POTATO SHOW WILL INTEREST LARGE NUMBER ON SATURDAY

Display of Season's Products Saturday Afternoon and Evening, Banquet Monday Will Be Feature Event.

Display of choice potatoes produced by members of the 4-H Potato Club in the vicinity of Chelsea will be open to the public Saturday afternoon and evening of this week at the Sylvan Town Hall, when members of the club will exhibit the results of a season's work in the interest of better seed potatoes in this community. Members of the club, more than forty in number, have been sponsored by the Kiwanis club of Chelsea, each member of the club being responsible for the interest of one boy and the result has been gratifying to all concerned. Beginning with certified seed potatoes in the spring, the boys have produced an excellent grade of potatoes which will be available to farmers of the community for seed, or others who wish to buy eating potatoes for the winter will find plenty of that variety.

Potato exhibits will be in place at the town hall at 10:00 a. m. Saturday. From 10 to 12, the exhibits will be judged by P. G. Linder, assistant state club leader of East Lansing. Ribbons will be awarded to winners of the first ten places in each of the four clubs represented. At twelve o'clock the exhibit will be opened to the public and remain so throughout the afternoon and evening.

Each potato club member sponsored by Kiwanians will receive a silver pencil, and prizes within each of the four clubs will be as follows: First, \$2.50; Second, \$1.50; third, \$1.00; and fourth, 50c. The first grand prize will be a Collie puppy, valued at \$25, which is being donated by B. B. Turnbull. A prize of \$5.00 will be awarded the second grand prize winner. A 4-H club flag will be given to the club having the best demonstration team.

On Monday evening of next week the potato club members will be guests of the Kiwanis club at a banquet to be held at the Catholic school. One parent of each boy will also be included among the guests. The banquet will be served at 7 o'clock after which a program of speaking and singing will be enjoyed. Nicholas singing will be led by P. F. Niehaus, the Kiwanis quartet will sing, club stories will be told by club members, and an address by Dr. Willard of Michigan State College will be featured of the evening, and these will be followed with presentation of prizes to winners in the potato show, which will be awarded by the agricultural committee of the Kiwanis club.

EIGHT HUNTERS ARRESTED FOR LAW VIOLATION

The hunting season is bringing on the usual number of violators of the no hunting and trespass laws, and as a result eight arrests either have been made or will be made by officers on complaint of the Sylvan Estates Golf club for violations of last Sunday. On Tuesday three Ann Arbor men were arraigned before Justice E. P. Steiner on complaint of the club, and paid costs. On Wednesday a representative of a Jackson man appeared for him in Justice Steiner's court and paid costs, and today local officers went to Detroit to get three more men who will no doubt pay costs of prosecution. All are the result of complaints filed by the golf club.

NORTH-SYLVAN GRANGE
North-Sylvan Grange will meet with Mr. and Mrs. Chris. Kalmbach on Friday, Nov. 11. Scrub lunch. The program is as follows: Roll call—What kind of work do you enjoy doing most? Solo—Mrs. Inez Lesser. Reading—Mrs. Walter Bentler. Solo—A. B. McClure. Question—Is our Grange doing what it did a few years ago? If not, why not? Led by N. M. Laird.

NOTICE

No hunting or trespassing of any kind will be allowed on the F. D. Cummings estate farms in Sylvan.

MRS. ANNA DOODY PASSED AWAY WEDNESDAY MORNING

Mrs. Anna Doody died Wednesday morning, November 2, 1927, in St. Joseph hospital, Ann Arbor. She was stricken with a heart attack Monday evening and taken to the hospital on Tuesday.

She was born in Lyndon, January 24, 1878, and was a daughter of John and Anna Conlan, who for many years were well known residents of Lyndon.

She was united in marriage with George Doody in April, 1909, and they resided on the Doody farm in Lyndon until five years ago when they moved to Chelsea.

She is survived by her husband, two daughters, Agnes and Anna; three sisters, Mrs. John Young and Mrs. Eugene McKernan, of Lyndon township, and Miss Theresa Conlan, of Grosse Pointe; and two brothers, Dr. W. A. Conlan, of Detroit, and J. A. Conlan, of Chelsea.

Funeral services will be held at 9 o'clock Friday morning at St. Mary's church, Rev. T. J. Fallon officiating. Interment will be in Mt. Olivet cemetery.

ALBERT ROEPCKE
Albert Roepcke of Gregory, died very suddenly about one o'clock Monday morning. At about midnight Mrs. Roepcke had a conversation with her husband and when she awoke at one o'clock she found that he had passed away.

For several years they were residents of Chelsea, and Mrs. Roepcke taught in the Chelsea public schools. He is survived by the widow, one daughter and several brothers and sisters.

The funeral was held in the church at Unadilla today. Burial was in the Unadilla cemetery.

PINCKNEY FALLS BEFORE CHELSEA HIGH ONSLAUGHT

For the second time this season Pinckney High's football team met defeat at the hands of Chelsea High, when the local team journeyed to the neighboring town Friday afternoon and met the enemy on their own ground. The score was 14 to 6.

No scoring was accomplished by either team in the first half of the game. Chelsea scored a touchdown in the third and fourth quarters and succeeded each time in their try-for-point, giving them 14 points. Pinckney scored one touchdown in the fourth quarter and failed in the try-for-point following.

Chelsea's team will go to Clinton Friday of this week. A good crowd accompanied them to Pinckney and it is hoped as good a crowd will go to Clinton. Chelsea defeated Clinton in a game earlier in the season and hope to repeat. So far the locals have come through undefeated and a supreme effort will be made to keep this record throughout the season.

The Chelsea team will go to Grass Lake this Friday and on the 11th will go to Clinton. On the 18th and 24th they will play Manchester, the last game being played there.

JOHN WALSH RESIDENT OF SYLVAN FOR 75 YEARS

Pioneer Resident Passed Away Sunday at Age of 89 Years; Funeral Wednesday.

John Walsh, for 75 years a resident of Sylvan township, died at his home on Congdon street about 9 o'clock Sunday morning, October 30, 1927.

Mr. Walsh was born May 12, 1838, in County Cork, Ireland. His parents came to this country when he was 14 years of age, and settled in Sylvan.

He was united in marriage with Miss Anna Kennedy of Detroit, on January 20, 1879, and they made their home on the farm until a few years ago when they moved to Chelsea. Eight children were born to this union, three of whom have passed away.

He is survived by the widow, three daughters, Mrs. Edward Keusch of Chelsea, Mrs. Elizabeth Harrington of Detroit, and Mrs. Anna Dvorak of Chelsea; two sons, John of Detroit, and Joseph of Pontiac, and seven grandchildren.

The funeral was held at 9 o'clock Wednesday morning in St. Mary's church, Rev. Father Fallon celebrating the mass. Interment in Mt. Olivet cemetery.

RED CROSS ROLL CALL IN CHELSEA SATURDAY

Cheelsea folks will have an opportunity to renew their membership in the Red Cross organization Saturday, November 5, which has been designated as the annual roll call day. A quota of 200 memberships has been assigned the local group and it is hoped the public will respond liberally in the enrollment. Memberships are \$1.00 each.

That the Chelsea branch of the Red Cross has been doing excellent work as an organization is evidenced by the fact that during emergency periods such as the Mississippi flood relief campaign the past spring and summer more than \$300 was contributed from Chelsea and vicinity to be used for relief work in the stricken territory. At Christmas time, working with the Kiwanis club, supplies, clothing, food, etc., were distributed among worthy families in and about Chelsea where the cheer of Christmas time would have been sorely lacking were it not for the attention of the Red Cross organization. These and many other deeds of kindness and relief such as only the Red Cross can give are among the reasons why Chelsea folks should supply the quota of 200 annual memberships.

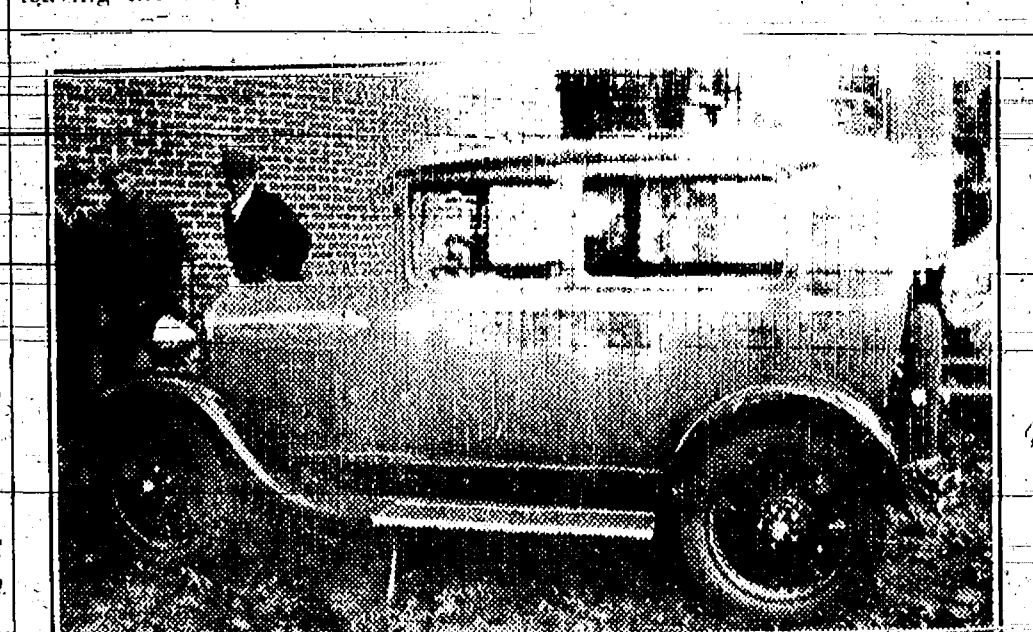

Young ladies will be stationed at the postoffice and both banks to receive the enrollment of members.

NEW FORD CREATES SENSATION WHEN PUBLIC GETS FIRST GLIMPSE

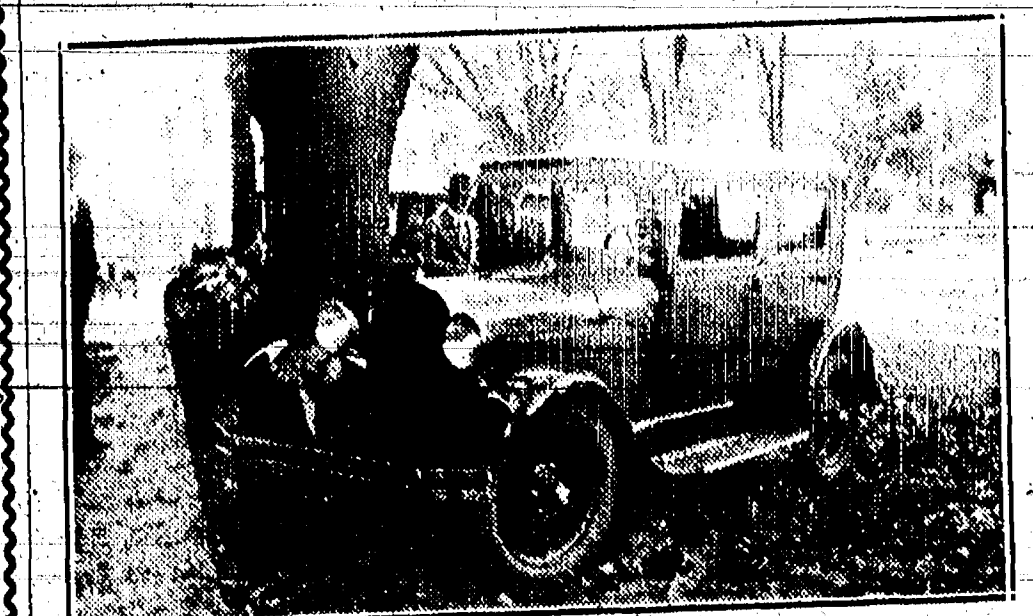

The Standard herewith presents two views of the new Ford car which were taken one day last week when two officials of the Ford Motor Company stopped at Brighton for lunch, leaving the car parked in the rear of

the Hotel Lincoln. The manager of the Brighton Argus, a McClure Bros. publication, succeeded in getting two good snapshots of the car and we are pleased to reproduce them herewith. Much speculation is rife as to when

class cars of today. It is believed also to be of longer wheel base than the old car, with body lines resembling those of the Lincoln.

In answer to inquiries as to when the car would be on the market, the

the new Ford will be on the market, but as yet no definite date has been set for its introduction. Suffice to say that when it does appear there is bound to be general satisfaction with the new body lines, new motor. In fact the entire car is declared to be different from the old model. Those within a short time

occupants of the car in Brighton Friday would only say that it would be very soon. With this statement to support the rumors which have been heard during the past week or two, it is expected the public will be permitted to see the new Ford car and realize fully.

The Mechanical Tape Worm

Dependence on the tea kettle method is a nuisance and on the furnace coil method is costly of coal. The only fully satisfactory answer is "you can do it better with gas."

The evolution of water heating within the last ten years has been nothing short of phenomenal, and the result is a gas water heater as nearly perfect as science can produce. You will have one in your home sooner or later. Why not let us install it this month and give you that extra convenience for this winter?

Some folks have an idea that a coil in the furnace supplies hot water without any extra cost. But we are told by those who have made actual scientific tests that the hot water coil in a furnace is very extravagant, using up fully one-fifth of every ton of fuel.

Many homes, modern in every other respect still maintain hot water systems that are as unsatisfactory as they are wasteful of time, energy and money.

PROGRESS

Fifteen or twenty years ago snow and mud prohibited the operation of automobiles during some portion of the year in virtually every section of the United States. Many will remember the practice then in vogue of raising the car on blocks and deflating the tires for the winter. These were the days when trans-state touring by motor in summer was more adventurous than transcontinental touring in winter is today.

Had there always been improved highways connecting the East with the West and the North with the South the automobile would have been a more rapid mode of transportation from its inception. Today transcontinental and interstate highways give proof that motor touring is no longer subject to weather conditions. If the summer trend of motoring is from the West to the East and from the South to the North, winter travel points westward and southward.

Already the winter motor caravan has attained to gigantic proportions, causing one to wonder what it will be when the last of the trunk line or inter-sectional highways has been completed. Although great progress has been made in highway building the long-distance motorist will still encounter in some states stretches of dirt road which are "hub-deep" with mud in some months of the year and on which snows are permitted to accumulate undisturbed by motor plow or shovelman.

Less than a decade ago probably not more than one per cent of the people of this country had visited more than a half dozen of the forty-eight states of the union. Today a much larger percentage has traveled from coast to coast and from Maine to Florida. One cannot overestimate the value to the nation of this domestic sightseeing. Provincialism and sectional prejudices are vanishing before the army of motor tourists.

A CHRISTMAS SUGGESTION

Christmas is not far away to begin planning for it. Many of the churches have already begun to lay plans for the proper observance of Christ's natal day. There is so much about Christmas coming up with thoughts of it that if one were to write he could cover many pages and nobody know it—and yet half of this sweetest story would remain untold.

What a happy thing it would be this year to pick out somebody you know who ordinarily will not have a happy Christmas—somebody whose life is not all "huzzahs and sunshine"—somebody whose story has been written with the pen of its disappointment and despairing difficulties—somebody whose soul has been pinched and his heart choked by the circumstance of fate, over which he is in no way in control, but who nevertheless in the conviction that these still is a Santa Claus, even though Santa is imprisoned out of his or her life in childhood forever.

Think a little and you will see in your mind this man or woman, or maybe a child. On every side they will be found. If you know the inside story of that man or woman you do not like because of "something or other," perhaps if you would draw a little closer and raise the curtain of their lives, you would stand back in amazement and then wonder why you had disliked them without knowing why. Perhaps—but, why go on?

Let us begin now to think of some one to make happy this Christmas—some one who is undoubtedly overlooked in the mad, glad rush. Perhaps this some one may be rich or well-to-do financially, it doesn't matter, whether rich or poor, make it a point this year to remember some of these unfortunate, unhappy victims around whose lives fate seems to have hung a pall.

THE TURKEY'S MARTYRDOM

The approach of Thanksgiving suggests the question: Does the turkey enjoy being eaten? He does, if he is given to know the satisfaction that goes with fulfillment of purpose. That bird was made to be eaten. Man's palate says so, and the texture of the turkey's meat and the generous distribution of "light and dark" around his bones are confirmation strong as proof of Holy Writ. Then there is the turkey's proverbial pride, which warrants the inference that he pulls himself up in vanity over his surpassing edibility. For what else could he be so vain?

The turkey's life is a careful preparation for martyrdom in the cause of man. For months the bird is given to commandize. Its pride also is fed with the admittedly appraising glances of humans that are cast its way. And to cap the climax of its glory it has become identified with a holiday. In its apotheosis it is glorified. Culinary art exhausts itself in preparation of the bird for table and it is honored with the richest plate in the closet. If the turkey's pride lives after it, it is well repaid by the honors showered upon it in kitchen and dining hall by a grateful nation.

In colleges now the higher learning is how to tackle low.

The man who rushes into trouble usually hobbles out on crutches.

It is sometimes disappointing to discover that a hero is only human after all.

COMMENDS DEPARTMENT

The postoffice department deserves warm words of commendation upon the announcement that the activities of undesirable mail patrons are to be curbed as far as possible, under the Toledo Blade. Included in the list of so-called undesirable patrons are those business houses which send out by mail thousands of parcels of unneeded merchandise, neckties and handkerchiefs, and which attempt to use the facilities of the postoffice department for safe return of rejected packages or as a collecting agency for such goods as may be accepted by the recipients. Some further restrictive legislation may be necessary, the

first assistant postmaster general says, and the next congress should pass it as quickly as possible, for the recommendation that practice be made an offense against the postal laws is sound and sensible. It certainly should not be possible, under any law, for a dealer in any kind of goods to thrust them upon the public with demand for immediate return or prompt payment. The parcel post never was intended for this nuisance traffic which has grown to great proportions, frequently in direct competition with home-town merchants.

SAFE DRIVING REQUIRED

It is the careless driver that makes railroad grade crossings dangerous.

Whenever a grade crossing accident occurs the public has a habit of considering the crossing instead of the driver. Nearly every grade crossing accident is preventable. Careful driving would eliminate this hazard entirely. The automobile is what we must think about, not the crossings. Ninety per cent of all auto accidents occur on highways. Not over 10 per cent occur at grade crossings. Separation of grade crossings would entail a heavy burden on the taxpayers while leaving 90 per cent of the hazards of automobile accidents unheeded for. Safe driving costs nothing, yet it would remove the hazards of driving, not only at grade crossings, but

on the highways as well.

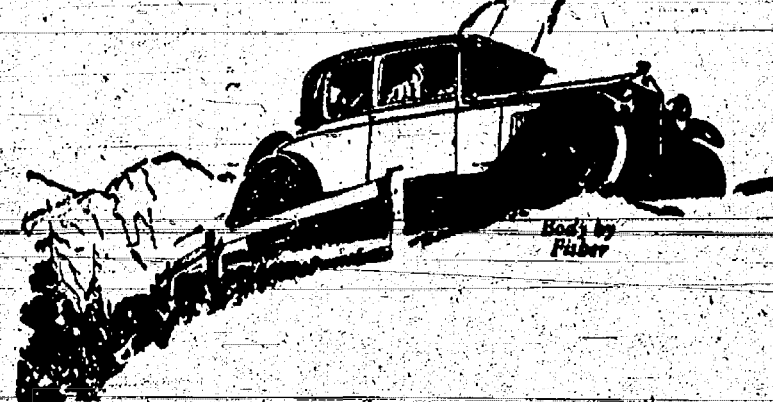

There are some persons who prefer failure to making the business.

Spending makes you poorer, but gives you a delightful sensation being rich.

Any pedestrian knows the percentage of boneheads who are driving automobiles.

A five-cent cigar is probably about as satisfactory as anything else that is cheap these days.

LODI—What is reported to be quite an ambitious rabbitry is being erected on a place of land just north of George J. Klager's farm, on the Saginaw-Arbor road.

STOCKBRIDGE—The wedding of Mrs. Edith M. Crouse and W. J. Danforth was quietly solemnized Saturday, October 22, at high noon, at the First Presbyterian church at Jackson. They left for a six weeks trip to California.

DENVER—The old well on C

street, where for many years stood a windmill that pumped water into the tank that served as a watering trough, has been filled up, by order of the village council, and thus another landmark falls before the wheels of progress.—Leader.

SALINE—It would seem that Detroit is the celery center of Michigan judging by the large quantities that have gone through here of late. One day last week no less than 14 large truck loads were counted and every day, Sunday included, numerous loads rattled through town. This celery is raised around Manchester.—Observer.

BROOKLYN—Thieves again broke into Brooklyn business places last week. At the Brooklyn Candy Kitchen they broke open the back door and stole quite a quantity of cigarettes and package candies besides \$2 in change that the cash register contained. At the Brooklyn Tire Shop they also gained entrance by the back door, taking \$10 cash from the till and three new auto tires from a rackful.

JACKSON—Inmates of the new Michigan state prison who choose to run from the institution without the consent of officials in the future are likely to find the going hard and dangerous. Announcement was made recently by Warden Harry Jackson that machine guns have been installed at vantage points in the guard towers and guards have been taking special instructions in their operation. From Lieutenant G. C. Wilson, U. S. Army, stationed here.

JACKSON—The American Legion drill team will be met by the entire Jackson Legion post and a large body of citizens when they arrive at the Michigan Central depot Sunday afternoon, Nov. 6. Plans for a welcoming banquet for the drill team, to be given shortly after their arrival, here, were considered at a meeting of Richard P. Smith post, No. 29, held at the American Legion home Thursday evening. No definite date was set for the banquet.

SOUTH LYON—Albert Read suffered the loss of about 125 Plymouth Rock broilers Tuesday night when thieves carried them away from the farm of Mrs. Adie Read, west of town. The chicken house is located across the road from the Read residence, and the occupants of the house knew nothing of the affair until they went to feed the fowls the next morning and found only about 55 left in the pen. Tracks could be seen at the side of the road where the birds had evidently been loaded onto a truck.—Herald.

ROWLERVILLE—Dan Adams of Fowlerville, who is now a Sophomore at Alma College, has again made a place in the College Band. In the trumpet section. Mr. Adams is known on the campus through his musical ability. With a membership of 31 and the prospect of increasing this number before the end of the term, the band is doing some fine work. It plays at all the College mass meetings, follows the football team to play at the games, and will undoubtedly make a ten-day concert tour through the state at some time during the spring term.—Review.

TRUMENH—The Will Carleton Memorial Association held their annual meeting and banquet at Carleton, Michigan, Saturday evening, at which time officers were elected and it was decided to beautify the graves of Michigan's poet and his wife. At the next meeting to be held in July a bronze tablet of the poet is to be unveiled and the highway in honor of the poet will be dedicated. Will Carleton was born two miles east of Hudson, Michigan, October 21, 1854, and died at Brooklyn, Michigan, in 1912. The village of Carleton was named in his honor.—Herald.

GRASS LAKE—When a fast west bound Michigan Central passenger train played through a herd of Jersey cattle, which were being driven across the track near the J. C. Haltz farm west of Grass Lake village, Saturday morning, seven of the animals were killed. The scene of the accident is near a curve. Mr. Haltz, with two farm hands, was engaged in driving the animals over the crossing when the train rounded the curve and plowed into the herd. The animals killed were a part of a very fine lot of Jersey cattle and the loss is keenly felt by Mr. and Mrs. Haltz.—News.

MILAN—Four men were arrested last Thursday and Friday on a charge of stealing honey from the hives on the farm of Arthur Helzerman. The arrests were made by deputy sheriffs Blom Clement and Harold Gauntlett in the vicinity of the men's homes near Oakville. The men were Hasley Little, Claud Little, Homer Johnson, and Neven Goetz. Three were arrested Thursday afternoon and taken into Ann Arbor, the fourth was taken into custody Friday morning. The men had stolen fifty or sixty pounds of honey and had destroyed the hives. The four pleaded guilty to the charges when arraigned before Justice of the Peace E. O. Loveland, Friday morning. They were fined five dollars each and costs and were made to pay the cost of the honey, \$25.—Leader.

Ronald Colman and Vilma Banky Again

To announce, as he did yesterday, that Ronald Colman and Vilma Banky are coming to the Arcade theatre is enough recommendation for any motion picture. In the opinion of Manager Jas. S. Helldon, who will introduce the couple's latest production, "The Magic Flame" next Sunday, November 6.

"Mr. Colman and Miss Banky have in the past year made but two motion pictures," said Mr. Helldon, "and in those two pictures, 'The Night of Love' and 'The Winning of Barbara Worth,' they have firmly established their reputations as the greatest motion picture lovers on the screen. A great New York newspaper, 'The Daily News,' recently held a popularity contest and elected Vilma Banky

the most popular motion picture actress. Ronald Colman was chosen one of the three most popular male stars.

"I suppose on the rare occasion when I am able to present one of their pictures, I could fill my theatre at every performance by merely announcing the names of these two stars. But on 'The Magic Flame' I want to do more than that. I saw a print of the picture last Tuesday and I can honestly say that the Arcade is offering more than two stars—we are offering two great artists and one of, if not the, best motion picture of the year."

"The Magic Flame," according to Manager Helldon, has everything that goes to make up great entertainment. He says it is human and true to life and is yet marvellous romantic entertainment. The characters are not 'acting' but you feel that they are real people, living the action they portray on the screen. If the audience which comes to the Arcade theatre needs any further recommendation for 'The Magic Flame' let me say that it was produced by Samuel Goldwyn, who, I venture to say has turned out more of the very highest quality motion pictures than any other producer in the industry. During the last two years he has had a continuous line of great motion pictures and 'The Magic Flame' will maintain and increase the reputation the others have won for him.

"I don't believe that the man who produced 'The Dark Angel,' 'Stella Dallas,' 'The Night of Love' and 'The Winning of Barbara Worth' could turn out anything but a great motion picture."

"As regards Henry King, he is the man who directed 'Tol'ble David,' 'The White Sister,' 'The Winning of Barbara Worth' and 'Stella Dallas.' Could any public ask for more?"

DELCO-LIGHT
that marks an epoch in
farm electric service

Get the facts about this DELCO-LIGHT achievement without delay. Write, phone or call on me personally for full particulars

If you think that all farm electric plants are much alike, see the newest achievement of Delco-Light and General Motors. Here is a plant that wins with the enthusiastic acclaim of scientists, engineers, electrical experts and farm people.

Small Loads from Battery

This new-type plant operates from the battery on small loads. Automatically switches to power for heavier service. Uses small battery—thus costs less. Requires less fuel. Demands practically no attention. It is the result of fifteen years' research by Delco-Light engineers. Approved by General Motors after seven years of grueling field tests.

To Our Patrons—

We thought Ronald Colman and Vilma Banky had reached the zenith of their careers as screen lovers supreme when last they were shown in this city.

However, in their new romantic photoplay, "The Magic Flame," they rise to new heights of burning genius. It is positively the sweetest, although most dramatic, story they have ever had.

Not a moment in "The Magic Flame" is without its romance and its thrill and suspense.

We consider "The Magic Flame" altogether worthy of special heralding as this season's premier attraction.

Sincerely,

JAS. S. HELSDON,
Manager.

LOVE!

Tender! Glorious!
Cold! Disheartening!
Sweet! Inspiring!
Cruel! Suspicious!
Gentle! Luring!
Fiery! Jealous!
Powerful! Supreme!

Guiding them with the love of a mother, the flame of true love leads them down the road of happiness.

GIRL RUN RUNNER AR- RESTED BY TROOPER

Captured after an escape from
 Miss Marie Edwards, 17
 Wayne, Ind., was arrested on a
 charge of transporting a
 of beer and four cases of
 whisky in her automobile.

Arraigned in court, she
 pleaded not guilty and was
 to jail in default of \$100 bail.
 Taken before Judge Sample,
 Sample of Edwards was en-
 gaged in a fight with the
 jury. Edwards, who was con-
 sidered a "bad girl," refused
 to testify, and she was cited
 for contempt. She will be
 sentenced on the liquor posses-
 sion charge next week. Her ex-
 penses on the liquor possession
 and transporting charge also was
 fixed for next week.

Miss Edwards is a decidedly
 girl, with large eyes and
 brown hair. She faced both
 Sample and her accusers in
 court with stubborn defiance.

The arrest was made by
 Trooper Lawrence J. Dann, who
 reported that Miss Edwards had
 escaped by jumping from a
 machine while it was traveling at
 fast pace. Dann said he learned
 this was Miss Edwards' third
 through Monroe on liquor
 expeditions from Wyandotte to
 Wayne.

Lawrence J. Dann, the arresting
 officer, is a son of Mr. and Mrs.
 Dann of Chelsea.

SAY FARMERS DUE FOR BETTER TIMES

Agricultural leaders in close touch
 with farm conditions corroborated
 each other at the annual extension
 conference held recently at Michigan
 State college in the statement that
 rural economic conditions are on a
 definite upward trend.

Michigan farmers are in the van in
 this forward movement, according to
 the statement of Dean R. S. Shaw, be-
 cause these farmers have not confin-
 ed their efforts to the production of
 any one crop. Both crop and live-
 stock prices show improvement.

Dean Shaw believes that a compari-
 son of the 1932 bank failures in the
 United States last year with the sin-
 gle failure that occurred in Michigan
 is proof of the soundness of economic
 conditions in Michigan.

Prices for horses, cattle, sheep, and
 hogs show every indication of im-
 provement, according to a statement
 made at the local conference by Dr.
 C. E. Ladd, director of extension
 work in New York. Dr. Ladd be-
 lieves that livestock prices move in
 cycles, up and down, and that the
 present upward movement will con-
 tinue for some time.

The New York economist also pre-
 dicted that there will be a great in-
 crease in urban population in cities
 between Buffalo and Chicago within
 the next decade, and that Michigan
 farmers will be called upon to supply
 the milk for these greater cities.

COPPER COIL SHIELDINGS AND NEUTRALIZED RADIO FREQUENCY STAGES ARE ONLY TWO OF NINE MAJOR FEATURES OF THIS AMAZING RECEIVER

Crosley's leadership in the popular price radio field is now augmented by license to use the utmost important radio principles of The Radio Corporation of America, The General Electric Co., The Westinghouse Co., The American Telephone and Telegraph Co., and the Hazeltine and The Latour Corporations.

This Bandbox is totally shielded. Copper shields cover coils, cadmium-plated steel covers the condensers. Wiring is completely shielded from both. The Bandbox is completely balanced. It is a genuine neodyne.

The Bandbox is equipped with Accumulators—secondary adjustments to be used only on weak distant signals and when cruising for far-away stations—that ordinary one dial sets miss entirely. The "Bandbox" possesses a volume control by which strong local dancing volume can be reduced to a whisper without distortion or detuning.

The Bandbox operates with a single tuning knob which turns an illuminated dial. This feature for shadowy corners is greatly appreciated.

The Bandbox is easily installed in console cabinets being so designed that a few screws removed from the escutcheon and the bottom releases chassis from the outside metal case.

Crosley Radio is licensed only for Radio Amateur, Experimental and Broadcast Reception

HORTON ANTI-TRESPASS LAW

In spite of wide publicity given the Horton anti-trespass law, which provides severe penalty for hunting on privately owned lands without first securing the permission of the owner or lessee, there seems to be a wide divergence of opinion as to whom has been delegated the power of enforcement under the provisions of the act. The law is specifically plain in this respect, stating it is the duty of all prosecuting attorneys to proceed with prosecution when complaint has been made.

Inasmuch as the law was primarily directed towards hunters, many landowners conceived the mistaken idea that all prosecutions would have to be made through the department of conservation, and the department has been flooded with letters in this respect. While the department officials are always willing to co-operate with local authorities whenever necessary under the plain provisions of the law. In fact, complaints may be made before any justice of the peace, who is empowered to issue a warrant without permit or consent of the prosecuting attorney.

STATE HENS SCORE AS EGG PRODUCERS

Michigan poultrymen scored signal honors on hens entered in the 5th annual egg laying contest which closed recently at Michigan State College.

The contest began November 1, 1926, and continued through 51 weeks. All birds entered in the contest received the same care and are subjected to the same conditions of environment, so that eggs produced are an accurate measure of the productive ability of the hens.

A pen of 10 White Leghorns owned by Harry Burns, Millington, won first place with a production of 2582 eggs. Third place was won by another pen of White Leghorns, entered by F. G. DeWitt, Grand Blanc.

Other Michigan representatives among the owners of the ten high pens were Karsten's farms, Zeeland; W. C. Eckard, Paw Paw; H. E. Dennison, East Lansing; E. G. Kilbourn, Flint; and George B. Ferris, Grand

Rapids. These men were also owners of White Leghorns.

Michigan poultrymen won four out of the five first places for production by Barred Rocks. Honors in this section went to F. E. Fogle, Okemos; John McClellan, Cass City; Herman Berndt, and Charles E. Atwater, Cadillac.

Three out of the first five places in the Rhode Island Red section went to J. Z. and D. H. Ballard, Okonago; C. N. Whittaker, Lawrence; and Mrs. John Goodwine, Charlotte.

Birds from Iowa, New York, Alabama, California and Indiana divided honors with contestants from Michigan.

Birds That Are Valuable

The biological survey says that during the breeding season a great many birds eat caterpillars, which they feed in large numbers to their young. The hairy caterpillars are not relied by many birds, till most conspicuous exception being the cuckoo. The yellow-billed and the black-billed cuckoo are notorious destroyers of the hairy caterpillars.

**NOTICE OF LETTING OF DRAIN
CONTRACT**

Notice is hereby given, That I,
Clayton E. Deake, County Drain Com-
missioner of the County of Washtenaw,
State of Michigan, will, on the
16th day of Nov., A. D. 1927, at the
east end of Cavanaugh Lake Road,
in the Township of Sylvan, in said
County of Washtenaw, at 10 o'clock
in the forenoon of that day, proceed
to receive bids for the construction of
a certain Drain known and designated
as "Sibley Tile Drain," located and
established in the Township of Syl-
van.

Said drain is divided into 1 Section
as follows: each section having the
average depth and width as set forth:
All stations are 100 feet apart.
Section No. 1 beginning at station
number 0.00 at the lower end of said
drain and extending to station num-
ber 22.70, a distance of 2270 feet, and
having an average depth of 6 1/4 feet;
and a width of bottom sufficient for
10" and 12" Sewer Pipe.

In the construction of said drain
the following quantities and character
of tile or pipe will be required and
contracts let for same: 70 feet of
10" No. One Vitrified Sewer Pipe;
2286 feet of 12" No. One Vitrified
Sewer (Catch Basins); 2 Catchbasins.
Said job will be let by sections. The
section at the outlet of said Drain
will be let first, and the remaining
sections in their order up stream, in
accordance with the diagram now on
file with the other papers pertaining
to said Drain, in the office of the
County Drain Commissioner of the
County of Washtenaw, to which refer-
ence may be had by all parties inter-
ested, and bids will be made and re-
ceived accordingly. Contracts will be
made with the lowest responsible bid-
der giving adequate security for the

performance of the work, in the sum
then and there to be fixed by me, re-
serving to myself the right to reject
any and all bids. The date for the
completion of such contract, and the
terms of payment therefor, shall and
will be announced at the time and
place of letting. Bids must be made
on Form of Contract provided at my
office and placed in sealed opaque en-
velopes. All bids must be accompan-
ied by a certified check or cash in the
sum of \$500.00.

Notice is Further Hereby Given
That at the time and place of said
letting, or at such other time and
place thereafter, to which I, the Coun-
ty Drain Commissioner aforesaid,
may adjourn the same, the assess-
ments for benefits and the lands com-
prised within the "Sibley Tile Drain
Special Assessment District," and the
apportionments thereof will be an-
nounced by me and will be subject to
review for one day, from nine o'clock
in the forenoon until five o'clock in
the afternoon.

The following is a description of the
several tracts or parcels of land com-
prising the Special Assessment Dis-
trict of said Drain, viz: Township of
Sylvan at large.

SE 1/4 of SE 1/4, N. 20 A. of E. 1-2
of SE 1-4, N. of Michigan Central
Railroad, in Section 11.

George Crafts, SW 1/4 A. of that
part lying N. of Michigan Central
Railroad of W 1/2 of SE 1-4, Section
11.

Michigan Central Railroad Co., E.
2150 feet of Michigan Central Rail-
road right of way in Section 11, Syl-
van Township.

Washtenaw County Roads, E. 2150
feet of Cavanaugh Lake Road in Sec-
tion 11 of Sylvan Township.

Now, Therefore, All unknown and
non-resident persons, owners and
persons interested in the above de-
scribed lands, and you, Howard Boyd,
Supervisor of Sylvan Township, Wil-
liam C. Pritchard, Highway Commis-
sioner of Sylvan Township, Claverton
Pray, Clerk of Good Roads and Otto
Luick, George McCalla and Forest
Roberts Good Roads Commissioners,
and you Mrs. Joseph Shiley, George
Crafts and Michigan Central Railroad
Company are hereby notified that at
the time and place aforesaid, or at
such other time and place thereafter
to which said hearing may be ad-
journing, I shall proceed to receive
bids for the construction of said "Sib-
ley Tile Drain" in the manner here-
before stated; and also, that at such
time of letting from nine o'clock in
the forenoon until five o'clock in the
afternoon the assessment for benefits
and the lands comprised within the
Sibley Tile Drain Special Assessment
Districts will be subject to review.

And You and Each of You, Owners
and persons interested in the afore-
said lands, are hereby cited to appear
at the time and place of such letting
as aforesaid, and be heard with re-
spect to such special assessments and
your interests in relation thereto, if
you so desire.
Dated this 1st day of November,
A. D. 1927.

MILK DELIVERY

Beginning Monday, October 24, we will begin our
house delivery of Pasteurized Milk and Cream.

PASTEURIZED MILK

is Safe Milk. Milk which has been heated to 145 degrees F., held for 30 minutes, cooled
quickly to 35 degrees F. and bottled at once.

WHY DO WE PASTEURIZE?

To protect our customers from all disease germs which may get in the milk from careless
handling.

Your delivery will be made before you are up for breakfast. The same service in Chel-
sea that your friends have in Ann Arbor, Detroit or New York.

We will use the ticket system—that is, one quart ticket for 1 quart of milk, same for 1/2
pint of 20 per cent cream (coffee), 2 quart tickets for 1/2 pint of 36 per cent cream (whip-
ping.)

Phone Our Dairy—132

and our salesman will be glad to call on you, sell tickets and deliver you milk.

SERVICE seems to be what the public wants. If our service appeals to the citizens of
Chelsea we will be pleased.

All these new conveniences help to make Chelsea a better place to live in. Also attracts
new people to your city.
