CHAUTAUQUA PROGRAM DATES WILL BE JUNE 23 TO 27

June 24-27 has been set as the four days on which Chelsea's Chautauqua will be presented—local patrons. The program which is being furnished by the Mutual-Morgan Bureau, of Des Moines, Iowa, is probably the strongest ever presented in Chelsea, including in the four days' entertainment two plays, "Believe Me, Xantippe," a prize play which had an unusual long run on Broadway, and "Little Miss Bluebeard," which is being presented over a chautauqua circuit for the first time. That these plays will greatly strengthen the chautauqua program is the belief of local committee members who have noted that largest crowds have attended when plays have been produced. In addition to the plays there will appear as lecturers, Dr. Doreen of the Jackson Boulevard Christian church, Kansas City; Dr. John Gray, in his "On the Trail of the Hobo," and Professor Gifford.

The institutions sharing in the distribution are: The Endowment Fund Commission of the Detroit Annual Conference of the Methodist Episcopal church; Albion College; Central Methodist Episcopal church of Detroit; Trumbull Avenue Presbyterian church, Detroit; Methodist Old People's Home, Chelsea; Women's Home Missionary Society; and the Bronson hospital, Kalamazoo.

"HER STEP HUSBAND" WINS APPLAUSE FROM CROWDS

Two Well-Filled Houses Hear Tale of Domestic Comedy From Stage of Town Hall.

Full of rollicking laughter from start to finish, "Her Step Husband," a three-act comedy given by St. Paul's Evangelical League on Monday and Tuesday evenings of this week, met with widespread approval on the part of well filled houses on both evenings of the performance.

Opening with the scene laid in the home of Harvey P. Marshall, at Crestdale, New York, the plot of the play was built around some of the foolish fancies of a romantic-minded wife who insisted on including members of her family and friends in queer domestic combinations which inevitably resulted in a mix-up of no small proportions. It is during one of these fanciful "fits" that she acquires a "step husband" in order that she may deceive an aunt. Various embarrassing and humorous situations follow until finally the truth is out and "everybody lives happily ever after."

Members of the league and cast of characters are to be complimented on the manner in which they so successfully staged the play. Everything from start to finish, including between act specialties were entertaining, humorous and well rendered, leading satisfaction to the audience as well as to participants in the performance.

Music for introduction and between acts was furnished by Smith's Silvertown Serenaders, Wesley C. Smith conducting. Others of the orchestra included: Walter Harper, Roy Kalmbach, Dr. Faye Palmer, G. H. Barbour, M. W. McClure, A. B. McClure, and Mrs. Milda Lindauer at the piano.

The cast of characters included: Harvey P. Marshall—Mary's permanent husband—Paul F. Niehaus.

Dr. Gerald Niles—(Jerry)—Mary's husband pro tem—Wilbur M. Hindere.

Limpy—Lannigan—An ex-convict—Austin Faust.

Officer Shea—An affable cop—Limpy.

Mary Marshall—An incurable romanticist—Oleta Hutzel.

Sylvia Allen—Mary's friend—Esther Loeffler.

Miss Emily Paisley (Aunt Emmy)—Harriet and Helen Lambert.

Florence—Ainslee—Her cousin—Anna Mayer.

Stella—Her maid—Oleta Seltz.

MRS. EMMA RIEMENSCHNEIDER—Mrs. Emma Riemschneider, 65, died Sunday at her home at 330 Thompson street, Ann Arbor, after a lingering illness. She was born April 23, 1860, in Lima township, and was the daughter of Christian Miller and Mary Lehman. Her husband, H. F. Riemschneider, died two years ago.

She is survived by two daughters, Miss Ruth Riemschneider and Mrs. W. A. Taylor of Ann Arbor; a brother, John Miller of Sylvan, and a grandson, LaVerne H. Taylor of Ann Arbor.

Funeral services were held at 1:30 Wednesday afternoon from the residence. Interment in the Salem German M. E. church cemetery near Francisco.

One of the most interesting local achievement meetings ever held in Sylvan township was held at the Sylvan Center school Friday evening, April 16th. At this school, where Mrs. M. W. McClure teaches, there is a clothing club composed of six girls doing first, second, and fourth year clothing club work. There is also a handicraft club composed of six boys doing first and second year handicraft work. The clothing club work is under the supervision of their teacher, Mrs. M. W. McClure; the handicraft club is under the leadership of both Mrs. McClure and Mr. Ware.

At this time of the year each winter club finishes their project work and has their work judged. Miss Harriet Wilder, Assistant State Club Leader, judged the girls' clothing club work, and Mr. Pearson, Assistant State Club Leader, judged the handicraft work of the boys, to decide who should be the best champion in each club and represent the club at the County Achievement Day held in Ann Arbor May 22nd.

The result of the judging by Miss Wilder and Mr. Pearson was as follows: local champion in first year clothing club work, Evangeline Griffith, second place, Genevieve Ware; second year work, first, Aitha West, second, Madeline Ware, third, Rachel West; fourth year, local champion, Sadie Saine.

In handicraft club work, first year work, first place, Meri Haffey, second, Willis Heydlauff; second year work, first, Richard West, second, Harold West, third, Wilson West.

Both Miss Wilder and Mr. Pearson complimented the boys and girls on their splendid local achievement exhibit. This exhibit showed remarkable improvement over last year's work.

A Club program was given which was under the entire charge of Miss Sadie Saine, fourth year clothing club girl. Following is the program: First Stanza of America. Purpose of the Meeting—Sadie Saine. Club Meeting—Two Clubs (Business meeting). Song—Hall, Hall, the Club's All Here. Roll call—Each answered with thing they enjoyed doing most. Reading of minutes (additions-corrected). Committee report. Business (unfinished). Song—Jingle Belle. Reading from Bulletin—Genevieve Ware. Blame it on the Schools—Madeline Ware. Song—Bubbles. Reading of Club Story—Richard Ware. Talk—Local Leader, Mrs. McClure, Club Yells. G. P. Cartrell, Ann Arbor attorney, was introduced by the chairman and talked to the boys and girls about their work, giving them encouragement to continue the splendid work that they have been doing. County Club Agent was called upon and made a few announcements in connection with County Achievement Day, and exhibit at the County Fair. After this Miss Wilder and Mr. Pearson announced the local champions.

Every seat in the school room was filled with parents and friends of boys and girls interested in their exhibits. The people present were much pleased with the program shown by the boys and girls of the Sylvan Center community which was largely due to interest in the boys' and girls' club work.

Up-to-Date Magic

A famous magician pours water from one pitcher into many glasses. In one glass the water turns red, in another blue, another smoking and boiling, and in another to tinkling ice. Then he pours from the same pitcher into an empty flower pot presto, a plant grows before the eyes. Last he sprinkles a huge vase from which a beautiful woman rises.

Yet no less magic comes daily from a prosaic gas holder. Flame, ice, light, hot water, clean linen washed, dried and ironed by gas; and even clean air for city dwellers. The identical gas gives many gifts according to the appliance it goes into. This, the marvelous magic of today, carried on by thousands of gas company workers, made possible by millions of hard earned dollars invested, eagerly waits to serve you whenever you turn on the gas.

Are you enjoying all the service possible from this magic gas? You are welcome to come in any time and inspect the latest modern gas appliances for giving you greater gas service.

SCANDAL

Neither retail nor receive scandal willingly; defamation of others may for the present gratify the malignity of the pride of our hearts, cool reflection will draw very disadvantageous conclusion from such a disposition; and in the case of scandal, as in that of robbery, the receiver is always thought as bad as the thief. Letters of Lord Chesterfield to his son, October, 1748.

PROSPERITY CONTINUING

Those who have been nursing doubts as to the continuance of prosperity in America should read the latest summary of general business and financial conditions by the federal reserve board. That agency, with its finger on the pulse of the nation's business and with special opportunity for studying all its symptoms and changes, local and general, reports continued improvement in industrial and commercial conditions.

Specially significant is the board's report of increased production of iron, steel and cement. This means not only increased employment in productive industries concerned, but increased activity in construction which in turn points to increase of housing facilities.

Increase of employment in industrial centers generally and of retail and wholesale trade indicate increasing distribution and consumption—that is, the people are buying more, because they have more with which to pay.

FORESTS AND FAMILIES

This year American Forest Week will be observed throughout Canada as well as the United States. The period so designated is the week of April 18-26. Its chief purpose is to interest citizens in forest conservation. Perhaps it would make a wider appeal if more attention were called to trees and tree culture for individual families. "Forest" is such a big word that many a city or even farm-dweller feels that it has no connection with any possible activity of his. Such is not the case.

Reforestation on a large scale would be greatly furthered by local interest in trees. There are nut or fruit or shade trees just right for beautifying highways and drives. There are city streets and parks and country roads that need more trees. When everybody finds out how nice trees are and what a joy it is to have them around and how easy it is, too, there will develop a new era of tree-growing. With this should come deeper general interest in the public work of reforestation on a big scale and in protecting our existing forests from fire and other ruthless destruction.

PUBLIC'S RESPONSIBILITY

Motor vehicle accidents in the streets and highways during the past twelve years have increased 700 per cent, while casualties to passengers on trains during the same period have decreased 59 per cent. Travel by steam railroads in the United States today is 160 times safer than travel by automobile.

The public should aid the railroads in carrying out the following suggestions:

1. Prevent the building of unnecessary highways across railroad tracks.
2. Eliminate crossings through the re-routing of highways where possible.
3. Eliminate obstructions to view on the highways within 500 feet of the crossing.
4. Require every motor driver and insurance carrier of every automobile involved in an accident causing personal injuries to report full details to designated state officials.
5. Enact stringent laws requiring a proper standard of qualifications making it unlawful for licenses to drive motor cars to be issued to those who are unable to meet required mental and physical tests.

CAMPING

We bespeak your cooperation in prevention of forest fires and water pollution, and make the following suggestions for your assistance:

1. Matches. Be sure your match is out. Break it in two before you throw it away.
2. Tobacco. Be certain that pipe ashes and cigar or cigarette stubs are dead before throwing them away. Never throw them into brush, leaves or needles.
3. Making camp. Before building a fire scrape all inflammable material from a spot five feet in diameter. Dig a hole in the center and in it build your camp fire. Keep it small. Never throw a fire against trees, logs, or near field.
4. Most camp. Never break camp out of a hole.
5. Burn or bury all garbage and refuse. Do not burn it in a hole. Do not burn it in a hole. Do not burn it in a hole.

FRANCISCO

Last Wednesday, April 14, was observed in our public schools as Achievement Day of the sewing club which was organized last fall with six girls enrolled. Later a new member was added. Mr. Roy E. Decker, the county club agent, brought Miss Wixson, the Assistant State Club Leader, to the school to determine the local champions of the club. Miss Wixson examined each garment, darn, patch and the story of each member very carefully, and named Stella Bohne champion of the second year class, and Eva Lehman second place. Miss Mildred Bohne was named champion of the first year class, Helen Andrews won second honors and Viola Sanderson won third. Each club member had completed the entire course of work which record none of the other six clubs in the county had established. May 8 will be observed as Achievement Day of the County, in Jackson, when all the champions of the county will compete for the county championship. All the work of the club members was on display at the school house, and the parents and interested friends of the girls attended the exhibit. The club members gave a very nice program, after which they were hostesses to their visitors, serving apples, popcorn and fudge.

PONTIAC SIX

At the New York Automobile Show—a spectacular triumph! Wherever it has since been presented—a brilliant success! Here in town, a conquest of public opinion which excited interest to fever heat!

Three years ago General Motors determined to develop a Six, so high in quality and low in price, as to win instant public acceptance. To that end were devoted the almost limitless resources of the corporation.

As a result, the Pontiac Six introduces into the field of low-priced sixes, features so new and unique, that a radical revision of the national idea on motor car values is already under way.

Sensible investors, the country over, are turning to a Six that offers beauty, bigness, comfort, stamina, quality and thrilling big-engine performance, for only \$825—less than the cost of some four-cylinder cars. And there can be but one result—Not enough cars to go around.

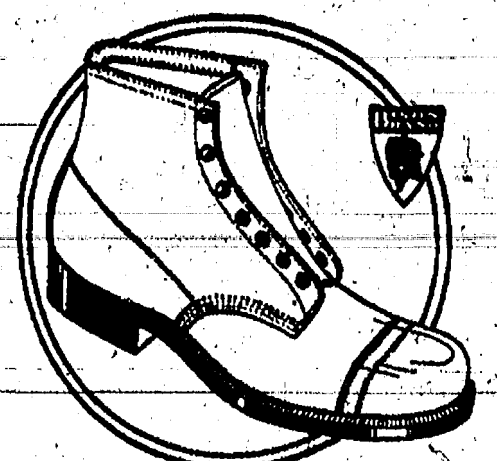

Arrange to place your order now. Assure yourself of getting delivery when you are ready to take it. Hundreds are going to be compelled to wait this spring. Now is the time for you to act!

Oakland Six, Companion to Pontiac Six, \$1025 to \$1295. All prices at factory.

FISHER'S SHOE STORE

BRIGHTON—Another big Grand River real estate deal was closed a few days ago when Wesley Worden sold his 180 acre farm 6 miles east of this village. The purchaser was a Detroit man with lots of money and the consideration was \$75,000. This farm, located in the extreme northeast part of Green Oak township, has been in the Worden family for many years. It has some frontage on M-16 and considerable Huron river frontage. The property has been on the market for a considerable length of time, and needless to say, could have been bought a few years ago for a small fraction of the amount realized in the present sale. —Argus.

True Hospitality

There is an emanation from the heart in genuine hospitality which cannot be described, but is immediately felt and puts the stranger at his ease. —Washington Irving.

Why "Photographer"?

It's perfectly all right for a photographer to "shoot" you before sunrise.

BREVITIES.

HOWELL—The United States Civil Service has announced an examination to be held at Howell, receipts of applications for which will close April 23, 1926, to fill the position of rural carrier at Brighton.

DEXTER—Secretary Kellogg of the School Board has completed the school census for the year, and reports the number of children of school age in the district is 248. This number is five less than last year. —Leader.

MASON—Official canvass of the votes cast in the county on the proposition providing for a new county jail resulted in 6781 votes being recorded as voting "yes" and 3928 as "no", being a majority of 2853 in favor. —News.

BROOKLYN—Ice in the smaller lakes and ponds has disappeared and is fast going from the larger lakes where it has lingered long. Large flocks of wild geese are bringing better signs of spring. An immense flock flew low over Brooklyn Sunday afternoon and their honking calls attracted more attention than would 500 automobiles. —Exponent.

PARMA—Theron from a lead of hay when his team of horses broke loose and tipped over the wagon, Albert Polzin, aged 46, a farmer living about a mile east of Albion on M-17, suffered a broken neck and died while being taken to the Sheldon Memorial hospital at Albion. The accident occurred in Albion about 1 p. m. Wednesday. —News.

FOWLERSVILLE—Theron Monroe was doing some work on his truck a few days since and had drawn some gasoline in a pail some distance away when it suddenly took fire from his torch and he dropped the torch. He was working with and catching up the pail threw it out, but his hand was pretty badly burned in the operation. —Review.

JACKSON—Thursday afternoon Louis Wildemuth, of Battle Creek, fell from a slipping scaffold at the fourteenth story of the Reynolds block and was killed. A fellow workman clung to the scaffold and was rescued. The cause of the accident was failure to properly work the cable by which the scaffold was raised and lowered. —Saturday Evening Star.

PINCKNEY—The Wales Leland farm of 70 acres was sold this week to Detroit buyers. This farm contains Goslin lake and was bought on account of the chances for resort property. The price is said to be \$6000. Mr. and Mrs. Leland have bought the Bowman home on Stuart street and expect to move there soon. —Dispatch.

JACKSON—For the first time in the history of Jackson county, a woman is to run for sheriff. Mrs. W. C. Stoddard, wife of the present sheriff, announced Thursday she will seek nomination on the Democratic ticket. Sheriff Stoddard, who is serving his second term, had planned to seek a third term, but a ruling handed down by the state supreme court makes this illegal.

SOUTH LYON—Work on a 6 inch test well for the South Lyon waterworks system is expected to begin this week. Richard Kliney having charge of the work. The village has an option on land belonging to The Detroit Edison Company on Whipple street and if the well is satisfactory the plat of ground will be purchased. This is another step towards the completion of the waterworks system which the coming summer will materialize in South Lyon. —Herald.

SALINE—The village has purchased a street sweeper, a Fordson with sweeper attachment. It has arrived and is fitted with hard rubber tires, making it practically noiseless when in operation. It is expected to put the machines to work at once. The streets will be cleaned at an early hour in the morning, so as not to interfere with traffic. —Observer.

MANCHESTER—We understand that poles are being distributed along M-23 to build an electric light line the entire length of the paved trunk line, as a means not alone of giving auto drivers a white way at night, but to show the way for airplane operators. For goodness sake why don't they light some of those gravel roads; they are surely more dangerous to drive on. —Enterprise.

A Record Made a Verdict Rendered

Here is a record to make you pause:

70,599 Dodge Brothers Motor Cars and Graham Brothers Trucks sold in the United States from January 2nd to April 3rd, 1926!

The greatest quarter in the company's history.

37 per cent greater than the same period last year, when 51,318 units were sold.

This record was a foregone conclusion. Since the first of the year demand increased week by week. Each period showed greater sales than the one preceding and greater than the same period of 1925.

During the last week recorded, ending April 3rd, 9104 units were sold, against 6530 for the best week last year—a gain of 39 per cent.

Sales figures are an index to the buyer's preference.

Buyer's preference, these days, springs from clean-cut convictions on quality and comparative worth, penny for penny.

Although the peak of the selling season has not yet been reached, the verdict has already been rendered.

This is the first year Smith Hughes judging contests will be made a part of the Washtenaw County Fair program.

NERVES ALL UNSTRUNG!

Chelsea Folks Should Find the Cause and Correct It.

Are you all worn out? Feel tired, nervous, half-sick? Do you have constant backache? Sharp twinges of pain, too, with dizzy spells and annoying urinary disorders? There's cause for worry and no cause to give your weakened kidneys prompt help. Use Doan's Pills—stimulant diuretic to the kidneys.

Chelsea folks recommend Doan's for just such troubles.

Lewis Eschbach, farmer, R. F. No. 2, Chelsea, says: "I was in bad shape with kidney trouble. My back was painful and there was a constant weakness and soreness just over my kidneys. My head ached and I was nervous. I didn't get any relief until I started taking Doan's Pills from Freeman's Drug Store. Three boxes of Doan's cured me."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—Doan's Pills—the same that M. Eschbach had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
