STOP STREETS MUST BE OBSERVED, SAYS COUNCIL

Property Owners Must Also Clean Sidewalks of Snow and Ice, According to Ordinance No. 13 to be Enforced.

Lack of conformity to certain of the village ordinances deemed by council necessary to the welfare of the community and safety of its residents resulted in orders being given Monday for a strict enforcement of that section of ordinance No. 56, an amendment to Section 9, which reads: "When any vehicle approaches an intersection of Main street they shall come to a full stop before proceeding to turn onto, or across, said street."

Another of the ordinances being flagrantly violated, according to members of council is Ordinance No. 13, Sec. 3, which reads: "It shall be the duty of the owner or occupant of any premises owned or occupied by them within two hours after verbal notice by the marshal so to do."

Numerous complaints from various sections of the village, that walks were not being cleaned of snow and ice have been received by councilmen and it is with a view of relieving this condition that Marshal Wm. Atkinson was instructed to enforce the ordinance.

Likewise complaints that a number of Chelsea motorists have deemed it unnecessary to come to a full stop at Main street intersections will result in the id being clamped down tight on these violators. With the approach of the spring season, and its influx of motorists, it is deemed highly advisable to force the ordinance adherence locally before its enforcement on strangers hereabouts.

That there will be no favors shown in enforcement of either ordinance is the warning given out by village officials, who are determined that since the ordinances "are" then they should meet with obedience on the part of the public.

Council also amended the "fireworks" ordinance to conform with a state law on the sale and firing of fireworks within the state and provides that firecrackers up to 2 inches in length and one-half inch in diameter may be sold within the village from the 21st of June to the 5th of July but shall not be fired except on the 3rd, 4th and 5th of July. Roman candles containing no more than ten balls also may be sold and fired according to the above dates. The statute provides a fine of \$100 or imprisonment of ninety days, or both, for violation of this law.

Amendment of the local ordinance to conform with state law came upon petition of Chelsea business men who stated that on previous occasions fireworks have been sold just outside the village limits and brought back into the village where they were fired.

COLORED CITIZENS WILL HOLD RELIGIOUS MEETING

The ministers, their congregations and the general public are cordially invited to attend a great Christian mass meeting at 3 p. m. Sunday, January 24, at the town hall, by the colored citizens of this community.

At this meeting the Rt. Rev. A. D. Hankins of South Bend, Ind., Senior Bishop and Founder of the United A. M. E. church, will deliver a sermon. Bishop Hankins is the third oldest colored bishop in the world (in point of service) having been elected and consecrated twenty years, and has the reputation of being a very able speaker and gospel preacher.

Some of the best public singers of the United A. M. E. church will be present at this meeting and will render some of their selections.

TWO HUNT WHEN CARS COLLIDE MONDAY MORNING

Matt Hankard, Park street, was severely injured internally, and Fred Artz suffered a wrenched back and severe bruises, Lloyd Lantz escaping injury when the car in which they were driving to Ann Arbor early Monday morning was struck by another machine coming from the east, and turned turtle at Lima Center on M-17. Mr. Hankard suffered injuries to the chest and abdomen.

According to the story related by occupants of the Chelsea automobile, which Lantz was driving, the driver of the westbound car lost control of his car as the two neared each other and in regaining control of his car swerved toward the middle of the road striking the Lantz car toward the rear, turning it round and over toward the left side of the road. When near the left side of the road the latter car turned over, causing the injuries suffered by its passengers.

CARD BY FRANKS

The family of the late John George Loeffler wish to extend sincere thanks to their numerous friends and neighbors for the many kind and helpful expressions of sympathy and condolence which they have received since the death of their dear friend.

Funeral services will be held at 10 o'clock Monday morning from the residence of the late John George Loeffler, 27 Green St., Chelsea, Mich., by Rev. George H. Franks, pastor of the First Baptist church, Chelsea, Mich.

NEW SWITCHBOARD WILL BE HERE NEXT WEEK

With little or any interruption in telephone service, the new switchboard promulgated by phone officials, will be moved into the Chelsea exchange on Monday, January 25, and installation started at once. Six weeks will be required to complete the installation, the old board being moved forward while the work is under way.

The new board, while resembling essentially the same kind of service, mechanically, will have a third large capacity than the one now in use and it is expected that congestion of "traffic" will be greatly relieved upon its completion.

WARREN HOLMES, ARCHITECT, EXPLAINS PROPOSED BUILDING

Member of Lansing Firm of Architects Presents Convincing Arguments in Favor of New Community Center.

A slight change in plans for the proposed erection of a public auditorium and gymnasium adjacent to the present public school buildings was made public on Monday evening when Warren Holmes of the Warren Holmes-Powers Co., Lansing architects, appeared before the Kiwanis club and addressed the club on modern educational advantages and needs of an auditorium and gymnasium such as that proposed for Chelsea, this being followed by an explanation of detailed plans as approved by the board of education, submission of preliminary plans and architect's drawing of the finished building.

Reversing of the early plans so that the stage, which originally was planned for the west end of the building, and next to East street, would be on the east end and next to the high school building, with a main entrance on the west, has been approved by the board, as well as explanation of certain features which would cut \$5,000 from the original estimate of building cost, making it now stand at \$35,000, a portion of which would be spent for new roofs, heating plant and improvements to the grade building, all of which must be done whether or not the bond issue is approved.

According to the architect, the new building will be of such size as to seat approximately 500 people, would have a platform stage of 25 by 45 feet, dressing rooms, store room for placing chairs during athletic programs, a foyer, from which would lead the stairway to the balcony which would extend around three sides of the room and be wide enough to seat two rows of chairs comfortably. The auditorium, heating stage, would be 50 by 75 feet.

That building of the gymnasium and auditorium would entail no increase in present school taxes was reiterated by Mr. Holmes, and members of the board of education present. Approximately \$2500 yearly would care for the maturity of bonds issued, whereas \$4500 per annum is being paid on present debt of the district, this debt being cleaned up next year and before the new bond issue would become due. This being the case, a levy of \$2000 yearly under the amount being paid off this year and next would be available for a possible reduction in the cost of operating the public school plant.

While no date has been set, it is expected a special election will be held in early spring at which time the building proposal will be submitted to the qualified voters of the district for their approval.

JOHN G. LOEFFLER, ON FREEDOM, DIED FRIDAY

John (George) Loeffler, 92, died Friday at his home in Freedom township. He was born in 1833 in Germany, coming to the United States when 19 years old, settling in Soto township. Later he moved to Freedom, where he had made his home for the past 68 years. He was married to Miss Madeline Bahnmiller in 1858.

He is survived by the widow, two sons, Emmanuel and Fred of Chelsea, two daughters, Mrs. Adelia Eschbach and Mrs. Mary Greb of Freedom, and a brother and sister at Seline.

Funeral services were held at 10 o'clock Monday morning from the residence and at 10:30 from Zion church at Rogers Corners, Rev. E. Thome conducting the services.

MICHIGAN HAS LARGEST ICE SKATING RINK

James B. Hankins, Howard City publisher and member of the new state fair board, says the ice rinks at the state fair grounds are the largest in the world in this country. On Sunday, January 17, the new rink was inaugurated.

PLEASE STAY AWAY FROM THE RINK

The rink at the fair grounds will be open to the public from 10 o'clock Monday morning to 10 o'clock Tuesday morning, and will be closed on Wednesday morning, January 25.

One of the features of the program will be the "Farming" contest. The contest will be held on Wednesday morning, January 27, from 10 o'clock to 12 noon. The contest will be held at the fair grounds and will be conducted by the fair board.

CHELSEA SCREW CO. WILL STAGE BANQUET PROGRAM

Social Event and Inspection of Plant Will Mark Celebration of Completion of Large Addition to Factory.

More than two hundred persons are expected to attend a banquet, program and social gathering at the plant of the Chelsea Screw Company, on Monday evening, February 1, when the company will celebrate the completion of a new addition erected to the west of the original plant. Beside the banquet and entertainment there will be an inspection tour of the entire plant with some of the automatic machinery in operation making souvenirs which will be given each guest.

Original plans of company officials have been amended somewhat, and in addition to company employees and their ladies a limited number of tickets are being made available for business and professional men and their ladies who may wish to take advantage of the opportunity to inspect for the first time the interior of one of Chelsea's leading manufacturing industries. That the privilege will be heartily accepted there is no doubt, and company officials are making elaborate plans to entertain their guests royally.

The banquet, which will be served at 6:45, will be held in the new building and a tempting menu will be provided. On the program will appear an outstanding speaker while music for the after affair will be provided by an expert musical organization widely known for their old time melodies as well as modern tunes.

Staging of the party in celebration of completion of the new building will prove doubly interesting to guests inasmuch as within a very few weeks in this same building will be heard the hum of numerous machines busy turning out the company's product. Machinery for this work has been ordered and it is expected will be shipped within the next few days with its arrival due shortly after the Monday evening affair.

AGED PIONEER LADY IS CLAIMED BY DEATH

Mrs. Geo. J. Crowell Had Spent Almost Entire Lifetime in Chelsea and Vicinity—Aged 89 Years.

Following an illness of several weeks duration Mrs. Geo. J. Crowell passed away at the family home on McKinley street, Wednesday afternoon. She was aged 89 years.

Miss Julia A. Andrews was born in Bethel, New York, April 8, 1837, and when but six months of age accompanied her parents to Sylvan which has since been her home. Her father, Chester Andrews, was killed in the Mexican war.

On July 4, 1886, she was united in marriage to Geo. J. Crowell, at Ypsilanti. Three daughters were born to this union, one having preceded the mother in death in 1882. Those surviving are Mrs. D. H. Wurster and Miss Nina Crowell, the latter at home. Mr. Crowell passed away February 8, 1910.

Mrs. Crowell, before being incapacitated, was an active member of the Congregational church.

Funeral services will be held from the late home Saturday afternoon at 2:00 o'clock, Rev. E. L. Sutherland, pastor of the Congregational church, officiating. Interment will be in Oak Grove cemetery.

MRS. PETER KINSEY PASSED AWAY SUDDENLY

Mrs. Elizabeth Kinsey, wife of Peter Kinsey, died suddenly at the family home on Dewey avenue, Tuesday, January 19, 1926, after an illness of several weeks duration.

Mrs. Kinsey was born in Scotland, February 27, 1834, and on January 19, 1907, was married to Peter Kinsey at Montreal, Quebec. Two years ago Mr. and Mrs. Kinsey moved to Chelsea from Sharon township, and have since made this their home.

Surviving besides the husband are three sons, Malcolm, Thomas and Richard, all at home, her father and seven brothers in Scotland and one brother in New York.

Funeral services were held at the late home this afternoon at 2:30 o'clock, Rev. E. L. Sutherland, pastor of the Methodist church, officiating. Interment in Oak Grove cemetery.

CARLOS COSTS AUTO OWNERS FORTUNE

When a man's car costs last year \$24,000, it is not surprising that he should be willing to pay \$24,000 for a new one. Carlos, a 1925 Ford, cost \$24,000, and the owner, who is a well-known business man, has just paid \$24,000 for a new one. The car is a 1925 Ford, and the owner is a well-known business man.

Chats
with your GAS man
The Jolly Bakers
When anyone mentions a French salon, we
have visions of a press of fashionable people
viewing famous portraits in some private
gallery, or meeting celebrities in a receiving
line and chatting in witty epigrams.
But here's a new kind of French Salon—held
by the bakers of Paris, if you please. Wed-
ding cakes as tall as the bride; pastries like
all the flowers in the garden and rolls by the
baker's dozen in variety, were among the ex-
hibits.

Thus, again, cooking presses its claim to be
included among the fine arts. Cooking is get-
ting better, there's no doubt of it, and noth-
ing has helped it more than the clean, easily
regulated and efficient gas range.

Editorial
RUPERT HUGHES
Rupert Hughes, novelist, having
run out of thrills and sex problems
to stir this sex-mad age to any new
thrills, made the statement that
George Washington swore like a
trooper; that he never said a prayer
on a battlefield; that he gambled,
drank and did all sorts of things that
our world regards as more or less
naughty—when someone else does
them.
Hughes raised an awful row, and is
being called all the names that can
be thought of in such emergency.
What difference does that state-
ment of Rupert Hughes make in re-
gard to George Washington? What
difference would it make if George
Washington did swear upon occa-
sions, if he did take a drink now and
then; if he did bet a little high—
if he ever did these things?
There has never been but one per-
fect man in the world, and they
crucified him just because he had no
guile, long before he ever reached
middle age.
We all remember what George
Washington did. His was a service
that will last as long as Time shall
last. His was a life of accomplish-
ment of things that have greatly
benefited religion, mankind, and
every worthwhile thing. It is enough
to remember these things, and to
remember the memory of Washington, sacred
because of them. If he had a few
bad habits—we rather like him the
better! And whether he did or did
not is none of our affairs. They make
his memory no less sacred—his ac-
complishments no less lofty—his
leadership no less human and exem-
plary so why be fussed by what
Rupert Hughes says.

FORTUNE IN PEARLS
When Queen Margarita died, she
left to her son, Emanuel, King of
Italy, a string of pearls 220 yards
long, and valued at \$400,000. This
is reputed to be the finest collection
of pearls in Europe, and not one of
them will be lost to the creditors of
the king of his country.

LADY MOSELEY SOCIALIST
Lady Moseley has come from "Deah
Old England" to visit us. She is the
granddaughter of old Joe Latta of
Chicago, who made many, many mil-
lions of dollars cornering the wheat
market now and then. Lady Moseley
says she is a socialist. Arthur Bris-
bane says this announcement would
make this old man turn over in his
grave "like an electric fan."
Lady Moseley wanted a little at-
tention in the newspapers. This was
a good way to get it—she got it.

FRENCH DEBT AGAIN
Victor Henry Berenger, the new
French Ambassador to Washington,
has arrived with another proposal
for debt settlement.
Just what the new proposal is, has
not been revealed, but, as M. Beren-
ger has started his campaign with a
statement that Italy lost 700,000 men
in the world war, while France lost
1,700,000, he thinks terms to France
should be more lenient than those to
Italy, one might guess that he in-
tends to ask for a partial cancella-
tion, and a long time with a short
interest on the balance.

We might offer him complete can-
cellation, and another "loan" like the
one they are now trying to repudiate,
and get interest at the rate of five
mills per annum. If we should do
that, we warrant that the ghost of
Lafayette would again be brought
out to mock us and to refer to our
"greed and avarice."
Our bump of sympathy for France
is a deep depression.

MISSOINT FEARFUL
Not satisfied with being supreme
dictator in Italy, Benito Mussolini,
fascist, premier, is tinkering with
every government in the world that
amounts to anything. He is worry-
ing now, lest our democracy in
America prove a prime failure, thru
our governmental waste.
America wants no Mussolini, and
no fascists, any more than we want
Trotsky and the Russian Reds.
The fascist is as dangerous to free
republican institutions as are the
Reds or Soviet Russia.

FORD'S MUSIC
Henry Ford is gathering some of
the old-time musicians, and bringing
back to us some of the old-time mu-
sic.
The Ford program on the radio,
giving us some of the old, stately
music of almost forgotten days of
the past, was so stately, so dignified,
so rhythmic and so full of melody
that some of us, at least, felt as if
we could never listen to a jazz pro-
gram again.
If Henry Ford can give us of jazz,
he will contribute as much or more
than Mr. Rockefeller with contribute
if he succeeds, through the Rocke-
feller Foundation, in curing us of
some of the "Whis" to which flesh has
been subjected, a long period of time.
And, Mrs. J. moral obliquity as a
to us through that
music, the jazz domi-

Wm. Williams
he came in here as we do
the name of Williams

THE SMALL COLLEGE
In these days when the larger col-
leges have a tendency to swoon over
the way of higher educational op-
portunities, it is well for us to re-
member that Michigan has a number
of splendid small colleges that de-
serve our attention and support.
Some years ago we Americans, as
a nation, conceived the idea that to
be valuable a thing must be large and
wealthy. So we set great store by our
big universities, with their 10,000
students apiece, and ignore the rest.
And that's where we make a great
mistake.
After all, what does a lad go to
college for? Probably there are a
dozen reasons; but shouldn't the main
purpose be to learn how to think; to
train himself so that he is able to
form his own conclusions, to search
for the truth?
The smaller college, as a general
thing, seems to offer a more favor-
able atmosphere for all of this than
the large one. This is true even
though it usually has professors more
poorly paid than the large college.
Distracting outside activities are
apt to be fewer. Less fuss is made
about the football team. There are
fewer student-owned automobiles.
Dinner and particularly
place on the calendar.
The man from the small college
probably won't be as snappy a dresser
as the big university man. Perhaps
he won't be as well up on the latest
shows and the newest dances. Very
likely he'll never make as good a
bond salesman.
But taking it by and large, he may
know just as much how to use his
gray matter.

DISCOURAGING BANDITRY
Bank bandits paid a visit to the
little village of Hadley the other day
bought the cashier and a customer to
their chairs and then calmly pro-
ceeded to loot the institution. In
spite of the fact that it took them
only a few minutes to complete their
work, the news of their presence
spread throughout the village so
quickly they were met with a rain-
of bullets poured at them by a citi-
zens' committee as they emerged
from the building. Three of the
bandits were wounded and easily
captured during the running battle
that followed, while a third was
taken after a short chase over coun-
try roads. A few such receptions for
this class of gentry and the business
of robbing country banks would
come to a sudden standstill.

TO PRODUCE RUBBER
The Automobile Chamber of Com-
merce has underwritten a plan to
plant rubber in United States terri-
tory to supply all the rubber needed
in the automotive industry in the
United States.
In the meantime a great corpora-
tion to be financed by the automobile
and tire manufacturers of the coun-
try, to take over some of the wild
territory of South America, and de-
velop therefrom a rubber supply
which will be available for use in a
year or two.

All Are Finger-Printed

In Argentina there is a law which requires that every Argentine citizen must have his fingerprints taken and recorded by the government. It is in this regulation which makes Argentina the one country in the world, it is said, where one may not lose his or her identity.

Heavy Eatery, Read!

A M. S. scientist claims to have discovered a "magic control" in the brain which will cause the appetite to be increased or decreased at will. In the stomach, he claims, is a "magic control" which will cause an abundance of food to be eaten or a complete lack of food.

BREVITIES.

BROOKLYN—Another attempt to enter Greene's hardware store was made Tuesday night, the intruders being apparently frightened away by the watch dog in the North Clothing store.—Exponent.

STOCKBRIDGE—Most of the village was "bright as day" starting last Saturday evening, when the new 250 candle power street lights were turned on for the first time. The new street lighting unit installed by the Consumers Power Co., is one of the most modern and efficient known.—Brief-Sun.

SALINE—Two or three young rowdies got themselves in a bad, when they visited a rural school southeast of town recently and tried to see how much deviltry they could cut up in a short space of time. They also grossly insulted the teacher, and as soon as they can be apprehended will be severely dealt with.—Observer.

DEXTER—The village lock-up, which has not been used for some years except as a sleeping place for tramps, was destroyed by fire Tuesday night of last week about 10 o'clock. When discovered the fire had made such headway that the building was beyond saving. The building was unoccupied and the origin of the fire is unknown.—Leader.

MASON—Thirty-three cases appeared on the docket when court convened here on Monday for the opening of the January term. When arraigned, ten admitted their guilt while the others either stood mute by direction of their attorneys or denied the charges against them. The remainder will be tried by the jury which comes Monday to begin a grand jury which will continue for some time, especially if the Rich trial is taken up here as expected.—News.

FOWLerville—Hartland will within the coming year realize the gift of a \$25,000 library. The late John B. Crouse, a Cleveland millionaire, made a \$10,000 bequest for a library, and this amount has been increased to \$25,000 by gifts from Robert Crouse and Mr. Tremaine, representing the Crouse Corporation. The only proviso is that the community will accept and maintain the library after its erection, and this formally.—Review.

BRIGHTON—As some of our citizens have received letters from an alleged newspaper clipping agency informing them that they have an interesting clipping concerning them which said agency will forward for the small sum of 25c, we will give them the experience of those who have "played the game." The "interesting clipping" is one taken from a local paper, and the whole thing is one of the many frauds being perpetrated on a long suffering public.—Argus.

SOUTH LYON—Switchboard installers are installing the new switchboard at the local exchange of the Michigan Bell Telephone Company. The new board is a marked improvement over the one to be discarded which has seen service in South Lyon since the office was located in what is now part of the Kniffen & Arms grocery. At that time the exchange was under the management of Charles Challa, who has since moved to Ypsilanti.—Herald.

BRIDGEWATER—Mrs. Dorothy K. Hersunder, a lifelong resident of this county, died at her home in Bridgewater, Wednesday, aged 55 years. She was the mother of 12 children, six sons, Geo., Rudolph, Oscar, Edward, Joseph and Raymond, all of Bridgewater, and six daughters, Mrs. Christian Sautter of Bridgewater, Miss Emma Hersunder of Ann Arbor, Mrs. Della Reed of Bridgewater, and Misses Helen, Gertrude and Doris of Bridgewater. Funeral services were held at Bethel church, Freedom, Friday at 2 p. m.

PINKNEY—Gerald Benson, while fox hunting last Saturday, succeeded in bagging that most coveted game, a black fox. The fox was on the J. H. Martin farm when he ran into a charge from Gerald's gun. The disappointed part of this fox story is that the fox was a young one with five or six months of life. It is supposed to be the first genuine black fox shot in the state.

of the nearby black fox ranches.—Dispatch.

ANN ARBOR—The jury in the suit brought by the University of Michigan to condemn property on Haven avenue owned by Henry T. Purfield and Jennie E. Burg, which the institution desires to use as part of the site for the proposed college of architecture, Thursday returned to court with a verdict placing a value of \$18,500 on the Purfield land and \$20,600 on the Burg property. The University had offered Mr. Purfield \$17,500 provided condemnation proceedings would not be necessary. Mr. Purfield asked \$22,500. The price fixed on the Burg property was the same as the amount the University had offered for the place. Mrs. Burg asked \$30,000.

WILLIAMSTON—A new jail, to cost not more than \$175,000, was approved by the board of supervisors Monday and will be submitted to the voters at the April election. The proposition includes purchase of the Fellows property just west of the present jail in Mason. Money for the new building will include the following: Contingent fund, \$106,500; building fund, \$118,500; October taxes, \$15,000. The Fellows property will cost not to exceed \$5,000. The jail question has been a big puzzle for the county board for a decade. After a state board of correction and charities condemned the old jail building last summer, steps were taken to build a new jail. Enterprise.

FARMERS CAN PAY FOR IMPLEMENTS WITH CORN

The following is a copy of a letter received by Hindelang Hardware Co., local International Harvester Co. agents, relative to the company's corn offer to users of farm equipment:

To Dealers: You are authorized to notify your customers that we will accept any merchantable corn in payment for purchases of I. H. C. farm implements, on the basis of No. 2 corn at \$1 per bushel, Chicago. The corn is to be delivered either at the local elevator or f. o. b. cars at dealer's station. Delivery is to be made in May, June or July, 1928. We are to give the purchaser thirty days' notice of delivery date so that he may deliver the corn without unnecessary interference with other work.

This offer is to hold good until further notice and is to apply only to bona fide purchases made on or after this date by farmers to cover their reasonable requirements and is not open to speculators.

We are making this offer in the belief that the price of No. 2 corn should reach \$1 per bushel—Chicago—within the ninety-day period fixed for delivery and in the hope that this action on our part will help to restore confidence in the situation. Should it go higher before delivery is called for, the farmer who has agreed to deliver corn in payment for I. H. C. farm implements shall have the option of disposing of the corn elsewhere and settling for his purchases on regular terms.

There is considerable variation in the relative cost of different articles of farm equipment today as compared with pre-war costs, but if the farmer purchases the same class of implements now that he actually bought in 1925, his corn will buy more farm equipment on the basis of this offer than the same number of bushels would have bought in the five-year period preceding the war.

We call to the attention of corn growers the fact that the question of seed for the 1928 crop may prove even more serious than the present price question. Exhaustive tests indicate that corn of the 1926 crop does not germinate well. Unless the grower does a thorough job in selecting and testing his seed, he may be confronted a year from now with a high price for corn and have little to sell.

Yours very truly,
Alex Leggo, President,
International Harvester Co.

There's a Movie
"Do you want to see a time for you free intermission in a location," said Uncle Eben, an enormous at the start, always turns out to have a cell."—Washington Star.

A MEDICAL INSPECTOR ON CONSOLIDATED SCHOOLS

The following letter was received during the recent meeting of the New York Rural School Improvement Society:

I had planned to be present at the session of the above named society, for the reason that I am strongly in favor of the "little red schoolhouse," and some of my reasons for so favoring it are as follows:

(a) The early going and the late returning from school is prejudicial to the physical development of the individual child. Camp Hillcrest in Onondaga County receives physically subnormal children. The adopting of the daylight saving ordinance (a county ordinance), caused a rapid decline in the physical condition of the children; after two weeks trial a return to standard time became imperative.

(b) The massing of children together of different ages in a "carry-all" is prejudicial to morals; the older instructs the younger.

(c) In a centralized school, with its larger classes, the individual is, in a measure, neglected, and because of the backwardness and neglect, is likely to become morose, disobedient, which tends to criminality.

(d) The centralized school interferes, in a measure, with the home life, which interference tends toward parental neglect. The family is the foundation of government, its cornerstone; without a home, homeland, is to be without a civilized government.

(e) Education does not mean "stuffing" from books, simply to meet the requirements of the Regents, but to develop the powers of observation and thought, in such a manner, that, to the individual, there may be established a well-rounded manhood, physically, mentally, and morally.

(f) The little red schoolhouse should become a community center for conferences, for community betterment. The building should be made attractive for "child life," and over the "child life" there should be far more parental interest shown.

From the little red schoolhouse of my childhood there have been developed two ministers, one physician and one teacher of note. Charles Schumacher of the Oneonta State Normal School, I also recall one pupil who never advanced from the third reader, his writing approximated scribbling. "Rudiments of Arithmetic" he never completed, although he tried hard to learn but was unable, from books, to do so. He has made a successful farmer. Keep the little red schoolhouse, but improve it.

Augustus A. Young,
Medical School Inspector,
FRANCISCO

Mrs. Sadie Frey spent part of last week in Jackson.

Miss Augusta Benter of Chelsea, is home for a few days.

Mrs. Emma Haynes, Mrs. Bertha Jones and Mrs. Mary Binder of Jackson, were recent guests of their parents, Mr. and Mrs. John Seld.

Several from here attended the Young People's League meeting of St. John's church held one evening last week at the home of Mrs. Ernest Butterfield of Grass Lake.

Mrs. Charles Moore of Chelsea, visited the home folks here the other day.

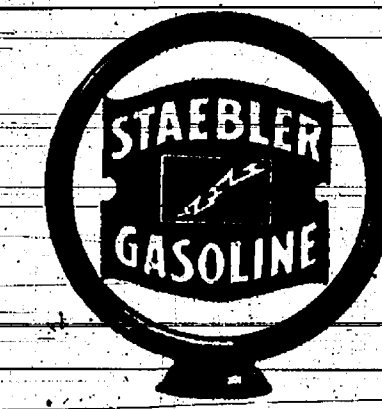

Mr. and Mrs. A. J. Lincoln of Jackson, visited Mrs. Martha Keeler and son, Sunday.

Mrs. Cecil Welch of Detroit, is spending some time with her parents, Mr. and Mrs. Lewis Lambert.

Arthur Frey of Ann Arbor, spent the week-end here with his grandparents.

Henry Lohman and grandson, Roland Lohman, of North Francisco, spent Sunday with Francisco relatives.

Every day we find some motorist who has thought that Staebler Gasoline costs more than ordinary kinds. And after using it he's convinced it ought to.

All Tastes Provided For

The Heluchistan rugs are woven with the Selma knot, and have a fine silky appearance. The chief colors are dark blue, brown, rich dark red, black, and white, and the designs are usually geometrical, though some follow the simpler floral patterns of Persia. They wear well. From a furniture ad in the Pittsburgh Press.

Illuminating Fluids

Different fluids were used in the old type of lamp at different periods. The oil, melted tallow, heavy white oil was employed, and later kerosene was substituted in certain of these lamps. The lamp burning kerosene and kerosene came in common daily later.

Rig Timber Consumer

Buyer of timber in the north woods greater than that of New England.

Woman to Woman

Read one woman to another. Best Ad. came at Chelsea. It is an excellent book.

UNADILLA

Mr. and Mrs. Charles Rose, Agnes Rose and Sarah Pagan spent Sunday in Dearborn at the home of Mr. and Mrs. John Webb. They have gone to Lansing to spend the winter with their daughter, Mrs. Clarence Teachout.

Rev. and Mrs. Snooks are in Detroit this week at the home of her parents. Mrs. Snooks will remain for a few weeks.

The men of the M. E. church will serve supper in the church parlor.

Friday or

body well.

The M. E. church will serve supper in the church parlor.

ENGE ONLY

The custom of only having a portrait made "just to exchange" with some one, is fast becoming a back number. It is a compliment you are paying to your friends to send them your latest portraits. Don't wait till they send theirs, then wait still longer before you have the sitting, but sit now and have the pleasure of the first presentation.

Suppose you drop in soon and let us assist you in planning a proper portrait for you.

FREE!—Fill out coupon and bring to the studio. It is good for 1 enlargement in beautiful folder free with every dozen photographs. These enlargements are worth from \$1.75 to \$2.75 each. Or you may have your choice of 15 photos for the dozen.

Coupon

This coupon when presented at time of sitting is good for 1 enlargement or 3 extra photos with each dozen photographs at the McManus Studio, Chelsea, Mich. Must be used before Jan. 28, 1926.

Vogel & Wurster

Mrs. Geo. S. Bacon and children, who have been guests at the home of her parents, Mr. and Mrs. O. J. Walbridge since New Year's, left Friday for their home in Port Wayne, Ind.

Mr. and Mrs. J. H. Doyd entertained at their home twelve of their friends at a six o'clock dinner Saturday evening.

The occasion was in honor of the eleventh anniversary of their son, Craig, who was born January 11, 1915.

The members of the Washtenaw County Entomology and Plant Stock Association opened their eighth annual show in Ann Arbor Tuesday on the second floor of the Ann Arbor Hotel.

The exhibition will close Saturday evening.

Miss Ella Johnson, aged about 68 years, died at her home in Detroit at 12 o'clock Sunday night. She attended the Chelsea public schools from 1882-1883 and was a frequent visitor here.

Mrs. J. S. Cummings and Mrs. W. H. Richards of this place are cousins of the deceased.

At the annual meeting of the stockholders of the Northwestern Washburn Mutual Fire Insurance Co., held at the Sylvan town hall on Wednesday afternoon, all officers were re-elected to succeed them for the ensuing year.

They are: W. B. Collins, Lyndon, president; A. J. Easton, Lima, secretary; Geo. W. Gage, director for Sylvan; and Geo. W. Gage, director for Lyndon.

Mr. and Mrs. Chris Koch entertained about 75 neighbors and relatives Thursday evening at their home at a miscellaneous shower in honor of Mr. and Mrs. Carl Stierle of Ann Arbor, a recent bride and groom.

Progressive pedro was the amusement of the evening, prizes being awarded to the winners. Several vocal selections were rendered by the Elsie family. A sumptuous supper was served and a good time reported by all.

An important meeting of Washtenaw County Bible School officers, teachers and workers will be held in Lane hall at Ann Arbor on Monday, January 26.

A special feature of this occasion will be two addresses by Rev. E. W. Halpenny, the new executive secretary of the Michigan Sunday School Council of Religious Education.

Mr. Halpenny comes to this work in Michigan after thirty years of unusually successful work in Canada and with several state associations and as an office for many years of the National Sunday School Association.

Mr. Halpenny addresses Monday afternoon and evening will be of special interest to Bible School workers.

WATERLOO

Mr. and Mrs. Andrew Richmiller of Jackson, formerly of Waterloo, celebrated their golden wedding anniversary January 13th. Relatives from here attended.

Mrs. Walter Vicary will entertain the Aid for dinner Tuesday, January 26th.

Mr. and Mrs. Alva Beeman and children spent Sunday at the home of Thos. Brunton, Stockbridge.

Waterloo Glensmen attention! Regular meeting Thursday, January 28th. Pot luck dinner, important business. Let's have a good turn-out.

Mr. and Mrs. Leigh Beeman and family spent Sunday at the home of Mr. and Mrs. Carl Stierle of Ann Arbor.

Vill Artz has been entertained at the home of Mrs. George Beeman and family in Woodland.

W. R. C. ELECTIONS OFFICERS

Regular meeting of W. R. C. was held Tuesday afternoon at their hall at three o'clock. Election of officers took place, as follows: President, Iza Guerin; senior vice, Agnes Runciman; junior vice, Jennie Atkinson; chaplain, Mathilda Riemen-schneider; guard, Mable Foster; treasurer, Ida Webster; conductor, Emma Leuch; delegate to department convention, Iza Guerin; alternate, Agnes Runciman.

Installation will take place at the next regular meeting and scrub lunch supper. The impressive ceremony of draping the Charter in memory of Mrs. Myrta Reinfrank, president of the Department of Michigan, who died in Battle Creek, November 11th, 1925 took place.

SCHOOL NEWS

Last Friday night the basketball teams went to Dexter where the girls met their first defeat of the season. It was the first game played on a foreign floor and they were somewhat hampered by the difference in size of the floors. It is hoped that in the near future the school may have a better floor to practice and play on. As it is not only a great handicap to the players on going away but also to the people who come to the town hall to see the games. The score was 14-3.

Saline is coming here Saturday night and the girls intend to do better this week.

The eighth grade piled into a truck and motored to Dexter mid laughter and fun. Miss Foote and Miss Souther acted as chaperons.

There was a debate on "Child Labor Legislation" in the high school auditorium Wednesday night, between two Ypsilanti Normal college teams.

Chelsea high school basketball team won its fourth straight victory Friday night by defeating Dexter on their own floor 21 to 11. The main trouble with the Chelsea five seemed to be their difficulty in finding the basket with spells of fumbling and bad pass work. The Chelsea defense worked as near perfect as possible allowing Dexter only two baskets during the entire game. The rest of their points were gathered from the free throw mark as the result of fouls called on Chelsea by Referee Parker who apparently had an eagle eye for Chelsea's mistakes.

At the start of the game Dexter ran up three points before Chelsea called. Fast starting the Chelsea score with a free throw. The high school then got busy and rang up several baskets in quick succession, giving them a lead which they never relinquished during the rest of the game. The score at the half, stood 6 to 13 in favor of Chelsea. During the third quarter each team made the same number of points, leaving the score at the beginning of the fourth period at 10 to 17. In the last period Dexter made only one free throw against the two baskets for Chelsea. The game ended with Chelsea in possession of the ball. Chelsea used a four man offensive, Fox, Beach, Steger and D. Beach working the ball through the Dexter five, Fox or Steger generally making the basket.

Second Big Dance at Herbert J. McKune Memorial hall, Friday evening, January 22, given by the Chelsea high school.

League meets at 7:30.

MATINEE WEDNESDAY
EVENING PRICES

Geo. Lawrence returned to Detroit Sunday, after spending a few weeks with his parents.
Mr. and Mrs. Harry Taylor of Detroit spent the week-end with relatives in Chelsea.
Mrs. John B. Oker is confined to her home on McKinley street by illness.
Geo. A. Taylor and daughter, Marian, Harry Taylor and Mrs. Roy Holmes, of Detroit, were guests at the home of Mrs. J. C. Taylor, Sunday.
Miss Gertrude Mapes of River Rouge and Miss Fernor MacDowell of Detroit, were week-end guests at the home of Mr. and Mrs. S. A. Mapes.
G. Edward Nordman had the opening of his drug store Saturday, January 10th, on corner of Parker and Agnes Ave. The new store is named Parkstone Pharmacy.
Verne Combs, who has been employed as a guard at the cement plant for the past two years, has accepted a position with the Hoover Steel Co. in their Chelsea plant.
I. E. Brosius, who has been at St. Joseph hospital for several weeks, is greatly improved and it is expected he will be brought home within the next few days.
Five new members have been added to the Old People's Home recently. They are: Mrs. Frances Robtoy, Ypsilanti; Mrs. Harriett Farr, Romeo; John Hubbard, of near Romeo; Mrs. Jennie Sutherland, Detroit; and J. W. Sutherland, Hadley.
Members of the Chelsea band have scheduled a "Strictly Old Time" dance to be held at the Macabees hall on Friday evening, January 29.
Popularity of the old time square dances has prompted the evening's entertainment to which a large crowd is expected.
Mrs. Anna Hoag was struck and severely injured Sunday morning when an automobile driven by "Jackie" Bauer, Lima, skidded on the ice at the intersection of East Middle and East streets. Witnesses of the accident rushed to the assistance of Mrs. Hoag and helped her to her home on Orchard street where it was found she was badly bruised about the head and right hip. However, improvement is noted in her condition and it is hoped no serious results will be experienced.
Second Big Dance at Herbert J. McKune Memorial hall, Friday evening, January 22. Given by St. Mary's Recreation club. Schneider's 5-piece orchestra. Old and modern dancing.

MAKING WILL MERGE

The Macabees and the Ladies of The Macabees, Michigan's pioneer fraternal benefit associations, will soon become one after more than thirty years existence as separate societies. Both societies have approved the merger and it awaits only the approval of Leonard T. Hand, state insurance commissioner, to become effective. The resulting society will be one of the strongest fraternal benefit associations in the world, with 250,000 members, assets of more than \$28,000,000, and giving whole family protection including men, women and children. Approximately 46,000 Macabees and Ladies of The Macabees live in Michigan, which is the birthplace and home of both orders.
A. W. Faye, supreme commander of The Macabees, will remain as chief executive and Mrs. Frances B. Burns, of St. Louis, Michigan, for thirty years great commander of the L. O. T. M. will hold a high position in the women's branch. The merger, which is being effected in the interest of more complete home protection at lower cost, is said to have been the last wish of Major Nathaniel Boynton, popularly known as the "father of The Macabees", who advocated the merging of all the Macabee societies twenty years ago.

ARMY PRIVATE KILLED IN CRASH SATURDAY

Ray Persons, 22, a private in the United States army stationed at Port Wayne, was killed almost instantly Saturday in an automobile accident on M-17 just west of Bethlehem cemetery, near Ann Arbor. His companion, Charles Nichols, also a private stationed at Port Wayne, escaped with minor injuries.
The two parties had been given letters of release and were on their way to Battle Creek to visit friends. Their car, which Nichols was driving, according to Nichols' version of the accident, skidded on an incline on the road and crashed into a wooden guard rail. The rail was broken in two, one part of it being jammed through the windshield of the car, striking Persons in the abdomen.
Officer Norman Gooke of the police department, responded immediately to an emergency call and took Persons to University hospital, where he was pronounced dead by hospital authorities.
If you missed the opening dinner try the next regular (Sundays Dinner) at the Crescent Hotel. Quality and Service. 1-21

Affected by Moisture

The Department of Agriculture says the reason why explosives used in blasting stumps appear to be more powerful when the ground is wet is that when the earth is thoroughly moist the air spaces are filled with water and as the water is not compressible, much greater force is exerted against the stump.

Maine's Election Day

The election day of the state of Maine was fixed by the legislature at a time when transportation facilities were much poorer than at present. By November in the state of Maine many roads were closed to travel and it was exceedingly difficult for people to reach the polling centers.

GRASS LAKE BRIDE

KEEPS WEDDING HED
The following is taken from the Jackson Citizen-Patriot of January 19, under Detroit date line:
From last June 24 to Thursday night was the astonishing stretch of time during which Miss Josephine Watkins, teacher in the Palmer school, kept secret her marriage to Jerry Kennedy, University of Detroit foot ball player in 1923, and now Judge Christopher E. Stein's clerk in the Recorder's Court.

She not only kept the all-important secret from friends and relatives in general, but four young women with whom she lives in an apartment at 130 Seward avenue were as much in the dark as anyone. "We plan to live at the Allen Park Manor after February 1," Mrs. Kennedy said today. "So we decided to make the announcement a few days in advance. Jerry didn't think I could keep it secret so long, but I showed him."

She is 21 years old, a native of the Michigan State Normal at Ypsilanti and the daughter of Mr. and Mrs. Lewis L. Watkins, Lake, Mich., and a graduate of the University of Michigan.

Mr. Kennedy plans to state bar examination next year.

The Grange of Mr. and Mrs. Kennedy, Tuesday night of January 18, at 8 o'clock, will be the first of a series of dances given by the Grange.

Tungsten of Great Value
Tungsten or wolfram is a metallic element, isolated by the brothers C. J. and J. B. in 1875, after Scheele had, in 1771, isolated tungstic acid. Tungsten is not found native, but occurs as the tungstate of iron and manganese in the mineral wolframite, as the calcium tungstate or scheelite, as the trioxide or wolfram ochre, and in small quantities in other minerals. Tungsten minerals are almost invariably found in tin-ores. It is used to increase the hardness and tenacity of steel and thus improve it as a material for hard tools. Coolidge has succeeded in rendering tungsten malleable and ductile, and at present tungsten wire is widely used for making incandescent lamp filaments.

Narrow Escape
The professor was lecturing to the medical class and stopped occasionally to ask a question. "Suppose," he said, "a young woman is walking on a slippery pavement and falls and dislocates her ankle, and you happened to be on the spot, what would you do?"
"Rubber," answered the student and the professor went on.
"Quite right. A vigorous rubbing would serve to keep down the swelling until remedies could be procured and applied." And the students breathed again.—Brooklyn Eagle.

Thrift Not Mere Saving
It is well to understand that thrift means much more than the mere saving of money, says Thrift Magazine. It is unfortunate that so much of our current thrift educational effort is directed solely along lines of money saving. Many people, through great patience and self-denial, are able to lay by a comfortable sum, only to lose it in the end through ill-advised investment.
Thrift education should be conducted along broad lines. How to spend and invest is as important as how to save.

Many-Sided Mule
Those who are supporters of the mule say, in comparison with the horse, he lives longer, endures more work and hardship, requires less attention and feed, and is less liable to digestive disorders, lameness and disease. This difficulty is to know how to handle the mule because of the fact of a combination of stubbornness and willingness, temper and silliness, shyness and docility, faithfulness and waywardness. The mule must be understood, and gently but firmly persuaded to do things out of the ordinary.

ORDER OF PUBLICATION STATE OF MICHIGAN

In the Circuit Court for the County of Washtenaw, In Chancery.
Emmett J. Pullen, Plaintiff,
vs.
Gussena Pullen, Defendant.
Suits pending in the Circuit Court for Washtenaw County, In Chancery, on the 22nd day of December, A. D. 1925. At Ann Arbor in said County.
It is satisfactorily appearing to this court by affidavit on file that the defendant, Gussena Pullen, is not a resident of the State of Michigan, but resides at Los Angeles in the State of California, on motion of Cavanaugh & Burke, attorneys for the plaintiff, it is Ordered that the said defendant, Gussena Pullen, cause her appearance to be entered in this cause within three months from the date of this order, and in case of her appearance that she cause her answer to the plaintiff's bill of complaint to be filed, and a copy thereof to be served upon plaintiff's attorneys within twenty days after service on her of a copy of said bill and notice of this order, and that in default thereof that said bill be taken as confessed by said non resident defendant.
And it is further Ordered that within twenty days after the date hereof, the said plaintiff cause a notice of this order to be published in the Chesapeake Standard, a newspaper printed, published and circulating in said county of Washtenaw, and that such publication be continued once in each week for six successive weeks, or that he cause a copy of this order to be served personally on said non resident defendant, at least twenty days before the time above prescribed for her appearance; and it is further Ordered that said plaintiff cause a copy of this order to be mailed to said defendant at her last known postoffice address, by registered mail, and a return receipt demanded at least twenty days before the time herein prescribed for the appearance of the defendant.
George W. Sample, Circuit Judge.
Cavanaugh & Burke, Attorneys for Plaintiff.
Business address: Ann Arbor, Mich.

ALL OUT OF SORTS!

So Was This Chesapeake Woman Who Tells Her Experience.
All too often women accept their pains and aches as natural to weak kidneys. They fail to realize that weak kidneys are often to blame for backache, those headaches, dizzy spells and that tired, depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with Doan's Pills—a stimulant diuretic. This Chesapeake case is one of many:
Mrs. D. H. Adams, 532 McKinley St., says: "My back ached and pained so I could hardly do my housework. Dizzy spells, especially when I stood up suddenly, were my constant trouble. I was so nervous and nervous that I could not sleep. I was so nervous that I could not sleep. I was so nervous that I could not sleep."
Doan's Pills cured me. I feel like a new woman now. I can do my housework and I can sleep. I can do my housework and I can sleep. I can do my housework and I can sleep.

NOTICE OF MORTGAGE SALE

Whereas, Stanley J. Richard and Susie C. Richard, husband and wife, of the Township of Dexter, Washtenaw County, Michigan, made and executed a certain mortgage bearing date the 27th day of March, A. D. 1920, to William S. Baird and Addie S. Baird, husband and wife, of the Township of Sylvan, Washtenaw County, Michigan, which was recorded in the office of the Register of Deeds for the County of Washtenaw, on the 2nd day of April, A. D. 1920, at 2:45 o'clock in the afternoon in Liber 153 of Mortgages on page 24.

And whereas the amount claimed to be due on said mortgage at the date of this notice is the sum of \$4966.88, and no writ or proceeding has been instituted at law or in equity to recover the debt now remaining secured thereby or any part thereof.

And whereas, it is provided in said mortgage that should any default be made in the payment of the interest or any part thereof or of any installment thereof on any day when the same is payable, and should the same remain unpaid and in arrears for the space of thirty days, then and from thenceforth after a lapse of said thirty days, so much of the principal sum as remains unpaid with all arrearages of interest shall at the option of the said William S. Baird and Addie S. Baird, parties of the second part, become due and payable immediately thereafter, and whereas default has been made in the payment of the interest and principal sum, and the same has remained unpaid and in arrears for more than thirty days, and the said parties of the first part have, by virtue of the provisions in said mortgage, on account of said default, declared the whole amount of the principal sum, together with all arrearages of interest due and payable, and default has been made in the payment of the same, whereby the power of sale contained therein has become operative; Now, therefore, notice is hereby given that by virtue of said power of sale and in pursuance thereof, the estate in such case made and provided, the said mortgage premises will be foreclosed by a sale of the mortgaged premises at public vendue to the highest bidder at the south front door of the court house at the City of Ann Arbor, in said County of Washtenaw, that being the place of holding the Circuit Court within said county, on the FIFTH day of February, A. D. 1928, at 10 o'clock in the forenoon, Eastern Standard time; the description of which said premises contained in said mortgage is as follows: All those certain pieces or parcels of land situated and being in the Township of Dexter, County of Washtenaw and State of Michigan, and described as follows, to-wit: All that part of the south east quarter of section sixteen (16), which lies east of the lands of Schultz and Dwyer and south of the road or highway extending east and west near the center of said section. Subject to a lease for ninety nine years to the Township of Dexter of the site whereon is located the Dexter Town Hall and said lease being recorded in Liber 104, page 418. All in Town one South, Range four East.

And it is further Ordered that the said plaintiff cause this order to be published in the Chesapeake Standard, a newspaper printed, published and circulating in said county, and that such publication be commenced within twenty days from the date of this order and that such publication be continued once in each week for six successive weeks, or that the said plaintiff cause a copy of this order to be served personally on said non resident defendant, at least 20 days before the time prescribed for her appearance.
Geo. W. Sample, Circuit Judge.
Examined, countersigned and entered by me. Clarence L. Pray, Clerk.

Don't Neglect That Stubborn Hacking Cough

It is not only dangerous to neglect a hacking cough, but it is also a sign of weakness. For through a very simple treatment you can get almost instant relief, and very often break the most stubborn cough completely in 24 hours.
This treatment is based on the famous prescription known as Dr. King's New Discovery for Coughs. You simply take one teaspoonful of this red-cod-liver-oil in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly removes the phlegm and congestion which cause the red-cod-liver-oil to be so effective. So the coughing quickly ceases and you sleep right through undisturbed.

Dr. King's New Discovery is for coughs, chest colds, sore throat, hoarseness, bronchitis, spasmodic croup, etc. Fine for children as well as grown-ups. No harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

No. 20212

ORDER OF PUBLICATION

State of Michigan, County of Washtenaw, ss.

At a session of the Probate Court for the County of Washtenaw, held at the Probate Office in the City of Ann Arbor, on the 15th day of January, in the year one thousand nine hundred and twenty-six.

Present, Hon. Jay G. Pray, Judge of Probate. In the Matter of the Estate of Michael J. Noyes, deceased. On reading and filing the duly verified petition of Frances C. Noyes, praying that a certain paper in writing and now on file in this court, purporting to be the last will and testament of Michael J. Noyes, be admitted to probate, and that Frances C. Noyes, the executrix named in said will, or some other suitable person, be appointed executrix thereof, and that appraisers and commissioners be appointed.

It is Ordered, That the 11th day of February next, at ten o'clock in the forenoon, at said Probate Office, be appointed for hearing said petition.

And it is further Ordered, That any of this order be published three weeks previous to said time of hearing, in the Chesapeake Standard, a newspaper printed and circulated in said County of Washtenaw.

(A true copy.)

JAY G. PRAY,
Judge of Probate.

Of Small Value

People who are free with advice usually pass out a poor grade of it.—Boston Transcript

STATE OF MICHIGAN

In the Circuit Court for the County of Washtenaw, In Chancery.

Lewis Goodman, Plaintiff,

vs.

Millie Goodman, Defendant.

At a session of the said court held at the court house in the city of Ann Arbor in said county, on the 15th day of December, 1925.

Present, the Hon. Geo. W. Sample, Circuit Judge.

In this cause, that appearing by affidavit on file, that the defendant, Millie Goodman, is not a resident of this state, but is a resident of the state of Ohio.

On motion of Frederick C. Gillette, one of the attorneys for plaintiff, it is ordered that the appearance of the said defendant, Millie Goodman, be entered in this cause within three months from the date of this order; and that in case of her appearance that she cause her answer to the bill of complaint to be filed and a copy thereof served upon the attorneys for the plaintiff within fifteen days after service on her or her attorney of a copy of the said bill, and in default thereof that said bill be taken as confessed by the said defendant, Millie Goodman.

And it is further ordered, that the said plaintiff cause this order to be published in the Chesapeake Standard, a newspaper printed, published and circulating in said county, and that such publication be commenced within twenty days from the date of this order and that such publication be continued once in each week for six successive weeks, or that the said plaintiff cause a copy of this order to be served personally on said non resident defendant, at least 20 days before the time prescribed for her appearance.

Geo. W. Sample, Circuit Judge.

Examined, countersigned and entered by me. Clarence L. Pray, Clerk.

SUGAR LOAF LAKE

Mr. and Mrs. G. W. Beeman are spending this week with relatives in Woodland, Barry county.

Myron, Eunice and Irene Taffee of Detroit, spent the week-end at the Gulman home.

Mr. and Mrs. Lynn Bates, Cecil and Lyle Leach, spent Sunday at the home of Dennis Leach.

Henry Devere and son Joe, spent Sunday at their farm home here.

Bill Musgrove and L. D. Gulman of Detroit, spent Sunday at the home of E. Gulman.

Mr. and Mrs. Emory Grant of Jackson, called on friends here, Sunday.

Alex Griffin of Sylvan Center, was a caller at the Leach home Saturday.

Leo Gulnat is spending this week with friends and relatives in Detroit.

Cecil Leach is home this week assisting his father with the farm work.

Silkworms Lose Little

Time Beginning Work

The secrets of rearing silkworms have been handed down among Chinese farmers from father to son for hundreds of generations. The Chinese farmers buy silkworm eggs in the spring. These are very minute and are sold on sheets of stiff paper each containing 200,000 to 240,000 eggs.

The egg sheets are placed in a clean basket in a small rearing room, and charcoal fires in earthenware braziers are used to keep the temperature at 80 degrees day and night for nine days.

Then the eggs turn green. A day or two after this the worms hatch. For the first two or three days the young worms must be fed every two hours day and night.

Fresh, soft mulberry leaves are shredded very fine and sprinkled over the newly hatched worms; their jaws are too weak to chew much of the leaf, but they can suck out the juices.

The worms reach their full growth in 18 days, says a writer in the Scientific American. Some idea of their ravenous appetite can be gained from the fact that a group of 200,000, the number hatched from one egg sheet about one foot square, eat a ton and a half of mulberry leaves in a little over a fortnight. On the eighteenth day the farmers transfer the worms to a bamboo rack, and almost immediately they begin to spin their cocoons.

Knowledge Spread by

Ancient Playing Cards

A collection of 18 varieties of playing cards was recently shown in London, where they were viewed with much interest. The earliest pack is of the Thirteenth century. It has crude floral figures etched on thin plates of horn, backed with paper.

Several packs, dated between 1714-1766, are known as geography packs. They have complicated maps of much information on foreign countries. The 1760 cards are adorned with sketches showing incidents in various battles with verses. There is a natural history pack, one dealing with astronomy, and one with words and music.

The more modern pack, the expert design. A playing card designer suggests that the decline in modern card design was due to modern brains being more active than those of old. "Three hundred years ago, people's brains worked much slower than they do now," he says. "Consequently, card games took longer, and it was natural that there should be some interesting matter for players to read. The speed of card-playing has undoubtedly increased tremendously."—Exchange.

Cast Iron and Steel

To know the proper definition of everyday substances is sometimes very useful. In argument. The latest for steel and cast iron are given us by a Japanese chemist in the Imperial University of Tohoku. Steel he defines as "an iron-carbon alloy with a content of carbon varying between .0035 and 1.7 per cent."

"An iron-carbon alloy with a carbon content of 1.7 and 6.7 per cent."

Elephant Dying Out

The elephant is the last of his kind, mammals, Africa is the last strong hold of these large animals, but they are in a fair way of extinction like many other species of wild beast and bird. About 20,000 elephants are killed annually for their ivory.

"NO WONDER!" Mrs. Jessup said speculatively, dropping the paper, fresh from the mail box.

Marian, her daughter, on entering

for Economical Transportation

Improved!

A Revelation in Low Priced Transportation

A type of performance never before approached in any low priced car—a new smoothness of operation—new flexibility—new swiftness of acceleration—new beauty—new comfort—these have been added to its already world-famous power and economy to make the Improved Chevrolet a revelation in low-priced transportation.

Just take one ride in this remarkable car—and you will be amazed to find that qualities heretofore the chief advantages of owning costlier cars are now obtainable in a car of very low price.

The introduction of the Improved Chevrolet marks an outstanding achievement in the automobile industry.

house work.

Mrs. Rhona Peterson, who is taking treatments at the hospital at Ann Arbor, is reported much improved.

Bears' inventor's Name

The waterproof fabric called Mackintosh was invented by Charles Mackintosh, a Scotch chemist, in 1823. Mackintosh also helped to perfect the hot blast process for converting iron into steel.

THE CHELSEA STANDARD

CHEVROLET MODELS HAVE MORE BEAUTY

New standard of style and beauty has been established by the Improved Chevrolet models which were displayed for the first time at the New York Automobile show.

Besides the landau, which is the Chevrolet product, the new group includes a sedan, coach, and coupe. All have bodies by Fisher. The company also produces a roadster and touring car and two trucks of one-half and one-ton capacities.

Despite the many improvements and refinements on the Chevrolet cars, prices of all models were substantially reduced January 1.

The complete appointments and distinctive lines of the landau make this car the aristocrat of the Chevrolet closed line. The exterior body panels, disc wheels and hood are in the new Arizona gray color. The body stripes are in gold. The leather covered rear quarter with its landau windows and graceful landau bars adds a final touch to the appearance of the car. The gray of the interior harmonizes with the outside panel colors. The landau interior equipment includes dash and dome lights, roller shades, foot rest, robe rail, smoking set and door pockets.

The coupe is finished in the Arizona gray duco, the coach in Bloomfield gray and the sedan in Algerian blue. The front seat of the sedan has been given a slightly increased tilt. This affords greater comfort to the front seat passengers and increased leg room to those in the rear seat. The sedan has a foot rest similar to that in the landau.

All of the closed cars have the VV one-piece ventilating windshield, windshield wiper, sun visor, parking lamps and Turnabout interior hardware.

The attractive gun metal gray duco finish is retained on the two open models.

REPORT OF LECTURE

"THE HIGHWAY TO LIFE"
At the Princess Theatre, Tuesday evening at 8 o'clock, Mr. H. E. Pinnock, of New York City, presented the lecture of the International Bible Students' Association, presented evidence from the Bible to show that the way to everlasting life on earth is now being made ready.

He said in part: Our text is found in Isaiah 40:3. It reads: "Go through, go through the gates; prepare ye the way of the people; cast up, cast up the highway; gather out the stones; lift up a standard for the people."

The advent of the automobile has brought with it the superb concrete surfaced boulevards which now traverse the country from end to end. The states vie with one another to see which shall have the best highways and thus attract the most tourists. Hence, we live in a day when the construction of superior highways is a very familiar sight.

The highways which men are constructing for purposes of automobile traffic are important. They make possible the full development of millions of acres of food-producing lands which are now partly or wholly idle. They are part and parcel of God's arrangements for distributing food to the billions of humanity who will shortly come forth from their graves in obedience to the Savior's promise, in St. John's gospel, the fifth chapter, the 28th and 29th verses: "For the hour is coming, in the which all that are in their graves shall hear His voice, and shall come forth."

But important as are these national roadways which are being designed by our highway engineers and built with consummate skill, the highway mentioned in our text is of still greater importance. It is the highway of life, the way over which myriads of the human family, after being awakened from the sleep of death, may come back into full harmony with God, and obtain the reward of that harmony in the blessing of everlasting life here on earth.

Notice the way the same prophet puts this matter in the same chapter in which he tells us that "the wilderness, and the solitary place, shall be glad for them; and the desert shall rejoice, and blossom as a rose," and "in the wilderness shall waters break out, and streams in the desert; and the parched ground shall become a pool, and the thirsty land springs of water."—Isaiah 35:1-7.

After setting forth these conditions which will prevail in the Millennium and which will be world-wide, the prophet continues, "And an highway shall be there, and it shall be called, the way of holiness; the unclean shall not pass over it; but it shall be for those: the wayfaring men, though fools, shall not err therein."

It is this highway of life, thus described in the 36th chapter of Isaiah's prophecy which is referred to in the words of our text, and which God instructs his own people of the Gospel Age to prepare so that "the world of mankind, living and dead, may walk thereupon in the Millennial Age, now opening before us."

The gates through which God's people at the present time must go before they can begin the work of preparing the way of the people are primarily the gates of consecration and anointing of the holy spirit represented by the gate through the court and the door to the Tabernacle in the wilderness, and by the gates of the Temple which Ezekiel saw in his vision.

It has been the popular, but erroneous thought, that the way of the people was prepared long ago. But a little reflection will show that until the present time there has been no way by which the human family could come back to holiness and everlasting life on earth, nor any way at all which has been so plain that "the wayfaring men, though fools, shall not err therein."

Any careful student of the Scriptures can see for himself that the people are promised safety (Ezekiel 23:26; 34:29; Isaiah 33:17, 21). They are promised freedom from sin (Micah 4:1); peace are promised justice (Isaiah 45:1); truth (Zechariah 8:8, 9); and on 36:10-13; Revelation 21:3.

SHARON

Lewis and Jennie Rescues spent Sunday at the F. H. home. Mrs. and Mr. J. O'Connor of Sharon, who spent the week end in the home of Mrs. O'Connor, are enroute to the city for a short time.

With unusual pneumonia Mrs. Edith Lewis spent Friday in Ann Arbor, where she visited her mother, Mrs. L. B. Lawrence of Chelsea, who recently underwent an operation at Dr. Peterson's Private Hospital. Mrs. Lawrence is reported as doing nicely. Mrs. Gertrude Ellis is visiting her

son, Mrs. Eliza Teeples, of Princeton for a few days. Mrs. Anna Dorr has been quite sick but is slowly improving. Barcelona's Procedure Barcelona is the largest city of Spain and the chief commercial center.

CONGREGATIONAL
L. Sutherland, pastor
January 23rd

Mass of worship: Morning preaching, 10 o'clock; Church school 11:15 a. m.; Vesper service at 4 p. m. No evening worship. 10 o'clock theme, "Guidance." 4 o'clock theme, "The Good Hope."
Remember, you are welcome to worship with us.
"I know a life that is lost to God; Bound down by things of earth; But I know of a Name, a Name, a Name That can bring that soul new birth. So listen, my heart, an Angel speaks To save thy life from doom; Christ Jesus is the Name, the Name— He saves by way of the Cross."

METHODIST EPISCOPAL
Rev. C. S. Risley, pastor.
The regular services on next Sunday. The morning subject, "The Heart of Christianity." What is the real heart of Christianity? What is true Christian discipleship? We will have to postpone the Pageant for a couple of weeks. In its place we have some interesting stereopticon views on "Hawaii and Pacific Islands," showing plants, trees, fruits, flowers, etc. A fifteen minute address will follow on the "Sayings of Jesus." This will be an interesting evening. We hope for a helpful service Sunday. Your presence will add much to the services, so we urge you to come. The church school as usual comes.

NORTH LAKE M. E. CHURCH
Rev. Frank Snooks, pastor
Sunday, January 24—
10:30 Sunday school lesson for adults is found in John 4:7 to 27. This is one of an especially interesting series of lessons found in the Book of John.
7:30 p. m. sermon by the pastor, Rev. F. Snooks.
A special welcome to all.
Rev. J. Martin, district superintendent, will preach his first sermon on this charge Sunday morning, Jan. 31.
The following Sunday school officers were elected for the ensuing year: Superintendent—E. W. McDaniels.

The first of a series of card parties given by Pythian Sisters, Rebekahs and O. E. S., will be held Friday evening, January 22, in I. O. O. F. hall, the Rebekahs as hostesses.

The Chelsea school boys' and girls' tennis tournament will be held at the Saline hall Saturday night.

I. O. T. M. of Mrs. evening, under is home

Takes All Fun Out of 'Em
Gifts much expected are paid, not given.—Benjamin Franklin.

Apes Do Not Laugh
Laughter, as a method of expressing amusement, mirth or merriment, is peculiar to the human race. Some animals make noises resembling laughter, but such sounds have no relation to the phenomenon we call laughter.—Exchange.

Widely-Known Memorial
The Lion of Lucerne is an important memorial in the town of Lucerne, Switzerland. It is carved out of the Thurgawalden, to commemorate the defense of the Tullerles, in Lucerne, August 10, 1792, by the Swiss guards, who were massacred by the mob. The lion is 26 feet in length.

"Wolf, Wolf!"
Jud Tunkins says the best way for a man to get such a reputation for mendacity that you're almost afraid he'll have a kind word for you. Washing-ton Star.

Squinters in Disfavor
In ancient times there was a belief that, if a squinting person entered a room where a Yale was hung, the bird had luck would overtake the people of the house.

Growth of Sugar Cane
Sugar cane grows in single stalks, the most common reaching a height of from 8 to 10 feet. A plantation of cane looks like a field of Indian corn stalks of enormous size.
