CHELSEA, MICH.

## FIREWORKS

Be ready for a real Fourth of July celebration by having a large assortment of fireworks. We have a wide variety to select from.

## Haying--Harvesting

Are near at hand. Let our store be your headquarters for your needs along these lines, as we have the best of quality at the lowest possible cost to you.

### BINDER TWINE

Do not be misled by buying an inferior grade of rope at a few cents less per pound as this kind will cost you more in the end. We sell pure Manila Rope.

We again have for sale the Maple Leaf Binder Twine. This twine being made in another land is lower in price than many of the other kinds and we guarantee it to be as good or better than any other twine on the market. If you give it a trial you will be convinced of this fact.

## CHELSEA IS TO HAVE TEN BAND CONCERTS

Citizens Subscribed Liberally Toward  
Funds Necessary To Insure  
Ten Weekly Concerts

Last Friday H. F. Grove of Grove Brothers, circulated a subscription paper among the citizens of Chelsea for the purpose of raising sufficient funds to insure a series of ten band concerts to be given on Wednesday nights during the summer. People responded very liberally and before night he had enough signatures to his list to insure the success of the undertaking. Everybody he approached was willing to help in the good cause and the people of this section will be permitted to enjoy weekly concerts during the remainder of the summer.

Mr. Grove is desiring of a good deal of praise for being willing to give his time for this enterprise.

Owing to the fact that the first Wednesday night of July falls on July 4th, the first concert of the series will be given on Tuesday evening of next week, July 3rd, when the stores of the village will all remain open to accommodate the public.

Invite your friends to attend these entertainments with you. Bring your family and have a good time.

Of course, Mr. Grove could not call upon all who might desire to contribute toward this fund and if any citizen desires to add something to the subscription he will be glad to receive the same.

OBSERVE SEVENTY-FIFTH  
ANNIVERSARY SUNDAY

On Sunday next, beginning with the Sunday school hour at 10:00 the Salem Methodist Episcopal church located on the Notten road, will observe its seventy-fifth anniversary of organization. During the years of its existence many of our most prominent families have worshipped at that country church and its influence in the community has always been helpful and inspiring. The society was organized by Rev. John Schweinfurth in 1853 when he was pastor at Ann Arbor and for a number of years the members met at the homes in the community. In 1855 the first building was erected on land donated by Messrs. William and Philip Riemschneider, who were among our most esteemed pioneers. For the first seventeen years the church was served by pastors from Ann Arbor, but since that time a resident pastor has been on the field. Rev. F. W. Clark is the present pastor and he has been working very hard to perfect the plans and to arrange an interesting and appropriate program for next Sunday's services.

The program with a photograph of the church is published elsewhere in today's Standard.

CHELSEA GIRL MARRIES  
DETROIT BUSINESS MAN

The Chelsea friends of the former Marie Hindelang will be interested to learn of her recent marriage to Walter E. Fleming of Detroit.

Mrs. Fleming is a graduate of Chelsea High school, the Michigan State Normal College and for several years has been an instructor in the special education department of the Detroit schools.

Mr. Fleming is a University of Southern California man, is president of the East Warren Improvement Association, a member of Detroit Hospital Club, the Noonday Club and Detroit Commandery.

Mr. and Mrs. Fleming are now in northern Michigan and after their return will be at home at 5053 Drexel avenue, Detroit.

NEW MARKET ATTRACTED  
A GREAT MANY PEOPLE

The opening of the new market by the Eckert Market Company attracted a great many people to Chelsea last Saturday with the result that parking space was at a premium during the afternoon. The new market was well stocked with choice meats, fruits and vegetables and presented a very attractive appearance and many favorable comments were made by those who made purchases there during the day.

A better demonstration of Standard advertising could not have been made and the new management were very much pleased with the result of the opening day. Special offerings will be made each week and our readers will do well to watch for the announcements in each issue of The Standard.

TWO CARS COLLIDE  
ON U. S. 12 SUNDAY

A number of people were injured about two o'clock Monday morning when two cars came together near the driveway at the home of Mrs. E. Whipple on U. S. 12. The auto of George Bizopoulos, of Battle Creek was run into by F. Chlotter, of Ann Arbor, both cars being considerably damaged. Mr. Bizopoulos and his mother were injured as was also Mr. Mutz.

Deputy Sheriff Atkinson was called to the scene of the accident and brought the injured people to the office of local physicians where they were treated. Both men returned to their homes but Mrs. Bizopoulos was taken to the local hospital where she will remain for several days.

ENJOYED PICNIC AT  
NORTH LAKE

Methodist pastors and their wives of the Ann Arbor district enjoyed a picnic at North Lake on Monday. The ladies of the North Lake church supplied the dinner, serving the bountiful meal in the new church house. The management of the Inverness Country Club did everything possible to make their day's outing an enjoyable affair.

## ANNUAL WACKENHUT-GALL REUNION WAS HELD SUNDAY

The annual Wackenhut-Gall reunion was held Sunday at Ella Sharp park, Jackson, about 80 persons present including guests from Rochester, N. Y., Detroit, Ann Arbor, Ypsilanti, Mason, Owosso, Perry, Manchester, Webberville, Williamston, Grass Lake, Chelsea, Dexter and Jackson. At noon a pot luck dinner was served in the pavilion, after which Mrs. Alma Dalton and children of Dexter rendered a short program. A business meeting, conducted by Adolph Eisen, of Detroit, resulted in the election of the following officers:

President—Mrs. Carrie Hudson Jackson; secretary—Mrs. Mary Sager Jackson; treasurer—Mrs. Clyde Putnam Williamston. Games furnished the amusement for the afternoon, prizes being awarded as follows: J. George Wackenhut, of Chelsea, the oldest person present; M. Osterle, of Mason, having the largest family; Mrs. C. Welck, of Rochester, N. Y., who came the greatest distance; Mrs. M. Myer, of Grass Lake, winner of the lucky number. One of the attractions was a fishpond which furnished much amusement. It was voted to hold the 1929 reunion at the same place, the second Sunday in July.

### INSTALLING NEW SCALES

The Chelsea Grain, Lumber & Coal Company during the past week has installed a new set of platform scales with a weighing capacity of ten tons, to replace a smaller set which have done service for a number of years. The new scales will be 18 feet in length, making it possible to weigh about any truck that comes along.

The pit is being constructed of cement and the platform about the center of the scales will also be a pit for coal along the west side. The scales will be under cover and so conveniently located that vehicles can be driven on or off from either end, north or south.

The company is also constructing a new coal pit and will soon install a new conveyor for the convenience in unloading coal from the cars.

## CHELSEA PUBLIC SCHOOL ATTAINS HIGH HONORS

Has Just Recently Been Placed On  
The List Of The North Central Association

Chelsea public school is at present rated the highest in the history of the institution. The school is in the best standing in its relation with the University and with the colleges of the state. This year the school has been placed upon the list of the North Central Association of Colleges and Secondary Schools. The following are excerpts from the letter written to Supt. E. L. Clark by the chairman of the Michigan committee of the association:

My dear Mr. Clark:  
"The Michigan committee on North Central schools takes great pleasure in informing you that your school was placed on the approved list of secondary schools at the recent meeting of the North Central Association of Colleges and Secondary Schools."

As you doubtless know, recognition by the North Central Association has the same meaning in the field of education as a high rating by Dunn and Bradstreet in the field of finance. The committee, therefore, believes that your school is entitled to much praise for its success in meeting the high standards defined by the association.

Very truly yours,  
J. B. EDMONDSON,  
Chairman Michigan State Committee  
KIWANIS TOLD OF THE  
EFFECTS OF NARCOTICS

At a meeting of the Chelsea Kiwanis Club held at the Sylvan Estates Country Club Monday evening a program of unusual interest was given after a delightful dinner had been partaken of by the members. Harry L. Stanton, who was formerly vice president of Chelsea and who is now vice president of the Detroit Trust Co., was the speaker engaged but he very kindly gave way to Dr. Waite who came unexpectedly to talk on the effects of narcotics and he portrayed their evils in a most graphic and interesting manner. An effort will be made to have him come to Chelsea later in the season to address a public meeting so all may have an opportunity to hear him.

On Monday next there will be a picnic for members and their families at North Lake at 6:00. Pot luck and all are requested to provide their own lunch and their dishes.

## JEWISH CENTER CAMP DEDICATED SUNDAY

A Large Crowd Was Present To  
Enjoy The Exercises—First  
Group Will Arrive Sunday

More than a thousand people gathered at the Jewish Center welfare camp on Lehman Lake Sunday afternoon to take part in the dedication of the new buildings which have been designated Ginsburg Camp. The day was ideal for such a gathering and during the morning hours a goodly number assembled about the grounds not knowing just the hour for the exercises. Soon after noon many autos brought friends from Detroit until the hour arrived to open the services, which were in charge of Harry Scheinman, formerly assistant prosecuting attorney of Wayne county. The Jewish Center band composed of forty children, under the direction of J. M. Glass, was present and contributed a number of selections to the program, receiving generous applause at the conclusion of each number. Milford Stern, vice president of the Jewish Centers Association and chairman of the camp committee, explained the activities of the committee and on behalf of the builders presented the buildings and grounds to the association. Milton Alexander, president of the Jewish Centers Association, accepted the gift and expressed his thanks and appreciation to the members of the committee for their zeal and untiring efforts in behalf of the project. Each speaker expressed his pleasure for the fine group of buildings and the very lovely site upon which they were situated.

Mrs. Harry Jackson, president of the council of mothers' clubs, presented the home a very beautiful fountain, which was accepted by Harry Weinman, president of the Jewish Welfare Federation.

A number of ladies presented a pageant depicting ancient Jewish history and later Miss Mary Caplan, director of the center, introduced a number of the presidents of the various mothers' clubs affiliated with the Jewish Centers Association in Detroit.

In behalf of the citizens of Chelsea and Sylvan township Rev. A. E. Potts was called upon to extend a welcome and he responded in a most gracious manner, expressing his pleasure at being present to meet and greet those who had undertaken such a splendid enterprise in our community. His welcome and his kind expressions of friendliness were greatly appreciated by those in charge of the camp and they all were grateful for the many courtesies extended by the people of this section and for the many expressions of good will.

The speakers paid a fine tribute to Miss Caplan, director of the camp, who originated the idea of mothers' and children's camps. Miss Mary Vitzthum, assistant director, was presented a handsome purse.

The camp committee and directors expressed their appreciation to Harry D. Mills, contractor, and Mr. Weeks, architect, for their co-operation and assistance in constructing the buildings in such an attractive and substantial manner.

The Chelsea Greenhouses contributed some lovely cut flowers and citizens of the neighborhood also sent flowers. Plankell & Mapes kindly loaned the camp the use of a large number of chairs and for all these favors the directors are very grateful.

The first group of mothers and children are expected to arrive at the home next Sunday from Detroit. Other groups will follow during the summer and thus many will be given an outing in the great out-of-doors.

WHY NOT HAVE A  
HOME-COMING DAY?

Why not have a home-coming day or days in Chelsea after harvest. We do not mean by this that we should have a cheap carnival to litter our streets with a lot of questionable acts, such as many towns put on under the guise of home-coming celebrations, but a good old fashioned reunion when we can invite former residents to come home for a day or two with old friends in Chelsea.

In other towns these annual home-coming gatherings are looked forward to with a great deal of interest.

VILLAGE TAXES ARE  
LOWER THIS YEAR

The village tax roll for 1928 has been completed by Village Assessor J. B. Cole and he reports the total personal property assessment at \$413,786.00 and the total real estate assessment at \$1,411,150.00. It has been decided by the village council to make the tax rates this year but \$1.00 per hundred dollars valuation instead of \$1.25 as in former years. There is a substantial balance in the village treasury at the present time.

### ODDFELLOWS ELECT OFFICERS

On Wednesday evening of last week Chelsea Lodge, I. O. O. F., elected the following officers for the ensuing term:  
N. G. C. McBride.  
V. G. F. E. Noves.  
R. S. E. H. Gray.  
R. S. E. H. Alexander.  
Treas.—John Faber.

The new officers were installed at the meeting held on Wednesday evening last.

### THE FOURTH AT SYLVAN ESTATES

Plans are being made for a very delightful time at Sylvan Estates Country Club on the Fourth, next Wednesday. There will be a flag tournament for the gentlemen and a driving contest for the ladies. Luncheon will be served at 1:00, there will be bridge at 2:00 and dinner at 6:00, with an informal dance at 8:00. Reservations must be made in advance.

## One Outstanding Fact

Shift the punk from present day Tire Advertising—more miles, better made—purer rubber—secret processes, and so forth. Generalities anyone may claim!

In paying out money for Tires you want Facts. One is so overwhelmingly outstanding no intelligent buyer can overlook it: MORE PEOPLE RIDE ON GOODYEAR TIRES THAN ON ANY OTHER KIND

Goodyear Tires have been proved best by millions—proved best on the road where claims are judged by results.

A proof of Goodyear popularity is that Goodyear makes more tires by many thousands each year, than any other concern. Mere luck had nothing to do with this supremacy, Goodyear Tires had to be good to make good.

Our Service is on a par with Goodyear quality.

We help you get 100 per cent usefulness from your tires. The secret of Goodyear leadership known to millions who ride on Goodyears. Let us help you discover it.

## DEXTER'S MAIN STREET TO BE PAVED THIS YEAR

The village council which has made several previous trips to Lansing in the interests of having the road from Dexter to Ann Arbor, through the main street of Dexter, taken over by the state and made a trunk line, met the State Administrative Board there Monday and the matter was finally

closed up.

By action of the Board the road from Ann Arbor to the western limits of Dexter village was taken over and made a trunk line and Governor Green assured the council that the main street of the village would be paved this summer, and if possible, the entire road.

The taking over of this road by the state not only insures a permanent

improvement on Main and Ann Arbor streets, which it has been almost impossible to keep in good condition, but makes it much easier for the village authorities to keep up the other streets because the heavy through traffic on Ann Arbor and Main necessitated the bulk of the work and money outlay be placed there—Dexter Leader.

Try Chelsea first.

## THERE WILL BE MANY STRANGE FACES AT MICHIGAN

More than 25 athletes at the University of Michigan, many of them stars in their respective sports, closed their careers with the 1927-28 school year.

The football team lost 17 letter men, among them Oosterbaan, Gilbert, and Baer. The basketball team will lose two all-conference men in Oosterbaan and Harrigan, and Oosterbaan's absence will also be noticed at first base on the baseball team.

Coach E. E. Wieman will be forced to get along without a majority of the stars of his 1927 team, because of their graduation or restriction by the three year rule. The football men who will not be seen on the gridiron next fall include: Oosterbaan, Heston, Nyland, Taylor, ends; Gabel, Harrington, Grinnel, tackles; Baer, Palmer, guards; Schoenfeld, center; Hoffman, Miller, Domhoff, quarterbacks; Gilbert, Puckewitz, Babcock, half-backs; and Fuller, fullback. Captain Bennie Oosterbaan of Muskegon of the 1927 team, will be succeeded by Captain George Rich of Lukewood, Ohio.

Coach Veenker will be minus the services of two regulars and two first string substitutes when he calls first basketball practice next fall. The men graduating include Harrigan, Oosterbaan, Gwinn, and Nyland. Ernest McCoy, Detroit, was elected to Frank Harrigan's position as captain.

Michigan's conference championship baseball team loses four of the regulars who helped win the title. Oosterbaan has finished three years at first base. Captain Loos, shortstop, is graduating. Gwinn, relief pitcher, has finished his competition and Lange, a regular, is the fourth man who will have to be replaced next season. Donald Corriden, Logansport, Ind., was elected captain for next year.

## CORN BEATS BARLEY IN FEEDING TRIALS

Although barley has proved to be a good substitute for corn as an efficient grain for a fattening ration, a field of corn will fatten many more head of livestock than the same field planted to barley.

This is the result of one of the most significant of the experiments conducted by the M. S. C. animal husbandry department at the University of Michigan, which were brought out at Livestock Feeders day at the college, June 14th.

The steer feeding experiments for 1927-28 showed that steers have returned a good profit in spite of high feed costs, which is the reverse of conditions that have existed during the past several years when many feeders have produced beef without profit.

The results of a winter swine feeding experiment, made public at Feeders day, showed that hogs housed in portable houses which exposed them to low temperatures made greater gains on the same amount of feed than those housed and fed in a barn where the average temperature was much higher. It is the belief of Prof. W. E. J. Edwards, under whose supervision the experiment was conducted, that the lack of direct sunlight was largely responsible for the lower gains of the pigs sheltered in the barn.

The attendance this year was the largest in the history of Livestock Feeders day at the college. The main speaker for the general program was Charles E. Snyder, editor of the Chicago Daily-Drovers Journal.

## COURT RULING UPHOLDS TESTS OF CATTLE IN STATE

The Michigan department of agriculture won a complete court victory at Adrian Thursday in its fight to make tuberculin tests of dairy cattle.

Judge J. N. Sampson, in Lenawee circuit court, dismissed a bill of complaint by James W. Helme, of Adrian, seeking an injunction to prevent Commissioner of Agriculture Herbert E. Powell, from making tests of his cattle.

Judge Sampson stated the law providing for tests was constitutional, as he saw it, and was for the protection of public health.

Helme contended that the test was not reliable; was not justified under the state law; and that the law was not constitutional. The plaintiff is a former state food and dairy commissioner.

## STATE HOLINESS CAMP MEETING AT EATON RAPIDS

Extensive plans are being made for the annual gathering of the State Holiness camp meeting which will be held at Eaton Rapids beginning July 27th and closing August 5th. The camp grounds, the property of the association, are adequate to accommodate a large crowd and they are beautifully situated on the banks of the Grand River.

This year's meeting is one of the oldest and largest in America, and has a history of great usefulness in the advancement of the Kingdom of God, bearing fruit to the ends of the earth.

To the large and ever-growing congregations, as well as all new friends, a cordial welcome awaits.

## FLINT BOY WINS NATIONAL AWARD

Judges at the National High school bands concert held at Joliet, Ill., called Bernard Smith, Salvation Army youth, the best boy cornet player in the United States, and awarded him first prize and a gold medal for his rendition of the "Russian Fantasy," which was the piece he played in competition with other youths from all over the country. Bernard has just turned 17 and is a full-fledged member of the Salvation Army band at Flint, where he lives and where he was trained under the direction of Ensign William Broughton, now territorial staff bandmaster for the Salvation Army throughout the middle west, with headquarters in Chicago.

## JULY 1 IS ANNIVERSARY OF THE ROUGH RIDERS

July 1 is the thirtieth anniversary of a brilliant victory won by one of the most picturesque bodies of troops which ever fought under the American flag. For it was on July 1, 1898, that the "Rough Riders" under the leadership of Theodore Roosevelt made their names and the name of San Juan Hill forever famous in the history of our country.

OVERDOING PATRIOTISM It is not patriotic thinks a student of life writing in The American Magazine, to denounce everything that is foreign.

If the cash intake exceeds the cash outgo the sheriff will never bother you.

## Sauce for the Goose

By JOHN HART

FLORENCE DAVIDSON was one of those persons that practice what they preach. Her preaching was done through the columns of the Evening Gazette under the caption, "Advice to the Lovelorn, by Arabella Anderson."

Every day, except Sunday, Florence answered questions of young women, and some young men, in regard to love affairs, preceding the replies with an article of general advice.

These articles written by Florence lately had been accumulated and published in pamphlet form under the title, "Keep Them Guessing," and these pamphlets were distributed free of charge to the readers of the Gazette who submitted the necessary coupon.

Florence was a strong advocate of "guessing" in love affairs. She argued that a young man's interest became stimulated when he found himself unable to fathom the depths of his love's nature.

Because Florence practiced what she preached, Harvey Roberts was kept constantly on the anxious seat. She never would admit definitely that she would marry him, but whenever he became convinced his case was hopeless, she would be sure to lend him some fresh encouragement by means of a few choice words of sentiment. He was "kept guessing."

Harvey did not realize that he was the constant subject of experiment for Arabella Anderson of the Gazette. Indeed, he was not aware that Florence acted in that capacity on the newspaper, although, of course, he knew she held some position there.

Yes, Harvey was experimented upon shamefully in order that the readers of the Gazette might profit; but from this it must not be inferred that Florence did not care for him. She really was in love with him, but felt she must follow Arabella Anderson's advice in order to keep him on the matrimonial eligible list.

One day Harvey called for her at the Gazette office and escorted her to the modest dwelling where she lived with her mother.

"Shall I see you this evening?" he inquired. She had been particularly amiable, and he was confident she would be glad to have him call.

"I think not, Harvey. Really, I believe we should not see so much of each other for awhile. Besides, I have another engagement."

"He'll call me up in a day or two and beg me to relent," she confidently told herself later that day. "And of course I'll yield to his pleading. It's all in the game."

Florence was ready to relent, but she didn't get the chance, for Harvey failed to fulfill her expectations.

Then came the climax. Florence went to the theater one evening with her mother and there she saw Harvey with another young woman.

At first Florence was angry. What right had Harvey to pay attention to another girl after the many protestations of love he had poured into her ears? But her anger cooled and anxiety took its place. She stood ready to forgive if Harvey would come back.

But Harvey made no effort to see Florence. He must be away on business, she decided; but she discovered he was not out of town one evening when she went to a restaurant for dinner and found him dining there with the same girl who had accompanied him to the theater. Florence shed tears.

Well, it was all over. She had lost Harvey now, she was convinced. And it was her own fault; she knew it and admitted it. She wrote "Advice to the Lovelorn" with little heart now, because she was beginning to doubt the soundness of the policies she advocated.

Then one day Florence met Harvey on the street, and she stopped him.

"Why don't you ever come to see me?" she asked him.

Harvey appeared his same old self. "I'll see you tonight—if you haven't another engagement," he said.

Florence had no other engagement; and Harvey called. He got right to business at the start.

"I love you, Florence, and I want you," he told her, "but I'm tired of never knowing where I am at. If I can't have you all to myself I won't have you at all."

"You mean—" she said very sweetly—and meekly.

"I mean that I am proposing to you again, for the last time. If you say yes, well and good. It will make me happy. If your answer is no I'll be unhappy, but I'll never bother you again. But if you accept me all this tact and diplomacy stuff has got to stop. How about it?"

Florence was silent for a moment. When she spoke there was a hint of tears in her eyes.

"It suits me, Harvey," she told him. "I'll marry you and I'll never keep you guessing. You can depend on me all the time."

When Harvey left her that night he was far happier than he ever had been before. He went to his room and sat for a long time gazing at a picture of Florence and smiling. It was a smile of triumph as well as happiness.

Before retiring he opened a drawer of his dresser and brought forth a paper-covered book.

"This Arabella Anderson has the right dope," he murmured. "Only she forgot to mention that it works both ways. Maybe she didn't know when she wrote this 'Keep Them Guessing' volume."

## Hark to the Sage

"He who knows ill of his neighbor," said Hi Ho, the sage of Chinatown, "should keep silent, lest he show how easy it may be to have knowledge without wisdom."—Washington Star.

## Ineffective Reason

There are those who never reason on what they should do, but on what they have done; as if reason had her eyes behind, and could only see backward.—Henry Fielding.

## Homesopathy

"Oh when a clump is feeling blue, a girl's sweet smile can pull him through—of course the girl, we must assume, is the same one that caused the gloom."—Boston Transcript.

## Town Mostly Brown

The village of Chesham, Northamptonshire, England, has the unique distinction of having 90 per cent of its residents named Brown. All the Browns are blood relatives.

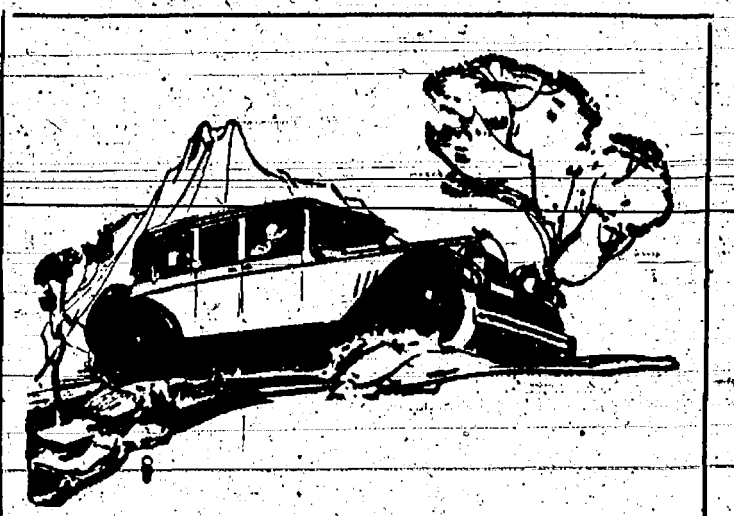

## THE WORLD IS YOURS If You Save Consistently

Saving is really a matter of habit. Once you start to save, you do so as a matter of course. You just naturally adjust your life to the new plan, enjoy the same pleasures, and at the same time pile up a balance in the bank. With a bank balance the world is yours for you can take advantage of opportunity when it comes your way.

### SOME TAX FACTS TO CONSIDER

During every working day in the year, the first 19 million dollars earned go for taxes of local units of government. The yearly total is the immense sum of six billion dollars. In 1913, according to the United States Chamber of Commerce, local government taxes amounted to about \$12 per capita. In 1926 they had increased 191 per cent, to \$35. The bonded indebtedness was something less than three billion dollars; it is now over 8 1/2 billion dollars. In 1926 the bonded indebtedness was \$75.10 per capita, 12 years before it was about \$30. During the past few years cost of national government, due to an economy administration and great financial acumen, has been steadily lowered. This saving has been offset by a steady rise in the cost of local government. These are tax facts. It would seem that in many instances our local governments, if they are not actually extravagant, have not exhibited foresight in the spending of public funds. It is up to the taxpayers themselves to investigate and understand the conditions that raise their taxes. In that direction only lies reform.

### ACCUMULATED MONEY

In a recent issue of his syndicated column, "Today," Arthur Brisbane refutes George Bernard Shaw, the English socialist, when he says that accumulated money is the root of all evil. Brisbane replied that it is accumulated money that has harnessed Niagara Falls, built the Panama Canal, and has placed automobile production on a quantity basis that has given the American people 24,000,000 inexpensive motor cars. Great accumulations of capital, like great accumulations of water going downhill, represent power. Eliminate accumulated capital and you would eliminate possibilities of higher civilization. He says that the people have brains enough to watch and control accumulated capital and take advantage of the benefits conferred by it, quoting these figures to prove that the country is prosperous: In May, corporations in which millions of employees are stockholders received dividends of \$347,900,406 and in June dividends will total \$500,000,000. The first of June, the total number of persons employed by all Detroit motor car factories was 359,073, highest on record—real prosperity.

### THIS AMERICA OF OURS

There are more individual bank books in the United States than in any other country. Even in this so-called off-year of the Presidential election, bank deposits continue to grow. It is estimated that money deposited in banks, averaged, would amount to about \$3,000 a family. Nor does this begin to indicate the volume of private savings. In no other country is there so wide a distribution of shares in business enterprises, so many holdings of bonds, so many people who, as owners of capital, have a stake in the prosperity of business and in the welfare of the country. This is the explanation of the weakness of radical political movements in this country and of the fact that the two parties having any chance of success in the election risk no issues which might endanger the country's prosperity. The family bank account is a trusty anchor against drifting out into the rough sea of political experimentation. —Detroit News.

### "FIRE DANGER TESTS"

The Los Angeles Times wrote this for home-tourist consumption, but it applies equally in Michigan: "A man throwing away a cigarette butt by the roadside easily may set fire to a large area of brush or wood land and never know that he had caused the wide destruction. One reason why cigarettes are a greater menace to the forest than cigars or pipe droppings is that they burn longer. Six popular brands of cigarettes recently were experimented with by government officials and it was found that all of them after once being lit burned steadily until reduced to ashes. Certain Turkish cigarettes, require 30 minutes to burn up. New warnings have been issued by the Automobile Club of Southern California as a result of the tests and cigarette smokers leaving the wooded districts should do well to heed them." —Detroit Free Press.

### MAKING SAFETY RECORD

The railroads have made consistent progress in safety for employees and passengers. Of the hundreds of millions riding on the railroads in 1927, only ten were killed, a new high record, and 60 less than in 1926. During the last eight years the lines have voluntarily spent \$501,306,000 of their new capital for safety purposes. The railroads are bending every effort to reduce accidents at highway grade crossings, and the result of their work is shown by the fact that while the number of automobiles have increased 160 per cent in eight years, fatalities resulting from highway grade crossings accidents have increased but 32.4 per cent during that period.

### A PRIMARY FOR PARENTS

What is the matter with our children? Not that a great deal is the matter with some parents. The police are hunting for a little girl, ten years old, invited to go to a party by a plausible man, fifty-eight years old. The child did not know the man, the parents did not know her. But the parents in the stranger's car, off that way in the last seen of her. Every public school should have an annex with the sign over the door: "Primary Common Sense for Parents." —Arthur Brisbane.

What do you do with the time you save by the use of modern conveniences?

### MANY GROUPS MEET

AT STATE COLLEGE

Rural Women, Ministers, Social Workers, Librarians, and Farmers Call Conferences

Many special group meetings and conferences, ranging all the way from rural ministers to "just plain farmers," have been called for the Michigan State College campus during the next few weeks. Literally thousands of visitors will be included in the various gatherings.

Rural women from all sections of the state will gather for a week of entertainment and instruction at the college, July 21 to 27, in the farm women's institute.

The annual school for rural ministers is scheduled to run for two weeks, beginning July 9th.

An institute for social workers will be held at M. S. C. for the first time, July 16 to 21. Members of the college staff and national authorities have been secured as instructors for this institute.

Summer's Day, the largest and most important of the summer meetings, will interest thousands of visitors who will come to the campus on July 27. It will be the eleventh annual farmer's day.

A school for librarians opens July 9 and continues through July 20, and the annual conference of the Y. M. C. A. secretaries will be held in the latter part of August.

A mid-summer school for poultrymen is set for July 9 to 13. The sessions were attended by 100 of the state's leading poultry raisers in 1926, when the last school for this group was given.

### WILL DISPLAY SKILL

AT STATE CLUB WEEK

4-H Club Members To Compete For Places On State Fair Contest Delegation

Michigan club girls will show their skill with needle and thread at a style show to be held during club week at Michigan State College, July 9 to 13.

The garments which will be exhibited were made as part of the clothing project in girls winter club state. In addition to this show, there will be judging and demonstration contests in both boys and girls sections which will determine divisional winners who go to Detroit to compete at the State Fair.

The East Lansing camp is one of three club camps to be held in the state. Northern peninsula youngsters gather at Chatham, August 6, and a third camp will be held at Gaylord, August 13.

State club leaders expect 350 club members at the East Lansing camp. For the first time, two local leaders accompany the members from each county, and a leaders training school will be given during the week.

Branches of club work in which contests will be held to determine representatives to go to Detroit are: canning, food study, hot lunch, clothing, woodwork, poultry, handicraft, and health.

For the sake of making Woodward avenue wider, Birmingham citizens are compelled to sacrifice many of their beautiful shade trees which have graced that thoroughfare for many years. Are we to sacrifice everything to speed?

The people who sneered at the movies and the radio when they were new now seem to be making up for the good times they missed.

### THE DESK FARMER

The new farming will require more hours at the desk and fewer hours at the plow.—Farm & Fireside.

Mt. Clemens—Bids received for sale of \$373,000 bonds for construction of Center Line Relief Drain.

Brighton is considering installation of waterworks system.

(By 1928, Western Newspaper Union.)

"Not by appointment do we meet  
Delight and joy;  
They need not our expectancy—  
But meet some corner  
In the streets of life  
They, on a sudden, clasp us with  
a smile."

### SOMETHING GOOD

With leftover chicken or fowl of any kind the following dish may be prepared:

**Spanish Chicken.**—Take two cupsful of chicken cut into small bits, melt four table-spoonfuls of butter, in it cook four table-spoonfuls of flour, a dash of pepper and half a teaspoonful of salt. Add one-fourth cupful of broth and stir until boiling. Season a cupful and a half of hot cooked peas with a half teaspoonful each of salt and sugar, a dash of pepper and two table-spoonfuls of butter. Arrange these in a circle on a hot serving dish, pour the chicken into the center of the circle of peas; garnish the edge of the peas with well cooked and seasoned button onions; sprinkle the whole with half a red or green onion cooked and cut into shreds. Set the dish into the oven, brush the edges with egg white and sprinkle a rim of parsley around it. Add triangles of toast and serve.

**Saffron and Currant Cake.**—Cream together three-fourths of a cupful of shortening and one and one-half cupfuls of sugar, add three beaten eggs and mix well. Mix and sift three cupfuls of flour with four teaspoonfuls of baking powder, one teaspoonful of salt, and add alternately with one cupful of milk. Add three-fourths of a cupful of currants, mixed with a little flour with a teaspoonful of saffron or, if extract, use two or three drops. Bake in a loaf.

**Baked Indian Pudding.**—Scald two cupfuls of milk. Mix four level teaspoonfuls of Indian meal with one cupful of cold water, stir into the hot milk and cook until it thickens, then add one-half cupful of sugar, two table-spoonfuls of molasses, a little salt, one teaspoonful of cinnamon, one-half teaspoonful of ginger and two beaten eggs. Turn the mixture into a buttered baking dish. Bake one-half hour, then pour over it one-half cupful of cold milk. Do not stir in the milk. Bake two hours in a moderate oven. Serve with cream or ice cream.

Nellie Maxwell

### SCOUT CAMP A BUSY PLACE

A merry company of about 112 Girl Scouts are at the Lansing Boy Scout camp at Clear Lake. Next week the Scout Reserves will spend the week-end there and then the Boy Scouts will enjoy the camp for the remainder of the season. It requires a lot of food to appease these hungry young-

sters and the Scout truck is seen in Chelsea very often gathering up provisions and other camp requirements.

**MONEY, TOOLS AND MENACES**  
Money is but a tool; as soon as it becomes other than a tool in use it is a menace.—The American Magazine.  
Try Chelsea first.

## PARENTS INVITED TO VISIT TRAINING ACMPs

Brigadier General Paul B. Malone, commanding officer of the Sixth, is anxious to have every father and mother of the Michigan young men who will attend either of Michigan's two training camps, at Camp Custer and Fort Brady, this summer, visit their sons while they are in camp. Phelps Newberry, civilian aide for Michigan to Secretary of War Davis, is also anxious to have the fathers and mothers visit the training camps.

August 17th has been set aside by the corps area headquarters as visitation day, and everything will be arranged at both training camps to entertain every father and mother who has a son in training. There will be no special program to show up the good side of the training camps only, but the regular daily schedule will be carried out, good and bad, for the benefit of the fathers and mothers, and other visitors.

## NEW TELEPHONE CABLE TO BE PUT IN SERVICE

This Comprises The Ann Arbor-Kalamazoo Unit 100 Miles Long—To Speed Up Service

One hundred miles of long distance telephone cable, comprising the Ann Arbor-Kalamazoo unit of the trans-Michigan toll cable, will be placed in service fully this week by the Michigan Bell Telephone company, company officials announce. This brings to a completion approximately 350 miles of the proposed \$24-mile long distance cable system of the company, building of which was begun in 1926. It is planned for completion in 1930 at a total cost of more than \$10,000,000. The cost of the unit just placed in service was about \$950,000.

Upon its completion in 1930, the trans-Michigan cable and principal branches will connect more than 50 of the principal telephone exchanges of the state, extending from Detroit and Port Huron on the east to Benton Harbor-St. Joseph and South Haven on the west, with Grand Rapids, Grand Haven, Bay City and Saginaw, the northern points, and Toledo, Ohio; Niles and South Bend, Indiana; the southern points. At the two out-of-the-state points, the cable will be joined with the big New York-Chicago-St. Louis cable and transcontinental and other circuits reaching into every state in the Union. It also will connect with the transatlantic, Mexican and Cuban circuits. In Michigan, smaller cables and open wire lines from all parts of the state will tie in with the new cable also. Kalamazoo, Jackson, Ann Arbor, Dearborn, Ypsilanti, Battle Creek, Flint, Pontiac, Royal Oak, Birmingham, Mt. Clemens and intermediate points are on the route of the new cable. Lansing will be reached by a branch cable.

In diameter the lead sheathed cable is slightly larger than a man's wrist. It contains an average of 875 talking circuits, which, if in the form of open wire circuits, would require 15 pole lines of five crossarms per pole with 10 wires to each crossarm. Building of this cable and the recent introduction of a new speed type of long distance service, by means of which a majority of long distance calls can be connected without the calling party holds the line, as in making a local call, are the two outstanding long distance developments of recent years, it was stated. The opening of this cable provides many additional long distance circuits, and also shortens the time required to connect users of the service. Michigan telephone users now are averaging 2,100,000 long distance calls per month.

## NORTH FRANCISCO

Mr. and Mrs. Clarence Lehman and daughter, and Henry Lehman spent the weekend at Woodland.

Mrs. Carrie Richard has been assisting her daughter, Mrs. Rex Dorris, in caring for their son, DeForest, who has been ill.

Mrs. Betty Orthing is spending a few days at the home of Jennie Miller.

## DEDICATED CHURCH HOUSE

## AT NORTH LAKE SUNDAY

Last Sunday evening, June 26th, Rev. John Martin, superintendent of the Ann Arbor district, dedicated the church house which he had just completed. Last year the Grange hall was moved from the corner to its present location next to the church. Since then it has been remodeled. The second floor is used for the primary and junior classes of the Sunday school; the lower part consists of a dining room and kitchen. At the dedication service Rev. Elyn Stringer of Grass Lake, who was the originator of the plan, presided. Rev. and Mrs. Francisco and Mr. and Mrs. Jewell of Chicago furnished the music.

Monday, June 25, the L. A. S. served dinner in the church house to eighty people. The occasion was a picnic planned by Dr. Martin for the ministers of his district. In the afternoon the ministers and their families were entertained at Inverness Country Club.

Dr. Harvey Pearce will preach Sunday evening, July 1, at 7:30 p. m. This is the one Sunday evening Dr. Pearce is available during the summer months. Everyone invited.

North Lake Church News  
10:45, Sunday school. The new quarter lessons, a study of the life of Paul, begins.

11:45, sermon by Rev. W. I. Francis.

7:30, Dr. Harvey Pearce preaches.

The Golden Rule class will serve ice cream on the church lawn Friday evening, July 13. Everyone welcome.

Miss Irene Stoffer spent last week with relatives at Jackson.

Mr. and Mrs. Lawrence Noah and son, Duane, Perry Noah and daughter, Mildred, attended the Noah-Nevers reunion near Greenville last Thursday.

Miss Lucy Webb has enrolled at the Michigan State Normal for summer school.

Miss Ruth Pearce is attending summer school at U. of M.

Miss Mildred McDaniels is spending her vacation at the home of her parents, Mr. and Mrs. E. W. McDaniels.

GIVEN BUT A YEAR TO LIVE BUT HE FOOLED THEM

Something over five years ago, H. E. Smith, who was then engaged in business in Cleveland, Ohio, was given but a year to live by his physician. He did not fully agree with the decree that had been given him and he decided that if his physician was right, and he might be, he wanted to select an attractive place to pass the closing months and weeks of his earthly existence. Fitting his action to his thoughts he brought his family to the shores of Clear Lake where they spent several months. The careful, outdoor life restored his health and he decided to purchase a few acres of land and to establish a permanent home where had spent a very happy summer.

Returning to Cleveland he sold his business and returned to Clear Lake where he built a comfortable home and began the task of covering his land into an attractive resort. He must have had a pretty clear vision and a very penetrating imagination, because he certainly has about as an attractive place as one can find in Michigan, and everything about the premises is clean and wholesome. He converted a marshy piece of land into a very attractive lagoon which he connected with the lake by means of a canal in which he moves boats to and from the lake. He constructed planted shrubs and trees and made numerous flower beds, with the result that Smith's Landing has become one of the popular places about the lake and his cottages are all rented for the season.

Asked if he ever expected to return to the city, he replied he would not return for any amount of money. He was more than pleased with his location and he is doing a very profitable business.

FARM CROPS ARE FULLY UP TO THE AVERAGE

During a short drive by a representative of The Standard last Friday afternoon in the northwest part of Sylyan and a portion of Lyndon, several wonderful fields of rye were noted and the grain stood straight and much higher than most of the fences. The live stock that was seen from the roadside was all in excellent condition.

Many of the farmers were cultivating their corn, and so far as could be seen the stand was far better than the average at this season of the year. Some of the farm owners were cutting their first crop of alfalfa hay while others had completed their first cuttings.

On the farms of J. L. Sibley and John Walz several acres have been planted to potatoes and they have an excellent stand and if nothing befalls the fields they will harvest a bumper crop.

The ladies on the farms are usually the ones who take care of the flowers and kitchen gardens and most of the men can well afford to take a few lessons in gardening from the women at the head of the household.

The present outlook is very promising for a bumper crop the coming fall.

HIGH PRODUCTION MAIN-TAINED BY WILLYS-OVERLAND

Production of Willys-Knight Sixes and Whippet fours and Sixes is being maintained at capacity, Willys-Overland officials said last week and every effort is being made to fill the large volume of unfulfilled orders that have been on the company's books for months.

Throughout the nation the demand registered for Willys-Knight and Whippet motor cars has resulted in the company setting new sales, production and shipping records, marking 1928 as the most prosperous year in the twenty years' history of Willys-Overland.

Indications are that June sale and production of Willys-Knights and Whippets will establish a new high monthly mark since the expansion program of the company is now under full swing and will assure a continuance of capacity production.

There are three candidates in the race to oppose Lieutenant Governor Dickinson for re-nomination on the republican ticket this fall, but we are of the opinion that the Charlotte man will lead the crowd under the primary wires.

## ALL Roads Are Easy with Red Crown Ethyl!

Dirt roads—paved roads—hilly roads  
—rough roads—all roads are easy  
when this famous fuel is in the tank.

Red Crown Ethyl makes your car  
glad to go! Gives it new power and  
pep and speed! At the wheel you  
can sense its eagerness!

Driving is easy—with Red Crown  
Ethyl. The car gets away on the  
instant—picks up fast—slips over  
hills—speeds or crawls with the  
same even purr. It will never knock,  
no matter what you ask it to do!

Red Crown Ethyl is a high compression  
gasoline. It made possible the  
high compression motor. It gives  
the advantages of high compression  
to any motor, old or new. And you  
can buy it for only a few cents more  
per gallon!

No one can tell you what it means  
to motoring. Fill the tank with Red  
Crown Ethyl today and see for your-  
self! "It knocks out that knock."

### DESIGN SUITS TO CATCH SUN RAYS

Experts Fix Outfits for Out-  
door Use by Tots.

Washington.—Active little bodies  
now may absorb beneficial sunshine  
while at play. Specially designed sun  
suits that leave plenty of skin ex-  
posed are recommended for children  
by the United States bureau of home  
economics.

The suits, the result of research  
by the division of textiles and cloth-  
ing, under the direction of Miss Ruth  
O'Brien, are designed on the regula-  
tion romper plan.

They are made to provide varying  
degrees of exposure and to be used  
in sequence as the child's skin be-  
comes accustomed to the sun and  
wind. Miss O'Brien advises mothers  
to use the sleeveless, low-necked suit  
first, then the one with the armholes  
cut down to the waist and the back  
cut out. The last stage is the suit  
with loose trousers or wide-meshed  
material and shirt made of two nar-  
row strips of gauzy net, whose threads  
will not interfere with the sun's rays.

"All common textile fibers stop  
most of the ultra-violet rays," says  
Miss O'Brien. "So it is best to choose  
loosely woven fabrics for the sun suits  
so that the rays can reach the body  
through the large spaces between the  
yarns."

One of the most satisfactory suits  
that we have designed is made of cu-  
ble net for the top and brown cotton  
sitting for the trousers, which are  
very short and very loose around the  
waist.

### Farmer, Aged 81, Says He Has Walked 180,000 Miles

Glencoe, Minn.—The record of H.  
F. Benke, eighty-one-year-old farmer  
here, is something for these cross-  
country runners to ponder over.

Mr. Benke has clocked off 180,000  
miles by foot in the past 17 years and  
still makes his daily walk.

"I had a full-sized mileage ticket  
off when I was only eleven years old,"  
the pioneer explained. "I walked  
nearly all the way from a point 25  
miles south of Chicago to Glencoe in  
the summer of 1853. I was a member  
of a prairie schooner party, but there  
was no room in the wagons for the  
men and boys."

"For several years after that I  
walked frequently from the claim here  
to St. Paul and back, carrying pro-  
visions. During all that time I worked  
in the fields, and in those days, of  
course, there were no autos to ride  
on when working in the field. In  
fact there was no farm machinery.  
Later I made from 15 to 20 miles a  
day playing and harvesting, and dur-  
ing the rest of the year I reckon that  
I walked at least five miles a day."

Most of his walking was done with  
wooden shoes, Benke said. "We used  
to wear wooden shoes to St. Paul  
even in winter and exchange them for  
leather ones when we neared the  
town," he declared.

"One time I lost one of my leather  
shoes while crossing the river from  
St. Anthony to St. Paul. I didn't like  
to wear wooden shoes on the streets  
and tried to buy a pair of buffalo  
shoes, but couldn't find any to fit me  
in the St. Paul stores."

### New Radium Explosive More Deadly Than TNT

Pasadena, Calif.—A new explosive  
of which radium is an important in-  
gredient, was reported by military pro-  
fessors of the California Institute of  
Technology to have shown itself to be  
30 per cent more powerful than TNT  
and 15 per cent more effective than  
commercial dynamite. In official tests  
conducted at the college.

Tests of the explosive, which was in-  
vented by Capt. H. R. Zimmerman, of Los  
Angeles, former army officer, were con-  
ducted by Lieut. Col. L. M. Adams,  
professor of military science at the  
institute. An ounce of each of the  
three explosives was placed in three  
separate lead jars, and their compar-  
ative power determined by measuring  
the expansions created by the explo-  
sions.

Captain Zimmerman refused to allow the  
military scientists to analyze the ex-  
plosive, declaring that he believed the  
War department might wish to main-  
tain secrecy of his formula.

### 65 Fish for Every Angler, Bureau's Aim

Washington.—In co-operation  
with the 60 private fish nurseries  
in this country, the bureau of  
fisheries plans to distribute  
this year a total of 650,000,000  
fish and eggs, or an average of  
65 fish for each of the estimated  
10,000,000 persons who fare  
forth with rod and reel each  
summer.

From the bureau's 38 main  
hatcheries and 35 substations  
young fish from five to six  
inches long will be deposited in  
trouty brooks, rushing streams  
and majestic rivers from the At-  
lantic to the Pacific. Through-  
out the fish nurseries co-operating  
with the bureau, a total of 250,  
000,000 fry will be planted in  
protected waters.

"More fish in proportion to  
the water and a shorter time  
between hatches" are the bureau's  
twin objectives.

### Add Definitions

A gentleman is one who can get rid  
of a feminine book agent without giv-  
ing any sign of his yearning to thro-  
w her out.—St. Paul Pioneer Press.

### Wit and Humor

There is a marked difference be-  
tween wit and humor. One may see  
the point of humor, but one feels the  
point of wit.—Los Angeles Times.

### Discretion

Discretion is learned in the school  
of experience. You just put the foot  
and let the neighbors do the rest.

### "FIRST PAPERS" VOTERS ARE BARRIED THIS YEAR

Allies Must Have Second Papers  
Before They Are Eligible Under  
New Laws

A change in the state and national  
election laws in 1924, which requires  
that all naturalized citizens shall have  
obtained their second papers before  
being eligible to vote, may prevent  
voters who have cast ballots for years  
from voting this fall.

"Many voters who have considered  
their citizenship as unimpeachable  
must show date to prove how they  
attained citizenship this year. Many  
older citizens have been voting on  
first papers only, which was permis-  
sible under the state law when the  
first papers were issued before May  
4, 1892, but this privilege was abro-  
gated Jan. 1, 1924, and it is now nec-  
essary for everyone to have second  
or final papers before being eligible to  
vote. The law was not effective at  
the general re-registration four years  
ago."

"This applies also to sons and  
daughters of immigrants who ob-  
tained first, but not second papers,  
all of whom may have been voting  
for years. The fact that a person's  
father has voted for years does not  
mean that he was a citizen, nor does  
it confer voting privileges on his chil-  
dren, under the new laws."

As the registration clerks are re-  
quired to fill out and apply to the  
date and manner in which they  
became naturalized, all naturalized  
citizens should make a memorandum  
of this information before coming to  
register. Married women who claim  
citizenship through their husbands  
should be able to provide the place  
and date of issuance of their hus-  
bands' second papers.

"All naturalized citizens, especially,  
should register early, for if there is  
any question regarding dates of citi-  
zenship and it is necessary to send  
for information from another state,  
there will be time to do this."

The re-registration every four  
years applies to voting precincts of  
5,000 and upward. However, the  
township board can, by a proper res-  
olution, require a general re-registra-  
tion in all precincts of less than 5,000.  
All naturalized citizens should bring  
their final papers with them when  
they go to the registration clerks' of-  
fice to have their names placed on  
the poll books, as the dates must be  
entered in the book. There will be no  
general re-registration in Sylvan  
this year. All persons who have be-  
come 21 years of age since the re-  
gistration for the spring election or  
have moved from one voting precinct  
to another in Sylvan, can have their  
names entered on the poll books any  
time now until the second Saturday  
before the primary election in Sep-  
tember.

### CHANGES IN POSTAL RATES WILL BE EFFECTIVE JULY 1st

Rates For Special Delivery And Third  
Class Service Are Chief Features

New postal rates, effective July 1,  
embodying changes of particular in-  
terest to all classes of mail users, will  
become effective July 1st.

Of value to direct-mail advertisers  
is the new feature permitting mail-  
ing of business reply cards to pur-  
chasers which may be mailed back with-  
out cost to correspondent under cer-  
tain conditions. The reply postage,  
plus a service charge of two cents, is  
paid as postage due to the person or  
firm which circulated them. It will  
cost the advertiser more for each  
return, but will save the enormous  
loss in postal cards and stamped en-  
velopes which now fail to return.

Another condition in the new sched-  
ule allows for an increase in charge  
for special delivery first-class mail,  
weighing more than two pounds, the  
fee on this being 10 cents up to two  
pounds. For more than two pounds  
up to 20 pounds, a fee of 20 cents  
will be charged. Over that a fee of  
25 cents will be charged.

For special handling of parcel post  
matter, fees will be greatly reduced.  
Formerly this service has required a  
flat fee of 25 cents for each package,  
but now a special handling stamp for  
the proper fee will be placed on a  
parcel post package and will be car-  
ried to its destination along with  
first-class mail, but it will not receive  
special delivery. The same amount in  
regular stamps may be used for this  
purpose if it is designated by writing  
under the stamps. This service will  
cost 10c up to two pounds; 15 cents  
for packages up to 10 pounds and 20  
cents for those over 10 pounds.

If the sender desires even quicker  
service by special messenger they  
must pay 15 cents for two-pound  
packages; 25 cents for those up to 10  
pounds; 30 cents for those over 10  
pounds. Special delivery stamps  
must be used.

Under the new law packages in-  
sured up to \$1,000 may be registered  
declared valuation. No package val-  
ued at more than \$100, however, will  
be accepted for registry at drug store  
stations, or by letter carriers, nor  
will they be delivered by carriers.  
High-rated packages must be mailed  
at the main postoffice.

Mail of the third class, including  
circulars, catalogs, printed matter and  
miscellaneous mail, is not affected as  
to conditions, but rates are decidedly  
cheaper in wholesale quantities. Sepa-  
rately addressed identical pieces to-  
taling at least 20 pounds or not less  
than 200 pieces must be sent at each  
mailing in order to secure these bulk  
rates and the mailer has the option  
of paying the postage in money thus  
avoiding the cost of affixing stamps.

### Buick Sets New Sales Record

Flint, Mich., June 30.—Buick sales  
for May exceeded those for April by  
almost 5,000 cars. C. W. Churchill,  
general sales manager of the Buick  
Motor Company, announced this  
week. The figure is taken from retail  
delivery reports, which indicate con-  
siderable improvement in business con-  
ditions practically everywhere in the  
country.

Mr. Churchill also made public a  
set of tables showing the dollar value  
of various makes of automobiles sold  
in the 12 months ending March 31,  
1928. The tables indicate that the  
public paid \$365,000,000 for Buick  
cars during that period, as compared  
with \$240,000,000 for the cars of the  
second highest producer in the fine car  
field, and \$221,000,000 for those of  
the third.

### NATIONAL AIR TOUR TO START JUNE 30

A Score Of Machines Will Make The  
Tour To The West And Return

More than a score of commercial  
airplanes of the latest models will  
compete for the Edsel B. Ford trophy,  
the chief prize of the 1928 national  
air tour, which will begin at De-  
troit, June 30, its 8,000 mile swing  
around the country.

The entries thus far range from  
two-seater, single engine biplanes of  
the mail-carrying type to the huge  
trimotored, all metal monoplanes  
built to carry more than a dozen pas-  
sengers at each trip. Three of the  
latest type Ford all-metal three-  
motored monoplanes will accompany  
the tour. These planes will be op-  
erated by the Texas company, the  
Standard Oil company of Indiana and  
the Standard Oil company of California.

The official entry of the three  
will be the Texas company's ship,  
which has been entered by the manu-  
facturer as is required by the rules  
of the tour. It will be operated by  
its regular crew. The plane of the  
Standard Oil company of Indiana will  
accompany the tour in the earlier  
stages, but will drop out in the far  
west, where the plane of the Standard  
Oil company of California will join  
the flight.

The tour this year will cover ap-  
proximately 8,000 miles and will  
touch about 20 cities in the middle  
west, southwest, Pacific coast, and  
northwest sections of the country.  
The tour is the only recognized na-  
tional endurance test for commercial  
airplanes. Competition is judged on  
the basis of speed, weight-carrying  
ability and general performance un-

der actual freight and passenger-  
carrying conditions.

The Edsel B. Ford trophy is of-  
fered to the plane making the high-  
est composite score. In 1924 one leg  
of the trophy was won by Walter  
Beach, of Wichita. Last year Eddie  
Stinson, of the Stinson Aircraft Cor-  
poration, Detroit, won a leg on the  
trophy with the highest score in the  
1927 tour. To be held outright the

trophy must be won three times by a  
single entry.

In addition to this major prize,  
there are \$12,000 in cash prizes.

# VOGEL & WURSTER

## Methodist Home

Mr. and Mrs. J. E. Maser of Toledo, Ohio, spent Sunday with Mrs. E. Eiler. They all motored to Cavanaugh Lake in the afternoon.

Miss Sarah Conley received a visit Tuesday from Mrs. Charlotte Lathrop, a sister, and Mrs. Arthur Thorson, a niece, both from Chicago. Judge A. E. Cole and wife and daughter, Inez, of Lansing, and Roy Sprague and wife of Fowlerville visited with Mrs. Elvira Green Sunday. Miss Inez Cole is a teacher of Latin in the Lansing schools.

Mr. and Mrs. Lee Miller of Belleville, called on Mrs. Ione Gorton Sunday. They expressed great admiration of the home and grounds.

Miss Clara Critchett, of Battle Creek, called on her aunt, Mrs. Amelia Lewis, Monday afternoon. Miss Critchett is a registered nurse and enjoys in her calling.

Mr. and Mrs. Frank Fullington of Toledo, and Mrs. Palmer Gridley of Stoney Creek, spent Saturday afternoon with their aunt, Miss Fanny Davenport.

Mrs. Frances Sutor returned to the Home Sunday after several weeks at her old home in River Rouge.

Miss Alice Chapin entertained her two sons, M. E. Chapin of Flint, and Howard of Ypsilanti and their wives Sunday.

Mrs. W. J. Palmer spent the week-end with her daughter and grandchildren in Port Huron, returning Tuesday.

Mrs. Eunice of Brighton, is expected to join the family about the first of the month.

Mrs. Ione Gorton's granddaughter, Miss Frances Gorton, calls this week from Vancouver, B. C., for a round the world trip, stopping at a number of the principal cities. She is a member of the band of 15 girls, "The Ingenuettes Band." She plays the piano, accordion, marimba and violin.

Mrs. Myra Gage returned Saturday from an extended visit in Tecumseh and other points.

Communion services will be held Sunday afternoon in the parlors.

George Bangs motored to Detroit Tuesday to have a new artificial limb adjusted which was made necessary by his fall last winter. Here is hoping that it will be satisfactory and that he will be seen around again.

Mrs. LeBarre is the new lady in charge of the laundry department.

Simon Urey left last month for an extended visit in Saginaw and Indianapolis. He missed the company of the other children in the Home and returned unexpectedly Friday.

## LOCAL ITEMS

Rev. Marshall R. Reed, wife and daughters, Elizabeth and Elsie, of Detroit, visited the Home last week. They were accompanied by Miss Ruth Mosher of Detroit, and Miss Jeanette Houghton of Grosse Point Park.

Mr. and Mrs. Milford Dansen of Detroit visited with his grandmother, Mrs. Susan Dansen, Sunday. They were accompanied by Mr. and Mrs. Harry Brockman of the same city.

John O'Connell returned Monday from a week's visit with his daughter in Birmingham.

Mr. and Mrs. Henry Kaercher of Tecumseh visited with Miss Alice Carey Sunday.

Mr. and Mrs. Homer Whaley and daughters, Kathryn and Virginia, of Albion, were visitors Sunday. This was their first visit to the Home and they were very much pleased to find so beautiful a place. They visited with the "Tecumseh clique" where they formerly lived.

Mrs. Bernice Park who has been confined to her bed for some time, is around again.

Capt. T. R. Morrison, wife and family, of Ann Arbor, visited with his grandmother, Mrs. Jennie Wood, Tuesday.

Rev. Alfred Eddy, of Webberville, conducted the services Sunday afternoon. He was accompanied by his male quartet. Both message and music were very inspiring.

Mrs. Anna Smith of Howell, was a visitor Sunday.

Mrs. Elva Fiske, of Kalamazoo, called on Mr. and Mrs. C. E. Bower last week.

Mr. and Mrs. J. E. Rowland of Detroit, called on Mrs. Ione Gorton, Saturday.

Mrs. Ellen Atwell, Madeline Nixon and Mrs. Frances Gorton, of Fowlerville, accompanied Miss "Bath" Fish to the Home Friday.

Mrs. Sophie Elliot is visiting in Milan for a few weeks.

Mr. and Mrs. George Halst attended the funeral of Albert Trolz near Manchester, Sunday.

Misses Ida Dettling and Dorothy Schanz spent Sunday in Battle Creek at the home of Mrs. Harry Perkins and Archie and Fred Merchant.

Mrs. Ada Walters and R. B. Walgrous spent the week-end in Ferndale. Mr. and Mrs. Edward Ichelinger and family of Lansing, spent the week-end at the home of Mr. and Mrs. George Halst and family.

The Ladies Aid society of St. Paul church, Chelsea, was entertained at the home of Mrs. John Metzger last Thursday.

Miss Dorothy Schanz is now attending summer school at Ypsilanti.

## COMMUNITY CALENDAR

Regular meeting Olive Chapter, No. 108, O. E. S., Wednesday evening, July 4th.

There will be a business meeting of the Ladies Aid of the M. E. church in the church parlors on Friday, June 29th, at 2:30 p. m. All circles are requested to report at that time.

Mrs. Chris Schneider and Mrs. Adam Appler will entertain the Ladies Aid society of St. Paul's church at the former's home Friday afternoon, July 6th. Those who have automobiles please meet at the church at 1:30 p. m. to take those who have no conveyances.

Miss Jennie Wagner is still in Lansing, caring for her brother, Frank.

George Wiseman, who is a patient at the U. of M. hospital, is gaining nicely.

Mr. and Mrs. E. J. Foster of Grass Lake, were guests of Chelsea relatives Sunday.

Lewis Mayer of Lima, entertained Sunday, Mr. and Mrs. Reuben Mayer of Detroit.

Mrs. H. J. Dancer and daughters, Misses Dorothy and Helen, were Jackson visitors Monday.

Mrs. Sophia Schantz is spending the week with her sister, Mrs. William Hayes of Grass Lake.

John Dunley and son, Francis, of Detroit, were Sunday guests of Mr. and Mrs. J. P. McCarthy.

Claude Rogers and Carl Risley left Wednesday on a 300-mile hike to the latter's home in Manistiquette.

Mahlan Dunkel and Andy Eppler returned Monday from a visit with relatives in Cleveland, Ohio.

Mrs. Mary Faulkner is spending several days in Leslie as the guest of her sister, Mrs. Frank Sawyer.

Robert W. Smith of Fort Atkinson, Wis., is a guest at the home of his grandmother, Mrs. Joseph Mayer.

Mrs. Martha Wagner has returned home from Lansing, where she was caring for her son, Frank Reed.

H. E. Haynes of Ypsilanti, was a visitor in this section on Wednesday and made the office a pleasant call.

Mr. and Mrs. Adam Knapp and family of Clinton, spent Sunday with Mr. and Mrs. W. J. Beutler and family.

Rev. A. E. Potts addressed a church night meeting at the Federated church in Grass Lake Tuesday evening.

Dr. P. Steiner entered the University hospital at Ann Arbor, Wednesday, where he will take a course of treatment.

## NEW BOARD OF TRUSTEES FOR MT. OLIVET CEMETERY

Death Makes Change of Trustees For Local Cemetery Necessary

On account of the death of James L. Wade, Bishop Gallagher, bishop of the diocese of Detroit, has been compelled to make a complete change of the trustees in charge of the Catholic cemetery. This is a very important committee and one that is most vital to the membership in the entire parish of St. Mary church.

The following nominations as trustees have been made by the bishop for a period of five years for each of the three named:

Peter Merkel, as always, president of the board of trustees.

A. G. Hindelang, secretary-treasurer and vice president.

Chauncey Hummel, superintendent. Each member of the board on account of their personal appointment is responsible to the bishop of the diocese. However, the rector, Rev. Fr. VanDyke, is the direct agent of the bishop and he has the power of veto.

Mt. Olivet cemetery is one of the finest in this vicinity and the trustees and members of the parish devote considerable time and money in beautifying and upkeep, and their labor and devotion to the memory of the departed is one of the most worthy services that can be rendered.

NO BOUNTIES BEING PAID

Considerable inquiry is being made by resident hunters as to whether there is a bounty being paid for rats, woodchucks, sparrows and other destructive animals. The county of Washtenaw does not pay any bounties of any kind neither does the township of Sylvan.

Mr. and Mrs. G. H. Barbour and daughter, of Lima, were guests of relatives in Manchester, Sunday.

M. L. Burkhardt of Lima, entertained at his home Sunday, Mr. and Mrs. Henry Feldkamp of Scio.

Grinnell Brothers of Ann Arbor delivered a handsome Steinway grand piano at the home of Mr. and Mrs. M. H. McGaffigan on Wednesday.

Mr. and Mrs. J. J. Fredericks, of Los Angeles, Calif., and Mrs. Elizabeth Toumey, of Detroit, spent Tuesday with Mrs. R. D. Walker and family.

The Chelsea merchants will keep their places of business open next Tuesday evening, as Wednesday being a holiday, they will be closed for the day.

Miss Gertrude Eppler leaves this week for Honor, Mich., where she will assume the duties of assistant director of Highland Park Recreation Camp.

Mr. and Mrs. W. E. Reichert and daughter, of Lower Lake, California, Miss Esther Reichert and Mrs. Henry Priekorn of Ann Arbor, were entertained Friday at the home of Mr. and Mrs. F. E. Reichert.

Mr. and Mrs. H. R. Schoenhals attended the annual banquet of the Pinckney High School Alumni Association Saturday, at which Mrs. Schoenhals is a member.

Mr. and Mrs. M. W. McClure will have their household goods moved from Chelsea to Buchanan on Friday of this week. They recently purchased a fine residence in Buchanan.

## MANAGER R. C. MERITHEW OF THE WASHTENAW FAIR WAS IN CHELSEA ON WEDNESDAY

Manager R. C. Merithew of the Washtenaw Fair was in Chelsea on Wednesday, where he was interested in the premium books are out and may be had by applying to the manager.

Village Marshal Atkinson has in his possession a bicycle that was left on the streets last Saturday night by two boys, who ran away after they had run into a lady and then into a baby cab and upset it.

Mr. and Mrs. Carl Lehman and family of Brighton, and Jacob Schable, of Manchester, spent Sunday at the home of Mr. and Mrs. Jacob Lehman.

Miss Edith Congdon of Ottawa, Ont., and Miss Nellie Congdon, of Hillsdale, were guests of Mrs. Florence Howlett several days of the past week.

Mr. and Mrs. O. D. Schneider and family, were entertained Sunday at the home of Mr. and Mrs. Emmet Sargent, Jackson.

Guests at the home of Mr. and Mrs. S. A. Mapes Monday were Miss Iva Dennis and Misses E. Mattheson, of Grand Rapids, and Mrs. E. G. Hoag, of Ann Arbor.

The village street committee has had Madison street regraded from Park street south to Washington and it is being graded and dressed of gravel. The lowering of the street is a decided improvement.

Mr. and Mrs. Herbert R. Schoenhals, Mrs. Harold Primodig and daughter, Ann-Marie, Mrs. I. E. Podas and Miss Helen Primodig were guests at a dinner party Friday at the home of Mrs. A. W. Wright, Holly.

Mr. and Mrs. Charles Meseriva and daughter, Jean, Mrs. W. F. Kandlehner and daughter, Frances, will leave Sunday on a motor trip to Maplewood, N. J. They will be guests at the home of Mr. and Mrs. Earl Schumacher.

After spending several weeks with relatives in Chelsea and vicinity, Mr. and Mrs. Walter Pielemeier and daughter left Friday for their home in State College, Pa. Mrs. Pielemeier's parents, Mr. and Mrs. W. S. Davidson, returned with them for a month's visit.

Don, the young son of Mr. and Mrs. George Weber, was discharged from University hospital last Saturday, where he was taken some time ago when he was injured about the head as he fell from a car in which he was riding. Mr. and Mrs. Weber were former residents of Sylvan and are well known here.

Misses Roseanna Brooks, Kathryn Fletcher, Enid Freeman, Margaret Haselschmidt, Pauline Jones, Agnes Dancer and Jean Turnbull, Albert Potts and Kenneth Beach are in Olivet this week, in attendance at a Christian Endeavor conference, as delegates from the local society. Rev. A. E. Potts, A. R. Jones and Dwight Beach accompanied them to Olivet, Monday.

Dr. M. Prudden of Postoria, Ohio, has rented his camp grounds at Clear Lake for the season to parties from Ohio. Dr. and Mrs. Prudden and son will occupy a cottage on the grounds for the summer months. The boys who come from a number of the states of the United States, have shipped their personal effects by express and the camp grounds under the supervision of their instructors will be a lively spot for the next two months.

Edwin Haas and mother, Mrs. Katherine Haas, of Dexter, spent Sunday with Mr. and Mrs. W. J. Beutler and family.

Mr. and Mrs. C. W. Klammer and Mr. and Mrs. H. W. Klammer, of Dearborn, were callers at the home of Mr. and Mrs. C. E. Clayton, Sunday.

Try Standard Liners, 24c

## DRAIN COMMISSIONER ASKED TO CONSTRUCT SEWER SYSTEM

A petition signed by twenty freeholders—property owners and taxpayers—of the townships of Sylvan and Lima, being residents of this village, presented a petition to County Drain Commissioner Clayton E. Deake asking that he construct a sewer in this village.

The law gives the county commissioner the right to construct such a system and the matter will be given careful consideration by Mr. Deake. A survey of the district to be drained will be made by Dodge & Menefee and following the procedure another petition bearing the names of 60 per cent of the property owners whose lands will be affected must be filed with the commissioner, and it is the intention of those behind the movement to carry it on until their petition has been granted and a suitable drainage and sewer system is provided for Chelsea.

## ROAD WORK PROGRESSING IN THIS SECTION

In its weekly report of the progress being made on the roads of the county the county road commission stated that satisfactory progress was being made on the Fletcher road and that the top course would be completed this week.

Cavanaugh Lake, section 2—Weather has not hindered work on this project due to the kind of earth in the subgrade. Some difficulty experienced in places due to the mud but so far it is no worse than we expected. Across the Musbach marsh the road is to grade and about 28 feet wide with a good trace in the center. One can see from one end of the marsh to the other now where formerly only a hundred feet or so of road could be seen at one time. Another week will make a big showing on this grading job.

**The Choicest Home Killed Meats**

Long Distance Rates Are Surprisingly Low  
For Instance:

for \$220

or less, between 4:30 a. m. and 7:00 p. m.,

You can call the following points and talk for **THREE MINUTES** for the rates shown. Rates to other points are proportionately low.

From Chelsea to:	Day Station to Station Rate
Nashville, Tenn.	\$2.20
Baltimore, Md.	2.20
Cedar Rapids, Ia.	1.95
Champaign, Ill.	1.50
Knoxville, Tenn.	2.20
Madison, Wis.	1.50

Chicago, Ill.	1.15
Chicago, N. Y.	1.16
Buffalo, N. Y.	1.50

The rates quoted above are *Station-to-Station Day rates*, effective from 4:30 a. m. to 7:00 p. m.

*Evening Station-to-Station rates* are effective from 7:00 p. m. to 8:30 p. m., and *Night Station-to-Station rates*, 8:30 p. m. to 4:30 a. m.

A *Station-to-Station call* is one that is made to a certain telephone rather than to some person in particular.

If you do not know the number of the distant telephone, give the operator the name and address, and specify that you will talk with "anyone" who answers at the called telephone.

A *Person-to-Person call*, because more work is involved, costs more than a *Station-to-Station call*. The rate on a *Person-to-Person call* is the same at all hours.

**Additional rate information can be secured  
by calling the Long Distance operator**

Mrs. Ralph Reynolds of Jackson and Mrs. Fowler of Leoni were guests from away. Mr. and Mrs. Bert Austin of Argentine, were guests at the home of Mr. and Mrs. W. Vicary on Sunday. Miss Amanda Osterle spent a week with her grandmother in Stockbridge. Arthur Walz is driving a new car, a Peerless sedan. The children's day program was very well attended, the children doing fine. Several from this community attended a shower in honor of Mrs. Clark Adams, formerly Ethel Runciman, at the home of Mrs. Vera Wahl, near Lake Michigan. Mr. and Mrs. Ed. Schulz and Howard visited the former's parents at Minard Mills, on Sunday. Rev. and Mrs. Clark Adams of Kinderhook, are visiting the latter's mother, Mrs. Martha Runciman.

### SOUTH WATERLOO

Mr. and Mrs. John Wahl and son were in Jackson Tuesday to attend the funeral of Mrs. Wiley. There will be an ice cream social at the home of Penelope Weinhold Saturday evening, June 30th, for the benefit of the Mt. Hope church. Everybody invited.

Mr. and Mrs. A. W. Seigrist and Miss Clara Baldwin spent Sunday in Jackson at the home of Mr. and Mrs. A. H. Hamman.

Don't forget the church homecoming at the Waterloo church July 8th. Pot luck dinner. Everybody welcome.

Miss Irene Wahl of Chelsea is spending the week with Mr. and Mrs. Eldon Katz.

Mr. and Mrs. Ben Scott of Ann Arbor, spent Saturday and Sunday with Mr. and Mrs. John Tisch and family.

Lloyd Riemenschneider of Jackson, was a Sunday visitor at the home of his parents, Mr. and Mrs. John Riemenschneider.

### LIMA

Robert and Harold Wagner of Ann Arbor, spent Sunday afternoon at the home of Albert Heinrich.

Miss Irene Koch of Ann Arbor, has been spending a few days at the home of her parents, Mr. and Mrs. C. Koch.

Mr. and Mrs. Ray Louis, Mr. and Mrs. A. Stoll, Mr. and Mrs. B. Snyder and daughter, Nellie, and son, George, of Ann Arbor, Mr. and Mrs. S. Smith and son, Mr. and Mrs. J. Egeler and son, George, and J. Egeler spent Sunday with Mr. and Mrs. F. Koch.

Mr. and Mrs. Herman Herzog and son, Donald, of Ann Arbor, called at the home of Mr. and Mrs. C. Koch Sunday.

### Bible Thoughts for the Week

**Sunday.**  
THE CHRISTIAN'S MISSION.—Preach, saying, The kingdom of heaven is at hand. Heal the sick, cleanse the lepers, raise the dead, cast out devils: freely ye have received, freely give.—Matt. 10:7, 8.

**Monday.**  
YE WOULD NOT.—O Jerusalem, Jerusalem, thou that killest the prophets, and stonest them that are sent unto thee, how often would I have gathered thy children together, even as a hen gathereth her chickens under her wings, and ye would not.—Matt. 23:37.

**Tuesday.**  
GOD WILL PROVIDE.—Take no thought, saying, What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed? But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you.—Matt. 6:31, 33.

**Wednesday.**  
RIGHT ROUSING THINGS.—When the righteous are in authority, the people rejoice; but when the wicked beareth rule, the people mourn.—Prov. 29:2.

**Thursday.**  
MERCY ASSURED.—He that covereth his sins shall not prosper; but whoso confesseth and forsaketh them shall have mercy.—Prov. 28:13.

**Friday.**  
WHO SHALL ENTER.—Not every one shall enter the kingdom of heaven; but he that doeth the will of my Father which is in heaven.—Matt. 7:21.

**Saturday.**  
MOMENT OF TRIUMPH.—All things work together for good to them that love God. If thou be for us, who can be against us? Who shall separate us from the love of Christ? shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword? Nay, in all these things we are more than conquerors through him that loved us.—Rom. 8:28, 31, 35, 37.

**CLIO**—\$65,000 bonds voted here for erection of new school building.

### Thirty-four Years Ago.

June 28, 1894

The commencement exercises of the class of 1894 of the Chelsea High school were held in the town hall last Thursday evening and was attended by a large crowd. The hall was very attractively decorated. The Chelsea orchestra opened the program, which was followed by prayer given by Rev. L. N. Moon. Miss Minnie C. Allyn delivered the salutatory. C. L. Hill gave an oration, Miss L. Annie Banon sang a solo, Miss Cora I. Taylor was the next one on the program. Miss D. Hoppe delivered an oration. Miss Nellie Lowry was the class prophetess and James F. Hathaway was the next and M. L. Moon was the last on the list. Henry I. Stinson delivered the valedictory. Miss Mae Wood played a piano solo which was followed by the presentation of diplomas by Sup. Webster. Rev. W. Whitcomb gave the closing prayer. The younger baseball teams of Manchester and Chelsea met here last Tuesday. Chelsea was the victor by a score of 29 to 14.

The Eminger building is being fitted up for a postoffice.

Tommy McManis has placed a new plate glass window in his building on West Middle street, which improves the appearance of the premises.

A cottage owned by W. H. Glenn was struck by lightning last Sunday afternoon and the occupants well shaken up. No serious damage was done.

An attempt was made to rob the express car of a Michigan Central train soon after it left Chicago last Sunday evening. The express messenger refused to do so. He was told and after a number of shots had been fired, the would-be robbers left.

We will be no longer forced to wade through mud and slush at the intersection of Main and Middle streets. The sidewalk committee has promised to build new walks.

Waterloo, Mass., at Ridgeway at the home of the bride's parents, Miss Jennie Osgood and Fred R. Gorton. The wedding took place Thursday, June 28, and was witnessed by several from here.

Waterloo.—The mill dam at Twist was washed away at the waste gate and all of the water ran out. Mr. Faist had just completed installing a large amount of new machinery and the washout will be quite a severe loss for him.

**DO NOT DESTROY**  
**STATE PARK PROPERTY**

First conviction for destruction of state park property under authority granted the department of conservation by the last legislature, was made at Brighton recently. Mrs. C. H. Kraft of Detroit was seen removing trees from the Brighton park and the department authorities promptly set the machinery in motion that resulted in her apprehension in her Detroit home. Her husband entered a plea of guilty for her in a Brighton court and a fine of \$15 and \$18, costs, were assessed.

It is believed that this new power will result in the department having its work of protecting the parks facilitated to a large degree. In each park sets of rules are posted in conspicuous places and all visitors are urged to read and comply with them. Penalties for intentionally and maliciously defying them will result in arrest and fines.

**ALBERT TROLZ PASSED AWAY THURSDAY**

Albert Trolz, 50, of Sharon township, died Thursday night in a Jackson hospital. He was born in Sharon and was married in 1898.

He is survived by the widow; three sons, Loren, Glen and Lysle of Manchester; four daughters, Mrs. Ray Johnson of Newel, Mrs. Oscar Eschelbach of Manchester, Miss Mabel Trolz of Ann Arbor and Mrs. Clarence Vogel of Chelsea; three brothers, Henry of Bridgewater, John of Sharon township and Frank of Jackson; and four sisters, Mrs. Ed. Taylor of Traverse City, Mrs. Will Uphaus of Freedom, Mrs. George Alber of Sharon township and Mrs. Rose Jede of Clinton.

Funeral services were held at 1:30 Sunday afternoon at the residence and 2 o'clock at Iron Creek church. Rev. P. A. Scheurer officiated. Interment in Manchester cemetery.

**CANDIDATE FOR SHERIFF**

George W. Gillespie of Ann Arbor, who has announced his candidacy for the republican nomination for the office of sheriff, made a tour of this section of the county on Tuesday, meeting old acquaintances and friends. Mr. Gillespie is a resident of Ann Arbor, his home being at 821 North Ash street, and intends to make an active campaign for the honor he seeks.

He served for five years as supervisor in his home city; was deputy sheriff for a period of four years, serving under two sheriffs, was two and a half months in the World war as chief engineer on ocean going steamers, giving him an experience that well qualifies him for the sheriff's office.

Mr. Gillespie stated to a representative of The Standard while in Chelsea that if he was elected he would live in the county jail as the law provides, and that he would endeavor to serve the people in a manner that would meet with their approval.

The primary election for the nomination of candidates for county officers will take place on Tuesday, September 11th.

## OUR NEIGHBORS

Mason—Details for the long anticipated and much discussed free mail delivery for city patrons of Mason postoffice are complete and service will begin on the morning of July 2, according to Postmaster E. A. Densmore. A complete canvas of all residents to be served by the routes as laid out and determined upon by inspectors of the U. S. postoffice department sent here for that purpose has been made and a list of all who desire their mail delivered is being compiled.—News.

Fowlerville—Ten Boy Scouts, accompanied by their Scoutmaster, are camping at Camp Newkirk at Dexter.

Manchester—Amid a profusion of garden flowers decorating the home of Mr. and Mrs. John Walz in Norvell township, at 6 o'clock Thursday evening, June 14, occurred the marriage of their daughter, Alma Johanna, to Carl Frederick Wuerthner of this village. Rev. W. F. Heininger of Emanuel's Evangelical church reading the ring service.—Enterprise.

Mr. Wuerthner is quite well known to many of the residents of Chelsea.

Bridgewater—A fire of undetermined origin recently on the farm of Allen Bartlett destroyed one barn and damaged two others.

Manchester—A local firm of wool buyers report that they have shipped eleven car loads of wool so far this season.

Dundee—A series of band concerts are to be given in this village during the summer months. The merchants have engaged the High School band who will be assisted by former members of the town band, under the leadership of an able director. The concerts will be given on Wednesday evenings for a period of twelve weeks.

Fowlerville—The members of St. John's Lutheran church of this village are having a new church erected at a cost of \$19,000. The old church which has housed the society for the past 30 years is being torn down and the new building will be erected on the present site.

## GREAT CROWDS EXPECTED AT MICHIGAN STATE FAIR

An attendance of 400,000 at the Michigan State fair, Woodward avenue and Eight Mile road, September 2 to 8, is anticipated.

Facilities for entering and leaving the grandstand have been enlarged two and one-half times over last year. Seating arrangements have been improved.

The pageant and fireworks spectacle, "A Night in Bagdad," will be staged in front of the grandstand each night from Monday to Saturday, inclusive, during the fair. Twenty-one vaudeville acts will precede the presentation of the fireworks display.

John Philip Sousa and his band of 100 will give two concerts daily. Harness racing will be held on five afternoons from Monday to Friday, inclusive, sponsored by the Michigan Association of Trotting Horse Breeders. Noted drivers will compete in the automobile races Saturday, September 8th.

## TO GIVE PATRIOTIC PROGRAM

The Buick Motor Company of Flint will give a patriotic program in Wednesday evening next, July 4th, from 9:30 to 10:30.

Selection "Washington Post"  
March "Columbia"  
March "Independence"  
Selection "Lizette Waltzes"  
Selection "Jupiter"  
March "The U. S. Field Artillery"  
Patrol "The Bug and Gray"  
March "Daughters of American Revolution"  
Finale "Star Spangled Banner"

In the course of a few weeks one number of the Buick's weekly program will be dedicated to The Standard—your home newspaper.

Lansing—10 highway contracts totaling approximately \$230,000 awarded.

Detroit—Work started on construction of \$230,000 new vehicular tunnel between here and Windsor.

## MODEL LOGGING CAMP IN GRAYLING STATE PARK

Grayling, which is the center of an unusually attractive recreational area, is to have added to its attractions a new magnet for the tourist and resorter. The Hanson Pine tract near Grayling presented to the state some time ago as a memorial to Major Edward Hartwick, is to be the site of the reproduction of an old fashioned logging camp such as was used in Michigan more than a half century ago.

Work on the building of this typical lumber camp will start next month. The buildings will be constructed of logs grown on the site. Lumbering interests of the state will equip the building with all the tools used in the logging days from the first time when the first woodman's axe fell in Michigan up to the present time. The exhibit will be the only one of its kind in the country.

## SENDS GREETINGS TO HIS CHELSEA FRIENDS

E. S. Prudden, writing to The Standard from his home at Merrill, sends his greetings to old friends in Chelsea of all the towns in Michigan the name of Chelsea appeals to him as being the best and greatest town of all. I can remember when Chelsea was only a small hamlet, but it was up-to-date in everything. We have a great country here. Gratiot county against the world for farming, it has been quite cold here all the spring, so much so that the farmers are quite discouraged—some have such long faces that it costs them a dollar for a shave.

## SHEEP GROWERS TOLD TO WATCH PARASITES

Sheep raisers should be on the lookout for stomach worms in their flocks, advises the animal husbandry department at Michigan State College. Warm, muggy weather, with frequent rainfall, is said to be conducive to the development of this parasite in sheep, and heavy losses are likely to occur if precaution is not taken.

KENT WALWORTH, Secretary

## REPORT OF ANNUAL SCHOOL MEETING, DISTRICT NO. 3, FR. SYLVAN AND LIMA TOWNSHIPS

Minutes of annual meeting of school district No. 3, fr. Sylvan and Lima townships, held in the public school auditorium on Monday, June 11, 1928, at 8 o'clock p. m. Meeting was called to order by President Beach. Minutes of the last annual meeting were read and approved. Secretary Walworth then read the new school law regarding the changes in the time of annual school meeting and reading of reports. Although the law states that no meeting in 1927-28 was necessary until 1929, the secretary read a summary of the law and discussed the same. Motion made by Dr. Schmidt and duly supported that as report was not complete it be laid on table. Carried.

Next in order being the election of two trustees, one for full term of three years caused by expiration of term of Kent Walworth, and one for one year to fill the vacancy caused by the death of Dr. G. W. Palmer.

Chairman Beach was instructed to appoint two tellers and L. P. Vogel and O. C. Burkhardt were appointed. The tellers, president and secretary were then sworn in by H. D. Withers.

Name of Kent Walworth, to succeed himself, was placed in nomination by H. D. Withers. The name of John Kalmbach was placed in nomination by Edward Vogel, both for full term. Voting proceeded and of 103 votes cast John Kalmbach received 43, Kent Walworth received 43, L. Vogel received 7, M. J. Dunkel received 7, George Walworth received 1.

As the two having the most votes were tied, another vote was taken. Result, total votes cast 110. Kalmbach received 56, Kent Walworth received 51, scattering 3. Kalmbach was declared elected trustee for a term of three years.

Next being the vacancy for one year, the names of P. G. Schable and M. J. Dunkel were placed in nomination. Of 113 votes cast, M. J. Dunkel received 59, and P. G. Schable received 54. M. J. Dunkel was declared elected for term of one year to fill vacancy.

Motion was made by Dr. Schmidt that inasmuch as report of secretary would not be complete until July, that a meeting be called in one month to pass same and vote upon the budget for the coming year. The secretary then read the new law saying that it was up to the school board to arrange budget and not the present meeting, which was not a new law. Dr. Schmidt's motion not being supported, was not put. After a few remarks regarding the matter by Edward Vogel and H. D. Withers, motion to adjourn was made by O. T. Hoover. This being supported the meeting adjourned.

KENT WALWORTH, Secretary

## MONROE COUNTY FARMERS PROTEST CORN BORER CONTROL METHODS

Senator Horton Addressed Meeting in Which He Expressed His Keen Disappointment At The Turn Affairs Have Taken

Over in Monroe county one night last week a large company of farmers gathered at Ida to protest the manner in which the corn borer control has been handled in that section. Among the speakers at the meeting was Senator Norman B. Norton of Lenawee county, who introduced a bill for an appropriation of a large amount for corn borer control in Michigan. In its report of the meeting the Dundee Reporter quotes Mr. Horton as follows:

"Mr. Horton urged that the repeal of the corn borer control measure unless the objections to its method of enforcement can be fully met. The campaign for the control of the corn borer has completely broken down as it has been handled," he told the farmers.

"When willing obedience to regulations by a majority of the thinkers in the group regulated, ceases, it is time to stop the attempted regulation," he declared.

"This is the fact of the fact that I consider some kind of control absolutely necessary and in the face of the fact that I introduced the corn borer control bill in the 1927 session of the Michigan legislature."

"As I view the situation, willing obedience has broken down for two major reasons with various conditions closely allied and following them."

"First: The federal government broke its contract with the state. While there was no signed contract between the two governments, it was clearly understood that the state legislature would pass the control act, as drafted by the federal department, granting to the federal department of Agriculture, police powers over the fields and roads of infested areas, the federal government would appropriate sufficient funds to reimburse farmers for extra labor necessary to conform to regulations as they might be laid down by the federal department."

"The last Congress did not appropriate funds to reimburse farmers for extra labor. I think to carry on the control work, if past records are followed this is to be used in purchasing machinery and labor to be employed in the automatic enforcement of a broken legislative contract."

"To be used in a manner that if they enforce payment, will cost farmers many times the amount the federal department of agriculture was willing to allow them last year for the same results."

"To be specific, I do not think that the federal department would dare to make the individual farmers pay for its costly experiment with oil burners. The land in some cases wouldn't sell to meet the expense and a few simple figures would have shown the utter absurdity of the method."

"Coupled with the breach of contract and failure in administration by the federal department is the manner home, and it is in my opinion the second major reason why willing clean up of corn ground was impossible."

"The state department of agriculture knew, I am informed, as long ago as late fall or early winter that the federal department would not ask them to reimburse farmers. Knowing this, the state department should have put on an intensive educational campaign along economic lines. They should have told the farmers that they could expect no pay from the federal department. They should have appealed to the farmers on patriotic grounds, but as the advance guard defense of their

Fisher's Shoes Stand Up

## My Feet Are Tender

"I've got to have a shoe that will not hurt my feet. I can't stand any hard, stiff or heavy shoes. I've got to have comfort."

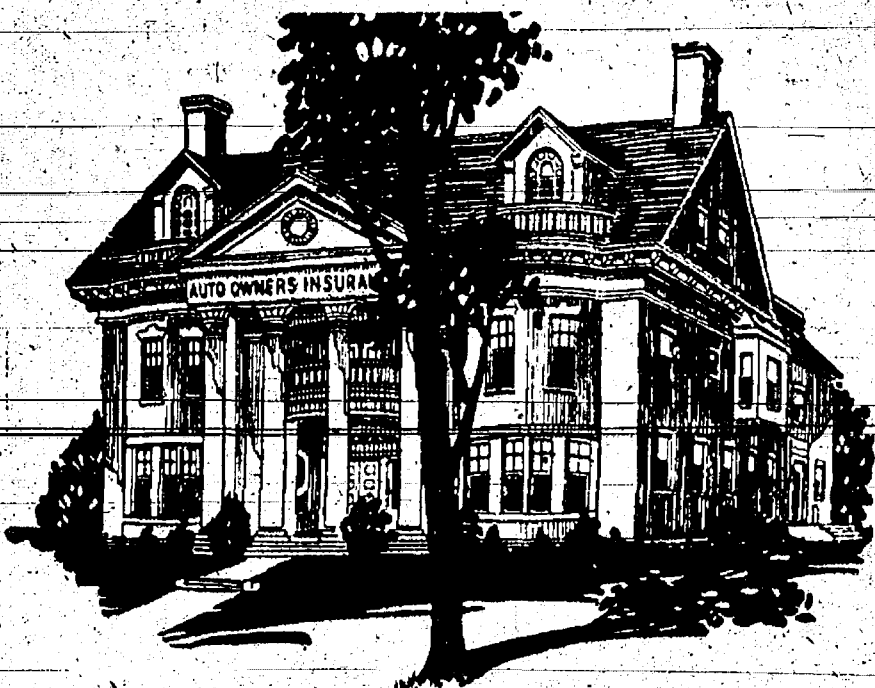

For you men who want such a shoe we have stocked this shoe especially for you.

## Cushion Insole Work Shoe with Built-In Steel Arch Support

The cushion is fastened to the insole so that it cannot bunch up; always remain soft. The uppers are as soft as a glove, as comfortable as an old shoe the minute you put them on. Priced at \$5.50.

Are your feet tender, do you really want a shoe that will not hurt your feet? Then see our adv. —Fishers Shoe Store. -47

COMMISSIONERS NOTICE, No. 22,657, State of Michigan, County of Washtenaw.

The undersigned having been appointed by the Probate Court for said County, commissioners to receive, examine, and adjust all claims and demands of all persons against the estate of John McKernan, late of said County, deceased, hereby give notice that said claims from date are allowed by order of said Probate Court, for creditors to present their claims against the estate of said deceased, and that they will meet at the office of Herbert D. Witherell in the village of Chelsea, in said County, on Wednesday the 3rd day of September next at 10 o'clock A. M. of each said day, to receive, examine and adjust said claims.

Dated June 26th, 1928.

GEORGE P. STAFFAN, HENRY H. FENN, Commissioners.

STATE OF MICHIGAN

The Probate Court for the County of Washtenaw.

In the matter of the Pleasant Lake drain petition having been filed in said Court by the County Drain Commissioner of said County for the appointment of a board of determination to ascertain and determine the necessity of said drain, and Edward D. Foster of Pleasant township, Frank D. Marthew of Bridgewater township, Elmer E. Sanderson of Augusta township, Albert Trinkle of Selo township, Michael E. Grosshans of Lodi township, and Theodore Prochnow of Ann Arbor township, supervisors of the said County of Washtenaw, having been appointed as such board of determination:

Notice is hereby given that on the 6th day of July, 1928, at ten o'clock in the forenoon, said board will meet at the residence of Jean Kuhl, in Sharon township, for the purpose of determining the necessity of said drain, and that all persons interested in public health, convenience and welfare, at which meeting said board will be present, interested may appear for or against said drain proceedings.

JAY C. PRAY, Judge of Probate.

## COVERED!

If your property is completely covered by a Fire Insurance, you'll know a wife who's satisfied even though you never have a fire.

You'll be easier in your mind every minute if you know a fire on your property cannot mean a serious loss.

Have you an easy mind today? In other words, are you sure?

**H. W. SCHENK**  
Agent, Chelsea, Mich.

## YOU MAY TELEPHONE TO COPENHAGEN TOMORROW

Transatlantic telephone service between America and Copenhagen, the capital of Denmark, will be opened through London Friday, June 29. The service on the American side will include all of the United States and Canada and thirty-seven principal cities of Europe.

Copenhagen, with a population estimated at 775,000, has a total of approximately 126,000 telephones.

Denmark is the seventh European country to be connected with America by telephone. The overseas circuit is now in operation from 6:30 a. m. to 9 p. m., eastern standard time. The cost of a call between any Michigan point and Copenhagen is \$64.75 the first three minutes and \$18.75 each additional minute.

The extension to Copenhagen, the United States in communication with ten foreign countries, all of which are included in the Great Britain and Germany, Copenhagen and important cities of Belgium, Holland and Sweden.

Washtenaw county will receive \$37,816.00 of the recent appropriation for the construction of the new highway at Ann Arbor with a cost of the project.
