HOWARD CANFIELD DIED SATURDAY

After An Illness Of Two Weeks Which
Was Severe From The Start
—Many Floral Tributes

Howard E. Canfield, son of Charles and Elvira Clark-Gardner, who were early and prominent residents of Chelsea, died in St. Joseph's Mercy hospital, Ann Arbor, Saturday evening, May 5, 1928, following an illness of two weeks.

Mr. Canfield was born in London, January 26, 1879, where he spent his boyhood days on the farm of his parents. He obtained a portion of his education in the Chelsea High school. An accident when he reached young manhood caused him to lose a portion of one of his legs, and he took up a position as a traveling salesman, which position he followed for many years. He was a member of the Masonic organization, Knights of Pythias and the Chelsea Kiwanis Club. He was united in marriage with Miss Rilla Wilson, of Jackson, November 19, 1901, and with the exception of four years the family have resided in Chelsea since that time.

He is survived by his widow, two daughters, Mrs. Carl Clark, of Jackson, and Miss Katherine Canfield, at home, one sister, Miss Kate Canfield of Acampo, California, and a grand daughter.

The funeral was held at 10 o'clock Tuesday morning in St. Mary church, Rev. Father VanDyke celebrating the mass. Interment in Mt. Olivet cemetery.

The death of Mr. Canfield caused universal sorrow in this community where he had a large circle of acquaintances and friends, and to the bereaved family the tenderest sympathy is extended.

Members of the Chelsea Kiwanis Club attended the funeral in a body. Many beautiful floral tributes attested to the esteem in which he was held.

THE HEADLIGHT SHOWS VIEWS OF CHELSEA

Mrs. J. F. Senger recently left at The Standard office a copy of the headlight which was issued in the summer of 1895.

The publication contains many views of the business blocks, streets and residences, school building and the churches of Chelsea. Half-tone cuts of the business men at that time are also shown on many of the pages of the publication. Many of the men prominent in the affairs of this community at that time have joined the great beyond. Those who were in business at that time and whose profiles are shown in the pamphlet and who are still living are: W. F. Schenk, Geo. W. Beckwith, O. T. Hoover, J. K. Webster, J. S. Cummings, J. P. Keen, of Ann Arbor, J. D. Watson of Walla Walla, Washington, R. A. Snyder of Detroit, John W. Beissel of Jackson.

SYLVAN SCHOOL PICNIC AROUSING GREAT INTEREST

The picnic reunion of all former teachers, pupils and patrons of the consolidated districts No. 4 and 11 to be held at Sylvan Center on Sunday, May 20th, is arousing a great deal of interest and the prospects for a large attendance are most encouraging. The morning hours will be given over to renewing acquaintances and at noon a picnic dinner will be enjoyed. Following the feast there will be a program appropriate to the occasion. All former residents of the district are cordially invited to attend. Harry and Mary, Levi and Lucy, Ben and Maggie have already signified their desire to be present and to meet and greet old friends of former years. You will be disappointed if you do not attend.

SYLVAN ESTATE CLUB TO OPEN MAY 19 AND 20TH

The name of the Sylvan Estate Golf Club has been changed to the Sylvan Estate Country Club, and the formal opening for the season will take place on Saturday and Sunday, May 19th and 20th. For the first day there will be an invitation tournament, eighteen holes, medal play. At 3:00, bridge for ladies, at 6:00 dinner, and at 8:00, dancing for members and friends. On the second opening day there will be a Scotch foursome tournament and dinner at 12:30 to 3:00. The hostess this season will be Harriet Ellison, and the entertainment committee will be composed of Mr. and Mrs. George Wood Hays, Mr. and Mrs. John Fletcher, Mr. and Mrs. Fred Benz and Dr. and Mrs. A. A. Palmer.

ENJOYS THE OLD HOME PAPER

Miss Kate M. Canfield, of Acampo, Cal., in a letter renewing her subscription to The Standard, states that she greatly enjoys the weekly visit of the old home newspaper, which she would not do without. She said, "Everything is looking fine out here in California, both in fruit and grain. Prices are good and the weather is ideal. We had strawberry shortcake, new potatoes, peas, beets and lettuce, all out of our garden for dinner yesterday and today. Wish you could see our roses and lilies. Both Mr. and Mrs. Ed. Williams of Gault, are much better again."

TO CONDUCT PIANO SALE IN CHELSEA

Grinnell Brothers, of Ann Arbor, will open a special sale of pianos in Chelsea Friday, to-morrow, in the building recently vacated by F. P. Beucher on West Middle street. This well-known firm has conducted similar sales here in previous seasons and they need no introduction to the people of this section. They will offer many special bargains in pianos of dependable quality and they invite the public to call and look over their stock. The sale will continue for ten days only.

ECORSE KIWANIS CLUB PRESENTS PROGRAM HERE

A Fine Group Of Representative Men
Pay Visit To Local Club
Monday Night

If the members of the Ecorse Kiwanis Club who visited Chelsea Monday night are representative of the citizens of that growing community, no one need be disturbed about the newspaper report that are given such prominent places in the daily newspapers. The members of the club to the number of nearly twenty men came over here and presented an interesting and novel program and any community might be proud of such a fine looking body of men.

After partaking of a fine dinner President Vogel introduced Claude Miller, president of the Ecorse Club, who in turn introduced the visiting members, having a word of praise of a "roast" for each one presented. Bert Loveland was appointed song leader and the merry company enjoyed a "song fest" for a few minutes and this was followed by a solo by Russell Hawley, a piano solo by Merwyn Chaffee, a vocal solo by Don Beckman and an address on "Good Fellowship" by Bert Loveland, who is past president of his club. He pleaded for a better understanding of Ecorse and its people and told that growing community had expended \$750,000 for new schools during the past two years and of the work and progress being done by the churches and other humanizing and helpful enterprises. The citizens of the community stood for good government and clean living, and they did not uphold the lawlessness that is too often given publicity to the detriment of the whole community. The problem of proper law enforcement was a state and national one and the people of Ecorse were anxious that all should feel their responsibility in the matter. Tuesday night Chelsea Club paid a return visit to Ecorse and presented the evening's program with Prof. J. W. Henderson of Ann Arbor, as the speaker. The visitors were royally entertained and the meeting was one of the most enjoyable of the series of "exchange meetings."

AGED WOMAN DIES

SUDDENLY SUNDAY

Death Comes Without Warning To
Well Known Resident

Mrs. Barbara Weber, aged 82 years, died Sunday afternoon, May 6th, expiring suddenly in the comfort of her home about to start on a visit to the home of her grandson in Lima. Mrs. Weber was born February 21, 1846, in Wirttemberg, Germany, coming to America in June, 1887. She made her home with her daughter, Mrs. George Koengreter, in Lima, Ohio, until about a year ago when they came to Chelsea to reside. She is survived by three daughters—Mrs. Mary Bollinger and Mrs. George Koengreter, of Chelsea, and Mrs. A. C. Bigley, of Denver, Colo., one sister, Mrs. Mary Koch, of Brooklyn, N. Y., 14 grandchildren and 14 great-grandchildren.

Funeral services were held Wednesday at 1:00 p. m. from the residence and at 1:30 from Zion church, Rogers Corners, Rev. M. W. Brueckner officiating. Burial in Zion cemetery.

INSPECTORS APPOINTED FOR SALINE AND NORTFIELD

H. J. Blad, county board supervisor for Washtenaw county, was in this section of the county Monday making a survey of general conditions and conferring with some of the farmers. Inspectors have been appointed for the townships of Saline and Northfield, owing to the fact that an inspection disclosed the fact the corn-borer population was about one per cent per 100 stalks examined. Farmers in these townships must clean up their corn fields at their own expense this year because the government failed to make an appropriation for paying for the work this year.

Mr. Blad stated that conditions in all other portions of this county were found to be very satisfactory and he is urging all farmers to assist in this fight against the corn pest.

CELEBRATED THEIR 50TH ANNIVERSARY

Mr. and Mrs. D. C. McLaren Were
Honored Guests At Two Delightful
Functives—Kindly Re-
membered

Celebrating the fiftieth anniversary of their marriage, Mr. and Mrs. D. C. McLaren were honored guests at a delightful luncheon Tuesday evening, given by their son, Wirt S. McLaren, of Jackson, at the Jackson City Club. The tables arranged in the form of a "U" were beautifully decorated with asparagus ferns and pink roses. Nut cups of half-blown roses with rosebud handles, glass baskets with mints and decorated place cards carried out the color scheme of pink and white. A feature of the five-course dinner was a white and gold wedding cake, adorned with fifty candles. A tender remembrance of the occasion, Mr. and Mrs. McLaren were presented with a beautiful set of gold inlaid salad dishes by their Chelsea friends. Following the luncheon, the guests were entertained at the Capitol Theatre, of which W. S. McLaren is proprietor, where they enjoyed a program with "Friendly Enemies" as a special feature. Guests at the party included Mr. and Mrs. Edward Vogel, Mr. and Mrs. John L. Fletcher, Mr. and Mrs. Dallas A. Wurster, Mr. and Mrs. L. F. Vogel, Mr. and Mrs. Paul C. Maroney, Carl Mayer and Miss Elsie Rowe, of Chelsea, Mrs. William A. Brewer, of Saginaw, and Mrs. Amy McLaren, of Plymouth.

Mr. and Mrs. McLaren were again surprised Wednesday evening when the guests, with their husbands, tendered them an anniversary party at the home of Mr. and Mrs. Dallas A. Wurster. Bouquets of yellow daffodils made the room very attractive. Cards furnished the amusement for a most enjoyable evening, after which cream in the form of wedding bells and gold and white cake were served. A beautiful luncheon set was presented to Mrs. McLaren, by the Cythereans, of which she is a member. Both Mr. and Mrs. McLaren are lifelong residents of Washtenaw county.

Mr. McLaren is the son of Mr. and Mrs. James McLaren, who were well known residents of Lima township. Mrs. McLaren is the daughter of Mr. and Mrs. Sylvester Newkirk, and is a native of Dexter. Following their marriage in 1878, Mr. and Mrs. McLaren resided on a farm in Lima until 1901, when they became residents of Chelsea. Mr. McLaren has been president of the Kemps Commercial & Savings Bank since 1922.

As an expression of their continued interest in the work of the 4-H clubs in this section the members of the Chelsea Kiwanis Club will tender the boys a banquet at the high school gymnasium on Monday evening next at 7:00. All 4-H club members in the Chelsea area are invited to attend with one parent, father or mother from each club family. For this occasion Coach Fielding H. Yost, of the University of Michigan, has been engaged as the speaker and he will bring a message that will be an inspiration to all—the boys as well as the men. Talks will also be given by D. E. Beach, representing the Kiwanis Club, and Jack Gilbert, member of the Industrial 3 in 1 club, will discuss "How you have helped 4-H club work."

There will be a peppy community song service and Chelsea's celebrated ice cream cow will entertain the banqueters. Every boy entitled to be present is urged to be on hand promptly at 7:00.

CEMENT COVER BEING BUILT OVER THE STORAGE TANK

The Light and Water Commissioners have had the board cover on the water tank in the rear of the power house, located near the Lewis Spring. The old engine house, removed and it is to be replaced with a substantial cement covering. This will be a decided improvement over the former housing. The commissioners also contemplate having an air pump installed in the tank. This is for the purpose of having air thoroughly distributed throughout the tank and it will also have a tendency to keep the water in a pure condition.

COUNTY O. E. S. TO MEET IN ANN ARBOR

The semi-annual O. E. S. county convention will convene at Ann Arbor on the afternoon and evening of Wednesday, May 16th. Mrs. Agnes Runciman, Mrs. Anna Hong and Harvey A. Serviss will assist in the work of the evening.

The delegates from Olive Chapter will be Neel C. Maroney, worthy nation, Lionel Vickers, worthy patron, and Emma Vickers, associate patron. It is expected there will be a large attendance at the meeting.

ELECTED NEW OFFICERS

The annual meeting of the Ladies Aid Society of St. Paul's church was held Friday afternoon at the home of Mrs. Elizabeth Wackenhut. Reports of the various committees were given, after which officers for the coming year were elected as follows: President—Mrs. Oscar Schneider. Vice-president—Mrs. Oscar Stricker. Secretary—Mrs. Fred Seitz. Treasurer—Mrs. Philip Seitz. After the business session, lunch was served by Mrs. E. Wackenhut and Mrs. O. L. Hoffman.

Mr. and Mrs. O. D. Schneider and children, Mrs. Charles Lambert and daughter, Helen, attended a family party Sunday at the home of Mr. and Mrs. Emmett Sargent, at Jackson, Michigan, honoring the birthday anniversary of Mrs. Sargent and her twin sister, Mrs. Ottmar Gerstley, of Ann Arbor. The guests numbered 27, and following a bountiful dinner the afternoon was spent in a social way.

MOTHER'S DAY

Next Sunday will be observed throughout America as Mother's Day, and special services will be held in honor of the happy event. Mothers living and dead, will be honored and kindly remembered, homes will be strengthened, memories will be revived and will reign in the hearts of men and women and boys and girls everywhere.

"Mother," how endearing and ennobling are the memories which cluster about the name of mother. No other word has such a meaning, no other word has such an appeal. No other love is so bountiful and so self-sacrificing.

Mother's Day should be a special day of thanksgiving for motherhood.

HELP MAKE TRAVEL SAFE

Michigan is about to launch the greatest accident-preventing campaign in the history of the automotive industry. Beginning on Friday, May 10th, the Michigan Safety Council, headed by Governor Fred W. Green, is starting a drive that will continue until June 30th, urging that all motorists see to it that all mechanical imperfections in their cars are eliminated, that they pay strict attention to traffic rules and in other ways dedicate themselves to the task of reducing the number of traffic accidents in this state.

This is a state-wide campaign that is well worth while. It will have the hearty co-operation of every motorist who not only values his own life, but who is considerate of the safety of the traveling public. It is high time that a campaign of this nature was put under way. The toll of motor accidents has grown to enormous proportions in recent years. This can be cut down by recognizing some of the simple safety measures that will be stressed during this campaign. Mayors of all cities, presidents of villages, police chiefs and all other law enforcement bodies will assist in the campaign. With an automobile for every five persons traffic problems are growing by leaps and bounds, this mostly by the pedestrians. Every citizen will have his part in this movement. Let's make our highways safe to travel.

UNSUNG HEROES

Friday afternoon an unsung hero of the Spanish-American War was buried at Grand Rapids. William A. Dean, a veteran of the war, was one of six American soldiers who risked their lives in order that others might be saved, not from death on the battle fields, but from a slow terrible death from yellow fever.

During the Spanish-American War, most of which was fought under the burning sun and in mosquito-infested marshes of tropical islands, the medical corps of the United States Army faced the problem of yellow fever among the soldiers. Thousands of soldiers were taken by this dread disease. Dean with five other men allowed themselves to be stung by mosquitoes believed to be carrying the fever and then submitted to experimental treatment by army physicians in order that their fellow soldiers might be saved. The other five succumbed during their confinement to the hospital.

How many of our men and women are doing things of this type continually, wholly for the good of thousands of people whom they have never seen and who will probably never hear of their benefactors. Hundreds have sacrificed their lives for our comfort and welfare. It is not too much for us to pause now and then in our activities to offer a word of praise to these unsung heroes. —Michigan Daily.

MAKING A FAKE OF CRIME SUPPRESSION

Alarmists have attempted to delude the public into believing that crime and small firearms go together. Nothing could be further from the truth.

This does not mean that revolvers and pistols are not used to commit crimes. They fall into the same category as automobiles, razors, the mails, knives, etc.—all perfectly innocent articles that can be used for improper ends. To attempt to classify commodities or services as agents of wrongdoing, and prohibit their use, is absurd.

Distinguished lawyers and jurists and various patriotic organizations with first-hand knowledge of the situation, have shown us what is wrong with our efforts to suppress crime. We fail to catch criminals, we fail to punish them when they are caught, and our laws and legal procedure offer a maze of legal technicalities that allow the most obviously guilty criminal to escape prison for long periods, and to often go entirely free. More rigorous apprehension, prosecution and punishment of the criminal would be worth a thousand speeches advocating suppression of small arms and law-abiding citizens.

BETTER TELEPHONE SERVICE

The great Bell Telephone System will spend more than \$400,000,000 for new equipment and plant facilities in 1928. This is the largest construction program ever contemplated in telephone history. When we consider that this is more than the entire cost of building the Panama Canal, a slight idea can be obtained of what this new construction really means in better telephone service to the public.

Plans call for 350,000 telephone poles which would be sufficient to construct 28,000 miles of pole line with 40 poles to the mile. More than 1,000,000 cross-arms will be used; and 19,000,000 duct feet of conduit will be provided for underground lines. Over 17,400 tons of bare copper wire and 5,000 tons of galvanized iron wire will be needed, in addition to 34,750,000 conductor feet of wire in lead-covered cables.

The construction program contemplates additional long-distance circuits in various parts of the country, and progressive development and improvement of local telephone facilities, by the various Bell telephone companies in their local territories.

NEW FRIEZE ORGAN

TO BE HEARD TUESDAY

New University Organ To Be Given A Try Out By Palmer Christian

The opening recital on the new Frieze Memorial organ, which is just being completed in Hill Auditorium, will take place Tuesday evening, May 15th, at 8:15 o'clock, when Palmer Christian, university organist, and head of the organ department of the University School of Music, will play the first recital program on the new instrument.

The organ has attracted much attention among organists and lovers of music throughout Michigan and the middle west, and on this occasion something like two or three hundred organists will be in attendance. The opening recital is given complimentary to the general public, but special guest tickets have been issued to prominent organists which will admit them to a specially reserved portion of the main floor, the general public being admitted to the rest of the auditorium. The original Frieze Memorial organ was set up in the music hall at the World's Fair in Chicago in 1893, when it represented the perfection of organ construction at that period. It was one of the first great organs to be operated entirely by electricity, and during the period of the World's Fair it was played upon each day, most of the world's greatest organists appearing as performers. Practically every visitor to the World's Fair listened to its tone.

At the close of the World's Fair it was purchased by the University Musical Society and presented to the University, and set up in old University Hall. In 1913 it was transferred to Hill Auditorium where it has been heard numerous times since that time. For the past several years Palmer Christian has given weekly recitals, which have formed an important part of the university's cultural life. The instrument, however, like an automobile of vintage of 1893 naturally became mechanically obsolete, so that Mr. Christian was limited physically in the numbers which could be played thereon.

Less than a year ago the University of Michigan provided funds for the construction of a practically new organ. The contract was let to the Skinner Organ Company of Boston, Massachusetts, and this distinguished firm of organ-builders has spared no pains in constructing an organ which should again represent the best and highest in the art of organ construction. On the occasion of the opening recital a representative of the University of Michigan will introduce Mr. Skinner, designer and builder of the organ, who will be called upon to speak to the audience.

The formal dedication of the organ will take place the following night at the first May Festival concert, when the big dedicatory number will be

played by Palmer Christian, who will also play the special number, will wield the baton over the organist and the Chicago Symphony Orchestra.

There is no other refrigerant like ICE. You can depend upon it. In a good refrigerator it maintains a temperature cold enough to keep food fresh, dry enough to prevent mold and moist enough to retard the drying out of meat, cheese, butter and fruit.

It is nature's way of preserving the delicious juices and precious, elusive flavors of food.

It is important to have a good refrigerator. This does not necessarily mean an expensive model. WILLIAM SCHUTTE, BETTY STYLE SHOP
Ypsi-Ann Building, Cor. Washington and Fourth

William Schutte, proprietor of the Betty Style Shop, housed in the
large corner shop located at the corner of the Ypsi-Ann Building, is
a comparative new-comer in Ann Arbor. He was born in Owosso,
Michigan, some years ago—how many years ago is a secret. How-
ever, Mr. Schutte is still a young man, and before he is finished with
Ann Arbor's business, he will, without doubt, be one of its leaders.

Mr. Schutte was educated in Owosso schools and had his first
business experience there, but in 1924 felt the urge to try his mettle
in a larger city, and traded the central city of Shiawassee county
for that of Washtenaw. Since coming to Ann Arbor, Mr. Schutte
has been actively engaged in two types of business, and has made
more than a small success of each. His widely divergent abilities
have assisted him in making good as a manager first of an auto-
mobil accessory store, and second of a style shop.

When Mr. Schutte first came to Ann Arbor, previous selling and
managing experience helped to boost him to a partnership in the
Donovan chain of stores. He was in charge of the opening of the
first Ann Arbor Donovan store at the corner of Huron and Ashley
streets, and continued in charge of it until last July, when he sold
out his partnership, and began plans of a business of his own.

His store, the Betty Style Shop, opened last October, soon after
the completion of the office building in which it is located. The
store, which caters to the latest fashions in women's styles, is already
well-known for its attractive and colorful window displays, and its
rapidly growing clientele helps it to rank among the leaders of style
stores in Ann Arbor. The trade, Mr. Schutte states, is exceptionally
large for so new a store, and at times taxes the capacity of his staff
of clerks to care for the customers.

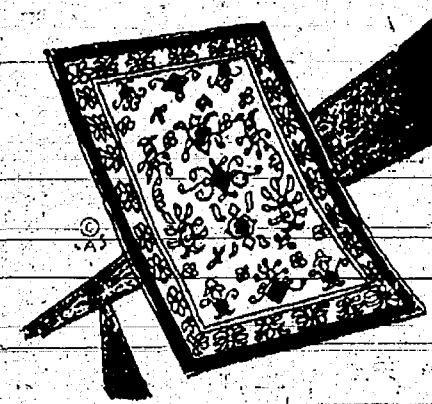

Mr. Schutte is assisted with the correct choice of what is fashion-
able in feminine styles by his niece, who also helps with the store
arrangement and salesmanship.

Oil Filter Traps Waste!

Every 10,000 miles the oil filter on a car accumulates a pint of waste, necessitating renewal of the filtration unit, advises O. E. Hunt, chief engineer of the Chevrolet Motor Company. Illustration shows a research engineer picking up abrasive matter from oil. Lower left is a cutaway view of the oil filter, while next to it is a filtration unit similar to the one from which was removed the pint of abrasive matter shown on the right.

FLANDERS MEMORIAL

The American Memorial to the soldiers who fell in Flanders. This will be erected in the Flanders American cemetery, near Waereghem, Belgium, as part of the work of the American Commission.

True Spirit of Memorial Day

Memorial day, which was originally dedicated to the memory of the soldiers of the Union army in the Civil War, without whose services and sacrifice we should not be here, is a day which, as far as we can see, has broadened our horizon. It is not a day of mourning, but a day of remembrance. It is a day when we should think of the brave men who fought for us, and of the peace which we owe to them. It is a day when we should think of the future, and of the peace which we owe to them. It is a day when we should think of the future, and of the peace which we owe to them.

It is not likely that the people will ever forget what they owe to the brave men who fought for us. The important thing is that they should capture something of the spirit that animated them, and show the same devotion to the country, the same regard for its honor and welfare. We need an army of peace, need it sorely, composed of men and women who will count nothing dear if only they may do something to make righteousness prevail in our national life—righteousness and true freedom.

The suggestion has been made that Memorial day be observed on the last Sunday in May. This it would be possible to emphasize the religious significance of the day. We only suggest that, if this is done, the day following be retained as a holiday. It has been for so long observed as such that it would be a pity to deprive the people of it. But whatever is or is not done in this way, our people should endeavor to draw some inspiration from the sacrifices that others have made, and vow that a country which has cost so much in blood shall be kept clean and true.—Indianapolis News.

Years Have Thinned Ranks of Grand Army

The ranks of the G. A. R. marchers on Memorial day are growing pitifully thin. But the old uniform makes the grizzled warrior throw back his shoulders, and he is temporarily forgotten. There is a martial step, the thrum of the drum, the nerve-tightening, muscle-tautening notes of the flute and fife; the

Last of the Post.

thinning ranks march on to the final resting place of the comrades. An other Memorial day is here and we stop to honor the men who made the new United States; who took the broken pieces of an empire and put them together again.

To All Patriots

A day of memory—memory of those who died for Old Glory—and of tribute to those who were willing to.

Why They Don't Marry

Statistics show that the two classes of the community which least often marry are milkmen and fashionable photographers—milkmen because they see women too early in the morning, and fashionable photographers because their days are spent in an atmosphere of feminine loveliness so monotonous that they become surfeited and morose.—From "Meet Mr. Mulliner," by P. G. Wodehouse.

The KITCHEN CABINET

(16) 1928 Western Newspaper Union.

O face to face with trouble, Friend, I have often stood, To learn that pain hath sweetness, To know that God is good, Arise and meet the daylight, Be strong and do your best, With an honest heart and a child-like trust.

That God will do the rest. —Sanger.

WAYS WITH CABBAGE

The cheapness of cabbage compared with other vegetables makes it a favorite with the housewife. Cabbage is a food rich in mineral salts, and containing bulk, adds much to our list of vegetables. There may be some housewives who may think because of the cheapness of cabbage that it is not worth while to bother with it.

As a simple salad or relish to serve with oysters there is nothing more appetizing than finely shredded fresh cabbage dressed with salt and pepper and a dash of vinegar. Another worth-while salad is:

Cabbage and Pineapple Salad

Shred the cabbage very finely, stand a few minutes in cold water to crisp it, then drain and add a few slices of finely sliced pineapple with a good salad dressing.

Fresh cabbage is more digestible than the cooked. When cooking it do not cook it too long—just long enough to be tender—then drain and dress with whatever sauce is to be used. Butter with a dash of vinegar, salt and pepper is well liked, or served with milk and a handful of crushed crackers, well seasoned with butter, salt and pepper.

Baked Cabbage with Cheese and a White Sauce

is well liked for a hot escalloped dish.

Stewed Cabbage and Celery

Cut into shreds, one small cabbage and a bunch of celery. Lay in cold water for a few minutes, then boil for twenty to thirty minutes in boiling salted water. Prepare a rich cream sauce, drain the cabbage and celery and stir into the sauce.

Homemade Sausage

Take six pounds of fat and lean fresh pork ground, add sage, marjoram, salt, pepper, thyme and summer savory to taste. Put into baking powder cans and pour hot hard-boiled eggs. This will keep in cold place for some time. Remove from the can and cut into slices to cook.

Time Is Relative

Einstein was right. Time is relative. If you like your relative, his visit is short. If you don't like him, his visit is long. Another illustration: If you are the tenant, rent day comes around swiftly; if you are the landlord, rent day is slow about coming around.—Atchison Globe.

Cartridge Preservation

The minimum life of cartridges kept in a dry, cool place would be from 10 to 15 years. Sometimes they keep as long as from 30 to 40 years, depending on how the primers hold up, as the primer sometimes deteriorates.

HIGH MARK IN HIGHWAY CONSTRUCTION

Road construction in 1928 will at least equal and probably slightly exceed the highest mark recorded in any preceding year.

Programs of state and federal aid highway systems include new construction of more than 220,000 miles of surfaced roads and about 8,000 miles graded and drained. In addition, maintenance and repair work will be done on at least 240,000 miles of state highways.

Funds available to state highway departments are fully 25 per cent greater in amount than last year, amounting this year to \$750,000,000.

FOOTBALL PRACTICE GOING GOOD AT U. OF M.

Spring football practice has progressed through review of fundamentals to the formation of six separate teams each with an individual coach which will meet each other in a round robin series.

To make the play more interesting, each team has been named after a university or college which Michigan defeated in the year of 1927, on May 2nd. The new line of cars and upward movement is becoming a fixed feature of highway improvement programs.

SENATOR CHARLES A. SINK TO SEEK RE-ELECTION

Has Made An Envyable Record At Lansing And Is Entitled To Be Returned—A Tireless Worker

Senator Charles A. Sink of Ann Arbor, has formally announced his candidacy for nomination and re-election to the Michigan legislature, the republican ticket. Mr. Sink is a veteran legislator, having served two terms in the House of Representatives, in 1921-22 he served in the Senate, but at the end of that term, in order to comply with a gentleman's agreement of long standing between the republican committees of Oakland and Washtenaw counties which committee the Twelfth congressional district, he stepped aside in order that Oakland County, on whose basis of this gentleman's agreement, then held the senatorship for two terms, being represented first by the Hon. A. B. Glaspey of Oxford, and at the following year by the Hon. E. B. Howarth, Jr. of Royal Oak. At the expiration of these two terms held by Oakland county senators, the senatorship, under the gentleman's agreement again reverted to Washtenaw county and Mr. Sink was elected for the present term. He is now seeking nomination and re-election for the term which still remains for Washtenaw county.

During his many years in the house and senate Mr. Sink won distinction as a statesman of sound judgement, and has been looked upon as one of the ablest and most reliable of the republican leaders in the legislature. His appointment to important committees, including the committee on education in both houses, and membership on all the important committees on finance and appropriations in the senate, as well as on several other committees of general import, has had to do with shaping much of the sound legislation which has been enacted during the trying period since the close of the great world war.

Before his state career began, he had served twelve years on the Board of Education in Ann Arbor, six years on the common council, and had been executive secretary of the Michigan League of Municipalities for several years. He also served as president of the State Association of School Superintendents and School Board members.

In private life he is president of the University School of Music which maintains, in addition to the school, the Choral Union and May Festival concerts. In this capacity he has presented to the Michigan public during the last quarter of a century practically all of the world's greatest artists and musical organizations.

SEPTIC TANK DEMONSTRATIONS AROUSED GREAT INTEREST

According to reports from County Agent Oles the four septic tank demonstrations held last week were very successful. Approximately 150 people method of procedure used in making the forms, setting the same and general principles of the operation of the tanks explained. Among the number present at these demonstrations were doctors, health officers, sewage disposal plant engineers, managers of real estate companies, agents for water pressure systems, and local concrete contractors.

At each demonstration an hour was given to the explanation of the construction and application of the tanks and discussions of individual sewage problems upon which the present desired information. The simple construction of the form and the practical method of operation appealed to all those who saw these tanks. The outstanding feature of the tanks is the sewage into a blind tile drain, approximately 100 feet long, laid practically level. There are no open drains for sewage to pollute ground, streams, or to form an undesirable cess pool at the end of the drain. Everything beneath the surface. Many of these tanks have been in operation for over 15 years without needing attention.

These demonstrations are conducted in co-operation with extension workers in different counties in Michigan and the agricultural engineering department of Michigan State College. It is only one of the projects that this department carries on. They provide a truck equipped with a power saw and concrete mixer which is used in these demonstrations. Next week work on these demonstrations will be given in the vicinity of Saginaw and Alpena, Michigan. The following week they will be in the Upper Peninsula. Any one interested in building such a tank can secure plans from the county agent's office, court house, Ann Arbor. The forms used in the construction of these tanks built at the demonstrations belong to the farmers where the demonstrations are held. They are collapsible and any one wishing to build a tank and use these forms, can get in touch with the following: N. W. Laird, R. F. D. Chelsea, George Hartman, R. F. D. Saline, Charles Rose, R. F. D. 6, Ann Arbor, and Mark Lathers, R. F. D. 3, Milan.

UNADILLA MOTHERS AND DAUGHTERS ENJOY BANQUET

The ladies of the Methodist and Presbyterian Aid societies held a Mothers' and Daughters' banquet Saturday, May 5th, at Unadilla. Covers were laid for 70. The following program was presented:

Songs—Mrs. Veva Kalmbach, Toastmistress; Miss Maxine Marshall, Song Leader; Miss Maxine Marshall, Thank you Ladies for the East; All Response, You're welcome Ladies.

Greetings to Mothers—Ladies.
Greetings to Daughters—Ladies.
Music—Miss Emily and Virginia Mutter, Howell.

Remarks—Mrs. William Francis Mutter, Howell.
Music—Misses Virginia and Emily Mutter, Howell.

Songs—Led by Maxine Marshall, Unadilla.
Address—Mrs. Van Winkle, Howell.

Dismissed by—Mrs. L. K. Hadley.
One of the pleasing features of the very enjoyable program was the whistling duet by the Mutter sisters while the guests "put on their hats to the tune of 'Put on your old gray bonnet'." The sisters are nationally known and their presence here was a great compliment to the mothers and daughters of this section. We trust they will come again.

STATE CRIPPLED CHILDREN ARE BEING SOUGHT

As there are many crippled children in Michigan whose plight is unknown, and many of whom, if left alone, will grow up to be state and county dependents, The Michigan Crippled Children Commission is urging that an effort be made to find and list every crippled child in the state.

Only a house to house canvass can accomplish this end, but that it made possible through a provision in the new school law, which provided that forms, prepared by the superintendent of public instruction for the enumeration of children of school age, shall contain blanks or cards for the special enumeration of crippled children of whatever age, from birth to the age of 21, with special information as to the peculiarities of each case. For such service census enumerators receive an additional sum of five cents for every crippled child listed.

This is an important matter, for if the handicapped children are found now, most of them can be helped physically, educated and made wholly or partly self-supporting.

All enumerators are urged not to neglect this service and to see that every child is listed.

Our New Community Fire Truck Attracted Much Attention

Chelsea's new community fire-fighting apparatus has attracted a great deal of attention as it has been exhibited on the streets since its arrival. We are pleased to present the above picture of the new outfit, the only difference between our fire-fighting machine and the one shown in the picture is that the picture shows the engine mounted on the old model Graham instead of the new model used on the Chelsea job. When hooked to a hydrant for a test, a stream of water was thrown a good many feet higher than the top of the flag pole.

Williamston—Work progressing rapidly on new substation being erected here by Detroit Edison Company.

MOLLY O'DAY WILL APPEAR AT PRINCESS

Popular Girl To Be Seen In "Patent Leather Kid" At Local Playhouse—Other Good Pictures

Pretty Molly O'Day! Typical Irish girl, with the very slim hint of the land of the shamrock in her eyes and roguish smile.

None who sees her will fail to be impressed by the charm, the lift of her.

The music of her laughter would woo from slumber the seven sleepers themselves.

Recently First National Pictures signed her to a long-term contract. Right away she was cast as leading woman for Richard Barthelmess in "The Patent Leather Kid," a special war time epic and an Alfred Santell production under the management of Al Rocco, which will be seen at the Princess Theatre May 15, 16, and 17th.

She acquitted herself with high honors. As the little dancing girl, fired by patriotism on the eve of the World war, loving the young prize fighter champion, faithful and devoted, she gave a splendid performance.

PLEASE BE CONSIDERATE

At Chelsea's private hospital, located at the corner of Main and South streets, there are usually people who are very ill, those whom strange and unnecessary noises or disturbances, greatly annoy. There are those who operate cars, buses and trucks in this village who do not seem to realize these conditions, and the village authorities are making this appeal in behalf of those who are compelled to seek medical attendance at the hospital.

Cut-outs are not necessary and their use is unlawful. It is especially requested that all drivers of cars and all kinds refrain from using them upon the streets of this village, but especially while passing through the hospital zone. Those who recognize the reasonableness of this request will be thanked by these unfortunate people, and those who ignore this appeal will be made to regret their action.

The exercise of just a little care and thoughtfulness will be all that is necessary to correct this uncalled for condition. The Village Authorities.

Altar Designations

The epistle side of the altar is the right side, looking toward it. It is so called because the epistle of the day is read at that side. It is secondary to the gospel, or left side, and on alternate days it is occupied by the lesser dignitaries of the church.

VOLUNTEERS HONORED

"Boys in Blue"

Memorial day, originally designated as a day when the survivors of those grand armies which battled from '61 to '65 to save a nation should call to memory their comrades who had passed on before them to the eternal shores, has become a national day, when all Americans pay loving tribute to their dead.

Memorial day comes with banners draped in emblems of mourning, and the music of muffled drums. The survivors of those armies—and thus, how few they are—with trembling limbs and faltering steps wend their way to the various cemeteries, and there drop a flower, and perchance a tear on the sod which covers those who marched with them, who fought with them, who suffered hardships with them.

How few, indeed, are those survivors! Since Memorial day one year ago more than 20,000 have gone to the echoless shore. In a few years, a very few years, taps will have been sounded for the last of them. Some of those surviving are treading close to the century mark; the very youngest has outlived the three-score and ten allotted years.

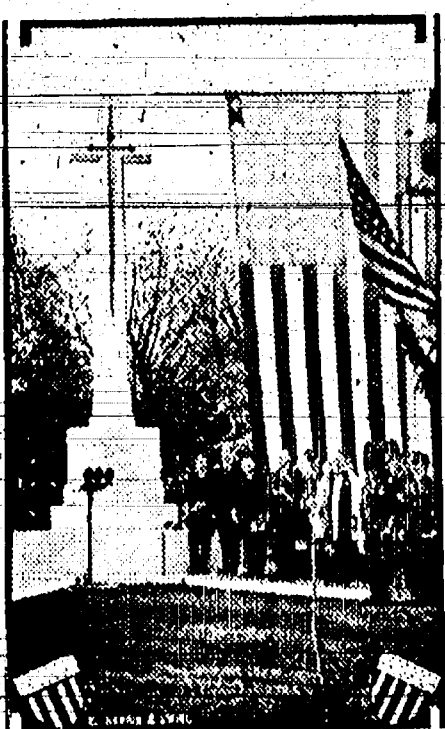

There may yet be some who stood on Little Round Top and beat back that magnificent charge of Pickett, sending the hope of the South into the shadow of starless gloom. Here may be a few who fought with Hooker in that battle above the clouds, or who, without waiting for orders, in fact, over the protests of their officers, climbed the rugged sides of Missionary Ridge and broke in twain the army of Bragg. There are still a few who marched with Sherman in that grand military parade from Atlanta to the sea, or rode with Sheridan in that last wild dash to head Lee and his retreating troops at Appomattox.

In total they are but few, and soon all will be gone, and only history and memory left—history telling of objects accomplished, a nation saved and made glorious, memory of heroism, devotion, exalted patriotism and then, too often, neglect by the nation they had saved. To the dead, in the language of the poet—

What is worth living for is worth dying for. And therefore all honor, brave heart, unto you Who have fallen, that Freedom more than life be yours. A pilgrim may walk where your blood on her path Leads her steps to your graves. Let them bubble above you! Sleep, wait where no breath of betrayal may move you! And the peace the world gives not is yours at the last!

To Those Who Fought
With "Princess Pats"

A gracious recognition to the Americans who fought and fell in the Canadian ranks in the World War is that accorded by the Dominion government, which appropriated funds for the erection of a memorial. How many thousand Americans enlisted in

"Cross of Sacrifice"

the Canadian army prior to the declaration of war by this country will never be known, since many of them enlisted as Canadians; but they probably represented every state in the Union and the memorial will be a visible evidence of one more of the intangible bonds between the two countries. It has been given the name, "Cross of Sacrifice."

Trapped by Her Past!

RECENTLY an actress, who a few years ago was popular on Broadway, submitted to True Story Magazine a most startling story. It told why she had left the stage at the height of her career never to be seen upon the boards again.

It was a tale of dread and terror as each night she swayed her thousands to smiles or tears, her eyes, masking the agony in her soul, were seeking, always seeking among the audience, the one man in the world who had the power to drag her down from the pinnacle of success to the ignominy of defeat. Deep in her heart she knew that some day he would come, and that when he did her career would end.

And so when one night she received a note from a man in the audience who was awaiting her reply, she realized the time had come to settle her account with fate.

Her story entitled "Trapped by My Past," appears in True Story for June. With nothing hidden, nothing omitted she has put into it all the fire that perhaps once held you spellbound across the footlights. Maybe as you read it you will recognize her. If so you will then know the answer to a question you have probably asked yourself many times.

Stockbridge—The Ingham county fair will be held in Mason, September 20 to 22nd, inclusive.—Brief Sun.

Francisco—Mrs. Julia Foster is expected to return to her home in Francisco within a short time, after an extended visit to California.

Grass Lake—Mr. and Mrs. Henry P. Campbell of Grass Lake, recently celebrated their 61st wedding anniversary. Both are enjoying excellent health.

Milan—The school board of this village has engaged the entire corps of teachers for the coming year. But one change was made from the force of last year.

Grass Lake—John L. Scholfield of Grass Lake township, died at Foot hospital in Jackson last week Monday, following a long illness. He was 67 years of age.

Jackson—A meeting of the county agricultural agents of southern Michigan was held here Thursday, for the purpose of planning activities during the coming months.

Stockbridge—The largest class in the history of our school is that of this year—when 34 young men and women finish their high school work, June 16th, 1918.—Brief Sun.

Ann Arbor—The social meeting of Washtenaw County Association O. E. S., will be held in Ann Arbor Wednesday, May 16th. All members of the order are invited to attend.

Manchester—Marking the fruition of years of planning and months of building, the congregation of Emanuel's Evangelical church will dedicate their imposing new church hall in a three-day ceremony, next week, May 13, 15, and 18.—Enterprise.

Dexter—About the middle of June this community will have a modern five-fight apparatus, completely equipped with the most up-to-date improvements on the market, as the result of the campaign which has been conducted here during the past four weeks.—Leader.

Pinekey—The Capital Four Union of the Christian Endeavor society will hold a convention on May 19 and 20 at Pinekey. A splendid program is being prepared, including the always interesting discussion groups. This Union includes all C. E. societies of Ingham, Clinton, Shiawassee and Livingston counties.—Dispatch.

Saline—Some people seem to disregard the law or are unfamiliar with it, as to cutting across funeral processions. It is a statutory offense for any one to cut across or between the cars of any funeral lines where such lines of cars display a funeral emblem on the windshield. The minimum penalty is \$25 and costs of prosecution.—Observer.

Ypsilanti—In accordance with a recent order by Sheriff E. M. Wurster, local officers, led by Sanitary Inspector E. M. Maddux, Friday made a thorough canvass of the city for all dogs reported running loose in the streets without muzzles and up to noon Mr. Maddux reported that 17 of the animals had been shot.

South Lyon—Graduating class of South Lyon High school numbers thirteen this year. The class is contemplating a trip to Washington, D. C. and is putting forth every effort to raise funds to defray expenses of the outing. Up to date they have very nearly \$200 in the budget. They expect to drive through and plans now are that they will go about the first week in June.—Herald.

Mason—Approximately \$70,000 was realized from the sale of lands upon which taxes for the year 1925 were delinquent at the annual tax sale held by county treasurer Tuesday. The increase in lands over former years is startling, the 1924 taxes sold last May amounting to \$20,000 and those of 1925 sold in 1926 amounting to but \$22,500. The taxes sold this year are more than three times the taxes sold two years ago.—News.

Brooklyn—Chicken thieves visited this locality Monday night and got away with 17 belonging to Mrs. Balliet and 16 belonging to Henry Knowles on the Brooklyn Cambridge road. At Mrs. Balliet's they cut a steel padlock off the chicken door. At Henry Cash's farm the thieves did even better. They got away with 75 chickens. Officers coming out to investigate the affair Tuesday morning found few clues. In making the trip, however, they got into a collision with Charlie Cole and took the later back to Jackson with them on account of bad driving.—Exponent.

Mason—Congressman Grant M. Hudson, representative in congress from the sixth district of Michigan, made up of Ingham, Livingston, Oakland, Genesee and a part of Wayne counties will be a candidate for re-nomination and re-election. Mr. Hudson has served this district, one of the greatest manufacturing sections in the world, for six years. His district includes the huge factories in Lansing, Flint, Pontiac and parts of Detroit. Besides the industrial development the agricultural resources are also large.

News. Mr. Hudson is quite well known to many of the residents in Chelsea and has delivered several addresses in the M. E. church and at the Methodist Home, in years past.

OFFICIAL NOTICE TO DOG OWNER

By Order of Sheriff

DOG QUARANTINE

All Dogs Running At Large Must Be Vaccinated and Muzzled

The fact has been established that dogs affected with an infectious and communicable disease known as "RABIES" have recently been at large in Washtenaw and adjacent counties and are known to have bitten persons and animals and have come contact with dogs as yet unknown.

Notice is hereby given that all dogs owned and kept in Washtenaw County, shall be adequately chained or otherwise properly confined on the premises of their owner or keeper, also, unless such dogs have been properly vaccinated against rabies within one year by a qualified veterinarian and tagged must be vaccinated forthwith, or if allowed to run at large, such dogs must be vaccinated and securely muzzled to prevent the aforesaid dogs from biting any other animals, or persons.

All owners or keepers of dogs are hereby prohibited from removing any dog whatsoever from Washtenaw County until at least sixty days after vaccination of said dog.

Any dog found at large in contravention of terms of this order may be killed; further, shall be the duty of all law enforcing officers to see to it that this order is properly enforced.

Any person violating or disregarding any of the provisions of this order places himself liable to a fine not to exceed \$500.00 or imprisonment not to exceed six months, the Michigan State Laws.

ERNST M. WURSTER

Sheriff of Washtenaw County

Protect Your Investment in Your Model T Ford

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to make parts until, as Henry Ford himself says, "the last Model T is off the road."

More than eight million Model T Fords are still in active service, and many of them can be driven for two, three and five years and even longer.

So that you may get the greatest use over the longest period of time at the lowest cost, we suggest that you take your Model T Ford to the nearest Ford dealer and have him give you an estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure may enable you to maintain or increase the value of the car and give you thousands of miles of additional service.

No matter where you live you can get these Ford parts at the same low prices as formerly and know they are made in the same way and of the same materials as those from which your car was originally assembled.

Labor cost is reasonable and a standard rate is charged for each operation so that you may know in advance exactly how much the complete job will cost.

FORMER SENATOR FERRIS HONORED AT WASHINGTON

Sensors Couzens And Vandenberg Pay Their Tribute To Michigan's Distinguished Citizen

At Washington on Sunday afternoon memorial services were held in the Senate chamber for the late Senator Woodbridge N. Ferris of Michigan. Among the speakers to pay tribute to the memory of Mr. Ferris were Senators Couzens and Vandenberg of Michigan.

Sensor Couzens said: "As boy and man, as son and father, as citizen and as public servant, as pupil and as teacher, as the chief executive of his state and as the ambassador from his life of Senator Ferris ran to its true course to the end.

"Despite the greatness of the official tributes paid him in his election as Governor and as Senator, I think perhaps the greatest mark of appreciation of his worth is shown by the unofficial title by which his people knew him, 'The Good Gray Governor.' Probably that simple phrase tells a better story than anything that can be said here.

"It requires a man of the finer qualities to meet the test that Senator Ferris met and endured, and to emerge from that test with the highest regard of the people of his state and with their fondest affection.

"This was the man I knew in Michigan. This was the man I knew in Washington. We can all agree that when our records are written forever, we shall deserve a place beside him in the annals of time."

Sensor Vandenberg spoke feelingly of Senator Ferris' devotion to duty and his conscience even in the heat of political controversy, declaring him to be "exemplary of this American democracy in terms of personality and philosophy which is not inappropriate to describe as Lincolnian."

"He was simple and kindly," said Vandenberg. "He was stern, yet merciful. He uplifted truth and crushed deception. He exalted the weak and humbled the strong. He lived for his ideals. He died upon an unsullied shield.

"The republic not easily spares such souls. Human society is poorer when they cross the great divide. There is a solemnity in such living. There is a nobility in such death."

He does well to memorialize such character and to keep it in tune with such ideals."

OAKLAND PRODUCTION IS AHEAD OF 1927

The Oakland Motor Car Company is two and one-half months ahead of its 1927 production, it is announced by factory officials.

The end of April marked the fourth consecutive month of record production which brought the company's total for this year to 100,004 Oakland and Pontiac Sixes, a figure which in 1927 was not attained until the middle of July.

The 1928 total of 100,004 cars is an increase of 83 per cent over the 54,663 cars which the company built during the first four months of last year.

The Harper Sales and Service of Chelsea, are the local dealers for the Oakland and Pontiac cars.

SOMETHING ABOUT MILK

Milk is such a commonly accepted food and drink upon our tables that we give it little thought except to know that it is properly produced and free from injurious bacteria.

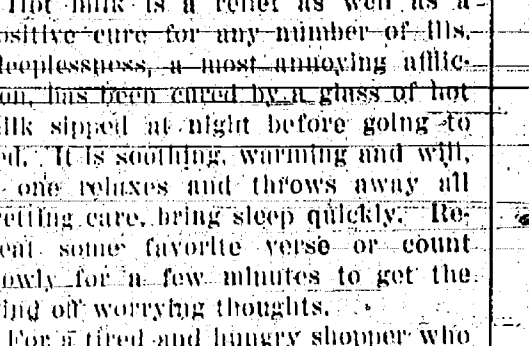

There are many people who cannot drink cold milk, and in consequence will not touch it in any other way.

Hot milk is a relief as well as a positive cure for any number of ills. Sleeplessness, a most annoying affliction, has been cured by a glass of hot milk sipped at night before going to bed. It is soothing, warming and with it one relaxes and throws away all fretful care, being sleepy quickly. Repeat some favorite verse or count slowly for a few minutes to get the mind off worrying thoughts.

For a tired and hungry shopper who comes home too early for a meal, a glass of hot milk not only nourishes but relieves the tired nerves. A pinch of salt, a drop of flavoring may be added to make it more palatable.

Another form of milk which has been known for hundreds of years is the fermented milk called Kefir, kumys and various other names. To prepare it heat a quart of milk just lukewarm, add one-fourth of a compressed yeast cake and two tablespoons of sugar. Put into a bottle, cork it down or properly fastened as to a place in a temperature of 80 degrees for 12 hours. Shake well and then set away to chill. The next day it is ready to use. Do not keep it longer than two or three days. Open with care or the kitchen wall may be decorated with a creamy mixture.

For extreme nausea this is considered a remarkable cure. Patients suffering to the point of starvation have been entirely cured in a few days and are able to eat other foods. This is a recipe which should be kept and cherished in every household. It is not only agreeable to the palate, refreshingly cool when chilled in hot weather, but a food and lifesaver as well.

Thirty-five Years Ago.

May 10, 1894

On Thursday evening, May 8, 1894, George W. Benedict and Mrs. Charity E. Drake, of Sylvan, were married by Rev. Thomas Holmes.

Mr. Benedict has sold his Railroad street property to Abner Spencer. Jacob Staffan and family have moved back to their old home on Summit street.

Wilbur Kempf has moved his family into the old Burchard house on Orchard street which he purchased last week.

Mr. and Mrs. Geo. Webster may now be found at home in the Alva Freer house on Jefferson street.

Word has reached this place that Fred, son of Mr. and Mrs. John Kilmer is sick in the U. S. naval hospital at Brooklyn.

Abner Beach has purchased the new Burchard house on Orchard street.

A great wave of dissatisfaction seems to sweep over Chelsea from the way in which neighborhoods are being changed and our draymen are hustling to move household effects of these restless people.

Katherine Keyes Saunders died at her home in Woodbridge, Hillsdale county, April 15. Her father came to Michigan in 1833 and bought four pieces of land in Lima. He died on Orchard street, on the fall. The Keyes family came in Michigan in 1835 and settled on the farm that Mr. Keyes bought. She was married in 1855 and the family moved from Lima to the home where she died in 1890.

By act of 1893 every occupant of land in Michigan is required to cut down a certain number of trees on their premises, or on the highway passing through the same, as often each year as shall prevent them from seed, under penalty of a fine of ten dollars for every such failure. The highway commissioner must notify a who fails to comply with this law and if in five days they do not cut them down, the commissioner has it done and collects expenses from the owner or occupant.

The market the past week has been dull and declining. Wheat now brings 52c, rye 45c, oats 35c, potatoes 12c, eggs 9c, butter 12c to 15c. Wool corner washed. No washed wool is yet offered. All receipts are very light and will be till after planting. It is a great disappointment that the market has declined instead of advancing under small receipts. The winter wheat is growing well and advanced and looking well, which with the large surplus causes the low prices.

In starting up a freight train last evening at the depot, a cylinder head blew out making a report like a cannon. The cylinder head burst into pieces about the size of a small egg. The switch was destroyed while one of the pieces flew within a foot of Orla Cumming's head with such force as would have instantly killed him if he had been in direct line of the missile.—Washtenaw Times.

Don't Scold at Meals

It is wrong to scold children or to discuss matters relating to discipline at the table. Any unpleasant emotions, such as crying or pouting, interfere so seriously with the digestion that it is harmful to the children.

They Knew Their Onions

Friday morning a truck loaded with fresh vegetables speeded westward out of Ann Arbor and when a few miles east of Lima Center as the vehicle struck a rough place in the highway a basket of fresh onions "chopped off" the top. A Ford truck with four workmen from Ann Arbor was just behind the speeding truck and as the basket landed in the road, the brakes were set and the speed of the Ford was slowed to a crawl. The crew leaped out and gathered up the basket with its precious contents. Doubtless, the crew wished for a bread wagon to pass, because just raw onions do not make a very appetizing lunch.

Always... a square USED CAR deal from the Buick Dealer

The Buick dealer is in business to stay. His future reputation depends upon his treating used car buyers fairly.

He wants to please used car purchasers because he knows that satisfied used car customers are prospective new Buick buyers.

The man who buys a good used car—honestly represented—at a fair price—receives splendid value in transportation.

In his enthusiasm for the car he has bought, and the value he has received, it is only natural for him to look upon the dealer as his friend.

The Buick dealer has many such friends because he represents the true condition of the used cars he offers for sale.

And that is good business—for the Buick dealer, as well as the used car buyer.
