In fact, anything in the paint and varnish lines—we have. Stop mistakes in painting. Let us assist you in the selection of proper materials for your special requirement, and aid in the best possible results.

**HOLMES & YOUNG**

## ST. MARY'S WILL ERECT NEW SCHOOL BUILDING

Talbot and Meier, Contractors, Start Building Operations on Modern Structure Tuesday.

(By Rev. Fr. T. J. Fallon)  
Building operations on the new St. Mary's School were begun Tuesday, May 12th, by Talbot and Meier, General Contractors, whose headquarters are in Detroit. The commission for drawing the plans and specifications was awarded to Arthur Des Rosiers, Architectural Engineer, after preliminary sketches had been submitted by six other architects.

The Rt. Rev. Michael J. Gallagher, Bishop of Detroit, to whom all such matters are referred, approved the plans and specifications and authorized their execution at an approximate cost of \$55,000.00. The building is to be fire-proof and adequate to the needs of the parish. It will be completed for the Fall term of school.

Only after a careful study of the basement of the old school with a view to making the fullest use of it, and thereby reducing to the very lowest the cost of rebuilding, were the plans finally settled upon and submitted to the Rt. Rev. Bishop for approval. The plans provide for the hall or auditorium to be placed on the ground adjoining the site of the old school to the south, that is, between the old school and the convent.

The advantages of the auditorium being somewhat separate from the other part of the school and accessible from the ground level are obvious and obtained without additional expense. The school is being rebuilt on the original foundation, with the one exception mentioned above, that the hall will be located on the ground level instead of being placed over the classrooms as before. The old arrangement has been found to be inconvenient.

The auditorium portion of the school will be dedicated to the memory of Herbert J. McKune who was killed in action at Chateau Thierry on October 4th, 1918, far from the land he loved. This boy, a member of the very first class graduated from St. Mary's high school in 1916, the son of Hugh Timothy McKune and Mary Ellen Farrell, was born on April 24th, 1899. On the birthday of the immortal Washington, February 22, 1918 he offered his young life to the cause his country had espoused by enlisting in the 87th Company of the 5th Regiment of the Marines at Parris Island.

His comrades of the American Legion in this community have cherished the memory of his sacrifice in naming their Post, "The Herbert J. McKune Post of the American Legion." It is eminently fitting that the people of St. Mary's Parish should not do less than his boyhood companions, and at this time grave in imperishable stone over the entrance to the Auditorium of the school this inscription: "Dedicated to the memory of Herbert J. McKune, a boy of this community and this parish, who laid down his life in the battle of Chateau Thierry, October 4th, 1918. The First Fruit of St. Mary's High School and a glorious type of American Citizen."

In conclusion—in connection with the task of rebuilding to which the people of St. Mary's address themselves, it will not be deemed out of place to here give expression to the sentiments of gratitude and esteem towards our fellow citizens of other religious views who have been more than kind in the hour of our trouble.

About twenty years ago a goodly number of the non-Catholic people of this town out of the goodness of their hearts gave substantial assistance to the project of building the first St. Mary's School. In this day when the congregation of St. Mary's faces a somewhat larger financial burden, it is a source of much encouragement to both them and the priest to experience the same hearty good will. A very fine exhibition of all that is best in American Citizenship was given a few days ago by a member of the Kiwanis speaking for himself and as the representative of other members of this community when he indicated the manner in which it was planned to render financial aid to the Catholic people in their building program. If the spirit of the illustrious dead are still interested in what we mortals do back here on earth, Herbert J. McKune must be rejoicing that his sacrifice was worth while.

**WILL ORGANIZE UNIT OF NATIONAL GUARDS HERE**

A meeting of Company K, Ann Arbor National Guards, will be held at the Woodmen Hall, Tuesday evening, May 26th, at 8 o'clock.

## STORES WILL CLOSE ON SATURDAY, DECORATION DAY

According to announcement given out by the committee in charge, Chelsea stores will be closed all day Saturday, May 30, Decoration Day. This action is taken in honor of the day's significance and it is hoped people of Chelsea and vicinity will join with the G. A. R. and other organizations in observing the day.

In view of the fact that stores will be closed on Saturday, business places will keep open on Friday and Friday night as customarily done on Saturday. Persons wishing to do trading for the double holiday will do well to keep this in mind and remember the day—Saturday, May 30, Decoration Day will be a holiday locally and stores WILL BE CLOSED.

## HINDELANG, HOLMES & WALKER HARDWARES MERGED

Work of involving is going on at the Holmes & Walker Hardware store following consummation of a deal whereby the stocks of the A. G. Hindelang and Holmes & Walker hardware stores are being merged under the name of Hindelang Hardware Company. With A. G. Hindelang actively managing the same, the business will be conducted in the location now occupied by the Holmes & Walker stock.

Mr. Hindelang is one of the oldest hardware men of the village, thoroughly experienced in his business. Mergers of the two stores will make one of the largest hardware and furniture stores in this section and no doubt will add greatly to the hardware business done in Chelsea.

## PRINZING-GIPPY WEDDING

Miss Edith Prinzing and Claude Gippy of Detroit were quietly married Thursday, May 14th, in Detroit at the Metropolitan Methodist church at one o'clock, Rev. M. S. Rice performing the ceremony. The young couple were attended by Miss Nellie Farmer of Ann Arbor and J. Northrup of Toledo, Ohio.

The bride was gown in light blue silk and wore a picture hat to match and carried a bouquet of roses and sweet peas. The bridesmaid wore buff color crepe dress and hat to match and carried sweet peas. After a few days visit with relatives in this vicinity the young couple will leave for a trip to Butte, Montana, to spend about three months. On their return they will make their home in Detroit, where the groom has a position.

The bride is a daughter of Mr. and Mrs. Chris Prinzing, former residents of Sylvan and has the best wishes of a host of friends.

## MAKE SURVEY OF VALUE OF TELEPHONE ON FARM

Recently in North Dakota the question came up as to how much telephone service is worth to the farmer. A study, based on what was saved in time and traveling expenses to the farmers on business calls, was made among three representative farmers.

To one farmer it was revealed that telephone service was worth \$7.75 a month, to a second, \$10.80, and to the third, \$22.50. Farmer No. 1 made 39 business and 22 social calls; farmer number 2, 70 business and 35 social calls; farmer number 3, 91 business and 41 social calls. No attempt was made to measure the value of social calls.

Only outgoing calls were considered in this study. While incoming calls have a considerable value, it would be difficult to find a basis of measurement. Nor in such a study could the value of the telephone be measured in cases of emergency.

## UNION MEMORIAL SERVICES SUNDAY AT M. E. CHURCH

There will be Union Memorial services at the Methodist church Sunday, at 10 a. m. A union choir of twenty voices or more will furnish special music. Rev. P. H. Grabowski of St. Paul's church, will preach the sermon. It is hoped that the church will be crowded to the doors. Order of service:

Orchestra.  
Revellie.  
Hymn.  
Prayer and Gloria.  
Prayer and Scripture—Rev. Sutherland.  
Hymn.  
Offering.  
Anthem—"Praise the Lord, All Ye Nations."  
Sermon—Rev. P. H. Grabowski.  
Anthem—"Beyond the Sunset."  
Hymn.  
Benediction.  
Collection.  
Prayers.

Chelsea Junior and Senior High Schools have been service ever in Chelsea and in honor those who offered their lives for their country in the last war.

## NEW STATE LAW GOVERNS MOTOR VEHICLE OPERATION

Steps For Enforcing Statute Being Taken Immediately, According to State Officials.

Broad changes in the state laws governing the operating of motor vehicles became effective Friday when the Wells-Horron-Butler-Jewell bill was transmitted to the Department of State bearing the Governor's signature.

For the first time a positive dimming law is on the books. It stipulates that drivers shall dim not more than 600 feet away from an approaching car, unless lights are of non-glaring variety.

Cut-outs and exhaust whistles are absolutely banned. The law specifically states that cut-outs are not permitted.

The general passenger car law relative to lights—two headlights in front and one tail light—is unchanged, but a new clause was added making it mandatory for drivers to have the required number of lights functioning. Failure to have a vehicle properly lighted can now be termed reckless driving, and a driver's license may be suspended for violation.

A radical change in the lighting system for busses and trucks is prescribed. Trucks weighing more than two tons and passenger busses must have, in addition to the regular lighting equipment, three green lights in front, at the top of the windshield, and three green lights at the point of greatest visibility in the rear. The idea of this section is to give passenger car drivers warning when approaching a large commercial vehicle. Owners, as well as operators of commercial cars are held liable.

The new law provides distinctive license plates for commercial vehicles. Inasmuch as plates have already been issued for 1925 this section will not be enforced until 1926. Commercial vehicles, including passenger carriers, must be equipped with speedometers, so State inspectors may more readily check their speed.

Stiff penalties for violations of any section of the act are prescribed. First offenders are subject to a \$25 fine and 10 days imprisonment; second offense, \$50 and 30 days; third offense, \$100 and 60 days.

According to the Secretary of State steps to enforce the new law are to be taken immediately.

## BIRTHDAY ANNIVERSARY PLEASANTLY CELEBRATED

A pleasant surprise party was held Sunday evening, May 10, at the home of Mr. and Mrs. Harold Klingler, of Ann Arbor, formerly of Chelsea, celebrating the birthday anniversary of Mr. Klingler.

A dainty lunch and refreshments was served at 10 o'clock, and many gifts were received by Mr. Klingler. The following guests were present: Mr. and Mrs. Warren Wheelock of Wayne, Mr. and Mrs. Theo. Schmidt and daughter Joan of Ann Arbor, Miss Clara Straith of Wayne, Mr. and Mrs. Ed. Miller and sons, Junior and Jack, of Chelsea, and Ralph Klingler of Chelsea.

## PIERCE CASSIDY TAKEN BY DEATH MONDAY

Stricken while at his work late Monday afternoon, Pierce Cassidy, 74 years old, 110 North High street, Jackson, was found dead in the basement of A. E. Nicholls meat market, 192 Michigan Avenue, West.

Coroner John Pulling and Constable Frank Timmons were called and after an investigation decided an inquest would be unnecessary. Death, it is believed, was due to heart trouble.

Mr. Cassidy, according to A. E. Nicholls who found the body, had been working in the basement putting strings in bacon. When Mr. Nicholls went into the cellar and failed to see him he started a search and found him lying on the floor at the north end of the building. He had been dead about an hour.

Mr. Cassidy had been employed at the Nicholls market about five years and had been in the meat business for many years. He made his home with his son, Ambrose J. Cassidy, 110 North High street. This son and a daughter, Mrs. Catherine Peterson of Kalamazoo, and two grandsons, John Deway Cassidy and Edward Pierce Cassidy, survive.

Funeral services were held from St. Mary's church, Jackson, Wednesday at 9 o'clock; burial at Mt. Olivet cemetery, Chelsea.

Mr. Cassidy was a former resident of Lyndon and was well known in this vicinity.

## Editorial

### LOOK THEM OVER

One of the grave dangers always confronting us as a nation is the possibility that the people as a whole are liable to drift into a period of indifference, especially during the time of inactivity between sessions of Congress and major political campaigns. Just now the sensation seekers and advocates of personal preferment have packed up and left Washington and the country is enjoying a little peace and contentment.

Why wouldn't it be a good plan to search out a few of these self-seekers during the next few months and turn the white glare of publicity in their direction? The nation is heartily sick of these barnacles upon the body politic and the sooner they are gotten rid of the sooner we are going to be benefited as a whole. Now that they are back home, back where we have a good opportunity to look them over at close range, there wouldn't be any harm in giving them a pretty close inspection. It is time we resolved to weed out the undesirables and in the next campaign give the quiet, unassuming legislator, who works assiduously for the general welfare of the nation, a long deferred opportunity to go about his work unhindered. Eternal vigilance is the price of liberty and we have been slumbering too long already.

### TAKING CHANCES

One always takes chances in patronizing peddlers, but the degree of chance may vary. It is possible to buy dress goods from a peddler without loss except to the pocketbook and one's pride; a shoe purchase from a peddler may carry with it only a loss of time and money, but the man or woman who buys drugs from a peddler is taking a real chance. The drug peddler cannot be checked up by the state or federal authorities. He is here today and gone tomorrow. His transactions are at your back door and by the time any spurious goods are discovered he is far, far away. A druggist is a skilled and trained man. He knows the compositions of medicines and his advice is always valuable. Yet drug peddlers are thriving in this country, due to the American tendency to purchase from peddlers. It sometimes pays to take a chance, but never when one's health is at stake.

### STRONGER FOREIGN POLICY

Washington took in the speech of Ambassador Houghton, in England, the beginning of a new foreign policy by President Coolidge. It is said at the capital that the president is setting his face sternly against public or private loans to foreign countries, to be used in any part for war preparations.

Secretary Kellogg, of the State Department, is seeking closer and more amicable relations with Latin American countries, to cement sentiment on the two continents in a solid policy of non-interference from Europe or the Orient, which is considered another important move in the new foreign policy of the administration.

### PROFITEERING ON

**HUMAN SENTIMENT**  
Tradesmen go to great lengths, sometimes, to increase profits. Mother's Day is a perfectly legitimate and worthwhile day to commemorate. Its observance was clouded by some of the published about the day. New York City, for instance, reported the day in price of carnations the week before Mother's day. It is fair enough, and helps to hold the day in memory for tradesmen to advertise fitting things for gifts on that day, but to organize for the purpose of profiteering on the sentiment of that occasion is a despicable thing.

### OIL TANKS RUSTING OUT

Reports from Honolulu are to the effect that oil tanks are rusting out. Secretary Wilbur of the U. S. Navy says that the corrosion is not serious. Honolulu authorities come back with the statement that the damage is already serious, and that unless something is done, the tanks will be utterly destroyed by rust in a few years. They urge that a little oil stored in them would stop the ravages of rust.

### COAL MINERS' WAR LOOMING

Two injunctions were obtained in federal courts last week against striking coal miners. One concerned miners in Indiana, and the other in West Virginia. With war clouds already hovering over the coal fields of the country, these injunctions will hasten the conflict that now seems inevitable. Those who use coal and gas get it, will do well if they get it as soon as they are able.

### TO KILL REDS

Italy is preparing for passage a national defense act, which will provide capital punishment for communists who spread propaganda calculated to overthrow the existing government.

## WHOLESALE DEATH OF INFANTS

Mrs. Helen Gelsen-Volk was arrested in New York City, and placed under bond of \$38,000 after the death of twenty-two babies in an "infantorium" run by her at 285 East 88th street, New York City. The wholesale deaths, occurring so suddenly, aroused the suspicion of officials, and her arrest followed. A full investigation is being made.

New York City, more than any other city in the world, perhaps, is the home of undesired children, both illegitimate and legitimate. Such children are sent to such "institutions" as that run by Mrs. Gelsen-Volk, and the sooner they disappear the better the "parents" like it. For this condition, New York Society is to blame. Any investigation into the cause of these deaths ought to be carried farther to determine who was responsible for bringing them into the world, and why they were put in such a place. If the veil were lifted—if the investigation would go to the bottom of the thing, there is no doubt that a tale of horror would be unfolded, the life of which has not been recorded since the world began. This sort of criminality has been going long enough, and if there were sufficient publicity to put an end to a little of it, humanity, civilization and society would be vastly benefited.

### HOW DID "WAR GAME" END?

The public is somewhat confused as to just what resulted in the Army-Navy war game at Honolulu. First, there was a report that the Navy had "taken the island." Then came the report, seemingly confirmed, that the defense plan had been to allow the navy to apparently "take" the islands, then blow the navy out to sea, technically speaking. It was generally admitted that this had been done. Now we are told that the umpires gave the decision to the navy, and that there are to be recommendations to Washington recommending the improvement of Hawaiian defense to make the island impregnable. Is this another campaign of suppression to conceal the weakness of the American navy in airplane attacks?

General Mitchell tried to tell the truth and inform the American people. He was demoted for his utterances. We are beginning to wonder just what the truth is about our navy.

## INTERNATIONAL POLICE CONFERENCE HELD

The Second Annual Police Conference was held at New York City, with police representatives of 50 nations present. This is the greatest get-together meeting of police heads in all history, and ought to bring about very much of benefit to the men entrusted with enforcing laws of the nations. The police of the big cities of the world can do more than any other power to prevent wars and serious uprisings, which, generally speaking, are violations of the law. The conference ought to produce something worth while in the interest of law enforcement.

### WANTS MORE LETTERS

Dr. Frank H. Vizetelly, managing editor of the Standard Dictionary, wants forty-eight letters in our alphabet instead of the twenty-six we now have. There, Dr. Vizetelly says, forty-eight sounds, and a letter is needed to express each sound to prevent "mumbling and jumbling." If the doctor can take twenty-two additional letters and accomplish that, he is welcome to do it so far as we are concerned.

### NEW LONG ISLAND ROADS

A great system of new roads, on Long Island is planned this year by the Long Island State Park Commission. This is found necessary to relieve traffic.

A survey is to be made in Orange County, looking to the widening of state roads already in existence, and the building of more concrete highways to relieve traffic congestion.

### COOLIDGE ON NEW TRACK?

Washington is stirred with rumors that President Coolidge has a new plan for participation in world cooperation. It is to ask for an international peace agreement entirely outside of and apart from the League of Nations, which would recognize and enforce decrees of the Permanent Court of International Arbitration, at the Hague.

### "BOOTLEGGING IN CITIZENS"

Washington is reported quite perturbed over the proof that some 125,000 aliens, over and above the quotas of the nations, that have been "bootlegged" into the country, as the expression goes. Ways and means of suppressing this illegal flow of aliens into this country are being sought.

### MORE POLITICAL EDUCATION

Robert Erskine Ely, director of the League for Political Education, has announced a plan for extensive work this summer. Nationally known men and women are to write, lecture and broadcast over radio, in an effort to have the American people better understand their country, its government and its needs.

### GENTLEMEN AND SCHOLARS

Commander Randolph Ridgely, at the dry naval base at Atlantic City has wired Washington that no underworld methods have been undertaken by smugglers in that vicinity. "They seem to be gentlemen and scholars," said the commander. Paid President Butler of Columbia.

### TO DISINHIBIT SLAVE

Illinois is planning to pass a law which will disinherit slave owners.

**Architecture Defined**  
Among many definitions of architecture there is one which, translated into the language of the layman, is especially apt. It is as follows: "Architecture is the art of building certain qualities into a building certain qualities—namely, logic, strength and beauty."

**Ancient See**  
The see of Canterbury, occupied by the prime of the Church of England, was established about 400, by Augustine, a Benedictine monk, sent by Pope Gregory the Great, in 597, to convert England to Christianity.

**Submarine Sirens**  
Electric sirens for submarines have been invented by a Swedish engineer to prevent collisions of the boats and to warn other vessels to clear out of the way when the subs are about to return to the surface of the water.

## BREVITIES.

**Saline**—The convicts that were working on M-25, east of Saline, have been transferred to the Plymouth road until the outcome of the D. U. R. track question is settled.—Observer.

**Manicure**—A little more brush and weed cutting should be done on some of the cross roads, for the appearance of the country, if nothing more. Considerable work of that character has been done this spring here and there.—Enterprise.

**Milan**—Two Milan girls narrowly escaped serious injury in an automobile accident last Friday night when the Ford car in which they were riding crashed into a tree on the Whiteaker Road. The accident occurred shortly after dark while the young ladies were on their way to Ypsilanti.—Leader.

**Brooklyn**—While working with the township road gang in the Carmel gravel pit, Tuesday, Howard Dewey nearly lost a thumb when it was caught in a chain. It was a team chain used in helping the gravel trucks get started from the pit. Mr. Dewey's thumb was broken in two places.—Exponent.

**Clinton**—A tract of woodland in Bridgewater, belonging to William Richmond, caught fire Sunday, burning the under brush of the woods, the fence, several trees and a straw stack which was on the edge of the wood. It is supposed that the fire originated from a fire built by tourists who were seen there early in the day.—Local.

**Sharon**—Among those of our farmers who have used Pyrotol in blasting out stumps is B. F. Washburne, who cleared a 10-acre field at low cost, doing a very satisfactory job, and he will have the land seeded with alfalfa, one of the best paying crops a farmer can use. Pyrotol is a war surplus explosive furnished by the government at cost.

**Jackson**—Farmers are warned by County Farm Agent Roy Decker to beware of some men traveling through the county, selling all manner of tonics, poultry powders and other alleged remedies. The board of pharmacy at Lansing has advised Decker that many of these persons are selling goods to the farmers which produce no results whatever. Decker states that all agents of this kind are required by law to obtain from the county clerk's office, a license which costs \$25. Anyone calling at a farm on this business should be asked to produce this license, in order that the possible purchaser may know he is dealing with a legitimate company. Co-operation of Jackson county farmers is asked.—News.

**South Lyon**—The Frank D. Smiths moved to their recently purchased farm near Dexter last week. The farm at Rushton was sold last winter to Detroit parties to be used as a subdivision for Toban lake.—Herald.

**Eaton Rapids**—Earl Sindacus, principal of the senior high school, agricultural instructor, and popular football coach, will return to the Eaton Rapids schools for the coming year. In his short stay of two years here, Mr. Sindacus has made many friends. Under his direction, the agricultural department has made rapid strides and now does not need to take a back seat for any such department in the state.—Review.

**Ypsilanti**—In response to a request that the continuation of the state road M-17 be diverted from Michigan and be taken round by the spur on South Huron and through the south part of the city to Saline road, a telegram was received from Governor Alex. Groesbeck Wednesday stating that there was no possibility of so changing the route as it would necessitate the buying the right of way through private property, and the state had no funds to spare. The route as originally planned will come down Michigan and out to the Saline road.—Record.

**Brighton**—While separating a cluster of bananas early Friday afternoon, C. P. Sanders, manager of the Weiss grocery, met with a dangerous adventure. A large tarantula which had engaged a cravie in the stalk as a summer home resented the intrusion and promptly bit Mr. Sanders on the arm. An incision was immediately made and the wound cauterized by Dr. Singer. By Sunday the arm became so painful that Mr. Sanders went to the Ford hospital for further treatment. The latest report is that he is better and hopes soon to be at work again.—Argus.

**Howell**—Ever since the proposition for a fire fighting apparatus to respond to calls to all who helped to buy it from the country, there has been a question of the real protection it would afford for country property. That question was answered last Monday afternoon when a running fire near Pardee lake became unmanageable and started for the cottages. In less than fifteen minutes from the time the alarm was turned in to this city, the big engine was throwing water from the lake onto the fire, eight miles from town. When the department arrived the fire was just catching in a woodshed near one of the cottages. The wind was just right to take them all but the fire got no farther. The engine carries chemical tanks sufficient for usual calls if there is not sufficient water, but the nearby lake made them unnecessary for this trip.—Republican.

## Thrift and Spendthrift

One need not be a spendthrift to enjoy himself.

Neither need he be a miser to be thrifty.

Thrift is just common sense—cautious buying, wise spending and saving something regularly for the future.

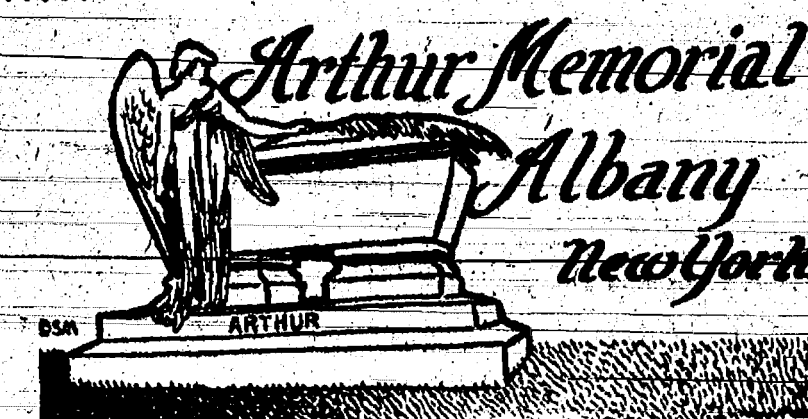

A Savings Account with us offers an ideal plan for thrifty people to build the financial foundation to their future happiness.

Just ask us to explain it.

We will be glad to do so.

## Will Memorial Day See Your Family Monument Erected?

May 30th will mean more to you if you have chosen a memorial in beautiful and everlasting granite from one of the largest stocks of finished memorials in the Southern part of Michigan.

Your family name would be honored and perpetuated for all time when graven in the magnificent granite displayed in our showroom.

Resolve to erect your family memorial while you live.

## J. L. ARNET

ANN ARBOR, MICHIGAN

"Mark Every Grave"

## Decoration Day Lunches!

We will have a complete line of choice baked goods for your lunch basket Decoration Day, consisting of cakes, cookies, pies, fried cakes, buns, rolls and bread.

## HENRY R. SEYFRIED

We will be Closed all day on Decoration Day

## Hot Water

## The Whole Day Through

ONLY the woman in the home knows how many daily uses there are for hot water. Almost hourly it is needed. Does your present system of water heating give you all the hot water you need, all the day through, or do you have to stop and wait for "the tank to heat up"?

## GAS Water Heaters

## Storage System

As you draw off the hot water, the storage tank is refilled automatically so that there's always hot water on tap, ready for use. Nothing to turn on or off, yet no gas is wasted. Ask us about this better system.

Have installations made NOW at housecleaning time, when you need hot water more than ever.

When a Mellinger Man goes in Your Tire Trouble Goes Out

## SCHOOL NEWS

Last Friday night one of the happiest times in the history of the eighth grade was enjoyed, when the members had their annual class party at Cavanaugh Lake, with the Hauschwardt cottage as headquarters.

Mrs. Etzler, the class advisor planned outing and the "eats" too, which proved so necessary.

At 4 o'clock we slowly (?) wended our way to the lake, each auto load being carefully chaperoned. After flower gathering, boating, pilgrimages around the lake and a big, good time in general, we all gathered around the table on the porch and the "eats" were soon "vanquished." After more pilgrimages, boating, etc., we were called in from the waters and the woodland to eat once more—this time ice cream and cake. Then came the big game of the evening, and promptly at 9 o'clock everyone was packed back into the autos with their chaperones and home again with another happy memory lingering in our minds.

Our eighth grade will soon be a memory ONLY but we'll all remember the time when one of the chaperones didn't understand the signals of the game and "laid low" way out under a tree for so long. What about the weiners too? No wonder WE had enough!

Friday night North Lake was also the scene of a party. The sophomores with their class advisor, Miss Voght, had a "wilder coast" at North Lake. Around an open fire was spent one of the happiest times in the sophomore history.

Musser, a man who has spent most of his life as a missionary, gave a most interesting talk Monday morning. His subject was "The Story of the Bible and the Bible." He spoke of the Bible as a book of life, and of the importance of the Bible in the lives of men. He spoke of the Bible as a book of life, and of the importance of the Bible in the lives of men.

## NORTH FRANCISCO

Mr. and Mrs. Henry Notten spent the week-end at the home of their daughter, Mrs. Dorothy Heininger.

Mr. and Mrs. Ralph Loveland of Ann Arbor, spent Sunday at the Loveland home.

Mrs. Philip Fauser and daughter Fern, were Sunday callers at the home of Mr. and Mrs. Frank Moore.

Mr. and Mrs. Chas. Riemenschneider and Miss Ricka Kaimbach called at the Richard home Sunday.

C. Weber, who has been ill, is not much better at this writing.

Mrs. Henry Gieske spent Monday at Jackson.

Henry Lehman spent Sunday at the home of Mr. and Mrs. Philip Schweinfurth.

Mr. and Mrs. Henry Notten and son Chester and Mrs. Albert Notten spent Thursday at Jackson.

Mr. and Mrs. Chas. Plow of Jackson, spent Sunday at the home of Mr. and Mrs. Morris Hammond.

If Your Child's  
Eyes Are Abnormal

The child is handicapped. And he will remain handicapped so long as the eyes remain in that condition. Every child has a right to demand of somebody that his eyes do not prevent his progress. Thousands of children are every day studying with imperfect eyes. Parents should give this subject the thought it deserves.

Mrs. J. E. Weber and daughter, Miss Dorothy Cavanaugh, were guests of friends in Detroit Friday and Saturday.

Miss Lizzie Gerraghty of Jackson and Miss Dorothy Eisenman of Detroit were week-end guests at the home of Mrs. Kate Eisenman.

Mrs. Willetta Richards, who has been ill at the home of her son in Detroit for some weeks past, has returned to her home in Chelsea.

Mrs. A. W. Wilkinson entertained about twelve little folks and their mothers, Monday afternoon, May 19, the occasion being the fourth birthday of Archie, Jr. The children enjoyed a May-pole and games. Before they departed for their respective homes the hostess served a dainty lunch.

Frank F. Rogers, state highway commissioner, will be at the Sylvan town hall at 4 o'clock, Central Standard time, on Tuesday, June 2, for the purpose of reviewing the assessment for State trunk line No. 62. The assessment affects Sylvan and a portion of Lima.

The S. P. L. club was entertained Monday evening at the home of Mrs. J. N. Stricker. A program was given and the hostess served refreshments.

A very enjoyable evening was spent. The next meeting will be Monday evening, May 25th, at the home of Mrs. O. D. Schneider. A memorial program will be given.

At the recent meeting of the Parent-Teacher club of district No. 4, held at the home of Mr. and Mrs. Eliza Gage of Lima, the following officers were elected: President, Mrs. Geo. Weisman; vice president, Mrs. J. F. Albert; secretary-treasurer, Miss Irene Young. A program was given following the business meeting. Refreshments, ice cream and water were served and the evening was a very enjoyable one for all present.

Miss Margaret Gieske, who will be an early June bride, was entertained in a delightful manner by Miss Evelyn Kuster and Miss Isabel Schanz at the home of the latter at 617 Whitney Court, Ann Arbor, on Wednesday evening, May 19. The house was beautiful in a color scheme of green and white, composed of white lilies and green candles. A dainty buffet luncheon was served to sixteen guests who remembered Miss Gieske with numerous beautiful and useful gifts.

The last meeting of the Lima Sewing club was held at the home of Mrs. Guy Kimbell of Lima, on Tuesday, May 19. All members were present. A good profitable afternoon was enjoyed by all, finishing up the other lessons and making final arrangements for Achievement Day, Saturday, May 23. Then Mrs. Ben Huch took the floor and presented to their leader, Mrs. Albert Koch, a beautiful dress as a token for what she had done for them, and then introduced the delightful luncheon, all of which was enjoyed by all.

George Hinkley, a former resident of North Lake, died in Ann Arbor, Sunday. The funeral was held in Staffan's Ann Arbor parlors at 1:30 o'clock Wednesday afternoon. Rev. C. S. Riley, pastor of the Chelsea M. E. church, conducting the services. Burial at North Lake.

Honorary Miss Margaret Gieske, who will be a bride early in June, Mrs. Henry Werner and Mrs. Will Schatz entertained at a miscellaneous shower at the home of the latter at 115 Lincoln street on Thursday evening, May 14. The house was festively decorated with spring flowers, a pink and white color scheme being carried out. A dainty two course luncheon was served to twelve guests. The center piece of the table was a miniature bride and groom. Miss Gieske was the guest of honor.

George Hinkley, a former resident of North Lake, died in Ann Arbor, Sunday. The funeral was held in Staffan's Ann Arbor parlors at 1:30 o'clock Wednesday afternoon. Rev. C. S. Riley, pastor of the Chelsea M. E. church, conducting the services. Burial at North Lake.

## Surgical Pencil

Among the most interesting pencils made is one intended for the use of surgeons. For marking outlines or divisions on the surface of a patient's body before performing an operation the use of the pencil is sometimes necessary, and the ordinary pencil is useless, a special one is made which marks the skin as clearly as an ordinary lead pencil will mark a sheet of paper.

Optometry—Its Value  
To The Public

By A. E. Winans & Son  
What causes some persons to be distressed on attending moving pictures?

One reason is a sensitive condition of the eyes.

Can this be overcome? Yes, science has produced a lens especially for this purpose.

Is it dark in color? No, merely a tinted lens.

Can the Optometrist supply these? Yes, with the patient's correction, if any, ground into them.

How long does the Optometrist require to examine a patient's eyes? From half an hour to an hour, depending upon the conditions he finds.

The Optometrist takes nothing for granted?

No, he has a definite procedure for every case, and depends entirely upon the individual he uses to determine the cause of the trouble.

Miss Marian Steinbach and brother Robert, and Daniel Miller, of Flint, were week-end guests at the home of Mrs. Chas. Steinbach.

Louis J. Miller of Chicago arrived here Friday for a two weeks' visit at the home of his sisters, the Misses Miller.

Mrs. Myrtle Hartford and son of Plymouth were week-end guests at the home of Mr. and Mrs. W. D. Huston.

The leading merchants of Ann Arbor announce that their stores will be closed all day on Saturday, May 30, Decoration Day.

Miss Flora Hepfer of Cadillac, was a guest of Miss Ella Barber Thursday. Miss Hepfer was a former Chelsea resident.

Mrs. Wm. M. Campbell was taken to St. Joseph hospital at Ann Arbor Monday, where she is taking a course of treatment.

The Chat-n-Seau was entertained Tuesday evening at the home of Mrs. Elmer Linderman of McKinley street.

The official straw hat day was Friday, May 15. A number of the residents of this vicinity appeared on the streets with their summer headwear.

Fire destroyed the brooder house and two hundred young chickens about noon Monday at the home of Fred Hatley and family of Sylvan Center.

Mr. and Mrs. Dan Longe of Detroit were guests Sunday at the home of Mrs. Longe's parents, Mr. and Mrs. A. J. Greening of Lyndon. They were accompanied by another young couple from Detroit.

Rev. and Mrs. E. Thibault, Mr. and Mrs. Jacob Koenigster and son Alton, Mr. and Mrs. Geo. C. Koenigster, Mr. and Mrs. Darwin Downer and children, Mrs. Mary Bollinger, were entertained at the home of Mr. and Mrs. Reuben Lesser, Sunday.

Mrs. W. F. Carr entertained Thursday evening at her home on Washington street, a number of young people at a party given in honor of the anniversary of the birth of her son, Ralph Kinner.

A seventeen year old youth who resides in Ann Arbor, was arrested Friday by the police of that city charged with stealing a red lantern placed on a street that was undergoing repairs. He was given a fine Saturday of \$50, and \$5 costs.

Mr. and Mrs. John Klimer on Sunday entertained at their home on Madison street at a family reunion dinner. Mr. and Mrs. M. H. Hegel, Schwerdt and family of Rochester, Mr. and Mrs. Lewis Haselschwerdt and family, Mr. and Mrs. Reuben Haselschwerdt and family, Mr. and Mrs. Ray Haselschwerdt and family of Sharon, and Mr. and Mrs. John Haselschwerdt of Chelsea.

Herman Campbell informs the Standard that he will give a reward of \$50 for information that will lead to the person or persons who recently cut the tulips and carried away the plants that decorated the graves of his father and mother, who are buried in Maple Grove cemetery at Sylvan Center. This offense means a prison sentence if the guilty parties are discovered and convicted in the courts.

Chelsea stores will be closed Saturday, May 30, all day. Shop Friday!

## GRADUATION

When they graduate from school they've passed the first great milestone on life's highway. It's a big event with them and should be fittingly commemorated. A fine custom is to have the boy's or girl's picture taken at graduation time. They won't be boys and girls much longer and you'll always treasure that picture in the years to come.

"These memories you can keep in portraits"

Lovely Gifts  
for the  
Graduate  
and the  
Bride

"Joys too exquisite to last,  
And yet MORE exquisite when past!"  
JUNE, the glorious month of Roses. Graduates, Brides. As the poet writes—it again brings joys too exquisite to last yet they seem so much MORE exquisite when past.

The Bride and the Graduate, more than anyone else, realize those joys as they spend the happy hours preparing for that "eventful June Day" which is to mean so much in their lives. And, very true, in later years that "day of days" does bring back "exquisitely" happy memories.

Some charming Gift of Jewelry will win the happy thanks of the Graduate or Bride. Indeed, no matter what you select in our line, it'll be a Gift that Lasts. Something she'll cherish for many years to come.

It makes little difference what you want to spend on the Gift, we have some suggestion here to fit your purse.

The Bride you might give—

SILVERWARE

GLASSWARE

And the Graduate would appreciate receiving—

WATCH

DIAMOND RING

W. F. KANTLEHNER

Jewelry and Optician

## Specials in Shoe Dept.

It will pay you to make a visit to this department

**LAKEVIEW SCHOOL NOTES**  
Eloise and Mary Hadley were in Chelsea Thursday and Friday, taking the seventh and eighth grade examinations.  
There was an error in the statement in the last writing, which said Eloise Hadley was qualified for a week at Lansing because of club championships. It should have read that she was a candidate for this privilege.  
The Lakeview "Willing Workers" sewing club met at the home of Mr. and Mrs. A. Allyn for their closing meeting. The following officers were chosen for next year: Helen Hadley, president; Eloise Hadley, vice president; and Ruth Allyn, secretary and treasurer. Miss Caroline Green, former leader of the club, was presented a gift by the members for her loyalty, perseverance and patience.

Patrons of the district and members of the Lakeview P. T. A. are extended a cordial invitation to meet at the school house, Friday evening, May 22, for a "Dog Boli" Please bring buns.  
School closes Friday, May 22nd.  
Patrons and children attending the big club meet at Ann Arbor, Saturday, May 23rd, are asked to meet at the Majestic Theatre in Ann Arbor at 10:00 a.m. where they will be entertained for some time and then all proceed to the fair grounds. It is hoped that this school will have a good representation of both pupils and parents who are interested in this work.

**NORTHEAST LYNDON**  
Mr. and Mrs. Seward Bachus and family of Webster spent Sunday with Mr. and Mrs. H. D. Hadley.  
Mr. and Mrs. Francis May entertained company from Detroit over the week-end.  
Mr. and Mrs. Max Kalmbach and daughter spent Sunday with Mr. and Mrs. Oscar Kalmbach of Sylvan.  
Jackson visitors were guests at the home of Mr. and Mrs. Ralph Hadley, Sunday.  
Grant Kimmel's sale was very well attended and everything sold remarkably well for the sale being so late in the season.  
Roy Hadley is having the buildings on his farm in Dexter township renovated with a coat of paint. The work is being done by Joseph Pope.  
Mr. and Mrs. Grant Kimmel and family spent Sunday evening at H. D. Hadley's home.  
A great many trees and shrubbery are being added to the old Birch place, also extensive improvements are being made on the home.  
Max Kalmbach had the misfortune, while he was in town Saturday evening, to have his Ford truck stolen by his hired man. The matter was reported to the authorities but at latest reports, neither the machine nor man have been located.  
Elgin Atkinson is at his home here now.  
Mrs. Williston, who has been spending the winter in Detroit, is visiting at the home of her daughter, Mrs. Arthur Allyn, for some time.  
Mrs. Fred Hadley and son Jean were visitors at the home of Mr. and Mrs. Ralph Collings in Chelsea Thursday.

**TEN YEARS IN THE "HOME TOWN" NEWSPAPERS**  
United States Rubber Company Celebrates Tenth Anniversary of a Pioneering Adv. Program.

In 1915 there were 2,445,988 automobiles in this country.  
It seemed a tremendous number. Some people were already talking about "the saturation point" being not far ahead.  
But if there were some men who couldn't see the woods for the trees, there were others whose faith never faltered.  
It took a lot of vision for them to see that the true market for the automobile had hardly been touched. It took a lot of courage for them to bank on the ultimate success of the automobile in that market.  
They had both.  
Back in 1915, the United States Rubber Company said "The real future of the automobile is not in the big cities but away from them." "It is not in short runs on city streets, but in mile after mile on country roads."  
So back in 1915 the United States Rubber Company began to prepare for this movement—and to help it.  
1915—ten years ago—the first U. S. Tire advertising began to appear in the "home town" papers.  
Few people saw these papers in their true dimension.  
Few realized the influence they had on what the people thought, and did and wore and bought. Because few people realized the place they filled in the minds and lives of their readers.  
The United States Rubber Company saw.  
As clearly as it saw that the development of the automobile would be in the smaller communities, it saw that the people in these communities would have to have tires to measure up to the service and tire merchants to sell them.  
And it saw that in the "home town" newspapers it had ready to hand the medium to help it put tire merchandising where it would have to be in the new era of the automobile.  
So ten years ago people began to read the first U. S. Tire Advertising in their "home town" paper over the name of their "home town" dealer.  
They have been reading it ever since.  
They have seen these home dealers develop their little "side line of tires" into real business—always with the support of "U. S." Advertising in these local papers.  
Coincident with the tenth anniversary of "home town" advertising by the United States Rubber Company, this company announces another long step forward in the perfection of automobile tires—the greatest since the introduction of the cord itself—in its perfected Latex treated—Web Cord Royal Balloon Tire with the flat low pressure tread.  
Today there are 16,000,000 automobiles in this country.  
90 per cent of them are owned by men and women on the farms and in the smaller communities.  
Where there was one U. S. tire dealer in the small towns then there are hundreds today—real merchants.  
What was only a vision in 1915 has come true in 1925.

**LIVE STOCK FEEDERS**  
AT M. S. C. MAY 23  
Livestock Feeders' Day, an annual event at the Michigan State College, will be held on May 23, this year, according to announcement just made by the animal husbandry department at the college. A general invitation has been issued for everyone interested in livestock feeding to gather at East Lansing for the meeting.  
Results of extensive feeding experiments conducted during the past year by the college livestock specialists will be announced at the Feeders' Day. Different lots have been on feed and under careful observation in a number of classes, including calves, swine, and horses.  
The program calls for inspection of the experimental pens in the morning, with discussion of the ration fed; and a general meeting in the afternoon, presided over by R. S. Shaw, dean of the college agricultural division.

**SYLVAN**  
Mr. and Mrs. Charles Boyd of Detroit visited Mr. and Mrs. Homer Boyd Thursday.  
O. C. Burkhardt and John Hassel-schwerdt were in this section Monday buying wool.  
Mr. and Mrs. Clarence Vaughn of Detroit visited friends in Sylvan Saturday and Sunday.  
Fred Hatley had the misfortune to lose a basement hog house Monday. The fire originated from an incubator. He lost his chest of carpenter tools and 200 baby chicks.  
James Brock is assisting Homer Boyd with his spring work.  
Mrs. Julia Hines spent the afternoon with Mrs. Homer Boyd last Thursday.  
Mrs. Susie Washburn of Detroit, called on friends in Sylvan Monday.  
Arden Fraker of Michigan Center, called on friends in Sylvan one day the past week.  
Mr. and Mrs. Clara Pawcett, Mr. and Mrs. Charles Reckler of Howell, called on Mr. and Mrs. Homer Boyd Sunday.

**EXTENSION WORK BRIEFS**  
Last week the county extension office sent out announcements to members of home and club clubs and women enrolled in the Clothing Project relative to Achievement Program. Saturday, May 23rd, Committee

A number of prominent Holstein breeders are interested in the annual meeting of the National Holstein-Friesian Association which is being held this year at Grand Rapids June 1st-4th. The location of this meeting offers a splendid opportunity for local breeders to become acquainted with some of the national breeders in the Holstein-Friesian business.  
Now is the time to get the "Warble Fly." Professor Pettit of Michigan State College, East Lansing, recommends the following ointment to be used in killing the larva of this fly. It is made from one part of iodine and five parts of petroleum jelly. If this is rubbed on the backs of infected cattle, it will kill the larva before they emerge.

## SILVAN BOARD OF REVIEW

Notice is hereby given to persons liable to assessment for taxes in the Township of Sylvan, County of Washington, that the assessment roll of said township, as prepared by the undersigned, will be subject to inspection at the clerk's office in Sylvan town hall, Village of Chelsea, on Tuesday and Wednesday, June 2 and 3, and on Monday and Tuesday, June 8 and 9, 1925, at which time the Board of Review will be in session from 9 a. m. to 4 p. m. of each said day, at which time, upon request of any person who is assessed on said roll, or of his agent, and upon sufficient cause being shown, said Board of Review will correct the assessment as to such property in such manner as will in their judgment make the valuation thereof relatively just and equal. Such assessment roll, as reviewed and approved by said board of review, shall be the assessment roll of said township for the year 1925.

Dated May 18, 1925.  
**HOWARD BOYD**, Supervisor.

**Albatross and Sailors**  
The albatross is regarded with superstitious reverence by sailors, who believe that death is sure to follow the killing of one of them. Coleridge in his "Rime of the Ancient Mariner" graphically recalls this belief.

**CHELSEA BOARD OF REVIEW**

Notice is hereby given to persons liable to assessments for taxes in the Village of Chelsea, County of Washington, that the assessment roll of said township, as prepared by the undersigned, will be subject to inspection at the council rooms in Sylvan town hall, Village of Chelsea, on Tuesday and Wednesday, June 2 and 3, and on Monday and Tuesday, June 8 and 9, 1925, at which time the Board of Review will be in session from 9 a. m. to 4 p. m. of each said day, at which time, upon request of any person who is assessed on said roll, or of his agent, and upon sufficient cause being shown, said Board of Review will correct the assessment as to such property in such manner as will in their judgment make the valuation thereof relatively just and equal. Such assessment roll, as reviewed and approved by said board of review, shall be the assessment roll of said village of Chelsea for the year 1925.

Dated May 18, 1925.

## FOR HOT-WATER BOTTLE

Pouring a little cold water in the hot-water bottle before putting boiling water in it, prolongs the life of the bottle, as the boiling water will burn it up. If there is any air in the bottle, you are up to your eyes in it. The cold water will prevent that.

**Why He Escaped**  
The girl was interested in the yarn the old sailor was telling. He had just finished relating his experiences with cannibals, and she said: "And so the natives didn't harm you, after all?" "Bless you, no," was the reply. "They didn't have a saucepan to boil me in."

**Ant's Strength of Jaw**  
A tiny field ant has been known to hold in its jaws a weight 3,000 times heavier than itself. If a man had proportionately the same strength in his jaws, he could lift 275 tons.

**SUGAR LOAF LAKE**  
Marie Guinan closed a very successful year of school in the Howe district last Friday.

Mrs. Dennis Leach is on the list. Her daughters, Doris and Herman Mayor, are home helping care for her.

Carl Heyer, sr., and Carl jr., spent Sunday at the home of Leo Guinan. Mr. and Mrs. Henry Devere, Leitch and daughter Mary, Louisa Joe Doneyan, of Inkster, spent day with friends here.

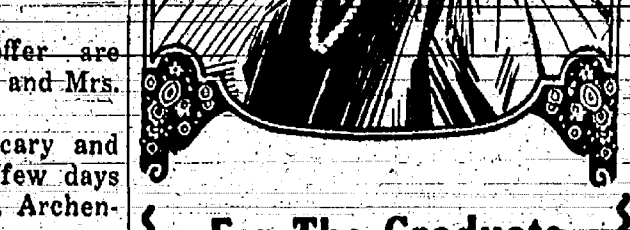

Mr. and Mrs. Frank Guinan, daughters Ellen and Mrs. Thibault of Detroit, spent Sunday at the home.

Mr. Bronson and Mr. Colwell, Phyllis and Ruth Treadwell, spent Sunday at the home of Guinan.

Mr. and Mrs. Whitman and Miss Wolf of Detroit, spent Sunday at their cottage here.

Alex Griffin of Niles spent first of the week at his farm here.
