FEDERAL SCREW WORKS TO BUILD LARGE ADDITION AT THEIR LOCAL FACTORY

Contract For Building The New Structure
Will Be Let Within Ten Days

PLANT'S LARGEST UNIT
One Hundred People Will
Be Added To Payroll

Are iteets' plans have been ap-
proved and bids are now being re-
ceived for erection of a large addition
to the plant of the Chelsea Division
of the Federal Screw Works, accord-
ing to a statement issued Wednesday
afternoon at the local plant by D. S.
Diamond, of Detroit, president of the
company, and M. J. Dunkel, manager
of the Chelsea Division.

Construction work on the addition
is expected to start within the next
week of ten days. The new building
will be 60x138 feet, larger than any
single unit of the present plant which
contains four units, 40x140, 35x140,
40x133 and 40x120. The additional
floor space will give the company ap-
proximately 30,000 square feet of floor
space in the local plant.

The new building will be connected
to the west side of the present plant
and will run to Congdon street with
an entrance on that street. The res-
idence property near the D. U. R.
tracks which is owned by the com-
pany will not be interfered with in
the construction of this unit.

Constructing one-story Moni-
tor-type, the same type as the present
buildings, will be used in the new
building. The floor will be reinforced
concrete and inlaid, crosswise, wood
blocks. It is expected that the con-
tract will be for completion of the
new unit within 60 days.

Federal Screw Works, of Detroit,
absorbed the Chelsea Screw Company,
October 1, 1928. On January 1, 1929
the Michigan Screw Company, of Lan-
sing, joined the merger and today
the corporation ranks as the largest
producer of machine products in the
in this section.

Since the acquisition of the local plant
by the Federal Screw Works, produc-
tion has been steadily increased here
and more than two hundred people
adequate floor space. The lack of
and economic use to permit efficient
production of their products. The
company officials decided to immedi-
ately construct the addition to the Chelsea
plant. The addition to the Chelsea
plant will also this potential floor space will
be available, and, according to
the company, will mean the addition of
present pay-roll to the plant.

The Chelsea Division of the Federal
Screw Works is justly proud of,
and every resident of the community
will be pleased to learn of the com-
pany's continued growth in our midst.

Governor Michigan
District Kiwanis
Visits Local Club

The Chelsea Kiwanis club was hon-
ored Monday evening by a visit from
Rev. N. S. Siehterman, of Port Huron,
Governor of the Michigan District of
Kiwanis International. Rev. Siehter-
man, who is pastor of the Port Huron
Presbyterian church, is an eloquent
speaker, and in a twenty-minute ad-
dress at the Monday evening meeting
delivered a vital message which was
of interest to every whole-hearted Ki-
wanian.

Following the address of Rev. Siehter-
man, Col. P. E. Holp, national lec-
turer, delivered a lecture on "Muscle
Shoals", which was very interesting
and educational. Col. Holp's lecture
was illustrated with about one hun-
dred government pictures of the great
Wilson dam during construction and
after completion, as well as a number
of pictures of the huge nitrate plants
built by the government during the
World war.

St. Paul's Players
Present Good Show

After a lapse of several years, the
young people of St. Paul's church last
Friday evening presented another
of their popular plays, an all-star
cast of actors and actresses who
high in the local realm of the stage.

A crowd of more than seven hundred
greeted the St. Paul players and the
applause throughout the evening evi-
denced the pleasure and satisfaction
of the audience.

The stars of the play, "The Arrival
of Kitty" included Austin Faust, Ruth
Loeffler, Fred Barcis, Donald Adams,
Virginia Harbour, Andrew Eppler,
Ruth Gray, Wilhelmina Nicolai and
Paul Niehaus.

A very pleasing between acts spe-
cialty, "Gallagher & Shean", was pre-
sented by Betty Seitz and Mary Jane
Bannmiller. Paul Niehaus and Aus-
tin Faust, as Doctor Bokinski and But-
terfield & Co. vied with Thurston and
Blackstone in their mysterious stunts
of magic and mystery, between the
second and third acts.

G. H. Harbour's Lima Center Jazz
Band pepped up the show with their
lively syncopations.

RESPECT FOR THE LAW

"What we are facing today is something far larger and more fundamental—the possibility that respect for law as law is fading from the sensibility of our people. What ever the value of any law may be, the enforcement of that law written in plain terms upon our statute books is not, in my mind, a debatable question."

"Law should be observed and must be enforced until it is repealed by the proper process of our democracy. The duty to enforce the law rests upon every public official and the duty to obey it rests upon every citizen."

"No individual has the right to determine what law shall be enforced, and what law shall not be enforced. If a law is wrong its repeal is the surest guaranty of its repeal. If it is right its enforcement is the surest guaranty of its enforcement. I have seen statements published in a few days encouraging citizens to defy a law because that particular journal did not approve of the law itself. I leave comment on such an attitude to any citizen with a sense of responsibility to his country."—From President Hoover's New York address.

BEWARE TIPSTER SHEETS

We have it on reliable information that this section is being deluged with "tipster sheets" which are sent out literally by millions from the investment centers of the east. They are camouflaged under an apparently unbiased opinion from responsible bankers and brokers, but such is not the case.

These fellows have a way of misleading the public peculiar to themselves. In some manner they secure addresses of persons known to have made investments and through the use of these "tipster sheets" are able to influence thousands of people out of millions of dollars every year.

They do not deal with the type of stocks listed on the big exchanges but promote issues which are not known in high class financial circles. They keep angling until they have their dopes hooked and through "hot tips" have the money and are moved to a new location, even to another city before he awakens to the fact that he has been taken for a financial ride.

There is one way the investment public can protect itself. Legitimate brokers and bankers are glad to give scientific market advice. If before making an investment, no matter how alluring it may appear, you have your banker or broker make a careful investigation you will be saved much grief and financial loss.

COMMISSIONER WOOD'S REPORT

Delving deep into "Cause and Prevention of Crime," Arthur D. Wood, commissioner of pardons and paroles, makes some startling and striking suggestions in connection with his biennial report recently sent to Governor Fred W. Green.

After more than two years spent in dealing directly and intimately with the criminal classes he is convinced that Michigan still has a long hard road to travel before success of any appreciable measures is reached in bringing about the reformation of those already victims of crime, or in preventive measures to discourage others from following.

Commissioner Wood is convinced that many mistakes are being made in our present treatment of the criminal classes; that we are not giving them the individual attention these outlaws of society should have in bringing them back to good citizenship, and that many opportunities for correcting these ills are being overlooked.

In his report Commissioner Wood declares he would especially welcome a crime commission composed of men especially trained to study the case of every person imprisoned for crime who would submit a report to his department that would form the basis for the release or detention for that particular individual.

He would have offenders sentenced to Jackson prison for the first 30 days of their incarceration where they could be placed under scientific observation. Following this period they would be sent to the penal institution holding out the most hope of salvage.

In commenting on the different penal institutions Commissioner Wood recommends Marquette prison be reserved entirely for hardened criminals, Jackson for the less violent type, and Ionia for youthful offenders as well as the aged first termers. He scores the present overcrowded condition of our prisons, their lack of equipment for teaching trades and promoting educational facilities. He condemns the dormitory system at Ionia and says it should be immediately abolished and cell-blocks substituted.

DRIVE WITH SAFETY

Another statewide care test has been announced. In spite of safety campaigns, urging automobile owners to make "safe driving" a part of their daily ritual, it has been found by actual investigation that a large part of those owning and operating motor vehicles on the highways are careless to the extent of inviting accidents.

It would seem that any owner or driver of an automobile would as a matter of self preservation protect himself or herself with every safety requirement. Yet thousands of people drive every day knowing that their brakes are in poor condition, drive at night with insufficient lights, and when involved in a wreck on account of their own carelessness are inclined to blame everybody else but themselves.

A good application of the old-fashioned everyday common sense would eliminate most of our accident troubles.

Farmers Save Money By Using Soil Test

Michigan farmers have saved thousands of dollars during the past six years through the use of a simple test for soil acidity which was perfected by a member of the soils department at Michigan State College, according to the records of the soils department.

The department has sold 40,000 of the testing outfits, since its invention, at a price which is 75 cents less than the commercial companies charge for the same outfit when it is sold in other states.

Soils had to be sent to some laboratory for testing before the present method was developed, and the determination of the degree of soil acidity took several hours. Now the farmer can test his own soil in a few minutes, and as Michigan soils are of many different types, this is a marked advantage because the farmers will test all the soil types on their farms.

A great deal of the farm land in the State needs lime but it is often found that some parts of a field need a heavy application of lime while other parts of the same field need none. The simple testing method makes it possible to make many tests and to avoid wasting lime by applying it where it is not needed.

County agricultural agents carry a supply of the testing outfits and will test soils for farmers who have not bought materials for making the tests.

Good Race Assured At Toledo, Mich.

Wild "Louie" Schneider, who placed in the 500-mile Indianapolis race last Decoration Day, has entered his Armco Special in the 100-mile Speed Classic at Ft. Miami, Mich., track, Sunday, May 19th.

Schneider is probably one of the wildest drivers in the racing game. It will be remembered that three years ago the little Dutchman ran second over the Toledo oval to the late famous Frank Lockhart, who led the fastest pace that has ever been driven on the Toledo track. Louie has improved since that time and doubtless he will put more snap into the coming century grind than has been shown in any race of the past two years.

For one reason he will have real competition. Wilbur Shaw, winner of fourth place in the 1927 Indianapolis classic and the favorite "Shorty" Cantion have already entered and all race fans know they are real competition to any driver.

The entries have just started to arrive in the mail and even at this early date the list begins to show more promise than any race held here in several years. The fact that the races are now run under the rules and with the sanction of the American Automobile Association contest and has made the local sport cleaner and with practically dustless tracks it is pleasant for the fans.

Work of Ancient Priests
Winwood Reade says: "The Itinerary to Stone, that remarkable monument which, with its inscriptions in Greek in the Egyptian vernacular and in the sacred hieroglyphics, has attracted the means of deciphering the mysterious language of the Nile, was a memorial of gratitude from the Egyptian priests to a Greek king, to whom in return for favors conferred they erected an image and a golden shrine."

WATERLOO

Mr. and Mrs. Albert Glenn of Jackson were guests at the home of Mr. and Mrs. Arthur Walz.

Mr. and Mrs. Ed. Schulz and Howland visited their aunt, Mrs. Guy Westphal of Stockbridge, on Sunday.

Mr. and Mrs. Emory Runciman and children spent Sunday at the home of H. Smith of Henrietta.

Next Sunday is Mother's Day on Waterloo Circuit. Specials will be on the program of preaching hour. A white flower, or a flower for mother at least in her memory. We are indebted to her for all we are today. Let us be faithful sons and daughters to her who gave herself for us. Attendance at church will be an expression of appreciation. Will be glad to welcome all our friends again. Chas. P. Moberg, pastor.

Mr. and Mrs. E. J. Moberg and daughter spent Sunday at East Lansing.

Geo. Rentschler spent one day of last week in Jackson.

Mr. and Mrs. Andrus Taylor and family of River Junction spent one evening of last week with Mr. and Mrs. Elmer Marsh.

Miss Evelyn Richmiller of Ypsilanti spent Saturday and Sunday with her mother, Milton A. Richmiller.

Tom Piersol, Dr. Walter Koelz and Geo. Stanley of Ann Arbor, were Sunday callers of Mrs. Theresa Koelz.

The Gleaners will give their play for the last time on Saturday evening, May 18, at their hall.

NORTH LAKE

Mr. and Mrs. P. B. Noah entertained for supper Sunday evening, Mr. and Mrs. Floyd Boyce and family of Jackson, Mrs. Sylvia Kilpatrick of Stanton, Mr. and Mrs. Louis Smith and Vincent Sampson of Detroit.

The service held last Sunday morning by the Gleaners was fine. Miss Shaw, of Detroit, sang two selections. She was a wonderful voice, well trained. The offering was ten dollars, which will enable them to put Bibles in ten hotel rooms. About fifty people stayed for lunch.

Mother's Day will be observed next Sunday. Mrs. E. W. McDaniels will act as superintendent. Special music will be furnished by mothers and daughters. Rev. Hoeking will preach an appropriate sermon for the occasion.

Mrs. P. B. Noah, Mrs. Lawrence Noah, Mrs. Homer Stofor and Mrs. E. W. McDaniels attended the mothers and daughters banquet in Dexter on Tuesday evening of this week.

STATE OF MICHIGAN

Before Joseph C. Hooper, One of the Circuit Court Commissioners in and for the County of Washtenaw.

Carl S. Barnard, Plaintiff.

vs.

Louisa Watson, Defendant.

In this cause it appearing by affidavit on file that the said defendant, Louisa Watson, is a resident of the State of Michigan, and that process for her appearance has been duly issued and that the same could not be served upon said defendant by reason of her absence from or concealment within this state or by reason of her continued absence from her place of residence.

It is ordered that the appearance of the said defendant Louisa Watson be entered within thirty-five days from the date of this order, to-wit, Thursday, the 6th day of June, A. D. 1929 at ten o'clock Eastern Standard time in the forenoon, then and there to answer to plaintiff upon complaint to recover possession of the following described real estate under contractual holding, which the said defendant holds unlawfully and against the rights of the said plaintiff and of which the plaintiff is entitled to possession:

Lots number seven (7) and eight (8) of James L. Babcock's first addition to the Village of Whitmore Lake, North Lake Township, Washtenaw County, Michigan.

And it is further ordered that the said plaintiff cause this order to be published in the Chelsea Standard, a newspaper printed, published and circulated in said county, and that said publication be commenced within twelve days from the date of this order and that such publication be continued therein once in each week for three successive weeks (four publications).

And it is further ordered that a copy of this order be mailed to the said defendant, Louisa Watson, at her last known post-office address, by registered mail with return receipt requested at least ten days prior to the time of appearance mentioned herein.

Dated: May 2nd, 1929.

STATE OF MICHIGAN

Before Joseph C. Hooper, One of the Circuit Court Commissioners in and for the County of Washtenaw.

Household Lumber and Shingle Company, a Michigan corporation, Plaintiff.

vs.

Rickel Edmonds, Defendant.

In this cause it appearing by affidavit on file that the said defendant, Rickel Edmonds, is a resident of the State of Michigan, and that process for his appearance has been duly issued and that the same could not be served upon said defendant by reason of his absence from or concealment within this state or by reason of his continued absence from his place of residence.

It is ordered that the appearance of the said defendant, Rickel Edmonds, be entered within thirty-five days from the date of this order, to-wit, Wednesday, May 15, 1929, at 10:00 Eastern Standard time in the forenoon, then and there to answer in the plaintiff upon complaint to recover possession of the following described real estate under contractual holding, which the said defendant holds unlawfully against the rights of the said plaintiff and of which the plaintiff is entitled to possession:

"Lot number ninety (90) Household Lumber and Shingle Company, a Michigan corporation, Plaintiff."

And it is further ordered that a copy of this order be published in the Chelsea Standard, a newspaper printed, published and circulating in said county, and that such publication be commenced within twelve days from the date of this order and be continued therein at least once in each week for three successive weeks.

It is further ordered that a copy of this order be mailed to said defendant, Rickel Edmonds, at his last known post office address, by registered mail, and a return receipt be obtained, and that such copy be delivered to said defendant on or before the time of appearance mentioned herein.

Dated: April 10, 1929.

Receive Vail Medal Award For 1928

Michigan telephone people recognized for unusual and noteworthy service in emergencies. Upper left, Mrs. Mary Smith, chief operator, Benzie Consolidated Telephone Company, Thompsonville; right, Mrs. Irma MacIntyre, operating agent, Michigan Bell Telephone Company, Hopkins; lower left, James Fisher, lineman, Michigan Bell Telephone Company, Ann Arbor; right, Louis B. Flood, construction foreman, Michigan Bell Telephone Company, Battle Creek.

FOUR AWARDED 1928 VAIL MEDAL

MICHIGAN TELEPHONE PEOPLE
ARE CITED FOR NOTEWORTHY
ACTS OF SERVICE.

Award of the Theodore N. Vail medal of bronze for 1928 has been made to four Michigan telephone people, two men and two women, three of them employees of the Michigan Bell Telephone Company, and one, an employee of the Benzie Consolidated Telephone Company. It is announced by the committee of award.

Those receiving the award are: Mrs. Mary Smith, chief operator, Thompsonville, Mich., whose work at the switchboard is credited with having saved the town from destruction by fire; Mrs. Irma MacIntyre, operating agent, Hopkins, Mich., whose initiative in handling an unusual call saved the life of an aged woman; Louis B. Flood, construction foreman, Battle Creek, who saved the life of a workman who had come into contact with a high voltage wire at Monroe; James Fisher, lineman, Ann Arbor, whose prompt action at the time of an automobile collision on the highway near Nov prevented a badly injured man from bleeding to death.

Award of the Theodore N. Vail medal was made possible by the establishment of the Theodore N. Vail Memorial fund in memory of the man who made universal telephone service possible after the invention of the telephone by Alexander Graham Bell, and whose every public act was directed toward giving the American people the finest communication system possible. The medal is awarded telephone employees who perform unusual, outstanding and especially noteworthy acts of public service, whether in the performance of their regular duties or otherwise, but held to be in emulation of the high ideals of public service that characterized Mr. Vail.

Thirty-nine such awards have been made to Michigan telephone people since the establishment of the Vail Memorial fund, 35 of them to employees of the Michigan Bell Telephone Company and four to employees of connecting companies.

Village Saved From Fire

Mrs. Smith's meritorious act, which saved a town from destruction by fire, was a particularly outstanding instance of service additional to that demanded by attention to duty. Early in the morning of November 15, she discovered that a building two doors on the telephone office was on fire, and called the Thompsonville fire department and residents of the immediate neighborhood. Doubtless that the local department could handle the situation, but because of a fire alarm which was blowing she acted upon her own initiative and telephoned the fire departments of three neighboring towns, called the telephone office of another village and asked that volunteers to fight the fire be sent to Thompsonville, and then roused all the residents of her own village who had telephones and hundreds of volunteers from the surrounding country and towns responded, with the

Twilight League Baseball Dope

The weather man seems to be inclined to mock the attempts of the Twilight League to keep its games played up to schedule. Both last Thursday's and last Friday's games were postponed on account of the drizzling rain and a wet field. The game that was to have been Monday also had to be postponed until next Monday after one inning had been played.

Tuesday evening, however, saw a good crowd gathered in spite of the cold weather, to witness the struggle between the Knights of Pythias and the Congregationalites, the former team winning the game at a score of 9-0.

The game was rather one-sided throughout, but after Spiegelberg went into the box for the Congolites in the fourth inning, the Pythians were compelled to work harder to keep in the lead. After that inning, no runs were scored by the Pythians, while the Congolites tallied 3 in the fifth and 2 in the seventh.

This evening's game will be played between the I. O. F. and the Catholics, and tomorrow evening the Masons meet St. Paul's.

For next week the schedule is as follows: Monday, I. O. F. vs. K. of P.; Tuesday, Congregational vs. I. O. F.; Thursday, K. of P. vs. Catholics, and Friday, Methodists vs. St. Paul's.

Following are the standings of the teams to date:

Team	Won	Lost	Pct.
Methodist	1	0	1000
K. of P.	1	0	1000
Masons	0	0	000
St. Paul	0	0	000
Catholics	0	0	000
I. O. F.	0	0	000
Congregational	0	2	000

Mothers' Virtues Put on Record

Most Beautiful Description of Wife and Motherhood Ever Penned Found in Book of Proverbs.

By Right Rev. James E. Freeman, Bishop of Washington.

In her tongue is the law of kindness. No finer tribute to feminine graces is contained in the Bible than that recorded in the thirty-third chapter of the Book of Proverbs. It is a glowing tribute to wifehood and motherhood. "The heart of her husband doth safely trust in her: she will do him good and not evil all the days of her life." Of her unflinching devotion to her household, the writer says: "Her gentle goeth not out by night; she stretcheth out her hand to the poor; she reacheth forth her hands to the needy." "She looketh well to the ways of her household and eateth not the bread of idleness." Little wonder is it that her children "arise up and call her blessed; her husband also, as a praise-giving man, he is a just conception of the perfection of the household. Nothing else is here written concerning her but that she is the law of kindness. "The law of kindness is the way of life and the way of the living." The law of kindness is the law of the living.

The Understanding Heart. The law of kindness implies a gentle and understanding heart. It will not be understood as a mere kindness, but as a deep understanding of the human condition. It is a law of kindness that will lead to the peace of the household and the peace of the world.

MY MOTHER
(Written by Arthur Cantant, granddaughter of Mr. and Mrs. A. E. Johnson, who is ten years old and attends the 5th grade of large school, Ann Arbor.)
My mother is such a dear!
And her eyes are so honest and clear!
Her lips to me are like coral,
And her hair like a wreath of pearls!

My mother, my own!
What would I do if I were in this big world alone?
"Oh you know," my heart says, "I will have no other,
Than my own dear mother!"
