volume of business that they
will carry. The plant will run at ca-
pacity at all times, and during the
winter months the cement will be
stored so that there will no longer be
the strain at the time of heaviest con-
sumption.

The state will use about 2 million
barrels of cement next year. Accord-
ing to figures from the state geologi-
cal survey there were 5,029,000 lbs.
of cement used in Michigan this year
to October 31, and in the same time
there were 5,266,000 barrels produced
in the state.

Will Not Be Competitive Industry.

The leasing of the plant at Four
Mile Lake is considered a wise move
by the state officials, in that it will
not materially increase the production
of cement in the state, and at the
same time it will eliminate having the
state go into direct competition with
other cement industries. There is
enough cement produced in the state
to care for the present needs.

Another factor that played an im-
portant part in the leasing of the
Michigan Portland Cement plant was
its ideal location for handling distri-
bution throughout the entire southern
portion of the state. Located on the
Michigan Central R. R. it is easy to
ship the cement to any part of south-
ern Michigan.

Warden Hulbert expressed himself
as being highly pleased at the leasing
of the plant and exceptionally glad to
have a state industry in Chelsea. His
words were: "Follow Mr. Potter and
myself for the next year and a half
and you will see what a good thing
this means for Chelsea."

button in the White House and un-
veiled the Pacific Milestone in San
Diego, Calif., the message he sent out
said: "Lee Highway Association has
done a work of national unification in
opening up this route between the Na-
tional Capital and southern California.
The monument may well be dedicated

to the purpose of marking the meet-
ing place of this splendid highway
with the water of the Pacific, in the
hope that it may hasten the coming
day of a perfected system of highway
communications throughout the entire
Nation."

One hundred and eighteen Federal
aid projects are now under construc-
tion or in the preliminaries between
Washington and San Diego, calling
for the construction of twelve hun-
dred and eight miles of road and the
disbursement of over twenty-two mil-
lion dollars. When that work is fin-
ished the Lee Highway will be 53 per
cent pavement, 30 per cent modern,
light-surfaced roads, and 7 per cent
natural good road across Western
Plains, which will make it 90 per cent
a good tourist route, leaving only 382
miles of little improved road, but of a
total of 3,820 miles.

LEAVE FOR CALIFORNIA

Louis P. Klein and Henry Pierce
left Thursday afternoon for San
Diego, Calif., where they will spend
the winter months. They are making
the trip by auto and will take the
southern route.

Plant a garden in the back yard.
You may raise a few dollars.

OUR POLICIES

Let us all get together for a bigger and better Chelsea.
A sewerage system for Chelsea.
A building program that is bound to build.

IN RADIO DAYS.

Ahoy, there, DX! This is the Fiji islands, city of Suva, speaking. We just picked up one of your magazines and notice a serial story that pictures us as a country raving with man eating cannibals.

This is news to us. The wildest things we've noticed lately are the Fiji Boy Scouts. They put on quite a show at government house grounds the other night.

In our police court here—yes, we have a police court—this month's most exciting case concerns an Indian woman named Malowa. She was charged with stealing a can of talcum powder—shoplifting—from the store of Stuart Ogilvie, Ltd.

As for the wilder parts of our country, Leketu and Drekoti report nothing more exciting than widespread stealing of coconuts, which are disposed of through Chinese storekeepers who act as "fences." One owner of a plantation, raided in moonlight by Fijian boys, writes indignantly to the local newspaper: "It may appear incredible, but it is nevertheless true that, here in Fiji, property is not safe. The much coddled Fijian is completely out of hand."

The famed headhunters in the island of Iazow now sell picture postcards instead of chasing visitors with a bolo. From the far north came word recently that the Eskimos prefer Harry Lauder on their phonographs. Americans are building a chain of giant steel towers, for radio, in China.

Ships get their bearings by radio. "Metal Mike," a gyroscopic machine which keeps a ship in a straight line without being touched after the original adjustment, has just completed successfully a trip to Europe on the liner President Adams.

Goodbye, romance! The job of making the world dull and monotonous is about completed.

NATURE'S ADAPTATION.

Trees shed their leaves in autumn to adapt themselves to winter drought rather than to winter cold. Trees could easily grow a protective covering or overcoat for their leaves. But water freezes in cold weather and not enough being available for leaves, the trees shed the leaves.

A similar shedding takes place in tropical regions having alternate wet and dry seasons.

Also, the scarcity and small size of trees in the far north are due to moisture shortage rather than low temperature.

These facts are from a lecture by Prof. George E. Nichols.

Trees have a phenomenal ability to adapt themselves to their environment. A beech tree growing in a clearing has plenty of light but less water than it would have in moist woods. So it increases its water absorbing roots and grows thicker "skin" on its leaves to decrease the amount of water lost by transpiration.

Now take a beech tree growing in dense forest. It has plenty of water, but not enough sunlight. To overcome this difficulty, it stretches higher, trying to rear itself above the other tree tops. Also, it makes its leaves larger, which increases the leaf surface to the sun's light.

A million books could be written, without any repetition, about the ability of plant life to adapt itself to its environment. So with man. It is within our power to adapt ourselves to all changing conditions and new problems. The wise are never discouraged. Knowing a solution exists, they seek and usually find it.

GONE IS THE IRON HAT.

On Fifth avenue, New York, it looks as if the derby hat has gone out of style. "Soft" cloths are favored by the men. They want comfort. Gone is the "iron hat" that checked circulation in the region of the scalp. Gone is the starched collar, injuriously pressing the vulgar vein and neck arteries.

When we look at the easy, comfortable and healthful garments worn these days by men and women, we can't be convinced there isn't an undercurrent of sound sense.

GOOD TO HEAR

The medical profession has made as much progress in the last 23 years as in the last 26 centuries, claims Dr. Charles H. Mayo, the famous surgeon.

Technically this may be so. A similar claim can be set up for most professions and trades. But what really counts is spiritual progress, and no one claims decided gain in this direction. Rather, the world has been going backward.

WOMEN SELDOM "THE GOAT."

Why are women so seldom "the goat" in funny pictures and cartoons? Captain Bruce Bainsfather, comic artist comments: "You can't get a woman into as many things you can get a man to do and the recent emergence of her sex on an alleged equality with man makes very little difference."

We wonder whether intelligence or instinctive caution is responsible for women avoiding ridiculous situations more than men.

Next thing to perpetual motion is a boy refusing to study. Mr. Weisendanger is in jail in Lodi, Cal., showing he was not what his name implies.

Dinosaur bones are great big things so rheumatism must have been terrible in those days.

Movies are popular because actions speak louder than words.

WHISPERS

Uncle John's Joke

THERE'S ALWAYS GOT TO BE A CERTAIN AMOUNT OF COOPERATION WHEN A WOMAN'S MAKING A FOOL OUT OF A MAN!

Yep! Fall Has Come.

Ed Purdy has just slipped over his first annual prediction of a hard winter.

What Makes Bums Cross.

Hot cross bums; hot cross bums. Gotta go to work. That's why they're hot cross. Hot cross bums.

Height of Irony.

To put new bumpers front and rear then to turn your radiator against a high truck.

The European Situation.

We might say—there's plenty of preparation but no reparations.

Reasonable.

Sign near a railroad crossing to warn autoists: SAY IT WITH SAFETY—AND SAVE THE FLOWERS

Right Back at Him.

Scientific Young City Man: "Yes, siree! The time will come when you'll be able to carry all the fertilizer necessary for an acre of ground in one vest pocket."

Old Farmer: "Yep—and the crop in the other."

Safety Deposit.

Bobby: "Grandma, can you break nuts with your teeth?"

Grandma: "Why, no, Bobby!"

Bobby: "Then keep these for me while I go out to play."

Poor Thing.

Proud Father (showing baby): "And do you think he looks like me?" Visitor: "Why—er—I'm afraid he does."

Two Extra Cylinders.

Motorist (just learning to drive, to friend in his new car): "What's that? Do you hear those cylinders knocking?"

Timid Companion: "It's not the cylinders, it's my knees."

Disadvantages Too.

Fine Feather showed life enough to remark: "The feller ridin' a high horse gets a big fall when he flops."

Practice Makes Perfect.

Flapper: "Reggie proposed to me last night."

Lipper: "Doesn't he do it beautifully?"

Human Radio.

Doctor: "You see, even the electricity in the air affects your system."

Patient: "Quite true, doc, there are times when one feels over-charged."

And He Did.

Bad-looking Tramp: "Have you ever seen a murder?"

Native: "Waal, no, and I never want to."

B. L. T.: "Well, hand out your wallet and you won't."

Horse Stall Habits.

St: "Why did Miss Mabel stop keepin' company with the hired man?"

St: "Waal, you see, when he proposed to her—he opened her mouth to look at her teeth."

Two thousand aristocrats of the hen houses of Michigan were shown at the state poultry exposition under the auspices of the West Michigan Poultry association and the Michigan Poultry Producers' association held in Grand Rapids. Conventions of the Michigan Poultry Producers' association, the Michigan Rhode Island Red club and the West Michigan Poultry association were held during the show.

The last lap of the West Michigan Pike road, running from the village of Ida to the Ohio state line, has been completed and has been opened to light traffic. The road, which runs through the villages of Ida and Tomperance, is 12 1/2 miles long. It is 18 feet wide, built upon an old roadway, on a four-inch macadam base and eight-inch concrete slab.

The laying of concrete of the Ida-Bedford road, running from the village of Ida to the Ohio state line, has been completed and has been opened to light traffic. The road, which runs through the villages of Ida and Tomperance, is 12 1/2 miles long. It is 18 feet wide, built upon an old roadway, on a four-inch macadam base and eight-inch concrete slab.

These presidential booms you hear are caused by log rolling.

PEGGY'S CORNER

Address all communications to Peggy, care of the Tribune.

Apple Sauce Cake. One cup and a half apple sauce, one cup sugar, one half cup shortening, two cups flour, two tea spoons soda and a little warm water, one cup chopped raisins, cinnamon and cloves as desired.

Look out for the flame next spring, with some designs. If it doesn't return as fully as ever, at least it may be noticed in modified form as a reflection against and rising up the chimney silhouette.

The Sleeveless pajama is a novelty in lingerie and a very close round neck line is favored.

Potatoe water applied on a soft cloth is excellent for cleaning spoon and knife—that become discolored.

Good Form.—Candle light is pleasant in the dining room than the glare of electricity or gas. At a large formal dinner the plates are served in the pantry, but at a small more informal affair the host serves the fish and carves while the hostess serves the soup, salad and dessert, pours the coffee. What ever the light it should be shaded.

General Beauty and Care.—Excessive dryness of the skin of the feet is not a normal condition and this symptom often accompanies foot ache from no apparent cause. Nervous over-sensitive feet are much benefited by a regular massage following an evening footbath. Sensitive feet are generally more comfortable within a soft cotton stocking than in one of hile or silk. White stockings are preferable to colored and new colored stockings should always be washed before they are worn.

How boys and girls' club work acts as a stimulus to higher education is shown by figures compiled by R. A. Turner, state club leader. In the entire student body at M. A. C. 130, or 8.4 per cent are former club members. Evidently the percentage is increasing, for 7, or 10.7 per cent of this year's freshman class have been in club work. Twenty-one of the 130 are seniors, 26 are juniors and 27 are sophomores.

A large increase in shipments of both apples and potatoes on the Mackinac & Northwestern railroad over last year has been reported by Mackinac headquarters of the road. Reports show that 188 carloads of apples already have been loaded at the various M. & N. E. stations. The season's total has been estimated at about 225 cars. At the close of the 1922 season December 12 only 133 cars had been shipped.

HELPFUL HINTS

Mrs. Housewife: This newspaper still publishes "Helpful Hints" in this form at regular intervals. We suggest you clip this column and paste it in your recipe book.

Removing Wall Paper.—In removing wall paper first wet it all over with a thin paste made of flour and water. When it has dried, the paper will shrink and may be pulled off in strips.

Straw Matting.—If one finds the necessity to lay straw matting in corners it can be done very easily if a brush is dipped into a pail of water (from which a cup of salt has been added) and thoroughly wet the straw.

Shoe Economy.—When taking off shoes, use the hands and not the feet. When putting them on use a shoe horn. They will last much longer.

Gasoline.—Gasoline which has been used for cleaning an article may be used again and again if when soiled, it is filtered through filter paper which can be purchased at any drug store.

Steaming Velvet.—A piece of velvet that needs the nap raised may be made to look almost new if this simple process is followed. Hold the wrong side of the velvet taut over a pan or kettle of boiling water. Then hang in a shady place and when dry brush with a soft bristled brush.

For the housewife who does her own cooking (and especially for the one who is just starting out), these tables may prove of great value.

PROPER CARE HELPS TUBES TO HEALTH

MARY AND ANNA GAIN 14 AND
10 POUNDS IN FOUR
MONTHS

PREVENTORIUM AIDS CHILDREN

Great Money Is Sole Sup-
ply of the Educational Cam-
paign against Tuberculosis.

Mary and Anna first were
brought to the Preventorium. From
the time they were trail-
led to the institution, their
lives have been under
the most careful and in-
telligent supervision. Their
diet is carefully controlled, and
they are given the best of
medical care. After a
stay of ten months at the
Preventorium, Mary
showed a gain in
weight of 14 pounds and Anna
showed a gain of 10 pounds. They
are now entering the institution, and
are now bright-eyed, rosy-
cheeked little children with health
and happiness showing in every look
and action.

Not only have Mary and Anna re-
covered their health, but they have
also learned how to keep well. They
think that the lesson was worth
learning. At this time of the year
Christmas deals are sold all over the
country in order that more people
may be benefited as Mary and Anna
were. Every real bought helps to
finance the educational program that
has already caused preventorium and
sanatoria to be erected for the care
of Michigan's tuberculous ill. Tub-
erculosis killed 2,654 Michigan people
in 1922.

Christmas seals are now on sale
in every community of the state.
Every person who buys seals helps
finance Mary's and Anna's regain
of health, and perhaps even helps to
keep them from the final clutch of
tuberculosis. Isn't it worth while?

Bridal Ship Reaches U. S. in Record Time

New York. Although she had the
harshest weather conditions to
fight with, the Scandinavian Amer-
ican liner, Eschscholtz, VII, a tabulated
record for speed between Scandinavia
and the United States, her commander
said today, the vessel docked recently
at 11:15 a. m.

After spending to her com-
mander, Capt. Friedrich Moenchmann,
most of the trip in bitter chills from
Cherbourg, and ten days from Copenhagen.
The vessel, normally takes
10 days to eleven days.
Capt. Moenchmann said he had
not lost a single passenger when
the ship was hit by a gale. At times he
said the wind blew six miles an hour
and mountainous waves swept the
hull. Among the 874 passengers
were 37 Danish and Norwegian "plea-
sure boaters." Many of the prospective
bridegrooms met them at the pier.

WATERLOO

Rev. Adams and family spent last
week Friday and Saturday at St.
John's.
Mr. and Mrs. Lloyd Barker enter-
tained twenty-one on Thanksgiving
day from Lansing, Esherville, Stock-
bridge and Jackson. Mr. and Mrs.
Anna Barker entertained their eight
family on Thanksgiving day. The
family was present from Jackson
and Stockbridge.

Mr. and Mrs. Arthur Wade spent
Sunday at Walter's.
John Prouty is working in Chelsea.
Mrs. Eva Barker is with her sister
in Howell.

Mrs. Elsie Rindholm is ill again.
To avoid confusion about the time
of the conference at the church,
please notice the following: S. S. at
10:30 and church at 11:30 next time.
You are cordially invited to services
every Sabbath.

M. and Mrs. Paul Berman had as
their guests Sunday: Paul Schulte of
Chelsea, Mr. and Mrs. Walter Harr-
ington of Chelsea.

The Rowe family entertained on
Sunday. Mr. and Mrs. Foster Rowe,
and Mr. and Mrs. Beryl Smith and
two children of Stockbridge.

Mrs. Clara Dean of Stockbridge, is
visiting Mrs. Jane Cooper.

Frederic Rowe is helping Harry For-
ster in Chelsea.

The annual church fair will be held
in the new Glenier hall Friday eve-
ning, December 14th. A chicken pic-
nic will be served at 6 o'clock.
Donations gladly received. Come one,
come all and make this the best fair
we have had.

AUTOMOBILE FUNTS

Moisture gathering on the exposed
part of the porcelain of the spark
plug will often cause irregular firing.

In fitting a spark plug in a cold en-
gine be very careful not to screw it
too tight.

The city of New York is building
a garage and motor repair shop, cost-
ing \$3,500,000.

The wheels of a car should be
jacked up and tested periodically, not
only for smoothness of running but
for side play as well.

Notes in the driving novels of the
rear axle is commonly caused by poor
adjustment, allowing too little or too
much backlash.

Just a Comparison

What would happen to the
engineer of a locomotive
if he were discovered sitting
at the throttle with a pet dog in
his lap, adjusting his glasses
with his hands and reading the
billboards along the way—
while traveling 40 miles per
hour?

If he took his twelve-year-old
boy along with him on Sundays
and permitted him to run it?

If he discussed his golf score
with the fireman and missed a
number of signals along the
way, even though "nothing hap-
pened"?

He'd lose his job. If not his
life. But the "engineer" of a
motor car is supposed to be
"efficient." He is excused on
grounds that he ought to know
better.

Gifts

This is a Jewelry Christmas

There is a gift of jewelry for everybody—man, woman or child
and nothing else. In fact, no Christmas is a well selected gift
of jewelry from Kantlehner's. My Christmas stock is complete.

Give Jewelry This Christmas

Diamonds, pearls, watch cases, pearl beads, ivory goods, cut
glass, silverware, in fact anything that is to be found in a first-
class up-to-date jewelry store.

Kantlehner's lower prices and large stock makes this store the
Jewelry Gift Center—where Gems and Gold are fairly sold.

AMERICAN LEGION PLAY AT NAPOLEON TONIGHT

The American Legion basketball team will journey to Napoleon tonight where they will play the Independent team of that place. Capt. Munroe expects to be in a tight although he is suffering from a strained leg in the knee. The other men who have been out for practice and who will be taken along are: Ed Schwabach, A. Kaender, E. Ebel, J. Ebel, T. Hesel, Scherdt, R. Mahe, W. Papp, T. Riedel, W. Klingler. The lineup for the game has not been announced yet. A large number of fans are following the team from here.

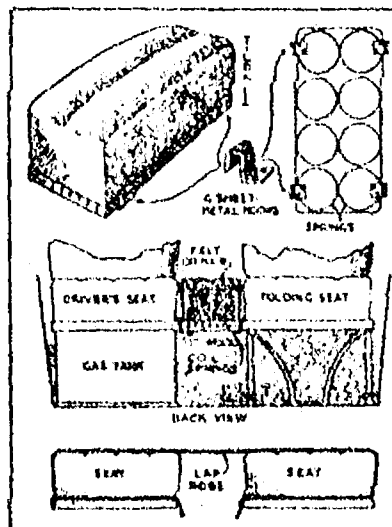

LEGION TO PLAY SALINE MONDAY NIGHT

The first game of a five game series with the Saline Independent will be played on the foreign floor Monday night, Dec. 10th. The Saline bunch have always put out a strong team and from all reports have a good lineup this season. The American Legion team of Chelsea expect to give them a fast run for the high score, and will bring it home if possible.

ADDITIONAL SEAT IS HANDY IN SEDAN CAR

Will Be Found Useful in Certain Kinds of Machines.

In a sedan, where it is often desired to carry a sixth passenger, the addition of a detachable, upholstered seat to fill the gap between the front seats is both convenient and practical. Such a seat may be six inches wide by 14 inches long. The upholstery is about seven inches deep. The base of the seat is of wood, about half an inch thick. On this is placed either five or six coil springs, such as are used in chair construction.

Two Types of Detachable Extra Front Seats Are Illustrated, Which Will Be Found Useful.

tion. A felt or hair pad is fastened over the top. The detachable seat is then covered with the same material used for the interior coverings. The bottom of the seat is fitted with four metal hooks to catch over the edges of the adjacent seats.

In an emergency, the sixth passenger can also be accommodated by means of a robe which is stretched across the adjoining seats and carried under the extreme edges. With the two end passengers seated, he will find the hammock-like robe quite comfortable for riding. Popular Mechanics Magazine.

The village of Harbor Springs has been made defendant in a \$5,000 damage suit instituted by Mrs. Ernest Haynes, of Chicago, as a result of the death of her husband, an inspector attached to the Government weather bureau at Chicago, electrocuted July 26, 1932. While inspecting signals in Harbor Springs tower, displayed for marine information, he came in contact with an electric wire.

A 17-year-old boy, Edward Domke, Jr., of Oshtemo, Presque Isle county, is the grower of some of the finest potatoes in Michigan. Proof of this is found in the fact that he won the state championship of the boys' club work at the State Apple and Potato Show in Grand Rapids in 1932 and the sweetpotatoes prize at the Top O' Michigan potato show at Gaylord this month.

Philadelphia Fined \$5 for Smoking in Court

New York. "Take that cigarette out of your mouth," ordered Court Attendant John Blazer in the Jamaica Magistrate's court. "I won't," responded Rudolph Sheeler, a licker. "I'm here to see Judge Miller. I can smoke in Philadelphia courts, so I don't see why I can't smoke here."

The case was put up to Judge Miller. "It'll cost you \$5 to learn that you can't smoke in my court, no matter what you do in Philadelphia," said the judge. "I won't pay it," said Sheeler, still smoking. "Very well. Five days," said the judge.

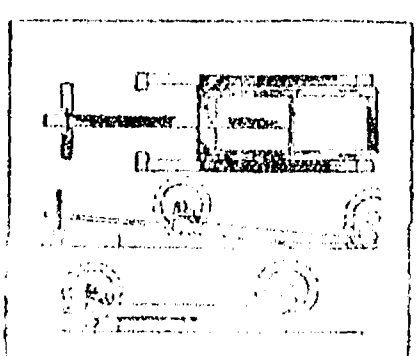

Nephew of Shah Goes to Work in Coal Mine

Norlin. Abolol Abmed, the young nephew of the shah of Persia, has begun work as an ordinary miner in the Quidro mine near Hinderburg, Upper Silesia, for the purpose of learning practical mining engineering so that he can develop the valuable tin, zinc and copper mines in the vicinity of Hinderburg, which have been worked for more than eight centuries in a pre-

PROVIDES SUPPORT FOR CAR

Auto May Be Elevated by Simply Running It Into Cradle Under Its Own Power.

The Scientific American in illustrating and describing a support for vehicles, the invention of J. F. Hamrick of Chubbington, S. C., says: "An object of the invention is to

Vehicle Support for Lorry Jacking Up All Four Wheels of a Car.

provide a support or cradle adapted to support an automobile with the wheels out of contact with the ground, which is automatic in that the car may be elevated by simply running it into the cradle under its own power, the automobile supplying the power necessary to operate the cradle in the elevating operation.

Ordinance No. 56

An ordinance to regulate and control the driving of automobiles, motor vehicles, and other vehicles within the Village of Chelsea.

The Village of Chelsea Ordinance

SECTION 1. No person shall operate an automobile, motorcycle, or other motor vehicle on any street or public highway in the Village of Chelsea, except in accordance with the provisions of this ordinance.

SECTION 2. The driver of any motor vehicle shall observe the following rules of the road:

1. All vehicles shall be driven in such a way as to avoid collisions with other vehicles, pedestrians, or property.

2. Every vehicle shall keep on the right side of the street, except when necessary to turn to the left in order to overtake another vehicle.

3. Vehicles going in opposite directions shall pass each other on the right.

4. Every vehicle operating on a street shall keep to the left of the center of the street, except when necessary to turn to the right in order to overtake another vehicle.

5. Vehicles turning to the left into another street shall pass to the right of and behind the center of the street, before turning.

6. No vehicle shall be driven through a police station except with the permission of the person in charge of said station.

7. A vehicle shall not stop on a sidewalk nor within a highway intersection.

8. No vehicle shall stop on any street, except within one foot of the curb, or in any such way as to obstruct free passage on the street.

9. No vehicle shall make any turn or cross any thoroughfare at a greater rate of speed than fifteen miles per hour.

10. Any person or persons operating or driving any motor vehicle or other vehicle shall, at the intersection of any public street or highway within the limits of the Village of Chelsea, keep to the right of the intersection of the center of such street or highway when turning to

the left. When vehicles approach an intersection of two or more public streets or highways, the vehicle approaching from the right of driver shall have the right of way with the exception of Main street (which is a "one-way" street) where the vehicle approaching from the right of way shall have the right of way.

11. Vehicles moving slowly shall keep as near as may be possible to the curb on the right side of the street, except when necessary to pass to the left.

12. Drivers of motor vehicles, when turning, stopping, backing, or otherwise operating a motor vehicle, shall give notice of such intention with a signal or shall give notice or visible signal of such intention.

13. No vehicle shall turn to proceed in the opposite direction except at street intersections.

14. No vehicle shall stop anywhere in the Village with its left side to the curb, and when any vehicle is stopped it shall be inside the designated parking or waiting area.

15. No vehicle shall remain backed up to the curb anywhere in the Village unless it is actually being used for parking, or in such case no longer than the actual loading or unloading required.

16. Automobiles leaving any public parking place shall stop before crossing the sidewalk line and give proper signal, and the utmost care shall be used in entering the same, specially in such cases may be used.

17. No person while under the influence of liquor shall drive any kind of a vehicle upon the streets of the Village.

18. Not more than two persons shall occupy the front or driver's seat of an automobile, except that a child less than ten years of age may occupy the front driver's seat as a third person, and no person, adult or minor, shall be seated in the lap of the driver, nor shall the driver be seated in the lap of a person when the automobile is in motion.

SECTION 3. It shall be deemed a violation of this ordinance for any person or in charge or control of any vehicle to make with such vehicle or any device connected therewith any excessive noise to annoy the public, or to open the motor on any vehicle or to permit such vehicle or any device thereon to emit smoke, gas or steam within the

limits of any public place in the Village.

SECTION 4. It shall be deemed a violation of this ordinance for any person to hitch onto or put upon or take passage on any vehicle which is passing through or upon the streets in the Village, without the consent of the driver or operator of such vehicle.

SECTION 5. Any vehicle standing at the curb in the congested district shall move away from such curb at the request of the Marshal, or of any member of the Chelsea Police.

SECTION 6. No person shall drive a vehicle in such a way as to drop, shed, place or throw upon any street of the Village any glass, cans, tacks, wheels, scrap of metal or any other substance tending to impair the free use of any automobile, motorcycle, motor vehicle or other vehicle.

SECTION 7. Any person violating any of the provisions of this Act and who shall be convicted thereof, or who shall plead guilty to any conviction for the violation thereof, shall be punished by a fine not exceeding twenty-five dollars and cost of prosecution, or if such fine is not paid then by imprisonment in the county jail for not exceeding ten days for the second offense he shall be punished by a fine not exceeding fifty dollars and cost of prosecution, or if such fine is not paid then by imprisonment in the county jail for thirty days.

SECTION 8. This ordinance shall take effect and be in full force on and after twenty days of its passage and due publication.

Approved November 19, 1933.

W. R. Daniels, President.

Geo. W. Walworth, Clerk.

At a Boston charity fête society and sold kisses for a dollar each, or one smacker per smacker.

U. S. Gob to Lose His Flat Hat Soon

Washington. Abolition of the blue flat hat, which has characterized U. S. blue-jackets almost from the inception of the navy, will be recommended to the Secretary of the Navy if a suitable substitute can be found by the board of officers investigating proposed changes in the uniform, it was learned.

Disadvantages of the old "sailor" type of headgear, such as the difficulty of keeping it on when the wind is blowing and the ease with which it wrinkles, long have been apparent, but search for a substitute has been fruitless thus far.

How Much Is Gas Today?

Don't ask that; the price per gallon does not determine its actual cost to you.

The kind of service it gives is the real test of its economy.

Judge gasoline by this standard and you will choose—

AMERICAN Certified Quality GASOLINE

Because it develops a steady flow of power at any speed.

Because it starts your motor quickly, saving unnecessary strain on your storage battery.

Because it vaporizes instantly, thus every particle of gasoline is used to produce power.

Because it does give real service, it must be economical, and being economical it costs you less per mile.

Decide now to use American Gasoline.

Chats With Your Gas Man

The average person is more than dependent on the service rendered by the public utility companies than he realizes.

A recent estimate by a competent authority showed that in a certain private home the equivalent of about fifteen tons of an anthracite coal was used for heating while the equivalent of about thirteen and one-third tons of bituminous coal came through pipes, wires and the kitchen door in the form of gas service, electricity and ice.

Engineers predict that in another generation coal will be seen in only two places in the museum where it can be examined by school children, and at the mines. In those days, they say, the words "smoke," "soot," "ashes," will be obsolete and heat units in form of manufactured gas will supplant the fuel.

In the Realm of Society

Will Install.
The installation of the officers of Olive Lodge, F. & A. M., No. 136, will be held Tuesday, December 11, in the lodge rooms. The election of officers was held Tuesday evening and those elected were:

W. M., L. E. Vickers.
S. W., Leon D. Schutes.
J. W., Paul P. Belser.
Sec., C. W. Maroney.
Treas., H. W. Schenk.
S. D., Floyd D. Rowe.
J. D., A. H. Schumacher.
Tyler, Geo. Ward.

M. J. Dexter will be the installing officer and W. K. Guerin will act as master. There will be an oyster supper and entertainment on the night of installation.

Will Entertain.
St. Paul's Auxiliary will be entertained by Mrs. J. Hinderer and Mrs. Walter Bentler at the home of the latter, Friday afternoon, Dec. 14. Please bring your mite box, and a Christmas package for exchange. Meet at the church at 1:30 o'clock. Where auto's will be provided for those who wish to go. A fine time is promised to all.

L. C. B. A. Party
The L. C. B. A. will hold its annual Christmas party at the home of Mrs. Peter Merkle on Tuesday, Dec. 11. Supper will be served at 6 o'clock. Every member invited, and please bring dishes, also a 10c article for the grab bag.

P. T. A. Meeting.
The Parent Teachers Association of District No. 10, Fractional, Sylvan and Lima, will hold their first meeting Friday evening, December 7th, at the home of Mr. and Mrs. George K. Chapman. A program will be given and refreshments will be served.

Oyster Supper.
The P. T. A. of District No. 4, Lima, held their December meeting at the home of Mr. and Mrs. Wm. Luick, Tuesday, December 4. It was one of the liveliest meetings of the year. At 7:30 an oyster supper was served to about 45 members. After which roll call was taken. A business meeting followed. Many subjects of immediate interest to the school were brought up by the members. It was decided that the organization would buy a piano of the proceeds from the ice cream social held early this fall. They are also to make tables to be placed in the basement of the new school house in order that some of the P. T. meetings may be held there. Interesting features of the evening were music and the playing of games and stunts.

Pythian Sisters
The regular meeting of the Pythian Sisters will be held Friday evening, Dec. 7. All members are requested to be present. Election of officers will take place.

Candy and Bake Sale.
The Unity Class will hold a candy and baked goods sale at the Chelsea Hardware store, Saturday, December 8, at 2:30 o'clock.

Miscellaneous Shower
A miscellaneous shower was given Thursday evening for Mr. and Mrs. Arthur Wacker at the home of Mr. and Mrs. Emanuel Wacker. An enjoyable evening was spent in playing progressive pedro. High honors were won by Lomora and Harold Eschellbach and second honors by Melvin Eganman and Mrs. Arthur Wacker. Dainty refreshments were served late in the evening. Many pretty and useful gifts were received by the honor guests.

S. P. L.
The S. P. L. club will be entertained Monday evening, December 10 at the home of Mrs. Oscar Schneider.

Birthday Courtesy
A delightful Birthday courtesy was extended to Mrs. Oscar Schneider Tuesday evening when a company of about twenty-five neighbors gathered at her home to celebrate the anniversary. Progressive pedro made the hours pass merrily. To be sure the neighbors brought well filled baskets from which a delicious luncheon was served. Mrs. Schneider was also presented a beautiful serving tray as a pleasant memory of the occasion.

K. of P's
Regular convention of Chelsea Lodge No. 194, K. of P., on Monday evening, December 10. Sauerkraut and frankfort lunch at 6:30. Election of officers for 1924. A good attendance desired.

O. E. S.
Special meeting of Olive Chapter, O. E. S., Thursday evening, December 13. Initiation. Refreshments following.

Cloth's Pin Social
There will be a Cloth's pin social for the Parker School, Lima at the home of Ray Tober, Friday evening December 14. Tober's home is located on the Parker Road, the first house south of the school. The social will start at 8 o'clock. Teacher Miss Ella Knapp.

A Son
Mr. and Mrs. Paul Nordman of Stockbridge are the parents of a son, Paul Winston, born Thursday, Dec. 6.

Olive Chapter, R. A. M.
Annual meeting and election of officers of Olive Chapter, R. A. M., No. 140, will be held Friday evening, December 7th.

IN THE CHURCHES

FIRST CONGREGATIONAL CHURCH.
E. L. SUTHERLAND, Pastor.

Sunday, December 9, 1923.
Morning worship at 10:00 o'clock.
Subject (An intensely modern document).

The evening service will be union and the Rev. F. Corbett, D. D. of Lansing will preach. Mr. Corbett is a good speaker and his subject will be a good one. Come and prove it for yourself, is the request of both pastors.

If mankind could in some way get a satisfactory view of God, would it promote peace, love and happiness, or fill our churches today?

If some clammering soul who had made a mistake in life be raised from the dead would the world believe by listening to his pleas for the living? Rev. Sutherland will discuss upon this subject Sunday morning. All are welcome. If you have no church home, for your own sake and the sake of your children find one. I know that you will be welcome at any church in Chelsea. Try it. Evening service at 7:00 o'clock.

CHELSEA METHODIST CHURCH.
C. S. RISLEY, Minister.

Public Worship, 10:00 "The Modern Wilderness."
Sabbath School 11:15, "The Outreach of the Early Church."
Epworth League 6:00 "The League Herald."

Junior League 6:00 "Sermon notes" Union Services, 7:00. An address by Rev. F. W. Corbett of Lansing. Are we travelling toward the promised land where there is no war, no rum, no hate, no greed, no crime, but toward the city whose gates are pearl and streets are gold. Hear Rev. Corbett, on a most timely subject. If you want your Christmas candy, S. S. scholars, be present at every session, unless sickness keeps you home. Christmas exercise Sunday evening, December 23. Be at church, some where Sunday. Yours, for a good day.

PRESIDENT IN MOVIES

TO AID GOOD ROADS
Ford Film Includes Coolidge and White House

The President of the United States is so much interested in good roads that he has appeared in a movie film, which is good road propaganda, sponsored by Henry Ford. The hero of the little two-reeler is a country boy, who is presented by the President with a scholarship for a prize essay. Later the boy becomes a civil engineer, devoting his life to the building of better roads in order to make his section of the country a better place in which to live.

President Coolidge is so familiar with farms and farm life that he has an intimate and first-hand acquaintance with what good roads mean to the farmer, and coming, as he does, from one of the pioneer good road States of the Union, knows personally those who live along them.

VOICE OF THE PEOPLE

M. C. R. R. DETECTIVE LIES AND CAUCUSES JUSTICE COURT BEHIND CLOSED DOORS

Coolidge, Mich., Washtenaw County, Dec. 4, 1923. I write this to let the good people of Chelsea know that I wouldn't live with them and steal from them. Chelsea Lumber and Coal Co., seen where the coal was, that coal was not mentioned. The coal I paid for was the coal I picked up along the right of way two and three miles along the track at noon hour. These M. C. Detectives say couldn't have got under arrest, he said come on with me. They was not any court opened by the Justice of Peace, they went in and caused all behind closed doors. This Justice didn't ask me but one question this is it: Are you ready to pay it, that's all there was to the court. The detectives didn't even take off their hats. You can decide for yourself what kind of justice court that was. So far as the M. C. R. R. tools, one lumber moved in the car where Mr. F. Page tools was and he asked me to let them stay in the barn until he could get them away, that's why they was there. A lie don't hurt the one that's telling it, but it hurts the one he is telling on. Such men as these but headed gueses don't need no truth, if you tell them the truth they then want you to change it and tell a lie. This answer to Nov. 26. Signed A Lewis (Colored)

LYNDON TAX NOTICE.
Lyndon taxes will be taken at the Farmers and Merchants Bank every Saturday and at my home every Friday.
2817 Theodore Mohrlock, Treas.

CARD OF THANKS.
We wish to thank our neighbors, friends and relatives for their many kindly acts and for the loving sympathy extended to us during our recent bereavement and for the beautiful floral offerings sent.
Mrs. Samuel Schultz,
Mrs. Katie I. Smith,
Mrs. Ora B. Remann,
Mr. Arthur L. Allyn.

Catarhal Conditions
Catarh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARH MEDICINE is taken internally and acts through the blood upon the Mucous Surfaces of the System. HALL'S CATARH MEDICINE gives the patient strength by improving the general health and assists Nature in doing its work.
All Druggists. Circulars free.

Tudor SEDAN

F.O.B. DETROIT **\$590** FULLY EQUIPPED

The Lowest Priced Sedan

IN the Tudor Sedan a wholly new Ford body type is offered American motorists. It is distinguished by a compact, roomy body, two wide doors opening forward, and folding right front seat. Large windows affording an open view in every direction, make for safer driving and greater motor ing enjoyment. At \$590, this is the lowest priced Sedan ever placed on the American market. It is a car of broad appeal and compelling value.

This car can be obtained through the Ford Weekly Purchase Plan
