CHELSEA HIGH SCORES 54 POINTS AGAINST GRASS LAKE

First Touchdown in 38 Seconds Started Locals On Long End of Lop-Sided Score.

A successful forward pass from Weber to Fahrner during the first half minute of play in the game with Grass Lake Friday afternoon, gave Chelsea 11 their first touchdown and started them on an orgy of scoring which continued through each quarter and until the final minute of play in the last playing period. Exactly 38 seconds were consumed in getting the initial touchdown across the goal line. Two touchdowns in the first quarter, one in the second, one in the third and four in the fourth gave Chelsea a total of 54 points. While Grass Lake came through with only 6 points; these made during the second quarter, when Chelsea suffered a temporary let-down. Failure of the Grass Lake boys to kick goal following the touchdown, held their score to six.

In spite of the one-sided score, the game was a fine exhibition of football. Chelsea hit Grass Lake up to some fine execution both in line penetration, end runs, eluding of tackles and forward passes, most of the latter being passed from Fahrner to Steiner for long gains. Although some of the passes were intercepted or incompletable for other causes, several were perfect and added materially to the final score of the game.

The Chelsea boys are making wonderful strides in the perfection of their game. Starting with a comparatively "green" crew at the beginning of the season, Coach Spaulding has whipped them into shape as good as any eleven as the school has had in many years. In the opinion of many observers, plenty of material is available, four or five substitutes who are eligible to the first string being in reserve continually. Plenty of "beef" for the line and a lot of speed in the backfield is showing up to good advantage. Thus far the boys are undefeated this season, and it will take a mighty good team to hold them.

An excellent crowd of fans were in attendance at the game Friday, interest in the team's success being decidedly on the up-grade and before the season ends there is every reason to believe this number will be considerably increased.

On Friday of this week, Chelsea High will play Brooklyn High at the Hingham Memorial field. This is the last game at home until November 18, and football fans are urged to take advantage of it. Brooklyn has been very successful so far this season, winning from Clinton in their game there. Chelsea won from Clinton at home, so that Brooklyn and Chelsea start on fairly equal terms.

MRS. MELISSA M. READE

Mrs. Melissa M. Reade, 61, lifelong resident of Dexter township, died Sunday at the home of her daughter and son-in-law, Dr. and Mrs. W. C. Wyllie of Dexter village, after a lingering illness.

She was survived by four daughters, Mrs. J. W. Reuter of Grand Rapids, Mrs. C. E. Donahue of Gregory, Miss Wyllie and Mrs. H. S. Vaughn, both of Dexter; three sons, Harry of Gregory, Leaven of Saline and Emory of Jackson; a brother, John Ray of Lansing and 13 grandchildren.

Funeral services were held at 2:30 Tuesday afternoon at the residence of Dr. and Mrs. Wyllie. Rev. W. L. Francis officiated. Interment in Forest Lawn cemetery, Dexter village.

LOSSES REPORTED BY VICTIM OF ACCIDENT

Sheriff's officers were called upon to investigate an automobile accident which happened Friday when an Ann Arbor-Tolledo bus, owned and operated by I. W. Sherters, Dundee, collided with a car driven by Dr. J. H. Dickinson, Washington and Cross Streets, Ypsilanti, at the intersection of Washtenaw and Carpenter roads.

According to a report at the sheriff's office, Dr. Dickinson was taken from his car in an unconscious condition by Russell Chesbro, operator of a gasoline station at the intersection of these roads, placed in a car driven by Ray Loeffler, Chelsea, and taken to University hospital, Ann Arbor.

Dr. Dickinson was released from the hospital almost immediately, the sheriff's report states, and when he left the institution he claimed he had lost a diamond stick pin, a diamond ring and \$100 in currency between the time of the collision and then.—Ann Arbor Times News.

HERMAN J. KRUSE

Herman J. Kruse was born in Sylva, August 27, 1865, and died at Lake, Michigan, October 5, 1927, aged 62 years, 1 month and 11 days. He received his education in the rural schools, Chelsea high school and the State Normal college at Ypsilanti. For a number of years he followed the vocation of school teaching. In March, 1895, he was united in marriage with Miss Hulda White. For a number of years they resided on a farm in Sherman City, where Mrs. Kruse passed away a few years ago.

He is survived by four grandchildren, two sisters and six brothers. Funeral services were held at the home on Tuesday of last week.

REPORT MADE OF COUNTY EXPENSES

General expenses of the county for the year ending October 1, 1927, amounted to \$101,267.63, according to a report submitted by the board of auditors to the supervisors at their meeting in the county building Tuesday afternoon.

Sheep claims, medical examinations, supplies and other general miscellaneous expenditures, classified by the board of auditors as "county" expenses, accounted for the largest share of this amount—\$76,517.84, according to the report. Expenses of county officials amounted to \$12,346.29 for the year and the contagious disease fund was \$5,556.57.

For the maintenance of county building during the year, \$3,610.78 was spent, the report showed, and fuel, light and water for the year cost \$3,230.15.

JURORS ARE NAMED FOR FEDERAL TERM

The names of some 200 persons selected to serve as traverse jurors for the United States district court here at the November term were announced Friday. They include:

H. G. Baker, Ypsilanti; Fred E. Baker, Ann Arbor; Earl Beaman, Ypsilanti; Elmer Brown, Ypsilanti; Laura Gillette, Ann Arbor; Eunice L. Hatch, Ypsilanti; George A. Hastreiter, Ann Arbor; Fred Hazley, Milan; Louise Haged, Ann Arbor; Charles E. Hubbard, Ypsilanti; John Linderschmidt, Ann Arbor; Gilbert Madden, Dexter township; Joseph C. Seaboldt, Ann Arbor; Harley Stanton, Dexter; Chas. Stapish, Chelsea; W. C. Sturn, Ypsilanti; Clara Sweet, Ypsilanti; Mary J. Taft, Ann Arbor; Herbert Terry, Ann Arbor; Bert Verchoor, Ypsilanti; J. F. Wuerth, Ann Arbor.

RIVER ROUGE MAN KILLED IN CAVE-IN

Leo DeBeaumont, 24, Pleasant and Charles Streets, River Rouge, was killed about 2 o'clock Tuesday morning when a cave-in occurred in a gravel pit on the new Pleasant Lake road, Freedom, where he was working and buried him in about five feet of earth. DeBeaumont was employed on the night shift of the road crew building the Pleasant Lake road and was working in the pit, which is operated by the Baxter Cartage Co., Detroit, when a slide caved in. His disappearance was noticed by fellow workmen who attempted to dig him out but they made such slow progress it was necessary to use a scraper to remove the earth from the body.

DANIEL BEUTLER

Daniel Beutler, son of Daniel and Anna Beutler, was born in Ebhausen, Wurttemberg, Germany, May 6, 1850 and departed this life Friday afternoon, October 14, 1927, at his home in Sharon township, after a lingering illness, having reached the age of 77 years, 5 months and 8 days.

At the age of 14 he was confirmed in his native land in the Evangelical Lutheran church. At the age of 19 he came with a sister, Miss Anna Mary, to this country, making his home for some time in Lima township.

He was united in marriage with Miss Frederika Veegeding. They settled on a farm in Sharon township. To this union was born three children.

Mrs. Beutler passed away on March 18, 1907.

Mr. Beutler was a member of the St. Paul's church in Sharon, being one of the few remaining old ones. He was an active member of the church when health permitted.

He is survived by a son, two daughters at home, several nieces and nephews and friends.

Funeral services were held Monday afternoon at 2:00 o'clock at the home and 2:30 at the St. Paul's church, Sharon, Rev. Schoen conducting the service. Burial in St. Paul's cemetery.

SEED YIELD IS BEST FROM FIRST ALFALFA

Although it is general practice for Michigan farmers to save the second crop of alfalfa for seed, the men who used the first cutting as a seed crop this year secured the best yields, according to a report from the farm crops department at Michigan State College.

Irving Reibling, Elkton, and George Rae, Bay City, secured yields of six bushels of seed to the acre from the first cutting of Hardigan alfalfa. These fields had been seeded for two years.

Alfred Volz, Sebawing, harvested 60 bushels of excellent Grimm alfalfa seed from a ten-acre field that has been seeded five years. Mr. Volz was first premium at the Michigan State Fair on an exhibit of this seed.

Yields from the second cutting of alfalfa are averaging two bushels to the acre. The weather conditions this year have been abnormal, and it is possible that there would be less difference in yields between first and second cuttings during a normal year, according to the college specialists.

The production of alfalfa seed is said to be becoming a profitable source of income for many Michigan farmers.

CATHOLICS ATTEND MEETING OF HOLY NAME SOCIETY

Fall Gathering of Organization Held at Dexter, Sunday Afternoon; 150 Attend.

Approximately 150 members attended the fall rally of District No. 6 of the Holy Name Society, held at Dexter Sunday afternoon in St. Joseph's church. Prominent attorneys of Detroit and Ann Arbor were speakers at the meeting, W. V. Dalley, of Jackson, president of the society, presiding.

Rev. Frank J. McQuillan, pastor of St. Mary's church, Pinckney, spiritual director of the district, officiated at the benediction which concluded the rally. A luncheon was served in the parish school following the meeting. Several Holy Name members went on to Detroit Sunday evening to attend the convention of the National Council of Catholic Men which opened Monday in that city.

Churches represented at the Dexter meeting were: St. John's, Albion; Our Lady of the Sacred Heart, Chelsea; St. Charles, Coldwater; St. Anthony's, Hillsdale; St. Mary's, Manistowick; Sacred Heart, Hudson; St. Patrick's, Northfield; St. Mary's, Pinckney; St. Thomas, Ann Arbor; St. Cornelius and Cyprian's, Bunker Hill; and St. John's and St. Mary's, Jackson.

DISTRICT PYTHIAN ASS'N HOLD CONVENTION TODAY

The Knights of Pythias of the third district which is composed of the lodges in Adrian, Ann Arbor, Chelsea, Dundee, Manchester, Milan, Monroe, Tecumseh, Tipton and Ypsilanti, are meeting today at Tecumseh and a class of candidates from each of the lodges will be initiated into the Rank of Page by a picked team from all of the lodges. The "Lesson of Friendship" will be portrayed by the Ypsilanti lodge.

The Chancellor Commander, Keeper of Records and Seals, and Master of Finance of each lodge will meet at an officers' conference this afternoon at 3:30 o'clock. This meeting will be in the nature of a school of instruction for the lodge officers. The association officers and the meeting place for next year will be chosen at this time. A banquet will be served at 6:30 fast time and will last until all are served. A large delegation from the local lodge are attending. The Tecumseh brethren are making plans to feed about three hundred.

WASHTENAW CO. BROTHERHOOD MET ON SUNDAY

A large representation of the Washtenaw County Brotherhood met at the Methodist church in Manchester Sunday afternoon and evening, and representatives of the Monroe county, Lenawee, Wayne, Livingston and Ingham organizations were also in attendance.

Main speakers of the day were Rev. Harry C. Dikman in the afternoon and Rev. Grant of Stockbridge in the evening. Special music was furnished by the St. John double quartet of the Federated church, and by the ladies choir of the Manchester Methodist church.

The next regular meeting of the Washtenaw Brotherhood will be on the third Sunday in November, and place will be announced later.

DISTRICT MEETING HELD AT ST. PAUL'S CHURCH

The Ann Arbor district Sunday school and young people's convention, held at St. Paul's church Sunday, was largely attended, delegates being present from Albion, Jackson, Detroit, Owosso, Ann Arbor, Freedom, Rogers Corners and Manchester.

The president of the convention, Rev. Mr. Eglinsoeder of Albion, preached the sermon at the morning service and also gave an address in the afternoon. Other speakers at the afternoon meeting were Rev. Mr. Able of Detroit, and John Roth of Jackson. Short talks were also given by several others.

CHARLES HONECK, LIMA RESIDENT, PASSES AWAY

Charles Honeck was born April 28, 1864, in Germany, and died at his home in Lima, Monday, October 17, 1927.

He was united in marriage with Miss Clara Meykel, November 27, 1906, and since then they have resided on the farm in Lima formerly owned by the late John Wade. To this union eleven children were born, one of whom passed away during the present year.

He is survived by the widow, ten children and a sister.

The funeral was held in St. Mary's church Wednesday morning, Rev. Fr. Fallon conducting the services. Burial in Mt. Olivet cemetery.

Gentlemen Prefer Steak

Here's some information for wives on what kind of meat their husband really like the best. No it isn't chicken! That doesn't even figure in the list according to a questionnaire recently answered by a large number of men. These are the preferences, in the order of their popularity:

STEAK
HAM
LIVER AND ONIONS
FISH
CHOP STEAK

So now you know what to cook for dinner if a large request of some kind is to follow the food! But let us make this suggestion. Be careful the way you cook that favorite dish. Even No. 1 on the list has its pitfalls. You'll find that a good gas range is a safeguard. Broil his next steak on a gas range. And then be ready for compliments!

Editorial

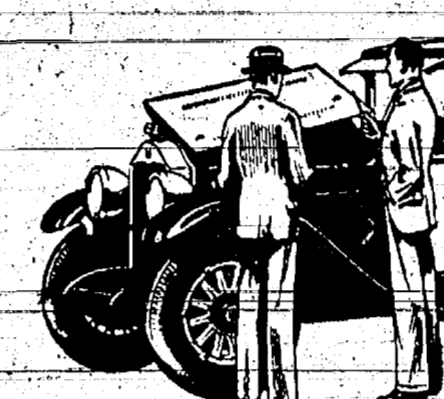

WHAT MAKES A NEWSPAPER

A mistaken idea with some people is that the newspaper is an individual proposition. If they don't like the editor, they feel they must knock the paper and stand in the way of its success whenever possible. They do not realize that the local paper is just as much a part of the community as the schools, churches or anything else. The newspaper is different from any other business, it is a community affair. It is for service to the people and not for any individual.

You may not like the editor and the editor may not love you any too well—but the paper he is responsible for does just as much for you as the service rendered others. There is nothing personal with it, it is here for a purpose and that purpose is to do what good it can in every way it can and the greater the support of those it undertakes to serve the better service it can render. It takes the people to make a good newspaper and without the help of the people no one can run a successful newspaper. It requires money to operate any kind of business—even the churches and the papers are no exception and for this reason they must have the financial support of the business interest as well as the good will.

Few newspaper publishers make more than a comfortable living and scarcely one is reported wealthy from money made in the newspaper business. They deserve to be trusted and to be understood by the people—it is the editor and not the plant that makes a newspaper useful in a community, though a liberal patronage is necessary if the paper is to be a credit to the town.

Only Buick has an engine Vibrationless beyond belief

BUICK'S remarkable freedom from vibration is due primarily to three vitally important factors. First—the inherent smoothness of the Buick Valve-in-Head six-cylinder engine. Second—rubber engine mountings, front and rear. And third—the scientific and almost perfect balance of the entire Buick crankshaft assembly.

Only Buick enjoys these advantages. And only Buick provides the silken performance—the unvarying smoothness at all speeds—the longer life and greater serviceability of an engine vibrationless beyond belief.

BEWARE OF THE SWINDLER

The United States government has announced a plan to redeem two billion dollars of Second Liberty Bonds in November. The retirement of this issue will bring millions of dollars of cash into the hands of small investors and swindlers are already on the trail to collect these millions from the hands of the unwary. Every employer should warn his workers against those who offer questionable securities paying a fabulously high interest.

THINGS THAT "CAN'T BE DONE"

The world has always been in need of men to do the things that could not be done. The need is more pressing today than ever.

When Columbus started out to sail around the globe men laughed at him and told him it could not be done. Columbus did not succeed in the attempt, it is true, but he proved that the thing could be done.

When Samuel Morse started to transmit messages between distant points by means of a tiny wire, people said it could not be done but Morse soon proved differently. Fifty years later Marconi showed people how to talk through the air without even the use of wires.

Edison achieved two things that most people declared to be impossible when he used electric current to produce light and when he reproduced the sound of the human voice. Motion pictures are another of the "impossibles."

There are other achievements, seemingly impossible today, awaiting accomplishment. They stand as a challenge to the ingenuity of mankind. The need of the world is for men who can do these things.

stroying the pests' winter home now,
its chances of survival are practically
nil, and usual farm operations will
not be interfered with in the spring
by clean-up work.

The corn borer winters over in
stalks and weeds. Sealed up in its
pithy palace, the pest is as comfort-
able as the czar was once in Russian
snows. By practicing control meas-
ures this fall, however, large numbers
of the pest will be destroyed, while
those which escape the clean-up will
perish for want of suitable shelter.

Low-cutting of the corn crop, with-
in two inches of the ground, is the
first control step, the specialists say.
The stalks should then be put in the
silo or finely shredded. The action of
the silage acids kills the borers while
experiments have shown that shred-
ding, with the rollers tightly set, de-
stroys 98 per cent of the borers.

On fields where low-cutting is not
practicable, the remaining stubble
should either be plowed under or pul-
verized with a stubble beater. Ac-
cording to state regulations, small
grains should not be seeded in corn
stubble which has not been so treat-
ed, or cut low.

That the borer is in for a hard win-
ter is evidenced by the clean-up work
which farmers are doing. Spurred on
by demonstrations conducted by the
College in cooperation with county
agents the U. S. Bureau of Entomol-
ogy, accepted control practices are be-
ing practiced generally throughout
the infested area this fall.

MILK DELIVERY

Beginning Monday, October 24, we will begin our
house delivery of Pasteurized Milk and Cream.

PASTEURIZED MILK

is Safe Milk. Milk which has been heated to 145 degrees F., held for 30 minutes, cooled
quickly to 35 degrees F. and bottled at once.

WHY DO WE PASTEURIZE?

To protect our customers from all disease germs which may get in the milk from careless
handling.

Your delivery will be made before you are up for breakfast. The same service in Chel-
sea that your friends have in Ann Arbor, Detroit or New York.

We will use the ticket system—that is, one quart ticket for 1 quart of milk, same for 1/2
pint of 20 per cent cream (coffee), 2 quart tickets for 1/2 pint of 36 per cent cream (whip-
ping.)

Phone Our Dairy—132

and our salesman will be glad to call on you, sell tickets and deliver you milk.

SERVICE seems to be what the public wants. If our service appeals to the citizens of
Chelsea we will be pleased.

All these new conveniences help to make Chelsea a better place to live in. Also attracts
new people to your city.

THE CHELSEA STANDARD

CONSTRUCTION CHANGES EXPLAINED

building of new gravel roads... changes made in the method of work

which, it is believed, will improve the quality of construction, according to the annual report of the county road commission which has been submitted to the board of supervisors.

ing of oversized stone at the gravel pit which has been required this year on three projects. Next year the commission plans to require all contractors on new gravel roads to meet this specification.

The other change has to do with the method of applying gravel to the roadbed. The standard practice is to channel or trench the grade when it is time to begin graveling and the earth plowed from the center of the road is deposited along the shoulders adjacent to the trench. The result is soft shoulders and soft gravel for traffic.

The new method is to finish the grade so that its center is about three inches lower than the shoulders. Traffic will pack the subgrade before gravel is placed so that when graveling begins, it is laid on a solid surface. The gravel is kept spread out and is allowed to become compact under the traffic which can travel over it easily. The top course is spread in a similar manner and the road is maintained as a finished gravel highway.

The first road constructed in this county by this method was in 1925 and the experiment was watched by the commission until this year when another section was built in this manner on Six Mile road. The results appeared so satisfactory that the Macon-Britton road, Section 5 of the North Territorial road, Cavanaugh Lake, Seven Mile and a portion of the Pleasant Lake road are being done in the same manner.

The road commission expects the new method will give as good roads as the old way. Water does not stand in the trench and soften the grade and traffic gets the benefit. Cost of construction is reduced somewhat as the tearing up of the subgrade in channeling is eliminated. The state of Minnesota has used the method with success for some years, the commission says. Buy Chelsea Milk!

When you get milk from us you know you are getting milk that is produced from our own herd of carefully selected tuberculin tested cows (mostly Jerseys). When we need more milk than our own herd produces we buy from two neighboring tuberculin tested herds. This milk is produced under our own personal supervision.

WE HAVE PASSED STATE INSPECTION

This milk is all given proper care from the time it is milked until it is delivered at your door. Our cattle, milk and premises have always passed state inspection.

OUR CREAM GETS THE SAME CARE

Our cream is produced from another herd of tuberculin tested cows and is given the same careful inspection that our milk receives.

KNOW WHERE YOUR MILK AND CREAM ARE PRODUCED!

REMEMBER that it pays to buy your milk and cream from a dealer that you know produces his own milk and cream.

Pointed-Toed Shoes Old
Pointed-toe shoes have been worn by women for centuries, according to disclosures made during recent excavations near the Bank of England in London. Leather soles of shoes worn by Roman women of the London of 1,800 years ago were unearthed.

"Piccadilly"

There is some difference of opinion concerning the derivation of the name "Piccadilly." It is believed to be from "piccadillo," the small stiff collars affected by men of fashion of the time of James I. The street was named for the house of entertainment known as "Piccadilly house."

Paradoxical

Paradox literally means that which is "against opinion." It is a statement or proposition contrary to common received opinion. It also means a statement that seems on the surface contrary to common sense, but in reality is perfectly true, the word being used in a special sense.

ROSA RAISA, RIMINI, WILL
APPEAR IN ANN ARBOR

Rosa Raisa, leading dramatic soprano, of the Chicago Civic Opera Company, and Giacomo Rimini, distinguished baritone of the same organization, will make their Ann Arbor debut in a concert opening the Hill Auditorium Friday evening, October 28, at 8 o'clock.

These two artists are world famous on the opera stage. Miss Raisa was born in Russian Poland, and in order to develop her artistic talent had to surmount many difficulties and trying circumstances. When a young girl she escaped from the Pogrom that led to the great massacre in Kiev. Fortunately in Italy she was enabled to study music, and finally after several years of study and public singing she was discovered by the great Campanini, who at once engaged her for the Chicago Opera Company, where she has thrilled many audiences since that time. In addition to her artistry, she is an accomplished linguist, speaking fluently several languages. Her repertoire is broad, having mastered more than twenty-five leading roles. Wherever she appears her artistry and personality is such that she is a dominating figure.

Giacomo Rimini was born in Italy, and was discovered by the great Toscanini. After singing in various European opera companies, like Raisa, he was brought to Chicago. There his opera activities are so heavy that time is provided for only a few concert appearances, one of which will take place in Ann Arbor on this occasion.

WHO KILLED THE LODGE?

"It's lodge meeting night," said Bro. Brown.
"But I don't think I'll go down; I'm tired and it's pretty cold tonight. And everything will go all right. If I'm not there," So he sat and read The paper while then went to bed. Having stayed at home from the meeting.

Thus one and another made excuse, And said as long as they could their dues. And assessments promptly they could not see. What the difference was if they should be. Away from the lodge room on meeting night, And argued to prove they were right. In staying at home from the meeting.

"It's lodge meeting night," said Bro. Gray.
"But I guess I had better stay away; I don't like the way the young folks take things into their hands and try to make The 'Good of the Order' all jokes and fun, And I think something sensible ought to be done." And he stayed at home from the meeting.

And the earnest officers of the lodge, And the faithful few who didn't dodge. But did their own and others' work. Fulfilling the tasks that others shirk. Grew discouraged at last and in dismay. The Grand Lodge took the charter away. Because all stayed at home from the meeting.

BREVITIES

BLISSFIELD—Grand Lodge officers officiated at the dedication of the new Masonic temple here Wednesday evening, October 20. Geo. W. Graves, grand master of the Grand Lodge of Michigan was the dedicating officer. A banquet followed the ceremony.

TECUMSEH—The First Presbyterian church of Tecumseh will celebrate its one hundredth anniversary April 6, 1928. Committees have been appointed to make arrangements. The church members are planning for a great celebration at that date. Herald.

CHARLOTTE—Unknown parties took a \$150 Guernsey cow from the pasture lot of Arby Lovell, near the water works some time Sunday night. The animal was traced west to the new pavement when trace was lost. The theft was reported to Sheriff Boorn but to date there is no clue. Republican.

MANCHESTER—After going thru a world of necessary preliminary work, the Common Council is now taking the last step looking to the new pavement for the village by fixing the date of special election on the matter at Saturday, October 29, seven in the forenoon until eight in the afternoon, Eastern Standard time. Enterprise.

SOUTH LYON—Motorists coming from Detroit on Grand River road will have no difficulty in reaching South Lyon, for a sign of some proportions has been erected at the junction of Grand River and South Lyon roads, eleven miles east of town, directing travelers. The sign was put up by the South Lyon Board of Commerce and is really ornamental. Herald.

NORTHVILLE—Work on the new concrete bridge over the Pere Marquette tracks on Griswold street is progressing very favorably. The construction of the new bridge near the Ford plant will be started in the near future. However Griswold street will not be paved by the county until in the spring, it is understood. Record.

WILLIAMSTON—Ingham county owns and maintains its own tuberculosis sanatorium located near Lansing. It consists of 20 acres of land of which are four wooden buildings. These buildings provide room for 46 adult beds and 18 children's beds. The actual need is claimed to be for from 60 to 80 adult beds and at least 25 for children. Enterprise.

PINCKNEY—Sylvester Harris, while hunting frogs last week at Barber Lake came upon four rattlers which he succeeded in capturing alive. One was of considerable size but three were small. They were captured by placing a forked stick around their necks and pinning them to the ground. Saturday they were sold to the laboratory department at the U. of M.—Dispatch.

MILAN—Inclement, wet weather has delayed the operations on the west Main street pavement, and while work has been going on for several weeks the job is moving along slowly. The heavy rains have made it difficult to do much work. The contractors have made plans to start pouring concrete within a day or two as soon as the weather will permit. The heavy roller was brought onto the job early this week and it is expected that work will progress more rapidly next week. Leader.

GRASS LAKE—Glen Myers, of Grass Lake, and Arlie Burns, also of this village, were winners in the automobile races at Bryan, Ohio, last Sunday. 1,500 persons witnessing the events. Myers and Burns were contestants for first in the opening five miles race, Myers winning, covering the distance in seven minutes and 28 seconds. Nine cars were entered in the 15 mile event. Myers driving a Chevrolet, being the winner. The time was 18 minutes and 40 seconds. Only four cars were in the race at its conclusion and Myers ability to take the curves at fast speed enabled him to best his competitors. News.

BROOKLYN—Thieves broke into the Rexall Store here Tuesday night and got away with merchandise and money totaling about \$200. They entered the back door by breaking the heavy plate glass. Besides about \$40 that had been unintentionally left in the cash register they took cigars, cigarettes, pipes, fountain pens, watches and other items. A check up by officers indicated that the job was done about 2:00 a. m. and that the thieves departed by auto towards Jackson from which point it is known that such a gang is operating. Exponent.

JACKSON—Col. Charles S. Chamberlain died at his home, 1003 Williams street, this city, Sunday evening, at 7:30, following an attack of cerebral hemorrhage last Tuesday. Deceased was born in Webster, Mich., October 11, 1855, and had been a resident of Jackson 19 years. Colonel Chamberlain was best known in recent years as an auctioneer, prior to which he was a real estate broker. He was a member of Home City Lodge, No. 536, I. O. O. F., and of Rebekah Lodge, No. 228. His wife survives. Funeral services were held at the home Wednesday at 10:30; burial at Dexter.

DEXTER—Burglars entered the Dexter Motor Sales garage last Sunday night by forcing open the back door, after which they gained entrance to the office by breaking out a corner of the glass in the door and reaching in and turning the latch. They took the small change left in the cash register and rummaged through the safe, which was not locked and contained only papers; they also broke into a tool box and carried away some tools, an electric drill valued at \$35, and a welding outfit. A reward of \$50 is offered for the arrest and conviction of the guilty parties. The garage was also broken in

to about two weeks ago but nothing was taken. Leader.

New Type Delco-Light a scientific marvel Does Everything but Think!

All the advantages
of an automatic
Delco-Light

combined with

All the advantages
of a storage battery
Delco-Light

Operates from battery on small loads. Automatically switches to power for heavier service. Uses smaller battery—thus costs less. Requires less fuel. Demands practically no attention. This amazing achievement the result of 15 years' research by Delco-Light engineers. Approved by General Motors after 7 years of gruelling field tests.

Now comes a new type Delco-Light Plant that astounds even those scientists and engineers who are in daily contact with the epoch-making achievements of electrical science.

When you see this amazing Delco-Light Plant, you will agree that it is a decade ahead of everything heretofore conceived by any manufacturer of farm electric plants.

Write or phone—and get full information about this new achievement of Delco-Light and General Motors. Or call on me personally and see the evidence with your own eyes. And remember—if this newest model doesn't exactly suit your needs, there are many other Plants to choose from, now priced as low as \$225. Don't wait. Write or phone or call today.

WITH NO PATENT LIMITATIONS TO HAMPER, CROSLEY SWEEPS THE RADIO FIELD WITH THE 6 TUBE BAND-BOX RECEIVER AT \$55.00.

The great radio patents of The Radio Corporation of America, The General Electric Co., The Westinghouse Co., The American Telephone and Telegraph Co., and The Hazeltine and Luntz Corporation combined with Crosley's experience, mass production methods and radio leadership produce the superlative value of the radio market today.

This Bandbox is totally shielded. Copper shields cover coils, cadmium-plated steel covers the condensers. Wiring is completely shielded from both. The Bandbox is completely balanced. It is a genuine neutrodyne.

The Bandbox is equipped with Accumulators—secondary adjustments to be used only on weak, distant signals and when cruising for far-away stations that ordinary one dial sets miss entirely. The "Bandbox" possesses a volume control by which strong local dancing volume can be reduced to a whisper without distortion or detuning. The Bandbox operates with a single tuning knob which turns an illuminated dial. This feature for shadowy corners is greatly appreciated.

The Bandbox is easily installed in console cabinets being so designed that a few screws removed from the escutcheon and the bottom releases chassis from the outside metal case.

Crosley Radio is Licensed only for Radio Amateur, Experimental and Broadcast Reception.

Screen Version Greater Than Play, Unanimous Verdict of Nation's Foremost Screen Reviewers

"What Price Glory" Is Not Just a War Picture, But a Magnificent Love Story With the World Conflict as a Background for Its Human Drama.

Every decade there appears on the theatrical horizon a stage or screen presentation so powerful in its appeal, whether it be comedy or tragedy, that it at once radiates its fame to the remotest corners of the nation. It immediately grasps attention and becomes a byword and the topic of everyday conversation. Everyone will admit that there is no more positive proof of this than "What Price Glory." As a stage play it was a sensation. Now comes along that most powerful and searching of all agencies that reflect and re-create, the motion picture, and the sensation takes on all the widespread and interest arousing energy of a furor. This is exactly what has happened to William Fox's screen presentation of this celebrated play, which comes to the Arcade Theatre, Ann Arbor, for a seven days' engagement, commencing Sunday, October 23.

The nation's foremost screen critics have been unanimous in their commendation of this motion picture masterpiece, declaring that it surpasses the celebrated play by Laurence Stallings and Maxwell Anderson in every particular despite the greatness of the stage attraction.

It is proclaimed by all those in authority as the greatest motion picture of the year. It is not a war picture. War is its background. It is no more a war play than a love comedy laid in a sylvan setting would be called a rural play. Its authors took war as the canvas on which to sketch their story; was as the great influence on men and women that would bring out pathos, comedy and human appeal as no other crisis in the affairs of nations could bring.

Above all else there is comedy. Probably no picture ever made along the edge of a great world tragedy ever had so much comedy.

"What Price Glory" on the screen is peopled with real and human characters that will at once win favor. They are not just types. They are the genuine thing in front of the camera, which makes no mistake. "What Price Glory" is not only a great and absorbing picture, with thrills and heart throbs and a world of comedy, but it is crowded with incidents that will bring a chuckle and a thrill long after the moment you see it.

Why Shop Is Dark

A blacksmith keeps his shop dark because his work with iron demands that he should see the "heat" colors of the metals. This would be difficult in a well-lighted place. Brooklyn, N.Y.
