TWENTY-TWO STUDENTS WILL GRADUATE AT CHELSEA HIGH

Class Day and Commencement Exercises Will Be Features of Graduating Activities at Auditorium

Commencement exercises in the local high school will be ushered in on Sunday evening, May 29, when the baccalaureate services for the graduating class will be held, the place to be selected at a later date. On the Friday following, seniors, accompanied by Supt. E. L. Clark and members of the faculty, will leave by bus for their annual trip to Washington, D. C., being gone approximately one week during which time they will visit points of interest about the national capital and other places.

During the week after their return from Washington, Class Day and commencement exercises will be held in the auditorium when the graduates, numbering twenty-two, will take formal leave of their local school days, some to prepare for further school work in higher institutions of learning, some to retire from educational work and take up their everyday duties in various lines of endeavor.

Class day exercises will be held on Thursday evening, June 16, and the commencement exercises the next evening, June 17. The address will be delivered by Mr. Webster H. Pearce, superintendent-elect of the State Department of Public Instruction, who will take his office on July 1. Local music will add to the evening's program.

FORTY-ONE DEAD IN BLAST AT BATH CONSOLIDATED SCHOOL

Demented Farmer Plants Explosive in Basement and Blows Up Wing of Building. Many More Buried Under Debris.

Latest dispatches from Bath, Mich., a few miles north of Lansing, state that 41 men, women and children were killed and as many more injured in the explosion of dynamite in the Bath consolidated school on Wednesday morning about 9:30, when Andrew Kehoe, electrician, farmer, and disgruntled treasurer of the Bath township school board, touched off large quantities of the explosive which he is believed to have planted in the basement of the school building during the past several weeks. Thirty-five school children, none believed to have been more than twelve years of age, are dead as the result of the blast, as well as E. E. Huyek, superintendent of the school; Glenn Smith, postmaster; Hazel Wetherbee and Earl Chapman, teachers; and Nelson McFarlan, janitor.

Kehoe himself was killed when he fired a high powered army rifle into a box of dynamite in the rear of his car, this blast also killing Huyek, tore the legs from Smith and killed McFarlan. Smith died on the way to a Lansing hospital.

Prior to the school blast, Kehoe had set fire to his farm buildings and burned these to the ground.

Kehoe, according to other members of the township board, had quarreled with the superintendent and other members of the board. He opposed construction of a new building and the consolidation of the township schools. The school taxes, he had contended, were so high they were ruining him. A heavy mortgage on his farm was about to be foreclosed. His wife had been ill for months which neighbors say had added to his despondency.

ESCHELBACH-BUSS

The home of Mr. and Mrs. Edwin Busch in Freedom township was the scene of a pretty wedding Thursday afternoon, May 12, when their daughter, Almerine, was united in marriage with Harold Eschelbach, son of Mr. and Mrs. William H. Eschelbach, also of Freedom. The ceremony was performed by Rev. M. W. Bueckner, in the presence of nearly forty guests. Miss Almerine Eschelbach, sister of the groom, attended the bride as maid of honor, while the bride's brother, Norman Busch, served as best man.

The bride was crowned in white georgette, and wore a wreath of orange blossoms, while her shower bouquet was formed of lilies of the valley and sweet peas. The maid of honor wore a frock of yellow crepe, and a corsage of pink roses. The wedding march was played by Miss Irene Reichert, cousin of the bride.

At the conclusion of the ceremony, a wedding dinner was served, the table appointments being carried out in pink wedding bells, roses and sweet peas. Mr. and Mrs. Eschelbach will make their home in Freedom township.

SYLVAN CENTER HOME BURNS TO GROUND WEDNESDAY NIGHT

Stubborn Blaze Baffles Work of Chelsea and Grass Lake Fire Departments; Rain Helps Protect Surrounding Buildings.

Fire, believed to have been started by a defective stove pipe in the second floor of the home, completely destroyed the Sylvan Center residence of Mr. and Mrs. Alex Griffin, late Wednesday night, the effects of both Chelsea and Grass Lake fire departments being to no avail in saving the property.

According to Mr. Griffin, he had gone into the house shortly after nine o'clock in the evening to build a fire in the stove and a few minutes later a blaze was discovered in bed clothing in an upstairs bedroom. Lack of fire fighting apparatus prevented him from gaining control of the blaze, which crept into the garret and by the time fire departments of neighboring villages had responded, was so well under way up under the roof that it was impossible to locate it or penetrate the dense smoke which filled the upstairs. Chemical was used until the supply was exhausted and an effort made to lay a hose line to near-by water supplies but these failed, and the departments withdrew to safe distances and devoted their attention to protection of other buildings. Rain, which fell steadily before and during the fire, helped protect nearby buildings.

New additions were being built on to the house, part of which were completed or nearly so, considerable work, such as plumbing and electric lighting, was being completed on the inside, and insurance carried on the original building had not been increased, so that Mr. Griffin stands to lose a considerable amount as the result of the fire. Fortunately the wind was in exactly the right direction to make it possible to save other buildings, particularly the gasoline station within 200 feet of the burning house. Furniture was nearly all carried to safety.

STAEBLER MERGE THREE COMPANIES INTO CORP.

After 37 years of business life, Staebler & Co., located at 303 South Ashley street, Ann Arbor, has officially closed its affairs and passed out of existence, it was disclosed Tuesday in conjunction with an announcement of the incorporation of Staebler Oil Co. The new corporation will be a merger of Staebler & Co., Staebler Oil Co., and Staebler-Kemp Oil Co. By the incorporation of the three companies, 3 storage plants and 11 filling stations will be brought under one management. The total bulk storage for gasoline aggregates 205,000 gallons. Twenty-nine dealers are served by the company in addition to the 11 stations which the company directly operates. Distribution points are located in Ann Arbor, Ypsilanti, Saline, Brighton, Manchester, Clinton, Chelsea, Dexter, Whitnaker, Lake, South Lyon, New Hudson, Milan, Macomb, and other towns. The territory served by the company extends 45 miles north and south and more than 45 miles east and west. Seven trucks are operated by the company and employ number 33.

CARD OF THANKS

We wish to thank neighbors and friends for their many kindnesses shown us during the illness and after the death of our husband and father. Your helpfulness will ever be remembered.

Mrs. Daniel Shell and son.

CIVIL WAR VETERAN CLAIMED BY DEATH SUNDAY MORNING

Daniel Shell, Aged 83 Years, Succumbs After Prolonged Illness at South Main Street Home.

Daniel Shell, aged 83, Civil war veteran, died Sunday morning, May 16, at the family home on South Main street.

Mr. Shell was born in Reading, Pa., January 3, 1844, the son of John and Rachel Shell. He enlisted at Columbus, Ohio, in Company D, 14th Ohio Infantry and after three months service received his discharge, having been wounded in a skirmish.

For several years Mr. Shell was in the employ of the Michigan Central Railroad as conductor on the main line between Detroit and Jackson, and later held a similar position with headquarters in Pelican Rapids, Minn. In December, 1876, he was united in marriage to Miss Phoebe L. Fisk and they have been residents of Chelsea for 27 years. Mr. Shell was a member of Zion Lodge, No. 1, F. and A. M., Detroit; R. P. Carpenter Post, G. A. R., and First Congregational church, Chelsea.

He is survived by the widow, one son, W. Scott Shell, and one sister, Mrs. Carrie Hoffman, of Detroit.

Funeral services were held at two o'clock Tuesday afternoon, at the residence of Mr. and Mrs. George P. Staffan, Rev. A. E. Potts officiating. Interment was in Evergreen cemetery, Grass Lake.

Those from away who attended the funeral were Mrs. Carrie Hoffman, Mrs. John Ammon, and Mrs. Warren Brock, of Detroit; Mr. and Mrs. Olin Wade and daughter of Webberville; James Fisk and daughter of Pinckney; and John P. Foster of Ann Arbor.

OLIVE CHAPTER WILL ENTERTAIN COUNTY O. E. S.

Washtenaw County O. E. S. Association will be the guest of Olive Chapter Wednesday, May 25, afternoon and evening. This is the social meeting and will be called to order at 2 o'clock. A program will be given by Olive Chapter and after a social hour, the meeting will be called off until evening when the work will be exemplified by officers from the different chapters in the Association. Dinner will be served for two hundred by the ladies of the M. E. church at 6 o'clock in the Chelsea public school auditorium. All Eastern Stars and their husbands are invited. Grand officers are expected to be present.

MEMORIAL DAY SERVICES MAY LACK BAND MUSIC

For the first time in years Chelsea may have Memorial Day services without band music to lend its strains to the day's program. Because of lack of provision for funds to stand expense of organization and carrying on of a band, there has been no such organization this year and the familiar strains of Smith's band that have been heard on the streets here for a number of years are absent as a consequence. An effort to appropriate a small sum at the annual township meeting in the spring failed, and no move has been made otherwise to secure the needed amount.

That the "boys" should be asked to rehearse, work and "play" just for the fun of it is out of the question. Many of them are compelled to travel miles for both practice and playing, besides spending time and money for instruments and music, an item which amounts to hundreds of dollars for each individual in the course of a few years. Hence the unreasonableness of asking that the organization should be ready to appear and play whenever requested to do so. Let the community as a whole get back of the band, without burden to a few, and there will be an efficient organization ready and willing to meet the public more than half way in a series of musical programs which shall do the town credit. The actual expense to the entire community need not exceed three or four hundred dollars a year.

CHELSEA MAN TO GRADUATE FROM DETROIT CONSERVATORY

"gas chats"

Heroes of the Industry

They don't wear flowing plumes in their hats, nor ride milky steeds with trappings of scarlet and gold, but they're heroes just the same. Many times in the "gas house" there are performed deeds of valor as noble as those of the Knights of King Arthur's Round Table. Each year at the national convention of the American Gas Association, the heroes of the gas industry are awarded medals of honor for saving lives. These are not the men who sit in the swivel chairs and do the brain work, but those who make the wheels go round, those upon whom the service really depends. One of the men who received this highest honor is recognized to have saved the city of Santa Barbara from the disastrous fire that usually follows in the wake of an earthquake. He acted in a great emergency with foresight, judgment, intelligence, at the risk of his own safety. And there were many others whose bravery and good judgment saved the lives of others.

It is fitting that the gas industry so fully dedicated to serve the public should be as concerned with the protection of customers as with their convenience. The readiness with which gas men respond to the call to save a life bespeaks more eloquently than words the spirit of the service.

Editorial

THE VANDALEERS

When spring brings out the wild flowers and the roadside greens every man, woman and child becomes a lover of nature, but so many of these impassioned lovers must pluck the object of their love. They are not content to look upon the new-found beauty but must jealously appropriate it to themselves. With them flowers grow to be plucked.

All outdoors has adorned itself with floral raiment of gorgeous hue. The woods, fields, lanes, hills and valleys are ablaze with color and beauty. Everywhere the little wildflowers rear their innocent heads, the green shrubs line the roadsides and bursting buds reveal beautiful secrets.

To many persons the temptation to destroy these pictures is irresistible. They find no ecstasy in merely looking at nature's springtime verdure. They must loot the meadows and the hill-sides. Their cars must go home laden with blossoms that are not meant for vases in the home. Nature provides its own vases for these blooms and the flowers that are plucked from their setting become like orphans, miserable, drooping and homesick.

Newspapers and nature lovers throughout the land find it necessary to remind a thoughtless public of the consequences of this vandalism. Vandalism it is, for many persons are not content with the flower, they must take the stem and the root as well. Eventually of course, this means extermination of the wild flower. That point has been reached in some instances.

As nature invites its people to the great open spaces at this time of year with a cordiality that is unmistakable, her visitors ought to be considerate enough not to wreck her home and make it a desert. A moment's thought will make a normal person aware of the seriousness of the situation.

WHAT THEY WOULD HAVE SAID

The thought frequently comes to many of us, as we think of the old people we knew 25 years ago, what these folks would have said if they could have seen conditions as they are now. As they looked out on their quiet streets, in which their family horses jogged along toilsomely toward their goals, what would they have said if they could have seen this motorized age, with people darting through the streets at railroad speed?

The last quarter of the 19th century developed wonderful inventions. But it seems doubtful if it could be compared with the marvels of the first quarter of our century, with its automobiles, its radios, and its airplanes. The effect of automobiles has been one of the most far-reaching changes in the history of society. It has pulled people out of their stationary habits, and given them a free range of movement. It enables people to have homes in the country and work in cities and towns. It has saved country neighborhoods from decay. At the same time it does make many people restless, and little inclined to settle down and work as the faithful old timers used to.

It must be the mission of the years immediately ahead, to give these people who have acquired added power, a true conception of aims and purposes. They must be shown that sports and pleasures alone will not do them much good. They need to seek knowledge, intelligence, and interest in the good causes of the time. With enlightened motive added to increased power, then we shall see rapid advance in social welfare.

A GOOD TOWN

Put a peg of prosperity into your community by staying with it.

Always greet your neighbors with a grasp of confidence.

Criticize in the spirit of Godspeed. Say a good word if it hurts. Remember that those who insist on hanging themselves will do it if given enough rope.

Give your neighbor a right to an opinion as long as he keeps it to himself.

Discuss questions involving your better welfare instead of arguing with them.

Apply the Golden Rule regardless of consequences.

Back up your churches and relative affiliations. You will feel better and besides are setting a good example for the young people.

Give the young people plenty of pleasure.

Failures reflect on the entire town. See what you can do to keep your neighbor on top of the water. Don't let him drown.

Let's have more handshakes and arm-in-arm conferences with a good will paying. It adds to that day's events.

Let's break the shell and step out. The world is wondering what we are going to do next. Let's show 'em.

Distance lends enchantment to a debt.

No woman is an old maid until she admits it.

A man who falls in love with himself never has any rivals.

Women don't play ball because the players are too far apart to talk.

Our prediction of the hottest summer ever is based on the fact that all summers are that hot.

Dirt, iron, wood, stone, brick and mortar never build a city. They have to be mixed with human pep, brains, muscle and everlasting co-operation.

Overdoing?

Hurry, Worry and Overwork Bring Heavy Sighs.

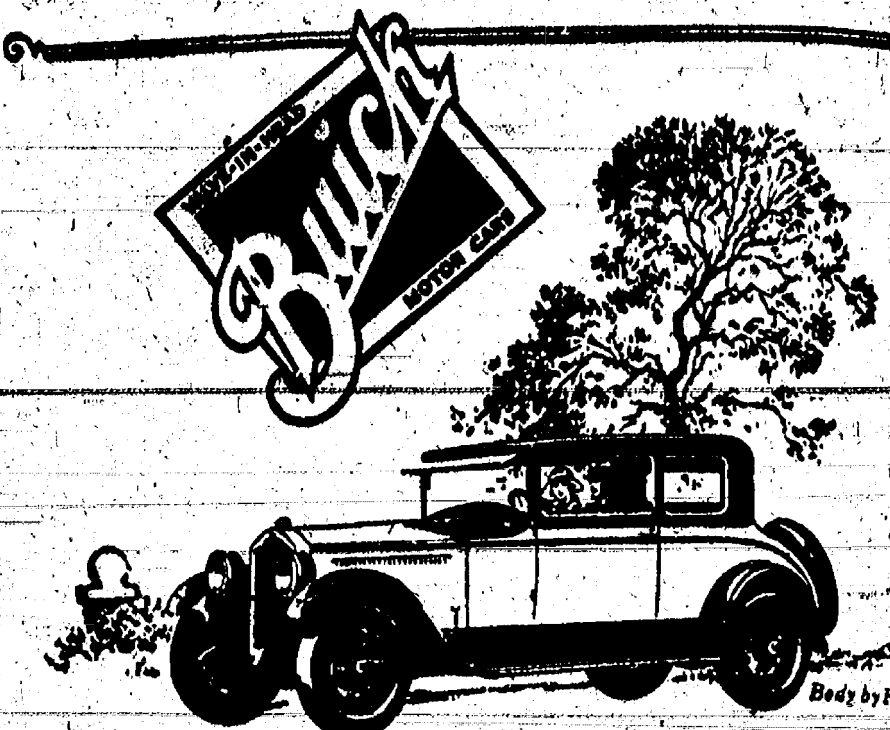

MODERN life throws a heavy burden on our bodily machinery. The eliminative organs, especially the kidneys, are apt to become sluggish. Retention of excess uric acid and other poisonous waste often gives rise to a dull, languid feeling and, sometimes, toxic back-aches and headaches. That the kidneys are not functioning perfectly is often shown by burning or scanty passage of secretions. More and more people are learning to assist their kidneys by the occasional use of Doan's Pills—a stimulant diuretic. Ask your neighbor!

MICHIGAN LEGISLATIVE LETTER
May 14, 1927.
By Len W. Feighner
"Ally oop!" "Sall off!"
Now we can go and roll our hoops.
In fact, a few whoops were rolled
last night.
But the legislature of 1927 is all
off for the night.
Dismayed senators and demure rep-
resentatives who have not smiled for
weeks are homeward bound benign of
countenance and wearing the satisfied
smile of work completed and a breath-
ing spell ahead.
Corridors are clogged with packing

boxes filled with relics of the dead
and gone past, legislative files, red
books, passed and rejected bills, rec-
ords of the past and hopes of the fu-
ture. Of course, final adjournment is
still a thing of the future, but that is
a mere matter of form, when a few
members from each house will con-
vene and declare the official final ad-
journment, but the business of the
session is done and from now on the
halls of legislation will be as dead as
the capital punishment bill, which was
finally throttled in the Senate Wed-
nesday afternoon by a vote of 20 to
10. The rock on which the final split
came was the referendum amend-
ment, which the House refused to ac-
cept. The conference report was ac-
cepted in the House by a goodly ma-
jority, but 20 Senators said "No," and
said it emphatically. The 20 were
Senators Bahorski, Barnard, Condon,

Cummings, Engle, Herrick, Howell,
Jankowski, Karcher, Leland, Lennon,
Person, Pulver, Quinn, Read, Rush-
ton, Stoll, Wilcox, Woodruff, and
Baxter. Those who voted yes were
Binnin, Campbell, Ganss, Horton,
Martin, O'Connell, Sing, Truttner,
Watson and Wood.
Among the last minute bills of gen-
eral importance and interest to the
state at large to come through was
the Leland gas tax bill, which was
signed by Governor Green Friday
morning. Senator Leland prizes as
a souvenir the pen with which the
gas tax was signed. The bill raises the
gas tax to three cents, leaves the
\$2,000 per mile annual maintenance
for trunk lines in cities, gives the
county seven millions divided on the
ratio of their weight tax, spreads an-
other million equally among the coun-

ties, but was not given immediate ef-
fect, so that it will take effect 90 days
after final adjournment.
Another important last week mea-
sure was the traffic code, measure
originally aimed to adopt the Hoover
code making traffic rules more uni-
form in all the states. The bill was
generously muzzed up in both houses
before getting through, and it practi-
cally does away with the speed limit
on the open road, removing the 35-
mile limit. It does, however, stipu-
late that drivers must be prepared to
stop within the limits of the assured
clear space ahead, and makes exces-
sive speed an indication of reckless
driving, in case of accident.
A lot of comment, caused by
charges brought against the members
of the state board of pharmacy, has
died down following the report of the
legislative investigating committee,
which reported that they found the
charges "unsupported by evidence,"
and exonerating the board.
The Turner bill, appropriating two
million dollars to be spread among
the poorer school districts of the state,
has finally passed both houses, with
the amount pared to one million.
The revised school code, which has
been in preparation by the depart-
ment of public instruction for months,
has passed both houses, with but
slight changes from the original bill.
One amendment reduces the limit of
retirement for teachers from a
proposed \$1,500 per year to \$900.
Boxing exhibitions in Michigan will
be allowed to go 15 rounds instead
of ten, as formerly, but the proposi-
tion to raise the salary of Tom Big-
ger, state boxing commissioner, from
\$3,500 to \$5,000 was removed from
the bill.
Governor Green on Wednesday put
the stamp of his disapproval on a sal-
ary increase for the state banking
commissioner. He admits the salary
is too small, but that there are too
many salary increases being asked for.
The people of the state will have
an opportunity to grant a salary in-
crease to the legislators at the next
general election. Both houses have
passed a joint resolution to submit
an amendment making the salary a
straight \$3 per day during the two-
year term.
A proposition to have a committee
appointed to look up the matter of
buying or building a gubernatorial
mansion in Lansing fell into the dis-
card during the closing days of the
session.
The proposed new contract with the
Grand Trunk was approved by both
houses and the Governor can get busy
with it immediately. As passed it
provides for a 70-foot highway on
each side of the Grand Trunk tracks.
The proposed one dollar rod license
bill for trout fishermen went to smash
in the House Thursday.
The privilege of parole for con-
demned first degree murderers was
taken from the Governor, although
claimed by some of the solons to be
unconstitutional.
Milkmen may not deliver milk in
another milkman's bottles, if the Gov-
ernor approves the measure passed by
both houses.
Oil inspection by the state is re-
pealed, subject to the Governor's ap-
proval. A determined fight was made
against the repeal, as it is not only
a safeguard against poor kerosene,
but brings a revenue to the state
above cost of inspection, but the mea-
sure went through.
The Horton bill, appropriating \$40-
000 for the care of Michigan veterans
in the American Legion Hospital, was
approved by both houses.
Firearms must be registered with
a board, under supervision of the de-
partment of public safety, and after
September 1 no gun can be purchased
without first securing a state permit
and a certificate of registration.
Under the Darin bill, the state will
erect a \$100,000 seaplane port at
Grassie Isle, to be equipped with a
machine shop.
Under a joint resolution which went
through Thursday the state will give
\$5,000 for the relief of the Mississippi
flood sufferers.
Appropriation bills went through in

Firestone Dealers

Have Purchased 100% More GUM-DIPPED TIRES

[This Year Compared With Same Period Last Year]

THE demand from car owners for Gum-Dipped Tires has given Firestone Dealers a large increase in volume enabling them to sell these tires to you at the lowest prices in history.

On the cars of motorists everywhere, these wonderful tires are delivering unheard-of long mileage with greater safety and comfort.

The Firestone Balloon Tread, scientifically designed three years ago, and unchanged today, follows the contour of the tire carcass with no excess rubber at the edges to cause "shoulder breaks". Narrow rider strips permit the tread to yield to depressions and cling to the road, preventing skidding. This tough, pliable tread has the wear-resisting qualities for thousands of extra miles.

Such a tread must be placed on a carcass with the qualifications to withstand the terrific flexing that this design permits. The Firestone carcass is made of cords dipped in a rubber solution which not only saturates and insulates every fiber of every cord, but unifies sidewalls with carcass, avoiding separation under the extreme flexing.

Many Firestone Dealers are prepared to offer you a liberal allowance for your old tires, on a new set of Gum-Dipped Tires to start the motoring season.

To meet a demand for a low price tire and tube, Firestone designed and manufactures, for Firestone Dealers only, Oldfield Tires and Tubes, which carry the Standard Manufacturers' Guarantee.

The Tiffany of Low-Priced Cars

The Star is built for people who want to be thoroughly proud of their car

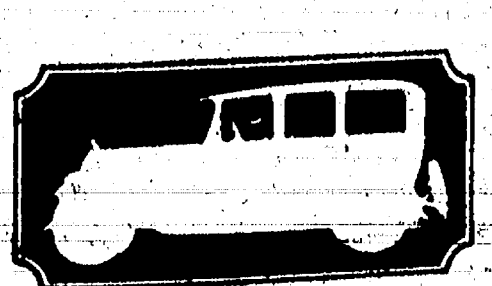

The Star is by no means the lowest priced car on the market—there are several other cars which are cheaper. But the Star is built to offer a combination of genuine goodness and refinement for those who prefer a low-priced car, but insist on smartness. It is intentionally a proud car for proud buyers.

All we ask is that you DRIVE A STAR before you decide that any other low-priced car is "just as good." Then buy the car that suits you best.

CHEVROLET PRODUCES

111,937 CARS IN APRIL

Spurred on by the greatest demand in its history, Chevrolet in April again set up a new production record with a total output for the month of 111,937 units. This exceeds by 4,037 units the best previous monthly performance in the history of the company and establishes an all-time record for the monthly production of gear-shift cars.

Equally as spectacular as the remarkable monthly production feat and dividing the spotlight with it was the mark established April 29, when in the short space of a day's working hours, the factories built 5,847 Chevrolet cars and trucks. This was 272 units in excess of the best previous day's record.

It was particularly fitting that the record day happened to be the same one that Alfred P. Sloan, Jr., president of the General Motors Corporation, chose for a visit to the Flint plant. Mr. Sloan, with C. S. Mott, vice-president of the General Motors Corporation, arrived at the factory early in the day as guests of W. S. Knudsen, president, and C. F. Barth, vice-president of the Chevrolet Motor Company.

Before Mr. Sloan had completed his inspection of the big Flint plant, where men and machinery were combining to build the eight types of Chevrolet cars now available, it was evident that a new production record was in sight.

Mr. Sloan waited for number 5,347 to come off the line, congratulated Mr. Knudsen on the remarkable showing being made by the Chevrolet Motor Company and its product and rode off the line in the epoch-marking model which again happened to be a coach.

Washing White Woodwork

Enamel paint is dulled by soap. Such paint may be cleaned by rubbing first with a woolen or cotton flannel cloth, wrung out of hot water, and then with a clean dry cloth. Spots, stains and dirt that will not yield to hot water alone may be removed with a fine scourer. This must be applied lightly in order not to scratch the surface.

Touring Suggestions

- 1—Belle Isle, Detroit, Michigan. The most beautiful public park and recreation ground in the world. Its 250 acres are surrounded by the Detroit River and Lake St. Clair. Sixteen million dollars worth of improvements have been added to the natural beauty of the park.
- 2—The Petrified Forest, north of Medora on the Deuel Valley Ranch in North Dakota. Highway 33.
- 3—Hahatonka Spring, a beautiful spring in the midst of some of the most gorgeous scenery of the Missouri Ozarks. State Highway 5.
- 4—Ottawa, Kansas, the site of the old trading post of the Ottawa Indians, and the home of Ottawa University, founded by the chief of the Ottawa tribe, John Tecumseh Jones. Ottawa is an Indian name meaning "to trade." State Highway 16.
- 5—Spillville, Iowa. It was in the quiet little village of Spillville on the banks of the Turkey River that Antonia Dvorak, greatest of Bohemian composers, gained the inspiration to compose "Humoresque." Most of the people of Spillville are Bohemians. Near Calmar, State Highway 20.
- 6—Horseshoe Mound, resembling a huge horseshoe, offers a wonderful view of the surrounding country. On Route 5, east of Galena, Illinois.
- 7—Petrified Rock, towers over the banks of the Wisconsin River. An object of outstanding natural beauty. On Wisconsin Highway 80 and 21.
- 8—The Limerlost Cabin, made famous by Gene Stratton Porter's stories, located in a picturesque spot on the banks of Sylvan Lake. Elk Point Road south of Rome City, Indiana.
- 9—The South Dakota State Game Preserve, consisting of over 61,000 acres between Hermosa and Custer. The preserve is well stocked with buffalo, elk, deer, antelope and other native game. State Highway 36.
- 10—The Minnesota National Forest, including Cass Lake famed for its Norway Pine forests and sandy beaches. Leech Lake widely known for its fine fishing and "Winnibogish" Lake, one of the best lakes for wild duck hunting in the state. Cass Lake on Highway 19 and 8, and Cut Foot Sioux near Highway 6.

A Silent And Beautiful Tribute!
FLOWERS
For Memorial Day

AGAIN the day comes when we feel duty-bound to revere the memory of a loved one whose presence we miss so much. Mayhap, it's a son, a father or a grandfather who gladly laid his life on the altar of unselfishness and sacrifice that this great nation of ours might live in Peace and Security. And, mayhap, it's a sister or a mother whose smiling face was a joy to us in days gone by.

We owe them all a silent tribute on Memorial Day—the beautiful tribute of God's own FLOWERS which so eloquently bespeak our innermost sentiments.

The Evangelical League of St. Paul's church will hold a business meeting and social gathering at the public school gymnasium Thursday evening.

Mrs. Grace Lighthall of Detroit, is spending some time in Chelsea, helping in the care of Mrs. Dan Shell, who is quite ill at her home on So. Main Street.

Mr. and Mrs. Emanuel Wacker and Mr. and Mrs. Emanuel Eisman, Ann Arbor, and Tom Van, spent Sunday with Mr. and Mrs. Emanuel Sott and family at Pleasant Lake.

Rev. and Mrs. A. E. Potts left Wednesday morning for Rochester, Michigan, to attend a two-day session of the State Conference of Congregational churches. The meeting also celebrates the 100th anniversary of the Rochester Congregational church.

Mr. and Mrs. George Koengeter, Lima, were pleasantly surprised by forty neighbors and friends last Wednesday evening, when they gathered at the Koengeter home to give them a farewell party before their removal to Chelsea where they will make their home. Games made up the evening's diversion and a splendid supper was enjoyed. A lovely gift was presented Mr. and Mrs. Koengeter by their guests.

David B. Dixon, a former resident of this vicinity, died Monday, May 10, in Omaha, Nebraska. Mr. Dixon was born in Lima township 80 years ago and was the son of Mr. and Mrs. David K. Dixon. For many years he resided in Dexter, until the death of his wife in 1923, when he went to Omaha to make his home with his daughter, Mrs. Ida Gordon. Another daughter, Mrs. Hattie Hitchcock, of Chicago, survives.

The body was brought to Dexter for burial, where funeral services were held this afternoon. Mr. Dixon was an uncle of D. E. Beach of this place.

ACHIEVEMENT DAY PROGRAM IN ANN ARBOR

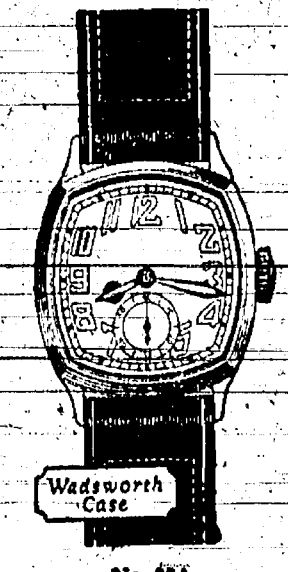

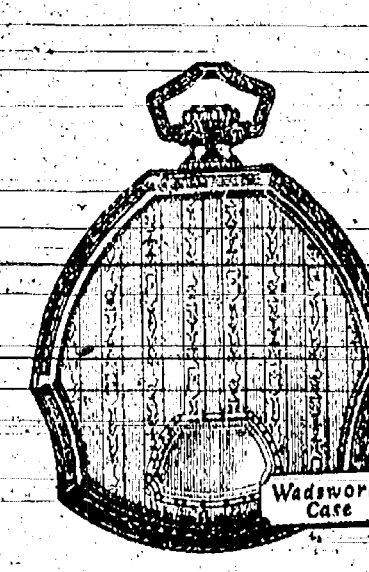

On Saturday, May 21, the 4-H club members of Washtenaw county will celebrate the achievement of the goal that they set for themselves last fall when they enrolled in clothing, handicraft, and hot lunch club work. The word "achievement" is especially significant as it is used in connection with our 4-H club work. It means that the boys and girls have completed a definite program of work which is set up as requirements for the project that they are enrolled in by the State Club office. These boys and girls who complete their work are known as "finishers." A very small per cent of Washtenaw county boys and girls are listed on the "quitter" side of the ledger. Another list of county champions will be added to the already long list of champions in Washtenaw county on this occasion. A county champion is one who scores the highest on exhibition of his, or her, work, the business report which was kept thru-out the project season, and the story that he or she wrote of their experiences in the club work. These county champions will enter competition against county champions from all over the state of Michigan for state championship. The honor of being selected state champion also carries with it a scholarship to Michigan State College valued at \$95.00, which the winner can make use of any time that he or she wishes to attend the college.

Washtenaw county has been one of the leading counties in 4-H club work in the state of Michigan. Records from the state club office show a total enrollment of 567 in 1919; 408 of these were garden club members. Only 10 of the total number were enrolled in livestock club work. In 1920 the enrollment dropped to 347 but more effort was put forth in working with strictly rural boys and girls. The first enrollment in dairy calf club work came that year when 20 boys and girls began the work.

1921 showed a still greater decrease in the total enrollment when 223 boys and girls were signed up as members. The records showed no garden club members that year which meant that all of the boys and girls were from the rural sections. 7 projects were carried on, viz., handicraft, clothing, hot lunch, pig, corn, canning, and poultry. The number took a sudden turn upward when 631 were enrolled in 1922. 10 projects were represented that year. 838 were enrolled in 1923 and 19 projects represented. The largest enrollment was in hot lunch club work which had a total of 398 boys and girls enrolled. A decrease in the hot lunch club enrollment in 1924 brought the total number enrolled down to 803. The largest enrollment that year was in clothing work which had 247 girls. 802 were enrolled in 1925. In 1926, the last year that Frank Essick acted as county club agent in Washtenaw county, the enrollment rose to 943. This was the largest enrollment in the state of Michigan.

About 60 boys, dads, and Kiwanians assembled at Chelsea Saturday morning, May 14, for the distribution of the potatoes for the boys enrolled in the Chelsea Kiwanis club potato project. 100 bushels of certified Russet potatoes, which were ordered from L. W. Meeks, Hillsdale, were distributed to the boys. 6 or 7 boys paid cash for their 2 1/2 bushels of seed. The rest of their signed notes, which will be carried by the two banks of Chelsea. To each boy's order was added a 4 ounce package of corrosive sublimate with which he is expected to treat his seed potatoes for scab, black scurf, and black leg. A seed treating demonstration was given by county club agent Hagen. Most of the Kiwanians are planning to go out in the country and help the particular boy that they are sponsoring, treat their potatoes.

Surprising How Quickly We Are Learning Real Values!

If shoes were a new "invention" and half the people in the United States were still wearing their "first pair," we could hardly be expected to judge shoe values with great wisdom. More than half of us who now own cars did not own cars 4 years ago. We are really learning car values with surprising quickness.

[A lot of unwise buying yet, of course—but it's encouraging when a man writes in, "I bought a Ford—the yearly saving is paying for my comfortable home."]

STOCKBRIDGE—George Hurst has sold the building adjoining the hotel to Jay Asquith, who has made the necessary repairs since the fire, and will continue to use the same as a barber shop.—Brief-Sun.

HOWELL—Shawassaw county road commission is just now erecting 109 signs in all parts of the county, giving direction and telling how far to the towns of that county.—Republican.

DEXTER—From the number of property owners that are preparing to install water, it looks as though the village plant, when completed, could begin doing business without delay.—Leader.

MANCHESTER—Rev. A. A. Schoen will preach the Memorial sermon to the G. A. R., Spanish-American war veterans and the World War veterans at Emanuel's church Sunday morning, May 29.—Enterprise.

HOWELL—Ground was broken yesterday for the new Lutheran church in Howell. The church is located on north Michigan on the John Pierce lot just north of the E. G. McPherson residence, Art Joy contractor and builder.—Republican.

NORTHVILLE—A special election has been called for June 13 to decide on revision of the Northville. City charter so that it may be brought up to date. If approval is granted a newly elected commission will start at once on the revision.—Record.

PINCKNEY—The barn on the John Parley farm east of Pinckney was struck by lightning and burned to the ground early Monday morning. The stock was saved but six stacks of beans and considerable fodder was lost. There was no insurance on the building.—Dispatch.

NORTHVILLE—Double parallel parking will be permitted shoppers who wish to enter stores here. Time for parking in this manner is limited to the actual time required to make necessary purchases. This ruling results from traffic congestion problems which have confronted village officers for some time.—Record.

PINCKNEY—The large ice house at Lakeland, owned by the Schuler Ice Co. of Toledo, was badly damaged by the heavy wind Tuesday morning about 2:00 a. m., a good part of the north side being blown down. The building was full of ice and, being an old structure, was unable to resist the force of the wind.—Dispatch.

TECUMSEH—Fred Munon has purchased the lunch and ice cream business of G. H. Negus and will continue to serve their customers at the same stand in the Strand Theatre building. Mr. and Mrs. Negus will leave immediately for Sand Lake where they will operate their Sanitary Pop Corn Shop for the summer.—Herald.

Mr. and Mrs. Claud Phelps and father, Philo Phelps, of Stockbridge, called on Sylvan friends last Thursday.

Miss Ada Dresselhouse of Manchester is spending a few days with Miss Esther White.

Mrs. Alex Griffin and daughter, Evangeline were week-end guests of Detroit friends.

Jas. Brock called on friends at Michigan Center Saturday.

Mr. and Mrs. Wadhams of Ann Arbor, called on Mrs. Eugene Smith and family Sunday.

Mrs. Alex Griffin was a Jackson caller last Thursday.

SOUTH WATERLOO
Howard Artz called on Lewis Wahl Sunday.

Mrs. Adolph Seigrist and Miss Clara Baldwin spent Saturday afternoon with their sister, Mrs. Ben Lantis.

There will be a necktie social at the home of A. W. Seigrist, Thursday evening, May 26th, for the benefit of the Mt. Hope church. Everybody invited.

Mr. and Mrs. Ernest Moeckel and Roland spent Sunday with Mr. and Mrs. Joseph Fatz.

Mr. and Mrs. Ben Lantis and family spent Sunday in Jackson with her sister, Mrs. Chris Frey and family.

Mr. and Mrs. Ed Wahl and family spent Sunday at the home of his parents, Mr. and Mrs. John Wahl.

Mr. and Mrs. A. W. Seigrist and sons attended a birthday party Sunday at the home of Mr. and Mrs. Harry Beathem, of Stockbridge, given in honor of Mrs. Beathem.

Mr. and Mrs. H. S. Rothman spent Sunday in Lima, with Mr. and Mrs. John Steinbach.

BROOKLYN—The Brooklyn public square is being marked to aid in better parking, the paving indicating correct spacing so that more autos can be accommodated. A reserve space for the crossing at the center of the square is indicated as a help to pedestrian traffic.—Exponent.

quackers, one of which has four legs, three on one side and one on the other. Here is a chance for Albert Green to add to his collection of freaks.—Enterprise.

PINCKNEY—Ben Palmer, who has conducted the Jackson-Howell bus line for several years past, has sold out to W. J. Murphy, owner of the Flint-Ann Arbor bus line who will take possession about June 1. Large buses similar to those used on the Ann Arbor-Lansing line will be put on with two buses each way a day. The new bus line will also take over Mr. Palmer's mail carrying contract thus giving Pinckney better mail service.—Dispatch.

GRASS LAKE—Glenn and Leo Curtis, whose home is five miles southeast of Grass Lake, caught an opossum Monday evening near their home. The animal is not often seen this far north. It is probable it will be given to the city of Jackson for addition to the zoo at Sharp Park.—News.

FOWLerville—Deputy sheriff Sam Sidell and two other deputies arrested Mr. and Mrs. George Detratney, proprietors of the oil station just east of this village Friday evening after finding five gallons of alleged moonshine. Mrs. Detratney was released on her own recognizance and Detratney gave a bond of \$500 for trial at the circuit court.—Review.

MASON—Another oversight in the design of the new county jail has been discovered. There are no quarters for married couples where both are in confinement. There should have been a half dozen double rooms equipped for two. One evening this week when the reported visited the jail, a married folks party was under way. At least there were four married couples occupying the reception room, both parties to the union in each case being held in confinement but released for a brief evening interval of nuptial sociability. The new phase of the law under which both man and wife are held for conspiracy to violate the prohibition law is responsible, it is explained.—Ingham County News.

no attempt to comply with the

“Two days after the papers served, the regulatory forces have authority to enter upon the premises and enforce the clean-up. The of such enforced clean-up will be assessed against the owner of the same by and collected on the same by as taxes according to existing legislation.

Forces of men and trucks known “scavenger crews” are at work in the city and villages disposing of corn bins remaining in home gardens in subdivision plots. Government crews with plows and tractors busily engaged cleaning up farm the country.

No attempt will be made to molest those who are seriously engaged cleaning up their premises. Larra advises that they go ahead and complete their jobs. He anticipates very little work of an enforced nature will have to be done, as compared to the whole, as indications are that 90 per cent of the clean-up work the state will be done voluntarily.

An architect is a man who can plan a hotel bathroom in a space originally intended for a “bat box.”—Archibald.

new peaks of Speed, power and safety

What Hudson Did “Demonstration Week”

In addition to hundreds of new records for speed, power, acceleration, hill-climbing and inter-city reliability runs, during a nationwide “Demonstration Week”, the Hudson Super-Six contributed these brilliant new marks in the local arena of motor supremacy:

HERE'S WHAT ONE OF OUR CHELSEA HUDSON OWNERS SAYS OF HUDSON'S RACING QUALITIES
“On a recent trip of 500 miles my Hudson averaged better than 17 miles to the gallon of gasoline, and because of its outstanding power, no shifting of gears was necessary after the motor had been shifted into high. Climbing means nothing to my Hudson.”
