Your Doctor

Whenever you go to your doctor you expect results. He makes out the very best prescription that his knowledge and education enable, but if that prescription isn't filled right his service to you is a positive harm instead of a benefit.

Prescriptions from your doctor brought to this store are filled just as your doctor wants them to be. We don't substitute in any case. We use the best chemicals. We are careful and clean in our work.

If you are particular and demand the best, both in quality and service, we want you to come here with your prescription.

SECTION MEN KILLED BY WEST-BOUND TRAIN

John Thelen and Fred Willy Meet Instant Death When Run Down by Passenger Train No. 5 Near Hoppe Road.

Stepping from the path of one passenger train directly in front of another cost the lives of John Thelen, section hand, and Fred Willy, section foreman, shortly before noon on last Thursday, when they were crushed beneath the wheels of passenger train No. 5, of the Michigan Central, westbound, just west of the Hoppe road six miles west of Chelsea.

According to the best information obtainable, Foreman Willy and his men were burning grass along the right-of-way when Mr. Willy was approached by Mr. Thelen, who had been ill and was not yet able to return to work. While standing on the track talking approach of a train from the west was noted and the two men stepped over to the west-bound track only to be struck by the second train which is due in Chelsea at 10:30. That they were not seen by the crew of No. 5 was evident from the fact that they were unaware of any accident until blood was discovered on the engine pilot upon their arrival in Jackson.

While the body of Mr. Thelen was badly crushed and many bones broken that of Mr. Willy was completely ground to bits by the train, being strewn for considerable distance along the tracks and torn beyond any possibility of recognition. Staffan's undertaking establishment was called and remains of both men were brought to Chelsea where they were prepared for burial.

Justice Howard P. Brooks, acting as coroner, was called to the scene but ruled no inquest was necessary.

Funeral services were held for Mr. Thelen Sunday afternoon at 1:30 at the late home near Francisco Rev. P. H. Grabowski, pastor of St. Paul's church, Chelsea, officiating, with burial at Grass Lake. Services for Mr. Willy were held the same afternoon at 2:30 at the house and later at the Francisco Lutheran church, Rev. Boehm officiating, with burial at Francisco.

Mr. Thelen, who resided on the L. T. Freeman farm near the scene of the accident, is survived by a widow and four children, while Mr. Willy, a resident of Francisco, is survived by a widow and four children.

DR. F. A. COLLIER WILL

ADDRESS P. T. ASS'N

Dr. F. A. Collier of the University Extension Division, will address the Chelsea Parent-Teachers Association at their first regular meeting of the year at the high school auditorium on Tuesday evening, November 18, at 8 p. m. His subject will be: "The Grotto Problem in Michigan."

Dr. Collier is a speaker of ability, presenting a subject which is vital to the entire population of Michigan as well as other states. Inasmuch as the grotto problem is holding the attention of medical authorities throughout the state it is expected there will be a large attendance at the meeting next Tuesday evening.

Notice received from the extension department of the university advises that other speakers will be sent here for the December and January meetings of the association, when topics of current interest will be discussed with parents and friends of the school.

The family of the late Mrs. Barbara Oker wish to express their sincere thanks to the friends and neighbors who so kindly assisted them during their recent sad bereavement.

FUNERAL THURSDAY FOR MRS. VANTYNE

Mary Francis VanTynne was born at Toms River, N. J., November 4, 1848, and departed this life Monday afternoon, November 10, 1924, at her home on South Main street, Chelsea. She was the only child of Mrs. Hannah Winans, and came to Chelsea with her mother in 1862. She was married to Abner A. VanTynne in 1873.

She was a member of the Congregational church, the W. R. C. and L. O. T. M.
Funeral services will be held this (Thursday) afternoon at 2 o'clock from the residence, Rev. E. L. Sutherland officiating. Burial at Oak Grove cemetery.

BENJ. STUART, COLORED, ARRESTED ON ASSAULT CHARGE

Benj. Stuart, negro, arrested here Monday night on a charge of assault and battery preferred by his wife, was arraigned before Justice Thomas, in Ann Arbor, Tuesday and entered a plea of not guilty. He was placed under bond of \$500 and bound over to the circuit court for trial at a later date. Being unable to furnish bond for the amount the prisoner was placed in the county jail, until November 20, the date of his trial.

According to Marshal Atkinson who made the arrest with the assistance of Deputy Sheriff Palmer, complaint was made by Stuart's wife that he came to the home of friends on Buchanan street where she is staying with friends, the husband having been living in Ypsilanti for some time. From her story officials gathered that a second man was found in the company of Mrs. Stuart and Stuart, enraged, threw a pair of wire pincers at her, striking her on the back of her shoulder near the neck causing a painful injury. Stuart, when questioned, did not deny throwing the pincers but declared he meant them for the man. A scar on his forehead was displayed as being the result of an encounter with her male companion.

WASHTENAW COUNTY CLOTHING PROJECT

Much interest has been taken in work of the County Clothing Project, being sponsored through the county agent's office and in order that a better understanding may be had of the work accomplished, an outline of lesson one, recently given, follows:
Sewing machines—kinds, manipulation, care.

Use of machines—short cuts in sewing, machine made seams, use of commercial finishes, short cuts in making finishes, use of scissors gauge, bound pocket, piped pocket, tailors' arrow, couching by machine, use of machine attachments in detail with lots of suggestions on time savers.

The second lesson was given October 31, at the home of Mrs. John Pinkelner. Following is an outline of second lesson:
Alteration of patterns. General alteration—how to enlarge and decrease, how to increase and decrease sleeves, alteration of bell sleeves and tight sleeves.

Special alteration—low bust, high bust, round shoulders, sleeves.
Demonstration on taking of measurements—round, back, side, arm, front.

The cutting of 3-piece dress from waist pattern.
The third lesson will be given in the first of December and anyone interested in this work may become a member by getting in touch with the following people, and as early as can be, so they can be arranged with classes getting the first two lessons, so as not to lose out. Following are the teachers for Lima: Mrs. Lea Bradbury, Mrs. Albert Koch, Mrs. Harry Prudden, Mrs. Adolph Seitz, Mrs. N. W. Laird and Mrs. C. Foster are teachers of Sylvan.

TAXES LOWER IN SEVEN OF NINE DISTRICTS IN SYLVAN

District No. 3 fr. Sylvan and Lima, and No. 4, Sylvan Center, Show Increases Over Last Year's Amounts.

Taxes in all but two districts in Sylvan will be lower when property owners proceed to pay their taxes this year, according to a compilation of the rates by Supervisor Geo. W. Beckwith, and just given out. These two districts will be higher by a few cents over what they were last year, and are made so by action of taxpayers in voting additional funds for school purposes. The two districts in which taxes will be higher are No. 3 fr. (Chelsea), and No. 4 (Sylvan Center). While the general tax has been lowered substantially, according to Mr. Beckwith, the additional school funds ate up the reduction and caused a raise over last year.

Reductions in other districts ranging from 9 cents per thousand dollars valuation in District No. 7, the Red schoolhouse, on the Chelsea-Manchester road, to \$1.79 per thousand valuation in District No. 10, Savage school. Increased taxes amount to 78 cents per thousand valuation in No. 3 fr. Sylvan and Lima, and 51 cents per thousand in No. 4, Sylvan Center.

The figures as submitted by Supervisor Beckwith are given below. Amounts are based on each thousand dollars of valuation and are for 1923 and 1924. They are:

School Dist.	1924	1923
No. 2	\$18.28	\$19.03
No. 3 fr.	21.76	20.97
No. 4	17.08	16.17
No. 5 fr.	19.08	19.87
No. 6 fr.	15.91	16.03
No. 7	12.68	13.87
No. 8 fr.	16.88	17.87
No. 10	20.08	21.87
No. 10 fr.	16.87	17.70

ANNUAL RED CROSS DRIVE FOR MEMBERSHIPS STARTED

Local committees of the national Red Cross organization have completed preparations for the annual membership drive, which started with Armistice day and will end Thanksgiving day. Memberships may be paid to P. G. Schaible, secretary and treasurer, at the Farmers & Merchants Bank.

Local officers of the chapter are urging that all who have previously been members renew, and that those who have not previously been identified with the organization make certain to take out memberships before the expiration of the campaign period.

SHEEP BREEDERS ASS'N HOLD ANNUAL MEETING

The annual meeting of the Standard Delaine Sheep Breeders Association was held Monday, November 10, at the home of Fred Reichert of Lima. The meeting was largely attended and most successful one ever held.

At noon a sumptuous dinner was served which was followed by the business meeting. Officers were elected for the ensuing year, as follows: President, Jay Smith, Ann Arbor; vice president, E. C. Hungerford, Concord; secretary and treasurer, L. B. Lawrence, Chelsea; directors, E. C. Cover, Jackfield, Ohio, T. J. Brozdon, Rushlake, Wis., Harry Houseman, Albion, A. C. Jordan, Saline, Carl Moeckel, Munith, Michigan; committee, C. C. Dorr, Grass Lake, Fred Reichert, Dexter.

PARENT-TEACHER MEETING

The P. T. A. of District No. 4 fr. Lima and Sylvan, held its monthly meeting at the home of Mr. and Mrs. Fred Hoffman, Wednesday evening, November 5, in the form of a poverty social. After the business meeting an appropriate program was given after which refreshments were served. A good time was enjoyed by all. The next meeting will be held at the schoolhouse on December 19.

HENRY LEESON OF MANCHESTER PASSES AWAY

Henry Leeson, who resided with his son, Postmaster Frank Leeson of Manchester, was found dead in his home about two miles from the village Friday afternoon, where he had gone a few hours earlier. Death was due to heart disease.

Mr. Leeson, who was born in England in 1844, came to America 22 years later. He died on his eightieth anniversary.

He is survived by three sons and two daughters: Rev. H. Addis Leeson of Ann Arbor, district superintendent of Methodist Episcopal church; Clyde Leeson of Maryville, Mo.; Frank of Manchester, Mrs. Helen Bush of Ypsilanti and Mrs. Emma Fitch of Orono, Me.

COLLEGE ATHLETICS

This time of the year always reminds us of our college athletics. The football season takes the attention of every American off of every other sport, and is the main or only topic of talk in college circles.

If we have a boy in college, we must more likely to ask "did he make the football team?" than we are to ask about the grades he made in grammar, mathematics, and these useful things that are supposed to be a part of a college education.

The commercialization of college sports is another thing that ought to give us pause. Nearly all sports have become so commercialized that it is more a matter of dollars and cents than a contest of brain and brawn and skill. It is becoming so with college sports—or we might say has become so. Time has been when football games were played on the college grounds in the college towns. Not so any more, excepting in such cases as there are enormous accommodations for spectators, and where colleges are located in densely populated centers.

Time was when the Army games were played at West Point, up the Hudson from New York, of easy access to the Greater City. But the Army games have outgrown West Point. They are played now on the Polo grounds in New York City, where thousands of dollars can be lured to the game, where only hundreds would come were the games played at West Point.

If we hear much talk of a college man these days, it relates to his prowess as a college athlete—not his learning. A man might win all the scholastic honors in his school, and get ten lines in his own home town paper—but if he kicks a goal his picture appears in all the papers and he is a real college hero.

Athletics are all right. But when we make heroes of our athletes and cover with dreary dust our best scholars, we are "trending" in the same direction as all the other nations of the world that have crumbled in decay through a tendency to exalt the physical and deprecate the spiritual and mental capabilities of men.

PROSPERITY HERE

The election is out of the way. The unrest and uneasiness that is always with or without reason occasioned by national election will subside in a very large measure, and the American people will settle down to a period of record-breaking business and prosperity.

The world war destroyed so much property—set the world back so seriously that it will take several years to catch up. Take the example of our own country: While we felt on our soil none of the shock of close contact of war, we did enroll over four million of our most capable young men, and we did send over two millions of them across the water to fight. We did lose many thousands of them in battle, and we did get back many wrecks of the very pick and flower of our young manhood, a loss that can never be made up. More than that, our whole industrial and constructive machine was taken out of constructive work for two years, and turned into the making of material for destruction. Our building industry was suspended entirely for about two years, and we came up behind in housing capacity after the war. We have never caught up. We have much building yet to do, but we cannot regenerate that was destroyed, and we have to make up in a few years the loss of two whole years out of our constructive program. That means that several millions more than would have been required otherwise, will have to work for a period of years to catch up that which we have lost, and that ought to make unemployment a thing wholly out of the question.

We have our problems of transportation, to be sure. The cost of carrying everything from mine, factory and field to the market is enormously increased. Whether or not we shall be able to get lower cost of transportation remains to be seen, but it appears quite hopeless. We must find means of overcoming that. The farmer and producer must get better prices than they have received during the past two years. The industrial worker must receive better wages to pay the increased prices. High wages and full employment mean more to prosperity than anything else. We ought to have this condition for a period of years, and we ought to have the greatest era of widespread prosperity any country has ever known.

The success of Governor Alfred E. Smith of New York in winning a third term election against an overwhelming Coolidge majority in the state, and against all precedent in the state save one, is an accomplishment quite worthy of note. It does not, however, indicate that Governor Smith would have done much better than John W. Davis, had he been the Democratic nominee for the presidency. This was a Coolidge year, and the returns indicate that no man or combination could have beaten the president.

The Field Museum at Chicago announces that it has a crystal quartz with drops of water in it that have been imprisoned therein for more than ten million years, and that it is perfectly preserved and crystal clear. If it had been Scotch whiskey it wouldn't have gotten to be ten hours old in Chicago.

Oxford University is threatening the world with a dictionary which has been in the process of compilation since 1857, and which will contain more words, phrases, idioms, colloquialisms and obsolete words than any dictionary ever printed. As soon as we master the more than 400,000 words in Webster's, we shall be in the market for an Oxford.

An Austrian bigamist is reputed to have had forty wives, and to have gotten an average of \$50 out of each wife. Bigamy is an industry may be all right in impoverished Austria, but it will never attract any high-class talent in this country.

REASON FOR THANKSGIVING
President Coolidge named Thursday, November 27th as a day to be set apart for general thanksgiving in America, following a custom as old as our country.

The American people have never had so much to be thankful for, as they have this year.

The passing of 1924, will mark the passing of a most important and an unusually prosperous year. Not so much a year of great business prosperity, perhaps, but a year of sound prosperity that doesn't count the profit so much in dollars and cents, or so much in the immediate present, as it counts the profit in human progress, spiritual uplift, a broader concept of our world relations, and our national duties, and the progress of the future.

We have had a year of unprecedented quiet in the industrial world. Wages have continued high, and have been on the upgrade, rather than otherwise. Strikes have been very few, and only in isolated places or trades. We have furnished, and have seen adopted the plan that promises to bring whole-hearted peace in Europe, to settle the snarls that grew out of the world war, and to give us a peaceful world, with sound government and stable money, good the world over, day in and day out.

We have seen better prices for the things the farmer produces, and a market that took the offerings from the farms at better cash prices than have prevailed since the high peak during war times. We have seen a general dissemination of prosperity to all parts of the country, and a gradual emergence of some sections suffering great depression into the open road of prosperity.

This year will close, according to the present outlook, with America at peace with all the world, and a better understanding with all our world neighbors. We are we feel at the beginning of an unusual era of good feeling that is not only nationwide—it is world-wide.

We should be truly thankful, and we should give thanks, expression to our thanks.

UPHOLD THE CONSTITUTION!

We have heard very much during the presidential campaign which ended in the election on the fourth of November, about the sacredness of the constitution of the United States and the importance of preserving it against all attacks, or all attempts, if any should be made, to undermine it and destroy its power and meaning. Let us hope that the things we heard during the campaign will not be forgotten now that the campaign is over. The American Constitution is our Bill of Rights. It is the bond of our nation guaranteeing us all the rights and liberties that men have striven to enjoy since the Dawn of Time. Let us not forget that the Constitution is a thing of our making. We have amended it and added to it from time to time, but the fact should never be uppermost in our mind that the latest amendment to the Constitution is as much a part of that great instrument as the first paragraph, or any sentence in its body.

There are those who decide, and would soon pool women's suffrage out of court and away from the poll places. There are those who would do so if it were a thing of straw—and yet an assault on any amendment is an attempt to wreck the whole of the American Constitution!

We may not like the 18th amendment. It may work hardships upon some. It may not be enforced 100 per cent. It may not appeal to either our sentiment or our judgment, yet it is a part of our American Bill of Rights. It is a part of our fundamental law, and as such must be upheld as much as any other part of the Constitution.

We are clear of national politics for another four years. Isn't this a good time to begin working to awaken the American people to the necessity for the preservation of the Constitution as a whole? Aren't we duty bound, as good citizens, to create public sentiment in favor of upholding the Constitution, so that, should it ever be assailed, we will have a solid American sentiment that will prevent any part of it being destroyed or set aside to permit the doing of any deed that might be destructive.

General Calles, the newly elected President of Mexico is making many post-election promises, one of which is that he will bend all his energies to secure better wages for Mexican workers. There is nothing that would add to the stability of Mexico as much as the movement to pay decent wages and provide decent living conditions for Mexican labor. General Calles may succeed where his predecessors have failed, if he makes good on this promise.

The Field Museum at Chicago announces that it has a crystal quartz with drops of water in it that have been imprisoned therein for more than ten million years, and that it is perfectly preserved and crystal clear. If it had been Scotch whiskey it wouldn't have gotten to be ten hours old in Chicago.

THERE'S A REASON
You've probably wondered why the gasoline trucks used to supply the various filling stations all have a small chain hanging from the rear that just touches the ground. Perhaps you've thought it just happened to hang there. But there's a reason for it: the chain furnishes the required connection with the ground for safety in case the tank is struck by lightning, and also provides a safety first measure against the possibility of the tank being blown up in an explosion caused by static electricity generated by a sudden friction anywhere on the truck. The state rules require this precaution. The tires do away with any connection with the ground as rubber is such a good non-conductor, and it is argued that every auto should be provided with a chain of this kind which could be allowed to drag during a thunder storm.—Ex.

The truth is that youth always knew what it was old enough to find out rather than what it was old enough to be told.—Alexander Black in Harper's Magazine.

Ararat in Three Countries

Turtles Not Dumb
When startled, some turtles give a loud snake-like hiss. The males of the large Galapagos turtles, according to Darwin, bellow or roar at mating season. The land or mud turtle utters a piping note, particularly in the spring.

Epineur, French racehorse, the second European racer within a year to invade America and contend for some of the rich prizes hung up for winners of racing events, has gone back home. He had more tries than Papyrus, his English rival, but, like the English horse, he went back empty of racing honors. When it comes to speed, Europe doesn't breed quadrupeds or bipeds that can compete with the American breed.

POEM THAT THRILLED MILLIONS NOW TREMENDOUS PRODUCTION
The heroic story of the birth of the American democracy which has thrilled millions of readers in Longfellow's poem, "The Courtship of Miles Standish," has at last been told on the screen with a scope and beauty befitting its importance.

Charles Ray has taken the poem and enhanced its beautiful legend of the love of John and Frisella with a spectacular photodrama of the adventure of the Pilgrim Fathers. It is one of the super-specials of the year and comes to the Princess Theatre on Wednesday and Thursday, November 19 and 20.

"The Courtship of Miles Standish" is not, however, an educational film in purpose. It is first of all an engrossing entertainment concerned with the exciting deeds and adventures of real men and women who have been little understood by posterity. But while the picture has all the elements of exciting interest, it was made with careful regard to history.

It contains views of the storm which nearly destroyed the Mayflower and its brave company, the first struggles on land with the Indians, the first Thanksgiving feast, the signing of the Mayflower Compact, the first blows struck for the founding of a mighty new empire of freedom and, of course, the beautiful courtship which gave to our literature one of its most famous phrases: "Why don't you speak for yourself, John?"

These dresses might have stepped out of Vogue or Harper's, so new and different is each of these exquisite creations.

Plenty of Betty Wales dresses and "Now a Day" dresses included in this sale.

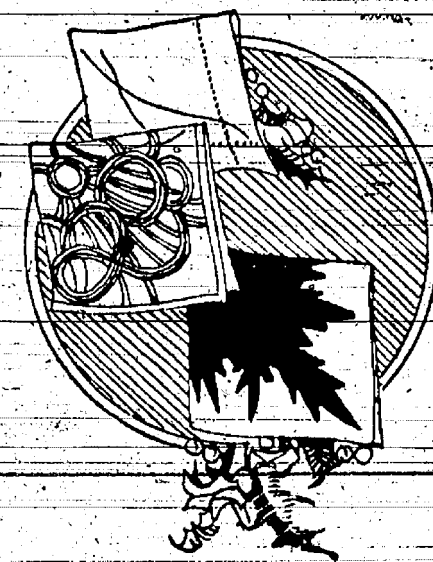

Smart Coats For Women and Misses at Moderate Prices

The fact that we have sold quite a large number of coats to customers living in the larger nearby cities is proof enough that our styles are as good as are being shown and that our prices are decidedly less than those city stores must necessarily charge. It is only reasonable that we should be able to sell for less when our selling expense is compared with a larger store's expenses. We have selected about twenty-five coats from our regular stock and reduced the prices for this Saturday's Special Sale.

These coats are all this season's newest styles and made by the best makers. Prices are \$18.50, \$25.00 and \$35.00.

Handkerchiefs

Buy Christmas handkerchiefs now while the stocks are complete.

Although we can't prove it by statistics, we're sure we're right in saying that more handkerchiefs are given as Holiday gifts than any other article.

So, of course, the handkerchief section is as busy as can be at Christmas time. Buy yours now and avoid the rush. There are many, many kinds to choose from.

\$5.25

For your choice of any J & K Oxford or pump in our entire stock. These shoes are conceded to be as good style and quality as are made in America. Usual prices are \$8.00, \$9.00 to \$10.00 pair. We must reduce our stock of these shoes within the next few days to make more room for Holiday goods to arrive.

Reduced Prices

On several hundred pairs of other makes of high class newest footwear for women and misses. This lot includes oxfords and pumps in the plain serviceable styles and the cut-out or strapped pumps.

Prices are \$3.00, \$3.50 and \$4.00

What Does Your Gasoline Cost?

The Power Behind Your Motor
Many an unthinking motorist drives to a service station with the careless order "give me some gas please" taking the quality and service for granted. There is a better way to buy your gasoline: Drive to an American Service Station and ask for American Certified Gasoline.
You will notice a new snap to the pick-up, a new power on the hills, a new speed on the level.
Test it in your car, make a careful comparison. A few miles of driving will tell you what you can always expect from this gasoline.
It actually costs you less for there is a definite saving in gasoline, and general upkeep.
The purchaser also receives that extra bit of personal service that always accompanies every sale of American Certified Quality Gasoline.

and the exploding shells helped produce a deep feeling for the honored dead. The tense feeling of the men and the nervous strain, which they endured were all brought to our minds. Then, as a relief, came a signing of the Armistice. Dr. Falter's service during the World War. Strange sights were pictured and queer experiences which were met with. The gloomy battle field, the fallen dead, the humming airplanes, Tuesday afternoon the high school football team met Stockbridge, at Chelsea. The first part of the game was rather close, but it ended in favor of Stockbridge.

FAIR NOTES

BREVITIES.

Clinton—At the election held here Tuesday, November 4, one lone vote was cast for LaFollette.

Pluckney—The Will Murphy farm near Patterson lake has been sold to Detroit parties. It will be used as a place for breeding and training thoroughbred Gordon setters.—Dispatch.

Grass Lake—About eighteen pairs of shoes were found near Grass Lake outside the railroad track. They evidently had been stolen and were thrown off the train with the expectation of being picked up.—News.

Ypsilanti—President Charles McKenny of the Michigan State Normal college will leave Ypsilanti November 18 on a lecture tour of the west. He will end his tour in Texas, where he will address the Texas State Teachers' association at their convention in San Antonio November 27 and 28.—Record.

Jackson—"Birds are building nests, which is an indication of six weeks more of this kind of weather," said a Jackson weather prophet Friday. His prediction is that Michigan will see six weeks of delightful weather. It is recalled by another old resident that the year 1871 was like this in the fall. It was the year of the great Chicago fire.—News.

Brooklyn—Three cases of infantile paralysis are reported at Wampler's Lake and quarantine is in effect. Orrin, the 6 year old son of Mr. and Mrs. Orrin Middlebrook, Billy, the 4 year old son of Mr. and Mrs. Frank Marr and Lucille, the 10 year old daughter of Mr. and Mrs. Wm. Kalmbach are the children having the disease.—Exponent.

Eaton Rapids—A local post of Veterans of Foreign Wars of the United States is now being organized in this city, to be known as M. Bayton Maupin Post. Harry Knapp, Harry Metcalf, F. Q. Murphy, Peter Belan, Earl Christmas, Joe Lambert, Frank Strong, E. Hall Maupin, K. A. Maupin, Glenn Marr, Decker Pollock, and Clair Squires are the members of the committee in charge of the organization.—Review.

Saline—The paving between Saline and Clinton is progressing satisfactorily, not much more than three miles remaining to be done, and if this fine weather continues there is no good reason why the route will not be completed before snow flies. It is going to prove a great convenience to the people along the way, after having been compelled to put up with poor roads, detours, etc., for so long a time.—Observer.

Dexter—Rev. J. F. Krueger, who recently resigned as pastor of St. Andrew's Evangelical church, will leave for his new pastorate at Urbana, Indiana, next Tuesday, November 11. Mr. Krueger has been pastor of St. Andrew's church nearly four years during which time both he and Mrs. Krueger have made many friends in the community, who while regretting their departure, will wish them abundant success and happiness in their new field of labor.—Leader.

Howell—Two Detroit hunters, giving the names of George Pichea and Edley Van Sickle were arrested by Deputy State Game Warden Frank Wilson of Howell, at Lakeland, Sunday for killing a fox squirrel out of season. The squirrel was found by Mr. Wilson hidden in a rubber boot in the city men's car, the men claiming it had been given them by a friend. The pair however, appeared before Justice Stowe at this place Monday and settled the matter.—Democrat.

Mason—About five thirty o'clock Wednesday evening, fire was discovered on the Thomas Barr farm near Mason in the twenty-acre field which was cleared of timber recently by Mr. Barr. Hunters had evidently set the brush afire, and the flames had a big start before discovered. The brush in the field was so dry that the flames flashed rapidly over the field and it was feared it could not be checked, but farmers assisted in plowing back fires and this (Thursday) morning the fire is under control.—News.

Brighton—The State Highway department last week placed road signs along M-16 and M-65 which will be of significant importance to tourists, in fact to all motorists. They are placed at important road intersections and indicate the distance to nearby towns, not only on the road placed but on the junction roads. There are also signs to indicate the corporation limits of cities and villages, county lines, school zone, dangerous curves, etc. They are neat white signs with plain black lettering and easily read by the passing motorist.—Argus.

Milan—Rev. C. L. Adams was called to Adrian on Friday, October 31, to attend the funeral of G. Olin Green, a long time resident of Maple City and for more than a third of a century a devoted member of the Methodist Episcopal church. The pastor of the church, Rev. C. E. Gearhart, had charge of the service and read the scripture; Rev. A. T. Cambern, of Stockbridge, offered prayer and a short address was given by Mr. Adams, who added a few words expressing his appreciation of the life and service of Mr. Green, who was an official member of the church for many years, including the pastorate of the speaker.—Leader.

Ann Arbor—Washtenaw county board of road commissioners Friday morning received a telegram from the state administrative board at Lansing informing them the contract for the grading and laying of culverts on a two mile road, constituting

with your GAS man

WE WANT our customers to have good gas service—service which actually means everything this winter should embrace.

Of course, mistakes will happen and accidents occur, but if you will notify us promptly and co-operate with us in restoring good service again we will all benefit.

Furthermore, we will welcome suggestions for the betterment of the service. Friendly teamwork accomplishes wonders and when there is the right spirit behind the server and the person served satisfaction always results.

If your gas service is not giving you good results, get in touch with us immediately and tell us where you think the trouble is. Once we are in possession of the facts we will do our utmost to remedy conditions and to retain your good will.

**TWINS HAVE 2 GRANDMOTHERS
FOUR GREAT GRANDMOTHERS**

In their issue of Sunday, November 2, the Jackson Citizen Patriot featured the photographs of Miss Wesley A. Moeckel and twin babies, two grandmothers and four great grandmothers, all residents of Watatoo, Okla., and vicinities except Mr. Moeckel's mother, Mrs. Elizabeth Wais, Jackson. Of this unusual group the Jackson paper says:

Twin babies born to Mr. and Miss Wesley A. Moeckel, of two miles west

WE HAVE IT!

The session of the greatest number of male progenitors." How would you like to be one of these twins at Christmas time, with four great grandmothers and two grandmothers in addition to "Santa Claus" to help make you happy.

The twins, Rolf Edward and Nalle Elaine Moeckel, arrived at Foots Hospital October 6 and as soon as they were old enough to be in company, four grandmothers and two grandmothers, along with their relatives, called on the twins.

His twin welcomed to the combined family circle. Each of the babies weighed between five and six pounds.

The combined opinion of paternal and maternal relatives was the effect that their babies could not be found anywhere in the land. Though a little girl was not so strong as her brother the first several days, she

gained rapidly and now both she and her brother are strong and healthy and remarkably pretty.

Grandmothers of the twins are Mrs. Aaron Moeckel of two miles west a quarter mile north of Munith, and Mrs. Edith Carley, of Munith. Grandmothers on the paternal side the twins' family are Mrs. Dorothy Moeckel, Waterton township, mother of Grandfather Aaron Moeckel, and Mrs. Melinda Artz, Munith, mother of Mrs. Moeckel. Maternal grandmothers are Mrs. Elizabeth Weis, Jackson, mother of Mrs. Carley and Mrs. Mary Carley, Munith, the grandfathers and great grandfathers in the two families; Aaron Moeckel, grandfather, is the only survivor.

Mrs. Artz is oldest of the grandmothers. She was born in Lehigh township, Washtenaw county, twenty years ago, her maiden name being Melinda Leek, but has spent greater part of her life in the vicinity of Munith.

Next in age is Mrs. Dorothy Moeckel, who was 76 on August 1. She was born on a farm two miles

"I used to carry my money around with me. Sometimes had it hid in the house. I had insurance papers, deeds and other valuable documents and no safe place to keep them. It worried me. north of her present home, which is four miles southeast of Munith. The maiden name was Dorothea Mayer.

Mrs. Mary Carley, who is 72, was born in Kalamazoo county; her maiden name being Calkin. For 41 years she resided on a farm in Henrieville township, moving to Munith 12 years ago.

Mrs. Walz is youngest of the grandchildren. She passed her 60th birthday on May 6. She was born in Waterloo and resided there all her life, until coming to Jackson a comparatively short time ago.

The maternal grandmother, Mrs. Edn Carley, is the younger of the two, her age being 42. Mrs. Moore is 47.

The young mother of the popular twin is 19.
