## Buckeyes are good, rugged, honest made tires

To meet the demand for a good, rugged, honest made tire at a lower price than their regular line, Kelly-Springfield puts out the Buckeye tire.

Buckeyes are a secondary line and are priced accordingly, but they are made of high grade materials, are put together in the Kelly factory by the Kelly tire makers and will stand up under hard service.

For every dollar you spend on Buckeye tires you will get one hundred cents worth of mileage or better, they carry the same guarantee as the regular Kelly-Springfield tires.

Buckeyes are priced to save you money. Come in and we'll show you.

## Alva Steger Dies At Home Of Brother

Alva Steger, son of Augustus and Hattie E. Steger, was born in Nevada City, California, August 23, 1876, and died at the home of his brother, Dr. A. L. Steger and family, Monday, July 22, 1929.

Mr. and Mrs. Steger who reside in Detroit left last fall for Los Angeles, Calif., where they spent the winter. Several months ago Mr. Steger was taken ill and was taken to a hospital in Los Angeles and remained there until July 11 when he was brought to the home of his brother.

When he was a young boy his parents moved to Chelsea, here receiving his education in the public school. He became a resident of Detroit in 1897. He was united in marriage with Mrs. Violet Mills, January 20, 1920.

Mr. Steger was a member of the Masonic order, the Moslem Temple. He is survived by the widow, one brother, Dr. A. L. Steger, of Chelsea, two sisters, Mrs. Lulu Spiegelberg of Ann Arbor and Mrs. H. B. Defendorf, of Grand Blanc, several nephews and one niece.

A short funeral service was held Wednesday afternoon, Rev. F. J. Walker conducting the services. The burial took place in Roseland Park cemetery, Detroit.

## Homecoming Is Held At Waterloo Church

The homecoming which was observed by the Second U. R. church at Waterloo last Sunday was well attended, and an excellent program of music and speaking was given.

Talks were given by Rev. Hatton, Rev. Theo. Swank, who preached at the church 32 years ago, Geo. Jackson of Burr Oak, Levi Palmer and Rev. Moger.

Musical selections were rendered by a quartet consisting of Theo. Beeman, Mrs. Moger, Helen Beeman and Leigh Beeman, with Mrs. John Dykema at the piano. Also a vocal quartet by Esther Collins, Raymond and Leigh Beeman, and a piano duet by Carrie Beeman and Nina Dyke.

Readings were given by Mrs. Emory Rancman, Leona Moeckel and Annabelle Henry.

A bountiful dinner was served at noon. Good offerings were reported both morning and afternoon. The church, through the kindness of George Beeman, wishes to thank all who helped make this a pleasant day, also the Gleaners for the use of their hall, where dinner was served and the afternoon program was held.

Old neighbors and friends were present from Lansing, Burr Oak, Ann Arbor, Stockbridge, Fowlerville, Gregory, Jackson, Michigan Center, Detroit and surrounding community. There were five present who had celebrated their 50th wedding anniversary.

## Program For Next Week's Band Concert

A special feature of next Wednesday night's band concert will be a special number for the drums, according to Wesley Smith. Following is the program for the evening:

Violet Bloom—Flower Song—Kiefer. Fall In Line—March—Kiefer.

Shouting Liza Trombone—Fillmore. On to Victory—March—Kiefer.

The Prince of Pilsen—Luders. Our Favorite Banner—March—Kiefer.

Star Spangled Banner—Keys.

## FELDKAMP REUNION

About 125 were in attendance at the Feldkamp annual reunion held Sunday at the Eisenbeiser grove, North Lake, including relatives from Ann Arbor, Royal Oak, Saline, Manchester, Clinton, Bridgewater, Chelsea and Washington D. C. A picnic dinner was served at 12:30, games and boating furnishing the amusement for the afternoon. A ball game between the married and unmarried men, won by the former. The following officers were re-elected for the ensuing year:

President—M. L. Burkhardt, Lima. Sec'y-Treas.—Walter Feldkamp, Ann Arbor.

Miss Cora Feldkamp of Washington was reappointed to procure the data for a family tree. The 1930 reunion will be held at the same place the third Sunday in July.

## HOLD FORMER CHELSEA RESIDENTS ON CHARGE OF ARSON CONSPIRACY

Mr. and Mrs. Edward Debacher Are Held By Lenawee Authorities Pending Investigation.

Five men and a woman, said to have been implicated in what is claimed to have been an arson conspiracy having for its object the collection of a \$2,500 insurance policy on household goods and clothing, were arraigned in court before Justice Allister Staub of Adrian, Tuesday.

Mrs. Jennie Debacher, her husband, Edward Debacher, and Arthur Bryne, of Cement City, and George Ellis, of Silver Lake, three miles southeast of the village, will, it is said, face a charge of arson, while Frank Bryne, of Cement City, and Orville B. Laubach, of North Adams township, will be charged with conspiracy.

The felony is reported to have been committed Sunday night, July 14, in Cement City, where the house occupied by the Debacher family was set afire in several places, the blaze, however, smothering out, due to the fact that the house was closed and there was no circulation of air. The Debacher family after removing, it is claimed, a quantity of clothing, books, pictures and other articles, prior to the fire, went to the home of George Ellis, who, it is asserted, in company with Arthur Bryne, set the fire.

According to Deputy Sheriff Lossing, the remains of the smothered fire were discovered by a meter reader for the Consumers Power Company, who called at the Debacher home at 10 o'clock Monday morning and entered the house. Conditions pointed to an attempt to burn the house and the sheriff's office was immediately notified.

The Debacher family were residents of Chelsea for several years and moved from here to Cement City a few months ago. During their residence here three houses which they occupied were scenes of fires, one of which, with its contents, was burned to the ground. The other two were but slightly damaged. The last fire occurred but a short time before the family moved from here.

When the family moved from here they took some contract goods with them, including a radio which they bought from E. J. Claire & Sons, and a Maytag washing machine which they purchased from the Chelsea Hardware Co. The radio has been recovered but the washing machine is being held with the other household goods by the state fire marshal department until after the examination of the parties under arrest, which has been set for July 30.

Late Tuesday afternoon the Lenawee county officers arrested the seven men in Detroit, alleged to be a party of the felony and were looking for others said to be connected with the plot.

The Debacher's have five children and if convicted of the charge on which they have been arrested, the little ones will probably become state charges unless relatives come forward and take care of them. At present their maintenance will fall on the Sylvan poor fund. Officers from Lenawee county were here Sunday and notified Supervisor Beckwith of the condition in which the children were placed when their parents were placed under arrest.

Mr. Beckwith was in Adrian and Cement City Tuesday making an investigation and placing three of the children in a temporary home in Jackson where they will remain for a time.

## Consumers At Work On Farm Power Line

The Consumers Power Co. has surveyors at work setting stakes for the poles on the new farm power line that they will build on US-12 and the Chelsea-Manchester road. The new line starts at the farm of Elmer Weinburg and will extend from Chelsea to Manchester. In Sylvan thirty-three farmers have signed contracts to have their farm buildings connected up with the line for electric lights and power.

## FALSE ALARM

A false fire alarm was sounded about five-thirty o'clock Tuesday evening when lightning ran in on the power wires, causing the whistle to blow. Attendants at the power house, supposing that a fire alarm had been sounded by the telephone operators, made no effort to check the whistle until it had blown for some time. After calling the operators and finding that they had nothing to do with the "big noise" it was immediately subdued. The siren was not damaged.

The Chelsea fire department was called about noon Tuesday to the home of Mr. and Mrs. Ernest Adams on Madison street by a fire in the milk house. The building was somewhat damaged before the blaze was subdued.

## County Fair To Open Gates On August 27th

In less than five weeks the tenth annual Washtenaw County Fair will open its gates on Tuesday, August 27. This year's fair will without a doubt excel all previous efforts. Record breaking crowds are expected. There is a reason for this. The Washtenaw County Fair is recognized all over the southern part of the state. The merchants display is second to none, the Horticulture buildings display of 1928 is still being talked about. Pictures of interior of this building were shown in a number of publications throughout the state. This is the first county fair in the state to sponsor a Jersey Parish Show, last year having County Jersey herds from four counties. This year there will be herds from seven counties. Last but not least is the reduction in the price of admission from 50c to 25c general admission at all times.

The Board of Directors are now busy making plans and preparations for the greatest Fair Washtenaw County ever held. Work is progressing on the grounds, according to R. C. Merthow, manager. The foundation for the new hog barn is in and the farm work is started. The building will be completed and ready for painting by the 1st of August. The roads have been graded, and gravel put on. Everything will be in readiness for the opening day. Entries are coming in fast. Live stock entries will be taken care of in order of receipt at fair office and space allotted in barns. The early entries will get preference.

## I. B. Brosius Dies At Atlantic City

In a letter received by The Standard last evening from Mrs. I. B. Brosius dated Tuesday, July 23, and sent from Atlantic City, she stated that Mr. Brosius had passed away at that place, where they had gone to spend a few weeks, hoping for the improvement of his health.

Mr. and Mrs. Brosius were residents of Chelsea for several years, having had charge as superintendent and manager of the Methodist Old People's Home until September, 1927. They moved to Ann Arbor at that time and resided there until this spring when they returned to their former home at Williamsport, Pa. Mr. Brosius had suffered from pernicious anemia since last fall.

Isaac B. Brosius was born in Lewisburg, Pa., October 30, 1880. He lived in Williamsport, Pa., until 1916 when he moved to Michigan. He was married in 1916 to Mrs. Rachel Harris. Surviving are the widow, one sister, Mrs. Fisher, and one brother, David, in Philadelphia.

The remains were taken to the home of his sister, Mrs. Keller Fisher at Williamsport, where funeral services were conducted today. Rev. Fleckenstein officiating. Burial in Lewisburg cemetery.

## Sign Is Erected At S. Main And US-12

The new electric sign which we have heard so much about recently and which is to tell the world where Chelsea is located, has arrived and is installed at the intersection of South Main street and US-12.

About twelve feet in length, with white lettering on a black background and a long arrow suspended to the bottom, the sign is very attractive and can easily be seen by motorists coming from either direction in plenty of time to make the turn to Chelsea if they so desire.

## MISS KATHERINE B. WALSH

Miss Katherine B. Walsh was born in Dexter, December 11, 1842, and died at the home of John Kelly, Thursday, July 18, 1929.

For about sixty years the deceased was a resident of Ypsilanti and for the last seven years had resided in Chelsea at the home of her brother-in-law, John Kelly.

She is survived by one brother, Martin Walsh of Mt. Pleasant, three sisters, Sister M. Augusta, St. Mary's Convent at Monroe, Mrs. Ellen Racher of La Porte, Indiana, and Mrs. Margaret Murray, of Chelsea, and several nephews and nieces.

The funeral was held in St. Mary's church, Monday forenoon, Rev. Fr. Van Dyke celebrating the mass. Burial at Dexter.

CARD OF THANKS  
We wish to thank our friends and neighbors for their many acts of kindness and expressions of sympathy and for the beautiful flowers during our recent bereavement.

The relatives of Miss Kate B. Walsh.

The annual Kuercher family reunion will be held in Ella Sharp park in Jackson next Sunday. Several members of the family reside in Chelsea and vicinity.

## USED CARS

EVERY Ford dealer has a reputation to maintain. Our name for fair dealing in selling new cars, and in servicing those cars, means far more than "quick profit regardless of consequences."

Likewise, our good name must also be upheld when we sell used cars, accepted in trade for the Model A. We could hardly afford to have it otherwise, for we realize that the person who buys a used car from us is a prospect for a new car later on—or at least another used car.

You will find here many bargains in used transportation, sold for what they are actually worth. There is no inflation of used-car prices to care for excessive trade-in allowances—for the low price and high value of the Model A allows no margin for unreasonable trade-in concessions.

When we sell a used Model T Ford, it has been thoroughly reconditioned, and we guarantee it. Other makes of cars are priced according to the service you may expect from them. Stop in today.

### SENSATIONAL MURDER CASE AT WUERTH, ANN ARBOR

Last year's sensational murder case, "The Trial of Mary Dugan," which was acclaimed by critics and public alike as the most fascinating stage play of its type seen in many seasons, has been made into an all-talking picture with Norma Shearer, Lewis Stone, H. B. Warner and Raymond Hackett in the leading roles. In this latest Metro-Goldwyn-Mayer screen version of the Veller-play, which comes to the Wuerth Theatre in Ann Arbor on Sunday, Norma Shearer plays the title role of Mary Dugan; the role made famous by Miss Anna Harding in the original production.

In this picture, Mary Dugan, a beautiful Follies girl, is charged with the murder of her lover. Circumstantial evidence, of the most damaging nature is stacked against her. Cleverly, the prosecuting attorney has incited public opinion against Mary. There is no

doubt of her guilt. All Mary can do is to plead her innocence. An unexpected development occurs when Mary's younger brother, an attorney from California, arrives on the scene and undertakes her defense. He has absolutely nothing to work with; nothing except that Mary has sworn her innocence of the crime. The manner in which he sets out to prove his sister's innocence and the unusual discoveries, brings to the audible screen many exciting sequences that build up to a powerful and convincing climax.

## Question And Answer Dept.

**NOTICE**—If your question does not appear below, it is because it is awaiting its turn, and will be published eventually.

**Ques.**—Will you kindly tell why a person is called a past master?  
**Ans.**—A past master in the Masons and other fraternal organizations, is one who has been master of his lodge. Hence past master came to be applied to one versed in a subject, an adept, or a person of experience in a particular line.

**Ques.**—I would like to ask in your interesting question department what is the national emblem of Canada and the United States. Are they the same?  
**Ans.**—The national emblem of Canada is the maple leaf. The United States has no national emblem official. The violet leaf is the unofficial emblem.

**Ques.**—As I am one of your subscribers and like to read the question and answers, will you please tell where gold fish come from?  
**Ans.**—Gold fish belong to the carp family and originally were natives of China, although they have been naturalized in many countries. Gold fish as we know them do not exist anywhere in the wild state. The fish that we call "gold fish" are the product of many years of selective breeding. In ancient times they were numerous in the wild state in China, but they did not have the golden hue, but they did Chinese took light-colored specimens, interbred them and produced many beautiful varieties. Fish fanciers in the United States have been breeding and strengthening the golden and silver colors in the fish by controlling the amount of mineral in the water.

**Ques.**—Can you tell me if "hedgehog" and porcupine are the same animal, or do they belong to different species?  
**Ans.**—Yes, in the sense that they are known in this country. However, there is no true hedgehog in America. The true hedgehog is a small insectivorous animal of nocturnal habits which lives in the old world.

**Ques.**—Can you answer in your question column of Helen Keller, the deaf, dumb and blind woman, is still living? If so, where?  
**Ans.**—Helen Keller is still living. Her place of residence is at Forest Hills, Long Island, N. Y. At the present time she is engaged in lecturing and writing for the purpose of raising

**Ques.**—I wish to know why the heat of the sun is felt with greater intensity when passing through glass, while heat from a fire or stove cannot be felt under the same circumstances?  
**Ans.**—Sunlight in itself is not heat. It is only when the rays of the sun impinge themselves on some object that heat is produced. Thus when the sun's rays pass through glass they set the molecules of the material in motion, and this produces heat. Heat and sunlight are entirely different.

**Ques.**—Will you please publish if a jack rabbit can run faster than a hound?  
**Ans.**—That depends altogether on the speed of the individual animals. Some jack rabbits and hounds can travel 35 and 40 miles an hour for a considerable distance.

**Ques.**—My husband will never join me in a bowl of soup. If you can answer so many different questions, please tell me what I ought to do about it?  
**Ans.**—Maybe there isn't enough room for two; get a larger bowl.

**Ques.**—In reading a life sketch of William Penn, the founder of the state of Pennsylvania, it does not state where he died or where he is buried. Can you tell in your question column?  
**Ans.**—William Penn died in England in 1718 and was buried in a graveyard about eighteen miles from London. The "cemetery" has long been so sadly neglected that it was comparatively recently that his grave was identified.

**Ques.**—What does the government do with old paper money that is unfit for circulation?  
**Ans.**—It is destroyed as currency. It is ground up into a pulp and made into bookbinders' board.

**Ques.**—I would like to know what is meant by the "goose step"?  
**Ans.**—The "goose step" is the name of the German military step in which the foot is sufficiently elevated to give a 22-inch stride. Marching time with the feet is also called "goose-stepping."

**Ques.**—I wish to know why the heat of the sun is felt with greater intensity when passing through glass, while heat from a fire or stove cannot be felt under the same circumstances?  
**Ans.**—Sunlight in itself is not heat. It is only when the rays of the sun impinge themselves on some object that heat is produced. Thus when the sun's rays pass through glass they set the molecules of the material in motion, and this produces heat. Heat and sunlight are entirely different.

**Ques.**—Will you please publish if a jack rabbit can run faster than a hound?  
**Ans.**—That depends altogether on the speed of the individual animals. Some jack rabbits and hounds can travel 35 and 40 miles an hour for a considerable distance.

**Ques.**—My husband will never join me in a bowl of soup. If you can answer so many different questions, please tell me what I ought to do about it?  
**Ans.**—Maybe there isn't enough room for two; get a larger bowl.

**Ques.**—In reading a life sketch of William Penn, the founder of the state of Pennsylvania, it does not state where he died or where he is buried. Can you tell in your question column?  
**Ans.**—William Penn died in England in 1718 and was buried in a graveyard about eighteen miles from London. The "cemetery" has long been so sadly neglected that it was comparatively recently that his grave was identified.

**Ques.**—What does the government do with old paper money that is unfit for circulation?  
**Ans.**—It is destroyed as currency. It is ground up into a pulp and made into bookbinders' board.

**Committee Selects Master Homemakers**

The names of the five members of the 1929 group of Michigan Master Farm Homemakers will be made public Thursday, August 1, by the committee which is now engaged in selecting the winners from among the 37 candidates who were nominated by their neighbors for this honor.

Selection is based upon the farm home; health of the family; management of time, energy, and income; family relationships; method of child training; and community activities. Each candidate has to answer more than 500 questions about her home and community life.

Four Michigan women, Mrs. Mabel Weller, Rockford; Mrs. Fred E. Morse, Jasper; Mrs. Charles Gruner, Coldwater; and Mrs. Howard Irish, Coopersville, were chosen as Master Farm Homemakers last year.

Awards of the gold pin and the title will be made at a public ceremony Friday evening, August 2. The ceremony is sponsored by "The Farmer's Wife," St. Paul, Minnesota, and Michigan State College and will take place at the College.

Hundreds of farm women will be present at the College on the day of the ceremony as Summer Farmers' Day is scheduled for that date.

**Warren J. Bell**, 17-year-old Tituslaw Township farm youth, drowned while swimming in the Tituslaw River in Saginaw county, near his home. Companions attempted unsuccessfully to rescue him. The body was recovered by sheriff's deputies.

**Max Allen**, 17 years old, of Jackson, who suffered three fractured vertebrae when he fell from a slide on a water toboggan at Clark's Lake, 13 miles south of Jackson, died in the Foote hospital.

## MOTOR OILS STURDY AND RICH

## Iso-Vis

THE new type motor oil, Iso-Vis, is the sensation of the motoring world. This superb motor oil has the remarkable property of constant viscosity. It will not thin out! It will not wear out. It maintains its body under all normal driving conditions.

When you fill up your crankcase with Iso-Vis you can motor with an easy mind—knowing that you'll have no trouble from dilution in the crankcase—sure that your engine will be protected with proper lubrication every mile.

Iso-Vis avoids the necessity of frequent crankcase changes. Many motorists drive for 1000 miles or more without changing oil. Iso-Vis maintains its viscosity. It wears and wears and WEARS!

## Polarine

THE engine in your car needs a rich sturdy oil to protect its bearings. Driving conditions are harder—you drive faster—you drive farther—and traffic congestion puts a strain on the engine.

Polarine meets the engine needs of today. Polarine is sturdy! Polarine is rich! Polarine is dependable.

When you have Polarine in the crankcase you may be sure that the engine is properly lubricated—that every bearing surface is covered with a protecting cushion of oil.

Use the grade made for your car. Drain and refill with fresh Polarine every 500 miles. You'll save your car—and you'll motor untroubled miles!

Polarine and Iso-Vis are money-saving, driver-saving, car-saving motor oils. Buy the grade made for your car.

## The New SILENT Kelvinator Most Modern of All Household Electric Refrigerators

IN THE new 1929 Kelvinators, Kelvinator engineers have built so scientifically that you can stand beside one and never realize it is running.

Kelvinator's super-precision methods—Kelvinator's rubber mounted motor—Kelvinator's tests for silence in sound-proof rooms—make the new Kelvinators not merely quiet—but actually noiseless.

### Fully Automatic in Operation

Kelvinator is fully automatic, of course—as you would expect of the pioneer of all electric refrigerators. No regulating to do—ample cold for fast-freezing of desserts, salads and ice cubes—yet without damage to foods. Just the right temperature month in and month out, without attention on your part.

Finished with an eye to artistic beauty, setting new standards in efficiency, the new silent Kelvinators await your delighted inspection at our display rooms. Many wonderful new models, moderately priced.

Enjoy your Kelvinator at once. Buy it now on Kelvinator's attractive ReDisCo monthly budget plan. Do not wait.

BEAUTIFUL DESIGN—Kelvinators are planned by artists. Sturdy, strong and graceful. Two tone finish and some models in brilliant colors.

BOUNDIFUL ICE SUPPLY—All the ice cubes you will ever need, plus the advantage of the new flexible rubber tray which releases cubes instantly, without melting or loss of ice.

COLD KEEPER—A wonderful economy feature of the Kelvinator. Acts as a constant reservoir of cold for freezing ice cubes, dairy salads and desserts.

Rural Centers Are Home Of Thrift

While the big city workers were for- getting the bonus which manufactur- ers and merchants always pay to the buyer, the more thoughtful shop- pers in the smaller towns, and the country have, in the main, refused to allow this leadership, points out O. Sovereign of Bay City, economist and manufacturer of homes.

"As a result," Mr. Sovereign de- clares, "the non-urban family is not today burdened with obligations in the form of monthly payments on most of its possessions."

There is good ground for the state- ment that sound, old-fashioned thrift finds its home in the country, and in the smaller villages of our land. Here, families jealously safeguard their buying power. They cultivate savings accounts. When they buy, they pay cash and gain from 10 per cent to 20 per cent lower price, and better quality. They retain their in- dependence and their buying power.

The Aladdin Company, of which I. J. General Manager, does a national

business in ready-cut houses. We sell everywhere—in large cities and in the country. Interest in home-building was, we find, never stronger national- ly than it is today. But our corres- pondence shows plainly that where a city worker always wishes to build, the worker in a small town, or the farmer not only wishes to build, but actually does so. He has money, instead of debts. So he can do as he plans, for himself and his family.

'The Pace That Kills' To Be At Princess

Here is a story that reveals in an absorbing manner the road that the young men and women of the country follow when the restless urge of their minds and bodies is not controlled. The author has searched deep for his facts; he has written a story that might be a page torn from life; and he has done it so dramatically that you cannot but feel the thrill of his tale.

Portrayed by a group of actors and actresses who have learned their work

under master directors, "The Pace That Kills" is not just a moral lesson, but an evening's entertainment that will hold you from the opening mo- ment of its unfolding until the final fadeout is flashed on the screen.

"The Pace That Kills" is a picture that will appeal to the adult mind and will carry to the young people a warning that is more than mere words can ever bring home. See it Tuesday, July 30, at the Princess theatre.

MRS. L. PLUMPTON

"For more than ten years I was sick with stomach, liver and kidney troubles, and in all that time I found absolutely no relief," said Mrs. L. Plumpton, 1111 Forest Ave., Ann Arbor, Michigan. "My food did not digest. My liver was very inactive. Weak kidneys got me up many times at night, and my entire system was run down."

"What a fortunate thing it was that I heard of Konjola. My search for ten years has been rewarded, and I am beginning to enjoy life again. My appetite is fine and digestion perfect. I feel just wonderful and sleep the night through. I shall never cease to marvel at what Konjola did in my desperate case."

Konjola is sold in Chelsea at Burg's drug store and by all the best drug- gists in all towns throughout this en- tire section.

A SIX IN THE PRICE POLYMER

U.S. makes Dollars SMALLER PLYMOUTH makes them LARGER

In Washington, the government presses are turning out smaller dollar bills. In Detroit, the huge Plymouth plant, largest of its kind in the world, is turning out a motor car that makes the dollar bigger in purchasing power.

Not in all automobile history has another such value ap- peared in the low-priced field.

There has never been an- other low-priced car to compare with the improved Plymouth in full-size roomi- ness—in Chrysler- designed stylishness—in Chrysler-like brisk- ness and smoothness—in all-around quality, ability and stamina.

In every respect, Plymouth is the biggest thing in its class. Compare—you'll be aston- ished how much bigger in value Plymouth has made the dollar.

Six body styles, priced from \$655 to \$865. All prices f. o. b. fac- tory. Plymouth dealers extend the convenience of time payments.

### GEORGE E. MARSHALL

George E. Marshall was born in  
Aberdeen Shire, Scotland, October 26,  
1857, and departed this life at his  
home in Gregory, July 16, 1929.

His people came to America when  
he was but an infant of nine months.  
They settled in Lyndon township,  
Washtenaw county, Michigan, where  
they lived for seven years. It was  
during this time that his father joined  
the Union Army and became a soldier  
in the Civil War. He was taken cap-  
tive, was made prisoner and died.

At the close of the war his mother  
purchased a little home in the village  
of Unadilla and later a farm near by  
where he was living when he married.

He was joined in marriage with Miss  
Hattie Whitaker of Chelsea, November  
18th, 1884. They began their married  
life in the town of Lyndon, afterwards  
moving to Lima, and in 1906 purchas-  
ed the farm Northwest of Plainfield  
which is still the Marshall farm.

In November, 1918, they left the  
farm and moved to Stockbridge where  
they lived for three years, followed  
by three years of home making for  
their son, Clarence, then coming to  
Gregory where he purchased the home  
from which he has passed into the  
Great Beyond.

They have been blessed by the  
incoming of five children: two girls  
and three boys. One of the girls died  
in infancy, and the other, Jennie Lou-  
ise at the age of two years. The boys  
have grown to manhood and they are  
Fred Elmer, Howard Karl and Clar-  
ence E. All have families and living  
in and about Gregory.

Early in his manhood he accepted  
Christ as his Saviour and joined the  
Presbyterian church at Unadilla. Af-  
ter moving to Gregory he united with  
the Gregory Baptist church as an  
associate member. All through his  
life he has been faithful unto his pro-  
fession, letting his light shine in a  
quiet and effective way.

He leaves to mourn his going: a  
wife, three sons and their wives, and  
six grand-children, and a host of  
friends.

Funeral services were conducted  
from the Baptist church of Gregory,  
by the Rev. L. S. Slaybaugh. He was  
laid to rest in the Stockbridge com-  
tery.

### REV. PETER SCHEURER

Rev. Peter Scheurer died Saturday  
evening at his home on Jefferson  
street, Manchester, after an illness of  
three years.

Rev. Mr. Scheurer was born August  
27, 1851, in Amhurst, Erie county,  
New York and in 1876 was united in  
marriage to Miss Christina Baker of  
Weston, Ohio. Five children were born  
to the union and four of these sur-  
vive. Dr. P. A. Scheurer and Miss  
Sadie Scheurer of Manchester; Mrs.  
Arthur Pickles of Jackson and Mrs.  
Paul Hendershot of Pontiac.

In 1884 Rev. Scheurer entered the  
Michigan Conference of Evangelical  
Churches and in 1909 he came to  
Manchester and for four years occu-  
pied the pulpit at How Corners Evan-  
gelical church. He retired nine years  
ago, coming to Manchester in 1920  
to make his home. He frequently  
filled the pulpit at the Iron Creek  
Baptist Church.

During his residence in Manchester,  
Rev. Scheurer made many friends and  
affiliated at many funerals and wed-  
dings.

Funeral services were held Tuesday  
afternoon at 2 o'clock from Emanuel's  
church; burial in Manchester.

### MID-SUMMER ST. PATRICK'S BAZAAR, AUGUST 4 to 11

The eight day mid-summer bazaar  
of St. Patrick's Church of Brighton,  
which is being conducted for the pur-  
pose of obtaining funds with which to  
erect an up-to-date community audi-  
torium, and school, will be held on the  
church grounds at Brighton, August  
4th to 11th.

A total of \$18,000 worth of prizes  
will be awarded at this bazaar. In  
addition to free entrance to the  
grounds, a \$25 guaranteed jar proof  
wrist watch will be awarded each eve-  
ning at 10 o'clock as a gate prize.

Everybody is invited and most kin-  
dly urged to be present and enjoy the  
outdoor recreation, dancing, games,  
etc. All kinds of beautiful fancy  
work will be on display and for the  
kiddies there will be ice cream, toys,  
etc. Sunday, August 4th, will be fam-  
ily reunion day. Come and also invite  
your friends to spend the day on the  
grounds.

Dinners and suppers will be served  
each day of the Bazaar and will in-  
clude your choice of half fried coun-  
try spring chicken or T-bone steak.  
Tickets, which will be on sale at the  
various business places throughout  
the community of Brighton and nei-  
ghoring districts, will sell for \$1.00 for  
adults and 50c for children under 12  
years of age.

### Our American Flag

By HENRY WARD BEECHER

Our flag carries American ideas,  
visualizes American history and Amer-  
ican feelings. Beginning with the col-  
onies and coming down to our time,  
in its sacred heraldry, in its glorious  
insignia it has gathered and stored  
chiefly this supreme idea—divine right  
of liberty in man. Every color means  
liberty, every form of star and beam  
or stripe of light means liberty, not  
lawlessness, not license; but organized  
institutional liberty—liberty through  
law and law for liberty.

### BASE BALL DOPE

Last Thursday evening the K. of P.  
team won from St. Paul's at a score  
of 8 to 4; Friday evening the Metho-  
dists were defeated again by the Ma-  
sons, 8-5; and the Masons and Con-  
gregationalists tied for honors Tuesday  
evening at a score of 8-8.

The present percentages stand as  
follows:

Teams	Won	Lost	Pct.
K. of P.	4	0	1000
Masons	4	0	1000
1-O-O-F	2	1	667
St. Paul	1	3	333
C. R. C.	1	3	250
Congregationalists	1	4	200
Methodists	0	8	000

Thursday evening (tonight) the K.  
of P. play the Methodists; Friday, July  
26, 1-O-O-F, play St. Paul's; Tues-  
day evening, July 30, the Congrega-  
tionalists vs. St. Paul's, and Thursday,  
August 1, the Methodists meet the  
Catholics.

### Consumers Power Lose To Chelsea

Chelsea defeated Consumers Power,  
10-9 in a loosely played base ball game  
Sunday. It was a game character-  
ized by good, bad and indifferent play-  
ing on the part of the Chelsea team.

The hitting of the locals was the  
feature of the game. Fahrner and  
Hesselschwerdt leading the team with  
4 hits out of 6 times at bat and 3 out  
of four, respectively. Ed Miller con-  
tributed two very finely doubled, the  
last sailing over the center fielder's  
head and tying the score in the 8th  
inning. Chelsea scored 3 runs in the  
first, 2 in the second, two in the 3rd,  
2 in the 8th, and 1 in the 9th. The  
winning run was produced after two  
men were down with two on bases,  
when A. Fahrner singled over second.

Rossbach pitched his usual good  
game and should have won by a larger  
margin.

According to reports, Hoppe's Wil-  
cats were overwhelmingly defeated by  
the Economy Bats team at Ann Ar-

bor last Sunday, by a score of some-  
thing near 29 to 4.

Monday night Hulce's Orioles were  
defeated by the Independents on the  
local diamond by a score of 7-4.  
Hulce's prophecy of an easy victory  
was knocked in the head when Ed  
Miller, pitching for the Independents,  
refused to let them hit.

Although being shut out in Monday  
night's game, the Orioles came through  
with a clean victory in a game with  
Prudden's camp at Clear Lake, Tues-  
day, winning by a score of 6-3.

Hoppe's Wildcats will play the  
Orioles on the local field Monday  
evening. According to Manager Hoppe  
of the Orioles, Manager Hoppe has  
promised to disband unless they are  
victorious on Monday night. And in  
the opinion of optimistic Mr. Hulce,  
Chelsea may be blessed with only nine  
ball teams after this game, instead of  
the ten teams now decorating the dia-  
mond in five to seven games each  
week.

The game which was scheduled for  
the Independents at Dexter next Sun-  
day has been cancelled by the Dexter  
team. Manager Misner states that  
an effort is being made to schedule a  
game here for Sunday.

### ONE SWEETLY SOLEMN THOUGHT

One sweetly solemn thought came  
to me o'er and o'er—  
I am nearer home today than I ever  
have been before.

Nearer my Father's house, where  
many mansions be;  
Nearer the great white throne, near  
the crystal sea.

Nearer the bound of life, where  
lay our burden down;  
Nearer the living cross; nearer gal-  
ling the crown.

But the waves of their silent sea roll  
dark before my sight,  
That brightly the other side on a shore  
of light.

O, if my mortal feet have almost gain-  
ed the brink,  
If it be I am nearer home even today  
than I think,

Father, perfect my trust; let my spirit  
feel in death,  
That her feet are firmly set on the  
rock of living faith.

—Phoebe Cary.

## Refrigeration Experts Alay Public Alarm

Following the recent news of a Chicago investigation of the alleged dangers of mechanical refrigeration, chemists and engineers, and the mechanical refrigeration industry, have been flooded with inquiries from owners and users of such refrigeration.

In order to allay public alarm, a committee composed of engineers and chemists, representing the leading manufacturers, met a few days ago in Chicago and canvassed the situation thoroughly.

Under the chairmanship of R. B. Cochran, Manager of the Electric Association of Chicago, the committee issued the following statement at the conclusion of its meeting:

"Recent publicity has been the cause of some alarm in connection with the use of mechanical refrigeration. Overemphasis has been given to the so-called dangers due to the accidental escape of refrigerant fluids used in mechanical refrigeration.

"The unanimous engineering and chemical opinion is that there is no cause for alarm or uneasiness in this regard any more than there is in the cases of any other chemicals and gases to which we are all exposed constantly in normal life, which far exceed those which have been attributed to mechanical refrigeration.

"With the proper installation of mechanical refrigeration employing any of these generally accepted refrigerants, the public has no cause for alarm."

Alma—Construction will be started within the next six weeks on the new \$550,000 Michigan Masonic home at Alma, according to an announcement made on Saturday. The new home is to be located at the north end of State street, making a most beautiful spot for the aged people to live.

## Congratulations to the Federal Screw Works Upon Completion of New Addition at the Chelsea Factory

We believe in Chelsea and welcome the progress that the Chelsea Division of the Federal Screw Works is making in our midst.

Through the efforts of the capable corps of officials of this growing concern we visualize a greater Chelsea in which we may all prosper to a greater degree.

When we go to other towns we boost our own town. And

why? Because it is galloping in the front ranks of those American cities who are profiting by industry.

The Voice of Chelsea is heard on every hand, and we -- the undersigned, pledge ourselves to boost our home

town on every opportunity.

And to the Federal Screw Works, and to M. J. Dunkel, manager of the local division, we pledge our Good Will and wish for your continued growth and prosperity in our community.

### 4-H CLUB NOTES

The Industrial Three in One 4-H club, of Lyndon and Dexter twps., won the baseball tournament at the Washtenaw county Farm Bureau picnic Wednesday, July 17, at the county fair grounds. They played the final championship game with the Saline Junior 4-H club, and as an award won a baseball and bat from the Farm Bureau. The second place winner won a ball.

In the first elimination the following teams played against each other with the accompanying scores:

Saline Jr. club against Korrek Kare Klub—Saline winning.

Saline Jr. club, 20; Lima 4-H club, 20.

Industrial Three in One, 8; Sunset 4-H club, 6.

Blue Ribbon Calf club, 22; Huron Valley 4-H club, 7.

In the second elimination the Industrial Three in One club played against the Salem Jr. Farmer's club with a score of 24 to 6 in favor of the Industrial Three in One, and the Saline Junior 4-H club against the Blue Ribbon 4-H club, score 4 to 3 in favor of Saline.

The score in the final game, Industrial Three in One against the Saline Jr. club was 6 to 2.

The Washtenaw County Council of 4-H clubs ran a refreshment stand at the picnic and cleared \$14.75, which was placed in their treasury to help defray expenses of extra activities of the 4-H clubs in the country.

Washtenaw county was the only county in the 46 counties represented at Club Week, Michigan State College last week, which had more than one candidate received into the honorary 4-H club organization, called Michigan 4-H Service club. This honor was won by Mrs. Max Kalmbach, Gregory, for her excellent work in leadership in hot lunch, handicraft, clothing, and canning clubs. Katherine Outwater was taken into this club for her outstanding work as a clothing club member for five years, as a food study and canning club member, and for her outstanding work as a leader in the girls' division of the Lima 4-H club.

Cynthia Spiker, Ypsilanti township, was accorded the honor for his outstanding work as a dairy calf club member for several years, and for his leadership work in the Korrek Kare Calf Club.

There were ten members taken in this club this year, and Washtenaw had three out of the ten.

The same honor was given the county last year when out of a total of ten members Miss Mildred Walsh of the Delhi Hammer and Needle club, Miss Leona Gale, leader and member of Ridge Road Canning and Food Study club and Raymond Girbach, member and leader of the Saline Junior 4-H club were invited.

Other honors that were won by the county are:

State championship in 4 year clothing club work, Dorothy Downer, Delhi Hammer and Needle club; Second place state championship, 5th year clothing clubwork, Ruth Rawson, Bridgewater 4-H club; Third place state championship, 5th year handicraft club work, James Cornell, Delhi Hammer and Needle club; 4th place state championship, Music memory contest, Mildred Beeman, McIntee Hot Food Station. Four girls' demonstration contest at Michigan State fair, without any placing of any of the four teams—Mildred Beeman and Emily Kuschmal, of the McIntee Hot Food Station, were one of these teams. Mrs. Max Kalmbach was their leader.

At least 50 girls will attend the Washtenaw county 4-H club girls' camp which will be held at Camp Newkirk, Dexter, from Sunday afternoon, July 28, to Thursday afternoon, August 1.

The camp will include classes in swimming and lifesaving supervised by specialists. Educational hand-work and wholesome recreation will be included in the program.

Miss Lois Corbett, assistant state club leader, Michigan State College, will spend Monday and Tuesday, July 29 and 30, at the camp. On Tuesday she will conduct a canning judging and canning and food study demonstration in the afternoon at

which time winners will be selected to go to Michigan State College for the district contest during the middle of August. Parents and friends will be asked to attend camp at any time. A cost charge will be made for their meals.

The boys' 4-H club camp will follow beginning Friday morning, August 2, when the boys of the county will assemble at the same place, and will remain until Sunday afternoon. The boys' camp will be strictly an outing where wholesome recreation will occupy the major part of the program. Every boy attending camp will be required to attend church at Dexter Sunday morning, or attend devotional services at the camp.

### SLAT'S DIARY

Friday—Yung missus Helton which married a rich man and which's mother was very poor and ect. wanted a dog so her husband went and got her a dog and when he brought it home and she saw it was a pointer. He replied and said to her that it was a pointer. So she went and made him get red of it. When I of the neighbors ask her why did she want to get red of the dog she said because he was a pointer and I have been reading in the books on Etiquette that it was very dismally to point you no.

Saturday—When I met Blisters today down town he was offle down harted about sum thing so I says what is the matter Blisters you look so down harted so he sed back to me Yes I am down harted and I sed well why are you down harted and he sed because I cant seem to get out of Debt I sed Gee youre Lucky. I am down harted because I cant get in to doct no deeper.

Sunday—I ges all the women in the club ma belongs to is about 1-2 sort at Mr. and missus Blunt now. The reason why is because they have separated and no buddy has found out the reason why they have separated But enquirys still go on yet.

Monday—Jane like to of consulted me today. I told her I was a going to go and see a mind reader as soon as I cud save a \$ to pay him. She looks at me kinda funny and says. Well it will be nice of you to give him an after noon off. I cudent figger out what she ment unless she ment that if he sed my mind it would not be much of a hard job.

Tuesday—I herd ma giving sum advice to a yung lady which is 1 of are neighbors and is a going to get married in the Fall if she gets a purposal. Ma sed every yung girl shud ought to ame high. She sed. Now take me for instants. I amed to marry a Congressman or sum thing and I finely hooked on to a noose-payer man. So think what might of happened if I haddent amed so high. I bet I cud start sum thing if I wood tell pa about what she sed. Enny how I will remember in Case I need a favor out of that lady.

Wednesday—I sware I am threw with women and spestully Jane. This evening she rung me up and when I sed hullo she sed. Say are you going to be busy tomorrow after noon. I that she mobby wanted to make a date with me and I sed O no I aint going to be busy, and she sed, well then you will have a good evening to work sum and then she wrang off.

Thursday—When pa cum home today ant they wassent enny supper redly he got about 1-2 sore and he sed to Ant Enny. I wood like to no what has become of all the time these women have saved by Bobben there hair like they sed they wood save.

Friday—Some 6,000 feet of cop- per wire, valued at between \$800 and \$1,000 was stolen from the Lenawee County Light and Power Company late

last week, according to officials of the concern. The wire was part of a high tension line, carrying 23,000 volts, now being completed between this village and Adrian. The wire was on poles, but the current had not yet been turned on. The theft will undoubtedly delay the completion of the feeder line. Attaches of the sheriff's office at Adrian say that they have not yet found any clues which might lead to the arrest of the thieves.—Herald.

Musoff—Leo Wesley, Lansing, paid Justice Shufor Wednesday \$50 plus \$9.25 costs as the price of holding in captivity out of season and without a license one pair of muskrats. He had purchased the rats of a fur farm concern at Saginaw and had been notified June 7 that a license fee of one dollar was due the state. He ignored the first notice and received another with the same indifference. Then Glenn Murphy was notified and his arrest followed. The rats were confiscated.—News.

Howell—Clarence Embury of Lyndon was given judgements of \$500 and \$250 against Glenn Bishop at the Livingston Circuit Court last week. This suit was the outgrowth of an auto accident December 25 in which Embury's daughter, Doris, was killed.
