Equalization Towers Sylvan Assessment

At a meeting of the board of Supervisors in Ann Arbor last Monday the committee on equalization made their report. Through efforts of Supervisor Heckwith the taxpayers of Sylvan township will save a considerable sum of money.

The assessed valuation of the township is \$3,125,046 and as equalized by the committee is \$2,997,655 which makes a difference of \$127,391 as assessed.

The total figure of \$115,831,170 as the recommended equalization valuation of the county is \$5,980,820 higher than this year's assessed valuation of the county, the latter figure being \$109,850,350.

Dexter Man Arrested On Rum Law Charge

Paul Bock, 59, Dexter township, who is on probation out of circuit court for violating the prohibition law, was arrested by sheriff's officers again Tuesday on a like charge. Four kegs of wine, about 50 bottles of miscellaneous beverages and a small quantity of home brew were confiscated.

Bock, who in September, 1927, was taxed \$500 fine and costs and placed on probation for five years also had in his possession about 75 bottles of alleged home brew, which were destroyed on the premises. Because his probationary contract provides that Bock's home be searched without process, officers did not use a warrant in making the raid.

MRS. MAGDALENA LOEFFLER

Mrs. Magdalena Loeffler, aged 92, died Friday, July 12, 1929, at the home of her daughter, Mrs. Charles Grieb in Freedom township. Mrs. Loeffler who formerly was Magdalena Bahnmiller, was born March 1, 1837, in Wurtemberg, Germany, coming to America when 19 years of age. For 11 years she had made her home with her daughter, Mrs. Grieb. Mr. Loeffler died in 1926.

NUPTIAL VOWS SPOKEN IN PRETTY CEREMONY AT ST. MARY'S CHURCH

Blanche Wirkner and Sylvester Weber United in Marriage; Will Reside On Farm In Sylvan.

Miss Blanche Catherine Wirkner, only daughter of Mr. and Mrs. Peter Wirkner, of Lyndon township, and Sylvester Joseph Weber, son of Mr. and Mrs. Simon Weber, of Sylvan township, spoke their nuptial vows Wednesday morning at a pretty wedding at St. Mary's church, Rev. Henry Van Dyke officiating.

The altars were beautifully decorated with baskets of ferns, roses and pink and white phlox. The bride party entered to the strains of Mendelssohn's wedding march played by Miss Marie Hoffman. "Veni Jesu" was sung by the choir during the offertory, while "Ave Maria" was rendered by Mrs. J. Vincent Burg as an accompaniment during the ceremony.

The bride was gowned in charme blue crepe de chine, with hat to match and carried a shower bouquet of pink roses. Her cousin, Miss Bertilla Hindelang of Mishawaka, Ind., as maid of honor, was attired in blue georgette and carried pink-sweet-peas. Arthur Weber, brother of the bride, performed the duties of best man.

Following the ceremony a wedding breakfast was served to 50 immediate relatives of the bridal couple at their new home in Sylvan township.

The bride is a graduate of Chelsea High school, was a student at Michigan State Normal and for several years has been a successful teacher in the rural schools of Washtenaw county. The groom is a prosperous young farmer of Sylvan township and is prominent in the social activities of St. Mary's church.

On their return from a wedding trip, Mr. and Mrs. Weber will make their home on the farm which he recently purchased of his father in Sylvan township.

Out of town guests at the wedding were Mrs. Margaret Hindelang, daughter, Bertilla, and Edward Doll of Mishawaka, Ind., Mr. and Mrs. Guy Simpson and Mrs. J. E. Quirk of Detroit; Mr. and Mrs. George V. Stoll and William Doll of Ann Arbor; Edward Fennell of Pontiac; Mr. and Mrs. Henry Lammers; Mr. and Mrs. Alfred Lammers and Mrs. Katherine Forner of Jackson; Mr. and Mrs. T. E. Weber of Ypsilanti and Mr. and Mrs. J. E. Seckinger of Clark's Lake.

A pre-nuptial party was given Thursday evening for the pleasure of Miss Wirkner at the home of Mrs. Herman Weber. High honors in progressive pedro were won by Miss Wirkner and David Mohrlock. A dainty lunch was served and the bride-elect was presented with many beautiful gifts.

County Will Enter Hospital Business

In an effort to eliminate what its committee termed "the apparently exorbitant and unnecessary expense of hospitalizing certain indigent patients of this county" the board of supervisors Monday decided to enter the hospital business itself on a small scale. If found practical and economical, the plan probably will be broadened and extended after the experimental stage has been passed.

The board voted Monday to accept the report of its special hospitalization committee which recommended that alterations be made at the county infirmary to provide for two wards for the care of certain types of indigents. These include persons beyond medical aid and needing only decent care in their infirmity and those whose condition is such that they no longer require hospitalization but simply a place to convalesce while recovering.

Federal Screw Works Addition Completed

Construction on the new addition to the Chelsea Division of the Federal Screw Works plant has been completed and the building is now ready for occupancy.

The new building, which is 60x134, with an entrance on Congdon street, was completed within the 60-day limit given the contractors, the Gallagher-Fleming Co., of Detroit.

Dr. Harmond Webb Weds Detroit Girl

The marriage of Miss Mildred Ruth Cooper of Detroit to Dr. Harmond Jay Webb of Detroit and North Lake was solemnized on June 26th with a lovely ceremony at the home of the bride's parents on East Grand Boulevard. The Reverend Pearson of the Church of the Messiah officiated.

The home was beautifully decorated with large vases of pink roses. At the improvised altar in the living room were two white satin pillows, and tall vases of American Beauty roses and bachelor buttons.

The bride entered to Mendelssohn's wedding march on the arm of her uncle, Judge Cooper of Birmingham. Miss Mary Cooper served her sister as maid of honor, while Mr. Clayton R. Webb assisted his brother as best man.

The bride's gown was of white satin with a Duchesse Point lace veil entwined with orange blossoms. She carried a shower bouquet of white roses, lily-of-the-valley and baby breath.

A delightful wedding dinner was served to the immediate members of the two families, about 30 guests being present. Following the dinner the young couple departed on a motor trip which included Niagara, the Adirondack mountains, the St. Lawrence river trip, the Thousand Islands and other scenic spots of the east.

Many delightful pre-nuptial affairs were given in honor of the bride. Dr. Webb is a graduate of the Chelsea High school and University of Michigan, while the bride has been a popular teacher in the Detroit schools for three years.

Parking Prohibited On Cav. Shore Road

Highway Commissioner W. C. Pritchard during the past week placed a number of "No Parking" signs on the narrow road along the east shore of Cavanaugh Lake.

Owners of cottages at this popular summer site have complained that cars parked in front of the residences are so thick at times that they are unable to either enter or leave their premises. As the highway is a single track the parked cars make it unsafe for the small children who attempt to get to the shore of the lake as they are liable to step in front of approaching cars when they step from between the parked cars.

An order has also been issued to officers to arrest motorists who are in the habit of making this road a speedway.

Members of the congregation, and friends tendered them a farewell party Sunday afternoon and evening at the home of Mr. and Mrs. Lewis Kuhl. Among those present were Rev. Frederick Mayer of Freedom, and Rev. W. G. Mauch of Dexter, who gave brief talks during the afternoon.

Rev. and Mrs. Ronte were presented with a purse of money. A delicious supper was served at tables arrayed on the lawn.

FAMILY REUNION

Your Ford dealer offers solid values in

USED CARS

WHAT do we mean by "solid values"? Simply this:

When you buy a used car from us you pay just what that car is worth. There has been no inflation in the resale price to take care of an unreasonable trade-in allowance.

The price of the new Ford is very low, and the value high; there is no leeway for excessive trade-in allowances. That is why you can buy a used car from us knowing the

price you pay is for the service that car will give, and nothing else. Our used car department is based on a spirit of fair-dealing. We would hardly care to risk our reputation by acting otherwise. Come in today and see some of our bargains in unused transportation. There are several makes now on display. Model T Fords are thoroughly re-conditioned, and carry a guarantee.

TRANSPORTATION NEEDS

American railroads have accomplished notable results during recent years in meeting the transportation needs of the country. There has been an increase in the volume of business and a corresponding betterment in operation, the result being increased speed and certainty, and freight now is moved and delivered on schedule time. The betterment came at a time when methods of distribution among nation-wide distributors were being changed and brought substantial advantages to all lines of business.

INDIVIDUAL RESPONSIBILITY

One person out of every twelve is injured or killed through accidental causes every year.

The trouble is that in our hurry we seem to have forgotten the instinct of self-preservation. The question is frequently asked whether the Government has done much—and is doing much—to prevent accidents to citizens.

But in the end responsibilities must rest on the individual.

Robert P. Lamont,
Secretary of Commerce.

SEVEN MISTAKES IN LIFE

An Exchange lists the following as seven mistakes of life:

1. The delusion that individual advancement is made by crushing others down.
2. The tendency to worry about things that cannot be changed or corrected.
3. Insisting that a thing is impossible because we ourselves cannot accomplish it.
4. Attempting to compel other people to believe and live as we do.
5. Neglecting to set aside trivial preferences in order that important things may be accomplished.
6. The failure to establish the habit of saving money.
7. The failure to establish the habit of saving money.

AN EDITOR'S OBLIGATION

As an editor we have assumed certain obligations and responsibilities which we are faithfully striving to discharge. We are in perfect accord with the code given below, which another editor penned to his readers:

"The first obligation, as I conceive it," said the editor, "is to give news of the legitimate territory in which the newspaper is circulated.

"The second obligation is that of cleanliness. It should be morally clean, suited and appealing to the young as well as to the old.

"The third obligation is that of courage. It should be fearless in the expression of righteousness, in the es-

pousal of justice, in the defense of the weak.

"The fourth obligation is the obligation of consistency. Knowing the position of a newspaper today, one ought to be able to tell its position of yesterday and where it will stand tomorrow.

"The fifth obligation is to furnish intelligent comment on the items of news which have an important bearing on public opinion or public morals.

"The sixth obligation is to help protect the community from imposition, from fraud and danger.

"The seventh obligation is service. It serves as a community advisor, the source of first light, the advice-brother, the big brother of the neighborhood.

"As the eighth obligation, it would place ideals above all things."

We are striving to give this community a home paper which will measure up to a high standard when subject to the test of these obligations.—Baldwinsville (N. Y.) Messenger.

POVERTY NO EXCUSE

The National Catholic Welfare Council, surveying industrial conditions in the United States, comes to a conclusion that may eventually become the battle cry for the wage earners of the United States. This conclusion, briefly is this:

Poverty in the United States, except in rare instances is inexcusable.

No slogan like that has ever been voiced before. Until now, people have taken it for granted that there would always be a great mass of desperately poor folk—until the millennium, at all events.

But the Catholic Welfare Council, noting that the average U. S. Worker produces more than \$5,000 worth of goods per year, disagrees; and it probably will not be many years before that slogan will be shouted loudly from one end of the land to the other.

CARELESS DRIVING

More than 40 per cent of the accidents involving motor vehicles in three states during a period of eight months were due to reckless or careless driving.

This fact is gleaned from statistics compiled from newspaper accounts of accidents by the bureau of public roads of the United States department of agriculture.

It is a severe indictment against the drivers of automobiles. The increase in the number of accidents due to thoughtless operation of automobiles means but one thing—that more stringent requirements for drivers of automobiles will have to be enforced.

When it becomes necessary to restrict the operation of motor vehicles and burdensome and expensive examinations are required, the careful driver will suffer equally with the reckless and careless.

Thoughtlessness that jeopardizes the lives of others is inexcusable. Why persons drive automobiles without giving consideration to the rights of others is past understanding.

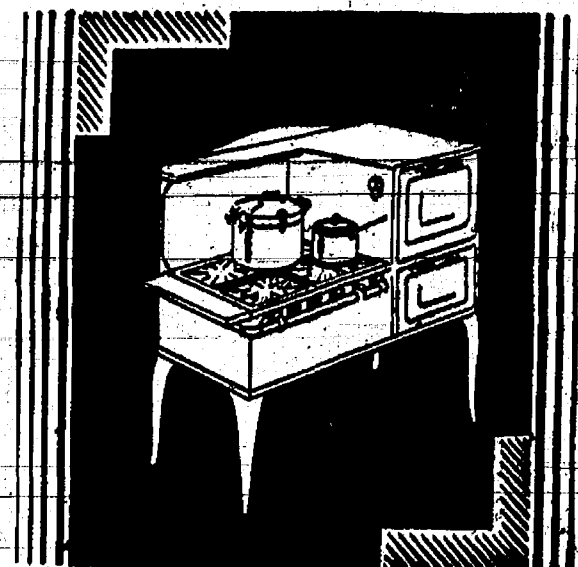

Their selfishness in refusing to recognize the rules of the road and use good judgment to prevent accidents deserves the severest condemnation.

They may risk their own necks if they wish—that is their business—but it is not their right to increase the hazard of motoring for the care-careful driver.

Public sentiment will have to outlaw the reckless driver because the toll he takes is entirely too large.

Jackson—Circuit Judge James A. Parkinson, 89, who has served more than 25 years on the bench in Jackson county, has resigned to Gov. Fred W. Green, effective September 16. The Governor has appointed John Simpson to fill the vacancy.

Howell—A resolution was passed by the Board of Supervisors at their recent meeting at Howell relative to proceedings to condemn land in order to build a dam in order to raise the water level in Lake Chemung. All expense incurred is to be paid by the Lake Chemung Improvement Co.

"Baking Used to be My Recreation But Golf is Lots More Fun"

"Really, you've no idea how much a modern Gas Range saves on the time spent in the kitchen. I used to do our baking on an antique cook stove. After you've fussed around until you think the oven is right, your worries have only just begun. Peeping in the oven, straw testing, hoping for the best. And then a door may slam at the last minute and ruin everything."

"Our new Gas Range has an Oven Heat Regulator. Now I merely set the dial at the exact temperature needed, and there the oven temperature is held steadily automatically until the baking is done. Meanwhile I'm able to devote my whole attention to other tasks and thus double-up on my time. That's how I'm able to get out and play golf these lovely afternoons."

Chelsea Independents Lose To Jackson Team

Local fans who attended the base
ball game at Detroit Sunday and saw
Uhle strike out ten men were not as
fortunate as they thought, for those
fans that remained at home saw Ross-
bach strike out nineteen men only to
lose a thirteen inning pitching duel
between the local Independents and
the Meadow Lark Inn team of Jack-
son, at a score of 3 to 1.

Chelsea hitting was conspicuous by
its absence, as the boys only managed
to get two hits off the ball which
McRabbage served up for inspection.

Chelsea looked bad afield as the in-
field kicked in with six costly errors.
Chelsea's only run was scored by
their two hits in the fourth inning.
Jackson tied it up in the next inning,
and then for the remainder of the
thirteen innings the teams batted on
even terms with the exception of the
last inning.

In the thirteenth inning Jackson
combined a walk, two errors, and one
hit to get the two runs which meant
the game.

The local boys attempted a rally in
their half of this inning and put two
men on bases but they were unable to
get them in.

However it was a game which will
long live in the memory of the large
crowd in attendance and "Al" is to be
commended on the remarkable
showing which he made.

Next Sunday's game will be with
the Consumer Power team of Jackson
and another good game is expected.

The local Wildcats played the Gillett
Lake team there Sunday and it is
rumored that the game was rather
one-sided. Next Sunday they will
play the Economy Baler team in Ann
Arbor, and they hope to be more for-
tunate than they were last Sunday.

Hulse's Orioles were defeated by
the Prudden camp team at Clear
Lake Tuesday at a score of 17 to 15.

The league has accepted an invita-
tion to use Wilkinson Park at U. S. 12
and Wilkinson street for the rest of
the games this season. Consequently
tonight's game and all other games
will be played there.

HAYES FAMILY REUNION

son.

The ladies of the Jackson Country Club were guests of Sylvan Estates on Ladies' Day, Tuesday, July 16. The usual program of golf, luncheon and bridge were carried out on a large scale and pronounced very successful by all who were present.

Mrs. W. H. Pittleco of the Jackson Country Club was the winner of the hidden hole tournament while the blind bogey was won by Mrs. Huston, also of Jackson Country Club. The golf prize for Sylvan Estates was taken by Mrs. G. Lulek of Chelsea.

Places were set for fifty at the luncheon which followed, and the spacious club veranda presented a colorful scene as the ladies sat down for an afternoon of bridge. High score at bridge was held by Mrs. C. W. Tippy of the Jackson Club, and second prize went to Mrs. F. C. Benz of Sylvan Estates.

On Wednesday, July 17, the women members of Sylvan Estates were guests of Huron Hills Country Club for golf luncheon and bridge. Among those accepting the invitation were Mrs. Paul Schaeble, Mrs. G. Lulek, Mrs. John Fletcher, Mrs. F. E. Stevens and Mrs. J. H. Boyd, all of Chelsea. Mrs. George Wood Hayes of Sylvan Estates and her house guest, Mrs. Edward Anschütz of Fort Thomas, Ky., Mrs. Ellison, and Mrs. A. L. Lowry were also guests of Huron Hills on that day.

Carrying out a program of luncheon followed by business meeting, golf and dinner, the Reynolds Spring Company spent a full day at Sylvan Estates Country Club on Tuesday, July 16. Representatives from New York, Dayton, Ohio, Spartan, Pa., Pittsburg, Pa., Lynn, Mass., Meriden, Conn., and Chicago were present. The occasion was the annual convention of the Malted Insulation Section of the Reynolds Spring Company, now being held in Jackson.

Alumni Association Of State Fair School To Be Formed At Fair

Organization of the 12000 alumni Boys' State Fair School, numbering some of the most successful farmers in Michigan, will be undertaken at the eighth annual exposition of the Michigan State Fair, September 1 to 7. The school, established 15 years ago as an agricultural educational proposition, is made up of county winners of an annual state-wide agricultural contest. Selection of this year's students took place late in June.

The attempt in September will be the first to organize an alumni association. Invitations to attend are being sent to all former students. A huge tent will be pitched on the grounds to house the organization programs. Annual meetings are planned.

The Boys' State Fair School is a prominent feature of the State Fair. Entrants in the annual contest which determines its students are selected mainly for their knowledge of farming, though any boy of good eighth grade standing is eligible. The test, however, is such that no boy not carefully prepared can enter and have a fair chance of victory. Previous winners are barred. The examination in each county is under the supervision of the school commissioner. At the fair the boys, with all traveling and other expenses paid, are guests of the fair management. They are housed and fed on the grounds, and given an intensive agricultural course and daily physical exercise under qualified instructors. Admission to all entertainment at the fair is free and the boys are taken on motor trips around Detroit.

The interest in both agriculture and the state fair aroused by these contests and selections has been so great, fair officials report, that many of the boys have become annual visitors to the fair, which promotes the organization of an alumni association.
