TWILIGHT BALL LEAGUE ORGANIZED, DATE SET FOR OPENING GAME

First Game Will Be Played Tuesday,
April 30th; Seven Teams Have
Qualified for League.

That baseball will again come to the
front as Chelsea's most interesting
sport this season is evidenced by the
great amount of interest which was
shown at the meeting of baseball
team managers, officers and fans held
in Miller Brothers barber shop last
Thursday evening.

At this meeting officers of the Twi-
light Ball League were elected as fol-
lows: President, M. W. McClure; sec-
retary and treasurer, Bruce Plankell.
Committees were appointed to pur-
chase balls, construct bases, make out
schedule, and to keep the field in or-
der during the playing season.

Seven teams qualified for the
league, names of the teams and man-
agers as follows: St. Paul, P. F. Nie-
haus; Methodist, Albert Alexander;
Congregational, Claude Spiegelberg;
Catholic, manager to be appointed; K.
of P., Ellsworth Hoppe; I. O. O. F.,
Clarence McBride; Masons, E. K. Wi-
nans.

A meeting of the officers and man-
agers was held Tuesday evening at the
Farmers & Merchants Bank to formu-
late plans and adopt some rules and
regulations which each manager will
request his team to adhere to during
the season.

The schedule has not been completed
but announcement will be made next
week of the schedule for the opening
week. The opening game will be
played Tuesday, April 30. Games will
be played each Tuesday, Thursday
and Friday, postponed games being
played on Monday night. The Holmes
field on McKinley street has been ren-
ted and the games will be played
there.

Although fans have enjoyed the
Twilight Ball League sport for sev-
eral years without being asked to help
in a financial way, an effort will be
made to solicit enough funds to at
least help defray the expenses this
year. Honorary league membership
cards are being printed and will be
distributed among the managers who
will sell them to fans wishing to do-
nate something toward support of the
league. No set amount will be asked
for the cards, and it will not be neces-
sary to have a card in order to attend
the games, but it is expected that
enough contributions can be obtained
in this way to considerably swell the
treasury. Each team entering the
league is making a deposit toward the
expense account.

Twenty-Fifth Wedding Anniversary Celebrated

Mr. and Mrs. Chas. F. Bauer enter-
tained Sunday at a delicious two
course dinner in honor of their 25th
wedding anniversary which occurred
on Saturday.

The dining room was attractively
decorated in pink and silver, with a
miniature bride and groom centering
the table, which hung a large
silver bell. Places were laid for 30.
Friends and relatives were present
from Ann Arbor, Manchester, Water-
loo, Freedom, Bridgewater, Jackson
and Detroit. The afternoon was pleas-
antly spent in visiting. Miss Irene
Bauer, while the Misses Marie Bauer,
Erma and Edna Marshall delightfully
entertained with vocal numbers.

The honored couple were presented
with many beautiful gifts.

Washtenaw Teachers Will Meet Saturday

The last regular meeting of the
Washtenaw Rural Teachers will be
held at the U. of M. Forestry farm
on Liberty street about two miles
west of Ann Arbor, on Saturday, April
20, at 2:30 p. m.

Those attending will be divided in
four groups, as follows:
Group A—Manchester Group and
Ypsilanti Group I.
Group B—Saline Group and Ypsi-
lanti Group II.
Group C—Dexter Group and Ypsi-
lanti Group III.
Group D—Chelsea Group and 4-H
Club Forestry Boys.

At the end of each hour each Group
will be in charge of a different pro-
fessor of the University, so that all
may become acquainted with each
phase of the forestry work. Lunch
will be served at noon on the grounds.

Should the weather be such that the
out-of-door program is absolutely im-
possible the meeting will be held at
the Natural Science building on the
campus.

Leigh Luick is confined to his home
at Lima Center by illness.

Lima Farmer Arrested As Slayer Of Neighbor

As a result of the death of John E.
Guenther, who died Saturday, Mon-
tgomery Davison, Lima township, was
taken to the county jail in Ann Arbor,
Monday, on a murder charge.

Davison, in a statement to Prose-
cutor Carl H. Stuhler, admits he
struck Guenther with an article be-
lieved to be a wedge-shaped hammer
now in possession of officers, but
claiming the blow was struck in self-
defense during a quarrel which took
place March 27 in a repair shop on
Guenther's farm.

According to reports, Guenther re-
covered sufficiently a few days after
being struck by Davison to leave his
bed and did some work around the
farm. Tetanus developed, however,
and he was taken to an Ann Arbor
hospital where his death occurred.

Davison was arraigned before Jus-
tice C. A. Reading Wednesday after-
noon and a charge of murder preferred
against him. He was released this
morning when bondsmen furnished the
\$15,000 bail, the amount named by the
circuit court, with orders to appear
next Wednesday for examination.

Mr. Guenther was born June 4,
1883, in Saline township. He was
married, February 21, 1906, to Clara
Berne of Dexter and they had resid-
ed in Lima township the past 13
years. Besides the widow, he is sur-
vived by nine children.

Funeral services were held at 1:30
Monday afternoon at the residence.
Rev. G. Ronte of Rogers Corners of-
ficiated and burial was in St. Andrews
cemetery, Dexter.

4-H CLUB MEMBERS TO BE ENTERTAINED BY LOCAL KIWANIS

Banquet and Program Will Be Given
General Club Work Program To
Be Sponsored This Season.

Honoring 4-H Club members in the
Chelsea area, the Chelsea Kiwanis
Club will entertain at a banquet and
program to be given Monday evening,
April 22, in the dining room of the
Methodist church. The banquet will
be served at 7:00 o'clock by ladies of
the church.

Arrangements are being made for a
program which will be of interest to
the young guests, as well as the older
folks. All details of the program are
not yet completed, but announcement
has been made that J. N. Brown, who
is connected with the Michigan State
Normal at Ypsilanti, will be the
speaker of the evening. Further de-
tails will be announced next week.

Invitations are being extended to
one parent from each family having
club members to attend the banquet
with the children, as well as to club
leaders, county agents and the county
school commissioner and her as-
sistants.

Interest in 4-H Club activities in
this community has been steadily
growing since the Kiwanis club has
sponsored the movement. Last year
general club work was sponsored,
which proved to be very satisfactory,
and which will be the program for
this year.

As has been the custom in past
years an exhibit will be held next fall
in which all club products with the ex-
ception of livestock will be displayed
and awards made to the winners. At
this time the Kiwanis will also serve
a banquet to their young friends.

Contractors Busy On Chelsea Sewer Project

VanPamel & Gekiere, Mt. Clemens
contractors who were awarded the
contract for construction of Chelsea's
new sewer system, have started op-
erations and are digging to the south
on McKinley street, having started in
the tract of land on the creek recently
purchased by the village from Howard
Gilbert.

Work is progressing rather slowly
due to the great depth necessary to go
at the place they are working in order
to have the proper amount of fall for
the system. Near the Elm street in-
tersection the sewer is being laid
about fifteen feet deep. The greatest
depth will be reached north of the
Dewey street intersection where it will
be necessary to go about nineteen feet
deep.

It is planned to construct the west
trunk line sewer first, the route to be
followed traversing Dewey to North
Main street, south to North street, fol-
lowing that street and crossing the
Michigan Central property to Grant
street.

A force of about ten men are em-
ployed in the construction work at this
time.

OFFICIAL BALLOT USED MARCH 11 IS CORRECT, SAYS ATTY GENERAL

Rules That Ballot Used At Village
Election Was Printed Correctly,
With Blank Column.

Since the village election of March
11 there has been considerable discus-
sion questioning the correctness of the
official ballot which was printed by the
Chelsea Standard upon authority from
the local election commissioners. To
clarify the situation we deemed it ad-
visable to seek information from a
source which would be accepted by
everyone as authentic. A sample of
the official ballot was sent to Wilber
M. Brucker, Attorney General of
Michigan, and we print herewith the
letter which was received in answer
to the request for an opinion in the
matter:

Lansing, Michigan,
April 10, 1929.

The Chelsea Standard,
Chelsea, Michigan.
Gentlemen:

In your letter of April 8th you say
that it has been contended that the
sample form of ballot you enclosed
with your letter is not legal because
there is a blank column printed
thereon.

The election laws, being Act No.
851, Public Acts of 1925, do not con-
tain any specific provision covering the
precise question you have raised. It
does specify with regard to primary
election ballots that—

"The size of all official ballots shall
be such as the board of election com-
missioners shall prescribe." Section 2,
Chapter IV, Part Three.

The provision with regard to regu-
lar election ballots reads:

"The arrangement of the ballot con-
taining the names of candidates for
office shall conform as nearly as pos-
sible to the following plan, and shall
contain the specific instructions there-
set forth, and no others Sec-
tion 20, Chapter VII, Part Four.

The form which follows is the usual
form of ballot and contains several
columns.

In Corpus Juris we find it said:
"Where the ballots used at an elec-
tion were those furnished by the elec-
tion commissioners, the voters of such
ballots cannot be disfranchised because
such ballots bore words or characters
not provided for by statute." 20 C.
J. 142.

In this instance there seems to be no
question but that the election commis-
sioners furnished the ballots and that
the ballots are in the form prescribed
by such commissioners.

It is accepted without question that
a voter may wholly disregard the
printed names of candidates and
write upon the ballot the names of
others for the offices named on the
ballot. In the absence of a blank col-
umn on the ballot it would be extreme-
ly difficult for a voter to write in the
name of anyone else. The election
laws make specific provision in Sec-
tion 19, Chapter VIII, Part Four, for
the manner in which one may vote for
someone not on his party ticket. This,
of course, presumes that there will be
at least one other column in which the
voter may indicate his choice.

It is my conclusion that since the
ballots are those properly furnished by
the election commissioners and since
it is the plain purpose and spirit and
intent of the statutes to allow the
voter to indicate by writing on the bal-
lot some choice other than the printed
names, the placing of a blank column
on the official ballot is not only just-
ified but should be done in all cases.

Yours very truly,

Wilber M. Brucker,
Attorney General.

Mrs. Agnes Runciman Honored By Methodists

A very attractive social affair was
the farewell party given on Tuesday
afternoon in the parlors of the Meth-
odist church, for Mrs. Agnes Runci-
man, who is leaving today to take up
her residence in Lansing.

A program consisting of the follow-
ing numbers was given:
Violin solo—"Cantique D' Amour"
—Mrs. Philip Broesamle;
Vocal solo—"Absent"—Mrs. Wesley
Smith;

Piano solo—"Tuttle of Spring"—
Mrs. George Walworth;
Piano solo—"Over the Waves"—
Jean E. Dancer.

Mrs. Runciman has been president
of the Ladies' Aid Society for the
past three years and in behalf of the
society Mrs. F. I. Walker presented
her with a beautiful Venetian mirror.
Sixty ladies were present and refresh-
ments were served by the officers of
the society.

THOSE WHO KNOW US BEST

There is a story told of a famous man who was everywhere honored save in his own country. The plaudits of the world were his—yet he dwelt in slight consideration among those who knew him best.

As a man he was able to survive a tragedy which would doom a business institution to failure.

Auto-Owners, contrary to the experience of the man in the story, takes pride in pointing out evidences of success with those it has longest served. Year after year Central Michigan has returned us a substantial amount of business to form the nucleus of this company's amazing annual growth.

Thus we have "dwelt in honor" among those who first knew us and know us best while more than 700 agents spread our good name and service statewide.

WHY REDUCE

We talk about the superstition of the Indian medicine man. We could think of some things about ourselves.

Many people are fat. They wish to get thin. They read of the new methods which accomplish this purpose without cutting down on the meals.

One method proves its results by pictures that show the before and after. The method consists in taking a bath with which a marvelous chemical was used. The process was described as follows: "Bathe in luxury for 15 minutes in a delightful fragrant and milky white water of the softness of cream. Bubbles released by the effervescent tablet indicate that chemical action is taking place."

An investigation showed that the dollar package of this wonderful reducer consisted of a few cents worth of corn starch, borax, baking soda, tartaric acid and common salt.

A good hot bath with soap, that either floats or sinks, makes a reduction in weight.

The best way to reduce is to eat less and exercise more. The process is good for other things than weight. But we do not follow out the plan.

But why all the talk of reduction? There is nothing wrong about a little weight. And besides, why start reducing now, pump tires are coming back in style.

PASS JUST JUDGMENT

This man did not like the legislature. The manager of the Haley Potato Chip Company down in Arkansas bought advertising space in the Little Rock Gazette to tell the world of his opinions.

WHOOPEE! HURRAH!

The legislature has adjourned.

Let's All Close up and Celebrate

At one o'clock in the afternoon I shall close my potato chip establishment.

I shall hang our my American flag and as they kiss again the air of freedom unpoluted by the foul breath of the legislative bribe takers, the hoodlums, the demagogues and the little dictators so drunk with power that they even dare to shout infamously.

"To hell with the constitution," I shall retire to the solitude of my home and I shall kneel before the pictures of George Washington, the founder of our Republic, Abraham Lincoln, the savior of our country, and Woodrow Wilson, who died a martyr to the ideal of making the whole world safe for democracy, and in joyous gratitude I shall thank the "author of Liberty."

that the Arkansas legislature monstrosity has at last expired. I shall pray devotedly that a blessing may come from the traversy of justice. That the eyes of the people may be opened and that so help us God we will exercise more wisely the God-given right of the ballot. The cessation of unprincipled work of the legislature marks the greatest day for Arkansas since the armistice.

Many people talk about the legislature in just the same way.

Such criticisms are unjust.

A legislature is a human institution. It partakes of all the weakness of humanity—competence and incompetence—honesty and dishonesty—strength and weakness.

A state legislature is seeking to do its best. However it suffers from a great and serious weakness. It is a large group of men seeking to settle problems which are perplexing to smaller groups and even individuals.

The weakness of a legislature is that it does what it is intended to do—to represent the people of the state in the making of laws. The lawmakers simply represent the great variations of opinion which make up a republic and when some of them speak foolishly they represent a foolish or a wrong opinion of the folks back home.

We cannot sympathize with criticism of the legislature. Let the public that passes unjust judgement place itself in the position where in 30 days more or less, important problems of a great state and a changing age must be settled. Think what you would do. Be tolerant of your lawmakers.

A DIFFERENT VIEW

Europe protects its forests from fire. Over in Germany a boy carelessly set a fire which burned over several thousand acres of land. Because of his age he was given but a short jail sentence—three weeks. But for each of two years he had to report to the manager of the forest and work for the two seasons without compensation.

Under Frederick the great the punishment for starting a forest fire was very severe. In a proclamation issued in 1775 this monarch outlined the punishments.

Anyone starting a fire within 100 paces of a forest, or by using a pitch torch or any fire when fishing or catching crawfish in any lakes within and

on streams or creeks flowing through a forest, or who smokes tobacco during the dry or summer season within a forest, even though no damage is done shall be punished with a four week jail or penitentiary sentence, and, if any damage results, shall pay such damage; if he can not pay the damage, the period of imprisonment shall be in proportion to the amount of damage ascertained, up to 100 thaler (\$75), one-fourth year; from 100 to 200 thaler (\$75 to \$150) one-half year; from 200 thaler and over, one year imprisonment.

Any person willfully or maliciously starting a fire in a forest, with intent to damage such forest, shall be punished with a ten year penitentiary sentence at hard labor, and upon establishing the moral responsibility the sentence may be increased even to a death penalty. Anyone discovering and reporting such evildoer shall receive a reward of 50 thaler.

In America we still think it is a privilege of citizenship to burn the woods.

MRS. MARY PRICE

The following death notice was taken from a Battle Creek paper (no date given). Mrs. Price was a daughter of the late Mr. and Mrs. Patrick McCover, a former well known resident of Chelsea.
Mrs. Mary E. Price, 19 Cliff street, passed away at a local hospital this morning at 4:15 o'clock. She was 66 years of age and leaves her husband, Charles Price; one daughter, Mrs. John Walsh, of Kalamazoo; two sons, Ray, of Philadelphia, and Harold J., of Detroit; one sister, Miss Anna McCover, of Chelsea, and five grandchildren. Mrs. Price was a member of the Altar society of St. Philip's Catholic church. Funeral services will be held from St. Philip's, Saturday morning at 9 o'clock, with Rev. Fr. D. L. Dillon officiating. Interment will be in Memorial Park.

Chelsea Students Make Good Showing

In the Oratorical and Declamation contest held at Howell, Friday, April 12, Chelsea High was represented by Jeanette Naekel and Kenneth Beach. Kenneth Beach tied for fourth place with Virginia Horton, declaimer from Ypsilanti-Central-High. There were ten contestants in the declamatory contest. Mildred Koch of Ann Arbor High won first place.
Jeanette Naekel received third place in the oratorical contest. There were eight contestants in oratory. Leone Teeple of Howell won first place.
Jeanette and Kenneth each received a fine dictionary, with the contestant's name stamped on the outside cover and also autographed on the inside of the book.
Kenneth will undoubtedly be out for oratory next year. The experience of this year's contest will count much with him in the contest next year. Chelsea High is proud of both of the contestants.

RESOLUTIONS OF RESPECT

Whereas, The great and supreme Ruler of the universe has in his infinite wisdom removed from among us one of our worthy and esteemed fellow laborers, Edwin Koebbe, and whereas, the long and intimate relation held with him in the faithful discharge of his duties on this board makes it eminently befitting that we record our appreciation of him; therefore,

Resolved, that the wisdom and ability which he has exercised in the aid of our council by service, and counsel, will be held in grateful remembrance.

Resolved, that the sudden removal of such a life from among our midst leaves a vacancy and a shadow that will be deeply realized by all the members of this body; and will prove a serious loss to the community and the public.

Resolved, that with deep sympathy with the bereaved relatives of the deceased we express our hope that even so great a loss to us all may be overruled for good by Him who doeth all things well.

Resolved, that a copy of these resolutions be spread upon the records of this Village, a copy printed in the Chelsea Standard, and a copy forwarded to the bereaved family.

By order of Village Council,
Sidney W. Schenk, Clerk.
Dated: Chelsea, Mich., April 15, 1924.

General Motors To Have Spring Showing

A nationwide exhibition of all General Motors passenger cars, to take place during the week beginning April 20th and ending April 27th, was an innovation announced today by Alfred P. Sloan, Jr., President, General Motors. The exhibition is to be known as General Motors Spring Showing, and from the plans already outlined promises to be the largest and most comprehensive showing in the history of the automotive industry.

Twenty-three thousand General Motors dealers are to participate in the event, each acting as an individual exhibitor of the line of cars he merchandises in his particular location. Allowing a minimum of five display cars for each dealer, this will mean that during the week about 125,000 General Motors cars will be on view simultaneously. This event will be suitably amplified by nationwide magazine, newspaper and outdoor advertising. The Corporation's motor car divisions, Cadillac, Buick, Oldsmobile, Oakland and Chevrolet, are co-operating to make this Spring Showing a memorable event.

For two years past General Motors has sponsored special showings at the time of the National Automobile Shows in New York and Chicago which its entire line of products has been represented. These events have produced a great impression and have attracted an attendance comparable with that of the National Shows themselves. Recognizing the public interest in these undertakings, it is decided that the various communities all over the country would appreciate similar showings in their own locations. Thus the idea of the Spring Showing Week was conceived and by means of it General Motors will in effect bring a miniature automobile show to every community, thereby emphasizing the fact that within its own organization there is a car for every purpose.

Tecumseh Is Without
Village Government

According to a dispatch in Tuesday night's Jackson Citizen Patriot, our neighboring village of Tecumseh is without a governing body following the resignation of three councilmen. The dispatch follows:
When A. B. Boyce, the new village president, revamped committees of the council at a meeting Monday night and left off the water board three old councilmen, J. C. Larsen, George Jackson and L. J. Rogers, the trio promptly resigned and walked out of the council chamber before any action could be taken on their resignations.

As a result the council is now in a quandary, as only three members remained and these not constituting a quorum could not accept the resignations. President Boyce is unable to make any appointments and the village is to all intents and purposes without a governing body.

OUR NEIGHBORS

Saline—A very clever and easy
hold-up was pulled off Monday eve-
ning, when two husky-looking fellows
stepped into the filling station at the
corner of Michigan avenue and Maple
street. They told Chris Volz they had
taken a car of booze a short distance
out of town and must have \$20 at once
in order to make transfer. As Volz
stepped into his office to get the cash,
the two followed him, saying we must
have \$5 more—\$25 in all, and that
they would return it all by midnight.
The cash was given them, but evident-
ly the guys forgot to come back.
While all this happened about 8:30 or
9 o'clock, it was not reported to the
officers until Tuesday morning. Ob-
server.

Stockbridge—Graham C. Parker,
Secretary and Manager of the Stock-
bridge Sewer Co., has purchased the
Rochester Metal Products Co., of Ro-
chester, Michigan. Mr. Parker will
continue to manage the Stockbridge
plant, and will direct the affairs of
the Rochester plant also. The Ro-
chester Metal Products Co. manufac-
ture an extensive line of automatic
screw machine products, as used by
automobile and parts manufacturers.
—Brief-Sun.

Fowlerville—Sealed bids for the
construction of Ingham county's new
infirmary for the poor, at Okemos,
opened Tuesday of last week, indicat-
ing that the structure will be completed
well within the \$250,000 appropriated
and a great probability that a
single business will be turned back into
the general funds of the county after
all is provided for. —Review.

Fowlerville—City Marshal Hardy at
Fowlerville, has become tired of warning
autoists about breaking the speed law,
driving through the city and Friday
took five into court and they contrib-
uted \$10 each. If that had been done
in Fowlerville the Detroit Automobile
Club would have appeared to Governor
Green to have the Justice removed
from office. —Review.

South Lyon—Grant W. Stevens has
announced the sale of his Four Lakes
Club property at Rushton, 2 miles
west of this town, to George H.
Thompson, builder and restaurant man
of Detroit. The sale price was not re-
ported. —Herald.

Dexter—We understand the county
leave than to acquire it honestly. No

road commission has taken over the
maintenance of Main and Ann Arbor
streets. The county road machine
started work Friday and made a great
improvement. —Leader.

Tecumseh—The Rev. and Mrs. Fred-
erick Hewitt and son James of Cam-
bridge Junction have arrived home
from several months visit in England,
France and Italy. Their son circled
the globe, visiting China, India and
other interesting points, joining his
parents in Paris for the return jour-
ney. —Herald.

Grass Lake—Mr. and Mrs. O. D.
Somerville of Jackson and former
residents of Grass Lake are in Mercy
hospital each suffering injuries as a
result of an accident, when Ernest
Walte, of Jackson, crashed into their
car when attempting to pass a car
parked on the road. The accident
happened three miles north of Jack-
son. —News.

Milan—Contracts for two proposed
roads in the vicinity of Milan are be-
ing contemplated by the State High-
way Department. Bids are being re-
ceived for the grading, shaping and
construction of drainage for US-23
and the contracts will be awarded on
April 24th. The plans call for the
paving of a little more than eleven
miles of road from Milan north to the
Washtenaw Road between Ypsilanti
and Ann Arbor. This is the road that
is more commonly known in this vicin-
ity as the Dexter Road. Word has al-
so been received from the State High-
way Department that the road west
of the depot at Milan will be started
as soon as the plans can be completed
and bids secured for the work. This
road will also be built this summer.
—Leader.

Jackson—When Jackson celebrates
its 700th birthday anniversary and the
75th anniversary of the founding of
the national Republican party in July,
a complete week will be given over to
the fête, if tentative plans of a special
centennial committee are carried out.
The celebration will begin Sunday,
June 30, and continue through Satur-
day, July 6, the G. O. P. anniversary
date.

Brighton—Rev. W. H. Shipmons
guarage was entered Friday night and
his car was stripped of its five tires.
Brighton has enjoyed a season of com-
parative quietness, this being the first
case in some time of a visit by "fly by
nights" who seem to find it easier to
take other people's property without
leaving than to acquire it honestly. No

trace or the miscreants has been found.

Argus.

Pinekey—An effort is being made

to organize an independent baseball
team in this village for a series of
games to be played during the sum-
mer months.

Brooklyn—Martin Ayes of Detroit
fined \$500 by Judge Parkinson Tues-
day for violating the liquor law, is the
man who was found overcome with
monoxide gas near Skid Lake recently
and with a consignment of liquor in
his car. It is thought that Ayes is
the same one who has long been known
as a "runner" over the byways of
Sharon, Norvell and Liberty, taking
this route from Detroit to some west-
ern point several times a week. —Ex-
ponent.

Northville—It will be interesting to
teachers to know that the state legis-
lature has enacted a law which became
effective March 14th abolishing county
certificates. The power of granting
first and second grade certificates is
now entirely in the hands of the state
superintendent of public instruction in-
stead of the county school commission-
ers as in past years. —Record.

County Schools Taking Course In Forestry

Because of the interest in forestry
already established in Washtenaw
County, as illustrated by County
Leader, Hager's work with boys and
forestry planting, county schools are
doing some special work in forestry
this month. These studies were pre-
pared through the cooperation of the
County School Commission, Con-
tans, and the School of Forestry and
Conservation of the University at Ann
Arbor.

This work in forestry is not in-
cluded as a special study, but fits into
the regular school program as a part
of geography, reading, nature study,
language and arithmetic. The lessons
are of direct attention to the better
use of farm woods of which there are
3,500,000 acres in Michigan. The other
big state land use problem is to get
the large areas of non-agricultural
land, once covered with white pine,
back into timber crop-producing con-
dition. The continued demand for
lumber and the financial returns to all
parts of the state by producing lumber
locally instead of paying high freight
costs from the Pacific Coast, are all
good reasons, so the foresters say, for
making children acquainted with for-
estry facts.

DOINGS AT LANSING

By Len W. Feighner
Field Secretary of the
Michigan Press Association
Lansing Bureau, April 12, 1929.
Legislators are in a gay mood and
are "making whoopee," because they
are glimpsing the beginning of the
end of the session. The number of
the last chapter has not yet been dis-
cussed, but a conference committee
recommended April 27, while more

conservative members hope it can be
made May 4; still other of the older
heads predict May 11 as the earliest
possible date. Long calendars are the
daily program and the work is going
through with a zest not hitherto ex-
hibited during the session. The pro-
posed eight mill tax passed the House
this week and has gone to the Senate
for its approval and the Senate pro-
posal to appropriate two millions for
the aid of the poorer school districts
has been approved by the House. This

is getting vexing questions partially
settled and the budget appropriation
bills will follow through probably
without any more severe battles than
are daily occurring in Mexico.

The Boyle egg standardizing bill
was up for a hot discussion in the
House Thursday afternoon and was
the occasion for almost everything but
eggs being thrown from all parts of
the House. The bill, more or less
mutilated by amendments, was finally
placed upon third reading, as was the
controversial garnishment bill. Prob-
ably neither will go through without
more warfare when they make their
appearance on third reading.

The income tax measure which
passed the House last week is thought
buried in the Senate. The bill is a
peculiar one, good in some respects
and bad in others. It is perhaps as
well if it does not go through in its
present form, but it is an entering
wedge for a similar and perhaps a
better measure for the next session.

A proposition to release the obli-
gations to the state against the Union
Memorial building at Michigan State
College was brought out in the House
this week. The building was erected
by college alumni under pledges of
financial aid, many of which have not
been made good, and the income of
the building is insufficient to cover
interest and other fixed charges. In-
asmuch as the building is an impor-
tant unit at State college and is used
extensively by the student body as
well as by farm organizations and
other citizens of the state, the request
to have the indebtedness to the state
cancelled meets with favor from many
members of the legislature.

The Senate has passed the bill re-
pealing the corn borer legislation of
1927 and the corn borer regulations
will become dead if the governor signs
the bill, which had already been passed
by the House.

The garnishment bill, passed by the
Senate some time ago, in the face of
vehement protests, was reported out
this week by the judiciary committee
of the House and has been made a
special order for Wednesday after-
noon, April 17.

The judiciary committee of the
House has received a report from the
attorney general that the Hambley bill
permitting the reading of the Bible in
public schools is constitutional and
will probably report it out early next
week for consideration on general
orders.

The Palmer aviation bill, providing
a state board of aeronautics has passed
the House. A proposition is also
up to tax gas used for aviation three
cents per gallon, the funds to be used
for construction of state, municipal,
county and township airports.

The Senate has passed the Atwood
relicted land bill, which will give legal
possession of relicted lands where the
deeds call for boundary "at the water-
line" and will give the state authority
to lease to the owners of water front
property relicted lands which are not
so shown in the deed.

The Conlon bill authorizing a tax
commission to make a thorough study
of state tax problems was amended
in the House Tuesday to one addi-
tional member from the House, one from
the Senate and one representative
from manufacturing, labor, banking,
agriculture and mining. All to be ap-
pointed by the governor. In this
amended form the bill was passed by
the House and returned to the Senate
for concurrence in the amendments.

Election days will not be bank holi-
days under the provisions of a Senate
bill which has passed the House with
an amendment to make the bill apply
to all elections instead of just pri-
mary elections. It is thought likely
the Senate will concur in the amend-
ment.

If you want to clip your dog's ears,
do it now. Senator Conlon proposes
a measure prohibiting such clipping.
Hurrah for the dog.

Representatives Birk and Hartman

of the upper peninsula exhibited sore
toes in the House over a proposition
introduced by Mr. Hartman to have
a survey of Isle Royale made by the
University of Michigan. Mr. Birk has
a similar bill in the hands of the con-
servative committee, but the Birk bill
provides that the survey be made by
the Mining School. He wanted the
Hartman bill referred to the same
committee, but he lost out after an
acrimonious discussion.

The Michigan House of Representa-
tives will send a special air ambassa-
dor to Europe this summer, in the
person of retired Representative "Jim-
mie" Frye of Battle Creek. Mr. Frye
will leave early in May for an ex-
tended trip abroad and a resolution
was passed delegating to him authori-
ty to make a special study of Euro-
pean air lines and traffic. The reso-
lution does not, however, carry an
appropriation covering "Jimmie's" ex-
penses on the trip.

The Jahnke bill authorizing 15-
round boxing exhibitions where cham-
pionship is to be determined by the
bout is again under consideration and
may yet get through at the present
session. The bill is said to be favored
by Floyd Fitzsimmons and Jack
Dempsy, who are said to want to
erect a big arena near Mt. Clemens.

An outcome of the recent report of
the governor on the Chelsea cement
plant was a resolution introduced by
Rep. Sargeant authorizing closing of
the plant.

Rep. Culver's whipping post bill has
been reported out by the judiciary
committee of the House and will be on
the battle line next week. A similar
bill was vetoed by Gov. Green two
years ago.

Capital punishment makes its ap-
pearance on the floor of the Senate.
The measure was reported out Wed-
nesday afternoon. Under provisions
of the bill as reported out by the
judiciary committee, the matter, if
passed by Senate and House and sig-
ned by the governor, is to be voted
upon by the people of the state at the
November election. The measure is
made a special order in the Senate
Tuesday afternoon at 2:30.

The House decisively defeated Rep.
McBride's bill providing for nomina-
tion of township officers by non-parti-
san caucuses. The vote was 15 to 68.
Rep. MacRea's bill for compulsory
automobile insurance was also ditched
by referring it to the committee on
judiciary, where it is thought to be
buried. The vote was 18 to 71.

Senator Conlon proposes a bill in-
flicting a penalty of \$5,000 fine and
a prison term of ten years for any
state official making away with \$50
or more of public funds.

Compulsory grading of eggs and
regulation of the baby chick industry
are apparently due for hard sledding
unless proponents of the measures
rally additional support.

Rep. Nichols proposes yearly meet-
ings of the legislature, sessions to be
limited to 100 days, in a bill intro-
duced Wednesday. If approved, the
measure will go to the people of the
state on a referendum at the Novem-
ber election.

Rep. Claude Millman of Iron Moun-
tain sponsors a bill introduced Wed-
nesday requiring all airplane pilots to
hold federal licenses and have federal
approved equipment before flying in
Michigan.

Rep. Feighner sponsors a bill which
will define a legal newspaper in Michi-
gan and as such entitled to publish
legal notices prescribed by statute.

A bill was introduced Thursday by
Rep. McEachron providing a salary
of \$2,500 per year for each member
of the state administrative board. At
present only three members of the
board get the extra pay, these being
the state treasurer, secretary of
state and auditor general. The pro-
posed bill would also include the gov-
ernor, highway commissioner, attor-
ney general and superintendent of
public instruction.

A proposition to tax advertising

films at motion picture theatres was
submitted by Rep. Thomson, but was
later shelved by referring it back to
the committee, where it will probably
remain.

Investigation of the public utilities
commission is under way, but with
little accomplishment up to date. The
committee adjourned Thursday until
Tuesday, when the investigation will
again be taken up.

Governor Green, who has been in
a Grand Rapids hospital for a minor
operation, will probably be back on
the job Monday, and with both houses
"rarin' to go," next week promises to
be the big week of the session.

Speaker Ming read the riot act Fri-
day morning to those legislators who
were not at their post of duty when

measures which they had introduced
came up in general orders on third
reading and announced that hereaf-
ter in such cases their bills would be
referred back to committee, which
would usually mean their untimely
demise. More power to his fist.

AN ALL-STEEL REFRIGERATOR
THE FIRST!
...THE ONLY ONE!

THIS General Electric is the only refrigerator built entirely of steel. Think what that means! It is sturdy and durable beyond anything that you ever believed a refrigerator could be. This small family model freezes a generous supply of ice... and in a shorter time. One tray freezes in two hours, both trays in four. It is so efficient that it does not leak out and heat does not creep in. And, of course, it has the exclusive advantage of simplified mechanism, each part built to last.

sealed steel casing and mounted on top. This leaves the front area available for food storage and makes possible the up-on-legs model which is so easy to clean under. In operation it is extremely quiet. It never needs oiling. It is so portable as a piece of furniture. You just plug it into any convenient outlet. See all its unique features yourself. Come in today. And ask about the convenient plan on which it can be bought. Listen in on the General Electric Hour, broadcast every Saturday evening, 7 to 8 P.M. on the Standard time, over the W.C.E. network of radio stations.

Taylor's Write About African Experiences

The following letter was received by Mr. and Mrs. A. W. Wilkinson from Mr. and Mrs. Orla B. Taylor, who left Detroit the first of February for a four months' vacation trip in Northern Africa:

Beni Ounif de Figuig, March 28, 1920.

My Dear Archie and Ruth:

At last we have reached a railroad station after one of the most thrilling trips we have ever taken. Three years ago our old friend James S. Harlan, the former Interstate Commerce Commissioner, and his wife took a trip into the Sahara Desert during which they met a number of the Arab Caid and at Timimoun, in the very midst of the Desert and South of the Grand Erg, Judge Harlan was made a member of the "Black Camels" by the Mehari, or soldiers who ride on camels. He conceived the idea of giving some prizes for camel races, but unfortunately he died in 1927 and was unable to carry out his plan. His widow, however, decided to do so, and at her request we joined her in this great Desert trip in order to make arrangements for the races next year.

At Algiers, through some friends of mine in Paris, we had a conference with the Governor General of Algeria, and he heartily approved of Mrs. Harlan's plan. So on March 9th we started into the Desert. On account of the danger of accidents we were not permitted to take our car; so we had two very large Renault cars, especially built for Desert work. In addition to our two chauffeurs we have two guides, one French and the other Arab. Quite a cavalcade you see. I enclose a map so that you may see the route we traversed. Laghouat, Gardafia, El Golea, Timimoun, Ksabi, Beni Abbes, Beni Ounif de Figuig, and now we are going back to Oran and Algiers by train. Our automobile trip has been about 1400 miles and we are still 700 miles from Algiers.

The "Grand Erg" around which we have gone is a great group of sand dunes, some of them over a thousand feet in height and as large as the State of Michigan in area.

Through the good offices of the Governor General and Mrs. Harlan's former acquaintance, we met all of the French Commandants and Caid or Mayors of all of the towns. In Laghouat we met a Bashaga and in Timimoun an Aga, both of whom are higher in authority than Caid. By the way, the beloved Shieks of the romantic American girl are extremely numerous and quite unimportant here. They are simply farmers of a little more than ordinary wealth—which is not much. However, the American girl who would like to share her husband with two or three other wives can quite easily find the opportunity of securing herself in a harem where she will never again be seen by any man except her husband. Real romance, isn't it?

Well, these Caid and Agas have had us at teas and dinners and we have invited them. Indeed, while we were in town and Caid usually gave himself up to our entertainment. In this way the trip has been quite unique.

After we left El Golea and until we

reached Beni Abbes, we encountered a great danger which we had never anticipated. We drove for several hundred miles where we were utterly lost to the world. Even at Timimoun the wireless was out of order and "Ksabi" is simply a building in the midst of the sand dunes, of which we took possession and in which our meals were cooked. We slept in tents. During this time, if anything happened to us, we were in danger of starvation. The real danger lay in the deep sand for there was no real road. On one occasion both cars were stuck at the same time, and on one day we were stopped a dozen times because one car lacked power to plow through the sand.

However, we were fortunate enough to get through each day on schedule; twice we had to drive in the dark and once we got off of the road entirely. You can only tell the road by piles of stones sometimes three and four hundred feet apart and after dark this presents some difficulties.

From near Ksabi through nearly to this point we encountered another danger which really gave quite a little importance to our trip. In December last, the French General Clavery was killed at a point north of Beni Abbes by a troop of bandits from over in Morocco, this road being near the line. The result has been that the French government guards the road every time anyone has occasion to traverse it. All along the way we saw the sentries on top of the hills and along the road we met companies of soldiers every little while. Over a thousand soldiers were detailed to protect us.

So altogether we have had a very interesting trip.

Before starting on this trip into the Desert, we took a trip through Morocco which was of great interest and next week after our return to Algiers, we shall go to Biskra, through the White Desert and on to Tunis. I have indicated the route on the enclosed map.

Grateful Lady Relates How New Medicine Gave First And Only Relief

MRS. ANNA BUCK

"Konjola, the new medicine, has been called a 'boon,' a 'blessing,' and a 'Godsend' by countless men and women to whom it has brought the first and only relief from obstinate illness of the stomach, liver, kidneys and bowels, and from rheumatism, neuritis and nervousness. Konjola conquers when all else fails; it banishes disease at the source; it is not designed to give mere temporary relief. What encouragement there is in the statement of Mrs. Anna Buck, 89 W. Forest St., Detroit, who writes:

"I was sick, worn out, run down all over, and not a medicine I tried helped me. I was about to give up when a neighbor urged me to give Konjola a trial. I was extremely nervous, had dizzy spells, sharp pains in my back, impurities, and my rest was broken at my system was filled with poisons and night. This condition prevailed for three years, but Konjola—just six bottles—put an end to all misery. Digestion is restored, kidneys are normal and all pain is gone. I feel as though I had never had a sick day in my life."

Konjola is sold in Chelsea at Burg's drug store and by all the best druggists in all towns throughout this entire section.

him if he does not get out of his way. The pedestrian has as much right on the highways as an automobile. And why should the driver of a car, seeing a person walking in front of his car, proceed without turning to the right, left, or even checking the speed of the car? It is a terrible thing to hit a person without making any effort to avoid, other than tooting of his horn. —Manchester Enterprise.

Large Crowd Attends Senior Class Play

A crowded house greeted the Chelsea High Seniors last Friday evening when they presented a three act drama, "The Mystery of the Third Cable." The Seniors are to be highly commended for the splendid acting which made the play one to be pronounced among the best ever presented by any high school class.

The cast of characters included Lawton Steger, Mildred Hayes, Thelma Hammiller, Jack Weber, Frederick Steiner, Louise Nemethy, Irene Reichert, Dorothy Steiner, Arnold Fahnberg and Jack Ballard.

Between the first and second acts a musical dramatization, "Ho, Mr. Piper" was given in which the following children took part:

The Piper—John Edward Fletcher.
The little girl who wished to see the fairies—Betsy Mittle Seitz.
The Fairy Queen—Winifred Palmer.

Fairies—Vivian McBride, Marfan Downey, Irene Wahl.

The Pages—James Daniels, David Strieter.

Miss Bernice Wilson sang for the dramatization of the children, a group of songs, "The Wind," "Pussy Willow," "The Train."

Other children who sang with the above were Mary Jane Riker, Elsie Hine, Parsons, Roma Hopkins, Joan Walworth, Eunice Hart, Richard Ab-don, George Winans. The last two were brownies who formed the en-gine in the train song.
