YOU DON'T NEED TO GAMBLE WITH TIRES

Even if you don't feel that you need the extra mileage
which you would get from Kelly-Springfield tires, and want
to get something at a little lower price, it isn't necessary to
gamble with "bargain" tires of more or less doubtful origin.
For the price you want to pay you can buy Kelly-built
Buckeye tires and get the same kind of dependable mileage
in proportion to what you spend.

Buckeye tires are built in the Kelly plant and guaran-
teed by Kelly. At their price they represent an unsur-
passed value.

JEWISH ORGANIZATION TO SPEND \$1,000,000 ON LYNDON PROJECT

Will Have Camp Modern In Every
Respect; Is Primarily Summer
School For Children.

Since acquisition of the Martin
Eisler farm in Lyndon by the Jewish
National Workers' Alliance, Detroit
District, a great amount of work has
been done by the organization in con-
struction work and general layout of
the premises for the camp which is to
be maintained primarily for their
boys and girls of school age.

The camp, which is known as Unser
Camp and Kinderwelt (Our Camp and
Children's World), at the present time
consists of one large dining hall with
2100 square feet of floor space, with
a large kitchen annex, a dormitory for
adults and two bungalows where chil-
dren between the ages of 7 and 16
years receive school training during
the summer months.

Each bungalow accommodates 24
children, divided in two sections of 12
each. In charge of each cottage is one
teacher, two senior and two junior
counselors. The season's schooling is
divided into two five-week periods.

According to S. Osheroff, Detroit
district organizer for the Jewish or-
ganization, and manager of the camp
for this season, the children are al-
lowed to develop their own initiative,
and are encouraged in their desires.
Children are now present from De-
troit, Cleveland, Pittsburgh, Toledo and
Flint, and it is planned to double the
capacity of the school this year, with
further increase in years to come.

One dormitory for adults has been
constructed, which accommodates more
than fifty people, and it is planned to
build several more dormitories next
year, in order to take care of at least
two hundred adults in this way. Con-
struction of another large dining hall
for adults is also planned. Individu-
als are also allowed to build cottages
on the shore of Long Lake. Some are
now under construction and it is ex-
pected that 250 of the summer home-
will be built. Parents who visit the
camp are allowed to see their children
who are in school, from 2 to 3 o'clock
in the afternoon only, so as not to in-
terfere with educational work of the
youngsters.

Two electric light plants have been
installed, three wells have been driven,
and complete water and modern sani-
tation systems have been installed
throughout the camp.

The tract consists of 140 acres of
land, and with the parks and play-
grounds which will be laid out as soon
as possible, the camp will be one of
the most beautiful camps of this kind
in the country, according to Mr.
Osheroff. The organization has sev-
eral camps located at different points
in the United States.

Last Sunday about 600 guests were
present at the camp, from nearby
cities. They were all served in the
dining hall, and were entertained by
a short talk by Mr. Osheroff, and by
the Hallel Choir of 100 voices, from
the Detroit organization and directed
by Leo Low, prominent Jewish com-
poser of New York City. This well
known choir will sing at Belle Isle
August 5, under the direction of Mr.
Low.

Mr. Osheroff states that before lo-
cating here he inspected prospective
campsites all over Michigan. Being
so favorably impressed with the
scenic beauty of this part of the State,
and choosing Chelsea as the most
beautiful and progressive town near
which they had an opportunity to lo-
cate, it was decided to place the camp
here.

The five-year building program of
the Jewish people at Unser Camp will
involve an expenditure of approxi-
mately \$1,000,000.

Contract Awarded For Young Drain

County Drain Commissioner C. E.
Deake Tuesday forenoon awarded the
contract for the Young Drain to L.
C. Fosket & Son, Inc., of Howell, at
a cost of \$1,475. This is \$25 lower
than the commissioner had estimated
that it would cost when the drain was
established.

The drain is in Sylvan township and
runs through the farm of Fred Young
and the Alma Pierce premises where
it empties into the lake on the farm
of the latter. A portion of the cost
of the drain will be spread at large
on Sylvan township and the remainder
against the owners of the land that
has a drainage that flows to the new
drain which will be constructed as an
open ditch. The flowage from about
2,000 acres of land in Sylvan and
Lima will be emptied into this county
drain. Sylvan will be taxed 10 per
cent of the cost and Lima 5 per cent.

NOTICE TO MY PATRONS
My office will be closed from June
30th to July 22nd.

Independents Lose First Game Sunday

The Chelsea Independents received
their first defeat at the hands of the
Dexter Independents at a score of 4 to
0 in the first game played on the
newly-made diamond on Wilkinson's
field on U.S. 12 and Wilkinson streets.
Both teams came out on the field with
new suits, thus initiating both field
and suits the same day. As for the
field, little can be said in regard to
its smoothness as it is not thorough-
ly completed as yet, the outfield being
quite rough. The local men, however,
cut a real figure decked out in their
new suits.

In the game Sunday, the four stores
made by the visiting team were hardly
earned, but were made on costly er-
rors by the Chelsea players. The
game was scoreless up to the third
inning when the Dexter team ran in
its first two scores. The other two
scores came in the eighth and ninth
innings, both on errors. Little hit-
ting was done throughout the game
by either team, the game being a
pitching duel between Al Rossbach
of the local team and Haupt of
the visiting team. Al's backing proved
too weak to assist in keeping the
unmarried record which the team had
previously held. The catchers were
Ernie Vick, a one-time St. Louis
Cardinal catcher, for Dexter and
Spencer Boyce of Lyndon for Chelsea.

The Independents go to Manches-
ter Thursday, the Fourth, and play
the Del Prete team of Ann Arbor here
next Sunday afternoon. Both games
are expected to be good ones as the
two opposing teams have good rank-
ings. Both games start at 3:00 sharp.

Accident Victim Dies In Ann Arbor Hospital

Mrs. William Heiny, 50, who was in-
jured Thursday morning in a crash on
the interurban car tracks near her
farm home in Lima on U. S. 12 six
miles east of Chelsea, died Friday
evening at St. Joseph's Mercy hospital
in Ann Arbor to which she was remov-
ed following the accident.

Mrs. Heiny's left leg was severed
between the knee and ankle and she
received a fractured left femur and
cuts on the head and hands, when her
automobile, believed to have become
stalled on the tracks, was hit by a
work car on the D. J. & C. railway.

Formerly Elizabeth Martin and born
in Delaware county, Ind., Mrs. Heiny
with Mr. Heiny and their children,
moved to the present farm about
seven months ago from Plymouth. She
is survived by her husband, four chil-
dren, Mrs. Lorraine Ashdell, Lucille B.
Heiny, Francis M. and Richard L.
Heiny, all at home; her mother, Mrs.
Ella Martin of Eaton, Ind.; two
brothers, Edgar and Edwin Martin of
Detroit, and a sister, Mrs. Lydia Par-
ker, in North Dakota.

Funeral services were held at 2
o'clock Monday afternoon at Hilding-
er's funeral home. Burial in Grand
Lawn cemetery, Redford.

Large Crowd Attends Salem M. E. Festival

More than two hundred and fifty
people were served by the Ladies Aid
Society of Salem M. E. church at the
chicken dinner which they served Sun-
day in connection with the annual
homecoming of the church.

The crowd started to assemble for
the Sunday school services at 10
o'clock, and at 11 o'clock Rev. Henry
W. Lenz, of Detroit, a former pastor
of the church, delivered a very in-
spirational sermon, there being a good
sized crowd present at this service.

Dinner was served promptly at
noon to the first table, and it was
necessary to serve three tables to ac-
commodate the crowd. Many com-
pliments were received by the ladies on
the sumptuous dinner they served, and
the fact that \$360 was realized from
the free will offering was ample testi-
mony that everyone was thoroughly
satisfied with the meal.

Following the dinner hour the time
was spent in visiting until 2:30 when
an interesting program was given,
consisting of music by Smith's or-
chestra of Chelsea, vocal duet by Mrs.
Oscar Kalmbach and Mrs. Emerson
Lessor, and talks by Rev. F. I. Walker
of Chelsea, Rev. Lenz and Rev. Ross.

ENTERTAINS ALTAR SOCIETY

Mrs. Conrad Schanz was hostess to
the members of St. Mary's Altar So-
ciety Thursday afternoon at her Cava-
nough-Lake home. About 60 were
present and an enjoyable afternoon
was spent playing "600." Honors
were awarded Mrs. Herman Weber
and Miss Bertha Merke. A pot luck
supper was served.

celebration were discussed.

DETROIT CONCERN TO EMPLOY TWENTY-FIVE MEN IN FOUNDRY HERE

Purchase Foundry Buildings And Are
Making Alterations; Plan New
Office Building.

Announcement has been made by
the Advance Pattern and Production
Co., of Detroit, of their purchase of
the building formerly occupied by the
Chelsea Foundry Co., operated by M.
B. Giberson & Sons and vacated by
them last fall.

A force of men are at work cleaning
up the building and extensive repairs
will be made before the plant is put
in operation. Practically all of the
building will be re-roofed, the win-
dows will be repaired, and a new con-
crete floor will be added to the clean-
ing and shipping room.

According to a statement issued by
J. A. Merrill, who will be resident
manager of the new concern, it is
expected that the building will be
ready for occupancy within the next
thirty days, and about twenty-five men
will be employed.

The new factory will be known as
the Chelsea Foundry & Manufacturing
Co., and will manufacture foundry
products for the Advance company,
and will also do a general foundry
jobbing business.

In addition to the re-conditioning
of the newly acquired factory build-
ing, construction of a new office build-
ing is planned, to be located on the
south side of the main building.

The Advance Pattern and Produc-
tion Co. is a very reputable concern,
having successfully operated their De-
troit plant for the past fourteen years,
and Chelsea welcomes them in their
latest business venture, which brings
another successful industry into our
midst.

Evangelical Day In Manchester, Sunday

Evangelical Day will be observed by
Lutheran churches of this territory at
Manchester next Sunday. German
services will be held in the Immanuel
church at 10:30 a. m. and 2:00 p. m.,
and English services will be conducted
in the parish house at the same hours.

A chorus choir, under the direction
of Paul F. Niehaus of Chelsea, will
render anthems in keeping with the
spirit of the day, and outstanding
soloists will also contribute their part
to enhance the beauty of the services.
Three pastors, including Rev. P. H.
Grabowatz of Chelsea, will be heard
at the services.

Visitors and guests are requested to
take their lunch, and ladies of the
Immanuel church will furnish coffee.
Churches to be represented at the
Manchester meeting include Rogers
Corners, Dexter, Francisco, Ann Ar-
bor, Saline, Saline Township, Jackson
Freedom township, and Chelsea.

Due to the fact that so many mem-
bers of the local St. Paul's church de-
sire to attend the Evangelical Day
meeting, there will be no services here
Sunday.

Will Be Married At St. Mary's Rectory

A quiet wedding will be solemnized
this (Wednesday) evening at St.
Mary's rectory when Miss Marion
Granna, daughter of Mr. and Mrs. Ed-
ward Granna of Unadilla, will be
united in marriage to George P. Lie-
beck, son of Mr. and Mrs. Joseph Lie-
beck of Sylvan township. Rev. Henry
Van Dyke will officiate at the ring
ceremony which will be performed at
six o'clock.

Attending the couple will be Mrs.
Clifford Loose, of Knoxville, Tenn.,
and James Liebeck, of Sylvan, sister
and cousin of the groom.

The bride is a graduate of Stock-
bridge high school, and also a gradu-
ate of the Comptometer school at
Lansing, while the groom graduated
from St. Mary's parochial school in
1926 and for the past year was in
Pittsburg, Pa., where he attended the
Frigidaire school and was employed.
Mr. and Mrs. Liebeck will make
their home in Kalamazoo.

Annual School Meeting Next Monday Evening

The annual school meeting of School
District No. 3, fr., Sylvan and Lima,
will be held in the high school gym-
nasium next Monday evening at 8
o'clock.

Election of three members to the
board will take place, the terms of
John L. Fletcher, Howard S. Holmes
and M. J. Dunkel expiring this year.
John Kalmbach serves for two more
years, and D. B. Beach for one more
year.

School meetings in all rural dis-
tricts will also take place next Mon-
day evening.

STATE PARK REGULATIONS

1. The destruction or injury of any sign, guide post or property of any kind is unlawful. This includes the peeling of bark, carving and chopping of trees, cutting branches, driving nails, digging ground from roots and the removal of trees, shrubs, and plants, picking wildflowers, and other injuries.

2. To carry or have firearms in possession in a state park is unlawful.

3. Throwing of tin cans, bottles, papers, junk, or refuse of any kind on the ground or in a lake or stream is prohibited.

4. Speed limit for motor vehicles on park roads is 20 miles per hour except where otherwise posted.

5. Dogs in the park must be tied on a chain or controlled on a leash.

6. Building or starting fires in the open or in any place except where proper provisions have been made or to leave fires while burning is prohibited.

7. Washing or throwing of waste of any kind around well or spring or the use of woods as toilets is prohibited.

8. Persons desiring to camp in a state park are required to obtain permit before making camp.

9. Camping, horseback riding or the driving of automobiles or other vehicles on areas (picnic ground, children's playground, bathing beaches, etc.) posted against such traffic or utilization is prohibited.

10. Disorderly conduct in the way of drunkenness, vile language, fighting and personal exposure by change of clothing in automobiles, woods, park or any other place where person is not properly sheltered is prohibited.

Persons failing to comply with the above regulations are subject to deportation, arrest and prosecution. The park officer is in full charge of the park with police authority.

NO LIMITS WHEN SAFE

It is now thought that it is possible to eliminate the flying hazards that are due to fog. Dense fog has heretofore made landing hazardous.

Experiments concern a radio beacon on landing fields through which the flyer may know his exact location.

A very delicately constructed altimeter will enable the operator to know to a few feet his distance from the earth.

An airplane may be made to stay in the air for a week.

It is the landing that counts. Make airplane travel safer and there are no limits to its possibilities.—Grand Rapids (Minn.) Herald-Review.

MR. LINCOLN'S TROUSERS

Some people judge others too much by their clothes.

Many an awkward, ungainly, poorly dressed country boy is to grow into a future leader in government and business.

We all ought to get inspiration from the life of Abraham Lincoln. Someone accused the Whig party, with which he was connected, of being well dressed, plutocratic and aristocratic.

So Lincoln told how he dressed as a young man:

"I was a poor boy, hired on a flat boat at \$8.00 a month and had only one pair of breeches to my back and they were buckskin. Now if you know the nature of buckskin when wet and dried in the sun, it will shrink and my breeches kept shrinking until they left several inches of my legs between the top of my socks and the lower part of the breeches and when I was growing taller they were growing shorter and so much tighter that they left a blue streak around my legs which can be seen to this day."

FACING THE FUTURE

The supremacy of the railroads in the field of commercial transportation is being challenged today as never before. Large lines are competing for the freight traffic of the railroads, and so are motor truck lines. Bus lines and always are bidding for their passenger traffic. What will be the outcome?

The railroads are giving their answer to that question. They spent last year approximately \$680,000,000 for improvements in facilities and will probably spend more this year. In the last eight years their expenditures for improvements have amounted to around six and one-half billion dollars.

The present good quality of railway service is one result of such expenditures. The sustained volume of business it another for railway purchases stimulate all other kinds of business.

In these fast-moving days of strenuous competition a program of expansion on the part of the railroads taken as a whole also takes faith—not only in the financial char-

acter of railway transportation, but in the fair-mindedness of the American people, that they will recognize the outstanding service performed by fully self-supporting railroads under all conditions and that they will reward such service by continued patronage.

If the railroads are to continue to be reliable providers of transportation, they must prosper. Patronage and constructive regulation of rates are two main requirements of their prosperity.

Freedom

The echo of that Liberty Bell still rings across the Nation, and on the Fourth of July we rever the memory of those who fought and suffered that this Nation might be born. The Fourth of July, as a Holiday is not merely boom and clamour. Neither is it all marching and uniforms. Rather, it is the solemn occasion when the hearts of millions of Americans—thousands of them in this community—beat proudly for the memories of those staunch, unafraid men and women who made American History and Independence!

The Chelsea Standard

Profits Reported By Federal Screw Works

Federal Screw company reports for five months ended May 31 net profit, \$646,658 after all charges except federal income taxes. This compares with \$161,502 in the corresponding period last year.

May was the biggest month in the company's history in both sales and profits. Net after all charges, except federal taxes amounted to \$125,561 against \$26,281 in May 1928.

Earnings in the past five months were equal, after deducting estimated federal taxes, to \$3.35 per share on the 142,500 shares of common stock outstanding or at the annual rate of approximately \$8 per share.

Net sales for the five month period totaled \$2,779,000, over \$600,000 in excess of the company's business for the whole of 1928.

The company is erecting two new plants to provide for additional manufacturing facilities, one in Chelsea and one in Detroit. These will be ready for occupancy within 60 days.

The company's cash position as of the end of May, showed current assets of \$1,377,811 and current liabilities of \$292,627, a ratio of 5.9 to 1.

Ford Motor Company Lists Safety Rules

As a contribution towards greater safety and more pleasant driving conditions on the highways of the country this summer, the Ford Motor Company has listed twelve rules as suggestions to motorists and has distributed them to dealers over the country.

Announcement of the suggestions was made today by L. G. Palmer, Ford dealer in this city, who will display the list prominently in his place of business.

"These rules," Mr. Palmer said, "are merely common sense as applied to automobile driving. Every experienced motorist knows all or them. It is our hope, however, that by stating them concisely and posting them where they will come to the attention of a great many motorists, we can so emphasize them as to make a real contribution towards greater highway safety."

The twelve rules are:
1—Courtesy comes first. Consider the rights and privileges of others.
2—Keep your mind on your driving, and anticipate sudden emergencies.
3—Learn the "feel" of having your car under control.
4—Obey all traffic and parking regulations.
5—Keep to the right, and comply with road markings and signs.
6—Signal for stops and turns—watch the car ahead.
7—Slow down at crossings, schools, dangerous places.
8—Never pass cars on hills, curves, or crossings.
9—Adapt your driving to road conditions—rain, ice, soft spots and ruts.
10—It doesn't pay to take the right of way too seriously.
11—When you drive, remember the times when you're a pedestrian.
12—Know the law. It was passed for your protection.

"It is estimated that 20,000,000 persons will tour on American highways this summer," Mr. Palmer continued. "Recognition of the rights of others will be essential. Many unpleasant accidents will be avoided if motorists, at times of close situations will recall these rules and act accordingly. They are the recommendations of the Ford Motor Company offered to give greater peace of mind to those who travel by automobile."

Brotherhood Plans Series Of Meetings

The first of a series of services to be conducted during the summer by the Washtenaw County Brotherhood at the state park at Island Lake will be held Sunday afternoon, July 7.

At this service, which will be sponsored by the Methodist Brotherhood of Ann Arbor, James Schermerhorn of Detroit will be the principal speaker. The following Sunday, July 14, Rev. H. Savage of First Baptist church, Pontiac, will speak. Mr. Savage is known for his radio talks over a Detroit station.

Services for Sunday, July 21, will be sponsored by the churches of Whitaker and Willis and surrounding territory, and the Church of Christ Brotherhood, Ann Arbor, will be responsible for those the following Sunday, July 28. Ypsilanti churches will be in charge Sunday, August 4. The speakers for these dates have not yet been announced.

The Leever & Leever Lumber Co. of Ann Arbor has donated a large truck for the use of members of the brotherhood in holding these programs. The truck will be backed up to the hill side at the park which will accommodate several hundred people and will be used as a speaker's platform.

The Washtenaw County Brotherhood is composed of men holding membership in almost every church in the community.

Question And Answer Dept.

NOTICE—If your question does not appear below, it is because it is awaiting its turn, and will be published eventually.

Ques.—I am deeply interested in your question department, and would be pleased if you would answer who printed the first Bible, and in what year?

Ans.—The first Bible was printed by Johannes Gutenberg at Mainz, Germany in the years 1452-56. He is credited with the invention of printing by movable type. The edition was printed in Latin. This was not only the first printed Bible, but was the first book of any kind to be printed from movable type.

Ques.—Is it true that Ananias was the biggest liar in the world?

Ans.—No. He was a famous liar, indeed, but for the biggest, just ask some man how much he got for his old car on a trade-in.

Ques.—Is it known how many people in America have tuberculosis?

Ans.—It is not known definitely. According to the Public Health Service there are approximately 1,250,000 active cases of Tuberculosis in Canada and the United States.

Ques.—May I ask if you can explain what causes thunder. I have had conflicting information on this subject.

Ans.—Thunder was believed by some scientists to be produced by the sudden inrush of air into the vacuum created by the expansion of air when heated by lightning. Now, however, according to the best authority obtainable, thunder results directly from the explosive-like expansion of the air along the lightning path, incident to the intense heating, ionization and probable disintegration or rupture of at least part of the air particles or molecules.

Ques.—Why is it that cats and owls can see better at night than they can in the daytime? Are their eyes different?

Ans.—It is not true that cats and owls can see better at night than they can in the daytime. There is no animal or bird living that can see better when it is dark. Of course, a cat or an owl can see better than a human being when it is partly dark, because their eyes are sensitive to the ultra-violet rays of the spectrum and the pupils are capable of great expansion, thus admitting all the light possible. The pupils of the human being will expand in the dark, but the process is much slower. If you sit in a dark room, for instance a moving picture theatre, you will notice that it seems much lighter at the end of an hour or so than it was when you first entered. But in reality it is no lighter. This works on a cat or an owl in the same manner, only much more rapidly.

Ques.—I would like to have you explain the habits of the chipmunk, whether they live in holes in the ground or in trees or what. Also how are they provided by nature for self defense?

Ans.—The chipmunk is primarily the ground squirrel. He makes his home in a tunnel-like burrow in some woodland place. Sometimes the burrow is 20 feet long and is always supposed to be deep enough to be below the frost line. One of the rooms of his house is a bed chamber. Other chambers are used as storerooms, which are usually stocked with small nuts, acorns, buds, mushrooms, and occasionally insects. The breeding season is in May, and usually have a litter of from four to six babies. The weasel is his most dangerous enemy, and when attacked, his easy getaway is his mode of self-defense. He has a very acute sense of smell and can scent a weasel long before he is attacked. To provide for this he cunningly makes an opening at both ends of his tunnel, so that when the weasel enters one end, he goes out the other and then comes back into his lair again from the other end.

Ques.—I would like to ask in your

question and answer column why Catholic priests do not marry?

Ans.—The marriage of the clergy was permitted by the Catholic church until about the time of Gregory VII, who was pope from 1073 to 1085. Celibacy was then enjoined on all priests, in emulation of our Lord, who was a celibate.

Ques.—I see by the daily papers that Oklahoma has a governor who takes orders from his wife. Has he not a will of his own?

Ans.—Don't let this concern you one bit. There are 47 other states probably in the "same boat."

Ques.—Why do all cigar dealers hand out whole boxes when a customer buys a cigar? Is it unlawful for him to hand out one or more which the customer may call for?

Ans.—It is not unlawful to hand out the number of cigars a customer may call for, but it is unlawful to replace the cigars if they are not taken. To avoid this, he lets the customer help himself by proffering the box.

IF YOU WANT your family to enjoy the most delicious short cake they ever ate, bake it in the oven of a Clark Jewel Red Wheel Gas Range. The Lorain Red Wheel Self-regulating Oven controls the oven heat exactly and insures successful baking. Clark Jewel Gas Ranges have the famous Clark Jewel all-steel construction; concealed manifold that does not interfere with valve adjustment; ovens and utensil drawers are spacious.

Unless the Gas Range has a RED WHEEL it is NOT a LORAIN

FISHERMEN TO HAVE

LICENSES FOR TROUT FISHING

The new inland fishing bill effective August 28, 1920, provided that all non-residents over 18 years of age must have a license for taking all kinds of fish, the fee for which is three dollars per year; also that all residents over 18 years of age are required to procure a license to catch trout, the annual fee being one dollar. These provisions will not be enforced, however, until the season of 1930, in view of the fact that the season is nearly at an end when the act becomes effective.
