## CHELSEA HI FOOTBALL SQUAD HAS WON FIRST FIVE GAMES

Local Students Should Win Sixth Friday When Stockbridge Plays on Local Field.

That Chelsea High should win their sixth consecutive game of football this season, is the hope as doped out by the "dopesters", inasmuch as no games have been lost and 78 points have been made by the local team as against 18 by their opponents. The local griders will play Stockbridge Friday afternoon at 4 o'clock on the Chelsea Golf Course north of town.

Numbered among the defeated squads who have fallen before the onslaught of Chelsea's team are some of the better small town teams—Manchester and Saline having experienced difficulty in holding the local line. In fact, none of the opponents have been able to check the determined and consistent scoring of Chelsea's eleven.

The public is invited and urged to come out to the game Friday afternoon. Plenty of excitement is assured, some of the contests furnishing as much of a battle as those staged by larger teams.

## CONG'L LADIES' GUILD WILL PRESENT COMEDY PLAY

The Ladies' Guild of the Congregational church, will present the young folks of the church in a play entitled, "Marrying Marian", at the Town Hall on Friday evening, November 19. The play is of comedy nature and is expected to be a laugh-provoking from start to finish. Tickets are on sale now and can be purchased at ladies of the Guild.

## COLLEGES BY THE DOZEN IN NEWEST CONWAY FILM

Various Schools Contributed to Sport Scenes, Which Are Truly Thrilling.

Dozens of the most important colleges in the United States and one English university are represented in the production of "Brown of Harvard", the Metro-Goldwyn-Mayer production which is coming to the Princess Theatre on Wednesday and Thursday, November 17-18.

First of all, of course, there is Harvard. Many of the scenes of the picture were taken in and about Cambridge, Mass., and shots of the 1925 football game between Harvard and Yale have been incorporated in the released version.

Then Yale comes in for a bow in the person of Donald Ogden Stewart, who worked with director Jack Conway on the comedy construction of "Brown". Stewart is a graduate of Yale. Seton I. Miller, who plays a small part in the picture, is also a Yale man, having finished last year. For the freshman crew race as depicted in the production, the University of California crew doubled for both Harvard and Yale. These scenes were photographed in San Francisco.

Then the University of Southern California football team, played for the close-up shots of the Yale-Harvard game, with William Haines, Francis X. Bushman, Jr., Guinn "Big Boy" Williams and other members of the cast appearing with the team.

The Southern Branch of the University of California served as backgrounds for several sequences. Jack Pickford and Mary Brian appear in these scenes.

Among the boys who were under contract to play "bits" during the making of the picture, were representatives of Penn. State, Columbia, Dartmouth, Missouri, Washington, two Princeton students, and one who has attended Oxford.

"Brown at Harvard" was adapted to the screen by A. P. Younger from Young. The play enjoyed enormous stage success by Rida Johnson and popularity behind the footlights and is one of the truest and finest stories of college life filmed. The sport scenes are among the most exciting ever filmed and have been woven into an utterly captivating love story.

The supporting cast includes Mary Alden, David Torrence, Edward Connelly and Ernest Gillen.

## ANNOUNCEMENT

The Lima Center Dist. No. 4 P. T. A. will hold their monthly meeting at the school house Friday evening, November 12, Mr. and Mrs. E. H. Dancer of M. will be the speaker of the U. of M. His topic will be "Young America and the Changing Order". Another short program, including music and dialogues, will also be rendered. Following this program a scrub lunch is to be served.

## CARD OF THANKS

We wish through the columns of this paper to express our heartfelt thanks to the efficient fire department of Chelsea, to the speedy service of telephone operator, to neighbors and friends, and especially to Boy Scouts, who gave us such timely help in our recent misfortune.

Mr. and Mrs. John W. Schenk.

## SYLVAN CENTER SCHOOL WILL HOLD BOX SOCIAL

School District No. 4, Sylvan Center school, will hold a box social at the home of Mr. and Mrs. George T. Hatley, Friday evening, November 10. Those not bringing boxes are asked to bring something for plates. There will be a fish pond, and popcorn and candy will be for sale.

## CATHOLICS ANNOUNCE DATES FOR ANNUAL CHURCH FAIR

Beginning Monday, November 22 and closing Wednesday night, November 24, the Chelsea Catholic church will present its annual church fair at the Herbert J. McKune Memorial hall in the new school building. On Wednesday evening ladies of the church will serve a chicken supper and the public is invited to attend. Tickets are on sale now and indications are a record crowd will sit down to a bounteous feast of chicken and "trimmings."

Proceeds of the fair, which has been an annual event for several years, are being used to defray indebtedness on the new school building. Further announcement will be found on another page of this issue.

## CHELSEA SHEEP PRODUCE BEST FLEECE IN STATE

L. B. Lawrence & Son Ram Shears  
27.7 Pounds; Ten Ewes Average 19 Pounds

With Michigan's average fleece of last year weighing close to eight pounds, an increase over the year before, some of the sheep being sheared this fall for a record of merit certificates are showing the possibilities of growing wool in the state.

The shearings are being made under inspection a year from the day they were last inspected and sheared closely, thus giving a complete year's growth of wool.

The best record the Michigan State college men have found this year was made by eleven sheep owned by L. B. Lawrence of Chelsea. The ram produced 27.7 pound fleece and the ten ewes averaged 19 pounds. The heaviest ewe fleece was 24.7 pounds.

Robert Noon, Jackson, and Carl Moeckel, Munith, also have had sheep that surpassed the demand for registration—16 pounds for a ewe and 25 pounds for a ram. All the above sheep were Rambouilletes.

E. M. Moore of Mason, with the shearing of an A type Merino, showing also has made an unusual showing. On a shearing after eight months of growth the ram had a 25.5 pound fleece. If the growth had been allowed to continue at that rate for a year, the ram would have produced a fleece weighing 38.1 pounds—more than 30 pounds above the state's eight-pound average.

## NORTH LAKE

Mr. and Mrs. Harold Spaulding and daughter, Virginia, spent Sunday at the home of Mr. and Mrs. William Eisenbeiser.

A number from here attended the auction on the A. B. Shutes farm in Lima, Thursday.

Mrs. E. W. McDaniels and son, Charles, spent Sunday at the home of her sister, Mrs. Harriett Sharp of Perry.

Guests at the home of Mrs. H. G. Pearce, Sunday, were Mr. and Mrs. Peter Selmis and Theodore Ruhl of Detroit.

Church night is Thursday, November 11, at the home of Mr. and Mrs. E. W. McDaniels. Everyone invited. Last week the meeting was at the home of Mr. and Mrs. Lon Clark and was well attended.

Mrs. Edwin Meester will entertain the L. A. S. Friday afternoon, November 12, at her home on the Jack Gorman farm. The ladies will continue their sewing for the church bazaar to be held at the Inverness Country club house some time soon. Watch for the date.

The December number of the Michigan Educational Journal contains a double page advertisement of A. J. Nystrom and Company of Chicago, announcing the Michigan History Series in chart form. The name of Claude A. Burkhardt, editorial director, appears. Mr. Burkhardt's recent work shows Michigan during the exploration periods (1671-1805), Michigan as a Territory (1805-1837), Michigan as a State (1837-1890), Michigan as a State (1890-1926). The author has prepared a manual giving an interesting account of early Michigan history which accompanies the series. The Michigan History Series is a product of high scholarship combined with superb cartography, is one of the comments on the work. Mr. Burkhardt is the son of Mrs. Ella Burkhardt.

## SCHOOL NEWS

This Friday Chelsea football team plays Stockbridge. We urge every one, not only students, but the townspeople to attend this game. With the team's past record and your loyal support, we have to win this game.

The state has organized a Junior Police Force, working through the schools. Chelsea forms one branch and the local leader is Fredrick Steiner. The other members are: Dudley Holmes, Howard Holmes, Kenneth Beach, Leon Boutler, Claude Rogers, Deano Potts, Robert Wallace, Robert Winans, Robert Hall, Laverne Foster, Carl Vogel, Raymond Dancer, Alvin Schiller, Robert Foster.

The duties of these policemen, are to see that laws are to be obeyed and to uphold the motto "Safety First" and what it implies. The members of this force can be distinguished by the green and white bands worn on the sleeve.

## TOWNSHIP TAXES WILL BE \$15,000 LOWER THIS YEAR

Rates in Various School Districts Show Substantial Decrease Under Amount Collected Last Year.

That the various school districts of Sylvan will pay considerably less tax this year than last is seen in the estimates submitted by Supervisor Howard Boyd, whereby the total amount of taxes to be raised this year in Sylvan will be \$55,810.73. This is a reduction of approximately \$15,000 under that of last year when \$70,683.37 was raised. In 1924 the amount was \$62,923.81.

The rates of different school districts per \$1,000 valuation for 1926, is as follows:

1 Fr. Lyndon	\$17.22
2 Fr. Lyndon	16.01
3 Fr. Lima	18.02
4 Fr. Lima	16.24
5 Fr. Sharon	17.20
6 Fr. Grass Lake	14.15
7 Sylvan	15.83
8 Fr. Lyndon	14.03
10 Sylvan	19.46
10 Fr. Lima	14.93
4 Fr. Lima	15.73
6 Fr. Waterloo	15.68

## LYNDON COLD PACK CLUB HOLDS MEETING FRIDAY

A very interesting local achievement meeting was held at the home of Henry Stoffer, Lyndon township, Friday evening, November 5th. At this meeting six girls who have been doing canning club work under the leadership of Mrs. Veva Kalmbach, Lyndon township, had a local achievement program.

Many games were played after which the parents and members of the canning club enjoyed a wienie and marshmallow roast. The county club agent was present and presented each club member with their achievement certificate for having finished their first year's canning club project. This club is a 100 per cent club as all members have finished who started the canning club work early in the season.

Members of the club are: Charlotte Hadley, Corinne Palmer, Eloise Hadley, Helen Hadley, Mary Hadley, Irene Stoffer. Over 200 quarts of fruit and vegetables were canned by the above members. This speaks very well for a first year club of girls.

## POMONA GRANGE HELD MEETING HERE TUESDAY

Walter J. Rawson of Bridgewater was elected master of Washenaw county Pomona grange at a meeting of the grange held here Tuesday at Odd Fellow hall here.

Other officers elected are: Overseer, E. L. Williams, Pittsfield; steward, F. A. Showerman, Ann Arbor; assistant steward, R. T. Brokaw, Ann Arbor; lady assistant steward, Mrs. R. T. Brokaw, Ann Arbor; chaplain, Mrs. Lydia Riemschneider, Sylvan; secretary, Mrs. E. Schreiner, Pittsfield; gate keeper, William Allen, Pittsfield; Ceres, Mrs. Charles Knight, Ann Arbor; Pomona, Mrs. William Lindemann, Pittsfield; and Flora, Mrs. E. R. Strang, Ypsilanti. Philip Broesamle and George Wiseman, both of Chelsea, were appointed to constitute the executive committee.

Reports of the recent state grange meeting were given by William Lindemann of Pittsfield and Mrs. N. W. Laird of Chelsea, assisted by Mr. and Mrs. R. T. Brokaw of Ann Arbor and Mr. and Mrs. William Martin of Manchester.

Installation of officers, which was planned for Tuesday's meeting, was postponed and will be held at the next session, January 11, in Ann Arbor. Sixty members of the grange attended the meeting.

### Delicatessen Wives!

Is a line in defense of the ladies!

The president of some woman's club contends that delicatessen wives who buy their meals out instead of cooking them themselves are the cause of the increase in divorces!

Now we'd like to have this well-informed lady tell us how a woman could be anything but a delicatessen wife in some of the modern kitchenette apartments. The two-burner stoves are only made for warming things up. Ovens, when they exist at all, couldn't accommodate anything much larger than a roast pigeon. A nice Thanksgiving turkey and a corn pudding and big mince pie wouldn't go in three ovens of that size!

So men folks! If you don't want a delicatessen wife, try to rent an apartment or get a home where your well-meaning helpmate can at least do the cooking on a full sized gas range.

## Editorial

### LOVE

Do not keep the alabaster boxes of your love, and tenderness sealed up until your friends are dead. Fill their lives with sweetness. Speak approving, cheering words while their ears can hear them and while their hearts can be thrilled by them.—Henry Ward Beecher.

### AIR, RUM, MILLIONS

It is a clever man who can accumulate a fortune of \$5,000,000 five years after being released from the penitentiary, but it is a wary man who does not get caught doing so.

Frank C. Parker of Chicago was clever but not wary. In 1921 he escaped from Joliet Penitentiary after serving four years because he had once been the "crown prince" of automobile thieves. He discarded automobiles in favor of airplanes. He became a hero. In 1923 a colony of fishermen were trapped by a blizzard on South Fox Island in Lake Michigan. Aviator Parker flew to their aid, carrying food and clothing. In 1924 he was guarantor of the Carpenter-Gibbons fight at Michigan City, Ind. People wondered whence he had acquired his wealth. Last week he and eight of his employees were indicted as the operators of 45 breweries and an airplane bootlegging system. Federal agents said that Aviator Parker's transportation methods had put his profits over the \$5,000,000 mark.

### HELP CRIPPLED CHILDREN

There is a movement on foot in this state that should have the endorsement of every citizen. It is the work that is being done by the Michigan Society for Crippled Children. The society is now in its fifth year of active and useful service, having already held clinics in nearly one-third of the counties of the state, bringing help to hundreds of the afflicted. A recent survey by the society revealed we have 15,000 crippled children in Michigan, who need help and who can be cured and made into productive citizens if treated in time.

The society now plans to establish branches in every county in the state, and to that end are engaged in mustering the interested people in each county to take the initiative. Thanksgiving week, beginning November 21, there is to be a "Thanksgiving Enrollment," during which every person in the state may become a member of the county and state organization by the contribution of one dollar or more to the cause. The money raised will be spent in arranging county clinics, helping obtain necessary care for the children, educating the public in the causes and methods of prevention, etc. This is a worthy cause and we know this community will respond splendidly to the appeal.

### CHECKING DEATH TOLL

During the past nine years 2,149 boys and girls under fourteen years of age were killed and 2,759 seriously injured, many being maimed for life while walking or playing on railroad tracks and while jumping on or off moving trains. In addition to those killed and injured under fourteen years of age, there were also 2,555 youths between fourteen and twenty-one years of age killed and 4,291 injured in the same manner.

The railroads of the United States are conducting a strenuous campaign to bring to children the dangers of walking or playing on railroad tracks and jumping on and off trains. They have met with considerable success in reducing these accidents during recent years. In the year 1913 there were 1,501 such accidents; in the year 1924 accidents had been reduced to 1,313; in 1925 to 1,301, a decrease of 200 accidents to children in two years. The railroads are constantly patrolling their property and railroad employees doing their utmost to curb these accidents. However, it is necessary that they have the co-operation of civic and social agencies, superintendents, principals and teachers in schools and parents of children. Also the interest of clergymen, leaders of Boy and Girl Scout movements, officers and members of Rotary, Kiwanis, Lions and other social and civic clubs and police officers.

### FARM ELECTRICITY

The Michigan State Grange, during its annual meeting at the Michigan State College the latter part of October, went on record as favoring the development of water power rights in the state. We believe that many of the delegates to the convention endorsed the resolution in the belief that it meant the development of electricity for rural use, and not for the purpose of engaging the state in public utility ownership.

Farmers who are interested in the farm power idea for the use of electricity on the farms, and not for political purposes, should follow closely the construction of an experimental farm power line which is now being built out of Mason, in Ingham county. When this line is completed it is the purpose of the power company to turn it over to Michigan State College experts for study as to the practicability of electricity for power farming. Under their supervision careful study will be made, touching every phase of the question, beginning with construction costs and running through to the smallest details in determining the benefits, together with the costs which must ultimately be borne by the consumer. This experiment will be conducted without

engaging the public in any large expenditures and will present a perfect guide as to the feasibility of electrifying the farms of Michigan.

### MICKIE SAYS—

NICE SHOW WINDOWS MAKE A SNAPPY BUSINESS TOWN. A LITTLE TIME AND MONEY SPENT ON THE PART OF YOUR STORE WHICH THE PUBLIC SEES MOST WILL DRAW ATTENTION TO YOUR BUSINESS AND HELP OUR ADS DO THEIR STUFF.

### Road Made of Glass

What is probably the only glass road in the world is to be found at Obaldian cliff, near Mammoth Hot Springs, in Yellowstone National park. The construction of this roadway was accomplished by building great areas around the blocks of volcanic glass which compose the sides of the cliffs. When heated the rocks were suddenly cooled by dashing water upon them, thus shattering them into small fragments. In so unique a manner the roadway was formed.

### Fast Climbing

A short time ago the Eiffel tower was the scene of a novel competition, in which substantial prizes were offered to those who reached its second floor in the quickest time. This feat, that involved the climbing of 730 steps, was performed by one man in the wonderful time of 184 seconds. His nearest female rival took 7 minutes 20 seconds to reach the goal.

### Versatility in Frogs

A female frog brought up a family of robins whose mother apparently had been killed. This happened in Llanbrino, Wales, in a hedge bank near the city. All day the frog collected worms and flies for her foster family, pausing only to croak angrily when curious visitors got too near the nest. She showed a true maternal instinct throughout the rearing period.

### Domestic Economy

"What's this?" inquired the young husband, referring to the memorandum his wife had given him. "One dozen eggs, 40 pound of raisins, a bottle of lemon extract, a tin of ground cinnamon and half a pound of sugar."

"What the merry spring do you want with all these things, Doris?" "I've got a stale loaf," replied the young wife, "which I am going to save by working it up into a bread pudding. I never let anything go to waste, Robbie, and you know it."

**Society's Warp and Woof**  
During a prolonged study of the lives of various men both great and small, I came upon this thought: In the web of the world the one may well be regarded as the warp, the other as the woof. It is the little men, after all, who give breadth to the web, and the great men furnish and supply; perhaps also the addition of some sort of pattern. But the scissors of fate determine its length, and to that all the rest must join in submitting itself.—Goethe.

### Quite an Inducement

It is customary to permit condemned slayers to select anything and everything they want for their last meal. Which, in the case of some married men, must be quite an inducement.—Kansas City Star.

## Watch Elimination!

Good Health Depends Upon Good Elimination.

RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give Doan's signed endorsement. Ask your neighbor!

# Growth!

The growing public preference for Graham Brothers Trucks is strikingly told in the figures—

Year	Truck Sales	Gain
1921	1086	
1922	3401	213%
1923	6971	105%
1924	10791	55%
1925	24056	123%

The first nine months of 1926, with sales aggregating 29,336 trucks, show an increase of 78.4% over the corresponding period of 1925.

Progress—sound, swift, impressive.

## The Family tie—knit it closer by Long Distance

"In days of old when knights were bold"—the family was a unit with most of the relatives usually living under one roof. Today, economic conditions have forced the family to scatter to different cities and different states—the members seldom meet from one year's end to another.

Let Long Distance calls help knit the family ties closer.

**STELLA DALLAS**  
SUPER FILM COMES TO ARCADE, ANN ARBOR

Photograms of Rare Entertainment Shows Life of a Girl in Love with Love

After weeks of dickering with United Artists Corporation by letter, tele- gram and in person, the management of the Arcade Theatre, Ann Arbor, definitely announces that Samuel Goldwyn's romantic epic "Stella Dal- las," adapted from the famous novel by Mrs. Olive Higgins Prouty, will open for a week's engagement, start- ing Sunday, November 14th.

The management also recommends "Stella Dallas" as one film that will live in the memory after it is seen. It is great in story, cast and superb in its heart-wringing appeal.

"Stella Dallas" has had an amazing vogue as a popular story, then as a novel, and later as a stage play in which Mrs. Leslie Carter starred. The theme is already known to millions for its distinction and power.

The screen version of this mighty book was directed by Henry King whose record of achievement is mark- ed by his production of "The White Sister," "23 1/2 Hours' Leave" and the gold medal photoplay "To the Da- vid."

Striking the keynote of romance, "Stella Dallas" on the screen, bares the love life of the central character played by Belle Bennett. It pictures a girl in love with love. It unfolds her amorous nature, her marriage, her peccadilloes, and vividly visualizes the heights to which Stella rose and the depths to which she fell.

There is no moral in the story. It is entertainment of a high order. It is romance, realistic with laughter and pathos, leaving Stella as puzzled as life is itself. The climax of "Stella Dallas" is as tender, and as glo- rious as any big thrill heretofore projected from celluloid.

Actors and actresses of recognized ability portray the roles. Ronald Colman plays Stephen Dallas, Belle Ben- nett plays Stella Dallas, Alice Joyce plays Helen Morrison, Jean Hersholt plays Ed Munn, Lois Moran plays Laurel, and Douglas Fairbanks plays Richard Grovesnor.

From the Heart To Your Heart

A tremendously big romantic drama as new as tomorrow, as old as time and as sym- pathetic as a mother's caress. Stella Dallas couldn't guide her own heart, but will rule yours in the story of her love life that will stir the senses with its human throb.

## Here Are The Improvements

Review this impressive list of improvements — a notable twelve-months' record of progres- sive engineering:

- A new five-bearing crankshaft (replacing the three-bearing type).
- A new two-unit starting and lighting system (replac- ing the single-unit type).
- Air cleaner of improved design.
- Spark and throttle levers placed above the wheel for greater convenience.
- Rumble seat for Sport Roadster.
- Stylish new body lines.
- Rich and attractive new colors.
- Improved all-steel body construction.
- Increased driving vision.
- Indirect dial lighting for De Luxe and Sport types.
- Far greater riding comfort.
- Impressive new smoothness and silence of engine operation.

Greater beauty, greater convenience and remark- able new silence and smoothness of engine operation have followed these vital betterments.

Displaying of the national colors about town was the only observance locally of Armistice Day today. In some of the surrounding towns the day is being observed with parades and programs of entertainment along patriotic lines.

A box social given by members of the "Carry On" class of the Methodist Sunday school on last Friday evening, proved to be a social as well as financial success, a good crowd of young folks gathering in the church parlors. About forty dollars was realized from the sale of boxes.

Dr. and Mrs. F. A. Johnson and son Albert, of Greenville, Mich. spent the week-end at the home of his brother, A. E. Johnson and family. They also visited other relatives at North Lake, Mr. and Mrs. C. D. Johnson and Mr. and Mrs. H. V. Watts; also attended the Michigan-Wisconsin football game in Ann Arbor Saturday.

With the thermometer taking a drop of from 35 to 40 degrees in two days, folks of Chelsea and vicinity were shivering around this morning with the temperature standing at 16 degrees above zero. Wednesday morning it stood at 20. This is the coldest weather here this fall by several degrees and is making a rapid inroad on many a coal bin.

Approximately four hundred people attended the first number of the Chelsea Lyceum course at the new auditorium last Thursday evening when L. Grove Herbert delivered a lecture on "The Crisis and the Call." The next number is "The Climax," a comedy drama which will appear here December 21. Tickets for the balance of the season may be secured at reduced rate and it is hoped many more will take advantage of this season's splendid entertainment.

**LITTLE THINGS WITH BIG MEANINGS**

To prevent eye-defects from reaching a serious stage, it is wise to become aware of the significance of certain little discomforts which otherwise are apt to be neglected.

The time for a scientific eye examination has arrived when once a conscientious effort must be made in order to see clearly.

When attacks of headache become frequent; when the eyes water, ache or smart, especially after a spell of close work.

When any difficulty is experienced in seeing clearly—such as occasional blurring of print or objects, though but momentarily; difficulty in seeing very near objects or very distant ones with distinctness; a desire for stronger light, etc.—all point to the need for eye-help.

The insidious injury that eyestrain wreaks upon the health; also weakens the capacity to earn and this means financial loss; everyone pays the penalty—in ill health or lessened earning power—whose vision is not what it ought to be.

Have your eyes tested scientifically if you have noticed any of the above symptoms. Do not wait for the proof of trouble—bad vision. By acting promptly you may avoid that disability.

You can make sure by arranging today for an examination.

**Postal Equality Sought**

Without prejudice to their claim to votes and general equality with men before the law, some married French women have decided to select a few special, if apparently minor, points on which they intend to secure equal treatment. Among the rights desired immediately is the equality of postal privileges.

A French wife went to the post office and asked for a box as near her husband's as possible.

"Can you do business on your own account, madame?" asked the postmaster. "No." "Then you need your husband's authorization to rent a box!"

The reply started the movement for postal equality.

### Petrol Tin in Stone

#### Recalls Brave Deed

There is only one statue in the  
world in which a tin of petrol figures.  
This is in Madrid, and commemor-  
ates an incident in the Spanish war  
in Cuba. A certain house was known  
to shelter a number of insurgents, and  
a Spanish soldier conceived the idea  
of creeping up to it at night armed  
with a tin of petrol and a box of  
matches. He was to set fire to the  
petrol and throw the tin into the  
house.

The chances that he himself would  
not be burned to death were small,  
but to take advantage of every loop-  
hole for escape it was arranged that  
he should make his attempt with a  
long rope tied round him, the other  
end being held by his comrades, so  
that if the rope was not burned  
though, he might, dead or alive, be  
dragged back.

The attempt was successful, and in  
due course a statue was erected in  
Madrid, showing in addition to the  
man, his rope and tin of petrol.

#### Cooper's First Book

In 1820 F. M. Cooper published  
his first novel, "Precaution." It was  
portentous to be written by an English-  
man, and was a story of English so-  
ciety and in an entirely different vein  
from any of his succeeding books. In  
1821 he published "The Spy."

#### The Welcome Guest

The ideal guest, if any, is one who  
will tell you what he really wants for  
dinner.—Baltimore Sun.

### French Rural Life

#### Sees Little Change

In France that I know the work-  
manship of handicrafts and gardens  
and woodlands and inn kitchens and  
wine cellars and vineyards, the tri-  
gallies, the fairs, the auvergnats, the  
chickens, all these things overwhelm-  
ingly continue.  
—Mme. Aubain still sits beside the  
white wash-scotting, looking through the  
windows at the life of the street. Fel-  
cite is still at work from the kitchen  
to granary, notaire, small banker,  
peasant-proprietor, physicians, shop-  
keeper, drummer, abbe, hotel keeper,  
marchand de vin, blacksmith, haute hor-  
logerie, local movemen and pettier  
bourgeois, local watchmaker, chair  
caner, bellows mender, woodcutter, lo-  
cal barons and marquises, even are  
still all in the places where they have  
been for half a thousand years.—From  
"A Mirror to France," by Ford Madox  
Ford.

#### Composite Church

The "Church of Asia" is the name  
applied to the combined religious and  
educational institutions established  
by the missions of the various denom-  
inations of the United States, Great  
Britain and Continental Europe in  
China, Japan and India.

#### Broadcasting Heat

Broadcasting heat won't be new.  
Frequently a super-heated announce-  
ment heat under distant collars.

### CHURCH CIRCLES

#### METHODIST EPISCOPAL

Walter Firth, Pastor

This week being observed as Fath-  
er and Son week throughout the na-  
tion, we shall observe it with a ser-  
mon appropriate to the occasion. Our  
subject next Sunday morning will be:  
"A Boy's Complaint Against His  
Father." We invite every father to  
be in church next Sunday, and bring  
his boys with him. We urge every  
boy to be there for his parent's sake.  
Make this a special effort.  
The Epworth League will hold a  
social in the church basement next  
Tuesday evening. A scrub lunch will  
be served. Come and bring your  
friends.

Sunday school at 11:15.

#### NORTH LAKE M. E. CHURCH

William Johnson, Pastor

10:30, "Caleb's Faithfulness Re-  
warded" is the title of the lesson.  
This lesson involves a study of the  
three rewards of obedience: Charac-  
ter, fellowship with God, and satisfac-  
tion of service, things that money  
can't buy. The application is as fit-  
ting to us in 1932 as to the Israelites  
in the early history of their nation.  
Come out and join in the discussions.  
11:30, Sermon by the pastor, Rev.  
William A. Johnson. This is an op-  
portunity to hear an inspiring mes-  
sage. For greed and pleasure too  
many neglect the day set apart for  
worship. A worshipful observance of  
the Sabbath, free from the sordid  
humdrum and grinding routine, builds  
character of the fine mental and spiri-  
tual qualities that our age needs.  
Friday, Nov. 12, Mrs. Edward Mes-  
ter will entertain the L. A. S. Scrub  
lunch will be served. Everyone wel-  
come.

#### LIMA CENTER EVANGELICAL

CHURCH

A. E. Kurth, Pastor

The third quarterly communion  
service will be held Sunday morning  
at which time the Presiding Elder of  
the Detroit district, Rev. C. C. Gib-  
son, will be present.  
9:30, Communion service. Sermon.  
By Rev. C. C. Gibson.  
10:00, Sunday school.  
7:30, E. L. C. E. Topic, "How Pro-  
mote Interdenominational Fellowship."  
Leader, Mrs. Archie Coe.  
8:45, Preaching service.  
Sermon topic, "The man whom Je-  
sus could not MAKE."

#### SALEM METHODIST EPISCOPAL

CHURCH

11:00 o'clock, Preaching.

8:00 o'clock p. m., preaching.

The Young Women's Missionary  
Society will meet with Miss Velma  
Bohne at Francisco, Saturday after-  
noon.

#### L. B. S. A.

Wednesday evening, 8 to 10, prayer  
service and Bible study. Topic, "Cal-  
eb's Faithfulness Rewarded."—Jos.  
14:6-15. Golden text—"I wholly fol-  
lowed Jehovah my God." How was  
Israel's sin discovered and dealt with?  
What portion of the land did Caleb  
claim and why? What fact does this  
incident reveal? Why are these  
things recorded? At Jno. Schenck res.  
208 South street.  
Friday, 3 to 5 p. m., Bible study.  
Topic, "The new world." Golden  
text—Isa. 51:16. Who must now be  
reached with the kingdom message?  
What is meant by the Revelator's  
statement, "There shall be no more  
death"? Where does our citizenship be-  
long? At the Jno. Hober, resi-  
dence, South St. All interested in  
Bible study are welcome.

#### Truth Is Mighty

Truth is a very deadly thing at last  
when it confronts the clever liar at a  
place where he cannot escape. If he  
tries the air instead of the sea, the  
blaze and fascinating little struc-  
ture which was meant to defy the uni-  
verse bursts into flame and perishes at  
contact with a flash of truth.—Dr.  
Lynn Hough.
