## COUNTY DEMOCRATS MET FRIDAY NIGHT

Party Leaders Gathered from All Sections of The County—Delegates Chosen.

The court room in the county building at Ann Arbor was filled to overflowing last Friday night when Chairman Wm. L. Walz of the democratic committee called the democratic county convention to order. The purpose of the gathering was the election of 21 delegates to attend the state convention to be held in Grand Rapids, Friday, and for the ratification of the nominations made at the recent primary election.

Carl A. Lehman, city attorney of Ann Arbor, was the keynote speaker and he lambasted the opposition right and left. Other speakers were Willis Brewer and Charles P. Webster of Pontiac. H. D. Witherspoon was made chairman of the committee on organization and order of business, and when the delegates were chosen to attend the state convention, Conrad Lehman was elected.

The county committee was organized by electing Mr. Walz chairman, A. J. Parker of Ann Arbor township, secretary, B. P. Schumacher, treasurer. Members of the county committee for the townships in this section were chosen as follows: Lima, Leigh Beach and George Haist; Lyndon, James Hoyt and Earl Beeman; Freedom, Theodore Kuhl and William Beurgis; Sylvan, H. D. Witherspoon, Catherine McKinnon and D. E. Beach; Sharon, August Kuhl and Theodore Koebber; Selo, Otto Wagner and Fred C. Fiegel.

The delegates present pledged their united support to the candidates named for the several places on the ticket and it was the unanimous opinion of all present that the party had good prospect of success.

## REV. F. J. WALKER RETURNS TO CHELSEA PASTORATE.

Tuesday's newspapers carried the news of the appointments made at the annual meeting of the Detroit conference at the Soo, and the following were assigned to the churches in this section. Dr. J. E. Martin was re-elected district superintendent. Other appointments are as follows: Chelsea, F. J. Walker; Clinton, L. H. Stevens; Dexter and North Lake, Edwin Hocking; Dixboro, Bruce R. Davis; Grass Lake, M. N. Pritchard; London and Mooreville, W. H. Terrill; Manchester, R. B. Harper; Milan, H. J. B. Marsh; Saline, Simon Schofield; South Lyon, C. E. Wolfe; Tecumseh, A. T. Campbell; Willis, A. E. Beeson; Whitmore Lake, A. P. Richards; Ypsilanti, Marshall R. Reed; Brighton, Edgar A. Flory; and Unadilla, Chester Bennett.

Rev. A. H. Leeson, former district superintendent, was assigned to the church at Farmington. Rev. H. G. Decker was appointed district superintendent of the Flint district.

Chelsea people will be pleased to know that Rev. W. J. Balmer was re-appointed superintendent of the Methodist Home at this place.

Chelsea people without regard of church affiliations will be pleased to know that Rev. F. J. Walker has returned as pastor of the Methodist church for another year. He is highly esteemed by the people of the community both as pastor and as a neighbor and a friend.

## DANBUSTEL—CLAIRE WEDDING

The marriage of Miss Irene Danbustel and Mr. Dale J. Claire took place at the home of the bride's parents in Ridgeville, Ohio, Saturday, September 15. The ceremony was attended by the immediate relatives of the young couple. The parents of the bridegroom, Mr. and Mrs. E. J. Claire, of Chelsea, and his brother, O. J. Claire and wife were present.

The bridegroom is well known here, being a member of the E. J. Claire & Sons firm.

The young couple are taking a two-weeks trip to Washington, D. C., Philadelphia, and New York City. They will make their home in Chelsea, residing in rooms in the residence of Mr. and Mrs. C. Hummel on Orchard street.

## LIMA LADIES ORGANIZE FOR THE YEAR

The West Lima Home Furnishing class held a special meeting Thursday evening, Sept. 13, at the home of Mrs. Elba Gage.

The officers for the year were elected as follows:

President, Mrs. Walter Boutler and Mrs. Harry Prudden; president, Mrs. Henry Vickers; sec-treas., Mrs. Adolph Seltz. Twenty-six members were enrolled. Four lessons are included in the course for this year and are interesting and useful as previous years.

## A BIRTHDAY PARTY TWENTY-SIX YEARS AGO

W. D. Arnold celebrated the 76th anniversary of his birth very quietly, Saturday, September 8, 1928. Mr. Arnold is very active and can be found almost every day at his work in the office or H. B. Murphy.

The following was taken from the Standard 26 years ago: Monday being the 50th anniversary of the birth of William Arnold, Mrs. Arnold planned and carried into complete execution a surprise for her husband, and when Mr. Arnold returned to his home from his work for the mid-day meal the first person to greet him was the Rev. C. S. Jones. Mrs. Arnold had invited three other guests whose birthdays occurred on the same day, viz: Clifton Parker of Soer, aged 38; Geo. W. Beckwith, aged 44; and Ella L. Davis, aged 48, both of Chelsea. There were 35 guests present, all of whom, with the exception of Rev. C. S. Jones and Ella L. Davis, were related to Mr. Arnold in some manner. After the guests had played havoc with the delicious viands the hostess had provided, the afternoon was devoted to social intercourse and all left for their homes hoping to meet again at the festive board a year hence.

## ELECTRIC RAILWAYS LOCAL BUSINESS INCREASING

Lynn W. Kern, Chelsea, agent of the D. J. & C. electric road has been relieved of the work in the Grass Lake station and is devoting his entire time to passenger and freight business at the local station. For about two years, Mr. Kern devoted a portion of his time at the station in Grass Lake. The latter station has been re-opened and a lady has been placed in charge. Mr. Kern informs The Standard that both the passenger and freight business of the Chelsea station is increasing every day, and that the traveling public are taking advantage of the week-end excursions that are being run under the present management of the electric line.

## THE CHELSEA ALL-STARS DEFEATED DEXTER SUNDAY

A Home Run In The Ninth Was A Distinct Shock To The Visitors.—Good Game.

If you had been a member of a regular base ball team and had boasted that you had been defeated but twice during the season, and you visited a neighboring town where a team that had played but one game of regulation base ball all summer trimmed you in the last half inning of a very exciting game, would not you be crestfallen? Well, that was just what happened to the fast Dexter Independents who came over here last Sunday to play with Charles Meserve's All-Stars, expecting, of course, to carry off the honors of the day, but they were mistaken and terribly disappointed.

The game was a good one from the very first and soon the visitors were in the lead. They had a good battery, as did the All-Stars, but their pitcher was able to strike out but seven men of the local team. When the All-Stars twirler went to bat in their half of the ninth, nobody really expected them to win, but in base ball as in about everything else, you never can tell.

The score stood four to one in favor of the Independents. With bases full, J. J. Munro made a home run and the game was all over but the shouting. The All-Stars scored four runs, giving them a lead of one tally, greatly to the delight of the local fans and to the disappointment of the visitors.

The two teams will play at Dexter Sunday afternoon, and, of course, every local fan will accompany the home team over to the sister village on the banks of the placid Huron.

## KAPPLER-PODEWELL MARRIAGE

The marriage of Miss Lillie Kappler, daughter of Mrs. Rose Kappler, of Sylvan township and Herman Podewell, of Ann Arbor, took place Monday, September 10, at St. Paul's parsonage, Rev. P. H. Garbowski officiating. The attendants were Mr. and Mrs. Edwin Steff, the latter a sister of the bride. The bride was gown in a tan georgette, with hat to match, and wore a corsage bouquet of mixed flowers. On their return from a wedding trip, Mr. and Mrs. Podewell will make their home with the bride's mother.

## CHAT 'N SEAU ELECT OFFICERS

The Chat 'n Seau held their annual meeting Tuesday evening at the home of Mrs. Elmer E. Smith, at which time officers for the following year were elected as follows:

President—Mrs. Georgia Munro. Vice President—Mrs. Esther Belser. Secretary-treasurer—Miss Jennie Walker. President of the class—Miss Ella Slimmer. Vice president—Mrs. Treasa McBride.

## COUNTY REPUBLICANS MET LAST WEDNESDAY

Held Harmonious Convention and Selected Members of the County Committee to Direct the Contest.

The Republicans of Washtenaw county held a very harmonious convention at the county building in Ann Arbor last week Wednesday when delegates were chosen to attend the state convention held in Detroit on Wednesday of this week and the members of the county committee from the several wards and townships were selected to conduct the fall campaign. Resolutions were adopted, pledging support to the candidates heads for the several offices and their public service was commended to the voters of the county.

The election of officers of the county committee resulted in the re-election of R. E. Reichert of Ann Arbor as chairman, C. V. Brown of Ypsilanti, secretary, Mrs. Louise G. Hoard, Ann Arbor, vice chairman; O. C. Burkhardt, Chelsea, second vice chairman; Carl Curtis, Saline, treasurer.

Wm. M. Laird of Ann Arbor, a former prosecuting attorney, was chosen to manage the campaign and R. Wirt Newkirk of Ann Arbor, was chosen his assistant.

Committeemen selected for the township section of the county are as follows: M. J. Dunkel and Mrs. George Rundman, second precinct; Sylvan—W. C. Pritchard and Mrs. J. H. Boyd, first precinct; Lima—Fred Reichert and Mrs. Adolph Seitz; Lyndon—Charles Clark and Mrs. Elvira Visel; Freedom—William Eisman and Mrs. William Reno; Sharon—John W. Dresselhouse and Mrs. George Alber; Selo—Harvey Blanchard and Mrs. Mary Steinbach.

Otto D. Lulek was named as a member of the executive committee.

## CEMETERY CORPORATION HOLDS ITS ANNUAL MEETING

At the recent annual meeting of the Oak Grove Cemetery corporation, which was held in the town hall, the secretary read the various reports and they were very interesting and showed that the corporation was in a flourishing condition. The reports were accepted and adopted without a dissenting vote.

Oak Grove cemetery is one of the handsomest and best kept that can be found in many days travel about the country. There are 217 lot owners who have paid the corporation for perpetual care and these as well as all other lots are kept in excellent condition.

The outgoing and present officers, who serve without remuneration, deserve much credit for the condition that the grounds are in at present.

The following trustees were chosen for the period of two years: D. H. Wurster, to succeed J. Bacon, Conrad Lehman to succeed himself. At the meeting following the business session officers for the coming year were chosen as follows: President, W. K. Guern; secretary, L. P. Vogel; treasurer, D. C. McLaren. These three officers have held their present position for several years, and their efforts in behalf of the corporation have been untiring and praiseworthy.

## ATTENDED GOLDEN WEDDING ANNIVERSARY

O. B. McLaughlin returned home Tuesday from Remus where he attended the 50th wedding anniversary of his parents, Mr. and Mrs. Albert McLaughlin.

The first marriage vows were taken in Coldwater, Mich., and the second ceremony took place at their home Monday afternoon and was witnessed by their three sons and daughters and about sixty of their friends. In the evening a reception was held and it was attended by one hundred of their relatives and neighbors.

Mr. McLaughlin was engaged in the printing business at Coldwater at the time of his marriage but for the past few years he has not been active in any business.

The couple received many golden gifts in commemoration of their anniversary.

## CHICKEN THIEVES ARE ABOUT

Mr. and Mrs. Henry B. Gyles had 115 barred rock fowls stolen one night last week. The party or parties who took the chickens attempted to force the lock on the hen-house and being unable to do so, removed a window sash and gained admission to the chickens by that means. Sheriff Wurster is making an investigation and it is expected an arrest may soon be made.

This is a severe loss of Mr. and Mrs. Gyles and it is hoped that the thieves may be found out.

### WE NEVER CAN TELL

A number of years ago in the town of Constantine there was a lad whom the neighbors looked upon with some thing of disfavor. They called him a "daredevil" and almost unanimously predicted that he would "amount to nothing." Not long ago, this same boy, grown to manhood, with his good wife and daughter, rolled into the old town in his private car to attend its recent centennial celebration.

Lynn McKee had climbed from the bottom of the ladder in railroading to the general superintendent of the Michigan Central system. Another distinguished citizen of Michigan, Henry Ford started with the same sort of resistance from the neighbors.

These men and many others have succeeded beyond the understanding of the average person in spite of the lack of sympathy and help from the communities in which they lived. But many promising boys and girls undoubtedly, have had their lives narrowed to the measure of the average person because of the community gossip.

A helpful, sympathetic community spirit that interests itself in the daredevil boy as well as in the average young person is a most valuable influence in the development of strong men and women. In this respect it becomes a close second to the home.—Michigan Farmer.

### BUY FARM LANDS NOW

Buy farm lands now may not sound like good advice. That may be true, but at least it is as sensible and in the end far more profitable than trying to beat Wall street by gambling in the stock market.

Right now farm land values have shrunk to a low ebb, probably the lowest in years. That is bad for those who have their money invested in farms and wish to sell. It is good for those who wish to buy.

There are many fine farms on the market that can be bought for less than it cost to erect the farm buildings on them. That is also good and bad—bad for those who sustain their loss when they quit farming—good for those who like to quit their jobs in city or village and engage in the farming business.

There are plenty of farm lands to be had with a very small amount of down payment and liberal time and interest terms. It will cost less now to become a farmer than in any other period of the farming industry. Farming during the next few years will be less an element of speculation than it has been for a long time. Many a man chained to a city job can find success and independence on the farm with but little effort. And now is the best time to make the change.

### KEEP THE CROOKS ON THE RUN

"Philadelphia is developing the same crime situation that cost hundreds of lives in Chicago's gang, gunmen and and beer wars," says the Philadelphia Public Ledger. "The cowardly shot-and-run type of murderer is increasing here. So-called 'gang shootings' are increasing. The frequency of these outbreaks, the growing use of machineguns, sawed off shotguns and pistols and the comparative rarity of the arrest and punishment of the human rats who do the shooting demand imperative and drastic action on the part of the police."

"Closer control over the sale of firearms will not wholly meet the emergency. Firearms can be 'bootlegged' as easily as liquor. The underworld cannot be easily or wholly disarmed. Ending these 'gang wars' is a police job. It can be done by keeping the known 'gangsters' continually 'on the run.'"

As the Public Ledger says, the underworld cannot be disarmed, and it is a fact that the laws restricting the sale of small arms are observed only by the good citizen and act to his disadvantage.

### THE NON-VOTING CLASS

Organizations on political party lines called "get-out-the-vote" clubs, are being pushed for the November election.

In six states the last chance to register is already past and in 37 states registry rights expire 30 days before election.

In a few states there is permanent registration for property owners whose taxes are paid—Indiana has repealed its registration laws.

In many states registered voters lose their rights if they omit voting a certain number of times in each biennial period.

The enormous volume of state and federal laws relating to naturalization, registration, primaries and elections proper, have all tended to increase the non-voting class.

Doing away with manhood suffrage and increasing the obstacles, difficulties and voting requirements cause uncertainty and chaos with the result that in many instances a minority of voters control election results.

## A LARGE ASSEMBLAGE ATTEND SOPER FUNERAL

Laid To Rest With Full Military—Comrades Were Chosen Bearers—Was Held In High Esteem.

The remains of Lieut. Joseph C. Soper, who lost his life in a plane crash in Lake Erie near Camp Perry, Ohio, were laid to rest in the east cemetery at Grass Lake last Wednesday, and a large assemblage of old friends and neighbors gathered to pay their respect. Prayer services were held at the home of the deceased parents at Gregory and the procession proceeded to Grass Lake where the burial service took place.

Official regret was expressed in a letter sent to Lieut. Soper's parents by Gov. Fred W. Green who commended Lieut. Soper for his valor in piloting a transport plane from Selfridge Field to Detroit, Mich., carrying food and medical supplies to that village when it was snowbound last winter. Lieut. Soper was the only pilot to reach the village in several attempts.

While six of his fellow fliers carried the casket to the grave four pursuit planes circled overhead. There was no demonstration and no flowers were dropped.

More than 500 friends of the dead flier, most of them persons who knew Lieut. Soper as a boy, were present when the last rites were read.

The pall-bearers were Lieuts. Lee Gehlbach, E. R. French, Thurston H. Baxter, F. A. Johnson, Paul B. Wurt-smith and C. T. Robinson. They came by automobiles from Selfridge Field, at Mt. Clemens. The fliers who soared over the grave were Lieuts. H. A. Johnson, Hoyt L. Prindle, Lester Mungen and Glen O. Barcus.

## U. S. TO PLAY HOST TO EUROPEAN ROAD BUILDERS IN 1930

Washington, D. C., September 18: Leading highway officials from all parts of the world are coming to the United States in 1930 to study methods of road improvement and road use, according to word brought back from the recent sessions of the International Road Commission at Paris, by Thomas H. MacDonald, chief of the United States Bureau of Public Roads and chairman of the Highway Education Board.

Mr. MacDonald went to France as head of the official delegation representing the American government at the road meeting. He later made an investigation into phases of highway development in many of the countries of Western Europe and in the British Isles.

## ANN ARBOR TO ENTERTAIN M. E. CONFERENCE

The Seventy-fourth session of the Detroit Methodist Episcopal Conference will be held in Ann Arbor next year. Rev. A. W. Stalker, who has been pastor of the Ann Arbor Methodist church for the last 24 years, extended the invitation to come to Ann Arbor and by a unanimous vote Friday, it was accepted. The conference was held at the Soo this year.

### CONSTITUTION WEEK

This is "Constitution Week" important to every American citizen. It is a good time to stop and take inventory of all the wonderful blessings that have come to the United States under this document, this great bill of rights of human liberty. It is less than a century and a half since its completion and adoption, yet we have progressed more since that time than the world has advanced in all of the centuries that had gone before. This is a week in which to renew our love and respect—a week in which to re-determine our allegiance.

### THE RED CROSS MUST HELP

The disasters which have befallen the people of Porto Rico and Florida calls for immediate assistance from the national Red Cross and appeals are being made for funds. Thousands of people have been made homeless and a great many have been injured and all of these unfortunate people need immediate help—such help as only the Red Cross can give.

Your dollar or five dollars will be your personal representative to go where you cannot go, and to serve where you cannot serve.

### WHITMORE LAKE ROAD WILL SOON BE COMPLETED

A. R. Bailey, Washtenaw county engineer, reports that he expects the Whitmore Lake—Ann Arbor pavement to be ready for traffic by October 1st, which will be good news to the many local motorists having occasion to use this highway. Detours have been necessary all season. The detour from Ann Arbor to the North-Territorial road will be abolished in about a week, allowing traffic to use the pavement from there to Ann Arbor.

Flint—Work started on construction of \$500,000 sports arena and auditorium of Industrial Mutual Association.

Armada—New fire truck purchased for Fire Department.

Whitmore Lake—The Washtenaw county association of Lady Maccabees will be held here on Tuesday, October 9. The hive here will entertain the delegates who attend the convention.

## Woman--

### The World's Greatest Walker

Thousands of women walk the equivalent of a cross country hike from San Francisco to New York every year—with out leaving their own homes.

This startling fact has just been determined by a leading college. Just think of it—2½ to 15 miles each day, just doing the housework.

Our Special water heater helps cut down these daily miles to a minimum. Piping hot water at the turn of the tap—no waiting on the tea kettle—no lugging coal, wood, and ashes—no running down stairs to light the heater.

This special heater will help make your housework easier. Let it cut down those weary miles and add comfort and convenience to your daily work.

**Twenty-four Years Ago**

September 22, 1904  
R. B. Waltrous, of Sylvan, was drawn as a juror to serve at the October term of the Washtenaw county circuit court.  
Rev. E. E. Caster was returned to Chelsea as pastor of the Methodist church by the presiding Bishop at the recent Detroit conference.  
At the republican caucus held in the town hall last Saturday, the following delegates to the county convention to be held in Ann Arbor, Tuesday, were chosen: D. C. McLaren, C. E. Foster, L. A. Freeman, Saxe Simpson, Jacob Hummel, W. J. Knapp, Martin Wackenhut, John Farrell, O. T. Hoover, W. P. Riemenschneider, Martin Merkel, Philip Schweinfurth, Adam Eppler and E. L. Negus.

The ticket placed in nomination for the various county officers at the republican county convention Tuesday is as follows: Judge of probate, E. E. Leland; sheriff, Frank Newton; county clerk, James E. Harkins; treasurer, Otto D. Luick; prosecuting attorney, A. J. Sawyer; register of deeds, John Lawson; circuit court commissioners, George W. Sample and Wm. S. Putnam; coroners, Sam W. Birchfield and Dr. J. E. Wallace; surveyor, Jerome Allen.

The democrats at their county convention in Ann Arbor last Thursday placed the following ticket in nomination: Judge of probate, T. L. Towner; sheriff, Joseph Gaultier; clerk, B. C. Whitaker; treasurer, Chas. Braun; register of deeds, no nomination; prosecuting attorney, W. H. Murray; circuit court commissioners, H. D. Whithell and Frank Joslyn; coroners, Dr. Kapp and Dr. Ronnederger; surveyor, C. E. Vogel.

The bans of marriage between Albert J. Conlin, of Lyndon, and Miss Katherine McGuire, of Dexter, were published by Rev. Fr. Considine, for the first time in the St. Mary's church Sunday.

Chicken and potato thieves have begun their nefarious work in this place again. Owners of chickens and potato fields had better load their shot guns.

Mabel McGuinness has begun her work in the east central high school in Jackson. She has charge of the seventh grade.

Edwin Koebbe, of Freedom, has purchased three building lots on Madison street from Mrs. R. D. Gates.

Tuesday afternoon the building on the farm of Peter Gorman was burned with its contents. The building was used as a feed mill and tool storage. The cause of the fire is unknown.

Died, Thursday, September 22, at the home of his daughter, Mrs. Leroy Brower, of East street, Peter Krell, aged 77. The funeral will be held in Grace lake Saturday under the auspices of the Masonic order and burial in one of the cemeteries there.

Athletic Director, Fielding H. Yost announced formally Friday that he was taking direct charge of coaching Michigan football varsity team.

His first official act was to call two practice sessions for Saturday, one at 10 a. m., the other at 3 p. m.

Benny Osterbaum, captain of last year's team and All-American star, will not coach on the varsity, but will act as assistant to Coach Ray Flaherty, Freshman coach, Yost indicated.

The varsity assistants to Yost were posted as: Elton E. Weidman, (chief coach last year) in charge of Unemen; Franklin E. Cappon, fullbacks; George Veenker, ends; Jack L. Blott, centers; and Ray O'Gourty, tackles and guards.

**VILLAGE COUNCIL HELD SESSION MONDAY NIGHT**

Sewer Proposition Still Receiving Careful Consideration—Bids for Construction Received.

The regular meeting of the Chelsea common council was held Monday evening with every member of the board present. The usual amount of bills for the current expenses were read by the clerk and they were, on proper motion, allowed and orders drawn on the treasurer.

Geo. Champe, of Toledo, represented by Mr. Finkbeiner, the Wolverine Engineering Co., of Mason, represented by Mr. Zimmerman, and a bid from the Frances Engineering Co., of Saginaw, were presented to the board. The bids were for supervising and directing the installation of a sanitary sewer system. The percentage of the cost of construction was rather complicated but on the whole the Mason firm's bid was five percent and under the two other firms. The board took the bids under consideration and will take action on them at their next meeting.

The president, John W. Haselwerdt was directed to ascertain the cost of full coverage insurance for the community fire pump and report at the next meeting of the board.

Fire Chief Brooks reported the Michigan inspection bureau would send a man here to recut the threads of the fire hydrants and hose couplings, making them a standard size, without expense to taxpayers. However, they asked for a man to assist, and in case new caps were required, the council would have to pay this expense.

Mr. Brooks thought that the man from the inspection bureau would be here this week to start the work of re-threading the taps and couplings. When this work is completed and in case of need, every fire department in Michigan (except the city of Detroit, whose department is not standardized) could be used.

The members of the board decided that three men should accompany the community fire pump whenever a run is made in the rural districts. This is the least number that can properly handle the pump.

A fixed price of \$150 was set for answering the calls of all subscribers to the price of the cost of the pump. The amount, however, of the reimbursement of answering the non-subscribers' calls will be left with the village board to assess. Any one not now a subscriber to the original cost of the pump can upon payment, according to the size of the farm, become a member for the fire protection during the lifetime of the pump.

The board at this meeting fixed the fire alarm calls for the country and the four wards of Chelsea as follows: All rural calls within a radius of six miles, one long blast of the alarm signal. The four wards are divided at the intersection of Main, Park, and South streets. First ward, one long blast and one short; second ward, one long and two short; third ward, one long and three short; fourth ward, one long four short. Under the old signal system the long blast was for the business section, while under the new schedule the alarm for the business section will be for the ward in which the buildings are located. Most of the stores in Chelsea are located in wards one, two, and four.

At this meeting E. J. Weinburg and J. P. Cook made an application to have the village supply their premises with electricity. They informed the board that the Consumers' Power Co. would allow their poles, which run by their property, to be used for stringing the

necessary wires for the furnishing of juice. The board referred the applications to the light and water department. The applicants will have to pay the cost of wire and construction if their request is granted.

**Tobacco**  
ALTHOUGH many of us are accustomed to associate tobacco and smoking with Turkey or Egypt, due, perhaps, to the large tobacco manufacturing industries of those countries, "Nicotiana tabacum" is a native of America and was never known or smoked until it was carried back to Europe, and thence throughout the rest of the world, by early explorers.

Of the prevalence of the tobacco habit in America, the botanist DeCandolle has written: "At the time of the discovery of America, the custom of smoking, snuff-taking, and chewing tobacco was diffused over the greater part of this vast continent. The inhabitants of South America did not smoke, but chewed tobacco or took snuff, except in the Argentine district, Uruguay, and Paraguay, where no form of tobacco was used. In North America, from Panama as far as what is now Canada and California, the custom of smoking was universal, and circumstances show that it was also very ancient. Pipes in great numbers and of wonderful workmanship have been discovered in the tombs of the Aztecs in Mexico and in the mounds of the United States. Some of these represent animals foreign to North America."

Of many varieties of Nicotiana known, all but two are native to South America. These two are, however, exceptions, one found in the Dutch West Indies, but never used by man, and the other is the Isle of Pines, off the coast of Java.

Despite the addition of Asiatics to tobacco, none of them had it before the discovery of America.

Tobacco was introduced into such far eastern countries as Java and Japan by the Portuguese explorers and traders of the sixteenth and seventeenth centuries. It is important to remember, however, that the native Americans never gave up their habit of "chewing" in their writings, and that it is represented in their paintings only from about the year 1700.

For many years no wild specimens of root tobacco were known, but it was finally discovered growing in some abundance on the slopes of a mountain in Ecuador, the republic on the west coast of South America which lies exactly on the equator and derives its name from that position. It also grows on the mountain sides of Peru and is thought at one time to have ranged from Mexico to Chile and possibly as far east as Venezuela.

Tobacco is the third of a triad of plants including the potato and maize which is native to America and which spread from the New World to the Old.

**DUCK SEASON NOW OPEN**

The duck hunting season under both Federal and State laws opened Sunday and will close December 31. Very few ducks have been seen on the lakes in this vicinity so far this season and there probably will not be many until the cold weather drives them from the northern part of the state.

The State Board of Conservation decided at a recent meeting that they would not release any male pheasants from the state game farm at Mason, until after the close of the season for hunting pheasants.

Hastings—\$10,000 new hatchery building completed recently.  
Milford—Work under way traveling road on west side of Sears Lake.

Crosswell—\$10,000 bond issue voted on for construction of storm sewer.  
Mancelona—\$50,000 addition will be built to local schoolhouse.

Hart—Addition built to Fire Department building here.

**MORTGAGE SALE**  
Whereas, default has been made in the payment of the mortgage secured by a mortgage dated the 11th day of June, 1925, executed by James W. McFadden and Ethel M. McFadden, husband and wife of the city of Ann Arbor, Washtenaw County, Michigan, in favor of Fred C. Wheeler, as trustee, or to his successor in the trust, created by court orders duly made in the Circuit Court for the county of Washtenaw, Michigan, in Chancery, being Chancery File No. 1283, entitled "In the Matter of the Petition of Clarence M. Albro and Madeline Albro for Leave to Sell Real Estate," which said mortgage was recorded in the office of the Register of Deeds, of the county of Washtenaw, in Liber 171, on page 225, of mortgage, on the 11th day of June, 1925, at \$1000.00.

And whereas, Fred C. Wheeler, Trustee of the Albro Trust Funds, assigned said mortgage to James E. Heiber by assignment dated March 28th, 1928, and recorded in Liber 23 of assignments, on page 317, of the Register of Deeds office, Washtenaw County, Michigan, and whereas, the amount claimed to be due on said mortgage as of the date of this notice is the sum of \$5,000.00 principal and \$236.25 interest, and the further sum of thirteen dollars as an attorney fee stipulated for in said mortgage, and the whole amount claimed to be unpaid on said mortgage is the sum of \$5,236.25, and no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgage, any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now therefore notice is hereby given, that by virtue of the said power of sale, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed, a sale of the premises therein described, at public auction, to the highest bidder, at the south front door of the court house in the city of Ann Arbor, Washtenaw County, Michigan, on the 27th day of October, 1928, at ten o'clock in the forenoon of that day, unless and inasmuch as, which said premises are described as follows, to-wit:

All that certain piece or parcel of land situated and being in the Township of Salem, County of Washtenaw and State of Michigan, and described as follows:

The southwest quarter of section eight, town one north, range seven east, township of Salem, Washtenaw County, Michigan.

A VERY FORTUNATE FIRE IN LIMA TOWNSHIP

The Chelsea fire department was called out about nine o'clock Thursday evening by an alarm sent in from the home of Mr. and Mrs. Leigh Leach, of Lima. Mr. Beach had just filled the gas tank on his tractor and as he passed a lighted lantern, the can that he had used caught fire and exploded. A storage tank near the garage was covered with the scattered gasoline and for a short time it appeared that there might be a serious fire. Mr. and Mrs. Beach smothered the flames with blankets and notified the fire department that the fire had been put out. The firemen did not get the Community pump or out and no run was made.

Many of the residents here got their automobiles out and drove about the village trying to locate the cause of the fire alarm, but failed to do so after covering nearly every street in town.

At the meeting of the Chelsea Ki-  
wanis Club held at Inverness  
Country Club on Monday evening, re-  
ports were submitted by the delegates  
who attended the district convention  
at Benton Harbor and St. Joe last  
week. The convention was regarded  
as a very successful one and the peo-  
ple of the twin cities certainly did  
themselves proud in providing enter-  
tainment for all their guests.

A delegation from the Chelsea Ki-  
wanis Club will go to East Twas,  
Friday, whereby they will take part in  
the ceremonies of dedication of the

contributed by the various clubs of  
the state and the local club will pre-  
sent a very handsome stone which was  
suitably engraved by J. L. Arnet,  
monument dealer in Ann Arbor.

Alfred Drew expects to start teams  
and men at work this week on the dam  
that he will have built for the arti-  
ficial lake that he is establishing on  
his farm in Lyndon. After the dam  
is completed, Mr. Drew will burn the  
grass on the ground that forms the  
bottom of the lake. The water will  
be from a large spring that is located  
on the sight of the proposed private  
lake.

O. C. Burkhardt has been appointed  
as member of the board of managers  
of the Methodist home. The appoint-  
ment was announced at the closing  
session of the Detroit conference in  
the 500 Tuesday. Mr. Burkhardt is the  
first Chelsea resident who has ever  
been appointed to the board of man-  
agers of the home, and the appoint-  
ment greatly pleases the people of  
this section.

### WATCH ICE FLOES FOR PHANTOM SHIPS

Eskimos Believe Lost Fleet Will Return.

Nome, Alaska.—While American newspaper readers have their attention centered on the feats and perils of Arctic aerial exploration, Eskimos of the north Alaskan coast search the horizon for another reason.

They seek every returning spring for one or more of the phantom fleet, the frozen, lost ships, drifting with the sinister ice pack from which, sooner or later, some of them must emerge as the great floes break with the seasons.

Whether the fleet is legendary or really exists is one of the problems haunting Arctic navigators for years. Vessels have disappeared into the unexplored polar basin ever since the beginning of the Arctic navigation. In one great swoop, the death fanged ice pack in 1870 carried off 90 whaling boats from the waters of the American continent. All but 70 of the men escaped to Point Barrow but the ships were frozen hard and high into the pack. The ice fields covering a million square miles rotates around the central pole slowly in the same direction of the earth's movement and in cycles brings objects gradually back to certain spots.

Eskimos who have escaped from the ice pack after being carried far north into the unexplored wastes have returned with tales of silent ships hard and fast in the white bergs. Some tell of seeing a ship sitting alone in a vast solitude. Others report several boats close together but frozen solid miles and miles in the Arctic interior.

In the hope that some day the ice pack will break up and release one or more of the phantoms Eskimos each spring eagerly scan the returning open waters. Should one of the old boats escape in good condition and be cast on shore near the native villages they might reveal in the wealth of wood, steel and iron instruments and various stores. Once solidly frozen in the Arctic fog, clothing, rope, tools and weapons are preserved for all time and return to usefulness when thawed.

The first breakup of the polar seas also brings Eskimos a great offering of driftwood in which are found a variety and more or less useful assortment of articles.

### Harbor Waters Give Up Bodies of Many Failures

Boston.—For the most part, nobody cares. You can tell that by the clothing. Even the professional sobbers who can find tragedy most anywhere and in almost anything don't pay much attention. The police perform their cold, professional duty—file reports in the red-brick police station on Commercial street—and then turn the whole matter over to the medical examiner.

But every case is a real tragedy. Every case meant a million heart-aches before it became a "case" and the tragedy may be lessened a bit by the ending.

During the last two months the harbor police handled a dozen of the tragedies. For the sake of brevity, they use the term "floater" to describe the cases. It is not used in disrespect. It's just a term coined for want of a better expression. It means a body found in the water of Boston harbor after the sea decides that it is time to give up its dead.

Of the dozen, one was an unfortunate woman. The rest were men who, for the most part, carried their stories of tragedy and twisted lives to a watery grave in the harbor. Practically all of them took their own lives, in the belief of the police, last winter. Practically all of them chose night and the cloak of secrecy that darkness gives to Boston harbor on winter nights.

### Town Uses Soda Water for Street Cleaning

Altheide, Germany.—The city council voted to use soda water exclusively for street cleaning purposes. Henceforth, under the new measure, soda fountains will be hauled through the streets and plazas with sprinkler attachments.

Altheide's mineral springs spout 2,000,000 quarts of the stuff every day and most of it is wasted. Ordinary water is expensive and it was decided that soda could do the work more efficiently and cheaply.

### Magnet Saves Life

Guthrie, Okla.—A magnet saved the life of Fred Perdue, a young farmer, in an operation here. Perdue complained of severe pains in his back. An X-ray photograph revealed the point of a broken needle was beneath one shoulderblade and working toward his heart. Surgeons used the magnet to withdraw the steel.

### Ohio Duck Equipped With Two Spare Legs

Kenton, Ohio.—A four-legged duck which is able to hold its own in activities of the other ducks, is a recent acquisition of Mrs. Homer Lattimer. The duck has the regular set of legs and, in addition, has another leg growing out of each side of its body.

### LOCAL ITEMS

Mrs. Oakly Fox, of Marengo was a guest over the week-end at the home of her parents, Mr. and Mrs. W. F. Krantz.

Miss Jessie Everett who has been in northern Michigan for several weeks returned home Tuesday after the first frost.

Rev. and Mrs. Fred Ross, who have been in Ohio for a few weeks attending conference and visiting relatives, are expected home this week. Rev. Ross will conduct services at Salem M. E. church Sunday at the usual hours.

The fire department was called to E. H. Dancer residence property on Park street at eleven o'clock Tuesday forenoon by a small roof fire which was put out with chemicals and but slight damage was done to the roof. The dwelling is occupied by Mr. and Mrs. Clarence Phelps.

F. W. Menkel has added to his stock of goods a new line consisting of bedsteads, springs and mattresses. Mr. Menkel contemplates adding a more complete line of furniture in the near future. As he has ample room over the store he occupies and the billiard room he should be able to carry a large stock of household furnishings for all departments of a modern home.

### SCHOOL NOTES

The first chapel exercises of the year were held last Tuesday morning, Sept. 11. Marimphone solos were pleasingly rendered by Katherine Fletcher. They were enjoyed to the fullest extent by the whole student body.

Last Friday the high school football team entered in competition with a "pick up eleven." The boys were victorious, winning by a score 13-7. The football squad thanks their opponents for making the game possible, and for helping them to accustom themselves to actual combat.

This coming Friday, Sept. 21, the high school will meet Howell high school in the first scheduled game of the season. A very exciting and close game is promised. This game is to be one of the hardest of the year, the teams being so evenly matched. The full support of the public will be appreciated by the members of the team and the school that they are representing.

Again this Tuesday we had an interesting chapel hour. The speaker of the morning was Rev. A. E. Potts. The theme of his talk appealed greatly to the student body, and they all hope to have him present with them several times again this year.

Two classes in high school have recently held their annual elections. Miss Jerome is to act as junior sponsor, with Jean Turnbull as president; Rowena Brooks as secretary and treasurer. The Freshman class has chosen Miss Norris as their leader, with Howard Holmes as president; Karl Vogel as vice-president, Jean Dancer as secretary and treasurer.

### A NEW AND THREATENING MENACE

Liquor, dope, white slavery—all these bugaboos of a past generation have given way to a new menace that threatens the very life of the nation—the menace of juvenile delinquency.

Liquor affects comparatively few families, dope still fewer, while white slavery is symbolized by red lights and segregated districts, has practically ceased to exist. But juvenile delinquency as expressed in the amazing and unexplainable moral decay of modern youth is a problem that reaches into every community and threatens every home. It is difficult for many parents to understand the freedom of modern thought and conduct, and it is hard for them to believe that their child could be in danger.

All such should see "THE ROAD TO RUIN" which comes to the Princess theatre Tuesday, September 25, and which is described as "A Flaming Warning to the Parents of America." "The Road to Ruin," which is based on an actual case, is an amazingly frank story of the temptations confronting the children of today and contains a tremendous lesson, while at the same time, because of the extremely able handling of a delicate subject, it is first rate entertainment.

## Thirty-four Years Ago

September 20, 1894.

Arthur Hunter and family have moved into their new home on Madison street.

Born, on Friday, September 14, to Mr. and Mrs. George W. Gage, of Sylvan, a son.

Born, September 17, to Mr. and Mrs. Edwin Shanahan of Lyndon; a daughter.

Mrs. Lavina Ludlow, wife of Wm. Ludlow, was born in Jackson, August 29, 1854, and died at her home in Sylvan, Friday evening, September 14, she is survived by her husband and seven children. The funeral was held at the Sylvan Center church, Rev. Chas. Bullock officiated.

Monday evening one of the electric lights in the store of W. P. Schenk and Company broke and the rubber caught fire and fell on a pile of goods that was lying underneath it. Prompt action on the part of employees of the firm saved the stock and building from being damaged by a fire.

The Populist of Washtenaw have placed the following ticket in nomination: Clerk, Russell Reyes; prosecuting attorney, Nelson F. Freer; sheriff, Chas. D. Johnson; treasurer, E. A. Nordman; register of deeds, Alexander A. Brooks; coroners, L. S. Miles and James Nordman. E. Zinke was placed in nomination as a representative in the state legislature.

Miss Cora Bowen left Saturday for Ypsilanti where she will take a course in the Normal school.

Julius Klein has accepted a position in a drug store in Albion.

The next German day celebration will be held in Ypsilanti the coming year.

Wednesday, October 12, will be school day at the Chelsea fair. The fair managers have set aside \$100 as a premium fund for the various schools that are in attendance.

Walter Webb, of Lyndon, reports the loss of ten bushels of potatoes from a pit on his farm.

Some of the farmers who have threshed their bean crop and report the average better than they expected. The yield is from seven to fifteen bushels per acre.

## MANY DESIRE TO CONDUCT FUR FARMS

The Game Division of the Conservation Department reports that applications for the permit to conduct fur farms and correspondence pertaining thereto promises to be even greater this fall than during the peak attained last spring. Many of the letters indicate that there are a good many inexperienced people who are unduly optimistic over the future of the fur business.

During the summer months, H. D. Ruhl, Department of Conservation specialist in fur-bearing animals, has visited dozens of licensed fur farms in order to become thoroughly acquainted with the problems confronting the licensed fur breeders.

Under the law, a permit must be taken out by everyone who has protected animals in captivity during the closed seasons, and anyone who engages in fur-breeding operations must construct satisfactory enclosures and must take out a license before he may legally sell or otherwise commercialize protected fur-bearers. Over 300 licenses on muskrats, 200 on raccoons, 1225 on mink, 50 on skunk and 30 on beaver are now outstanding and the

administration of the fur-breeder's license law has developed many new and difficult problems.

## COUNTY'S DEPENDENTS COST A LARGE AMOUNT.

Some idea of the county's yearly bill for the care of delinquents, dependents, defectives may be found in the report of the county auditors for August which shows that it cost Washtenaw more than \$5,000 last month for these items.

The care of indigent persons at University hospital last month amounted to more than half of this total; the auditors' figures showing that \$3,012.85 was paid for the treatment of persons financially unable to pay their own expenses.

The hospitalization of tuberculous persons also is considerable of an item, figures show. To the Detroit tuberculosis sanitarium \$465 was paid, the bill for the East Lawn sanitarium was \$382, the expenses of patients at the Frank B. Leland After Cure farm were \$232.50. Bills for the care of patients at the American Legion hospital, Battle Creek, the Calhoun county hospital, and at the Hull Memorial hospital, Ypsilanti, were \$236.25, \$100, and \$20 respectively.

Almost \$300, or \$290.10 to be exact, was expended last month for the care of dependent and delinquent children, the figures show. The Detroit house of correction was paid \$288.50 for the care of persons sentenced to that institution from Washtenaw county courts.—Ann Arbor Daily News.

## WILL DURANT TO ADDRESS TEACHERS

Will Durant, author and philosopher, is to be the principal speaker at the annual meeting of the Michigan State Teachers' association to be held at Battle Creek October 29 and 30. About 2,600 teachers are expected to attend.

**STATE HAS LARGE POTATO CROP**

Present prospects are that Michigan  
will produce a large crop of potatoes

this year and that the United States  
potato crop will be the largest ever

produced as a result of the increased  
acreage and high condition on Sept. 1,

according to the crop report released  
Monday by Herbert E. Powell, com-

missioner of agriculture and Verne H.  
Church, agricultural statistician for

Michigan. The United States fore-  
cast is 466,815,000 bushels, and the

Michigan prospects are for 35,942,000  
bushels of potatoes for this year. Ex-

cessive rains following hot weather  
early in August in the heart of the

Michigan bean-growing area added to  
the previous losses and reduced the

prospects materially. A condition of  
57 percent of normal on September 1

in Michigan forecasts a total produc-  
tion of 4,959,000 bushels. The bean

crop also suffered in the great north-  
ern territory during August, and the

United States is now over one million  
bushels less than last year's produc-

tion. August weather accounted for  
one million bushel loss of dry beans.

Michigan's corn crop has made ex-  
cellent progress following a poor start,

and September 1 condition was aver-  
age.

The outlook for the Michigan apple  
crop declined during August to 41 per-

cent of a full crop. There were plenty  
of Duchess and other early apples, but

the fall crop is only fair and the win-  
ter crop is very light.

**HONOR GREAT PLANT  
BREEDER AT M. S. C.**

Honoring the memory of Frank A.  
Spragg, late crops specialist at Michi-  
gan State College and generally re-

cognized as one of the world's out-  
standing plant breeders, the State

Board of Agriculture has established  
a special agricultural lecture founda-

tion.

The foundation, which is named for  
Professor Spragg, will be used to bring

the best present day plant breeders to  
East Lansing for a series of lectures

at the agricultural college. The pur-  
pose as announced is two-fold, stimu-

lating interest in research and post-  
graduate work in the field, and also

honoring the college's great leader,  
who was killed in an automobile ac-

cident in 1924.

Professor Spragg, during his years  
of work at the state college, contribut-

ed many well known farm crops var-  
ieties to the farming industry. Among

the better known are: Hardigan alfal-  
fa, robust beans, Rosen rye, red rock

wheat, American Banner wheat, Michi-  
gan two row barley, and Wolverine

and worthy oats.

"These varieties have spread  
throughout Michigan and many other

northern and corn belt states where  
adapted," says Dean J. F. Cox of

M. S. C. in discussing Professor  
Spragg's work. "They are a remark-

able contribution to the effectiveness  
of American crop production, possi-

ble the greatest ever made by any single  
plant breeder in the crops field."

It is understood the State Board of  
Agriculture plans similar recognition

in the future of other outstanding ser-  
vices to the agriculture of state and

nation.

Harvest Thanksgiving Festival

Sunday, September 23, at 10:00 a. m.

The harvest gathered from the fields forcibly reminds us of God's goodness and kindness. The harvest by which the farmers were again filled assures us that the food necessary to satisfy our daily wants will not be lacking. The kind Father and Giver of all perfect gifts has dealt with us according to His mercy. Thanks and praise are due Him on our part. Let us, therefore, as a congregation of grateful people assemble before His throne Sunday, September 23, at 10 a. m. to sing His praises for His kindness and love in the German service. You are cordially invited to attend. Texts—Psalms 57:8-11.
