### PREPARATIONS BEING MADE TO OPEN SCHOOL

Fifteen Teachers Will Have Charge of Classes When School Year Opens September 7

The clang of school bell and discipline of the school room will again greet students of the public schools when on Tuesday, September 7, they proceed to the opening of another season of educational work. Rumors that school would be a month late in opening are unfounded, according to school officials, who state that construction work which has been in progress for the past three months on the new auditorium and gymnasium will be finished and open to uses of the school. There is a possible chance that some work on the ventilating system being installed might not be finished but this will not interfere with school work.

Teachers have been employed for every grade in both the grades and high school. They are as follows: Grades: Miss Lola Stokes, Miss Lois Stokes, Mrs. Effa Dancer, Mrs. E. L. Clark, Mrs. E. P. Steiner, Mrs. R. D. Gates, Mrs. Florence Howlett, Miss Dorothy Powers.

High School: Mrs. Lily Robinson, Miss Elizabeth Henry, Miss Frances Jerome, Miss Evelyn Cornman, Miss Evelyn Canby, Miss Viola Voght and Supt. E. L. Clark.

Classification of high school students will be held at the High School building all day Friday and Saturday forenoon.

FRED W. GREEN WILL SPEAK HERE SATURDAY

Saturday, August 28th, Fred W. Green, candidate for Governor, will make a speaking tour through Washtenaw County, and arrive in Chelsea at 10:30 a. m.

With Mr. Green will be a hundred or more of his many friends and admirers in the county. The combined State Normal and City Band of Ypsilanti will arrive thirty minutes in advance of the speaker and play until he arrives.

Preparations are being made to meet Green and his party and welcome them to Chelsea where he has many old friends.

First Green has put Gov. Cresswell on the defensive in this primary campaign and is giving the people of Michigan an insight into some of the things they should know about.

Regardless of personal or party feelings it is a good thing for the voters to hear both sides of every situation if they expect to vote intelligently. This meeting will afford an opportunity to see and hear the man who has a mighty good chance of being the next governor of Michigan.

W. G. WHITE CO. SHOWING NEW CHRYSLER MODEL

W. G. White Co. have on display at their garage on West Middle street one of the latest creations of Walter P. Chrysler in the Chrysler "50". The machine, which is priced to the low with other four and some of the lower priced sixes, promises to be one of the best sellers in view of the fact that in quality it ranks among cars of much higher price range. Distinctive Chrysler quality is said to be incorporated in this car which resembles other Chrysler models in body style.

Addition of the new model gives the White Co. four models ranging from the "50" to the "80", model numbers meaning miles per hour. An invitation is extended the general public to call and see the new "50".

Appointment of a baseball czar, a veritable Konesaw Mountain Landis, to assume control of the local baseball situation has been suggested as a solution of the "squabbles" arising between members of the several ball teams in the Chelsea Playground League. Disagreement and arguments occurring during games has spread to the bleachers where spectators are loud in support of their favorite team. Blue eyes have been narrowly avoided, but as the season draws to a close vindictive phases continue more so—SO—where, oh where, can we find some one who can settle disputes satisfactorily to both sides?

E. J. CLAIRE AND SON WILL MOVE TO NEW LOCATION

Branch of Local Business Will Be Opened in Ann Arbor on September First.

Arrangements are being made for removal of the E. J. Claire & Son Hardware, Jewelry and electrical store to the Steinbach building on West Middle street, formerly occupied by W. G. White Co. as a salesroom. Moving operations are expected to be completed next week. The building in which the store has been located for the past four years has been sold to L. F. Stafford, proprietor of the North End pool room, who will occupy it with his business as soon as the interior can be refurnished.

In connection with the change in location comes announcement that a branch of the Atwater Kent and Croesley store operated here by this firm will be opened at the Willard service station on West Huron street in Ann Arbor on September 1, O. J. Claire, junior member of the firm, taking charge of the branch business.

Expansion of the radio business comes as the result of a steadily increasing radio business locally and it is expected an equally prosperous business will be built up in the county seat town. An elaborate display is being arranged for the fair next week, to which the public is cordially invited.

THURSDAY WILL BE CHELSEA DAY AT WASHTENAW FAIR

In order that Chelsea may be well represented at the Washtenaw county fair to be held at Ann Arbor August 31, Sept. 1, 2, 3, 4, Chelsea business places will be closed on Thursday afternoon, Sept. 2, and business men and clerks will join in the general Chelsea migration toward the county fair ground. Closing comes as a result of a request from the fair management that this vicinity set aside one afternoon during fair week for a record attendance. Inasmuch as nearly everyone except business men and clerks could and would go anyway it was thought advisable to "shut up shop" long enough to participate in fair week.

Thursday afternoon closing, which was to have started the first Thursday in July, got away to a late start and it was not until the second Thursday that the movement took effect, so that another Thursday afternoon in September is really "coming". Following September 2, business places will be open every day of the week.

### GOLDEN WEDDING CELEBRATED BY MR. AND MRS. J. J. WOOD

Family Entertains Aged Couple On Anniversary at O. D. Luick Home, So. Main St.

Celebrating the fiftieth, or Golden, anniversary of their wedding, Mr. and Mrs. J. J. Wood were delightfully entertained as guests of honor at the O. D. Luick home on South Main street Monday where relatives and friends gathered to congratulate the aged couple and wish them many future years of happiness together. Nearly forty guests gathered at the home of Mr. and Mrs. Wood and escorted them to the Luick home where they were met at the door by Dr. and Mrs. O. G. Wood, of Hart, and Mr. and Mrs. O. D. Luick and escorted to the dining tables by little Miss Jean Luick, granddaughter of the honored guests. There, amid candles and flowers in which yellow was the predominating color, a sumptuous dinner was served by grandchildren of Mr. and Mrs. Wood, assisted by several friends.

Following the dinner a program was given with several musical selections by Dr. and Mrs. O. G. Wood and son, a reading by Mrs. Henry Luick, piano duet, Grace and Howard Luick; saxophone solo, Merle Wood; piano solo, Kenneth Beach; vocal solo, Mrs. Henry Luick, who also responded with an encore, "Put on Your Old Gray Bonnet"; vocal solo, 4-year-old Ruth Luick. Mr. Wood, who is 71 years of age, expressed his appreciation of the honors shown he and his wife, who is 68, and brought to a close a memorable event in their declining years. A \$50 purse of gold was presented Mr. and Mrs. Wood by children and grandchildren while \$25.00 was presented them from another source. Beside the money many nice gifts were received.

Among those present at the affair Monday were Mrs. Geo. T. English, sister of Mrs. Wood, Stowell Wood, brother of Mr. Wood, Mrs. Mark Lowry and Miss Ella Freer, who attended the wedding fifty years ago. Out of town guests included Mr. and Mrs. O. G. Wood, son, Merle, Miss Isabel Amberg, all of Hart, and Ray Vogel of Ann Arbor.

Mr. and Mrs. Wood were married in Lima township, on the Cooley farm, the home of Mrs. Wood's parents. Later they purchased the farm and with the exception of six years spent near Grass Lake, spent their residence there until in 1920 when they removed to Chelsea. Two children, Dr. O. G. Wood and Mrs. O. D. Luick, four grandchildren and one great grandchild make up the immediate family.

1926 IS BANNER YEAR FOR WASHTENAW COUNTY FAIR

The seventh annual Washtenaw County Fair which will be held August 31-September 1, 2, 3, 4 will indicate the agricultural progress Washtenaw County has made in the past year. Organized and operated solely for the purposes of aiding and fostering the improvement of all branches of livestock, floriculture, horticulture and domestic arts and for the building of a greater home community and county spirit the 1926 Washtenaw County Agricultural exposition will break all previous records for quality of exhibits, educational displays and wholesome entertainment and recreation.

The exhibition space for the 1926 Washtenaw County Fair will be filled with quality exhibits which, it is believed, will represent progress never before equalled in Michigan considering the few years the Washtenaw County Fair has been in operation. Financial aid given by Washtenaw County has made it possible to provide suitable exhibit space for a number of departments which heretofore have been seriously handicapped for lack of room.

In keeping with the growth and development of Washtenaw County Fair the management has contracted the highest possible class of entertainment and attractions for the 1926 exposition. Horse racing for the lovers of "the sport of kings"; a clean

## What's going into your Basement?

Are you thinking of laying in a big supply of dirt and ashes and hard work for the coming winter?

Of course not, you remonstrate. You're merely going to get in touch with your dealer to make sure of next winter's fuel supply. Yet, what he'll deliver, after a large payment in advance, is really only dust, smoke and ashes in the end.

The man who burns gas in his furnace doesn't worry in summertime or any time about next winter's fuel supply. He doesn't pay out money six months in advance for winter warmth—he pays after enjoying the warmth. His wife has no ordeal with a tramped-up lawn and a dirty, sooty house while getting the fuel into the bins. Gas is in the pipes, ready and waiting for the first winds of Fall.

Now, before winter comes, is the time to have a gas furnace installed. Investigate gas before you order solid fuel.

### FARM RELIEF

Consistently we read in the daily newspapers that the farmers need and should have relief, but that "it can't be obtained through legislation or political action."

We have never seen a reason why it could not be obtained through legislation. As a matter of fact, no sane and reasonable man will deny that this seems the only way by which relief for the farmers may come.

There have been precedents for it. The banks were in more or less distress. They were constantly hampered by panics. Bank failures all over the country were about as common as flies in summer. The national Congress passed a Federal Reserve act, turning over to the banks the power to issue money; the backing of the government and the credit of the people, in order that the banks might have relief.

The railroads were suffering. Many of them had receiverships, and many others were travelling swiftly toward receiverships. The Esch-Cummings bill was passed to relieve the railroads, and they have had relief. Industry was suffering and was in the dumps. It needed relief. A high protective tariff bill was passed to relieve industry, and it is highly prosperous.

Other instances could be cited, of legislation directly aimed at relief of various enterprises and classes. Then, why not the farmer?

The farmers of this country produce twelve billions of wealth every year. They are worked the hardest and paid the least of any class of citizens of this country. They work longer hours, finance themselves, take all the risks and get the least for it. Why, then, should they not have legislation for their relief?

All over the United States help for the farmer is hard to get, and wages are higher than the farmers can afford to pay for the amount he receives for what he produces. This is rapidly drawing men and women away from the farms, and reducing the number of producers of foodstuffs in this country. It will inevitably make the cost of living higher. It will make the dollar of the city wage earner drop still lower in the value it represents in exchange for the necessities of life. It will tear down, and ultimately destroy the basic industry of this country unless relief is forthcoming.

We could do without banks more easily than we could do without the railroads; more easily than we could do without the farmers; we could do without our enormously big industries more easily than we could do without the farmers. All these have been helped by national legislation and aid. Why shouldn't the farmer be helped?

We defy any man to answer these questions and refute the arguments we have offered.

### BEAMES THE COURTS

Policeman Frank J. Murphy, of New York City, was killed by a gunman while he was on duty last Saturday. He was the fourth victim of gunmen in the Greater City, this year.

Police Commissioner McLaughlin in a statement to the press, blamed the courts for so many killings of officers while on duty. He said the courts are too lenient with criminals. He is right. There is no question about it.

The law was made to protect the people from criminals. As they are enforced, they are protecting the criminals from justice administered by the people, in many instances. This is particularly true on Manhattan Island.

If the American people do not awaken to the peril with which they are surrounded by the law's delay, and the lenience of the courts, and get a better enforcement of the law, it will soon bring us to a reign of terror, when the man with the gun will be the community dictator.

There is no crime more serious than the killing of an officer when he is on duty as a representative of the people, to see that the public is protected and the law is enforced. Such murders are not alone murders of men, but they are assassinations of justice. They are atrocious strokes of the criminal arm of the law.

There ought to be a few judicial impeachments in this state, and they ought to begin on Manhattan Island.

### GASOLINE IN ALCOHOL

It is often remarked that "gasoline and alcohol will not mix." So they will not in the operation of an automobile. But the government is going to mix them. All the denatured alcohol in the United States is to be further denatured by having gasoline added to it. That will effectually prevent its use for the purpose of denaturing chemicals, and prevent bootleggers and moonshiners from using it to make booze. That ought to shut off one of the sources of supply, and greatly aid enforcement.

## A Small, Desirable Community---Less Than 300 Lots at Inverness Country Club

This is a small and restricted community of summer homes, that's one of the reasons why Inverness Golf and Country Club, located on the shores of North Lake, are so popular. Here the entire family will find rest and recreation—safety for the children, peace and comfort for the grown-ups, missing all the objectionable features of the average summer colony.

All forms of summer sports are possible here. There's fishing, swimming and boating for those who enjoy the water. Now playing 6 holes of the nine-hole golf course. A 12-room club house, which the members of the community will own, is already on the property. You'll be as enthusiastic as those who have already purchased here, when you see this community. A membership in the Club goes with every lot.

The basic sources of automobile value are not always apparent to the eye.

A motor car, like a house, may LOOK a great deal more substantial than it really is.

Because of this difficulty, more and more thousands are turning to Dodge Brothers' product for insurance against disappointment.

The years have proved, and each year proves anew, that Dodge Brothers are as deeply concerned with the UNSEEN goodness of their motor car, as with the seen.

The mileage it will deliver, the safety it will provide, the expense and trouble it will save the owner over a period of years, are quite as important to Dodge Brothers as the more obvious details of equipment and style.

Any road around you will take you "half the world away." Discover the wonder and the rich romance of the Middle West! Here is a list of pleasure places. See what you can add to it!

- 1—The Homestead Mine, largest gold mine in the United States, at Lead, South Dakota. The average annual output is over \$6,000,000. Total depth of the Ellison shaft is 2,420 feet. Over \$500 is spent for explosives every day of the year. State Highway No. 30.
- 2—Maribel Caves, Wisconsin. Curious caves in limestone formations near State Highway No. 16 between Manitowish and Green Bay.
- 3—Clifty Falls State Park, Indiana. Rugged, thickly wooded, with many deep gorges. Contains Clifty Falls, ninety feet in height, and a series of many smaller cascades. Near Madison, State Highway No. 40, No. 26 and No. 6.
- 4—Old Fort Larned, six miles west of Larned, Kansas. On an island in the Arkansas River, a battle occurred in 1870 between the Cheyennes and Arapahoes. National Old Trails Road.
- 5—The Camel's Hump, a two-crested butte near the town of Sentinel Butte, North Dakota. State Highway No. 3.
- 6—Pilot Knob, Missouri, a shaggy peak rising 1,600 feet above sea level, named by Mississippi River pilots when river travel was in its heyday from the fact that its sharp summit was a guide post on clear days. North of Ironton, State Highway No. 21.
- 7—Piasa Bluffs, Illinois, where Father Marquette in 1673 found the famous Piasa Bird and other weird monsters painted. Piasa Bird has been restored. Wonderfully picturesque district. North of Alton, State Highway No. 3.

- 9—Kitch-i-ki-pi, the Big Spring, in the virgin forest near Manistiquie, Michigan. Sixty feet deep, four hundred feet across. The water is so clear you can watch a coin fall until it rests on the bottom, and so cold that no animal life can exist in it. About four miles off State Highway No. 12.
- 10—The Gunflint Trail, in Minnesota, a unique thirty-mile road built for the use of the Forestry Service and opening up the most beautiful part of the Superior National Forest, hitherto practically inaccessible. From Grand Marais on State Highway No. 1 into the wilderness.

## ATTORNEYS ENDORSE C. L. PRAY FOR COUNTY CLERK

We, the undersigned attorneys and members of the Washtenaw County Bar Association, do hereby certify that C. L. Pray who is a candidate for re-election as County Clerk, is a very capable and efficient and competent officer. From personal observation of his work extending over a long period of time, we can truthfully say of him, that he has discharged the duties of his office in a careful, efficient and obliging manner.

His opponents for election may be, and we think are efficient and capable, and we have no desire, by inference or otherwise, to say anything against the qualifications of his opponents. Neither do we desire to attempt to dictate in the slightest degree, or in any particular, as to who should be elected for County Clerk. Our judgment is that all of the candidates for this office are properly qualified, and the election of any one of them will be perfectly satisfactory to us.

We dislike very much, however, to have it said of Mr. Pray, as was recently said in one of the newspapers of the county, that he was inefficient, and it is only because this unfounded charge of inefficiency against Mr. Pray found its way into the press, that we have felt it our duty to state what we know to be the truth concerning the careful and efficient manner in which he has administered the duties of his office.
