Jewish Farmers

There are in the United States 70,000 Jews on farms. They are especially numerous in New York, New Jersey, Connecticut, Massachusetts, Michigan, Ohio and California. There are 40,000 Jewish farmers in South America. Most of them in Argentina.

One-Way Talent

Talents usually come singly. The man who makes money seldom knows much about the art of spending it.—Duluth Herald.

Movable Goal

Another pathetic little feature of everyday life is the way the fifty-year-old man who was going to have enough money saved up by the time he was that age to retire on, if he wanted to, is now going to have it saved up when he's sixty.—Ohio State Journal.

MRS. LEIGH G. PALMER DIES AT BATTLE CREEK

Death Follows Illness of Several Weeks Duration. Funeral Services Held Wednesday Afternoon.

Following an illness of several weeks duration, the latter part of which was spent in a Battle Creek hospital, Mrs. Leigh G. Palmer passed away at the latter place on Monday evening.

News of Mrs. Palmer's death came as a shock to the entire community, few being aware of the seriousness of her illness.

Deceased, whose maiden name was Sara Ethel Bacon, daughter of Mrs. Wm. Bacon, was born in Chelsea, July 18, 1882. In November, 1908, she was united in marriage to Leigh G. Palmer, and with the exception of a short time spent in Detroit, their entire married life has been lived in Chelsea where a host of friends and intimate acquaintances join the family in their grief.

Fraternally, Mrs. Palmer was a member of the Order of Eastern Stars, while she was an active member of the First Methodist Episcopal church of this place, being deeply interested in several departments of church and Sunday school, in all of which her presence will be greatly missed.

Surviving, beside the husband, are the mother, Mrs. Wm. Bacon, of Chelsea; four sisters, Mrs. A. A. Palmer and Mrs. Verne Fordyce, of Chelsea; Mrs. Guy Thompson of LaSalle; Mrs. George Leonard of Detroit; and two brothers, Paul Bacon of Detroit and Wirt Bacon.

Funeral services were held at the home of Mrs. Palmer's mother on Orchard street, on Wednesday afternoon at 3:30. Rev. C. S. Risley, pastor of the Methodist Episcopal church, officiating, with interment in Oak Grove cemetery.

CHURCH PLANS CELEBRATION

The fiftieth anniversary of the organization of St. John's Evangelical church at Franciscan will be observed Sunday, May 3, with services at 10:30 a. m. and 2 p. m. There will be three ministers present who formerly held pastorates there—Rev. J. Seel of Fort Hope, Mich., who was pastor from 1883 to 1888; Rev. A. A. Schoen of Manchester, who was acting pastor following the death of Rev. Jacob Greber in 1907; and Rev. Oscar Lubengayer of Mishawaka, Ind., 1909 to 1911.

Music will be furnished by the young people of the society and the congregation. The morning services will be in the German language, the afternoon services in English. Rev. Boehm and the congregation extend a cordial invitation to the public to attend these services. During the early years of the organization, services were held in the M. E. church and in the public school house. In 1880 they erected the church in which services have since been held.

EXTENSION WORK BRIEFS

The U-Need-A Hot Lunch club of the McIntee school, Lyndon township, received their Achievement Certificate at a meeting at the school house Wednesday evening, April 22. Miss Harriet Wilder, assistant state club leader, is in the county this week judging thirty garment club exhibits for local club championships.

The women in the Clothing Project have already started plans for their Achievement Day for the 23rd of May. The meeting will be held in connection with the achievement program of the boys' and girls' winter clubs, at the fair grounds and exhibits will be held in one of the buildings. There will be a picnic dinner at noon with a program following the dinner. 600 women of the county have been carrying on this work during the past winter. The women, their friends and all others interested in extension work are welcome to attend this meeting. Dr. Eben Mumford will address the group in the afternoon. There will also be short talks by a number of prominent speakers.

ARBOR DAY

(By the Governor)

In view of the special effort of Michigan's conservation department and other agencies to create new forests where they once flourished, additional emphasis is this year given to Arbor Day. The one purpose of the observance is to create as much interest as possible in the extreme necessity of tree planting. Human existence to a very great extent depends upon our wood covered land. We should never overlook an opportunity to plant trees of all kinds and restore as far as possible the forests of a generation ago.

Therefore I, Alex. J. Groesbeck, as Governor of Michigan, designate Friday, May 1, 1925, as Arbor Day and strongly urge that every community in the state take some part in fulfilling the intent for which the day has been set aside.

Given under my hand and the Great Seal of the State this thirteenth day of April, in the year of our Lord one thousand nine hundred and twenty-five and of the Commonwealth the eighty-ninth.

ALEX. J. GROESBECK, Governor.

By the Governor:
Charles J. Deland,
Secretary of State.

MISSION AT ST. MARY'S WILL BEGIN SUNDAY

A one week's Mission will be given at St. Mary's church beginning Sunday, May 3rd. The Rev. Father Vincent Burnell, a member of the Dominican Order, will conduct it. The Dominican Order is a community of priests established by St. Dominic in the year 1216 for the purpose of reviving the faith of people by means of preaching.

During a mission the people make an extraordinary effort to improve their spiritual condition. This is attained by attending morning and evening services, listening to sermons on the eternal truths preached by a priest especially trained for that work, and finally by a worthy reception of the sacraments. While the chief object of this Mission is to benefit the members of St. Mary's Parish, anyone who desires to come is welcome at the sermons each evening at 7:30.

DISTRICT MEETING TO BE HELD IN JACKSON

May 14 and 15 are the dates announced for the second district W. C. T. U. convention to be held in Jackson, at the First Methodist Episcopal church. Mrs. Ada C. Mumford, president of the district will be in charge of the meeting.

The four unions of Jackson will entertain the convention. They are the Clara Kennedy, East Side, Lathrop Memorial and Central.

Mrs. Stephen Schamehorn will act as general chairman, co-operating with the presidents of the four unions and one representative from each union.

Mrs. E. L. Calkins, State president of the W. C. T. U. will be the speaker at the Thursday evening session. Friday evening the national W. C. T. U. will furnish a picture film, the name to be announced later.

The second district is composed of four counties, Lenawee, Washtenaw, Monroe and Jackson, with about 40 unions in the district containing a membership of over 1,800.

JOHN BARKER PASSES AWAY AT LAKE ODESSA

John Barker was born near Chelsea in Sylvan township, Washtenaw county, May 13, 1847 and died at his home in Lake Odessa, Mich., April 15, 1925, aged seventy-seven years, eleven months and two days.

He was united in marriage to Mary Wortley in 1871. To this union was born five children, Norman J., George C., Charles, Frank and Ernest. D. Frank preceded him in death in 1907 and Ernest in 1917.

He went to Campbell township when a young man, living there forty-nine years, then went to Lake Odessa where he spent the remainder of his life.

His wife passed away in 1886 and he was again united in marriage to Jane Spencer in 1889, who passed away one year ago, April 13, 1924. He was the last of eight children.

He leaves to mourn their loss three sons, Norman J., George C. and Charles, seven grandchildren, two great grandchildren, many relatives and a host of friends.—Lake Odessa Wave-Times.

John Wortley of Sylvan, attended the funeral services.

TO STOP THE HAWKERS

Aroused by the countless number of hawkers and peddlers that have been flooding the state during the past year with everything from a patent mousetrap to a threshing machine, the united retailers of the state are behind a measure, which has already passed the senate, to put a curb on these irresponsible peddlers of merchandise, who are here today and gone tomorrow, leaving in their wake hundreds of saddened, but sober, buyers of their wares. The home merchant is the backbone of every community; as he progresses, so in proportion does each city and village. He is the purveyor of honest goods and can always be found when corrections are to be made. The doorbell ringers come with their shoddy goods and glowing sales talks which they exchange for the hard-earned dollars of our citizens, leaving nothing in return. They pay no taxes, support no local institutions and are parasites upon community progress. It is high time their activities in this state were materially curtailed.

LAKEVIEW SCHOOL NOTES

The children of this school completed the "Seasonal Project and Program" Monday afternoon. Mr. Bostick and Miss Wilder were at Lakeview school, Tuesday, April 28th. The garments of the girls' sewing club, "The Willing Workers," were judged at that time by Miss Wilder. Miss Helen Hadley was given first place as club champion, Ruth Allyn second place, and Eloise Hadley third place. Because of her patience, perseverance and good work Miss Caroline Green was asked to continue the project and be leader again next year. Some of the garments presented at achievement day showed exceptionally good sewing.

The Hot Lunch club chose by ballot, Eloise Hadley to represent them at Lansing this year. The posters, story and report, were taken to Ann Arbor where they will be judged on the fair grounds, Saturday, May 23. All club members are cordially invited to be present at this meeting. Pot luck dinner will be served.

ODD FELLOWS, REBEKAHS ATTEND ANNIVERSARY SERVICE

Rev. C. S. Risley Addresses Fraternal Orders' On Occasion of Organization Birthdays.

Sunday, Chelsea Lodge, No. 101, and the Rebekah Lodge, I. O. O. F., attended the morning services at the Methodist Episcopal church. The occasion was the 100th anniversary of the organization of the Odd Fellows at Baltimore, Md., and the 75th anniversary of the Order of Rebekahs.

Rev. C. S. Risley, who is a member of the Order, delivered a masterly address, which was fully appreciated by the seventy-five members of the two organizations who were present.

The theme used by Rev. Risley, which is one of the degree lessons of the Odd Fellows was taken from the parable of the "Good Samaritan."

Music rendered by the church choir was excellent, while the service was without a doubt one of the finest that the members of both orders have had the privilege of attending since the installing of the two lodges in Chelsea.

JONES GARAGE ADDS HUDSON-ESSEX AGENCY

Announcement has been made during the past week of the addition of the Hudson-Essex agency to the repair and service business of Jones Garage, A. R. Jones, owner and manager. The agency, which is considered among the best of the automobile world, will make a valuable addition to Mr. Jones' thriving business and will, no doubt, prove a profitable undertaking.

With the same announcement comes decision of Mr. Jones to build an up-to-date garage and service station at his residence on South Main street, where he expects to be located by the first of June. Located on highway M-92 as he will be, there is every reason to believe the Jones Garage will widen its circle of patrons and be better equipped to handle the needs of motorists.

FLORENCE BEAUTY SHOP NOW OPEN TO PUBLIC

Opening her place of business to the public within the last week, Miss Florence Post, formerly of Jackson, is offering to prospective patrons the advantages of an up-to-date, modern equipped beauty parlor in the basement of the New Crescent hotel.

The Florence Beauty Shop, as it will be known, is under the direct supervision of Miss Post, who is a graduate of the E. Burnham System of Beauty Culture, nationally known experts in the training of beauty specialists and the manufacture of E. Burnham toilet requisites. While incorporating all of the branches of beauty culture, the Florence Shop will particularly stress the advantage of facial and scalp treatments.

Entrance to the new shop is gained either through the hotel lobby or from an outside stairway from the sidewalk in front. Within one finds the usual appointments of an up-to-date beauty parlor, including all the equipment necessary to properly care for patrons' wishes. No item has been neglected in an effort to meet the last demand of the public whom Miss Post serves.

FARMERS' CONDITION IS DESPERATE

Former Governor Frank O. Lowden of Illinois, speaking to the Bureau of Advertising of the American Newspaper Publishers' Association, stated that the condition of the American farmer is "desperate." He pointed out that any figures of estimates basing farm prosperity on \$2.00 wheat and \$1.25 corn was wholly misleading and a perversion of fact. He said that when wheat and corn reached the peak of high prices last year, practically all of both cereals had passed out of the hands of farmers. Only a few scattered producers got the benefit of good prices. Wheat was in the hands of speculators and millers. The chief effect, instead of helping the farmer, was to hurt conditions generally, by putting prices up after these products were out of the hands of the farmers, thus aiding him none, and putting them in the hands of the millers' trust, which, on account of the myth of high prices for wheat, raised the price of flour to an abnormally high peak.

Governor Lowden spoke of cooperative marketing as the surest way out. Others have suggested that farmers should let their farms lie idle for a season, and many other desperate remedies have been suggested. To ask the farmer to allow his farm to lie idle for a season, would be exactly the same thing as asking a manufacturer who had nothing else to provide a living, to close his factory for a year, or a retail merchant to close his business for a year.

The farmers are more important than the railroad. The government pulled the railroads out of the hole—they owe it to the American people to pull the farmers out of a hole. The government can solve the financial problems of the farm just as easily as it solved the problem of the railroads. It can provide means for organizing farmers' cooperative marketing, as easily as it provided means for the railroads to raise their rates and cease competition.

Governor Lowden has sounded a very timely and necessary warning.

WAR BROTH BREWING

The devil has been loosed in Bulgaria. It started with the blowing up of a cathedral, reported in The Review last week, and the killing of a large number of Bulgarian army officers.

Fighting has started, and although martial law has been declared, and there is every effort being made to suppress the outbreaks, there has been pandemonium, and a large number of people have been killed and wounded.

Soviet Russia is charged with inciting a riot, and to have spread Bolshevik literature, which started the trouble.

The Balkan states, and particularly Bulgaria has been known as the "hell's kitchen of Europe" where in most of the war broths have been brewed for generations. There are war men in Europe today who even now are fearful that this disturbance in Bulgaria may mean the outbreak of another war which may prove even more serious than the one ended in 1918.

Soviet Russia is reported to be keen on becoming embroiled with some first class European power, and is reported to have a larger, better equipped army and more war munition than any country with the possible exception of France. If this be true, Russia may use the Bulgarian uprising as the entering wedge to bring about the desired conflict.

ORGANIZE TO FIGHT FRAUD

Three organizations are working for the protection of American investors and for the elimination of fraud in financial business. The New York Stock Exchange has created a National Fraud Bureau in its offices and is cooperating with the public authorities in the prevention and prosecution of "bucketshop" thieves and swindlers. The Investment Bankers' Association has just announced comprehensive plans for obtaining and placing before the public information relative to all existing delays, defaults, or repudiation of municipal bonds or coupons held by investors and also extending their work of protecting the public against those in the purchase and holding of securities. The Credit Men's Association of the United States is making an intensive campaign against credit swindlers. There should be a concerted drive against the crook in business, no matter what kind of a business it may be that he is engaged in. It is the duty of honest business to help public officials in cleaning out crookedness. It is a real patriotic work.

AMERICAN POPULATION GROWTH

The Bureau of Economic Research at New York has issued a bulletin in which the population of continental America is set at 114,311,000 this year. It shows a net gain of over a million and a half a year. The death rate has not increased since the census of 1920, but the birth rate has increased 11 per cent. Immigration, thanks to a more rigid enforcement of the immigration laws, has cut the influx from foreign countries from 952,000 in 1913 to 315,000 in 1924.

THE SUMMER TOURIST

With the arrival of the warm spring days the spirit of wanderlust begins to throb anew in the breasts of Michigan's great army of summer tourists, and already they are grooming the family flier against the day when they will take to the highways of the state in quest of rest and recreation amid the lakes and streams of the commonwealth.

It seems a peculiar thing, but with the beginning of the jaunt a Dr. Jekyll—Mr. Hyde spirit seems to take possession and away they go scattering bread crumbs, tin cans, paper plates and Sunday supplements in their wake. They have no hesitancy in hooking whatever of the farmer's vegetables and ripening fruits that come within the zone of their itineraries, yet at home they are as full of cleanliness as a goldfish and as honest as the day is long. Just why this has never been explained by the philomaths of the nation's remaining one of the unsolved mysteries of modern times.

DAWES SENATE REFORMER

Vice President Charles G. Dawes spoke at the annual convention of the Associated Press at New York on the importance of changing Senate Rules, declaring himself enlisted for the war on present Senate procedure.

Mr. Dawes declared that there should be nothing in the way of a proper functioning majority of Senators putting through any legislative program upon which they might agree. No necessity to change any rules for that—if a majority of the Senators agree on any item of legislation, there is nothing in the way of their putting it through the Senate.

Mr. Dawes doubtless has in mind the holding together of strictly party lines—that is to say, when any party has a majority of the Senate, that party has a right to call a party caucus, decide on legislation, then bind ALL Senators elected by that party, to support the party program.

COOLIDGE POINTS TO

President Coolidge speaking to the Daughters of the Revolution, opening their 34th annual convention in Washington, pointed to the great rift in the country. He said that it has been estimated that about 2,000,000 immigrants a year would have flooded to this country after the end of the world war, had it not been for immigration restrictions. "That is more than the country could digest," said the president. He spoke of the law restricting immigration as most helpful and one most necessary in preserving the American nation, and welding our people into a homogeneous mass of loyal American citizens. The Daughters of the Revolution cheered him to the echo. The American people are against unrestricted immigration.

BILLION CANDLE LIGHT HOUSE

Airships are coming to general recognition the world over. Every country is preparing to make air navigation as safe as water navigation. France has just completed on the top of Mt. St. Afrique, near Dijon, a light house to guide airships. That stands 2,000 feet above sea level, has a billion candle power light, and can be seen by airships for 500 miles.

This great light is built where the French air lines cross and converge, and may be counted as the eighth wonder of the world. Its cost was \$75,000. Its electric current is 8000 volts. The nearest lights in size are only 50,000,000 candle power, and can be seen but 25 miles.

JAPANESE AMBASSADOR

Trunoo Matsudaira, Japanese Ambassador to the United States, scouts all talk of war between America and Japan, and predicts that there will be a perfect understanding and pleasant peace between his country and the United States: "for very many years to come."

If there is one country in the world which should have the greatest feeling of friendship and amity for the United States that country is Japan. There is no reason why these countries should clash, and every reason why they should be friendly.

AFTER AMERICAN TRADE

German industrial interests are in New York preparing for the German Export Exposition at Grand Central Palace on June 15th next. Germans realize the great value of American trade and will make a very strenuous effort to restore it. For instance, a talking machine playing all standard records will be shown at \$3.50. A sewing machine using all standard needles will be shown at \$7.50. A typewriter doing standard work, will be shown at \$10.00. A vacuum cooking utensil will be shown that will cook a meal and keep it warm, and fresh for weeks.

RUM PROFITS ON DECLINE

Sir Broderick Hartwell, of the British more or less nobility, who has been engaged in rum running with his fast private yacht, to get the profit, necessary to support a tottering title, is back in England with a sorry tale to the effect that his last cargo was seized, and "there is no tally profit in rumming now, doncho-know."

The baronet is reported as saying in London that the American coast guard has finally succeeded in putting the lid on rum running, and that America may enjoy a sleepless season in the very near future.

SITTING ON PADLOCKS

Judge John C. Knox, judge of the United States Court for the Southern District of New York, will "sit on the padlocks" on May 4th. 150 liquor padlock cases await this hearing. This is the first "padlock court" on record, and Judge Knox expresses the hope that he will be able to clear the padlock within a month.

FOUR BUSINESS PLACES ROBBED OVER WEEK END

Thieves operating in Ann Arbor Saturday and Sunday nights stole about \$1,100 from the safe in the offices of the Connor Ice Cream Co., about 200 pounds of sheet lead and a number of heavy copper wire babbles from the plant of the Atlas Steel Co., Greene-St., and a safe containing \$16 from a Michigan Oil Co. station, and entered another oil station.

Thieves also entered a store in Ypsilanti Sunday. After the robbery the two men left in a Ford coupe and the police of Jackson on Monday found a clue of them between Grass Lake and Leoni but were unable to capture them.

NEW CHEVROLET PURCHASE PLAN MEETS APPROVAL

Cars and trucks aggregating \$6,000,000 have been sold under the Chevrolet Six Per Cent Purchase Certificate Plan since this copyrighted method was inaugurated among Chevrolet dealers seven months ago. The plan, regarded as a fundamental improvement in automotive merchandising, has met with such uniform approval that now more than 2,000 of the Certificates are sold each month.

Under its provisions a prospective car owner may start with an initial payment as low as \$5. If desired, a larger first payment may be made. This is followed by weekly or monthly installments suiting the convenience of the purchaser. These payments are then entered upon the back of the Purchase Certificate. When the sum of the payments plus the six per cent interest, earned reaches one-third of the retail price the car is delivered. The balance may be met either outright or on a deferred payment plan.

Another attractive feature is a provision that a Certificate holder who already owns a car gains a further credit toward his new automobile of six per cent of such amount as he may spend with the dealer for service, repairs or accessories on his old machine.

The Certificate savings are amply safeguarded. They are banked in a separate trustee's account, in a local bank. Over 2000 of these accounts are established in different banks in the United States. In addition all money paid in on a Chevrolet Purchase Certificate is insured against all loss by a strong and well known insurance company.

Ann Arbor—A bandstand will be erected on the university campus at Ann Arbor from which the university band will give concerts every Wednesday evening between 7 and 8 o'clock.

Dexter—The number of rough spots on some of the main streets of the village give evidence that considerable road work will be necessary to put them in shape for the coming summer.—Leader.

Freedom—Laura Scheld, teacher in district No. 8, reports the following pupils perfect in attendance and punctuality for the month of April: Lawrence Burkhardt, Carlton Burkhardt, Margaret Uphaus, Leonard Uphaus, and Helen Zentz.

Millan—The annual Memorial Day program is being arranged by the officers and a committee from The American Legion. It is planned to follow somewhat the same outline of program that has been customary for the past few years.—Leader.

Brooklyn—Mr. and Mrs. Geo. Njale have returned from Florida and reopened the Farm hotel at Wampler's lake. Mr. and Mrs. A. M. Hess motored through with them going to their home in Detroit for a week before coming out to their summer place at Wampler's Heights.—Exponent.

Jackson—Seven drivers who failed to take the tail light ordinance seriously left \$5 each in court Thursday, while one other took a chance and drove to the left of a standing street car and paid \$5 for that. R. G. Bradford topped off the morning with a \$20 fine for speeding, making a total of \$46 which changed hands during the morning session.—News.

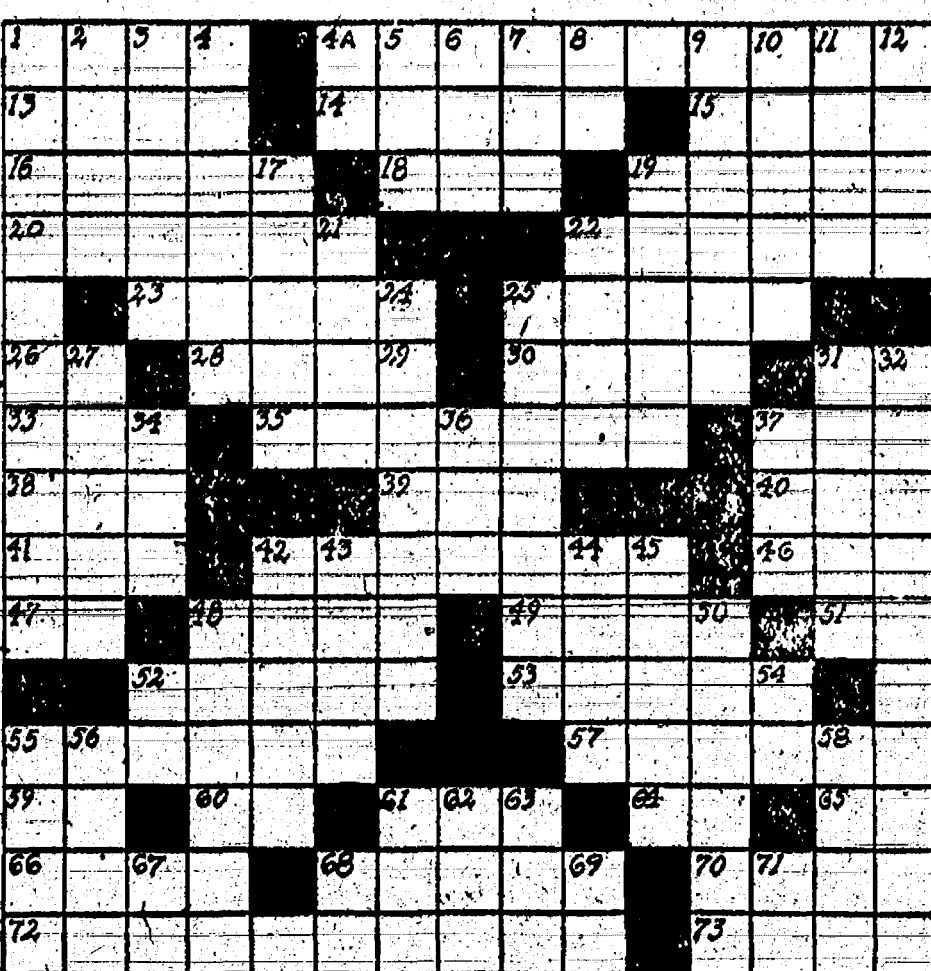

Parma—The board of education governing school district No. 1 fractional, Parma and Sandstone, was authorized at a special meeting last Saturday to purchase a tract of land, consisting of about three acres, to add to the present property. The election was held from 1 to 5 p. m. and a total of 72 votes were cast—59 for and 13 against the proposition, giving a majority of 46 for the purchase of the property.—News.

Eaton Rapids—P. T. Mitchell, who has been city engineer and electrician in Eaton Rapids for the past six years, will hand in his resignation to the city commission in the near future, to take effect June first, after which he will take over the city managership of the city of Petoskey, at almost double the salary he is receiving here. Mr. Mitchell will have entire charge of the city business of Petoskey, with all city employees under his supervision.—Review.

PUZZLE SECTION OF THE STANDARD

HOW TO SOLVE A CROSS-WORD PUZZLE
When the correct letters are placed in the white spaces this puzzle will spell words both vertically and horizontally. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle. Thus No. 1 under the column headed "Horizontal" defines a word which will fill the white spaces up to the first black square to the right, and a number under "Vertical" defines a word which will fill the white squares to the next black one below. No letters go in the black spaces. All words used are dictionary words, except proper names. Abbreviations, slang, initials, technical terms and obsolete forms are indicated in the definitions.

METHODIST HOME

(Received too late for last week)
Mrs. Clara Fayram spent a few days of last week visiting friends in Detroit.

Mr. and Mrs. Voght, Rev. and Mrs. Cards of Danville, called on friends Sunday afternoon.

Miss Gertrude Sherman of Detroit visited her mother, Mrs. Ella Sherman Sunday afternoon.

Mr. and Mrs. Brosius, Mrs. H. E. Piether and Miss Bain were Detroit visitors Friday.

Mr. and Mrs. Albert Pratt, Miss Ida Markle, Miss Alice Rice, Mrs. Albert Pratt, sr., and Miss Bird of Detroit, were Saturday callers.

Rev. and Mrs. A. W. Stalker of Ann Arbor were recent guests of Mrs. Martha Geddes.

Earl Walker of Detroit spent Sunday with his mother, Mrs. Melissa Walker.

Mrs. Van Buskirk entertained her daughter, Mrs. M. F. Monroe of Oxford for a few days last week.

The Home family wish to especially thank the German and Congregational churches for their kindness in bringing their programs of Easter to them.

Mr. and Mrs. Frank Miller of Detroit spent Sunday with their aunt, Mrs. Amelia Griffith.

Mrs. McLaughlin, Mrs. Todd, Mrs. Seelye, Mrs. Nelson, Mrs. Cross, Mrs. Jones, Mrs. Schley, Mrs. Buchanan, and Mrs. Hamble of Ann Arbor, gave a jelly shower to the Home family Wednesday afternoon.

Miss Gertrude Payne, Mrs. Bessie Adkin, and Mrs. Cooper of Toledo, attended the funeral of their aunt, Miss Eliza Gunn, last week.

Mrs. Susan Danson of Detroit, is the latest member to enter the Home.

Moles Not Entirely Blind
Moles have eyes, but they are hidden underneath the fur to protect them from the earth through which the animal burrows. A mole is well equipped with senses, for, in addition to its sight, it has a wonderful sense of smell, and its hearing is so acute that it can hear footstep above its underground house. That is why moles are so hard to catch.

Beat the Magic Carpet
From a schoolboy's essay, as reported in the Boston Transcript: "Lincoln wrote the address while riding from Washington to Gettysburg on an envelope."

the old Brighton boys now living in Detroit, and a home team. He said he knew a lot of the fellows would be glad to attend the home coming and do all they can to make it a success.—Argus.

Saline—Among the subjects that will be brought up for discussion at the next meeting of the Chamber of Commerce will be that of a large chemical engine, which may be used in case of fire in town or in the country within a radius to be determined later. There is such a fire-fighter located at Adrian and it is claimed it has proven very efficient and satisfactory at fires in the country, and a number of our rural citizens have expressed an interest in having one located here in Saline. The expense, spread over a large area, would be small.—Observer.

Howell—Monday two reporters or rather a cameraman and a reporter from the Detroit News visited the Sanatorium and took some pictures and procured data for an article either for or against the State Sanatorium at Howell. Two members of the Rotary club went to the Sanatorium with the reporters and assisted them the best they could. From the conversation with the news men the Rotarians thought they wanted to make some amends for the very uncompromising article published in the News against Howell in general and the Sanatorium in particular the last of the week. The article in question tried to be smart but couldn't, tried to be funny but failed miserably, tried to be dirty and could.—Republican.

Manchester—During the course of the past week Rev. David Cunningham was appointed by Rt. Rev. Michael J. Gallagher, bishop of the Catholic diocese of Detroit, to serve as assistant pastor to Rev. Jos. V. Pfeffer, rector of St. Mary's church, Manchester, and missions at Clinton Cambridge, Freedom, Brooklyn and Clark Lake. For some time past the need of one or more priests to share in the responsibilities and work of this extensive territory has been felt. Within the past two and one-half weeks alone seven members of this district have been attended to, prepared for death and buried from one of the local Catholic churches. With the opening of the summer mission churches very short of a third priest, Rev. Matthew Helwig, a missionary father, will be in attendance at Cambridge and Clark Lake.—Enterprise.

Preserving Blankets
Blankets, when they have been washed and thoroughly dried, should be well beaten. This has the effect of making the wool light and soft, and giving the blankets a new and fresh appearance.

Almost Unanimous
"Why are you always bragging about yourself?" "You don't ever brag about yourself, do you?" "I certainly never do." "Well, I've never heard anybody else bragging about you, either."—Cincinnati Enquirer.

Bird Has Brilliant Color

The common house sparrow of North America is a relative of the "chaffinch" and is brilliant in color. It is a native of the North Atlantic. The sparrow has been introduced into many parts of the world and has become one of the most common birds in the world.

Finger-Nail Defects

Finger-nails of the hands are sometimes affected by a local disease which can only be cured by a special treatment. If these defects grow toward the end of the nail, they may be eventually removed by the treatment. If they are longitudinal, they cannot be removed by this method, but can only be improved by thorough polishing.

Weight of Air

The poet writes of "air" in his "air", and we often talk of "airy nothing", but the atmosphere which surrounds our planet and accompanies it in its journeyings through space is not so light as we often imagine. Its average pressure is 15 pounds to the square inch.

The barometer, as its name implies, is an atmosphere weigher, and on the varying weight noted over large areas, depend our daily weather forecasts. A change of an inch in the height of the mercury column means a change of atmosphere weight of half a pound per square inch on the earth's surface, so that even a change of one-tenth of an inch in the barometer represents eighty-eight thousand tons per square mile. A change of an inch over the land area of the British Isles signifies the colossal total of considerably more than one hundred thousand million tons of air.

Art of Dining Out

Dining out is an art. It is not learned in a day; and as the right guests at a table are as important as the food and drink if not more so—care must be taken in their selection, writes Charles Hanson Towne, in Harper's. The hostess who gives no thought to the placing of those around her board is a social fool. She does not deserve even the modicum of success. For when people are to be intimate with one another for two hours, imprisoned at an inelastic table, there is a serious aspect of the situation which requires foresight and a profound knowledge of human nature. Many dinners fail because there has been no diagram made of spiritual needs.

Queer "Felicitation"

Ignorant of English, a Frenchman wished to telegraph his congratulations to an English friend on his marriage.

He wrestled with the dictionary until the happy couple were fairly on their honeymoon, and by that time he had evolved the following: "May you be very happy in the workhouse."

His friend was about to demand an explanation, when it dawned upon him that what was meant was "May you be happy in the union." For the benefit of American readers it should be stated that all English workhouses (or institutions for the poor) are known as "workhouses."

Some Observations on Man, and His Helpmate

"There is only one test of a man's character—his attitude to women." "A man hates a woman to be remarkable, not because it renders them both conspicuous, but because it lessens his chance of being so."

"To find out whether a man is worthy of a woman's consideration from you, watch his attitude to women who are older and poorer than himself, and see him in a moment of unexpected success. Even then you can't be quite sure, for whereas women sometimes pose before other people, men pose all the time, and particularly to themselves!"

"It is highly inconsiderate of any wife to be unwilling to spring at once into the posture her husband wishes her to adopt; to be kittenish when he wishes to toy, adoring when he desires to soar, submissive when he desires to converse as with an equal. It is just like a woman to have moods of her own at such a time."—From "Mere Man," by Honor Bright.

Cloth-Made From Bark

A material made from the bark of the wild mulberry, is beaten out with wooden mallets and decorated with designs made from vegetable dyes. A canopy of tape cloth is used by a widow in Waukegan when she crawls on her hands and knees to make her daily visit to her husband's grave. She is hidden from the eyes of the villagers by a canopy of tape cloth.

ORDER OF PUBLICATION

STATE OF MICHIGAN
In the Circuit Court for the County of Washtenaw, In Chancery.

Hannah Fabry,
Plaintiff,
vs.
Azel Backus, Elisha Congdon, Louisa Mast, Magdalena Foster, Maria Nelson, Rola S. Armstrong, and their devisees, heirs and assigns,
Defendants.

At a session of said court, held at the Court House in the City of Ann Arbor, Washtenaw County, Michigan, on the 28th day of April, A. D. 1925. Present: Hon. George W. Sample, Circuit Judge.

In this cause it appearing by the bill of complaint duly verified, presented and filed and to the satisfaction of the Court that Azel Backus, Elisha Congdon, Louisa Mast, Magdalena Foster, Maria Nelson, Rola S. Armstrong and their unknown heirs, devisees, legatees and assigns, are necessary and proper parties to the above entitled cause and are interested therein in the subject matter involved and whose names appear in the office of the Register of Deeds for the County of Washtenaw, Michigan, as having at some time claimed a right title or interest or estate in the subject matter of said cause, or some portion of it, or as having a lien or charge thereon without having conveyed or released the same, and who might at any time under the provisions or legal effect of such instruments or record claim or attempt to claim or be entitled to claim benefits thereunder, and it further appearing to the satisfaction of the Court that the said above named parties are dead or their whereabouts unknown to the said plaintiff, and after diligent search and inquiry they have been unable to ascertain the name or where any of them or their heirs reside or whether such interest as they may or might have therein have been disposed of by will or otherwise, and that such defendants cannot person-

ally be served with process. Therefore, on motion of Jacob F. Fahrner, Attorney for said plaintiff, it is ORDERED that the appearance of said defendants and each and all of them be entered in this cause within three months from the date of this order, and that in case of their appearance they cause their answer to the bill of complaint to be filed and a copy thereof served on the Attorney for the plaintiff within fifteen days after service upon them or Attorney for a copy of said bill of complaint, and that in default thereof said bill be taken as confessed by each of said defendants.

And it is further ORDERED that the said plaintiff shall cause a copy of this order to be published in the Chelsea Standard, within forty days from this date, a newspaper printed and circulated in said County of Washtenaw, and circulated therein, and that such publication be continued therein once in each week for at least six successive weeks, or that said plaintiff cause a copy of this order to be personally served upon said defendants and upon each and all of them at least twenty days from the prescribed time for their appearance.

George W. Sample,
Circuit Judge.

Countersigned:
Claramon L. Pray, Clerk.

To Said Defendants:
Take Notice that the above entitled cause involves the title to the following described premises situate and being in the Village of Chelsea, Washtenaw County, Michigan, and is brought in said Circuit Court for the County of Washtenaw, In Chancery, for the purpose of quieting title to said described premises, to-wit: Lot two in block seventeen of Elisha Congdon's Third Addition to the Village of Chelsea, Michigan, according to the recorded plat thereof.

Optometry—Its Value To The Public

By A. E. Winans & Son

Errors of vision prevent progress at school?

Yes, the brightest child if he has an error of vision will not succeed as he might.

What percentage of school children are in need of an eye service?

Possibly 25 per cent.

How was this estimate determined?

By the actual examining of thousands of school children's eyes.

Some children are near-sighted? Yes, a certain percentage are.

Is this defect more likely to be detected by the child's parents or teacher?

Yes, there is a possibility of near-sight being detected, because the child cannot see as far as he should, and is likely to complain of the fact.

Can near-sight be corrected with glasses?

Yes, a near-sighted person may be satisfied at the improvement in vision on wearing a correction.

Have the Same Meaning

The words "hue" and "chimey" may be used interchangeably, but the word "chimey" usually has reference to the upright structure of brick, stone or the like that extends some distance above a building; it also has reference to the funnel or stack of a steam boiler. The word "hue" is the channel or passage for smoke, air and the gases of combustion to pass through.

To Remove Candle Grease

All that is required to remove candle grease is a blotter or a piece of brown paper and a hot iron. The blotter or brown paper is placed on the grease spot and the hot iron is placed on the blotter or brown paper. After a few minutes the iron and blotter are removed and no trace of the grease spot remains.

RESULTS THAT REMAIN

Are Appreciated by Chelsea People.

Thousands who suffer from backache and kidney complaint have tried one remedy after another, finding only temporary benefit. This is discouraging, but there is one kidney medicine that has earned a reputation for lasting results and there is plenty of proof of its merit right here in Chelsea.

Here is the testimony of one who used Doan's Pills years ago, and now makes her testimony even stronger.

Mrs. W. D. Arnold, E. Middle St., Chelsea, says: "I suffered greatly from dull, nagging backaches and a distressing pain through my kidneys which gave me a great deal of trouble. Doan's Pills from Fenn's Drug Store helped me wonderfully. They rid me of the backaches and corrected the action of my kidneys. I was better in every way after using Doan's."

The above statement was given July 7, 1909 and on April 27, 1920, Mrs. Arnold added: "I have the same good opinion of Doan's Pills now as I did when I recommended them before. They cured me and the cure has lasted."

ORDER FOR PUBLICATION

STATE OF MICHIGAN

In the Circuit Court for the County of Washtenaw, In Chancery.

Frank A. Dehl and Ida Dahl, Plaintiffs.

vs.

Jacob A. Polhemus, Henry Ramsey, James W. Brown, Clayton Gaskill, Moses Rogers, James Brown, Mary I. Webster, Mary J. Webster, Sarah Ann Vandewalker and each of their unknown heirs, devisees, legatees and assigns, Defendants.

At a session of said court, held at the Court House in the City of Ann Arbor on this 26th day of April, A. D. 1925.

Present: Hon. George W. Sample, Circuit Judge.

In this cause it appearing by the bill of complaint duly verified, presented and filed and to the satisfaction of the Court that Jacob A. Polhemus, Henry Ramsey, James W. Brown, Clayton Gaskill, Moses Rogers, James Brown, Mary I. Webster, Mary J. Webster, Sarah Ann Vandewalker and each of their unknown heirs, devisees, legatees and assigns, are necessary and proper parties to the above entitled cause and are interested in the subject matter involved therein and whose names appear in the office of the Register of Deeds for the County of Washtenaw as having at some time claimed a right, title, interest or estate in the subject matter of said cause, or some portion of it, or as having a lien or charge thereon with same, and who might at any time, under the provisions of legal effect of such instruments of record claim or attempt to claim or be entitled to claim benefits thereunder, and it further appearing to the satisfaction of the Court that said above named parties are dead or their whereabouts unknown to the said plaintiffs, and after diligent search and inquiry they have been unable to ascertain the same or where any of them or their heirs reside, whether such interest as they may or might have therein have been disposed of by will or otherwise, and that such defendants cannot personally be served with process, therefore, on motion of Louis E. Burke, attorney for said plaintiffs, it is ORDERED that the appearance of said defendants and each and all of them be entered in this cause within three months from the date of this order, and that in case of their appearance they cause their answer to the bill of complaint to be filed and a copy thereof served on the attorneys for the plaintiffs within fifteen days after service upon them of their attorneys for a copy of said bill of complaint, and that in default thereof said bill be taken as confessed by each of said defendants and it is further ORDERED that said plaintiffs shall cause a copy of this order to be published in the Chelsea Standard, within forty days from this date, a newspaper printed and published in said County of Washtenaw, and circulated therein, and that such publication be continued therein once in each week for at least six successive weeks, or that said plaintiffs cause a copy of this order to be personally served upon said defendants and upon each of them at least twenty days from the time prescribed for their appearance.

Pickup for Treasury

The Post-Office department says that money found in letters sent to the dead letter office is turned over to the Treasury department as miscellaneous receipts.

Go Up Into These Mines

One usually thinks of mines as deep and far below the surface of the earth. But in South America many of the most famous mines are not only deep but also high in the air, being situated in the lofty ranges of the mighty Andes. At this place, where one of the largest and richest copper mines in the world is being worked, by an American copper corporation, the mine is 1,000 feet deep and more than 14,000 feet above sea level. To reach it from Lima one crosses a mountain pass by railroad at an elevation of more than 15,000 feet above sea level. One of the newest Peruvian copper mines is entered at the bottom, the miners working upward toward the mountain toward veins which rise vertically.

Disposal of "Dead Letters"

Letters and other mail matter which cannot for any reason be delivered are sent to the dead letter office. Where possible the dead letter office returns the letters to the senders. Otherwise the letters are destroyed. Valuable articles are kept for a certain length of time in the office. Some time ago the Post-Office department sold at public auction a large number of such objects. Inquiries respecting lost mail should give the date when it was mailed and should be addressed to Division of Dead Letters, Post-Office Department, Washington, Pathfinder Magazine.

Die in "Wishing Pool"

The finding of the body of a young woman at the "wishing pool," to which girls of Society, England, went to wish for a sweetheart, has disclosed that many suicides have been committed there.

Scratching Polish

Abusive particles in house polish scratch and the polish should never be used on nickel trimmings. Also when cleaning a car with sponge or chemicals the strokes should be in straight lines, not circles.

Laugh

The silverware salesman gave a laugh.

"Do you see that dame with the diamond-stomacher?" he said. "Well, she must be one of them new-rich millionaires."

"Yes? Why so?"

"She's been buying anger tongs—solid silver, you know. She chose our most expensive tong, and then she said, 'I'll take a dozen.'"

"A dozen?" I said, surprised.

"Yes; one for each person," says she.

"Then she kind of reddened. She misunderstood my surprise."

"I never give her parties," she says. "A dozen'll be quite enough, young man."

What the World Is Doing

As Seen by Popular Mechanics Magazine

Adjustable Footing for Ladder

Painters, carpenters, plumbers and others whose trade necessitates the frequent use of a ladder, are often inconvenienced by the ladder slipping toward one side due to a slight slope in the ground. The usual remedy, which anyone naturally thinks of first, is to block up the ladder, but blocks are not always handy. A detachable footing of the kind shown in the drawing is much more reliable, and as it is a small article it can readily be transported with the other equipment. It consists of a section of buggy-wheel rim, or slice of a section of similarly curved wood. A slot is cut in each leg of the ladder to straddle the rim, and a short length of hardwood is fastened to it by means of a bolt and two strap-iron braces, as shown. The upper end of this stick is passed through the rim, and which it is placed around the rung, and which it is placed around the rung, and which it is placed around the rung.

Label Your Battery Leads

It takes but a few minutes to make a set of little square or round cardboard labels for the A and B battery leads; holes being punched in the labels and the wires threaded through them, and the fan who has burned out a few tubes by accidentally connecting the B battery to the filament circuit will appreciate the tip. For those who want something a little more pleasing to the eye than the cardboard labels the latter can be made of brass. The labels should bear the name of the battery, the voltage and the polarity.

Handling Ford Driveshafts

Ford driveshafts can be conveniently handled on the workbench by providing two brackets of the kind shown in the illustration. These are made of 3/4-in. flat steel cut and bent to the shape indicated and bolted to the bench top. One bracket has a square hole to receive the universal-joint end of the shaft and the other is cut to hold the rear sleeve of the housing.

Aerial Supports of Metal Improve Reception and Aid Grounding

A practical support for antenna wires is now available, which may be used for supporting a single strand, or an aerial consisting of several wires. The support, which is strongly made of metal, offers a place to mount the lightning arrester where it is most effective. It is claimed to assist in the elimination of static by providing a direct uninterrupted path to the ground for this disturbing element, to aid in clearer reception, and permit greater distances to be covered. It eliminates the use of wood and nails, and does not detract from the appearance of the building. When mounted on frame buildings, the anchor screweyes on the end of the safety chains or braces are screwed firmly into the wood, and when used on brick buildings, the screweyes are provided with expansion shells which are placed firmly into holes drilled in the brickwork.

Paving the World's Streets

The lake of asphalt in Trinidad has fallen only fifteen feet since its discovery by early explorers, despite the fact that approximately 4,000,000 tons of road-making material have been removed. It is estimated that 10,000,000 tons of the mixture have been churned into asphalt by presses during the ages in Pitch Lake, which is known as Devil's Caldron among the natives. To transport the material, rails mounted on cars have been extended over the surface, and cars are run out to the diggers who never move the scene of operations, as each morning finds the holes left by the previous day's activity filled up. About every three days, the pitch covers the railway, which slowly sinks into the soft material and must be raised and relaid. By means of this track, 100,000 tons of asphalt are withdrawn from the lake each year. The entire deposit covers an area of about 110 acres, but its depth has never been measured.

Spare the Ice and Spoil the Food

ACCORDING to Uncle Sam, many families spend one-third of their incomes for food.

Now, as just a matter of plain house-keeping mathematics:

Is it worth while to invest the few cents in ice that will protect the value of all that food? The answer being so unopen to argument, we wonder how any family can practise the false "economy" of food risked to spoilage.

Food left in a room - on a window shelf - left over night in anything but a well iced refrigerator can very easily spoil. That's why ice is needed every day in the year - and we're here to serve you.

CHURCH CIRCLES

METHODIST EPISCOPAL
Rev. U. S. Bailey, pastor.

We had a very delightful service last Sunday. We hope to have a good one Sunday. The pastor's subject will be "The Final Harvest." There is a great mixture of good and evil in the world; how is it to be disposed of? Why does God tolerate evil? Our pulpitorial, 5 minutes. What has become of Hell? We want 200 in our Sunday school "Mother's Day."

The young people's meeting—all come. Something different Sunday evening. The Wesleyan Guild Orchestra, of Ann Arbor, will be present, also two speakers who will have charge of the evening services. The weather has been fine and there is a strong tendency to go see our relation on Sunday—but how about our Church? How about God, where does He come in? Come to church. The radio, the automobile, the pleasure craze, constitute the gravest menace of the church. Nothing wrong—only when they are substituted for the worship of God.

CONGREGATIONAL

R. L. Sutherland, Minister
Hours of worship, 10 a. m. Our church school at 11:15 a. m. Theme for morning worship will be "Virtue of Simplicity." No evening service. Kindly remember our last All Parish Night for this season, will be Thursday evening, May 7th, at the

church at 6:30 with a scrub lunch and program. At the close of this meeting the Brotherhood will meet at the home of Mr. Nelson Dancer. Every man invited. A big program for Brotherhood.
