D. U. R. CARS ORDERED TO STOP AT SO. MAIN STREET

Company Official Visits Village Council and Acts Upon Request That Cars Be Stopped at Local Crossing.

All D. U. R. cars operating between Jackson and Detroit will stop before crossing South Main street following an order issued by Ralph Southard, assistant superintendent, which took effect Wednesday of last week. Stopping of the cars comes as the result of a request from village council sent to company officials two weeks ago. Mr. Southard visited Chelsea on Monday of last week and attended the council meeting that evening at which time a definite understanding of the situation was reached. On Thursday he returned with the order, a copy of which was presented to P. C. Maroney, village clerk, with the explanation that it took effect on Wednesday morning.

In granting the request of President Storms and village council that cars be stopped, Mr. Southard stated that since the D. U. R. was doing its part toward eliminating the hazards of South Main street crossing it seemed only fair that motorists assume a portion of the responsibility and assure further safety by stopping at the railroad crossing.

Action with regard to eliminating accidents at local railroad crossings came immediately after Lucien Brosseau met fatal injury in a collision with an interurban car on South Main street. Whoever may have been to blame, certain it is that stopping of D. U. R. cars and the proper amount of caution on the part of automobile drivers will prevent further accidents on this crossing.

WASHTENAW GOVERNMENT COSTS QUARTER MILLION

Almost a quarter of a million dollars was spent during the year ending April 30, 1926, for the operation of the various departments of Washtenaw county's government. The exact amount, according to a report of an audit made by J. W. Severson and W. W. Berry of the auditor general's office, Lansing, was \$230,313.29. The largest single item on the list in the auditor's report is that classified as quarterly settlements. These include a number of disbursements for the care of the insane, indigent, sick and delinquent persons at state institutions. The institutions and the amounts paid to each during the year referred to are as follows: University hospital, \$31,592.35; Pontiac state hospital, \$3,761.72; Ionia state hospital, \$1,055.11; Michigan home and training school, \$745.20; Michigan farm colony, \$378.04; state sanatorium, \$1,265; state psychopathic hospital, \$533.80; school for blind, \$21.84; school for deaf, \$47.22. A charge for back taxes of \$3,037.69 also is included in the list of quarterly settlements.

The next highest amount is for the operation and maintenance of the circuit court for the year, the report showing this sum to be \$23,921.22. The cost of operating other county departments is as follows: board of auditors, \$1,055.19; board of supervisors, \$11,920.34; club leader, \$3,884.00; coroners, \$666.10; agricultural agent, \$1,200; county clerk, \$9,274.01; county manager, \$1,576.12; county sealer, \$326.50; county treasurer, \$6,422.10; drain commissioner, \$3,520.81; justice courts, \$1,320.10; poor commission, \$205.10; probation officer, \$605.46; prosecuting attorney, \$4,618.04; register of deeds, \$7,014.57; road commission, \$1,828.50; school commissioner, \$10,642.47; sheriff, \$18,216.50; soldiers' relief commission, \$1,242.88; veterinary, \$4,048.99.

Appropriations amounted to \$10,086 for the year, making out birth and death certificates cost \$999. A total of \$6,050.82 was paid out in bounties, and it cost \$5,494.63 to maintain the court house and grounds for the 12 months.

Other items in the disbursements include: Detroit house of correction for care of prisoners, \$1,285.10; drains, \$378.95; elections, \$844.75; miscellaneous, \$9,884.89; mothers' pensions, \$20,021.03; soldiers' burials, \$1,445.

FIRST FELLOWSHIP CLUB MEETING TO BE OCTOBER 7

The first Fellowship club meeting will be held at the Methodist church Thursday evening, October 7, when organization and election of officers will be held. There will be a pot luck supper at 7 o'clock.

It is expected Louis Reiman, of Ann Arbor, well known athletic director and leader, will be present in the role of speaker and a good attendance is hoped for.

NOTICE

Whoever took the stop sign from the lamp post, corner of South and South Main Sts., Saturday night, please return same and avoid trouble. Wm. Atkinson, Marshal.

Mrs. Michael Merkel, Mrs. Jos. Heim and daughter Irene, will leave Saturday for Rochester, N. Y., for a several weeks visit with relatives.

Turning of the Worm

"In a few words," began the Tiresome Talker. "You find the letters X and Z," snapped his intended victim as he took a chance and dashed across the street—Cincinnati, Enquirer.

FAREWELL RECEPTION IS GIVEN DEPARTING PASTOR

Members and friends of the Methodist church gathered at the church on Monday evening in a farewell reception to Rev. and Mrs. C. S. Risley on the eve of their departure for Manistique where a new charge has been assigned them for the coming year. A pot-luck supper was served, after which short talks from a number of parishioners gave expression of the esteem in which the pastor and family are held locally. Rev. Risley responded with words of appreciation. Presentation of a pair of bed blankets by the Ladies' Aid Society, under whose auspices the reception was held, added further to the enjoyment of the evening by the pastor and wife. Late in the evening a piano solo was presented by the Risleys by W. C. Smith and Fred Brosseau on behalf of the Fellowship club.

WILL PRESENT COLUMBIAN QUARTET CONCERT PARTY

Under auspices of the Ladies' Aid Society of the Methodist church, the Columbian Quartet Concert Party, three of whom are blind, will appear at the Methodist church Tuesday evening, October 5, at 8 o'clock, in a program of concert music and entertainment.

This organization has been on the road for twenty-two years, during which time the personnel has remained unchanged and is easily the oldest quartet and concert party on the platform. Their instrumental and vocal music includes numbers from the old masters as well as some of the popular hits of the day and with their long experience before exacting and critical audiences they are able to please wherever they may appear.

It is expected a large audience will hear the Columbian quartet upon the occasion of their concert here.

C. T. A. REPORT

Report of the Chelsea-Washtenaw C. T. A. for month ending August 15, 1926: Cows tested 290; cows dry 54; new cows entered 10; No. cows producing above 50 lbs. fat 61; No. cows producing above 1250 lbs. milk 17; No. herds tested 28; average production per cow in Ass'n: milk 613; fat 23.76; cows sold—grades 5; unprofitable, year cows—bought—grades 4; separators in use 10; No. tested 5; No. testing above .05 per cent 1; No. feed rations changed 6; changes made—protein added; savings made or improvement noted from previous changes, cows produced more milk. Prices: Milk, \$2.35 per hundred; butterfat, 40c; cream 42c; sweet cream 45c; feed prices per ton: corn meal \$35; bran \$36; corn and cob meal \$32; ground oats \$30; cottonseed meal \$48; oil meal \$50; alfalfa hay \$18; clover hay \$15; corn silage \$5. No. men keeping dairy milk records 10.

CIRCUIT COURT DOCKET FOR OCTOBER TERM

Fourteen criminal cases are listed on the docket for the October term of circuit court which will not begin until after the general election November 2. Court will convene on the opening day, October 4, when the cases will be gone over by the lawyers but the jury has been instructed not to report until early in November. The October docket has 19 more cases listed than the docket for the May term of court. Besides the 14 criminal cases, there are 65 issues of fact, 11 first class chancery cases, 65 fourth class chancery matters, and 100 law and chancery cases in which no progress has been made for one year. In all there are 225 cases listed for the October term and several more probably will be added on the opening day.

PICNIC ENJOYED AT WM. BEACH HOME IN LIMA

Sunday, September 12, was a nice day for a picnic so the following started out to find some old home-steads and birthplaces in Washtenaw county. Mr. and Mrs. Hyde Adams of Eaton Rapids, Mr. and Mrs. Fred Gage, Mr. and Mrs. Elmore Rider of Onondaga, Mrs. Martha Jennings of Aurolius, Mrs. Anna Gallery of Los Angeles, California, Mr. and Mrs. Leon Sammons and daughter, and Mrs. Julia Willis of Onondaga, Mrs. L. Deisenroth of Leslie, and Mrs. O. M. Robertson drove to Dexter, then back to Chelsea to the beautiful and hospitable home of Wm. Beach of Lima, where the lunch was unloaded and thoroughly enjoyed. Mrs. Gallery was born on that farm 61 years ago. Then to the old homestead of the late H. P. Rorabeck family. There were five of the Rorabeck girls born there. Then to the place where Mrs. Lucy Robertson was born 74 years ago. The old house built of hewn logs is still standing. From there to Chelsea via Four Mile Lake, cement factory, to the pavement and back home. Pretty damp in some respects but not in spirits for all agreed it had been well worth the effort.

Mrs. O. M. Robertson is secretary of the Improved Black-Top Sheep Association and well known in this vicinity.

LAFAYETTE GRANGE

Lafayette Grange will meet at the home of Mr. and Mrs. George English, Thursday evening, October 7.

Song by Grange

Roll call—Miscellaneous. Song—Katherine Pearce. Music—Liebeck orchestra. Question box. Song by Grange. Scrub lunch.

ONE INJURED WHEN D. U. R. CAR LEAVES TRACK HERE

Broken Axle Thought to Have Caused Wreck of Limited Near Local Station Tuesday Afternoon.

About twenty passengers were severely shaken up and one, Mrs. John Oldham, of Hanover suffered an injured back, when a west bound limited D. U. R. car, due here at 3:04 Tuesday afternoon, left the track just east of the Chelsea waiting room and traveled for a distance estimated at ten rods before stopping with its front end nosed into a huge pile of earth gathered as the car traveled along. While it was reported that a front axle broke, definite responsibility for the accident could not be ascertained inasmuch as chassis mechanism was reduced to a mass of wreckage when the car stopped.

While there were several people on the car from this vicinity, "Russell Wheelock" probably was able to give as accurate an account as anybody, he having boarded the car at Lima Center and was standing on the rear platform with the conductor, when the front end of the car started bumping along on the ties.

The car had reached a point opposite the old pea plant east of the station and when brought to a stop the front end had left the rails and rested north of the track. Speed of the car had been reduced or it is probable more serious results would have been experienced.

Wreckage was not completely cleared away until late Wednesday night and it was necessary for passengers to be transferred around the derailed car during this time.

P. F. NIEHAUS TO MARRY LANSING YOUNG LADY

Chelsea relatives and friends have received announcement of the approaching marriage of Paul F. Niehaus, Chelsea, to Miss Ruth W. Bauerle, Lansing. The marriage ceremony will take place at five o'clock on the afternoon of October 12, at Emanuel Evangelical Lutheran church, Lansing.

DEMOCRATS WILL BANQUET AT ANN ARBOR OCTOBER 6TH

Members of the Washtenaw County Democratic committee from "Sylvan" chosen at a recent meeting of Democratic candidates, are L. B. Lawrence and H. D. Withers, from Lima; Geo. Haist and Charles Pratt, from Freedom; Theo. Kohl and Wm. Renner, from Lima; Earl Reemer and James Howlett.

All committeemen and candidates have been called for a joint meeting to be held at the Chamber of Commerce Inn, Ann Arbor at 6:30 p. m. Monday, October 6th. The meeting will be held in connection with a dinner which will be prepared, according to officials of the county committee, to meet all of the physical requirements and taste of a healthy Democrat.

SCHOOL NEWS

The entire enrollment of the school this year is 413, 183 of which are high school pupils.

Following are the results of recent class meetings:

Senior class—President, Leslie Eisenbeiser; vice president, David Beach; secretary, Lucille Haselschwerdt; treasurer, Harry Dancer; sponsor, Miss Voght.

Junior class—President, Nadine Dancer; vice president, Oleta Setzer; secretary, Agnes Dancer; treasurer, Irwin Young; sponsor, Miss Jerome.

Freshman class—President, Elmer Weinberg; vice president, Loretta Bahmiller; secretary-treasurer, Deane Potter; sponsor, Miss Canby.

Eighth grade—President, Carl Vogel; vice president, Kenneth Beach; secretary-treasurer, Margaret Haselschwerdt; sponsor, Miss Cornman.

The Sophomores have not as yet held a class meeting.

In the chapel exercises Tuesday, Rev. Risley spoke to the students. As an illustration he used the saying: "A fish takes its color from the water," which applied, means that our environment, to a great extent, shapes our life. But by perseverance our life may be made to take the right course even though we think our chances are not what they should be.

Rev. Risley made the wish that this might be a banner year for the school.

Mr. Clark, in behalf of the teachers and the student body, expressed his sincere appreciation of the interest shown the school by Rev. Risley during his time spent in Chelsea, also wishing him happiness and success in the new field of labor.

So far everything seems to point toward more than a banner year for Chelsea schools.

The first football game of the season will be played with Manchester high school, Friday, October 1, at 4 o'clock at the golf course. It being the first game of the season, good support will be appreciated.

CAVANAUGH LAKE GRANGE

The next meeting of Cavanaugh Lake Grange will be held in the basement of the church on Tuesday evening, October 5. Election of officers will take place. The following program will be given:

Roll call. How weeds spread and how prevented.

Question: Six years of the Esch-Cummings railroad law. Has it helped or harmed us? Opened by Fred Notch.

Reading—Earl Kalmbach. Closing song.

Birds Had "Stage Fright"

At a recent meeting of the Adelaide Trotting club in England, an attempt to stage a race of ostriches for a crowd of 15,000 persons failed because the birds became too frightened to run. One bird finally completed the course, but without attaining any great speed.

Definition of Treason

Whoever, owing allegiance to the United States, levies war against them, or adheres to their enemies, giving them aid and comfort, is guilty of treason. Misapprehension of treason consists, in general, of having knowledge of, concealing and not disclosing the treason of others.

"HOME OF PURE MILK"

"gas chats"

THE FEMININE SPIRIT OF '76

"Rose at half-past four this morning, ironed industriously till one o'clock. * * * went upstairs, threw myself on the bed, and fell asleep."

—from Journal of Sally Wister, A maiden of the Revolution.

We hear a lot about the valiant men of 1776, especially this year which marks the 150th anniversary of our national independence. But it's in little passages like the above, found in an old-time diary, that we learn something about the valor of the women of '76!

No wonder poor tired little Sally Wister fell on her bed exhausted after eight hours of ironing! Think of the trips back and forth across the huge farm-house kitchen, from fireplace to ironing board, her arm weighed with heavy sad irons.

Sally's eight-hour ironing day would be cut down to two hours with the modern Gas heated ironer. Are you saving time and strength with one of these labor-savers?

Editorial

FIRE PREVENTION WEEK

"Fire Prevention Week" has been set for October 3-9. The nation's fire loss for 1925 was \$562,751,466, according to figures just made available by the National Board of Fire Underwriters; the country's authority on the matter.

This is a horrible price to pay, most of which is for carelessness. Not only does danger lurk in the cigarette or cigar thrown carelessly away, the box of matches left where the children can find them, the uncleaned chimney, the cluttered attic, but building construction is also to blame for much of this gigantic toll which has increased, over four hundred million dollars since 1925, and which last year alone snuffed out twenty thousand lives.

Insurance experts, fire department officials and engineers tell us that the best way to prevent this enormous loss of life and treasure is preventable. During "Fire Prevention Week" see that you do your part in helping to remove the fire hazards around your property. Join with this community in wiping out an evil that may bring us death and desolation when we least expect it.

FAKE ADVERTISING SCHEMES

One class of gentry that should receive the closest scrutiny of every business man are the fellows going around selling so-called advertising services. They come beaming into your store or office and under the spell they weave many a hard-headed business man has visioned a golden stream of dollars flowing in his direction, only to wake up later and find it a delusion and a snare.

As a rule they are not worth the copy paper they are printed upon. They are stock ads with not a bit of local color in them and cost nearly as much as a legitimate newspaper campaign would cost, advertising space and all. Your local newspaper stands ready to co-operate with you in putting over your advertising story and won't charge you a cent for this service. The next time one of these fellows puts in an appearance show him the door—he has nothing you want.

IN CHARITY'S NAME

Wholesale soliciting of funds in the name of charity seems to have become a lucrative occupation for a small army of workers under the direction of the nimble wits of the larger cities who find an easy living in preying upon the public.

The American people are generous; they respond quickly to every appeal for aid and the fact that the majority of us do not scan these appeals very closely makes it possible for a great many abuses to creep in.

Many people reason they would rather be caught occasionally by unworthy appeals than to lay down a hard and fast rule of no donations and thereby turn down many a worthy cause. This community, and every other community, should have some point of clearance where the wheat could be separated from the chaff and those worthy of assistance given some letter of endorsement that will permit them to present their appeals for aid in a dignified and proper manner.

Charity does and should begin at home. After we have taken care of all local needs we should see that whatever we have to spare after that goes into proper channels.

FAKE STOCK SELLERS

If there is any one class of white collar bandits that should be studiously avoided it is the fake stock seller, whose trail is continually strewn with tales of blasted hopes, ruined lives and financial death. The fake stock salesman is the lowest of all breed that continually preys upon the people. He is not even good sport enough to confine his operations to those of business judgment, but seeks out the widow with a small legacy or old people who have laid by a little competency to protect them during the evening of life.

He is generally the product of the large city, going about with an air of sophistication and worldly mein that seems to inspire confidence and allows them to easily get into the good graces of their intended victims. His is the oily story of the big interest returns that lie at the end of the rainbow that he pictures. His victims are led to the top of a mountain of promise and there shown the financial independence that is to be theirs literally for the asking. Not even once in one hundred times does their story of a new El Dorado turn out to be true. Old men and women, widows with little children sob out their pitiful stories of the trust they placed in such schemes. There is only one safe way to invest your money, and that is: CONSULT YOUR BANKER FIRST.

EMPLOYEE OWNERSHIP

Wage earners in the United States today own over \$700,000,000 worth of stock in industries employing them, according to figures recently compiled in the industrial research department of Princeton University.

The plan of employee stock ownership has now reached that point where it has been put into use by over 300 of the nation's largest corporations, this constant development going a long way to solve the problems of capital and labor.

Stock in these corporations can in most instances be purchased by the

employment on the installment plan at less than market price. This plan of employee-ownership has been found to encourage thrift; better relations; greater efficiency in the employee.

PRIZES WON IN CLUB WORK AT MICHIGAN STATE FAIR

The state fair clothing club exhibit from Washtenaw county consisted of first, second, third and fourth year work. In first year clothing club exhibit which was sent to the state fair by the girls of the Delhi Needle Club of which Miss Mildred A. Walsh is local leader, won second place; the second year clothing club exhibit won third and seventh place. This work was sent from the Sunny Circle club of Ann Arbor township, of which Mrs. Edward Zeeb is local leader; in the third year clothing club exhibit two garments from the Dorcas Clothing club of Saline township, with Miss Julia Gordon as local leader were given fourth and sixth place in the state. The fourth year Delhi Needle club girls won first place in the state.

In Canning club work the first year canning club exhibit of the Kold Pack Canning club of Lyndon, with Mrs. Vava Kalmbach as local leader won third place in the state. The third and fourth year canning club exhibit composed of canned fruits and vegetables from the Ridge Road Canning club with Miss Leona Gale as local leader won second place in the state.

Hot lunch posters were exhibited at the state fair from the county. The set of posters shown by the Hot Lunch club of Lyndon No. 10 with Mrs. Vava Kalmbach as local leader last year won third place in the state. Seventh place was given to the Kimmitt School Hot Lunch club with Miss Marie Jones as local leader last year. Eighth place was given to Miss Lucille Latson's Hot Lunch club of Superior No. 1, as local leader last year.

The first year handicraft exhibit from the county shown by the Best State Workers club of Saline township with Fred Aynd as local leader won fourth place in the state. The second and fourth year exhibit shown by Delhi Hammer club of which Miss Mildred A. Walsh is local leader won first place in the state. The third year exhibit by the Straight Savers Club of Webster with Mr. Guy Fuller as local leader won first place in the state.

This year for the first time posters were exhibited in connection with the Food Study Club work which has been carried on in this county. The Food study posters of the Ridge Road Food Study club with Miss Leona Gale as local leader won fourth place in the state. The posters of the Lima Kitchen Queens Food Study club won eighth place in the state.

All together the canning, clothing, handicraft, hot lunch and food study club members won a total of one hundred thirty dollars in the Michigan state fair this year. This speaks quite well for the boys and girls who were represented by the exhibits at the state fair and also the local leaders who put the work across in such an excellent manner.

Handicap

A reputation for truthfulness must be a terrible handicap in fishing—Detroit Evening News.

TWO OF FAMED COWS HEADED FOR DETROIT

"Brownie" and "Lucy," two famous grade dairy cows, meet for the first time when the National Dairy Exposition is held on the Michigan State Fair grounds, October 6 to 13.

Although they have never met, these cows are staunch friends for they are members of the economical and profitable milk producers' association. It is a rather elite organization as comparatively few cows belong.

"Brownie" is a grade Ayrshire cow and is owned by Robert Cripps, Camden, Maine. She is the world's record grade cow for her breed, having produced 20,140 pounds of milk and 881 pounds of butter fat in one year.

"Lucy" is a grade Holstein-Friesian cow and has a record of 8,008 pounds of butter fat. For 166 days of this year, she produced 369 pounds of butter fat. "Lucy" is owned by Ole Larson, Buttrum, Minn. Larson met Cripps and his famous

cow at the Dairy Exposition at Indianapolis last year and promised "Brownie" that she would have an opportunity to meet "Lucy" at Detroit.

J. E. Barnett, superintendent of cattle exhibits, announces that he has a surprise for both "Brownie" and "Lucy." "Short Horns," a grade Jersey dairy cow from Antism county, Michigan, recently completed a year's test with a record of over 20,000 pounds of milk and 800 pounds of butter fat, and is also coming to the Dairy Exposition.

There promises to be much rejoicing in the grade cattle barn when these celebrities get together.

Sprung From Lost Colony

By some historians it is believed that the "Croatan" Indians of North Carolina are in part descendants of the lost English colony of Roanoke. Sir Walter Raleigh's unsuccessful attempt to found an American settlement.

State Fair Grounds Detroit, Mich. Oct. 6-13

First time in Michigan—the great National Dairy Exposition. A stupendous annual event that attracts thousands of visitors from all parts of the continent.

Educational — Entertaining — Thrilling For Men, Women and Children

Mack & Co.

Ann Arbor, Michigan

National Karpen Week! Seven Days of Savings!

October 2nd to 9th Inclusive

S. Karpen and Brothers is one of the largest furniture manufacturers in Chicago. Once or twice a year, during the slack season they make a great quantity of the finest furniture. Immediately they stage a national Karpen week, selling this furniture at very low prices. Mack and Co. has brought these fine values to Ann Arbor, knowing how eager Ann Arbor and Washtenaw county people will

be to profit by them. The three pictures show only a few of the beautiful pieces that are here. And every one priced specially for this big Karpen week! The above three piece mohair suite is a splendid example, made in taupe with reversible figured cushions. Priced separately, \$167.50 davenport, \$134; \$89.50 arm chair \$71.50; \$92.50 wing back chair \$74.

\$19 Ladder-Back Side Chairs for Karpen Week \$15.25

The vogue of ladder-back side chairs is a well-founded one, harking back to the ancient days when they directly superceded the old fireside settles. Today nothing so admirably fills the odd wall-side space in plainly or elaborately decorated room. Hand woven fiber seats.

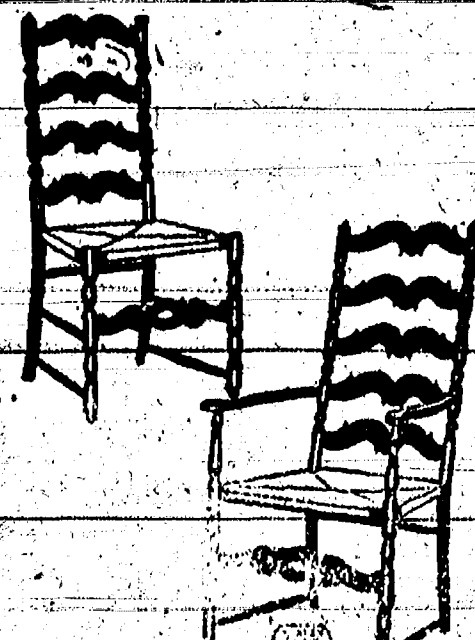

\$101.50 Coxwell Chairs

Respond at \$81.25

Here we see one of Karpen Week's most handsome chairs with its new high footstool designed both for beauty and comfort. It is made with tapestry seat and back—the balance being of mohair and worsted. Footstool, regularly \$40, now \$32.

(THIRD FLOOR)

PLANS MADE FOR 1926 HOME MANAGEMENT PROJECT

Rural women of Washtenaw met at the Ann Arbor Y. M. A. Friday afternoon and formulated plans for the Home Economics Extension Project for the coming fall and winter. Eleven different groups were represented at the meeting. Sixteen or twenty groups will be included in the project. Each group is organized with a chairman and secretary and two local leaders who attend the county meetings and receive instruction from the specialist and pass it on to the members in their different groups. Townships already having leaders are as follows: Salem, Superior, Webster, Lodi, Scio, Sylvan, Freedom, Pittsfield, and Saline. Others that will have groups are York, Augusta, Ypsilanti, Lyndon, and Ann Arbor. Some townships have two organized groups. Work given this year is Home Management and will consist of six lessons. These lessons will be a discussion and consideration of the selection arrangement and care of furnishings for the dining room, living room, and bedroom. One lesson will be given over to the discussion of back

ground including walls, ceiling, and floors. Practical methods in caring for these and the selection of decorations and hangings will also be included. Much attention will be given to suitability of furnishings for the above rooms. A special lesson will be given over to paints and varnishes to be used in decorating the house; in ment specialist, will be fully assisted by a specialist in this work from one of the large paint manufacturing concerns of the country. In the spring a special lesson will be given over to the consideration of surroundings as a part of the house. Landscape gardening will be emphasized in this lesson.

Last year 15,000 families in the home economics extension work were reached in Michigan. This year Washtenaw county women have set their goal to interest at least sixteen communities in the project and to reach at least five hundred families in the county. The dates for the county meetings are as follows: October 21, 22; November 18-19; January 20-21; February 24-25; March 24-25; April 28-29.

UNADILLA

Mr. and Mrs. John Webb have gone to spend some time with their son Otis, at Howell.

Mrs. George Gregor left Monday evening for her home in Everett, Washington. She has been spending the past week with her mother, Sarah Meyer.

Austin Gorton and family spent Sunday in Charlotte.

Mr. and Mrs. Frank May of Jackson, spent from Friday until Sunday with Lucy Tuttle.

Mrs. Claude Rose entertained a number of ladies Saturday afternoon from 2 to 5 in honor of her sister, Mrs. George Gregor of Everett, Washington.

Mr. and Mrs. Ed Granna and daughters Mae and Marion, were in Williamston, Saturday.

Mr. and Mrs. John Jackson, and son Claude, and Billy Pyper of Dearborn, spent Sunday at the home of G. A. Pyper.

Austin Gorton is laying the new floor in the Presbyterian church this week.

BREVITIES.

FOULERVILLE—The 40th annual fair of the Fowlerville Agricultural Society is to be held October 6 to 8.

DEXTER—Surveyors have been at work here running the lines for the new village water works system. The electors of the village voted to have the system installed and the bonds amounting to \$49,000 have been sold.

BRIDGEWATER—The garage in this village was broken into Sunday night. No report as to what was missing was made to the sheriff at Ann Arbor by the owner when he called that officer.

MANCHESTER—The Manchester base ball team of the Southern Michigan League was the winners of the 1926 pennant and the flag. This is the third year the honors have fallen to the Manchester team.

GRASS LAKE—The common council of this village has passed a resolution to grant a franchise to the Consumers Power Co., and have issued a call for a special election to be held October 25, at which time the electors will either accept or reject the proposition.

ANN ARBOR—The Biltmore Finance company has perfected plans to erect a nine story hotel building in this city. The site chosen in the southwest corner of East Huron street and Fourth avenue, and will be a fireproof structure with 200 rooms. The cost of the building is said to be \$100,000.

ANN ARBOR—Five university students were arraigned last Thursday before Justice C. A. Reading on a charge of attempting to steal a street traffic sign. Three pleaded guilty and were assessed fines and costs of \$13.45. The others entered pleas of not guilty and were ordered to appear later for trial.

DEXTER—Troup One, Dexter, of the Boy Scouts of America are holding football practice daily and a schedule has been arranged. Through the courtesy of the Washtenaw council, Hoey field will be used for practice and all home games. The boys are also planning to usher again this year at all the games the University of Michigan plays in Ann Arbor.

CHARLOTTE—Frank Simpson, of Simpson & Holden tire shop is scheduled to pay his election bet by winning "Dude" Potter down Main street in a wheel barrow, Saturday afternoon and everytime he has to stop to rest he is to shout, "Green for Governor." The route is to be from the Court House to the Masonic temple—Republican.

CLINTON—W. A. Stout, who recently sold his interest in the Clinton Bakery to his son-in-law, H. J. Kuhl, and rented the Smith building on Chicago street, has been making decided changes there and this week has opened to the public a well equipped modern restaurant—Local. Mr. Kuhl was a former Chelsea resident and is a son of Mr. and Mrs. Ben Kuhl of Lincoln street, Chelsea.

JACKSON—The Jackson Chamber of Commerce is sponsoring the organization of a 500 club, the object of which is to canvas the county for the purpose of having a new court house and a new Michigan Central passenger depot. The board of supervisors of the county have adopted a resolution to have the court house proposition voted upon at the coming election this fall.

ANN ARBOR—Washtenaw county chapter of the American Red Cross reopened its office in the Cornwell building Monday. The office here has been closed since spring but Miss Bohlan Russell, field representative of Michigan who made a study of conditions in the county during July uncovered so much work to be done in the county that the executive committee has ordered the office to be reopened.

HOWELL—Deputy Sheriff Morgan of Brighton called up the Detroit police recently and asked them to look after a couple of suspects whom he thought had broken into Glasgow's garage in that village and stolen some tires. The Detroit officers promised and in return asked Morgan to watch for a stolen Dodge car from that city. Both requests were accomplished. Morgan secured the stolen Dodge and the thief and the Detroit police caught two Detroit boys with the tires. Morgan took the car back with the thief and brought home the boys and tires in one trip. They were fined \$48.—Republican.

MICKIE SAYS—

IT HAPPENS EVERY DAY IN THE YEAR!
I MEAN FOLKS GOIN' OUT TOWN FOR THINGS THEY DONT KNOW THEIR HOME MERCHANTS HAVE 'EM NOW IF I WUZ RUNNIN' A STORE, EVERY TIME I GOT IN ANYTHING OUT OF THE ORDINARY, I'D USE THE COLUMNS OF THE HOME PAPER TO TELL FOLKS ABOUT IT

WATERLOO

Arthur Walz and family spent Sunday with Mr. and Mrs. Allie Glenn of Jackson.

W. Vicary and family spent Sunday afternoon at the home of Mr. and Mrs. Herman Mann of Danville.

Geo. Archibronn is spending a few days at his home and his daughter, Mrs. Ed. Broesamle.

Mr. and Mrs. Ed. Broesamle entertained their children, Mr. and Mrs.

Loyal Broesamle and son, of Detroit, Alma of Romulus, where she is attending high school, and Hazen of Detroit, Saturday and Sunday.

Mr. and Mrs. Emory Runciman and sister Ethel, attended revival meetings in Munith on Sunday evening.

Rev. and Mrs. Adams spent a few days at Sodus, Michigan.

From Josh Billings

Some marry for duty and never discover their mistake; this is lucky.

Line up Five Cars in Your Mind—
How Can You Mistake the Chrysler "50"?

The Chrysler plan of Quality Standardization differs from, and is superior to, ordinary manufacturing practice and methods, because it demands fixed and inflexible quality standards which enforce the same scrupulously close limits—the same rigid rule of engineering exactness—the same absolute accuracy of alignment and assembly—in the measurement, the machining and the manufacturing of every part, practice and process in four lines of Chrysler cars—"50", "60", "70" and Imperial—"80"—so that each individual car shall be the Supreme Value in its own class.

With only four other cars of large production in the four-cylinder field, it is exceedingly easy to recognize the outstanding values of the Chrysler "50" and decide which car to buy.

Lining up the five cars side by side in your own mind, you will be startled by the contrast between them—and especially by the contrast between the Chrysler "50" and all the others.

In point of size, seating room, beauty of design, beauty of finish and power, the Chrysler "50" stands out so unmistakably that you recognize the price at once as far and away the greatest offering ever made in four-cylinder cars.

It will continue to yield a sustained speed of 50 miles and more per hour, 5 to 25 miles in 8 seconds, and 25 miles to the gallon—for months and for years, as the result of Chrysler's plan of Quality Standardization.

At last it is possible for you to make a convincing and conclusive comparison of values—studying the comfort, appearance and performance factors of the Chrysler "50" in comparison with everything else offered—and satisfy yourself almost at a glance in which car you should invest your money. Examine and ride in the new Chrysler "50" and you will not consider any other car in its price class.

A Small, Desirable Community---Less Than 300 Lots at Inverness Country Club

This is a small and restricted community of summer homes, that's one of the reasons why Inverness Golf and Country Club, located on the shores of North Lake, are so popular. Here the entire family will find rest and recreation—safety for the children, peace and comfort for the grownups, missing all the objectionable features of the average summer colony.

All forms of summer sports are possible here. There's fishing, swimming and boating for those who enjoy the water. Now playing 9 holes of the nine-hole golf course. A 12-room club house, which the members of the community will own, is already on the property. You'll be as enthusiastic as those who have already purchased here, when you see this community. A membership in the Club goes with every lot.

"They Don't Make The Leather They Used to Make"

Sometimes we hear this statement. We admit there is a lot of leather that is poor stuff.

We believe the reason it is made is—

1. Some people demand cheaper shoes. Manufacturers supply the demand, often by cutting the quality.
2. Leather firms finding competition so strong try to outdo the other fellow by offering leather for less money. The quality is bound to be cut as well as the price.
3. Cut rate shops in larger cities demand a cheaper grade. In order to put on cut rate prices they buy cut rate leather which produces cut rate quality.

But the shops that demand the "real stuff" (old process, long time tanned leather) can get it, and lots of it, but he had to pay for it.

We pay up to \$1.25 a pound for leather, but we could buy any amount of cheap leather at 35c to 50c a pound.

Mr. and Mrs. Robert Waggoner of Ann Arbor, called at the home of Mrs. Waggoner's father, Christian Heinrich.

Chris Koch of Jerusalem, is remodeling the work shop on his premises.

October is our Rally month, and it is the privilege of telling us that a new day of opportunity is dawning for every department of our church. A thought worth remembering: We who think the church is not progressing as rapidly as it should, would do well to remember the old saying: "It is not the first nor the last blow that breaks the stone, it takes every one of them."

9:30, sermon, "The Person Whom We Often Forget," 10:30, Church school.

7:30, E. L. C. E. Leader, Donald Dancer. Topic, "What is Education?" 8:15, sermon, "A Man Who Dared Do Personal Work."

Dark Ages Bridges
It is a curious light upon the interpretation of our common term "the dark ages" that those "dark ages" should have given England nearly all the bridges she had till the time of the Georges, for bridge-building perished with the destruction of the monasteries, and even the principles had to be re-invented by eighteenth century engineers.

PERSONAL AND LOCAL

FARRELL'S SHOP

Memento of Covenanters

An historic document recalling the struggles of the Covenanters was recently sold in Edinburgh. The document in question is signed by such historical figures as Robt. Montrose, Cassilis, Lothian, Wemyss, Yester, Boyd, Elcho, Lindsay, and Melville. The Lillingtonshire copy of the Covenant remained in the hands of the descendants of the laird of Dundas until 1924 when the document was purchased by Messrs. Baxendale from the late Sir Charles Dundas. The document, which is written on old parchment, is a wonderful state of preservation. The owner has presented a framed copy to St. Giles' cathedral, and it has been accepted by the board of management.

Hoarding Not Thrift

There are people who enjoy saving money for no other reason than the pleasure of saving money. It is a passion like drink, and a hobby like collecting china. This is the old-fashioned view of thrift. Such saving is at best no more than a defense against life's uncertainties, but it provides nothing for a richer and more fruitful living. Money wisely saved and wisely spent can give more happiness than it can give. There is no such thing as a free lunch. Between the two extremes lives the course that is profitable to the individual and the state equally. Every act of spending encourages some form of human activity. —Glasgow Herald.

Wyoming Fossil Land

Wyoming may become the Gobi desert of the United States in search of the fossils of the gigantic mammals and reptiles of prehistoric ages. Five universities have sent scientists and students to delve into the rocks of practically every part of the state. Wyoming was once a huge sea and recently there were uncovered a dozen fossils of huge prehistoric eels, fifty to seventy-five feet long. They resembled the fabled sea serpents. Huge fossils of animals of the Jurassic period in the Mesozoic era have been discovered in central, northern and southern Wyoming.

Hair Tells Nationality

Scientists place a high value on hair as a guide to racial characteristics. The hairs having numerous variations of structure under the microscope, which can be clearly defined and classified like finger and other skin prints.

The hairs of a negro, a Chinese, an American Indian, and a Caucasian differ in quantity, color, structure, and growing habits, and so we are enabled to tell a man's nationality simply by studying his hair.

Sincerity Imperative

To make people believe what you say you must say what you believe. Sincerity is absolutely essential to successful pleading. Insincerity is certain to create doubt in the minds of others. Better say nothing at all if you cannot speak from honest convictions. —Grit.

Wesley Made Rock Famous

There is a rock near Land's End which is called "Wesley's Rock" for it is said that it was there he wrote a famous hymn which contains the lines: "To on a narrow neck of land (twixt two unbounded seas) I stand. Anyone who has stood on this point of rock will feel the force of those lines. —London Times.

Bull's "Rights" Upheld

A plea of self-defense made in behalf of a bull which engaged in combat with a man, was upheld by a jury in a Kentucky court. The defense was that the bull was merely protecting itself when it knocked the plaintiff down, bawling his teeth and breaking four ribs, says the Dearborn Independent.

General Ambition

A gentleman of one day is one who has money enough to do what every fool would do if he could afford it; that is, something without producing. —Bernard Shaw.

PERSONAL AND LOCAL

Mrs. James Helm, of Sylvan spent the first of this week in Jackson.

Mr. and Mrs. D. Hoffman of Lima, are the parents of a daughter, Lois Eileen, born Tuesday, September 28.

Mr. and Mrs. Lynn Kern and sons of Chelsea spent Sunday with Mr. and Mrs. Jacob Kern of Sylvan.

Mr. and Mrs. Gottlieb Sager of Sylvan spent Sunday with Mr. and Mrs. Sam Stone of Detroit.

Paul Bacon of Detroit, spent the week-end at the home of Mr. and Mrs. Verge Fordyce.

Mr. and Mrs. Max Kelly and family of Detroit, spent the week-end at the home of John Kelly.

M. C. Fisk of Fairview, S. D., is visiting his sister, Mrs. F. F. Thach.

Jack Naudi, of Detroit, has accepted a position with Jacob Alber, the plumber, as assistant.

Mr. and Mrs. W. B. Johnson and daughter of Howell, were Sunday guests of Mr. and Mrs. Verne Fordyce.

Several amendments to the state constitution are to be voted upon at the coming general election on Tuesday, November 2.

Keith Hawes, who is attending college at Alton, spent the week-end with his parents, Mr. and Mrs. C. O. Hawes.

Rev. and Mrs. C. S. Risley and son Carl, leave today for Manistique by automobile. Their household goods have been shipped by freight.

If you are already registered, you will not have to apply for registration before the fall election, unless you have moved from one voting precinct to another.

Paul J. Buchler, who has been employed with the Dolph Funeral Home of Ann Arbor, has accepted a position as assistant with the Mackon Funeral Home of New York City, and left for that place Saturday.

Ed Miller, who has been running a store at North Lake during the resort season, has closed the place for the season. Mr. and Mrs. Miller moved to their home on Dewey avenue the last of the past week.

Word was received in Chelsea of the death of Mrs. Caroline Jewett Fletcher of Mason. She was the widow of the late Thomas Fletcher, formerly of this vicinity. Her funeral was held Saturday afternoon in Mason.

Ransom Lewis, who recently purchased the Simmons property on Jackson street, has had a wall built under the building and has a portion of the feed grinding machinery purchased and will be ready to install it upon its arrival.

A meeting of the Chelsea-Hoy Scouts will be held in the town hall at 7:30 o'clock next Monday evening. Every member of the Scouts are requested to be present as arrangements are to be made for ushering at the Michigan football games.

Mrs. Fred C. Klingler left Wednesday forenoon for Chicago, where she will remain until Friday, and she will accompany Mr. and Mrs. C. C. Dancer to St. Louis Friday, where they will reside. Mrs. Klingler expects to be absent from here three or four weeks.

The Chelsea fire department was called to the slaughter house of Loeffler & Son in the west part of the village about 1 o'clock Friday afternoon. The building was struck by lightning and a blaze started, but little damage was done to the property.

Mr. and Mrs. Jacob Lehman and Mr. and Mrs. John L. Kimer were guests Sunday at the home of Mr. and Mrs. Chas. Lampert of Ann Arbor. Mr. and Mrs. Lampert expect to leave the coming week for Florida, where they will spend the winter.

Thomas H. Lynch of Detroit, who has owned the peat marsh and factory building in the south part of Chelsea, has exchanged the property with Mr. Noon of Detroit, for vacant property in that city. Mr. Lynch reported that the new owner of the local property will convert the building into a cannery plant.

P. G. Schaible, C. Lehman, O. C. Burkhardt and C. Gray, representing the Farmers and Merchants Bank, and Mr. and Mrs. D. C. McLaren, Mr. and Mrs. Edw. Vogel, L. P. Vogel and L. G. Palmer of the Kempf Commercial and Savings Bank were in Monroe Wednesday in attendance at a meeting of Group Nine bankers.

Mrs. Jabez Bacon suffered a painful injury to her right hand on Tuesday when she caught it in the power-wringer of her washing machine and was unable to effect a release until a considerable portion of the skin had been torn loose. While it is not expected the results will be serious, it will be several weeks before Mrs. Bacon will be able to use the hand.

A very pleasing party took place Sunday at the home of Mr. and Mrs. Chas. Lambert on South Main street. The occasion was in honor of the anniversary of the birth of Mrs. Lambert. Her children and their families present were: Dr. and Mrs. C. Truesdale of Detroit; Mr. and Mrs. Emmett Sargent of Jackson; Mr. and Mrs. Otis Gerstler; Mr. and Mrs. John McMahon and Mr. and Mrs. D. Davenport of Ann Arbor; Mr. and Mrs. O. D. Schneider and Miss Helen Lambert of Chelsea.

Also Called Other Things
"Neuralgia" comes from two Greek words, meaning "nerve pain."

Gold Market Wild Scene

The wildest scenes of commotion are to be witnessed on the Chinese exchange at Shanghai where brokers, dealing in gold bars, create more noise and display less regard for the physical and mental being of their neighbors than do even the brokers on the New York Stock exchange. The New York curb to the Chicago Board of Trade, according to Germaine Sarlat, special correspondent to the Honolulu Star-Bulletin. There are 100 brokers on the gold bar exchange and these participate in a continuous scramble for positions around a table where the dealings are carried on.

Old Guns for Lamp Posts

Many of London's old lamp posts are made from ancient guns. Old Admiral Boscawen was one of the originators of the fashion, for he erected outside his residence two posts, the bases of which were cannon he had captured. A number of such old guns, planted upright, are still in use as curb posts.

Little "Absolute Rest"

The average amount of "absolute rest" that is got during a night's sleep is only eleven and one-half minutes, according to a test at St. John's of the Mellon Institute at Pittsburgh. The remainder of the time, he says, there is usually muscular or mental action, such as takes place during a dream.

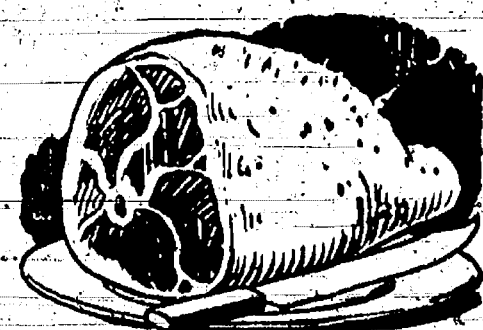

SMART NEW HATS

Ultra novel yet vastly smart and becoming—these new models are sponsors of the latest high crown and the new style brims.

Under State and National Control

It makes a difference any motorist will be sure to appreciate—

MATURE APPLES BEST KEEPERS IN COMMON OR COLD STORAGE

From the results of numerous investigations it seems fairly certain that a great many apples grown in the eastern section of the United States are picked too early to obtain best results in either common or cold storage, says the United States Department of Agriculture. In general, apples for cold storage should be picked before they show a decided yellow cast in the ground color or until they are beginning to loosen on the tree. An equally firm fruit of better color and flavor and with less tendency to scald will be obtained from later picking than from that now generally practiced. In common storage late picking will give not only better flavored fruit but also fruit in a firmer condition throughout the storage period.

Apples soften much faster in common storage or if packed and held in the orchard than while remaining on the trees. For best results in common storage, therefore, the picking of most varieties should be delayed as long as the fruit is holding on the tree fairly well or until there is danger of freezing. Exceptions should be made of the Jonathan when grown under long-growing season conditions. Late picking of good common storage varieties results in a firmer and higher quality of fruit in storage. Apples for cold storage also should be fairly well matured when they are picked, both to obtain highest quality and appearance and to reduce the occurrence of storage scald. The development of scald can be greatly reduced by the use of oil paper, but the control will be more effective, if the fruit is well matured when picked. Data gathered in the tests show that fairly late picking does not result in more rapid softening in fruit held at 32 degrees F.

CHEVROLET CO. IMPROVES DRIVE-AWAY SYSTEM

Taking another step forward in the perfection of its drive-away system and to make sure that its cars are delivered into the hands of its customers in perfect condition, the Chevrolet Motor company has sent instructions to all its assembly factories and dealers stating that in the future no cars may be towed on drive-aways.

Careful study has shown that the practice of towing drive-aways may result in impairment to the towing car, the car towed, or both, said C. E. Dawson, assistant general sales manager of Chevrolet, explaining the order.

The towing of one car by another, no matter how scientifically they are coupled, always places a strain upon the first car. When this is a new car the possibility of damage is increased. Its bearings are tight and its piston clearance is, but a few thousandths of an inch, causing a tendency to tighten up and overheat even under normal usage. The chance of overheating is especially great when a new car is used for towing.

The second car suffers too, in many instances, it has been found. It inevitably gets the first car's dust, which it would escape if following at a normal driving interval, and it sometimes is damaged by stones cast up by the leading car.

The order abolishing towed drive-aways is already in effect.

Mesa Once Inhabited

Katsin, the celebrated mesa or table rock in New Mexico, rising about 430 feet above the basin of the Acquia, was first scaled in 1897 and traces of a former occupation were found on it.

Vocal Power General

A living thing is rarely found that has no way of expressing itself by way of sound. All birds and mammals have vocal power of some kind, and even insects, when voiceless, can call attention to their presence by means of vibrations.

MOVEMENT TO SUPPRESS CORN BORER IN MICHIGAN

These regulations apply to the area as quarantined on account of the European Corn Borer January first of each year, previous to the planting of crop, or any other townships specifically designated.

All corn stalks, remnants of stalks and cobs of each year's corn crop, in fields, buildings, stacks or elsewhere, if not fed, made into silage or shredded, shall be destroyed by burning or by plowing under completely or by a combination of burning and plowing, before May 15th of the following year. (Where corn is fed from the shock, remnants must be disposed of by burning.)

Corn fields or premises not properly cleaned by May 15th may be cleaned at the discretion of the Commissioner of Agriculture and a charge made against the owner for the same.

For the purpose of this regulation, corn stalks refer to the whole stalks or high stubble left standing in the field, or the portion of the stalks removed by cutting.

Stubble two inches or less in height complies with requirements of regulation.

Burning is interpreted to mean destruction with sufficient heat to destroy corn borer larvae.

Plowing under completely means leaving no debris on the surface whatever.

Cultivation after plowing that drags debris to the surface or the discing of stalks or high stubble does not meet the requirements of the regulations.

Early and low cutting is strongly urged and recommended, as by so doing, the largest number of borers possible is removed from the field. All corn growers are advised to equip themselves with corn binders and all owners of corn binders are advised to equip their machines with low cutting devices now available.

Low cutting is especially necessary in fields which are to be seeded to grain, as high stubble contains many borers and practically no suppression is accomplished.

Hogging down corn and allowing stalks to remain in the fields over winter as a practice is condemned as they make clean plowing difficult.

LONG DISTANCE TELEPHONE RATES REDUCED OCTOBER 1

Reductions in long haul long distance telephone rates that will become effective October 1 will range as high as 25 per cent, according to a statement by C. H. Adler, manager here of the Michigan Bell Telephone Company, who quotes that the basic station to station (anyone) rate from here to New York, for instance, will be cut from the present \$3.65 to \$2.70.

The reductions that become effective October 1 affect long distance calls from points within Michigan to points outside the state. Reductions on long haul messages between points inside the borders of Michigan were made effective July 10.

Effective, also, on October 1, will be the extension of the privilege of reversing charges on station to station (anyone) calls, which has applied only to particular persons calls in the past. After that date, too, an earlier evening reduced rate period on anyone calls will be in effect, with a reduction of about 25 per cent from the day rate on such calls between 7 p. m. and 8:30 p. m. Between 8:30 p. m. and 4:30 a. m. the anyone calling rate over the long distance lines will be approximately 50 per cent of the day rate. These discounts will apply on calls on which the day anyone rate is 40 cents or more, the minimum reduced rate being 35 cents.

The changes October 1 also will include increases in rates on short haul calls over many distances between 24 and 110 miles, for the purpose of making the schedule consistent, the maximum increase, however, to be five cents.

At Least, Not Hypocrites

They are called lower animals, but you never see one shaking hands with another he doesn't like. Exchange.

Arctic Footgear

A Russian footgear made of birch, turned round with the hair on, and is worn stuffed with dry grass and over heavy stockings. This footgear is very serviceable in Arctic travel when kept dry.

Pride

Pride is the noblest impulse of the human heart. It is at the very foundation, the very root, of all living. Pride keeps a man going. Pride keeps a man on the level. Pride keeps a man jealous of his personal appearance, of his tongue, of his conduct and of his character. Pride keeps a man's footsteps in the pathway he should go. Pride keeps his soul clean and his spirit sparkling. Berkshire Eagle.

The Deacon's Philosophy

When Joy comes to see you, if you'd make him feel at home, perhaps he'd stay long enough to get well acquainted. Atlanta Constitution.

Effective Silence

Under some conditions a man can make more noise in the world by keeping his mouth shut than in any other way.

Announcement!

What "dependable" really means

Ponder the basic elements underlying Dodge Brothers remarkable success and one simple fact stands boldly out:

The public not only believe in the goodness of Dodge Brothers Motor Car, they believe in the men who build it and the men who sell it.

That is why the word DEPENDABLE is associated the world over with Dodge Brothers name. It goes beyond the product and embraces every department in Dodge Brothers great organization.

hospital, Cincinnati, Ohio, will be
with us to conduct the service.
8:00 p. m., evening worship.
Welcome.

NORTH LAKE M. E. CHURCH
Rev. William Johnson, Pastor

At the annual conference of the
Methodist Episcopal church held in
Detroit recently, this church was
united under the pastorate of the
Dexter M. B. church. This plan is in
conformity with keeping churches of
the same pastorate in the same coun-
ty. As a result of this the order of
morning services has been reversed
and is as follows:

10:30, Sunday school.
11:30, Preaching services. From
now on there will be no regular eve-
ning services; instead, there will be
preaching services every Sunday at
the time given above.

Be on time for Sunday school. Sun-
day, October 3, is the beginning of
the new quarter. Come out and join
some class.

We are very fortunate in securing
Mr. Johnson as a regular pastor. He
will have something good in store for
all—a fact which those present last
Sunday are assured.

Ernest Clark gave an excellent re-
port of the last three days session of
the annual conference to which he
was a lay delegate.

Sunday school convention at Jack-
son is held soon. Watch for the
dates.

HARVEST HOME FESTIVAL
Of the St. John's Evangelical Church,
Rogers Center, Pastor

The harvest gathered from the
fields forcibly reminds us of God's
goodness and kindness. The harvest
by which the farmers were again fill-
ed, assures us that the food necessary
to satisfy our daily wants will not be
lacking. The kind Father and giver
of all perfect gifts has not dealt with
us according to our deeds but accord-
ing to His mercy. Thanks and praise
are due Him on our part. Let us
therefore, as a congregation of grate-
ful people assemble before His throne
Sunday, October 3rd, to sing His
praises for His kindness and love in
the German service at 10 a. m. You
are cordially invited to attend.

ANNOUNCEMENTS
American Certified Quality smoke-
less—the kind that doesn't smoke.
American Service Station, O. B. Mc-
Laughlin, Mgr.

Adv.
The Women's Home Missionary So-
ciety will meet with Mrs. Emory
Chipman, Wednesday, October 7, at
2:30 p. m.

church, will meet at the home of Mrs.
H. H. Avery Tuesday afternoon, Oc-
tober 6. Come prepared to sew.
Scrub lunch.

Ancient "Lucifers"
In the old Seventeenth century
house at Wivenhoe, near Colchester,
England, undergoing restoration, some
old matches, four inches long by one
half inch wide, tipped with sulphur
at each end, were found in a cupboard
close to the fireplace.

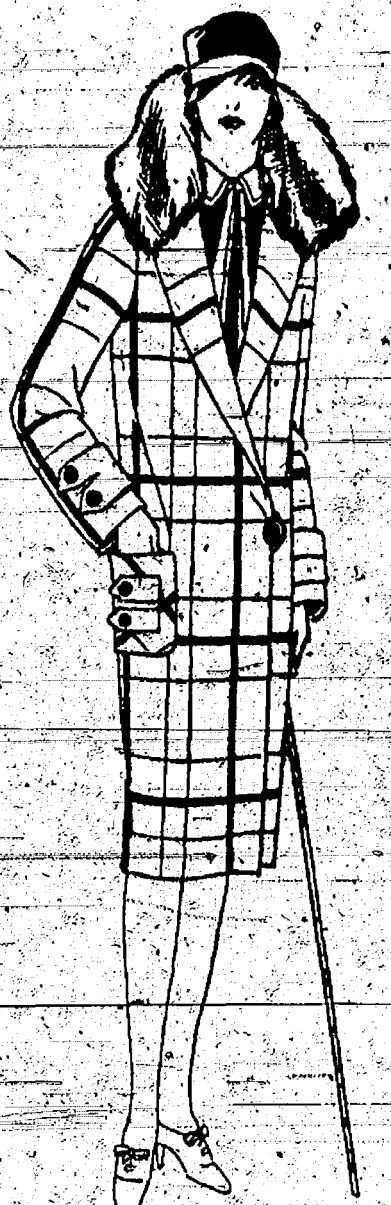

Famous Harps
Some of the oldest harps are the
so-called harps of Brian Boru, pre-
served at Trinity college, Dublin, hav-
ing 30 strings; that of Robin Adair at
Hollybrooke, having 37 strings, and
the Dailwy harp of 52 strings, dating
from 1821.
