## Medicinal Atomizers!

To properly spray your nose or throat you should use a reliable atomizer—one that will give an even and uniform spray. Special atomizers for oils and other heavy liquids—others for water or alcoholic solutions.

A good atomizer will last a long time, so you should feel justified in buying the best. We have the kind you need at prices from \$1.00 to \$1.75.

We also have a full line of the standard liquids for use in atomizers.

### Tuscan Invented Anchors

The Tuscan can be attributed the invention of anchors such as we know them today. We have this from no less an authority than 19th century. However, there are two remarkable good examples in the British museum.

### Points in Bell Making

The art of bell making is one requiring a high degree of technical skill. The amounts of various metals and alloys, the sizes and weights of the bells must all be calculated to a nicety to produce the musical sound necessary to an acceptable tone.

### Important Elements

Vitaminus is a term proposed by C. Pink to include the penicillin, health giving and disease-preventing elements in the rice grain. It is probable that other vitamins will be discovered by future investigations.

### First Nail-Making Machine

On December 28, 1810, was patented the first machine for making wrought iron nails. Seth Boyden of Foxboro, Mass., was the inventor. The invention was of great importance, because prior to this time nails were made by hand.

## COLORED JUBILEE SINGERS WILL SING NEXT THURSDAY

Company of Eight Artists to Appear at Methodist Church Under Auspices of Young Men's Class

With a program of old plantation melodies in the original plaintive tones that have cheered the hearts of thousands of their hearers and which never grow old, the Peerless Jubilee Concert Company, composed of four men and four women, all colored, will appear at the Methodist church in a high class feature program, next Thursday, March 10, under auspices of the young men's (Carry On) Sunday school class. The evening's program will begin at eight o'clock and two hours of excellent choruses, quartet, and solo work is promised patrons.

The concert company comes to Chelsea highly recommended by both press and pulpit, appearing as they do, almost entirely in churches. On their tours, the company has broadened from many of the leading radio stations and has received congratulations from all over the country. They appear in an Ann Arbor church before coming to Chelsea, and the next evening will appear at First Methodist church, Jackson.

That music lovers will appreciate the treat in store for them on March 10 is expected to show in ticket sales, the boys class expecting an advance sale sufficient to guarantee a well-filled house. Tickets are on sale now and may be purchased for 50 cents.

## CHELSEA OLD FELLOWS WILL BANQUET TUESDAY EVENING

Chelsea Old Fellows and Rebekahs will celebrate the anniversary of the founding of the lodge on Tuesday evening, March eighth, with a banquet in the dining room of the Congregational church, ladies of the church serving the supper at 6:45.

Two out-of-town speakers have been arranged for, and a program which will prove enjoyable to all is being booked. Dancing at the school gymnasium will follow the banquet. W. C. Smith's orchestra furnishing the music.

## JERSEY CATTLE CLUB HOLDS ANNUAL MEETING

The Washington County Jersey Cattle club held their annual mid-winter meeting in the Y. M. C. A. building at Ann Arbor, Wednesday, February 23. About thirty-five members were present. After partaking of a very fine dinner, Ed Simonds of Ypsilanti, president of the club, called the meeting to order and after listening to some very fine selection by Mr. Finkbeiner's orchestra of Saline, Mr. Hemmings gave a very interesting talk. He also gave a reading which was amusing to all. George Cooper of the Oaklands explained to the members what was being done at the Oaklands in the way of breeding Jerseys.

Mr. Hagen, the county club leader was then called on to tell what the club leader's office expected to do in the time of club work. The club's finances are in a much better condition than they have been since its organization, having about fifty dollars in the treasury after expenses were paid. Ed Simonds of Ypsilanti was chosen president, and Mr. Finkbeiner of Saline, secretary and treasurer. It was decided to continue the work of promoting boys and girls' calf club work.

The membership fee was fixed at \$3.00 per year which pays the county club dues, also the state club dues and one year's subscription to the Jersey bulletin.

Those present from this vicinity were Mr. and Mrs. Fred Notten and Miss Leona McCoy.

## ROGERS RESTRICTS AUTOMOBILE LOADS

Frank R. Rogers, State highway director, Friday ordered weight restrictions for motor vehicles, effective Monday, February 28, on all trunk line highways south of the Mason-Avenue south boundary line, with certain exceptions, and county roads in Monroe, Lenawee, Kent, Livingston, Lonia, and Ionia. Roads were said to be approaching a soft condition because of thaws and rains. The restriction prohibits more than 450 lbs. per inch of tire or gross loads of more than 15,000 pounds.

The highways excepted from the restriction are: All paved routes in Kent; M-10 through Monroe county; M-65 from Ida to the State line; all trunk lines in Wayne; M-23 from Jonesville to Detroit; Plymouth road from Detroit to Ann Arbor; M-16 from Detroit to Grand Rapids; M-17 from Marshall to Kalamazoo via Camp Custer; M-21 from Lansing to Charlotte; M-30 from Lansing to Grand Ledge; M-14 from Mason to St. Johns.

## LYNDON REPUBLICAN CAUCUS

## ADAM HOUCK FILES SUIT FOR DAMAGES

Suit for \$15,000 damages growing out of an automobile accident last fall has been started by Adam Houck, of Chelsea, through his attorneys, Louis E. Burke and Cavanaugh & Burke, Ann Arbor, against Henry Stoddard, also of Ann Arbor, the plaintiff's declaration having been filed Friday. Houck claims he was seriously injured when he was struck by an automobile operated by Stoddard on Jackson avenue, Ann Arbor, the night of October 18, 1926. Houck, his declaration states, had parked his truck beside the curb on Jackson avenue, and was standing in the rear attempting to light a lantern he was using as an auxiliary light when Stoddard's car crashed into him.

The plaintiff declares the tail light of his truck was lighted but the lantern had become extinguished. His left hip was dislocated, his left side cut and bruised and he received numerous cuts and lacerations in the accident, his declaration states. His injuries kept him confined to his bed until early in January of this year.

## CHELSEA K. OF P. PRESENT RITUAL AT JACKSON

Before a large gathering of members of Rowena Lodge, No. 48, K. of P., Jackson Tuesday evening a replica of the "Little Old Schoolhouse" in which Julius H. Rathbone, founder of the order, wrote the ritual, was presented to that organization by members of the Chelsea lodge. A large delegation from here was in attendance at the event.

The little school house model, built by the Grand Lodge, proved to be very attractive to members of the organization. Wednesday night a delegation from Rowena Lodge, headed by J. D. Mills, chancellor commander, presented the replica to the lodge at Homer. In this manner, the little school house will be placed before every lodge in the state.

The meeting Tuesday evening followed a banquet at 6:30, which was attended by over 200 persons. Twenty-four members of the organization were on hand from Chelsea. They included officers of the lodge here, who are Elsworth Hopper, chancellor commander; Fred Broese van Groenou, master of work; William Campbell, keeper of records and seals; Wesley Smith, inside guard, and Ralph Klingler, master at arms.

## JUNIOR CARNIVAL WILL ATTRACT LARGE CROWD

Annual Junior Carnival, Friday evening, March 4th, at the high school gymnasium. There will be entertainment for young and old; side shows, fortune telling, shooting gallery, fish pond, and many other attractions. Come and have the magic crystal ball tell you your past, present and future.

This year, each class in the high school has been asked to give a stunt, and the class having the most clever act will receive a prize. These stunts will be held in the high school session room.

A feature of the evening will be a one act play given by several members of the Junior class, "Trying Them Out", with the following cast: Mr. Brown—Mr. of an office—Norman Mayer.

Bill—Office boy—Laverne Foster.  
Miss Sally Allen—An old maid—Agnes Dancer.  
Mrs. Mary Due—A flashing young widow—Oleta Seitz.

Miss Evangeline Evelyn Covington.  
A social butterfly—Evelyn Bohner.  
Miss Hall—A real stenographer—Ruth Vogel.

The new auditorium will be the center of attraction this year. Decorated booths will line both sides of the hall where everything imaginable will be sold: ice cream, cake, home made candy, flowers, box candy, French dolls, balloons, horns, an everything ticket a chance will be given on a fine pound box of candy. Some one must be the lucky one—perhaps it will be you!

The students are all working hard to make the carnival a huge success. Come and have a jolly evening and help us to make this carnival the best in the history of the school.

## MANY FAST GAMES MARK WEEK'S BASKET BALL TILTS

St. Mary's Win From High School While Independent Team Takes Two From Ann Arbor and Plymouth.

Chelsea's Independent basket ball team brought in two victories during the past week which are worthy of great credit to the team, inasmuch as they have defeated the Moe Sports of Ann Arbor, a team which for three years has won the Southern Michigan League championship, and Plymouth, a team which has beaten the Moe Sports in a previous game.

True to style and reputation the local team did not "hit their stride" until well into the latter half of the game, permitting their opponents to pile up a substantial lead during the opening periods of play. However, in the game Friday night with the Moe Sports, as well as Tuesday night at Plymouth, the locals pulled themselves out of the hole in the last playing period and piled up a score which spelled success. The Moe Sports were beaten 33-34, and Plymouth 18-24. Speed which has never been equalled by the Chelsea team before, cropped out in both these games and excellent team work did the rest.

This makes the eighth consecutive game to be won by the Independent team this season, with no losses against them. More fast games are in the offing, March 7 seeing the team at Clinton, and on March 16 Plymouth will play a return game here. Another game with the Detroit News Tigers is expected to be scheduled before close of the season.

St. Mary's took a second game from the local high school on Monday evening when the Catholic boys won 17 to 9. The high school boys took an early lead in the first quarter, but were outdistanced as the game progressed. A good crowd was in attendance to enjoy the playing of both teams. On Friday evening St. Mary's plays the last game of the season when Dexter High boys and girls will meet the locals on St. Mary's floor.

In a preliminary game St. Mary's girls won from high school girls 20 to 22.

Chelsea Hi boys went to Ann Arbor on Friday evening and were defeated by the Reserves of that city 14 to 38. The same evening the high school girls went to Michigan Center and lost to girls of that school 30 to 32.

Chelsea Hi walked away with their game with Pinckney Wednesday evening, the final score being 35 to 17. Score at the end of the first half was 22 to 6, and during the latter half almost all substitutes were given an opportunity to warm up. This is the second game Pinckney has lost to the locals this season.

In a preliminary game between Chelsea Methodist boys and Pinckney Congregationalists the locals defeated the visitors by a wide margin.

The last game on Wednesday evening was one between St. Dion's Tigers and Dr. Brock's Indians which provided fun for almost an hour. The final score was 10 to 10, and a lack of time prevented an overtime period being played. Whether a return game would be scheduled could not be learned from the teams' managers.

## JOHN FAULKNER PASSED AWAY FRIDAY

John Faulkner was born in Canada, August 15, 1846, and died at his home in Lima, Friday, February 25, 1927, following one week's illness.

When he was a youth he came to this county, locating in Ann Arbor, where he resided for several years. For a few years he resided in Sylvan and for several years he had made his home in Lima.

He was united in marriage with Miss Clara Congdon, June 16, 1872. To this union were born four children, Mrs. Geo. Webb, North Lake, Mrs. Jos. Morris, Ann Arbor, Mrs. Grace Beck, Jackson, and Alfred Faulkner, Chelsea. Twenty-nine years later he was united in marriage to Mrs. Mary Gentner, the widow who survives. There are also nine grandchildren and five great grandchildren.

The funeral was held from the home at 2 o'clock Sunday afternoon, Rev. Walter Firth conducting the services. Burial in Vermont cemetery.

## AMATEUR GARDENERS TO LEARN NEW WAYS

Ways of beautifying the home grounds will be studied by "amateur" gardeners of the state who will gather for a special short course at Michigan State College, March 21-26.

In addition to the ornamental side of the course, material of a more utilitarian nature will be covered along general gardening lines. Everything from tree culture and flower arrangement to vegetable varieties and fertilizer problems will be included in the class discussion.

Many householders and garden enthusiasts, both men and women, are expected to take advantage of the opportunity to get first hand information. The departments of horticulture and landscape gardening at M. S. C. will combine to furnish the lecture and laboratory work.

The short courses at the college are open, without charge, to any one in Michigan over 16 years of age.

### The Evolution of Ironing

The ancients smoothed linen with a rounded  
 water-worn stone and thought this very up-to-  
 date equipment. The Vikings discovered a bet-  
 ter way still—A mushroom-shaped black glass  
 "smoother," and to this the Scotch, in the tenth  
 century, added a handle and adopted it as their  
 own.

Two hundred years later the French introduced  
 the elaborately ornamented metal iron, direct an-  
 cestor of our own sad iron of a generation back.

But modern gas service has offered the most ef-  
 ficient method of them all, the gas ironer, a far cry  
 indeed from any of the crude ironing implements  
 of the past. It is the ironer presented to you in  
 its perfected state with even, continuous heat,  
 automatic operation and control, a large, heavy,  
 smoothing surface with open ends for fine small  
 pieces.

Ironing is but one of the burdens that gas has  
 lifted from the shoulders of American house-  
 wives. How much household drudgery has it  
 shouldered in your own home?

## Editorial

### MODERN HOME IS FINER

The furniture dealer is best qual-  
 ified to refute the calamity howlers  
 when the latter predict the passing of  
 the "great American home," and it is  
 the furniture dealer who can assure  
 the public that the American takes a  
 greater interest in his home today  
 than ever before.

Furniture is indissolubly associated  
 with the home, so the furniture busi-  
 ness serves as an accurate barometer  
 of home conditions. It is self-evident  
 that if the home is losing its tradi-  
 tional attraction, the volume of busi-  
 ness transacted by the furniture mer-  
 chants would be diminishing. But the  
 people of the United States are buy-  
 ing more and better furniture, so it  
 follows, they must be more home-lov-  
 ing than their immediate or earlier  
 antecedents.

The furniture business is one of the  
 largest and fastest growing of the  
 country's many commercial enterpris-  
 es. As a newspaper advertiser it  
 ranks in volume with other large scale  
 advertisers, the automobile, real es-  
 tate and clothing dealers.

Analysis of newspaper advertising  
 and advertisers proves that advertis-  
 ing is not employed to create a de-  
 mand for unwanted merchandise, but  
 is resorted to to stimulate an existing  
 demand and to inform the buying  
 public on products for which there is  
 already a demand.

On the above practical theory of  
 advertising one can learn through the  
 advertising pages of the newspaper  
 and magazine and intelligently esti-  
 mate relative demands for the adver-  
 tised products. It does not always fol-  
 low that the most widely advertised  
 article is of better quality than an-  
 other less widely advertised but, be-  
 cause of the relation of price to qual-  
 ity, the most highly advertised prod-  
 uct is in greatest demand.

### COMMUNITY ASSETS

Under the caption "liabilities" in  
 the fiscal report of cities and towns  
 appear the amounts of their bonded  
 indebtedness and unpaid bills. Bonds  
 and bills are liabilities because they  
 represent the public debt, and in a  
 larger sense they may be at least of  
 the community's liabilities.

Municipal bonds are as representa-  
 tive of the assets of a community as  
 of the liabilities. That is a self-evident  
 fact to those who realize that  
 municipalities can only issue bonds  
 for permanent public improvements  
 and that every \$1,000 municipal bond  
 is a promise for improvements costing \$1-  
 000. The bonds remain liabilities only  
 until they have been redeemed, but  
 improvements financed by those bonds  
 remain permanent assets of the com-  
 munity.

So it appears that a community  
 may have other and more burden-  
 some liabilities than municipal bonds.  
 One such liability may be the absence  
 of community cooperation and public  
 spirit. Lack of civic pride constitutes  
 another community liability. Liabil-  
 ities of this character give the com-  
 munity nothing and deprive it of  
 much.

But community discord, civic sloth-  
 fulness and public discontentedness  
 are redeemable liabilities. They cease  
 to be a tax on the community when  
 the public recognizes them as liabil-  
 ities and undertakes to liquidate them.  
 There is nothing cooperation can  
 not accomplish for the community.  
 Communities everywhere are proving  
 the accuracy of that statement. Like  
 individuals, many towns and cities are  
 saying that whatever they have ever  
 desired has been given to them if they  
 only desired it earnestly enough. Such  
 desire is not, however, the kind that  
 waits for providence to grant its  
 wish.

### THE THOUGHTLESS FEW

The many suffer for the transgres-  
 sions of the few. This would be a  
 platitude if it were not that munici-  
 pality has given it greater significance.  
 The most common way the blame-  
 less many are made to expiate the  
 wrongs of the few is through legisla-  
 tion. Things carried to excess invite  
 prohibitory and restrictive legislation,  
 although in moderation they would  
 have escaped the lawmakers. It is  
 once they are embodied in the statutes  
 the temperate are punished with the  
 intemperate.

It is conceivable that there would  
 be no speed laws compelling the mo-  
 torist on the straight, broad and un-  
 traveled highway to drive as slowly  
 as the one on the winding, narrow  
 and busy thoroughfare. It is a thought  
 less few had exercised reasonable  
 care.

Among those enterprises resorting  
 to poster advertising the complaint is  
 common that there would now be  
 heard no talk of legislative restric-  
 tions against advertising signboards  
 along highways if a few of the adver-  
 tisers and board owners had been  
 more polite in their choice of sites.

## New Spring Styles

## The New Sweater

Not quite decided which to choose,  
 fashion has given all three fabrics a  
 prominent place in the advanced mil-  
 linery mode. Here are hats in bright  
 and neutral tones, for the young wo-  
 man and the matron in wanted  
 styles and head sizes, \$5 up.  
 (Second Floor)

For warm sporting days—for cool  
 days to wear under one's coat. For  
 ever so many occasions—real utility,  
 the new woolen sweaters are smart-  
 est. There are gay ones—striped  
 preferred—and lovely neutral tones.  
 Moderately priced.  
 (Second Floor)

## Black and Navy Blue

Navy blue and black come to the fore in  
 the early Spring frock mode, developed in  
 silk crepe and georgette. Their chic,  
 youth and practicalness make these colors  
 as popular for afternoon occasions as for  
 general utility wear. These frocks reflect  
 Spring's gaiety in their trimming—tan,  
 vivid blue, bright red, plaid taffeta, pais-  
 ley designs, white or cream lace adds  
 smartness to many models, \$10.75 up.  
 (Second Floor)

## The Tailored Suit

No woman's wardrobe will be complete  
 this Spring without a tailored suit. Mod-  
 els with patch pockets and a plaited or  
 wrap skirt are developed in new tweed  
 and grey and blue. Navy twill tailleur  
 will be quite as smart as the tweed suits.  
 Sponsored by foremost designers these  
 walking suits will be decidedly popular.  
 Priced \$25 and upward.  
 (Second Floor)

## The Compose Mode

Compose—the effect which attracts so  
 much notice among fashionables—arrests  
 attention by its skillful use of two or more  
 shades of one color, or by the combination  
 of two or more fabrics of one shade. It  
 takes its place lightly as a leading note in  
 all modes—in hats, in coats, in frocks, in  
 accessories of all kinds. Distinctive frocks  
 employing this feature are priced \$14.75  
 and up.

(Second Floor)

## The Plaited Sport Coat

Slim lines and immaculate tailoring em-  
 phasize the smart spring topcoats. Satur-  
 day tweeds are used to great advantage,  
 while clever geometric weaves are espe-  
 cially smart. Many of the spring coats  
 have collars of long-haired fur, while oth-  
 ers use the baby calf skin trimming. See  
 how cleverly these plaited coats are de-  
 signed—how well made and nicely finished  
 they are. Prices begin at \$25.

## MICHELIN TIRES

You think a new set of tires for my car would make a nice birthday present for my wife? She gave me embroidered guest towels for mine.

It would take courage, but at least with Michelin Tires you'd have a 400 chance out of 100 of getting more mileage from them.

\*This statement is based on facts. We picked at random 1500 motorists who were testing Michelin tires opposite other makes. 84% said Michelin proved themselves better.

No matter what other makes of tire you are using we promise you more mileage if you will buy Michelin Tires of us.
