OPPOSITION MAKES HARD GOING FOR CHELSEA HIGH

Independent Team Wins Easily From Michigan Center in Whirlwind Action Here Tuesday Night.

Facing some of the stiffest opposition ever encountered by a local high school team, and outwitted by the entire visiting team, Chelsea High battled against overwhelming odds last Friday night when Grass Lake met the locals on the floor of the public school gym. In spite of the odds against them, the locals held up their end of the playing for three-quarters of the game, the third period ending with the score tied at 15. However, the strenuous pace of the first three-quarters proved too much and in the last playing period Chelsea weakened, some of the players being "all in" and Grass Lake virtually scored at will, running up twelve points during the fourth quarter, ending the game 27 to 15 in favor of the visitors.

While no excuses need be offered for the defeat of the local team, it is only fair to say they put up a game fight and with the exception of the last quarter played equal to, if they did not outplay, their opponents at almost every turn of the game. Lighter in weight, three of them much shorter in stature, all of them younger and with less experience at the game, left much to be overcome. Speed and headwork counted most and it was the speed which proved their undoing, several of the players being "winded" even before the close of the third quarter.

A crowd of spectators which almost filled to capacity the new gymnasium, witnessed the contest which was the fastest exhibition to be seen on the new floor. Approximately 400 persons filled available seating space.

The line-up:
Grass Lake: c Steger
Pierce c Dancer
Beamer rf Beach
Wilson lg Weber
James rg Faust

Substitutions: Steiner for J. Weber. Referee: Dunn, Ann Arbor. Time of quarters: 8 minutes.

In a preliminary game, the high school girls "walloped" the Alumni Faculty team to the tune of 40 to 17. The ease with which the regulars sent the ball through the cage, while not surprising, was gratifying to spectators who visualized what would happen should the girls be matched against some of the strong girls' teams of surrounding towns.

Line-up:
Faculty-Alumni: Chelsea: H. Bennett lf Ferguson
D. Hegelachwerdt rf L. Hesselchwerdt
Powers jc Steiner
Jerome rc Turnbull
Russell rg Dancer
Cornman lg Jones

Substitutions: Brooks for L. Hesselchwerdt; Seitz for Steiner. Bohner for Turnbull. D. Hamp for Ferguson. Vogel for Dancer. McDaid for Jones.

Both boys and girls will go to Manchester Friday evening this week, and a large delegation is expected to accompany the teams. On Friday evening of next week Dexter boys and girls will play here.

Playing a whirlwind passing and shooting game which left the visiting team bewildered and helpless, Chelsea's independent basketball team simply played rings around Michigan Center Slips five at the public school auditorium Tuesday evening. So far as the Chelsea team was concerned it was as pretty an exhibition of the cage game as could be wished for, and Michigan Center was left to wonder what it was all about. The game ended 34 to 7, and there was no good reason why it should not have been 50 to 7. At the end of the first half the score stood 27 to 5, and with the opening of the second half second string men were sent in to "practice" tip. However, in the third quarter Chelsea's original line-up returned to the game and "loafed" for the balance of the playing time, permitting only one basket by the Jackson county team.

Spectators at the game Tuesday evening had an opportunity to see what genuine speed, good headwork and accurate shooting the locals possess. Actually playing so fast that the Center boys could scarcely keep track of the ball as it shot from one player to the next, the locals piled up an overwhelming score so easily that the game very early became a one-sided affair.

In a preliminary game between the Methodists and Congregational boys the Methodists won the game 14 to 13. An early lead taken in the first quarter when the winners scored 10 points to the losers' 2 saved the Methodists from defeat for, during the last quarter the Congregationalists scored 7 points, coming within one of overcoming the Methodists' lead. The teams were quite evenly matched and put up an interesting contest.

St. Mary's girls brought home another victory in basket ball when they defeated the Dexter high school girls in a fast game at St. Joseph's auditorium January 19th. The game proved interesting and in the half the Dexter girls leading by a score of 15-22. The St. Mary's girls took the lead in the last half and brought the score up to 49, the Dexter girls' score being brought up to 20.

Saline high school girls defeated St. Mary's girls in a very fast game, St. Mary's taking the lead until the last quarter, Saline, 27 to 15.

CO-OP OFFICERS ELECTED AT ANNUAL MEETING

The Chelsea Co-Operative Association held their annual meeting Thursday afternoon in the clerk's office of the Sylvan town hall, with a good attendance of members of the association.

The report of the secretary-treasurer shows a cash balance on hand of \$15.00. The receipts for the past year were \$175.00 for rent, and \$30 from insurance. The disbursements were \$100, paid on building and \$12.90 for loss on stock in transit. During the year the association shipped over 300,000 pounds of live stock. The association also made arrangements with G. W. Coe to truck the stock to the Detroit market for members of the association.

The following board of directors were chosen for the coming year: Geo. F. English, Chelsea, Alva Gage, Lima, J. L. Sibley, Chelsea, C. D. Johnson, Dexter, Fred Riemenschneider, Lima, George Loeffler, Freedom, John Young, Lyndon.

The directors elected the following as their officers for the coming year: President, Geo. F. English; vice president, J. L. Sibley; secretary-treasurer, Alva Gage.

METHODIST MEN OF FOUR COUNTIES TO GATHER HERE

Methodist men of Washtenaw, Jackson, Livingston and Ingham counties will gather at the local Methodist church on Monday evening, February 7, in a gathering preliminary to a conference of Michigan Methodist men at Lansing in April. That there will be a large crowd of representative men from practically every Methodist church of the four counties is expected by those in charge of the meeting. Sessions will be held morning, afternoon and in the evening a grand get-together and round-table will be enjoyed. Prominent ministers of the state will be present to address the gatherings.

Lunch at noon and dinner in the evening will be served by ladies of the church.

FIRE DESTROYS BARN ON BERT YOUNG PROPERTY

Fire completely destroyed a barn on the premises of Bert Young, McKinley street, at midnight Tuesday and, as luck would have it, no other buildings were in the path of the flames, which were fanned by a stiff northern wind. Frozen hydrants prevented water being used to put out the blaze and firemen as well as a number of townspeople had to be content with watching the fire do its work unhindered. The residence part of the property is occupied by R. Tompkins, and a Ford coupe belonging to Dean Tompkins was destroyed in the fire. At about 7:30 this morning the fire department made another run out McKinley street when the chimney of the Charles Hagadorn residence burned out and set the roof on fire. This was quickly put out with slight damage resulting.

TWO-YEAR-OLD CHILD PASSED AWAY MONDAY

Phyllis Agnes Hummel, youngest daughter of Mr. and Mrs. John Hummel, passed away at the home of her grandfather, Mr. Brady, at Jackson, Monday evening, January 24, aged two years, 2 months and 2 days, having been born in Chelsea on November 22, 1924.

She is survived by the father and mother and one sister, Virginia. Funeral services were held this morning from St. Mary's church. Interment in Mt. Olivet cemetery.

CARD OF THANKS

We wish to express our heartfelt thanks to our friends and neighbors for their many acts of kindness during the sickness and after the death of our father, Mr. and Mrs. George Backus and daughter.

Line, Friday, January 21.
The St. Mary's girls were again defeated Sunday, January 23, at St. Joseph's Academy, Adrian, the St. Mary's girls being the fastest team that St. Mary's girls having ever competed with this season. The victory was carried away with a score of 10 to 20.

St. Mary's boys won three victories last week on their cage schedule. The boys took an easy game from Dexter Wednesday night, score 28 to 7, Dexter offering Chelsea very little opposition.

Friday night the boys took Saline into camp 13-2. This was a hard fought game from the start to the finish. The defense of the St. Mary's boys stood out at all times as the feature of the game. Saline failed to score a field goal during the contest. Sunday the boys went to Adrian to defeat Deerfield high school 13-12. The game was hotly contested at all times as the score will tell.

Coach Ilso is now whipping his squad into shape for the Brooklyn game at Brooklyn Friday night. He reports his team in good condition and hopes to add another victory on the stage Friday night.

CORRECTION

An error in report of the St. Mary's girls' basket ball game with St. Thomas girls of Ann Arbor on January 15, was hereby corrected. The score was 15 to 20, not 10 to 20 as reported.

DR. H. A. JUMP WILL ADDRESS BROTHERHOOD

Supper and Program Scheduled for Regular Meeting of Church Organization.

On Thursday evening, February 3, at 6:30, the Brotherhood of the local Congregational church will hold a banquet in the basement of the church. Harmony Chapter will serve the dinner. All men of the church are most cordially invited. The meeting will be made very interesting from the fact that Dr. H.

DR. H. A. JUMP

A. Jump, who recently returned from a three months' tour of Mexico, will tell of the complex situation in that distressed country. Dr. Jump gives a very impartial view, presenting both arguments and seeking to show the good and bad of both parties in the struggle. Also the things which have involved the United States in the trouble across the Mexican border. This will be of great interest to every voting citizen of Chelsea.

Special music, both vocal and instrumental, will be rendered by Ann Arbor students.

MRS. MARTHA STEINBACH

Mrs. Martha Hutzel Steinbach, aged 81 years, died at her home on West Middle Street early Saturday morning, January 22nd, following an illness of several years' duration.

Mrs. Steinbach was born in Ann Arbor, Michigan, August 30, 1845, and was the daughter of August and Sophie (Mann) Hutzel. She was married to Charles Steinbach on March 19, 1872, who passed away on October 13, 1922, their entire married life having been spent in Chelsea. Mr. and Mrs. Steinbach celebrated their Golden wedding, March 19, 1922.

Mrs. Steinbach was a member of St. Paul's church, and of the Ladies' Aid Society, and of the Ladies' Auxiliary of this church. She was also a charter member of the Ladies' Aid Society of Bethlehem church, of Ann Arbor.

The deceased is survived by three daughters, Charlotte of Northville, Michigan; Helen, of Cleveland, Ohio; and Emilie, of Paris, France; and by four sons, Henry, of Dexter; Otto, of Flint; Edgar, of Kalamazoo; and Albert, of Detroit; five grandchildren, two brothers, Herman Hutzel of Muncie, Indiana, Titus Hutzel of Ann Arbor, also by five sisters, Mrs. Sophie Spring, Mrs. Pauline Wurster, Mrs. Henrietta Frueauff, Miss Hannah Spring, Mrs. Louise Wolpert, Mrs. Ernest Wurster, Mr. and Mrs. Nathaniel Schmidt, Albert Mann, Walter Mack, Gerhardt Josephmans, August Hutzel, of Ann Arbor, Mrs. Frederick Vola, of Saginaw, Miss Melitta Hutzel of Lansing, Burnett Steinbach of Jackson.

Those from out of town who attended the funeral of Mrs. Martha Steinbach Monday, are: Mr. and Mrs. Henry Steinbach and sons, Burr and Charles William, of Dexter; Mr. and Mrs. Leon Agon of Detroit; Mr. and Mrs. Otto Steinbach and son, Robert; Mr. and Mrs. Daniel Miller, of Flint; Helene Steinbach of Cleveland; Albert Steinbach, of Detroit; Mrs. Sophie Spring, Mrs. Pauline Wurster, Mrs. Henrietta Frueauff, Miss Hannah Spring, Mrs. Louise Wolpert, Mrs. Ernest Wurster, Mr. and Mrs. Nathaniel Schmidt, Albert Mann, Walter Mack, Gerhardt Josephmans, August Hutzel, of Ann Arbor, Mrs. Frederick Vola, of Saginaw, Miss Melitta Hutzel of Lansing, Burnett Steinbach of Jackson.

THIRD NUMBER OF LYCEUM AT AUDITORIUM MONDAY

The third number of Chelsea's lyceum course, being given under the auspices of the public schools, will be heard at the public school auditorium on Monday evening at 8 o'clock, when The Boyds and Katherine Gutchell, concert artists and entertainers will appear in songs, instrumental music and humorous sketches. The personnel of the company include Blanche Egan, Boyd, soprano, B. Henri Boyd, baritone, and Katherine Gutchell, concert pianist.

There are no waits in the program of this company. One number follows another in quick succession and everything is rendered with style and finish. The sketches are full of life and go from the very beginning. Everything is strictly high class, written especially for the Boyds and given in pleasing costume.

The voices of Mr. and Mrs. Boyd blend beautifully. They have studied and sung together since they were children and their musical repertoire is almost unlimited. The readings range from the heavy dramatic and authorial numbers to the comic and humorous.

There is something going on every night at 8 o'clock, which is well worth a visit to the auditorium.

CONQUERING NATURE

Since man's beginning he has waged an unceasing battle to subject nature to his will and wish. Though the battle has now waged for thousands of years nature is still the master of man.

Victory is not yet in sight for man but his advance, though slow, is unchecked. Nature may never be entirely under the control of man, who is actually a part of nature, but her many elements are being subdued one by one.

Man's greatest struggle with nature has been the prolongation of human life, a thing over which nature for ages held complete and uncontested sway. Science, medicine, education and sanitation as conceived by the genius of the human mind, are successfully driving back the forces of nature toward the lengthening of the average span of life. On the basis of the progress made in the last three decades toward the prolongation of human life we can hope to have an average life span of three-quarters of a century within the next 30 years.

The automobile, the railroad, the airship, the telegraph and the radio are exemplifications of man's conquest of nature. Astronomy and archaeology—man's science—have brought within his ken the universe and the past.

Anything man can think of he can do if he works at it long enough. We have abolished the plagues and devastating epidemics of our early history and we shall abolish the diseases which take their toll of human lives today. Nature is surrendering to man inch by inch and is making man greater for the struggle. When the time comes—if it should—when man no longer has to struggle for supremacy the decay of the human mind will be swift and sure.

PLEASURES OF MOTORING

In a multitude of ways man has found the automobile to be a Good Samaritan. In fact, it is generally conceded now that the automobile is indispensable to civilized man.

Among the good things the automobile is credited with doing for humanity are: It provides him with a valuable transportation auxiliary; it places within his reach a constant source of much pleasure and recreation; it enables him to see more of the country and people beyond the horizon of the community in which he lives; it takes the city man to the country and the rural resident to the city. Then there are the economic benefits of the automobile, such as the giving of employment to millions of workmen.

Reversing an ancient adage, it is a good wind that blows no ill. The good that the automobile does is great but, like all things, it has its disadvantages.

People who save their dollars for a year and even longer to buy an automobile find after the car is bought and paid for that they have neither the time nor the money to motor to every place their money maps and imaginations beckon them. It is an obvious truth that if every automobile owner responded to the call of the open road as often as he hears it calling him the nation's business and production would suffer a serious slump.

JUST AROUND THE CORNER

Development and wealth do not come unassisted. It may be just around the corner, but some other place will entice it away unless it is gone after. It is going somewhere and should come to Chelsea.

A city must be made attractive to both people and capital before it can be successfully developed. Parks and playgrounds, entertainments for diversion of mind, and the best in churches and schools. Opportunities presented such as exceptional musical attraction should not be overlooked. Natural attractions must be augmented and as long as a city is content to remain idle, while a few less advantageous places work, development and prosperity will ever be just around the corner or a little further away.

A better understanding and appreciation of the worth to the individual is necessary. With the realization

that the city's growth and development means individual growth and development, and more and better opportunities for their children, then will there be greater cooperation. It is difficult to impress too strongly the importance of the work that is necessary to be done.

WEATHER PHILOSOPHY

A jury condemned the philosopher Socrates to death, but it is not recorded that they were influenced in

this by his statement, in the course of his defense: "While a soldier in the Greek army I went through the snows of a winter campaign barefoot, and no one ever saw me cross a street

of Athens in the summer to get into the shade."

The mind of Socrates was never much on the weather. He believed that one would suffer less and accom-

plish more if he did not bother his brains about the temperature and what it might do to him.

That is still very good philosophy.

When is a Real Estate
Title Not a Title?

The answer is simple: When it contains a flaw. Is your title perfect? Do you know? If not perfect, you never know when some one may appear to contest it. Furthermore, it is almost impossible to sell real estate without a perfect title.

Let us explain the advantages of Title Insurance in detail. Let us show you how to obtain protection for every dollar you have invested in land. The cost is so low it is folly to delay.

What's become of the
"hired girl?"

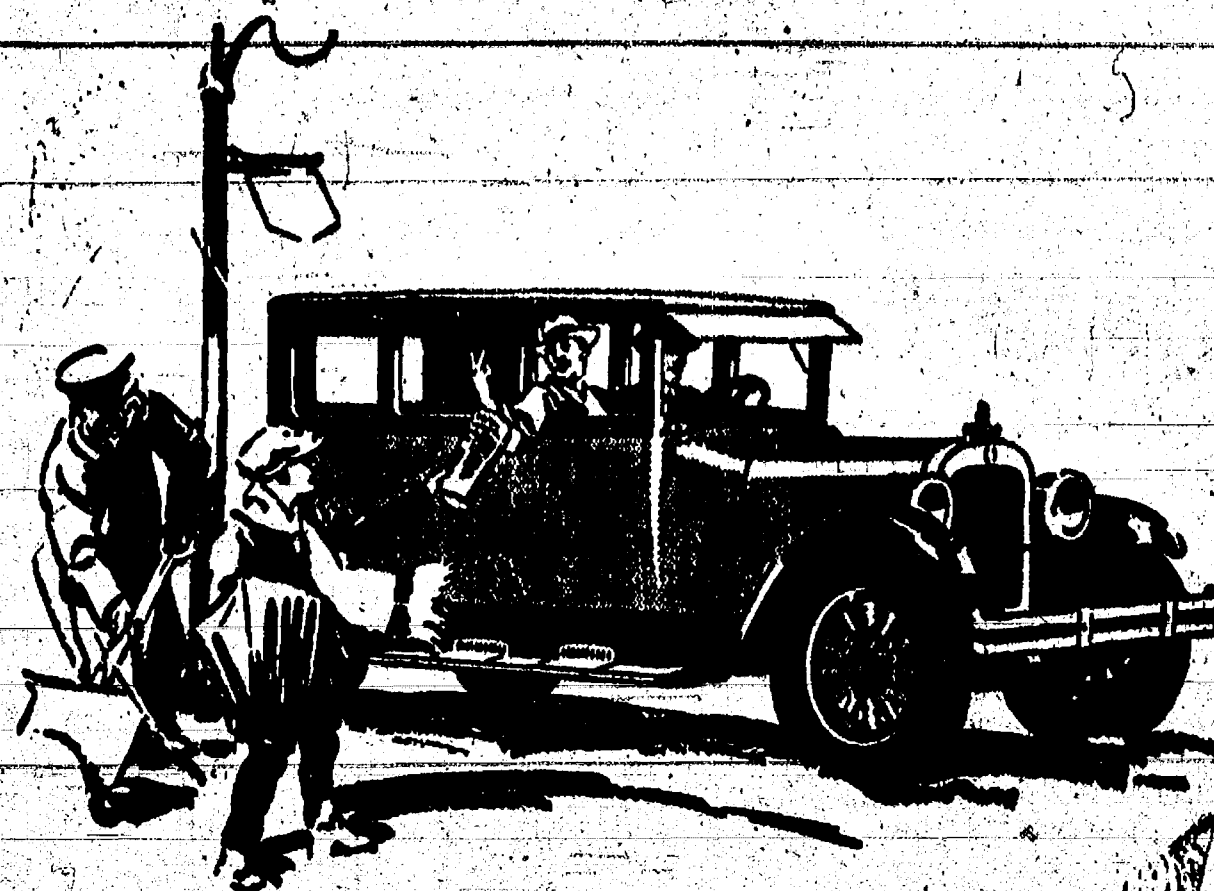

This tired, patient, household toiler seems to be losing her familiar place in the household. Three dollars a week and a back bedroom made up her drab existence, until some friendly "hired man" carried her off into matrimony—and more housework!

The Chamber of Commerce of an average American city recently announced that its employment bureau had more applicants for domestic work than there were housewives seeking assistance! A great manufacturing company which sells its goods from door to door reports that in practically every call, the mistress of the house answers the door-bell. Maids are a rarity!

This astonishing situation, of course, is attributed to the increasing use of labor-savers in the home; and not the least helpful of these are gas appliances. The gas range, the automatic water heater, the gas heated washer, space heater, ironer and dryer—all these gas servants who work more faithfully and tirelessly than the most capable girl—are making our homes efficiently and economically managed without hired help.

BREVITIES

JACKSON—Dr. Frederick Spence, pastor of the First M. E. church will deliver the baccalaureate sermon to the high school graduating class, Monday evening, January 30.

BROOKLYN—The highway construction gang that have been working between Brooklyn and Cambridge were transferred to a point on M-60 near Jackson on Tuesday.—Exponent.

MILAN—The program for the annual Farmers Institute is being arranged by the members of the committee. Several added attractions besides the usual speakers from the Michigan State College are being sought. The place of the meetings has not been announced.—Leader.

TECUMSEH—Mrs. Harriet Kent Wheeler of Rasin township, passed the century mark on Saturday, January 15, 1927. She was born in N. Y., January 15, 1827, and became a resident of Michigan, September, 1837.

MANCHESTER—John Klose has bought the Perrin place in the east part of town, and Harry Perrin has moved to the west part of the house owned by Bert Lowery on Territorial Road.—Enterprise. Mr. Klose and family were former residents in this vicinity.

HOWELL—At the recent session of the board of supervisors of Livingston county it was voted to furnish free diphtheria anti-toxin to all the Livingston county persons who desired it.—Dr. Huntly of the State T. B. Sanitarium at Howell will administer it.

CHARLOTTE—John L. Wright, Grand Lodge farmer-barrister, was in town Monday. He says oil lease operators have been on their street signing up the land. Mr. Wright says the farmer merely see himself to a fifteen-year option and the advantages, so far as the lease goes, is all on the side of the operator.—Republican.

BRIGHTON—Brighton is assuming more metropolitan airs. For the first time in history of the corporation the snow has been hauled off our main streets. The council made an appropriation for the removal of the surplus snow that was bothering traffic and gang of men and two trucks were put on Tuesday morning.—Argus.

ADRIAN—Lenawee county after a long hold-out has finally authorized the tuberculin testing of dairy cattle according to action of the board of supervisors of that county. Feeding steers are not to be subject to the test, but the feeders must have separate yardage, separate water tanks and be kept separate from the milk cows in the barn.

PINCKNEY—According to Harry Whitlock of Hamburg who was a caller at the Dispatch office Monday, the farm project in that section in which options were secured on some 5200 acres of land has fallen through. It is said that the realty men who got the options for Detroit parties desired too big a rake off for their work which the buyers refused to pay causing the collapse of the deal.—Dispatch.

JACKSON—A mild panic was caused among over a score of inmates in

the county jail here last week Wednesday when fire broke out in the basement of the institution, filling the lower floor with smoke. The blaze started from an undetermined cause in a pile of kindling wood. Firemen responded, but arrived after jailers had extinguished the flames. The loss was small.

DEXTER—Rev. Fr. V. H. Griffin, who has been pastor of St. Joseph's parish for the past eight and one-half years, has been transferred by Bishop Gallagher to a parish in Detroit and preached his farewell sermon last Sunday. During his pastorate in Dexter Fr. Griffin has been successful in upbuilding and advancing the interests of the parish and leaves as an outstanding accomplishment St. Joseph's school, the new building for which was erected two years ago. His successor is Rev. Fr. Higgins, who has been transferred here from Paw Paw.—Leader.

PLYMOUTH—Last Sunday, at the close of the morning service, the pastor, Rev. H. E. Sayles, read to the officers and members of the First Baptist church of Plymouth, his resignation. After nearly six and a half years of work together, he felt his ministry here was about completed. The relation of pastor and people has

been very happy, and unitedly they have carried on the work. The pastor can only wish this church God speed in the years to come. He has accepted the pastorate of the Stockbridge Baptist church, and will be their acting pastor by March first, or as soon as can be arranged.—Mail.

DODGE BROTHERS 1926 PRODUCTION RECORD

Dodge Brothers, Inc., last year sold to dealers 831,764 passenger cars and trucks, making 1926 the biggest year in its history. The gain over 1925, which was the company's best previous year, is 27.5 per cent. The 1926 record is remarkable as it surpasses the output of 259,067 cars and trucks in 1925 by 71,797 units and was made without the sales impetus which many companies gain from the frequent introduction of new models.

Dodge Brothers, Inc., rate of growth last year was nearly nine times as rapid as that of the automotive industry as a whole, which made a production gain of only 3.2 per cent over 1925. Figures compiled by the National Automobile Chamber of Commerce for 1926 place production of all automobile manufacturers at 4,489,000 cars and trucks. Graham Brothers, the truck division of Dodge Brothers, Inc., also make a striking showing with a gain over

1925 of 55.7 per cent in sales to dealers. The rate of gain was approximately eight times as fast as that of the entire truck industry last year. National Automobile Chamber of Commerce figures show that the output for the whole truck industry was 7 per cent larger in 1926 than in 1925. Total sales of Graham Brothers trucks and motor coaches to dealers in 1926 amounted to 37,463 units.

Combined sales of Dodge Brothers commercial cars and Graham Brothers trucks to dealers last year totaled 87,298 units, an increase of 32.7 per cent over sales of 50,718 vehicles in 1925.

Despite factory production and shipments of Dodge Brothers, Inc., of a record number of passenger cars and trucks in 1926, stocks in dealers' hands and in transit December 31 were substantially smaller than at the close of the previous year.

Announcing

DIXIE

STAEBLER OIL CO. announces its affiliation with 34 other large independent oil jobbers in Michigan in an organization which will be known as DIXIE DISTRIBUTORS. Considerable time, thought and money have been spent in perfecting a remarkable institution that will function as ably as any major company operating in Michigan, and yet will preserve the advantages that come from local ownership and responsibility.

Motorists Benefit

Benefits to motorists will be many. Uniform, high quality gasoline and motor oil at 500 stations in southern Michigan. Prompt, uniform and courteous service. Interchangeable coupon books that are redeemable anywhere in this territory at Dixie stations. Local ownership of every unit in the organization, assuring the motorist of local attention and local responsibility.

Local Effect

Exit—Staebler gas. Enter—Dixie gas. The Dixie franchise provides that every Dixie distributor shall sell gasoline of U. S. Motor specifications—specifications Staebler gasoline has always adhered to. Out of town, it will mean that motorists can depend upon the Dixie gasoline they buy to be of the same quality as they get at home. At Staebler stations it will mean no change of quality. We will continue, as we have in the past, having every car of gasoline tested by a chemist. Dixie oil will take the place of Staebler oil. Dixie Hi-Test will take the place of Staebler Hi-Test. We will continue, as always, selling Gargoyles Mobiloil.

DIXIE Is Sold
Exclusively by

Staebler Stations and Staebler
Dealers in this Territory

The following is taken from our license which gives us the right to sell DIXIE products:

And it is further understood that the licensee shall at no time during the life of this license sell any gasoline and petroleum products under the trade mark 'DIXIE' which do not equal in quality the U. S. Motor gasoline.

A QUESTION

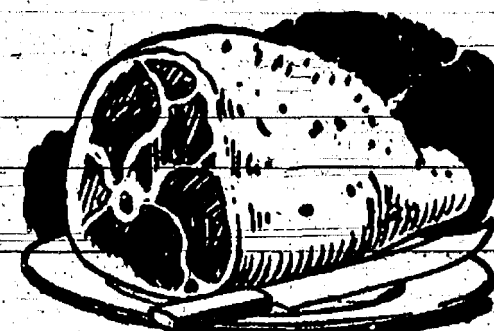

After reading a few of Machiavelli's essays on chicanery, one wonders how long he would last as a modern used car dealer. It would give him a great laugh, we know, to see how conscientiously we recondition our Used Cars before offering them for sale. But the proof of a principle is in its success—and the laugh would be on him, after all.

SESSION 25c & 15c

HOME MANAGEMENT PROJECT

Thursday's class in the Home Management Project met in Ann Arbor, January 26th, 1927. The lesson for this month was a diversion from the regular lessons and was given by Mr. Gregg, landscape gardening specialist from Lansing. His subject was the need of rural beautification, and he spoke of the farm-home as a picture to be suitably framed by trees and shrubs. He told how to care for the lawn, explained the proper location, arrangement and kinds of shrubs for foundation, screen or border planting. Miss Smith, the Home Management specialist then talked on music appreciation. Three numbers were played on the victrola to illustrate three of the most important string instruments, violin, cello and harp. A game was played by the leaders, after which Mr. Gregg finished his talk by describing the culture and care of many different perennials.

FRITZ KREISLER WILL APPEAR IN ANN ARBOR

Fritz Kreisler, the world's outstanding violinist, will give a recital in Hill Auditorium, Ann Arbor, in the Choral Union series, Monday evening, January 31st. Mr. Kreisler has been before the public many years, and during the period of his artistic height many great violinists have appeared upon the musical horizon, who have set the world musically afire, but during all these years none of them have quite reached all the round tones and artistry of this distinguished musician. Kreisler has toured the civilized world many times, and has always received an ovation. He has been heard in Ann Arbor several times, but not during the past few years. The demands upon his time are so great that it is almost impossible to secure his services.

THE AGES

The immutable laws of the ages cannot be altered. We must all adjust ourselves to them. Bodily death, the climax of all things temporal, is ours to experience. No earthly power can help the dead, but it is our duty to so conduct those last solemn rites that the mourner will find a lasting comfort in the fact that no more fitting tribute could have been offered.
