SHARON MAN KILLED IN AUTO ACCIDENT SATURDAY EVENING

John Houck Lives Only Few Minutes After Being Struck By Hit and Run Driver.

John Houck, 59, was almost instantly killed about 8:30 Saturday evening when he was struck by an automobile while walking along the Chelsea-Manchester road near the Fred Wellhoff home 5 miles south of Chelsea.

Mr. Houck had accompanied Albert Hinderer to Ann Arbor during the afternoon and when they returned home in the evening started to walk from the Hinderer place to his home about two miles south of there, and was just south of the Wellhoff home when the accident happened.

Adolph Alber, who was driving to Chelsea, noticed the body of a man lying at the side of the road, and a car standing nearby. Thinking that the man might be the victim of a hold-up, he stopped at the Wellhoff home and called Chelsea for help. While Deputy Sheriff Atkinson and local physicians were hastening to the scene of the accident, Mr. Alber, accompanied by Mr. Wellhoff, returned to the place the body had been seen, to discover that it was Mr. Houck, and that the driver of the death car had disappeared.

Mr. Houck was still alive when found, and when the deputy sheriff and physicians arrived, he was taken to the Wellhoff home where he died a few minutes later. He suffered a fractured skull, broken neck and both legs were broken.

The identity of the driver of the death car was not known until Monday morning, when Paul Fry, of Sharon, went to the Houck home and confessed that he was the guilty party. He was advised by the Houck family to come to Chelsea and give himself up to Deputy Atkinson, which he did.

In his statement to Mr. Atkinson, young Fry said that he met an automobile just before he struck Mr. Houck, and that the lights blinded him so that he did not see the man until it was too late to avoid the accident. He stopped, and believing the man was dead, removed the body to the side of the road. Being bewildered over the affair, he proceeded into Manchester where he spent some time before returning to his home. He stated that he had been unable to eat or sleep, and Monday morning decided to give himself up to authorities. He was taken to the county jail where he is being detained, awaiting arraignment.

Monday evening Wm. Atkinson appointed a local jury to investigate the death, and accompanied by a county coroner, went to the scene of the accident and also viewed the body of Mr. Houck. A coroner's inquest will be held next Wednesday evening in Sylvan town hall. Members of the local jury are Harold Primodig, Clarence Bahnmiller, L. P. Vogel, Gilbert Clark, B. B. Turnbull and D. R. Beach.

John Houck was born in Saline, August 21, 1869, a son of Frederick and Magdalena Wurster Houck. The family have resided for 48 years on the farm in Sharon where Mr. Houck made his home with the surviving members of the family, three sisters, Martha, Louisa and Katherine; and two brothers, Adam and Charles.

Funeral services were conducted at the home at 2 o'clock Tuesday afternoon, Rev. W. W. Brueckner of Rogers Corners, officiating. Interment in Oak Grove cemetery, Manchester.

Detroit Pastor Speaks At Methodist Church

One hundred, fifty people were in attendance at the ham and egg supper and entertainment sponsored by the Fellowship Club of the Methodist church in the church dining room last Thursday evening.

After partaking of the sumptuous supper of ham and eggs, and the delicious trimmings that went with the meal, the audience listened with much interest to an address delivered by Dr. Geo. L. Nuckolls, one of Detroit's foremost Methodist ministers, who spoke on the subject "Living Together."

Music for the occasion was furnished by the church orchestra.

CARD OF THANKS

We wish in this way to thank our friends and neighbors for the many acts of kindness and for flowers sent during the illness of our son, Allen. Mr. and Mrs. Charles Hagaden and family.

ANOTHER BIG PENSIAR 1c Sale coming at Burg's. Watch for announcement next week.

Complexion Of Election Is Changed By Recount

At the present time there seems to be a full in the confusion over results of the village election of March 11, and the public is still wondering who will officially carry on the affairs of our local government for the next year.

The recount which was conducted in Sylvan town hall last Thursday afternoon changed the result of the election which was announced March 11 as 280 votes for Warren B. Daniels and 242 for John W. Haselwerdt, who headed the tickets, to 63 for Daniels and 263 for Haselwerdt. The remainder of the sticker ticket also followed Mr. Daniels to defeat in the recount.

Last Saturday at 5 o'clock a special meeting of last year's council was called to confirm the recount, which was done with dissenting votes from three of the councilmen. A few minutes previous to the meeting, injunction papers were served the Clerk and Treasurer, restraining the council from paying any recount expense from the village fund, and from paying any old bills not having been previously paid by the council.

No further action has been made public, but it is rumored that within a very few days an appeal will be filed with Judge George W. Sample for a circuit court decision, which, it is hoped, will settle the matter definitely and satisfactorily to all concerned.

COUNTY METHODISTS WILL CONVEENE HERE TUES, APRIL SECOND

President John L. Seaton Of Albion College Will Speak, Banquet In Evening.

A county rally of Methodist leaders and workers will be held in the First Methodist church of Chelsea, Tuesday afternoon and evening, April 2. This meeting will include representatives from all Methodist churches in Washtenaw county, and also from Grass Lake, Napoleon, Munnich and Stockbridge in Jackson and Ingham counties.

The following program has been arranged:

2:45 Devotional period.
3:00 "Evangelism, the Year Round Task of the Church" By Marshall R. Reed, Ypsilanti.

3:30 "Five Years in China," Rev. Samuel J. Harrison, Ann Arbor.

4:00 "County Prospects and County Goals," Dr. J. E. Martin, District Superintendent.

4:30 "Open Meeting." An informal conference.

6:00 Banquet. President John L. Seaton of Albion College will speak.

The banquet will be served by the ladies of the church for fifty cents a plate, and the public is cordially invited to attend.

State Cement Plant Closed For Repairs

According to a statement issued by M. H. McGaffigan, superintendent of the State cement plant at Four Mile Lake, the plant was shut down March 21 for a period of thirty days, while necessary repairs are being made to the machinery.

Manufacture of cement has exceeded the requirements of the state highway department at this time of year to such an extent that storage facilities at the plant are taxed to their capacity, and it was thought advisable to take advantage of the situation and take care of the much needed repair work, according to Mr. McGaffigan. This is the first time for two years that the plant has been shut down for repair work.

Good Friday Will Be Observed Here

In keeping with a custom which has been observed by Chelsea business men for several years, practically all business activities will be suspended tomorrow, Good Friday, from 12 o'clock noon to 3 o'clock p. m.

The three Protestant churches will hold services at 1:30 at the Methodist church. Rev. P. H. Grabowski will be the speaker.

There will also be special Good Friday services at St. Mary church, at 2:30 o'clock.

CARD OF THANKS

We wish to express our thanks to relatives and friends for their kindness and sympathy in the death of our dear brother and also Rev. M. W. Brueckner for his comforting words and the choir for the singing. The Houck family.

LARGE VOTE EXPECTED LOCALLY AT ELECTION MONDAY, APRIL FIRST

Sunday Hunting and Consumers Power Franchise Issues Expected To Draw Heavy Rural Vote.

A large vote is anticipated in Sylvan township next Monday, inasmuch as there are two issues of major importance to the rural districts to be voted on at this election.

The issue which will perhaps create the most interest is the matter of prohibiting Sunday hunting in Washtenaw county. Farmers throughout the county feel that city hunters have taken advantage of certain privileges which have been extended them to such an extent that it is necessary to at least make an effort to curb the influx of hunters, especially on Sunday.

A proposition which is of real importance locally is the matter of granting to Consumers Power Company a franchise to erect rural extension lines which will enable farmers throughout the rural districts of Sylvan township to enjoy the conveniences of light and power. The franchise will no doubt be granted at Monday's election. This proposition will also be submitted to the voters of Lyndon and Sharon townships.

State officers to be elected Monday include two Justices of the Supreme Court, two University Regents, one Superintendent of Public Instruction, one member of State Board of Education, two members of State Board of Agriculture, and one State Highway Commissioner.

The only county official to be elected is a Circuit Judge, and George W. Sample has no opposition.

Little excitement is expected in the choice of township officials, as no sticker candidates have so far announced their candidacy, and the election will no doubt be a quiet and orderly affair. Every voter who possibly can is urged to go to the polls Monday!

Celebrate Golden Wedding Anniversary

Mr. and Mrs. Lewis Hayes celebrated their golden wedding anniversary at their home in Sylvan on Saturday, March 23. Thirty people, including brothers and sisters and representatives of all the brothers' and sisters' families gathered at 12:30 o'clock and a three course dinner was served. Eight people were present who attended the wedding fifty years ago.

The afternoon was spent in visiting and a short program was given. Several group pictures were taken and also one of the original bride party, Mr. and Mrs. Hayes, Mrs. Agatha Kirk of Jackson, the bridesmaid, and William Hayes of Grass Lake, the best man.

In the evening about fifty nieces and nephews and their families came and a buffet supper was served. The house was beautifully decorated with flowers and potted plants, the color scheme of yellow and white.

Many beautiful gifts were received, among them several gold pieces.

Guests were present from Detroit, Ann Arbor, Jackson, Brooklyn, Chelsea, Manchester and Grass Lake. Those from Chelsea who attended were Mr. and Mrs. Theodore Bahnmiller and daughter, Mrs. Dora Haselwerdt, Mrs. Edna Beutler, Mr. and Mrs. Homer Stoffer and daughter and Mr. and Mrs. Lawrence Noah and son.

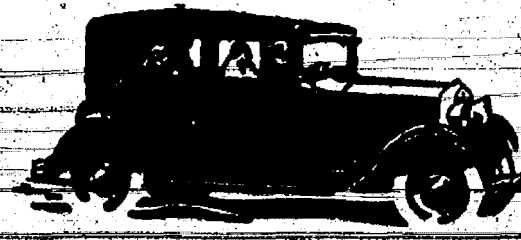

Local Man Injured In Jackson Tuesday

Tommy Wilkinson was painfully injured Tuesday evening when he was struck by an automobile while crossing a street in Jackson. Mr. Wilkinson was crossing the street while the red light was against traffic when a motorist ignored the signal, striking and throwing him to one side so that the wheels of the car did not run over him, which probably saved him from being severely injured.

The motorist stopped, and Mr. Wilkinson was taken to a Jackson hospital and, after the injuries which he suffered about the head and legs were dressed, he was released and was able to drive his car back to Chelsea. He is confined to the home of Mr. and Mrs. A. W. Wilkinson.

JAMES COMPTON

James Compton, of Middleton, Ohio, who was employed at the Federal Screw Works, and made his home with his uncle, C. J. Williams, passed away at the University hospital in Ann Arbor, Sunday afternoon, March 24, after a three days illness of spinal meningitis. He was 18 years old. He is survived by his mother, Mrs. Verne Compton, his grandfather, James Williams of Williamston and several uncles and aunts. The body was taken to Middleton where funeral services were held Wednesday.

SPECULATION—A CRIME

Everyone seems to be speculating. The number of people who are taking flippers in stocks is very surprising.

It is the same old story—the desire to get rich quickly. The results will be the same as heretofore—some will be richer—others will be poorer.

Oils and minerals constitute an attractive field for speculative investment. There is chance for large profit under favored circumstances. There are chances here always attracted capital. Yet the general mining and quarrying industry is the lowest profit-producing activity in the United States.

Several years ago everyone bought land. The farmer bought it. The merchant bought it. The banker bought it. Everyone saw the profit in agricultural lands, profits made almost overnight.

We all know the story—the sad story of homes and fortunes lost. Lands, regarded as the most stable investment and property in the world, became worthless as asset upon which money could be raised.

Then there is Florida. You know all about that, too. But much of the land is being given away today.

This is the time of inflation in stock. Everyone is buying them. They are raising in value. Some days they decline, but the prospect of good times and active trading brings back the price.

This condition is just as speculative and just as dangerous as that which existed in lands.

Periods of inflation have been recorded before and some of the stocks which then led the market are not known today.

Many of the present stocks are selling far beyond any value that their earning power has demonstrated that they possess. The present values are positively and unquestionably speculative.

What will happen? That which happened—deflation. With the deflation will come loss.

But the speculator says that he will be wise, sell out and not lose. That has always been said.

Common stocks of great industries with demonstrated earning powers constitutes a good investment at any figure on which earnings will produce a fair return.

The person who selects good common stocks for investment may not be making a mistake. For most people, speculation is a crime. Grand Rapids (Mich.) Herald Review.

THE HUNGER FOR BUSINESS

To most sensible minded people it looks as if the cigarette makers are going to far. They are too hungry for business.

Probably cigarette smoking, within reason, is the least harmful use of tobacco. But tobacco in any form is bad for young people—bad for boys and girls. Young folks do not need tobacco—but milk. The destructive effect of the cigarette on growing folks has been demonstrated beyond doubt.

Women do not need to smoke. They have enough trouble with the complexion as it is. Smoking is worse for women than for men—and worse in another respect—women transmit their weakness to the future. Men do, too, but not as obviously or as directly.

But the cigarette makers do not care about these things. If they only dared they would go further than they do. As it is, most of them have offended through their advertising and arguments, nearly every sound thinking person, irrespective of personal opinion as to the use of tobacco.

There was once a certain degenerate type of a saloonkeeper who started to make future customers out of the boys of his day. Society soon fixed him. The cigarette manufacturer is next in line for discipline.

MAKE THIS YOUR CREAM

The most malign of all dangers confronting the nation today is disobedience to law.

There would be little traffic in illegal liquor if only criminals patronized it.

No greater national service can be given by men and women of good will—who, I know, are not unmindful of the responsibilities of citizenship—than that they should by their example assist in stamping out crime and outlawry by refusing participation in and condemning all transactions with illegal liquor. From the inaugural address of President Hoover.

PROTECT THE HIGHWAYS

In spite of regulations limiting the weight of loads that can safely be transported over paved and gravelled highways at this season of the year, highway officials are being compelled to make wholesale arrests in order to enforce these traffic regulations for

the preservation of the modern means of transportation.

One would naturally think that those engaged in this kind of transportation would be among the first to observe this means of protecting their own business. But such is not the case. Cupidity and selfishness enter into their conduct much the same as it does in other lines of business and so the state has found it necessary to restrict these unscrupulous drivers from doing the very thing that would destroy them.

Michigan furnishes these freight cars of the highways their loaded at practically no cost. At public expense this right-of-way is kept open for use every month of the year—practically every hour of every day and night. One is at a loss to understand the reasoning of those who would violate the provisions of this intelligent effort to protect one of our greatest necessities and conveniences.

Farmers Can Avoid Taxation On Grain

The annual tax levied by smut on the Michigan oat and barley crops can be stricken from the tax rolls and payment avoided if farmers will spend a little time and a few cents for chemicals to be used in treating seed grains, according to the statement of plant pathologists at Michigan State College.

The treatment recommended for oats is the one known as the formaldehyde spray method in which one pint of formaldehyde will kill the smut present on 50 bushels of seed grain. For smaller amounts of grain, proportionately decreased quantities of the chemical are needed.

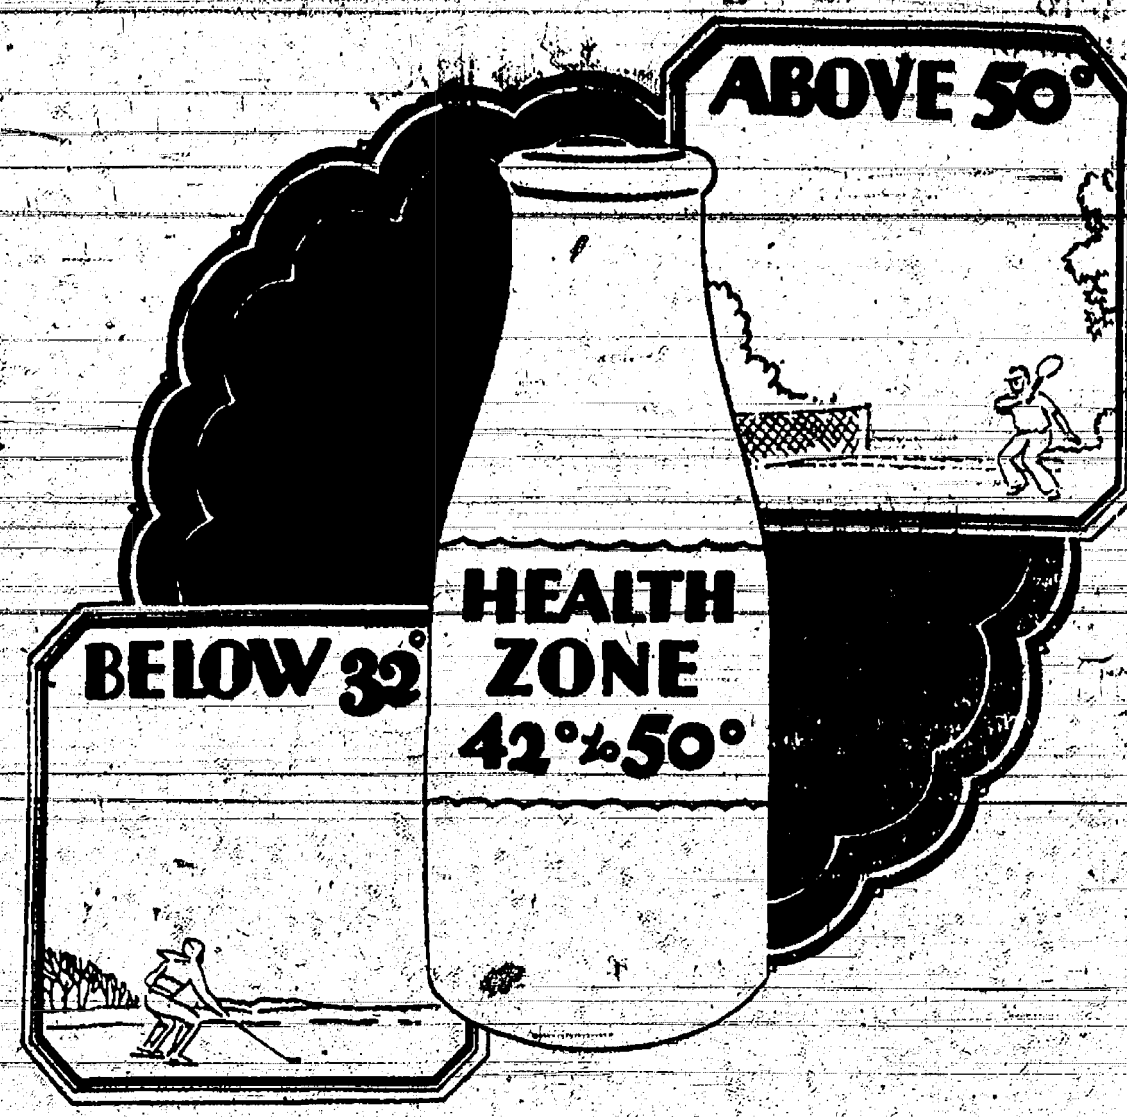

The formaldehyde is placed in a small-hand sprayer and is sprayed upon the oats as they are shoveled over and over. After the oats are sprayed, they should be shoveled into a heap, covered with a canvas or blanket for four hours, and then spread out for a thorough airing. The oats should be sown as soon as possible after they are aired.

The grain drill and the sacks in which the oats will be placed should be disinfected with a formaldehyde solution made by adding two tablespoons of the chemical to a pail of water. The sacks may be soaked in the solution and it may be poured through the drill.

For the treatment of smut, scab, and stripe of barley the College plant pathologists recommend the use of organic mercury compounds according to the directions of their manufacturers.

Nothing to Live for Now

Now that we have a gulfstream which records strokes honestly some one ought to invent a timeproof device for measuring fish.

A Gas Refrigerator

Keeps Food in the Health
Zone.

Pay us a visit and
let us demon-
strate the finest
system of refriger-
ation known to-
day.

MILK—most important food for children—needs year round protection to check the inroads of bacteria. With a Gas Refrigerator you have frosty DAY COLD that never goes above 50 or below 42 degrees Fahrenheit.

All other foods—meats, vegetables, fruit, eggs—are preserved longer and better flavored when kept in the HEALTH ZONE. The cost of operation is amazingly low. And there's no machinery. No moving parts. Nothing to wear out. It's a lifetime investment in better food and health protection.

ANN ARBOR, MICH.

The Motorist Will Stop for the Signal Light at the Street Intersection Where He Will Not Slow Down for Oncoming Train

It is one of the strange experiences of railroads in dealing with traffic at the highway crossing that a large number of motor vehicle drivers are indifferent to all danger.

It is an anomaly of this situation that the motorist will stop for the red light at the street intersection, where he will give no heed whatever to the signal at the railroad crossing on the highway.

DANGER lurks around the corner in both places.

BEHIND the automatic signal at the street intersection there is generally the police officer and the police ordinance with its inevitable fine to back its message.

BEHIND the automatic signal or the crossing watchman there usually is no such force of law, but there may be injury or death.

THE Motorist, through some perversity in make-up, stops at the Street Intersection for the Signal Light which indicates possible peril or a police court fine, where he often will not be swayed by the oncoming train with its infinitely greater danger in the event of a mishap.

TOO often this certain type of motorist seems to set a higher value on his pocketbook than on his life.

THE American railroads are doing everything within their power to prevent casualties at the crossings.

THE American railroads have not the money to eliminate all of the grade crossings, for this would involve \$20,000,000 additional investment.

ELIMINATION of crossings would not be necessary, if the motorist and others were made to take reasonable care in crossing railroad tracks at grade.

PUBLIC authorities, including the Police, State Troopers, and Village Marshals—as well as the Newspapers—should take an aggressive interest in any policy that makes for obedience to the railroad crossing signal.

NEWSPAPERS should constantly impress upon all the importance of observing signal indications.

THE caution so given by public authority—or the warning so sounded by the newspapers—may save a life—or many lives.

AFTER all the saving of a citizen's life alone pays a big return on the good work so done, whether the result arises from individual or co-operative action.

MICHIGAN RAILROADS ASSOCIATION

OUR NEIGHBORS

Dexter—Jay Keuth who has been the American Express agent here since 1889 has tendered his resignation to take effect at the end of this month. During Mr. Keuth's long period of 40 years service he has served the public and the company in a very satisfactory and efficient manner. His successor has not as yet been appointed.

Dexter—Last week a soft-ball league was formed in the high school with players from the seventh grade up. The Yankees, Tigers, and Senators comprise the league and league games will be played on Tuesday and Thursday with games with out of town teams on Friday.

Howell—According to an announcement from the general office, Florence Street with an average of 96.15 was selected as valletorian and Josephine Coleman with an average of 96.13 was selected as saluatorian of the senior class. Robert Sinton was third in the class with an average of 95.88.

Howell—The Knights of Columbus of this city dedicated their new hall in the Russell building on East Grand River Sunday, March 17th with a dinner and a program with a large crowd in attendance.

Northville—There are now fewer farms in Oakland county than ever before. However, the average production remains at about \$3,800,000 for crops, \$3,600,000 for livestock and \$2,000,000 for dairy products, besides \$775,000 for poultry products.

Clinton—Hutton Pratt was placed under arrest when his car was stopped west of here Monday by Deputy Sheriff Harvey. His Buick coupe was found to contain seven cases of whiskey. Pratt, who gave his home as Valparaiso, Indiana, was taken to the county jail at Adrian. Lester Kellogg of Detroit, a "drive-away" man was arrested by Mr. Harvey on the same day for reckless driving.

Suline—A couple of boys going south on Ann Arbor street Tuesday afternoon in an automobile about fifty miles an hour, in trying to avoid a collision with another car that was turning into Fred Brenion's driveway, went into the ditch on the opposite side of the road, the machine turning completely over and landing on its top. Fortunately the boys emerged from the car not much hurt, but the auto was considerably damaged.

Brooklyn—As a member of the county poor commission, J. W. O'Leary recommends the 7-8 mill tax to be voted on at the coming election for the erection of an addition to the county infirmary. There is no opposition as far as known to the proposition except that incident to any form of taxation. It seems both necessary and desirable to well care for county patients, also in the shifts of fortune, nobody is so far away from the line of need that they may not at some time require a little kindly attention from the county. The amount will add \$7 1-2 cents per thousand to your taxes for two years.

Tremont—The annual sub-district oratorical and declamatory contest for students of Levanoe and Monroe county schools will be held at the Adrian high school auditorium Thursday evening, April 11. Thirteen schools will compete, sending entries in each contest. Supt. O. W. Laidlaw will be chairman of the meeting.

Pinckney—Deputies from the sheriff's office under Chief Deputy Claude Pawcett hopped on to Jim Crumbaugh's Keystone Club at Lakeland, which has been doing its best to ally thirsts for the past year, confiscated a considerable amount of booze and lodged Jim in the county bastille. The raid was pulled off Sunday evening of last week during rush hour business. Jim was out on bail again Monday. Sheriff Wimbles staged a raid on Jim last fall and although a whole truck load of wet goods was seized Crumbaugh went free on account of a flaw in the search warrant.

Brighton—Lake frontage property on Brighton Lake has been put on the market by the Lake-Craft Company, and ground was broken Monday morning for a group of cottages. Beauty of design is to be stressed in the building of these cottages, the garages to be a part of the architectural development. Brighton Lake is commanding a considerable amount of attention from Detroit people who are looking forward to its colonization as a choice residential district.

Grass Lake—Petition for the straightening and cleaning out and extension of the Grass Lake drain in Grass Lake and Leoni townships is being circulated and will shortly be presented to the county drain commission for his approval.

Manchester—Officers and members of Manchester Emanuel's Evangelical church society are rejoicing over the almost unanimous selection of Rev. VonRogge, of Elmore, Ohio, as their pastor for the coming year. At the meeting for the purpose, Tuesday evening of last week, a vote was taken and there was only one opposing vote with 104 in favor.

South Lyon—A man and two boys in Green Oak—Anthony Kosakowski and sons—owe their lives to their dog that awoke them from sleep when their home was ablaze in the early hours of Saturday. In its frenzied efforts to arouse its masters the dog, which was out of doors, broke a pane of glass in a window. Occupants of the house barely had time to reach safety, saving only a few articles of clothing. Everything else burned with the house, which was known as the Corrigan place.

Stockbridge—Announcement is made of the sale of the printing business and Stockbridge Brief-Sun, by the pre-

sent owner, H. W. Morgan, to James Coakley, who for the past nine years has been with the Brief-Sun. The change takes place the first of April.

Manchester—Some of our citizens who are conducting muskrat farms as a side-issue seem to be much encouraged as the rodents are behaving so well and have no fear of the mink climbing through or under the wire fence that surround their habitation, and seem to be busy making preparations for spring arrivals.

LOCAL ITEMS

Mrs. E. E. Smith and Mrs. J. J. Munro spent Monday and Tuesday in Detroit.

Mrs. Agnes Runciman spent the week-end in Lansing at the home of her sister.

Mrs. A. B. Clark spent several days of the past week at the home of her sister in Plymouth.

Mr. and Mrs. J. P. Cook entertained her mother, Mrs. Emilie Urbanek, of Detroit over the week-end.

Carl Fletcher of Lansing spent the week-end at the home of his parents, Mr. and Mrs. Frank Storms.

Mrs. Lula Spiegelberg of Ann Arbor has been spending several days at the home of Mrs. A. L. Steger.

Mrs. Clara Dresselhouse and Miss Nellie Ackerson of Manchester were guests of Mr. and Mrs. Reuben Hieber Sunday.

Mr. and Mrs. William Hayes of Grass Lake were Sunday guests at the home of her brother, William Schatz, and family.

Mrs. Bert McLain, Miss Martha Riemenschneider and John Alber spent Sunday in Sharon at the home of Mr. and Mrs. George Alber.

Mr. and Mrs. E. J. Claire and Mr. and Mrs. O. J. Claire and family of Ann Arbor were guests at the home of Mr. and Mrs. Dale Claire Sunday.

Mrs. J. L. Gilbert went to Grass Lake Wednesday where she will visit her son and daughter-in-law, Mr. and Mrs. Lou Watkins until Saturday.

Ransom Armstrong and Fred Baeris who have been spending the winter in Louisiana returned to their home at Cavanaugh-Lake Thursday of last week.

Mr. and Mrs. Joseph Wright entertained at their home Sunday the following guests: Mr. and Mrs. George Hawley and son of Sharon, Mr. and Mrs. George Friedrich, Mrs. Nellie Wright and Willis Crego of Brooklyn, Mr. and Mrs. Ezra Feldkamp of Rogers Corners and Mr. and Mrs. Walter Beutler and Son Loren, of Lima.

Dinner guests Sunday at the home of Mr. and Mrs. Ernest Adams were Mr. and Mrs. William Weltner and daughter, Ruth, and Mr. and Mrs. Walter Dannerker of Detroit, Mrs. Samuel Adams and son, William, Mrs. Dora Jedele, Mr. and Mrs. Ben Shellen and son, of Ann Arbor, Mr. and Mrs. Albert Schiller and children of Lima, and Oscar Bross of Jackson.

Mr. and Mrs. Otto H. Hinderer and son, Roger, Mr. and Mrs. Wilbur Hinderer, Mr. and Mrs. Samuel Bohner and daughter, Evelyn, and Mrs. Martha Weinman of Chelsea accompanied by Mr. and Mrs. Arthur Schatner and children of Scio, spent Sunday in Flint, where they attended a confirmation dinner at the home of Mr. and Mrs. Herbert Laros for their daughter, Geraldine.

Flower Cultivation

It is not possible to answer definitely as to when wild flowers were domesticated. The ancient Egyptians, Greeks, Assyrians, Romans and Chinese cultivated flowers for use and pleasure and propagated many plants. One of the most ancient examples of cultivated plants is a drawing representing the lotus found in the Pyramid of Giza in Egypt. Authors have assigned a date varying between 1,600 and 4,200 years before the Christian era. The first notions concerning gardening were introduced into Japan by the Koreans in 604 A. D. In China, 2700 years B. C., Emperor Chennung instituted a ceremony in which every year five species of useful plants were sown.

Materialistic

Mrs. J. had become weary of the noise that accompanied the play of her two young sons, especially since there seemed to be indications that a slight quarrel was developing.

"Boys," she cried in desperation, for she had been troubled with a headache all day. "If you do not stop quarreling, mother may get sick and die, and then what will you do?"

The boys stopped suddenly to consider the effects of such a tragedy. "I know what I should do," volunteered Jim. "I should go to Aunt Jane's, because she has such good peach preserves."

"I shouldn't," disagreed Charles. "I should go to Aunt Helen's, for I like strawberry jam better."

Pasteurization Is the Safest Way---

Even the greatest care in the production and handling of milk does not render it absolutely pure. Pasteurization does.

Using the proper methods of pasteurization the rich wholesome flavor of milk is retained and the product is pure.

The Ann Arbor Dairy's modern plant and machinery makes perfect pasteurization possible.

Question And Answer Dept.

NOTICE—If your question does not appear below, it is because it is awaiting its turn, and will be published eventually.

Ques.—To settle an argument will you kindly state how to pronounce the word "yeast?"

Ans.—The word "yeast" is correctly pronounced as though it was spelled "yeast." The "y" is sounded as in the word "yes." It is commonly, but erroneously pronounced "east" without the initial "y" sound.

Ques.—I have a "sign" book which says it is unlucky to walk under a ladder. If that is so, can you answer why?

Ans.—There is an old superstition which is still quite common, that it is unlucky to walk under a ladder. How the belief originated is not known. One

writer suggests that it may have arisen from the fact that in early times culprits were often hanged from ladders propped against buildings. Another writer believes the superstition is the natural outgrowth of the danger incident to walking under ladders. In any event this is pure superstition and it should be dismissed from your mind.

Ques.—In what part of the Bible can I find the quotation: "God helps him who helps himself?"

Ans.—That is not a Bible quotation. It is one of the precepts of Benjamin Franklin which appears in "Poor Richard's Almanac" for 1733.

Ques.—I would like to ask the question editor of your paper how the Indians named their children.

Ans.—The system of naming children among the American Indians varied greatly because of the numerous tribes. This can only be answered in a general way. In general, there were two classes of names—true names, corresponding to our personal names, and the names which answer rather to our titles or honorary ap-

pellations. Personal names were given and changed at critical epochs of life, such as birth, the first war expedition, some notable feat, and elevation to chieftanship. Very often retirement from active life by a warrior was marked by the adoption of the name of his son. True names among Indians define or indicate the social group into which man is born, whatever honor they entail being due to the accomplishments of ancestor. Personal names mark what the individual has done for himself. Names of men and women were usually but not always different; the first name refers frequently to something which especially impressed the child's mother at the time of its birth.

Ques.—May I ask in your valuable question and answer department what is the population of Russia at the present time?

Ans.—According to the census taken two years ago, Russia now has a population of 146,550,000. This includes the people living in all the territory under the government of the soviet.

Ques.—Can you tell me who was the winner of the national spelling bee last spring and what school did she attend?

Ans.—Her name was Betty Robinson and she attended St. Joseph's parochial school in South Bend, Ind.

Ques.—Can you tell me what causes wrinkles to come in my forehead?

Ans.—We don't know. Probably from drinking out of a saucer.

Ques.—What is the longest word in Webster's unabridged dictionary?

Ans.—The longest word in Webster's or any other English dictionary is a word containing 28 letters. It is "antidisestablishmentarianism," which means "opposition to disestablishment."

Ques.—Recently I saw a press dispatch that referred to a legislative hitch. Can you tell me what it meant by a "legislative hitch?"

Ans.—That is the popular name given to the passage of a bill that cannot constitutionally become effective. For instance, soon after the 18th amendment went into effect, and after the Volstead act had become a law, the legislature of Massachusetts passed a bill legalizing light wines and beer. Calvin Coolidge then the governor of the state vetoed the bill on the ground that it could never become effective. Hence originated the "legislative hitch."

Ques.—Did hogs live in America before the coming of Europeans? Your answer will settle an argument.

Ans.—There were no true hogs in America until they were brought here by Europeans. The animal native to America which most resembles the domestic hog are the peccaries, which are pig-like animals found from Texas to Paraguay. Apparently the peccary was never domesticated by the aborigines of America.

Explains Fire-Walking

The late S. P. Langley of the Smithsonian Institution witnessed the fire-walking ceremony in Tahiti and described it in "Nature" for August 22, 1921. He says that the stones used in the ceremony were tested and found to be of volcanic basalt, whose most distinctive features are its porosity and nonconductibility. He found that these stones could be heated red-hot at one end while the remaining part was comparatively cool. He was of the opinion that while the lower stones of the pit were glowing, the upper layer was fairly cool.

MICHIGAN BELL TELEPHONE CO.

Within Arm's Reach

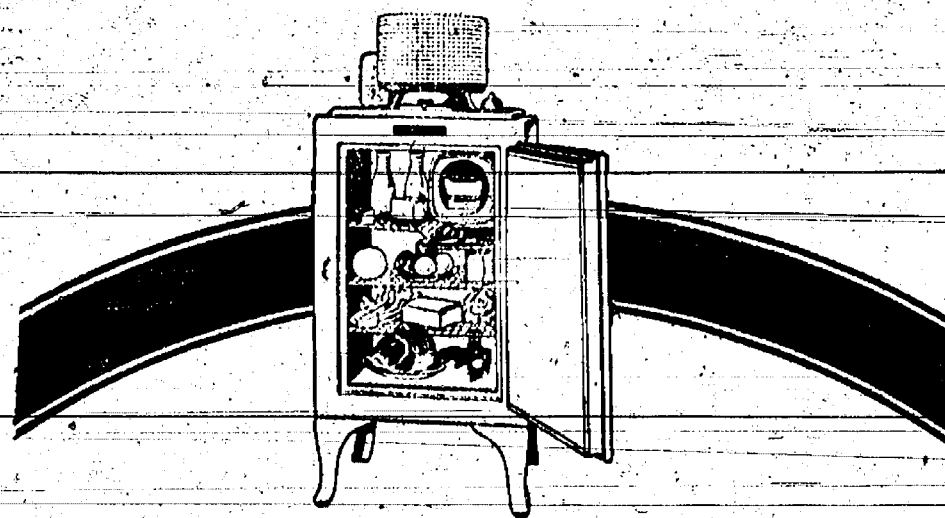

In the most modern homes you will find a telephone conveniently near you wherever you may be. The old time reception hall telephone is retained, but, in addition, extension telephones are placed in the bedroom, library, guest room, kitchen and basement, and even the bathroom.

A telephone makes any room more livable. You may use it not only to talk to near neighbors and distant friends, but the installation can be made so that it will be possible to telephone from one room to another within your home.

Extension telephones are inexpensive conveniences which are becoming more and more popular. There are portable telephones, too, that can be moved from room to room.

We will be glad to have a representative explain to you just how these modern telephone facilities can be applied to your own home, at moderate cost. Call the Telephone Manager.

SIMPLIFIED!

GENERAL ELECTRIC Refrigerator

After fifteen years of intensive research in the vast laboratories of General Electric, this remarkably simplified refrigerator was produced. It marks an entirely new conception of electric refrigeration for the home. It is so simple mechanically that all its machinery is enclosed in one hermetically sealed casing. It operates quietly, economically, automatically. It hasn't a drain pipe, belt, fan or stuffing box to get out of order. Guaranteed by General Electric. See it operate—study its advantages.

Mrs. Flossie Martin received word Saturday of the death of her uncle, Philo Phelps, of Stockbridge.

Mrs. Albert Forner called on Mrs. Homer Boyd, Monday.

CHURCH CIRCLES

CONGREGATIONAL CHURCH

Rev. A. E. Potts, Pastor

March 31, 1929—Morning worship, 10:00 o'clock. Sermon subject, "He Is Risen."

Sunday school, 11:15. Mrs. Elmer Linderman, Supp.

Christian Endeavor, 6:00.

Dear Friends:

All who have lived to any good end want to live on and on forever. Life that is so rich ought also to be endless. Work is so rewarding, arts hold such infinite beauty, knowledges have become so manifold and inspiring that man asks a thousand years for each rich pursuit.

Even the oldest statesman or poet feels that he has had but a sip of the wine of life, and the thought that death shall snatch away the overflowing beaker is almost unendurable.

There is no life so successful but that with sadness we write across the last page the words, "TOO SHORT."

God, the Father, knowing that his children would more and more be haunted with such thoughts, sent us His Son that, "Whosoever believeth in Him should not perish, but have eternal life."

Dear friends, Easter is the glad, glad story of God's precious gift of life eternal.

Very truly yours,
A. E. Potts, Pastor.

METHODIST EPISCOPAL CHURCH

Rev. F. L. Walker, Pastor.

A program of special interest will be given on Easter Sunday at 10:00 o'clock, the hour of the regular morning worship. The choir will furnish special music. The sermon topic will be, "The Hope and Glory of Easter."

An invitation will be given for reception into church membership.

The Sunday school will meet at 11:15. Lesson subject, "Our Ground of Hope for the Future."

May the Easter story as it is told again bring new joy and cheer to the hearts of all the people.

Union Good Friday services will be held at the Methodist church, Friday afternoon, at 1:30. The Rev. P. H. Grabowski, of St. John's Lutheran church will preach. A cordial invitation is extended to everybody to join in this sacred service in memory of the sacrificial death of Jesus Christ on the Cross of Calvary for the redemption of the world.

ST. PAUL EVANGELICAL

P. H. Grabowski, Pastor.

Sunday, March 31—9:15 a. m.—Sunday school. 10:00 a. m.—Easter services (German). 11:15 a. m.—Holy Communion (German). 7:30 p. m.—Easter Celebration by the Sunday school.

Lima Center Evangelical Church

A. E. Kurth, Pastor.

Our church welcomes you to attend each of the following services:

On Friday, from 1:00 until 2:30 we shall have services appropriate for Good Friday. The pastor will review the seven last words of Jesus, spoken from the Cross. There will be other features of this service to help us in worship at this sacred hour.

This service is in no way a selfish service. It is hoped that people of the community will take advantage of this service. If your own church is not having such a service at that hour, won't you plan to attend? If you cannot remain for the entire service be present for as much as is possible.

The sermon subject at our Sunday morning Easter service will be, "The Christian Hope."

SALEM METHODIST EPISCOPAL

Near Francisco, Mich. Rev. F. Ross, Pastor.

Easter Sunday, March 31—Sunday school at 10:00 a. m. Morning worship at 11:00 a. m. Easter program by Sunday school at 8:00 p. m. Rehearsal on Saturday, Mar. 30 at 2:00 p. m. for children.

The Ladies Aid will meet on April 3rd at the home of Sister Hilda McClure, Chelsea, in the afternoon.

Waterloo Second U. B. Church

Preaching—9:30 a. m. Sabbath school—10:30 a. m. 1st U. B.

Sabbath school—10:00 a. m. Preaching—11:00 a. m. Chas. F. Moger, Pastor.

ST. MARY CHURCH

Henry Van Dyke, Rector.

First Mass at 8 a. m. Second Mass at 10 a. m. Mass on week days at 8 a. m.

St. John's Evangelical Church

Rogers Corners, Freedom Township. Gust Ronte, Pastor.

Easter

Long before the Christian religion gave Easter to the world to be observed as the day of Christ's resurrection, there had been an Easter to mark the return of spring, the annual resurrection of nature.

Christianity gave a new meaning to the day, but the underlying theme is the same as it has been for thousands and thousands of years. Easter is the embodiment of hope. It promises a new dawn of life for the world, as it has for ages. It promises, in addition, renewed spiritual growth, as it has for 1,928 years.

UNADILLA

Mr. and Mrs. Claude Rose, Mr. and Mrs. G. A. Pyper and Mrs. Sarah Pyper were in Jackson, Monday.

Mr. and Mrs. Geo. Meabon and family of Pinckney spent Thursday at the home of Howard May.

Mr. and Mrs. Wirt Barnum were Jackson shoppers on Tuesday.

Billy Pyper of Detroit spent the week-end with his parents.

Mr. and Mrs. Clarence Cranna entertained a few friends at a card party Friday night.

Mr. and Mrs. L. E. Hadley spent the week-end with Mr. and Mrs. Geo. Richmond of Jackson. They brought Vernon Richmond home with them to spend a week's vacation.

Mr. and Mrs. Cecil Teachout entertained Class No. 3 of the Sunday school at a party Saturday night.

Miss Esther Barnum spent Saturday at Jackson.

Mrs. Max Kalmbach visited Mrs. Homer Stoffer, recently.

Miss Grindley of Detroit was in town Thursday.

Mrs. Ellen Marshall, who has been spending the winter with her son in Jackson, returned home Saturday.

Mrs. Geo. Marshall visited Mrs. Lucy Tuttle, recently.

Mr. and Mrs. Clinton Johnson of Pontiac, spent the week-end with her parents, Mr. and Mrs. Ed Cranna.

Mr. and Mrs. Lawrence Camburn and Miss Agnes Watson were week-end visitors in Detroit.

The Methodist L. A. S. met with Mrs. W. B. Marshall last Thursday for quilting.

Mr. and Mrs. Geo. Marshall entertained their children and grandchildren for 6 o'clock dinner Wednesday evening in honor of the birthdays of Olin Marshall and Dorothy Teachout.

NORTH LAKE

Mrs. Wm. Eisenbeiser has been in Fort Wayne several days, visiting her sister, Mrs. Akim and her mother, Mrs. Bush.

Mr. and Mrs. Alfred Park are moving from the J. G. Pearce farm to the Sauer farm near Dexter.

Mrs. Molly Earl and daughter Marian of Howell called on E. W. Daniels and family, Sunday.

Mr. and Mrs. Homer Stoffer and Mr. and Mrs. Lawrence Noah attended the

Auto Owners Company Issue Detour Bulletin

The Auto Owners Insurance Co., of Lansing, have inaugurated a new service to the public through a bulletin which is sent to their agents throughout the state each week, known as the "Detour Bulletin" containing information furnished by the Michigan State Highway Department.

Following is a list of road condi-

tions on highways which may be of interest to local tourists, and should be carefully noted. Drive information concerning other highways throughout the state be desired, it can be obtained at Palmer Motor Sales, local agents for the company:

M-11—Gravel rough in Washtenaw County, but not impassable.
M-17—Grade separation under construction south of Ann Arbor in Washtenaw County. Good detour on city streets.
M-23—Shoulders under construction in Washtenaw County.

M-92—Section between Stockbridge in Ingham County and Chelsea not on snow removal program. Very rough through construction south of Stockbridge in Jackson County. Avoid if possible.
M-132—Very rough in Village of Dexter in Washtenaw County.

ST. MARY BAZAAR

A Bazaar sponsored by St. Mary school will be held next Tuesday, Wednesday and Thursday nights—April 2, 3, and 4. "Tango" will be the principal amusement. Valuable prizes will be awarded winners. Pictures and Tea Sets will be given each night. Booths at which home-made baked goods, candy and hot lunch will be sold will be an added feature. Everyone is cordially invited.

METHODIST HOME

Mrs. Brabb has been pleasantly visited by her kin, of late, Mr. and Mrs. E. M. Brabb of Romeo being dinner guests on Friday, last, and Mrs. Atwood McAndrew, of Ypsilanti, with her daughter and son, coming on Monday and including a fine ride for the mother.

Mrs. Lena Burrell has been confined to her room, the past five weeks. She was able to be out Sunday. Tuesday she received word that her sister in Denton was critically ill and she left for there at once.

Mr. and Mrs. Harry Ordway of Ann Arbor spent a couple of hours with Mr. and Mrs. C. E. Park Monday. Mrs. Nellie Rufford who has made so many friends while nursing here has been spending some time in New England visiting. She returned to Detroit the past week.

Wayne Farrell, Mrs. Martha Hemmingsway and a lady friend, all of Gregory called Sunday on Mrs. Doris Davis. They found her still confined to her bed, but slowly improving.

Mrs. Sarah Wolfe has been unable for some days to be around and is now confined to her bed.
Miss Emma Daniels spent the week-end with relatives in Gregory.

Communion services will be held in the parlor Sunday afternoon.

Joe Gilmore and daughter of Elmore called on his sister, Mrs. Sarah McGregory, Sunday. They were accompanied by Mr. and Mrs. Leslie L. Gilmore, nephew, all of Romeo.

Mrs. Hugh Dill and Mrs. George Nuffer of Detroit visited Mrs. Irene Gorton Thursday.

Mr. and Mrs. Harold Davidson and baby, and Mr. and Mrs. Russell Hall of Adrian visited Mrs. Myra Gage Sunday.

Ed Klein and family of Ann Arbor and Jessie Smith of Milan visited their aunt, Mrs. Sophie Elliott Sunday.

Ellsworth Ackerman and Mrs. H. Bauer of Richmond and Mr. and Mrs. L. C. Jelsch and Howard Jelsch of Ferndale visited their relative, Mrs. Sarah Ackerman Sunday.

Mr. and Mrs. F. J. Van Atta of South Lyon visited with Mrs. Elizabeth Atchinson Sunday.

Rev. Alfred Eddy and son Lloyd of Webberville visited the Home Tuesday. They were accompanied by N. J. Fellows of the same place.

Mrs. Allie Elms and daughter, Ruby, were called to Muncie, Ind., last week by the critical illness of her mother.

Miss Dorothy Yocum is spending a few days with her parents at Stockbridge.

Titus Yattaw passed the sixty-eight milestone in his life's record and his many friends in the Home remembered him with a little remembrance of appreciation. The Standard man hopes he will have many more birthdays.

SOUTH WATERLOO

Mr. and Mrs. A. W. Seigrist spent Sunday afternoon with his brother, John Seigrist and wife.

The Washtenaw County Brotherhood will hold services at North Sharon, Irwin school house, next Sunday, March 31st. Everyone is invited to attend.

Good Methods Pay In Potato Fields

Visitors to the Special Potato Improvement train on the Ann Arbor railroad will be urged by members of the farm crops department of Michigan State College to adopt practices which have been proved on Michigan farms to result in the production of better potatoes.

The percentage of potatoes affected with hollow heart, which are subjected to price cuts on the terminal markets, can be greatly reduced by planting the seed closer in the row. The potato specialists urge that the seed be planted 12 to 18 inches apart in rows which are spaced 36 inches apart.

Charts which will be carried on the train will show that on the farm of E. McLachlan, in Mecosta county, last year the percentage of hollow heart was reduced from 25 per cent of the total crop of 7 per cent by properly spacing the potatoes when they were planted. Close planting also improves the quality and the yield of the crop.

Another factor which the trials on 13 Michigan farms last year proved to have a marked effect on the quality of the crop was the number of times that the vines were sprayed. The average yield on the portion of the 13 five-acre plots which was sprayed was 230 bushels of U. S. No. 1 grade to the acre while, on the unsprayed portion of the plots, only 188 bushels of No. 1 potatoes were harvested per acre.

The special potato train will make stops at towns on the Ann Arbor lines April 8, 9, 10, 11 and 12. The first

stop will be at Ann Arbor and the last at Frankfort.

Conducting Early Diagnosis Campaign

Early discovery of the active case of tuberculosis is the objective of the Early Diagnosis Campaign which will be conducted in Michigan during April by the Michigan Tuberculosis Association and its affiliated local societies. The campaign will be officially opened on April 1, when distribution of thousands of posters and pamphlets describing the disease and its danger signs will be begun.

In addition to the circulars and posters, a variety of other devices will be used in the campaign to draw attention to the early symptoms of tuberculosis. Radio talks, showing of special slides and moving pictures, theaters, addresses before high schools and adult groups, and a health campaign in the grade schools are included in the campaign program.

F. E. Mills, president of the Michigan Tuberculosis Association, in statement explaining the purpose of the campaign, declared that, despite more than twenty years of continuous educational effort, the majority of cases of tuberculosis continue to be in an advanced state when discovered.

"When it is generally known that only that a persistent cough and blood spitting are symptoms of tuberculosis," he stated, "but that fatigue, loss of weight, loss of appetite, and afternoon feverishness are often just certain signs, then a real step toward early discovery of the disease can be expected."

Easter

Silently, yet swiftly,
The pulsing breath of spring
Is lending life and beauty
To every living thing;
Opening bud and blossom
Along each walk and way,
Spreading gladness and delight
To greet the Easter day.

Tinting skies with sapphire,
Streams with silver bright,
Sending little winds abroad
Through the day and night,
Coaxing fragrant blossoms
From the bursting sod,
Crying out a welcome
To the risen God.

Prompting feathered songsters
On each leafy bough
To herald out the tidings:
"Spring is with us now!"
Let your hearts be happy,
Throw all cares away,
Join in nature's symphony
On this Easter day.

—Katherine Edelman

NORTH FRANCISCO

Holy Week Program
Given By S. P. I.

William Lehman, Chas. Beebe and Mrs. Mae Hatt spent Saturday night at Jackson.

Mrs. and Mrs. Millard Harvey were callers at the Herbert Harvey home Wednesday night.

ELMER BEACH, aged 79 years, a former resident of Chelsea, died Monday, March 25, at the family residence, 1127 West Saginaw street, Lansing.

Mr. Beach was born December 11, 1850, in Lima township, and was the son of Stephen and Amanda (Turner) Beach. He was united in marriage to Miss Jennie Williams and they resided in White Oak, Lima and Chelsea, before moving to Lansing about 17 years ago.

Mr. Beach is survived by the widow, two daughters, Mrs. Shirley Sunday and Miss Etta Beach, and a granddaughter, Miss Gladys Rothman, all of Lansing, one brother, William Beach, of Lima township, and one sister, Mrs. Sarah Arksey, of Dexter.

Funeral services were held at 2:30 Wednesday afternoon at the Methodist church, with interment in Oak Grove cemetery.

SUNDAY SCHOOL CLASS ENTERTAINED AT EASTER PARTY.

The Young Peoples' Class of the Salem M. E. Sunday school, near Francisco, were entertained at the home of their teacher, Miss Thelma Loveland, on Saturday evening, March 23, at an Easter party.

The house was appropriately decorated in Easter colors and bouquets of Pussy Willows.

Games were the diversion of the evening. An Easter lunch was served, cafeteria style.

The honor guests, Mr. and Mrs. Earl Kalmbach were presented lovely gifts by members of the class and their friends.

A fine time was reported by all.

Students Entertain At Chapel Period

Last Tuesday morning the students of Chelsea high school enjoyed a very interesting chapel hour. They had for their speakers, three well known students, Howard and Dudley Holmes and Mahlon Dunkel.

They told the complete story of their canoe trip in the wilds of Canada. Howard Holmes acting as chairman, introduced Dudley Holmes, who told the story from the time they left Chelsea until they reached Biscotasing.

Then the story was taken up by Mahlon Dunkel, who told a great deal about the canoe trip itself. He took in the travel through all of the lakes from Biscotasing to Hog's-trout.

Then Howard Holmes completed the story, telling about the travellings on the rivers and describing lumber camps and telling the students about the moose and bears and eagles that they saw.

We wish to thank the boys for the interest they showed in relating the events that took place during their trip, and wish that we may hear them again soon.

Dorthea Steiner will be valedictorian and Frederick Steiner salutatorian in the class of 1929. These are the two highest honors which can be attained in a graduating class.

ANOTHER BIG PENSLAR 1c Sale coming at Burg's. Watch for announcement next week.

MAN AND WIFE

BENEFIT FROM

NEW KONJOLA

Happy Couple State Modern Medicine Completely Ended Awful Indigestion.

MR. AND MRS. PETER DEVAL

"Konjola certainly proved a Godsend to our household," said Mr. and Mrs. Peter Deval, 27 Somerset avenue, Battle Creek, Michigan. "It relieved us both of years of suffering from indigestion, and that is our reason for endorsing this new medicine. We didn't know what it was to do to us until we started suffering from indigestion. Food always caused gas and caused terrible bloating. Dizzy spells and heart palpitation also caused their share of trouble. Food did not digest properly, and we did not get the proper nourishment from it."

"We read and heard much about Konjola, and decided to try it, and it certainly proved itself to us. Our digestive organs are now functioning perfectly, no matter what we eat, and we are getting the proper nourishment from our food. Konjola gave us both new and glorious health, and we are glad to be able to tell everybody what a wonderful medicine it is. We shall recommend it every time we hear of anyone suffering from indigestion or any of the common ailments that we suffered from."

Konjola is sold in Chelsea, Mich., at Burg's drug store and by all the best druggists in all towns throughout this entire section.

Mrs. George Steele spent Monday in Jackson.

Ray and Mrs. A. E. Potts were Lansing visitors Saturday.

Miss Viola Seyfried spent Monday with friends in Ann Arbor.

COLLINS & BARTON, W. B. Collins, Warren Barton. 33

Easter Eve

I saw two women weeping by the tomb Of One now buried in a fair green place Bowered with shrubs, the eve retained no trace Of night that day defunct, but the faint glow Of dying day was spread upon the sky The moon was broad and bright above the wood The breeze brought tokens of a multitude Music and song and mingled revelry. At length came glancing through the thicket shade Helmet and casque, and a steel-arm'd hand Watched round the sepulcher in solemn stands The lightward part from man to man conveyed; And I could see those women rise and go Under the dark trees, moving sad and slow—Henry Alford, D. D. in Kansas City Star

Means Humiliation

Canosa is the name of the place in which occurred the humiliation of King Henry IV, who was forced to do penance before Pope Gregory VIII. The word "Canosa" has, since the days of King Henry, and the canonization of "humiliation."

EYESIGHT

Style in Glasses

Many people have delayed giving their eyes proper attention because they believed they would not look well in glasses.

This is an erroneous idea for there are a number of styles from which to make selection and one is certain of obtaining a spectacle frame or eyeglass mounting which is both becoming and comfortable.

Take shell frames for instance, these may be had in light, dark and mottled colors and in ordinary or pad type or high bridge styles.

A properly fitted shell frame is the most comfortable of any to wear and besides has the happy quality of making the wearer look younger.

We carry the Princeton—a frame of beautiful appearance and guaranteed quality.

OBSERVATIONS

Our Furniture

and Rug Stock

has been very much enlarged which has been made possible by acquiring more floor space and just at this time when spring is upon us, you no doubt are thinking of some new things to help beautify your home, or possibly an entire new outfit. If such should be the case, we are sure our very large stock of furniture and rugs will appeal to you. We want to urge you to come and look at the new things, but we won't urge you to buy. Our very low prices and the style and quality of the merchandise will do the rest.

The E. J. Foster Co.

Chasing Woodchucks

The wise farmers, when bothered by woodchucks, resort to one of three methods in thinning them out. They insert either calcium cyanide or carbon disulfide in the chuk's burrow and seal it over. The fumes in a short time will penetrate every part of the burrow and Mr. Woodchuck is gassed to death. Another method is that of attaching a hose to the exhaust of a tractor engine or automobile and inserting down into the burrow, soiling the entrance and razing the engine. Carbon monoxide does the rest. Hunting chucks with firearms is a long drawn-out job and has never been satisfactory.

Second Nature

Compromise for political reasons thinks the observer in the American Magazine, is second nature to statesmen.

Dutch Mania for Work

You know the Dutch. They have a mania for work. There is a land which had to be manufactured out of molasses, bits of war and remnants of a failed revolution. They are being pumped dry. They scrub the streets as if they were plates of which to eat. And as if all this toil were but a mere trifle, they have invented a language the pronunciation of which requires more labor to the syllable than any other language to the letter. "Salvador de Madaranga" is the form.

Wild Minks in Captivity

Wild minks can be raised in captivity without very much difficulty. About 50 per cent of the wild minks will not breed the first year, but if they do not usually they will breed the second at any rate. Minks are usually kept in pens about 8 feet long 6 feet wide and 4 feet high for a pair.
