CHELSEA ELECTION IS DECIDED IN FAVOR OF STICKER CANDIDATE

Judge George W. Sample Rules
That Intention of Voters Was
In Favor of Ticket Headed
By W. R. Daniels

History sometimes does repeat itself, and it has now done so in the case of the Chelsea political situation. The men who, on March 11th, offered themselves to the people of Chelsea as sticker candidates on the village ticket and, were, that night, declared elected by the board of canvassers, have again been declared the duly elected and qualified officials of the village of Chelsea, by a decision handed down Wednesday by Judge George W. Sample of the Washtenaw County Circuit Court.

WARREN R. DANIELS

Following announcement of the results on March 11th, the defeated candidates demanded a recount, which was held on March 21st. At the recount, which was held in Sylvan town hall, the result of the election was changed by the officiating board of canvassers from 280 for W. R. Daniels and 242 for J. W. Haselwardt, who headed the tickets, to 63 for Daniels and 253 for Haselwardt.

Since the recount, Haselwardt, his victorious fellow-candidates and trustees who held over from last year have conducted the business affairs of the village, awaiting the circuit court action following proceedings which were instituted by the sticker candidates following the recount.

According to the verdict of the court yesterday, the official body of the village governing body will be: President, Warren R. Daniels; clerk, Herbert Loughery; treasurer, William Fahren; trustees, J. N. Stricker, Edward Chandler, Roy Harris, Jacob Hummel, L. B. Lawrence, J. N. Dancer; assessor, A. E. Winans. The defeated candidates are John W. Haselwardt, S. W. Schenk, John Schieferstein and J. Edward McKyne, who have held the respective offices of president, clerk, trustee and assessor.

The court decision, in part, follows: "The cause came on to be heard on May 13th and 14th, 1929, on pleadings and proofs taken in open court and after listening to argument of counsel and an examination of the law in such case made and provided and in view of the fact of an early decision, I have come to the conclusion that Warren R. Daniels is the duly elected and qualified president of the village of Chelsea, Washtenaw County, Mich. "There are many questions of law involved, some more important than others, but the court is unable to get away from the fact that the intention of every voter who voted at the spring election at the village of Chelsea is plainly discernible from the ballot itself. There were a small number of spoiled ballots which both plaintiff and defendant do not contest. Every other ballot admittedly shows the full intention of the voter and the court is of the opinion and it is the conclusion of the court that the board of canvassers on the evening of the election announced the correct and proper results."

PRENDERGAST—WHEELER

Announcements have been received here of the wedding of Miss Gladys Rose Wheeler, daughter of the late Mr. and Mrs. William Wheeler, and Leo J. Prendergast, son of Mrs. Prendergast of London, which took place Tuesday morning, May 7, 1929.

The bride is a graduate of the Mercy Training school and was formerly a member of the St. Joseph's Mercy hospital nursing staff in Ann Arbor.

After a short wedding trip, Mr. and Mrs. Prendergast will make their home in Ann Arbor.

Davison Exonerated By Coroner's Jury

The coroner's jury, called to inquire into the circumstances surrounding the death of John Guenther met in the court house at Ann Arbor, on Wednesday, after several adjournments.

Dr. M. L. Sibbald, Mrs. Guenther and Montgomery Davison testified. The jury found that Guenther came to his death by his own negligence by refusing to take the serum treatment advised by attending physicians. The jury also believe that Davison struck Guenther in self defense.

Guenther was injured March 27th by Davison, who struck him when the two had an altercation in the workshop at Guenther's home. After an illness of several days, tetanus developed and Guenther died in a hospital at Ann Arbor on April 12.

The verdict given yesterday will meet with general approval here, where Monty Davison is well and favorably known.

JAMES A. PARK WILL WHOLESALE AND RETAIL STAEBLER PRODUCTS

Will Assume Duties With Company
This Week; New Service Station To Be Built.

James A. Park, who has been employed as wholesale manager in this district for the American Oil Corporation for the past several years, has accepted the position of manager of the new Staebler Oil Company, according to information given out by officials of that company this week.

Mr. Park will also assume operation of the Staebler service station at the intersection of M-92 and US-12, south of Chelsea. He expects to take over his duties with the new company this week.

H. G. Holmes, an experienced service station manager, will manage the service station for Mr. Park, while the latter will devote most of his time to the wholesale trade in the distribution of Dixie gasoline and motor oils, Mobile and Quaker oils.

Plans have been completed by the Staebler Oil Company for erection of a superservice station with the very latest in equipment and appointments, to replace the present equipment, and, when completed, will have one of the most up-to-date stations in this part of the state.

JAMES BEASLEY

James Beasley, a life-long resident of Chelsea, died suddenly Wednesday morning, March 15, 1929. He was the son of the late James and Ellen Beasley and was born on March 18, 1858.

For many years Mr. Beasley was a gang foreman of the telegraph department on the Michigan Central rail road. The past few years he was employed at the Cement plant, but ill health forced him to resign in the fall. Mr. Beasley, accompanied by his brother, spent Tuesday evening downtown and returned home about eleven o'clock.

Mr. Beasley was married to Mrs. Edith Turnbull about twenty-five years ago and Mrs. Beasley died on April 14, 1921.

Mr. Beasley is survived by one brother, John Beasley, of Detroit. Funeral services will be held at the home at 2 o'clock Friday afternoon. Burial in Oak Grove cemetery.

DETROIT CONCERN IS AWARDED CONTRACT FOR FEDERAL BLDG.

180 or 185,000 sq. ft. Being Placed On Ground To be Started At Once, Completed In 60 Days.

The Gallagher-Fleming Company, Detroit, were last Saturday awarded the contract for erection of the new 60x138 addition to the local plant of the Federal Screw Works which company announced last week would be constructed at once. Material being placed on the ground today and the contractors are advertising for laborers, with the expectation of commencing work at once. The contract calls for completion within sixty days. The new addition will be connected to the west side of the present factory buildings and will run to Congdon street. When the new building nears completion so that machinery can be moved in, the office of the concern will be enlarged, which is a much needed improvement as pre-office quarters are inadequate for the convenience of officials and office employees.

On Tuesday of this week the Gallagher-Fleming Company were also awarded a contract for construction of a new addition, 75x400 feet, to the Detroit plant of the Federal Screw Works. This additional space will enable the company to increase its present production at least 35 per cent. It is planned to install several new departments, including an airplane parts division, which is becoming an important phase of the company's business. A new plating department has also been installed in the Chelsea plant, which enables them to manufacture and plate their products under the same roof.

The Gallagher-Fleming Company are among the leading construction firms in Detroit, having listed among their construction achievements the new Buhl building, the main plant buildings of the Hudson Motor Car Company, and new additions to the Graham-Paige plants.

Sylvan Estates Will Have Formal Opening

The members and their friends, of the Sylvan Estates Country Club are showing great interest in the program of the season's activities, which has been issued this week-end and all are looking forward with much pleasure to the formal opening on May 18 and 19.

A golf tournament has been planned for the men. The women will be entertained at bridge and a dinner dance in the evening will make a fitting climax to the day's festivities.

On Sunday, May 19, the golf tournament for the men will continue, and those who were unable to compete in the tournament on Saturday will have a chance to play.

Members from Detroit, with their guests, have made reservations for the week-end. Those members living nearer have reserved places for dinner both Saturday evening and Sunday noon so one of the largest and most successful of the club's formal openings is anticipated.

Juniors Will Present Play Next Tuesday

The Junior Class play, "Smith Steps Out" a comedy in three acts, will be presented Tuesday evening, May 21, at the school gymnasium. The cast of characters follows:

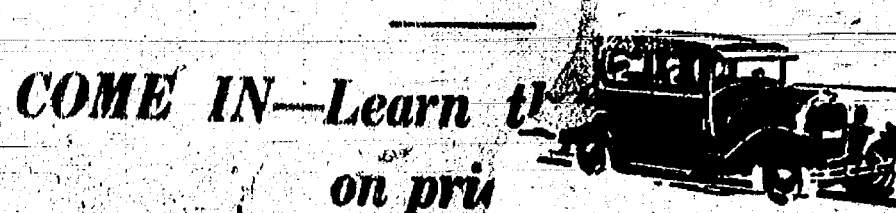

William Horace Smith—"Uncle Mill"
Clarence McLaughlin
George Smith, his nephew—George L. Staffan.
Richard Keene, a detective, Olney Outwater.
Bob Stanley, a wooer—Gerald Griffin.
Mrs. George Smith, "Nellie"—Rowena Brooks.
Muriel Armitage, her younger sister—Katherine Fletcher.
Miss Winslow, a spinster—Jean Turnbull.
Hilda, the maid at the Smiths—Bernadine Moore.

Two Cars Wrecked In Collision, Saturday

Saturday evening about ten o'clock a Whippet sedan driven by Ben Dresselhouse and a Chevrolet coach driven by Adolph Kappler collided on the Manchester road near the August Kuhl farm. No one was injured. Both cars were damaged. The Kappler car, which was going south was turned over and tore up quite a lot of fencing. A bank on the west side of the road saved the Dresselhouse car from being turned over. Mr. Dresselhouse was going north at the time of the collision.

BACK TO THE FARM

There is no need of discouragement
about the farm situation.
The future of the cities is too
great.

On the sidewalks of the larger
cities millions of people are looking
for work. Other millions do not have
sufficient income to allow a proper
standard of living.

It will not be long before these peo-
ple will look either backward or for-
ward to the farm. Farming will
yield to them what they have not
had—a good living.

Then lands will sell and agriculture
will present a different front to the
world.

STILL PAYING DIVIDENDS

Play safe and slow down.
Carelessness is a "grave" fault.
Don't think a train has passed just
because you see its tracks.

No safety device has yet been in-
vented to take the place of the one
just above the ears.

There is no romance in courting dis-
aster.

The place for the knocker is outside
the door.
Nature made the only moonshine fit
to use.

The rest of your days depend upon
the rest of your nights.
Be it ever so beautiful, there's no
place worse than an ambulance.

Stick to your safeguards and you'll
stick around.

Playing safe beats playing a harp.
People who knock like motors—
need adjusting.

Many accidents are caused by send-
ing the body out to work and the
mind out to play.

The locomotive has the right of
way and can generally prove it.

Play safe by taking your part in
the safety campaign.

Nothing pays such royal dividends.

THE NEW LIQUOR LAW

Michigan's new liquor law, which
received the signature of Governor
Green last week and becomes opera-
tive in August of this year, is her-
alded as the most drastic liquor law
of any state. Certainly it does not
hold out much consolation to the pur-
veyor of wet goods, and even the
home-brewer or occasional offender
is likely to come under its provisions,
although the act states that courts
have the power to use discretionary
methods in dealing with the driftwood
caught in the net of prohibition en-
forcement.

While the new law does not pro-
vide a life penalty for a fourth of-
fense conviction, which brought the
state much unfavorable publicity, the
individual caught and convicted four
times will have served 37 1/2 years
in prison by the time he has com-
pleted his fourth prison term. That
should be sufficient penalty to dis-
courage the most hardened offender
against the prohibition law, but just
how it will work out in practice can
only be determined through its ap-
plication by the courts.

RED PROPAGANDA

It will come as quite a jolt to the
complacency of the average citizen
to learn that there is a well financed,
well organized body of soviet workers
engaged in spreading their propa-
ganda in Michigan. This time in-
stead of appealing to the workers in
the factories they are spreading their
circulars among school children of
impressionable age with minds still
in the formative stage.

Recently it was discovered that lit-
erature of the most seditious, most
inflammatory, most accursed sort,
propaganda attacking our govern-
ment, or social, our moral and our
religious ideals was being circulated
among the young people of Grand
Rapids. It was the first time that the
red workers had become bold enough
to come out in the open and dare to
poison the minds of the growing gen-
eration.

There should be no hesitancy on the
part of the authorities in stamping
out this pernicious activity among
the enemies of all governments. We
have no place for them in this coun-
try, and while freedom of thought and
speech should be closely guarded and
protected as a part of our heritage
of citizenship, at the same time we
have no room in America for, nor
should we tolerate, those who would
come here and, while sharing in the
blessings of our freedom, preach its
destruction.

QUOTING LINCOLN

"And in conclusion let me recall an
oft repeated word from Abraham
Lincoln, whose invisible presence
lives hourly at the very desk and in
the very halls which it is my honor
to occupy.
"Let every man remember that to

violate the law is to trample on the
blood of his father, and to tear the
character of his own and his chil-
dren's liberty. Let reverence for the
laws be breathed by every American
mother to the lisping babe that prattle
on her lap. Let it be taught in
the schools, in seminaries, in colleges.
Let it be preached from the pulpit,
proclaimed in the legislative halls,
and enforced in courts of justice.
And, in short, let it become the polit-
ical religion of the nation, and let
the old and the young, the rich and
the poor, the grave and the gay of
all sects and tongues and colors and
conditions sacrifice ungrudgingly upon
its altar." From President Hoover's
New York address.

Argentinian Territory
Patagonia is a name formerly applied to the whole south portion of South America, extending from the Strait of Magellan indefinitely northward to about the thirty-ninth parallel of south latitude. In its present use, Patagonia has no political significance. It is generally restricted to the region lying east of the Andes and south of Rio Negro. This country remained unclaimed until 1881, when it was incorporated with Argentina.

Can't Reach Market
The Pan American Union says that though Paraguay is noted for its wonderful orange crops, the oranges are allowed to go to waste by the thousands because of lack of transportation. In the republic there are only 274 miles of railroad and practically no highways which penetrate the regions where oranges grow. Oranges raised near the railroad and near the Paraguay river are shipped in larger quantities to Buenos Aires.

100 Mile Auto Race In Toledo, Sunday

Toledo, Ohio, May 14.—The 100 mile spring auto race classic at Ft. Miami, Mich., will be held at the local oval in the past three years. Twenty-three demons of speed have already entered the classic, among them many drivers known for their past performance by Northwestern Ohio fans, including Chester Gardner, who won the 100 mile event last spring when four cars crashed on the second turn causing the death of Roy Goodwin. Shorty Cantlon, a local favorite who has won 7 century grinds over the local oval; Wilbur Shaw, winner of fourth money at Indianapolis in 1927; Whiz Sloan, who was seriously injured in the fatal crash last spring will again be back driving the car, a Miller 8, that caused the crash; Louis Schneider, who drove Lou Moore's car into second place at Indianapolis last year; Burt Karmantz, who will drive a front wheel drive at Indianapolis this year; Sam Ross, who was in fourth place at 433 miles in Indianapolis last year, being forced out by a broken piston; and Johnny Kreiger, who is a star of California.

Other entries are Harold Sivert, Bob Schneider, Roland Mallo, Howard Dauphin, Herbert McHugh, Clement Haggerty, John Westfield, R. Norman, E. F. Whitehouse, Herman Schurch, Doug Wallace, Ray Dean.

Paul Best, Geo. Bailey and Floyd Trevis. The track will be treated with 20 tons of calcium chloride to lay the dust. The race will start at 8 o'clock. In case of heavy rain, the race will be run on May 26. A crowd of 10,000 is expected.

Complexity of Swiss Life Bothers Experts

Exactness of locale is the first necessity for a moving picture with a Swiss background because of the definite distinctions which divide the various sections of the Alpine country. Research workers on the latest Emil Jannings picture, "Betrayal," which will show at the Princess Theatre for 8 days, starting Wednesday, May 22, required that an exact location be selected before details of costumes, customs and background could be worked out.

The Swiss nation is composed of three different nationalities, each of which has retained its language and local customs. German, French and Italian are not only spoken by the people in different districts but are also the official languages of the country.

In addition to these three languages there are Romanisch and Latin, left-overs from the Roman occupation in the two valleys of Canton Grisons, and Gouvern Walsch, a Roman dialect spoken in Canton Fribourg.

Every Swiss child has the option of learning two or more languages in the school. All employees of the state must, or necessity, know three. Postal, railway and other official notices are printed in German, French and Italian.

After considerable research, it was decided to make the Alpine region near Bern, known as Berner Oberland or the Bernese Oberland, the locale of the Jannings picture. German is spoken in this section of the Alps and the location provides unsurpassed scenic wonders. The fact that Jannings himself, Hans Kraly, scenarist, and Hans Dreier, unit art director, were all familiar with this district of Switzerland had much to do with the final decision. All three have lived and studied there at stages of their careers.

America's First Organ
The first organ built in this country was constructed by John Clemm of New York for Trinity church of that city, in 1737.

Jefferson's Slavery Ideas

In Randall's "Life of Jefferson" appears the following: "He believed no preparation would render it expedient to admit them (slaves) to the full rights of citizenship by making them a part of the electoral body; and on the other hand, he considered their retention in the state as a permanently distinct and inferior free caste as fraught with insuperable evils and dangers."

Strong Stimulant

The coca plant of South America is a shrub with small, light green leaves which have a somewhat bitter taste. The natives powder these leaves and mix them with lime to form what they call "yapa." The stuff is chewed and is an amazing stimulant. With a supply of this in a pouch, the South American Indian will walk for two or even three days on end with out food.—Boston Transcript.

"Victor" is not only the world's largest hippopotamus, but he is the most highly educated. "Victor" has been raised from his infancy by the John Robinson Circus and so far he has never been placed on a diet. He gains about one pound a day, according to his keeper. "Victor" will be on exhibition in the menagerie when John Robinson's Circus comes to this community for afternoon and night exhibitions.

John Robinson's menagerie is said to be the best on tour and includes, "Tiny Mite," the world's smallest hippopotamus; "Cassidy," and "Empress," the world's largest tigers in captivity; Big Tom, largest dromedary with any circus; a pair of gnus, loonahs, pumas, and many other rare animals, including a saddle-back tapir from South America.

The 1925 performance is absolutely new from start to finish.

AGAINST DAMAGE BY WIND

A wind need not reach hurricane proportions to occasion a costly loss. Roofs, chimneys and windows are expensive to replace. Add Windstorm Insurance to your property protection and you will have less cause to worry when storms approach. Let us tell you how little it would cost to carry this protection.

BEAUTIFUL WOVEN RUGS!

YOU MUST SEE THIS WONDERFUL ASSORTMENT

NOW ON DISPLAY IN YOUR TOWN!

A NEW RUG SERVICE FOR YOU!

Do you need a new rug? Whether you do now or later, we want you to come in and see our new Mohawk Rug Department.

Here is something entirely new in rug buying. Not just a few rugs on the floor, but a patented display rack offering you so wide a selection of beautiful fabrics and patterns that it can be compared only to the offerings of the big stores of the largest cities.

Twenty-two beautiful patterns displayed in the fabric. Forty-eight others shown in color cards, Wiltons, Axminsters, Velvets and Tapestries—every desirable weave.

Amazingly Low Prices and a Wonderful Selection

The rugs we offer have been carefully selected to meet the needs of this community. Every rug is of especially fine quality—a beauty in design and coloring. Yet the prices will fit your pocketbook.

You will be astonished that such beautiful rugs can be bought so cheap; way below the prices charged for the same rugs in many high-rent big city stores.

You will find here just the rug you want; the pattern that pleases you, the coloring you need, the fabric that will give wear. And the price will surprise you, it will be so reasonable.

On all standard sizes we can give delivery almost immediately. Rugs of unusual sizes we can order direct from mill stock and assure prompt service.

The Mohawk Carpet Mills have made possible rug departments like this in four thousand progressive stores all over America. These are being advertised widely in National Magazines for your attention. Only a great organization of the soundest policies and highest standing could have launched such a program.

Come in and see, even if you aren't yet ready to buy.

Mohawk Woven Rugs Beautiful, Durable, Economical

Mohawk woven rugs mean warm floors—quiet floors. A surface to walk upon that is soft and yielding, yet which wears for years and years.

For actual cost per year of service, a good Mohawk Velvet, Axminster or Wilton rug can't be equalled.

You'll find in our new rug department the widest choice ever offered in this vicinity.

Federal Screw Shows Increase in Profits

Federal Screw Works' earnings statement for the year ended Dec. 31, 1928, showed net profits of \$140,000, after all charges excepting Federal

Income Taxes, or \$3,191,100, showed the average amount of stock outstanding during the year. Consolidated show the earnings for the first three months of 1929, after all charges excepting

Collins of Stockbridge were called on Federal Income Taxes, were nearly their cousin, Miss Mabel Collins, on equal to the profits for the entire year of 1928, having amounted to \$317,893, or \$2.21 per share on the 143,500 shares of stock now outstanding. This

company with \$37,502 in the corresponding quarter of last year, or .93 per share on the 105,000 shares of stock. The increase in net earnings over the 1928 quarter was 222 per cent, while the increase in outstanding stock, due to the acquisition of the Chelsea and Michigan Screw Companies, amounted to only 36.7 per cent.

The company's net sales in the first quarter amounted to \$1,590,314, as compared with \$572,000 in 1928; an increase of 178 per cent. While a part of this large increase is due to the recent acquisition of the Chelsea and Michigan Screw Companies, the

Federal Company's own Detroit plant showed an increase of 43 per cent in sales and of 61 per cent in net earnings.

The consolidated balance sheet of the company, as of March 31, 1929, showed total current assets amounting to \$1,278,700, which compared with current liabilities amounting to \$399,457.

James Ketcham and little daughter of St. Clair visited with Mrs. Martha Wheeler last Tuesday.

Rev. E. B. Diamond of Flint, president of the board of managers of the Home and Rev. H. A. Leason of Farmington, financial secretary, were visitors last Friday. Several improvements have already been made and others are in prospect which drew their presence at this time. They were well pleased with the improvements and general aspect of the place.

They give the superintendent and matron much credit for what has been accomplished. Dr. Diamond spent the winter in Florida and gave the members a very interesting description of his journey.

The many friends in the Home, of Mr. and Mrs. A. B. Brown, will be pained to learn that on account of his health they are breaking up their home in Ann Arbor and are returning to their former residence in Pennsylvania. They are planning to spend some time in Atlantic City, hoping the sea breezes will give him strength.

Mrs. Irene Gorton has gone to Detroit to spend a few days with friends.

Mrs. E. R. Reed of Sunday entered all of Detroit. They were accompanied by Mrs. C. M. Batorac and Mrs. Nettie Madill of the same city.

Nurse Leavy entertained her daughter Sunday, Mrs. DuPark of Jackson. Many of the mother's of the family were remembered by their children on Mother's Day by flowers and boxes of sweets.

Mrs. Clyde Utley and Clark Utley, Mrs. Raymond Roediger and Harriett Roediger, and Mrs. Everett Lockwood, last week.

Mrs. Frank Simpson, R. C. Lambie, W. S. Wootley and R. C. Curtis of Ypsilanti were callers on Mrs. Alice Chapin, Sunday.

The Intermediate class of the Methodist church of Ann Arbor, this morning, gave us a treat Sunday afternoon. Please come again.

Mrs. S. Gilchrist and Mrs. Royce of Birmingham were visitors at the Home, Monday. Mrs. Gilchrist is a daughter of Mrs. Francis Blinn who

was a member of this Home for fifteen years from 1907 to 1922. Mrs. Rowe is a sister of Mrs. Blinn. They have always had a great interest in the Home and came to visit it.

Mrs. Martha Sloman entertained an old friend Tuesday, Mr. Curtis of Detroit.

Mrs. Estella Hollapeter received a visit Sunday from a daughter, Mrs. L. H. Martin of Saline. She was accompanied by Mr. and Mrs. Arthur Smith, proprietors of the Saline Tavern.

Palming Off Counterfeits

Science, says Professor Burtt of Chicago university is evolving the new type of human being. Isn't it a sweet type of human being. Isn't it a sweet type of human being that we shall no longer have to put up with the accidental type that nature has been palming off on us?

MICHIGAN

Michigan Press Association, Lansing Bureau, May 9, 1929. Providing in the closing hours for the Hospital building and rehabilitation program which has been a bone of controversy all during the session, the legislature of 1929 wound up its affairs Wednesday night at 9:30 and adjourned sine die. Appropriation bills will make a new record of high taxes for Michigan, but that was unavoidable if the long neglected institutions of Michigan are to be even modestly modernized. Members of the legislature as well as all people of the state realize that it is imperative that state hospitals have more buildings and that old buildings must be repaired and made useable. With every such institution in the state seriously overcrowded and with hundreds of patients on the waiting list, the present condition is nearly if not

all of these institutions is a disgrace to Michigan. The program as outlined will cover four years of building and repairing, the most pressing needs to be taken care of first and the others to follow as rapidly as is humanly possible. Members realize that in making appropriations for this purpose for a longer period than two years they were going beyond their present term of office, but realizing that the legislature of 1931 may change in the program they felt they were right in instituting the program without further delay. The final action of Senate and House removed the proposition for a mill tax, as proposed in the Hartman bill, changing it to direct appropriations. The bill as passed by both houses calls for an institutional tax of \$6,040,000 for 1930; \$3,880,000 of which is for hospital purposes, and the 1931 figures total \$5,717,300, of which \$4,287,300 is for hospital purposes. The figures for 1932 and 1933 are still higher, being \$7,429,000 and \$7,840,000 for 1933, but, of course these figures may be changed by the next legislature.

The only call of the House for a session was made on this bill, on the demand of Representative Gus Hartman, author of the bill. The call brought in, however, not more than half a dozen members who were outside the bar of the House when the measure came up for final action, and the vote on the bill, concurring in amendments made in the Senate after a report of a conference committee, was 75 for the bill to 17 against. The members voting against the proposition were representatives Calvert, Coleman, Clarence Dacey, Vincent Dacey, DeLand, Esple, Goodwine, Hall, Harnly, Holland, Kistler, Macdonald, Miller, Snow, Watson, Williams and Wilson. Among the last hour activities were

If you are considering the automobile, you owe it to yourself to know the true extent of Chevrolet's value. And all you need to do is compare the Chevrolet Six against any other car in the price range of the four.

Here, in the price range of the four, a smooth, powerful, six-cylinder valve-in-head motor—which delivers better than 24 miles to the gallon of gasoline—and whose smooth, quiet, velvety operation, with its complete lack of drumming and vibration, is a revelation—even to those who are accustomed to driving high-priced automobiles. Here are beautiful bodies by Fisher. Here, in all closed models, are fittings by Tarnstedt... rich, deep-tufted upholstery... adjustable driver's seat... and a completely-equipped instrument panel. And throughout the entire chassis are found numerous examples of advanced engineering—such as quiet, non-locking 4-wheel brakes... ball bearing steering mechanism... automatic acceleration pump... and chromium plating on all bright metal.

But no mere recital of features can give you any conception of Chevrolet's value leadership. So we urge you to come in and see for yourself why over 500,000 people have chosen the new Chevrolet Six since January 1st!

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

Amazing NEW Silence

distinguishes the

1929 KELVINATOR

Among All Electric Refrigerators

PRODUCT of a company concentrating for 15 years on automatic refrigeration, the New Silent Kelvinator stands today not only an improvement of this great line, but a genuine achievement in domestic electric refrigeration.

It is so positively silent in operation that it is difficult to tell, even while standing close, whether it is running.

Wholly automatic, Kelvinator demands no regulation or attention on your part. It rapidly freezes desserts, salads, and ice cubes, while maintaining scientifically correct temperatures to preserve food and its flavor.

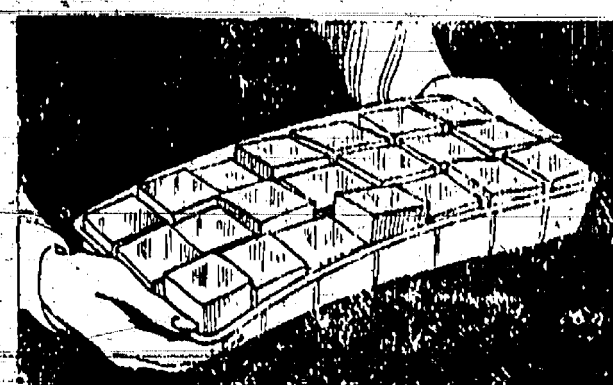

The Kelvinator Corporation, too, builds its own cabinets—models of staunch, roomy convenience with rounded inside corners to permit easy cleaning.

No need to wait to enjoy a modern automatic Kelvinator in your home. Buy it now on Kelvinator's attractive ReDisCo monthly budget plan, and note the savings and benefits it immediately brings to your home.

THE RELIABLE KELVINATOR

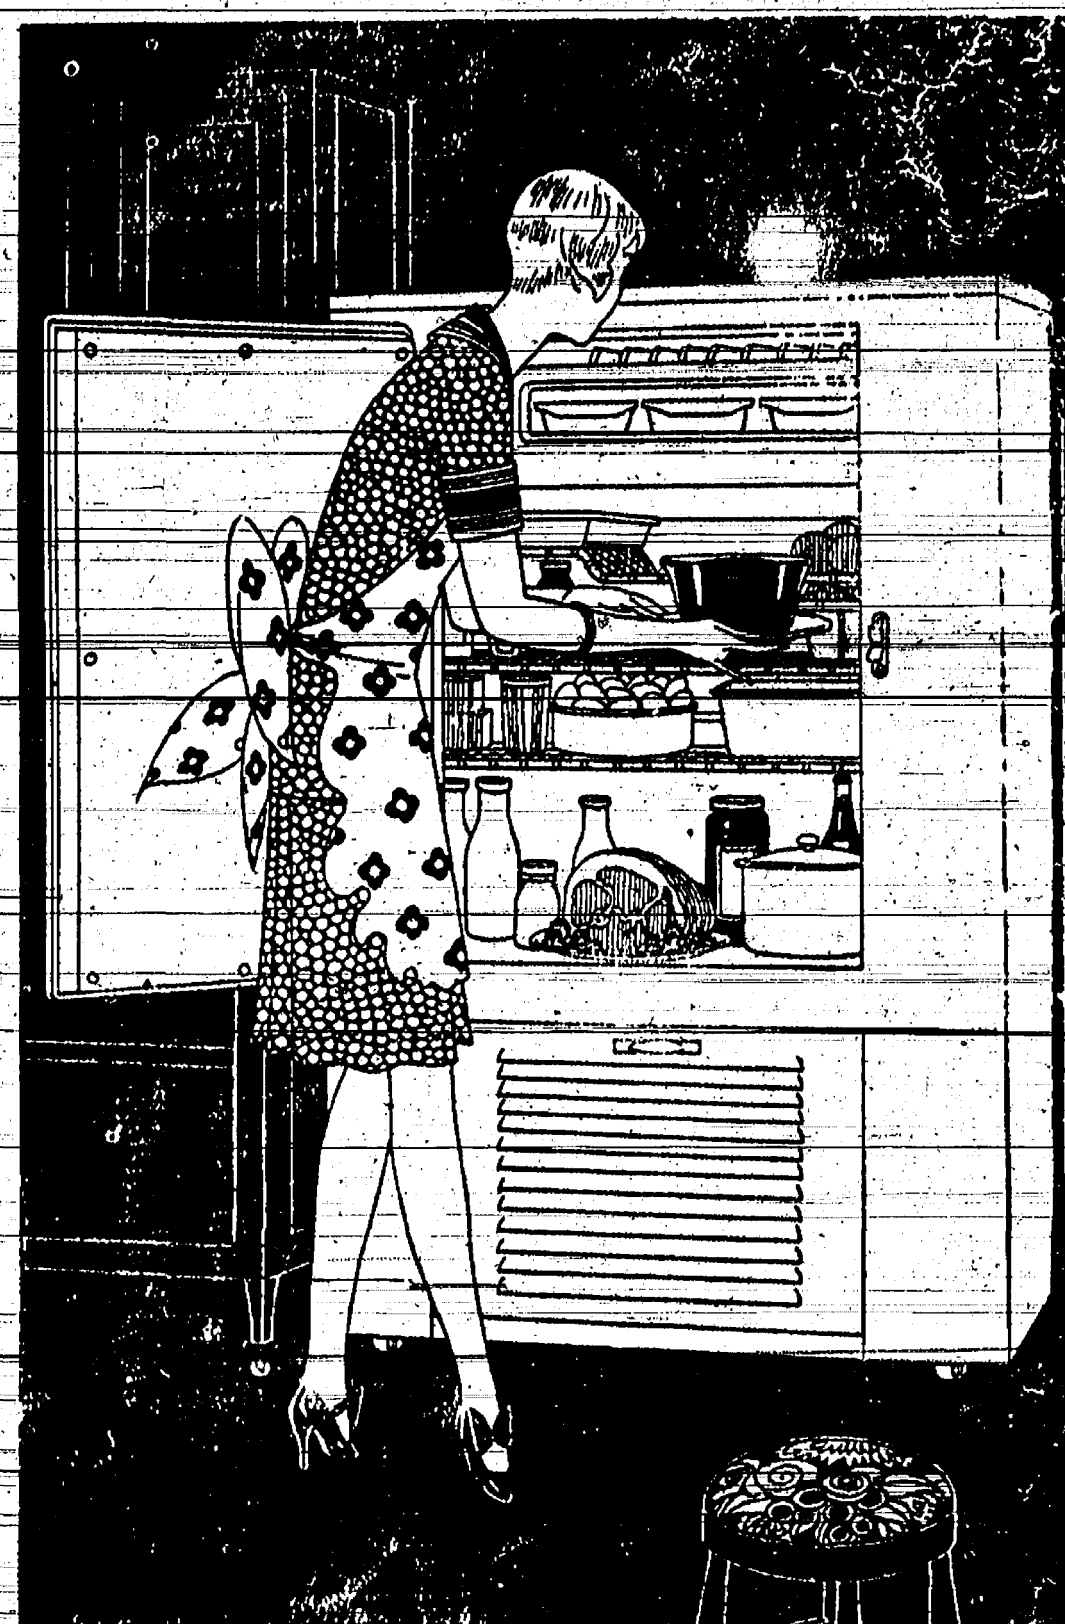

Flexible Rubber Ice Trays—An Appreciated Convenience.

Made of purest and highest grade rubber, the new rubber tray for ice cubes, flexes easily in the hand, releasing in a flash—one or a dozen ice cubes—without melting or hammering. No holding of frozen trays under the water, no wasted ice supply, and precious minutes saved daily whenever ice is needed.

The Kelvinator Cold-Keeper—A Constant Reservoir of Cold

The New Silent Kelvinator is far more economical because of its Cold Keeper—a reservoir of cold that holds its low temperature for long periods and quickly freezes desserts, ice cubes and salads. So true is this that the Kelvinator mechanical unit starts only one-third as often as any other electric refrigerator.
