Gottlieb Hieber died at his home on South Main street, Chelsea, Wednesday, January 12, 1927, following an illness of eight years.

Mr. Hieber was born in Freedom, March 4, 1844. He was united in marriage with Miss Mary Schettler, April 26, 1871, and since their marriage they have been residents of this community and for the past 15 years they have been residents of Chelsea.

He is survived by the widow, one son, Reuben Hieber of Chelsea, five daughters, Mrs. H. F. Brooks, Mrs. Carl Bagge and Miss Laura Hieber, all of Chelsea, Mrs. R. Hoyer of Detroit, and Mrs. Herman Hills of Jackson, seven grandchildren, and one sister, Mrs. Fredricka Flegel of Freedom.

The funeral will be held from the family home at 2 o'clock Saturday afternoon. Rev. P. H. Grabowski, assisted by Rev. A. A. Schöen of Manchester, conducting the services. Burial in Oak Grove cemetery.

PIONEER SYLVAN RESIDENT PASSED AWAY THURSDAY

Mrs. Anna Maria Schenk, nee Kalmbach, was born on April 8, 1835, in Schoenengruen, Wurtemberg, Germany. At the age of 18 she came to America, settling in the vicinity of her late home. In 1854 she joined in holy wedlock with Michael Schenk.

This union was blessed with twelve children, eleven of whom are still living. In 1864 the family located permanently on a farm in Sylvan township, which place has been known since as the Schenk farm. Her husband preceded her in death in the year 1916.

Mrs. Schenk has been a devout member of the church of her choice. According to her own testimony she had found the Lord as personal Saviour early in life. She joined the Salem M. E. church near Francisco, Mich. in 1867 under the ministry of Rev. John Schweinfurth, thus attaining the distinguishable record of being a member of this church for nearly 70 years. As long as her health would permit, she was a regular attendant in the services. Her whole life's ambition, mingled with the yearning of her soul, was to serve her Lord and God.

After a long and blessed life of service of over four score years and ten, she has been transferred to the church triumphant to enjoy the reward of her venerable sojourn on earth.

Mrs. Schenk has been endowed with a rare physique; surely her days were full of labor and strength, until the infirmities of old age stayed her efforts. After patient suffering, brought on by these infirmities, she peacefully slumbered away in her Saviour's arms. The longings of a godly soul have been heard and answered. Her spirit left her on the night of January 6, 1927, having been a pilgrim on earth for 91 years, 8 months and 28 days. She leaves to mourn her departure 11 children, 30 grandchildren, 23 great grandchildren, 1 sister, a host of relatives and friends.

Funeral services were held on Sunday, January 9, at 11:30 a. m. at the Salem M. E. church, Francisco, Rev. F. Ross, assisted by Rev. P. Wuerfel, of Ann Arbor, officiated. Interment at Salem M. E. cemetery.

MANCHESTER SUFFERS TWO DEFEATS HERE FRIDAY NIGHT

Fastest Game Ever Played by Public School Girls Witnessed Here; Boys' Game Lacks Pep of Former Contests.

Characterized as the fastest game ever played by a girls' team from the public school, the local basketball five played Manchester girls to a finish here Friday night in a preliminary game at the public school gym. The final score was 18 to 26 in favor of the locals.

In spite of the fast work of one of Manchester's forwards, who proved to be a whirlwind of action and headwork, Chelsea's girls gradually took the lead and with excitement which surpassed anything experienced in several seasons, emerged victorious in the end.

The boys' game would have been graded as about average, should it have become necessary to do any grading, the Chelsea students lacking in pep and aggressiveness displayed in former games and practice. However in spite of this, they managed to nose out a victory with the score 14 to 18. Dancer, forward on the local team, was high scorer, the ball being fed to him by his team rather than risk long shots from the field.

On Friday evening both teams will go to Dexter where good games are confidently expected. Intensive practice during the past week has shown a decided improvement in speed and headwork, and it is expected their winning streak will not be broken in the contests Friday night. More than four hundred people witnessed the games here last Friday and it is hoped a large crowd will accompany the teams to Dexter.

ST. MARY'S BOYS LOSE TO GRASS LAKE

St. Mary's boys lost to Grass Lake high school Friday night, 22-25. The St. Mary's boys were outwitted and outplayed, Grass Lake playing the game well over their heads. The game was nip and tuck from start to finish as the score will note. Grass Lake is going to play St. Mary's a return game in Chelsea and St. Mary's hopes to take revenge at this time.

ST. MARY'S GIRLS SCORE ANOTHER VICTORY

St. Mary's girls won their third victory in a basketball game with St. Thomas girls of Ann Arbor, Tuesday, January 11. The excellent guarding, centers' work and basket shooting proved too much for the Ann Arbor girls. The game ended with a score of 24 to 6. The game was played at Ann Arbor.

MRS. SARAH SMITH PASSED AWAY FRIDAY

Sarah Goodyear was the daughter of Alonzo and Mary Branch Goodyear, and was born in Brooklyn, New York, in 1841, and died January 7, 1927, at the home of her daughter, Mrs. Lucy Ivory.

At the age of eight years, she, with a younger brother and sister, came with their parents to Michigan. Mr. Goodyear settled on the farm now owned by Edward Stanish in Dexter township. In 1857 she was united in marriage to James P. Smith of Waterloo township. To this union were born two children, Charles Alonzo, who passed away 13 years ago, and Mrs. Lucy Ivory, still living.

She was a faithful member of the Congregational church of this place, also a charter member of the Lady Macabees. She was a kind neighbor and a loving mother.

She leaves to mourn their loss, one daughter, Mrs. Lucy Ivory, one granddaughter, Mrs. Lola Bollotat, two great grandchildren, all of Detroit.

Funeral services were held Sunday afternoon at the Congregational church, Rev. A. E. Potts conducting the services. Interment in Oak Grove cemetery.

NEGROES HOLD CARVING BEE LATE SATURDAY NIGHT

Julie Wright, 20, was sentenced to pay a \$30 fine or spend 30 days in jail and John Chambers, 17, was given a sentence of 60 days or \$60 in Justice Reading's court, Ann Arbor, Monday after spending Sunday in the county jail. The men, colored, were arrested Saturday night following a "convincing" race during which Chambers succeeded in severely cutting Wright about the face and neck. The affair took place on West Middle street, in front of Carroll's shop. Chambers was taken to Ann Arbor Saturday night, and Wright was taken Monday morning. Deputy Sheriff John Atkinson made the arrests.

Winning Popularity

The wit of conversation consists more in finding it in others, than in showing a great deal yourself; he who goes from your conversation pleased with himself and his own wit, is perfectly well pleased with you.—La Bruyere.

Important Point

It is a secret known but to few, yet of no small use in the conduct of life, that when you fall into a man's conversation, the first thing that you should consider is whether he has a greater inclination to hear you, or that you should hear him.—Steele.

Maudy Money

Maundy Thursday, the day before Good Friday, was, in olden times, a day of almsgiving, upon which the sovereigns of England gave money, and clothing to as many poor persons as the kings were years old.

Editorial**GETTING NEW BUSINESS**

The progressive business firm finds that it needs to be constantly making new friends and creating a new circle of customers. If it just depends on satisfying those who have previously bought its goods, it is likely to see its trade diminished. Population changes more rapidly now than formerly, and if a firm has a certain list of customers this year, it can expect, as the result of all the changes that naturally occur, that a considerable proportion of those customers will not be on the list in a year or two.

Also people are changeable in their habits, and unless a very energetic effort is made to hold old customers by advertising, a lot of them will go elsewhere, attracted by the various inducements that are offered them.

People are not much inclined, as they were often formerly, just to trade at one place or a few places right along year after year. They are quick to get the idea, if some firm seems to be hustling a little harder than its competitors to please the people, and no feeling of habit or sentiment of loyalty is apt to hold them, if they think they can do better by going elsewhere for something they want.

By an active campaign of advertising, a firm can keep making new business friends, to make up for those who drift elsewhere. It does not take elaborate persuasion to win such new customers in these times.

People are ready to go to any place of business where the spirit of enterprise and hustle seems to prevail. A concern that makes it a regular practice to advertise, even if it does not take any great amount of space, will have a constant stream of inquirers entering its doors, who will more than make up for old customers who go elsewhere.

THE EDITORIAL

There are some few newspapers scattered around over the country that have no editorial department, but they are simple commercial sheets devoted to advertising and other sources of revenue.

They have no opinions of their own, and therefore no need to express them. The journalist who does nothing but paddle along with public opinion, is of no value.

Every newspaper worthy of the name should aspire to be of the utmost service and help to its community. It can only do this if it directs the thought of the community and helps to crystallize public sentiment on worthy objects.

The editor cannot make himself a force for good in the community unless he expresses his convictions through his paper.

It is through the editorial column that he gives character to the paper. Papers with an outstanding editorial policy that are fair in their editorials, clear and able on the issues before the people, do wield an influence over other editors, and in that way multiply their power for good.

The editor of a weekly newspaper, because he is known to a great majority of his readers, has the rare opportunity to be a leader for all that is good in his community. If he would measure up to what is expected of him, if he would be the power for good that he would be in his community, he will make his impress every week in the editorial column of his paper.

FAILURE AND SUCCESS

Are you discouraged by failure? Then you will fail.

Most of the little failures and little successes are unimportant skirmishes in the battle of life. They are the maneuvering, the testing of the opposing lines, the finding of weak spots and strong spots.

In the hour of skirmish lost, or in the zest of skirmish won, it is well to remember that the great battle is yet to be fought. The man who is stricken in heart by the little defeats and the man who is palsied in mind by the little victories will be on a par with the man who is not.

Our little failures and little successes are also equally willing to serve us. They will be very useful if we will give them the chance. But if we accept either blindly, as the gift of fate and circumstance, we might as well quit the fight.

The man who, in defeat, can put his finger on the cause of his defeat—the where, the why, the how of it—is already well on the road to ultimate victory.

And the man who, in victory, knows how he won, and wherefore, will win again, and more gloriously.

Stepping to one side never gets you any nearer to the front.

This last word you hear about women having the last word in clothes.

The person who pines over his hard luck needs to spruce up a bit.

Two popular musical instruments are the dinner horn and the horn of plenty.

Love in a cottage isn't what it was when one could be rented for \$10 a month.

"gas chats"**When Gas Was Very Young—**

Here's a quaint old paragraph found on a yellow program of the Covent Garden Theatre, London, with the date 1817—

"The proprietors respectfully inform the public that an entirely new method of lighting the theatre has been adopted, effected by a magnificent chandelier which from the center of the ceiling diffuses a soft and brilliant light around, without obstructing the view of a single spectator. In its effect the body of lights is directly equal to 300 lamps!"

What a fluttering of polite interest was manifest as the audience began to gather, hoop-skirted ladies with demure beauty spots and graceful fans, courtly gentlemen in powdered wigs and buckled shoes! It was one of the early farewells to the old oil lamps—this lighting of the gas at fashionable Covent Garden 109 years ago.

This theatre was one of the first buildings in London to be piped for manufactured gas. Now, over a century from that momentous night, gas service is a commonplace to London's millions not only for lighting but for cooking and heating, to say nothing of its extensive and growing use in industry.

Be Sure the Lot Is Title Insured

An abstract of title may be perfect—or it may contain a flaw. Before you buy land, make sure the title is clear. There is no better way to be sure than through Title Insurance. If the seller has it, the chances are 1000 to 1 the title is good. And the insurance can readily be transferred to you.

Title Insurance means every penny you invest in land is protected in full against flaws in the title. A home and grounds often mean a life-time of work and sacrifice. Certainly that is too great a thing to endanger for lack of the one certain protection—insurance of the Title itself.

Title Insurance is Positive Protection

Remember this: If your Title is insured you are protected against loss, fully completely, positively. Now would be an excellent time to talk it over. We'll be here.

BREVITIES.

HOWELL—A poultry show will be held in this city January 26 to 29. Competition is not limited to Livingston county, but birds from any part of the state may compete.

SOUTH LYON—When brought before D. P. Hall, Justice of the Peace, last Thursday for shooting a pheasant out of season, William Stitt of Detroit was fined \$40 and \$5 costs. The man was arrested west of South Lyon by Game Warden Allen C. Wilkinson.—Herald.

CHARLOTTE—Two hundred eighty-eight dog warrants were issued the first of the week by Prosecuting Attorney C. B. Fisk Bangs. All but thirty-four warrants have been disposed of and the county has received six hundred twenty-seven as the result from the license and costs. The remaining warrants are in the hands of the sheriff who is looking after the delinquents.—Republican.

JACKSON—Notification that a teachers' institute will be held in Jackson January 21 and 22 has been received by Mrs. Bessie Jackson Crawford, county school commissioner. The meeting will be held at the West Intermediate school and both city and county teachers will attend. The assemblage will be addressed by speakers from various parts of the county.—Tribune.

EATON RAPIDS—V. T. Burroughs reports the sale of auto licenses as going forward rapidly. Many are coming from Jackson and Lansing in order to avoid the long standing in line and contrary to the opinion expressed by some, many Charlotte people are coming here for their plates. License plates must be secured before the 15th of this month.—Review.

MANCHESTER—Tractors may be gaining confidence with Michigan farmers, but they are not doing as much of the farm work as we thought they would. Here and there a farmer will be seen using one, but surely most of the plowing and other work is done with horse power. But when it comes to trucking, horses are too slow and many farmers have either converted the family auto into a truck or have bought a new truck.—Enterprise.

NORTHVILLE—Announcement has been made that Rev. A. K. MacRae has resigned his pastorate in this place, and that he will leave Northville for another community. He has not decided just where he will locate, but expects to find a new field in the near future. His many friends will regret to learn of his resignation. He has been pastor of the First Baptist church for four years, which is said to be the longest pastorate of the church in over a quarter of a century.—Record.

DEXTER—Another land mark gone. The residence owned by Otto Wagner at the intersection of Ann Arbor and Fifth streets was torn down last week. While the building was remodeled some years ago, the original has stood there since the early history of Dexter, and there are some of us whose memories go back to the days when as youngsters, we drank from the "old oaken bucket that hung in the well" at the point, which was filled up long ago.—Leader.

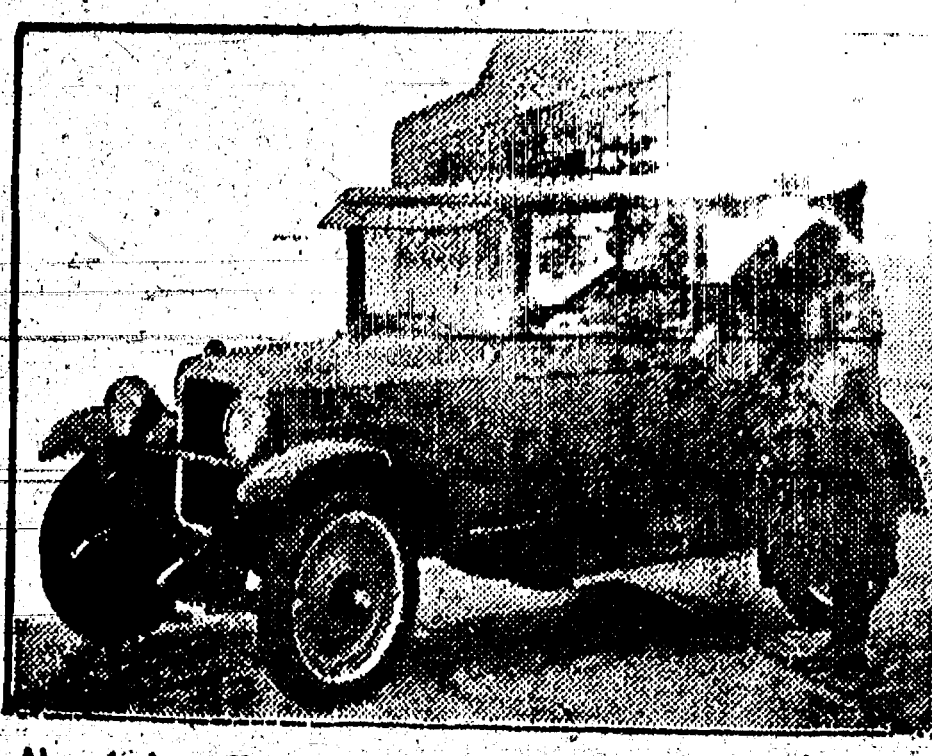

MASON—Approximately one-quarter of the marriages which occur in Ingham county end on the rocks, according to records in County Clerk Ross Hilliard's office. In the past year 248 marriage licenses were issued in the Lansing and Mason offices of the county clerk, while the courts of the county have granted 369 decrees of divorce. At the beginning of 1926 there were 434 divorce bills and petitions pending; while during the first three months of the year 143 more were added. At the close of 1926, the clerk's records show 463 cases were filed during the year.—News.

ANN ARBOR—Plans have been formulated for the enrollment of candidates for the Citizens' Military Training camps to be held during the coming summer. Washenaw, Livingston, Lenawee, Jackson, Branch, Hillsdale and Calhoun counties comprise the Ann Arbor enrollment district. Lieut. Garnett H. Wilson of the regular army is the enrollment officer for the Ann Arbor district. Young men from 17 to 24 are eligible to enroll. Information and application blanks are available at the Ann Arbor C. M. T. C. headquarters located on the second floor of the Armory, Ann Arbor.

BRIGHTON—W. H. Shannon, living three miles southwest of Brighton, was treated to a genuine surprise Sunday afternoon. An auto drove up to his place and a young man came to the door to ask if Mr. Shannon lived there. The gentleman told Mr. Shannon that there was someone in the car who wished to see him. He then came face to face with a half-sister, Mrs. Eliza Garland of Brantford, Ont., whom he had not seen for forty-nine years, and whom he supposed was dead for years. You can imagine his surprise when he found this long-lost sister, from whom he was parted when a young man, then living in Canada. The gentleman with Mrs. Garland was her son, Andrew Garland of Detroit.—Argus.

PINCKNEY—Surveyors have been busy the past week surveying and running lines through the thousand acre tract purchased three miles west of here several weeks ago. In order to straighten their lines more acreage has been purchased which includes a tract of M. J. Roche and four acres of Don White. Roy Placeway has also sold them more land. The purpose of the land is still a mystery but it is said that Edward Georges, a retired Detroit capitalist has a secretary by the name of H. A. Humo. This was the name signed to the checks the sellers received. John Dunn has sold two hundred more

**New and Marvelously Beautiful Fisher Bodies
—a host of Mechanical Improvements—New
Features found only on the costliest cars**

—plus an Amazing Reduction in Prices!

America has always expected great things from its greatest industry. But the announcement of the Most Beautiful Chevrolet has been the automotive sensation of all time!

Here is a car which in beauty, luxury, quality and modern design challenges the costliest creations of the day.

Here, in a price class where average standards have been the rule, is now offered a car so far beyond all expectation that comparisons cease to exist.

Seven superb models styled as low priced cars were never styled before and offering such marks of fine car distinction as: full crown one-piece fenders, bullet type lamps and "fish tail" rear deck modeling! New and supremely beautiful bodies by Fisher! And, above all, infinitely finer quality—the result of a host of additional improvements such as AC oil filter, AC air cleaner, coincidental steering and ignition lock, larger 17-inch steering wheel, gasoline gauge and many, many others!

All this is combined to a supreme degree in the long famous leader of the Chevrolet line—the Coach. It would be a brilliant achievement for any manufacturer merely to design such a splendid car to sell at ANY reasonably low price. But to sell it at the amazing price of \$595 is a feat of history making proportions. This one price reduction alone would suffice to center world-wide attention on Chevrolet. But due to economies of tremendous production plus the vast resources of General Motors, Chevrolet also announces striking price reductions on other models.

For years Chevrolet has led the world in providing Quality at Low Cost. But now with a new and more beautiful car—with a car infinitely finer in quality and greatly lower in price, Chevrolet stands supreme and unchallenged in dollar-for-dollar value!

No matter in what price class you intend to buy or whether you plan to spend more or less than the price of a Chevrolet, come in today and see the most beautiful low priced Coach ever designed. Admire its marvelous style and grace! Mark its many new fine-car features! Learn for yourself by personal inspection why, at its new low price, it is the greatest sensation of America's greatest industry!

Here's the newest in strategy from the rabbit-hunter's point of view.
Two of Chelsea's ambitious nimrod enthusiasts of the trail, trackers of the elusive game, called rabbits, were induced to write another hustling nimrod way out in Pennsylvania as to a new method of trapping Mr. Rabbit.

Thereby securing all the game they could carry in at every trip. The formula as expounded by the Pennsylvanian goes something like this: Take about 15 feet of rubber garden hose, buy a tin horn and fasten to one end of the hose. Stick one end of the hose down the hole in which the rabbits are hiding and blow loudly (this is important) on the horn at the other end. The rabbits, if they have been trained properly, will run out some other opening of their den, and all that is necessary is to find this other opening, sit down near thereto and catch the rabbits as they run out.

It might be a good idea to bunch the rabbits in one hole so it would be unnecessary to repeat the ordeal more than once in order to get one's limit.

The easterner also would like to exchange ideas with other rabbit hunters as to further up-to-date methods. However, he charged \$2 (in advance) for the above information.

THE EYE AS A CAUSE OF HEADACHES

Headache has almost assumed the position of a national malady. Every one seems to suffer more or less from it, and as a tremendous number are "chronic" sufferers, that is, they are troubled with repeated attacks, despite their most careful precautions to avert it, and the medicine taken to cure it.

In cases of defective vision the delicate eye-muscles are constantly and continually strained in an effort to aid the person's sight, and everyone knows that when a muscle is used over and over again, it becomes weak. Also the nerves of the head are intimately connected with the Optic Nerve and any pain in the eyes is communicated to the head nerves—thereby causing headache.

There is another way in which headache may be caused. One eye may be perfect while the other is defective. A continuous strain is thus caused by the difficulty which the brain has in trying to interpret the confused pictures upon the retina. Then again, Astigmatism is the cause of much headache. In fact, there are many well-defined forms of headache which clearly indicate defective sight.

To anyone who suffers from frequent headaches we want to say that in all probability such suffering is needless. Call and let us examine your eyes—then we can definitely determine the cause and advise you accordingly.

A blood stream free from impurities. If the kidneys lag, allowing body poisons to accumulate, a toxic condition is created. One is apt to feel dull, languid, tired and aching. A nagging backache is sometimes a symptom, with drowsy headaches and dizzy spells. That the kidneys are not functioning properly is often shown by burning or scanty passages of secretions. NORTH LAKE M. E. CHURCH

William Johnson, Pastor
10:45 Sunday school. "The Christian's Use of the Bible" is the topic for discussion in the adult classes. The lessons for this quarter based on Jesus' principles of living are of vital interest in the modern world. If you have children not in the Sunday school come with them. After all, isn't it child's birthright to be taken to Sunday school—not just sent?
11:45, Rev. W. A. Johnson will preach. Mr. Johnson always has an inspirational message. The church extends a cordial welcome to all.
Election of Sunday school officers and reports of the treasurer and secretary will be part of the Sunday school service.

LIMA CENTER EVANGELICAL CHURCH

A. E. Kurth, Pastor
Emerson defines a friend as "a person with whom one may be sincere; before whom one may think aloud."
Sunday, January 16, will be the seventh anniversary of the adoption of the national prohibition amendment to the constitution. Some are saying that this was a mistake and has failed. The urge of Christ is that we come into His friendship where by thinking aloud we may also hear His word and shape our own attitudes accordingly.
Hours of service:
9:30—Morning worship. Theme, "Our Father."
10:30—Sunday school.
7:30—E. L. C. E.
8:15—Preaching service.

Wednesday, 7:30 to 10 p. m., prayer service and Bible study. Topic, "The Christian's Use of the Bible." Golden text: "Thy work is a lamp unto my feet, and a light unto my path." Ps. 119:105. What constitutes the Scriptures, and how did the holy spirit operate in their preparation? How was Israel commanded to use the Scriptures, and what hypocrisy relative thereto did their leaders commit? Is there a parallel in Christendom now? Why is the Bible called "the living word"?
Friday, 2:30 to 5 p. m., Bible study.

Topic, Earth's Rightful Governor. Golden text: "For unto us a child is born, unto us a son is given, and the government shall be upon his shoulder; and his name shall be called wonderful, counsellor, the mighty God, the everlasting Father, the prince of peace." Isa. 9:6. What particular incident has been given undue prominence in connection with the birth of Jesus, and why? How has Satan confused the minds of many concerning the reason for Jesus' birth as a human being?—What does the word ransom mean? Explain Heb. 2:18. How could Jesus be perfect, seeing that he was born of an imperfect mother? Both services at the John Schenk residence, South St. All interested in Bible study are welcome.

LYTELL-DOVE GREAT SCREEN COMBINATION
The thrilling mystery melodrama "The Lone Wolf Returns" at the Princess Theatre, Wednesday and Thursday nights, January 19 and 20.
Is one of the best adventure attractions that has come to the screen for some time. Bert Lytell who created the role of the "Lone Wolf" on the screen some years ago, is the star. He gives a wonderful performance. Billie Dove plays the feminine lead charmingly, giving a really talented performance in a role that runs the gamut of emotions and allows of the wearing of particularly classy clothes. The story, which is an adaptation of the fifth and last of the famous Louis Joseph Vance "Lone Wolf" adventure tales, treats of the escapades and regeneration of Michael Lanyard, international character of the new world, and connoisseur of mild jewels.
The supporting cast consists of Gwen Lee, Alphonse Ethier, Gustav von Hoffritz and Freeman Wood. Excellent portrayals of their respective roles are given by these popular players. The continuity written by Grubb Alexander is interesting.
